Me, Varie, Naruto, Sakura, Fu, Lady Tsunade (Young), Lori, Luna, Gabrielle, Luan, Eddy, Lincoln & Linka, Lucy, Laney, Anastasia, and Lily went into Vanzilla 2.0 and Flint, Sam, Brent and Manny got into the Flying Car and we were off.

We flew through some pea soup fog and we broke through it and found that the machine was inside a massive meatball.

The Meatball was as big as a small moon and it was taking in a tremendous amount of water from the atmosphere. It was a horrific and absolutely unbelievable sight.

Me: That is one enormous meatball!

Varie: The Mayor created a terrible monstrosity.

Aylene: His Gluttony has warped his mind completely.

Lisa: Gluttony has now been confirmed to render a persons mind to beyond that of all psychological repair.

Lynn: That is one juicy and delicious looking meatball.

Sam: (On the Radio) I don't think that's just a meatball guys. Take a closer look.

We got closer and saw that the meatball was actually a giant mass of numerous kinds of food.

Carol: It's all lots of giant food put together.

Linka: Unbelievable!

Fu: This is the result of ones own gluttony gone wild.

Ino: No kidding.

Flint: (On the Radio) I can't believe the Mayor.

Me: He will get what's coming to him when we're finished here.

As we got close to the Meateroid, Pizza Slice missiles went after the Flying Car 2.

Sam: Anybody order pizza?

Luan: Not me.

Flint: Hold on!

Flint tried evasive maneuvers

Brent: The Pizza's chasing us!?

Flint: Sentient Food!? That's impossible!

Lisa: Fascinating.

Sam: Unless its molecular structure has been mutated into Superfood!

Me: (On the Radio) That could be right and it's been genetically engineered to protect the machine.

Flint: That's right.

Laney: Look out!

Flint, Sam and Brent screamed.

Me: Fire lasers!

We fired lasers at the pizza and blew them away.

We go to the top of the Meateroid and Flint, Sam, and Brent dove in and I followed them. Lori took the wheel and Manny was piloting the Flying Car.

Flint formed a torch from a marshmallow on a stick and lit it on fire.

We went over a river of Fry Oil and down lots of tunnels until we came across a shaft lined with Peanut Brittle.

Sam: That's peanut brittle.

Me: Yeah. Thank goodness I'm not allergic to peanuts. Flint, you come with me. Sam, Brent you two get out of here. We'll handle the rest from here. I know you and Flint have strong feelings for eachother Sam. But I promise you that we will be okay. You get out of here and hurry.

Me and Flint went down the shaft and we saw the machine and it was the Heart of the Meateroid.

Me: There it is.

Flint hid in a ledge and grabbed a shrimp and a spaghetti noodle and threw it like a graplling hook and tied it to a donut and waited. As the machine puffed up it released a huge blast of food vapor and Flint swung and tied the machine up and I flew up to the machine.

Me: Sorry friend. The kitchen's closed.

I insert the flash drive into the machine and it deactivated. The Meateroid crumbled and I grabbed the machine and we went through the escape exit on the bottom.

Me: Mission Accomplished everyone!

We go through the exit and catch up to everyone as the Meateroid Exploded like the Death Star 2 in "Star Wars VI".

Me: YEE HAW!

We all land back on Swallow Falls and the Food Storm vanished completely.

The entire town was completely destroyed because of a food-alanche from all the food that accumulated in a lake the Mayor built called Lake Leftovers.

Me: Whoa. This whole town is gone. But the good news is that everyone is safe.

Lisa: Indeed.

Everyone in Swallow Falls cheered wildly for us.

We were now heroes and we saved the world from Total Destruction.

Flint: This machine did save my home but our mayor used it for his own greed.

Me: It's not your fault Flint. You saved everyone here and we stopped a madmans plot to destroy the world.

Everyone agreed.

Flint: Thank you everyone. I couldn't have done all of this without all of you.

Me: That's what friends are for Flint. We all help eachother.

Varie: That's right. But you got to admit though. This turned out to be one extremely exciting adventure.

Sam: It sure did.

After we cleaned up Swallow Falls and fixed everything, we put Flint's Machine to good use and built a special control board that will deliver food to anyone that will need it. We built a special delivery system that will take that food to that country. One thing was for sure, World Hunger was now forever gone. The Mayor was arrested and was condemned to the Lake Vostok Triple Supermax Prison for eternity.

THE END.

Another Fanfiction Complete.

I wanted to do a chapter with a Cloudy With A Chance of Meatballs theme. I read the book constantly ever since I was in Kindergarten. It was an awesome book. The Movie was just as awesome too. Bill Hader, Ann Ferris, Andy Samberg, Benjamin Bratt and Neil Patrick Harris were awesome in both movies. Mr. T the great wrestler and motivational speaker was great in the first movie. I PITY THE FOOL WHO DOESN'T RESPECT ANOTHER PERSONS AWESOME IMAGINATION! I love his motivational speeches. Terry Crews played Earl in the 2nd movie. He used to play for the St. Louis Rams, the San Diego Chargers, the Washington Redskins and the Philadelphia Eagles before he retired. No offense to you Washington. This was before the Rams and Chargers moved to Los Angeles. I hope they make a 3rd Cloudy With A Chance Of Meatballs movie. That would be awesome and I hope it's Pickles To Pittsburgh. But we'll have to wait and see. The 2nd movie was a really unusual one but it was awesome. The food became Food Animals and that was really cool. The battle had somewhat of an

"Avatar" speech to it and that was cool. The island of Swallow Falls was forever changed in that movie too. It was sweet. No Pun intended. Anyway let me know what you all think.

See you next time.

Cloudy With A Chance Of Meatballs is owned by Columbia Pictures and Lots of People and is based on the book by Judi Bennett.

# Cereal Offender

[Lincoln is eating cereal and watching a commercial for a new one.]

**Announcer** : "Bored of the same old breakfast?"

**Lincoln** : [looks down at his cereal] "Yes…"

**Announcer** : "Then try Zombie Bran! The cereal that turns you into the walking fed!"

[A box of Zombie Bran appears on-screen and the kids in the commercial have turned into zombies from eating it.]

**Zombie Girl** : [zombie voice] "Braaaaan!"

**Zombie Boy** : [zombie voice] "Braaaaan! BRAAAAAN!"

**Lincoln:** [filled with desire] "Must… have… Zombie Bran!"

I slide down and I have someone with me.

Me: Hey Lincoln. I have someone I'd like you to meet. This is my friend Vince. He just moved here to the neighborhood and I'm showing him the ropes.

Vince: It's a pleasure to meet you Lincoln. I've heard so many big things about you and your family. My name is Vince Pusateri. I moved here from Missouri.

Lincoln: It's a pleasure to meet you Vince.

Me: Vince shares the same likes as your sisters and we have so much in common. Also show him what you can do.

Vince: Sure.

Vince places his hand on the floor and blood red Ruby Crystal Clusters grew out of the floor and became a beautiful crystal formation.

Lincoln: Vince that's amazing!

Me: Vince has Crystal Powers. He can grow any kind of mineral crystal with touch or his thoughts. And he can grow them on any surface or out of the air.

Lincoln: That's incredible!

Me: So whats been going on Lincoln?

Lincoln: I just saw this commercial for a new cereal called "Zombie Bran"! And it turns you into the Walking Fed!

Me: It sounds tasty and you want to ask Ms. Rita to get some.

Lincoln: Yep. Lets introduce you to mom and dad Vince.

Vince: Okay.

[In the kitchen, Rita is using a plunger to unclog the sink.]

**Rita:** "What on Earth is down here?"

**Lincoln:** "Mom, I'd like you to meet Vince. He just moved here.

Rita: It's a pleasure to meet you Vince. I'm Rita. Welcome to the neighborhood.

(Vince and Rita shake hands)

Vince: Thank you Mrs. Loud. You sure are very pretty.

Rita: (Blushes) Oh why thank you. You can call me Ms. Rita.

Vince: Okay.

Me: Vince has Crystal Powers.

Vince: Yep. Watch.

Vince held out his hand and a beautiful trillion cut Tanzanite gemstone the size of the palm of his hand appeared and it had a blue necklace chain.

Vince: For you.

Rita: This is beautiful! Tanzanite is one of my favorite gems.

Me: He has an amazing power. I think he was exposed to Cosmic Radiation like I was.

Vince: That's right J.D. I got my powers because of that.

Me: I was born 7 years after he was but that is truly amazing.

Rita: That's interesting. Vince how did you know that Tanzanite is one of my favorite gems?

Vince: I have a unique power called Aura Sight. It allows me to analyze what people like and feel through their spiritual aura.

Me: I've heard about that kind of power and that is a very powerful metaphysical ability.

Rita: That is really interesting.

Lincoln: That is so cool. Can we please get Zombie Bran cereal? "[cutely pleading] "Please please please please please please?"

**Rita:** "Sorry, sweetie. We've got a very tight budget. And by the time I get everything on my grocery list, there's no money leftover for treats."

[The grocery list is shown to be very long.]

Me: Boy that's a long grocery list.

**Lincoln:** "Hmm…" [gets an idea] "What if I could get everything on here and still have enough money leftover for Zombie Bran?"

Vince: That's a great idea Lincoln.

Me: I agree.

**Rita:** "You wanna do the shopping for me? I don't know, Lincoln. It's a big responsibility; I'm not sure you can handle it."

**Lincoln:** "I can, Mom! I promise!

Me: Yeah. And think of what you could do with all that time to yourself.

[Rita suddenly imagines herself at a spa where she has gotten a facial with cucumber slices covering her eyes, getting a massage and a manicure and enjoying a smoothie.]

**Rita:** "Mmm… ah, yes…"

[She belches upon sipping her smoothie and sighs with relief; end fantasy.]

**Rita:** "Deal. But just this once, okay?"

**Lincoln:** "YES!" [acts like a zombie] "Braaaaan… BRAAAAAN!"

[Rita finds the source of the clog in the sink, which is Luan's multiple handkerchief prop.]

**Rita:** "Oh, so that's it!" [pulls out all the handkerchiefs] "LUAN, NO MORE COMEDY PROPS IN THE SINK!"

---

[Lincoln is checking the shopping supplies.]

**Lincoln:** "Reusable bags, calculator, more reusable bags…"

[Enter Lori]

**Lori:** "Lincoln! I'm going shopping with you! Bobby literally just got a job as a stock boy."

[Starfire, Terra, Raven, Argent, Riley, Naruto, Sakura, Fu, Eddy and the rest of his sisters join in and wanna come along.]

Me: Oh guys, there's someone I want you all to meet. This is my friend Vince and he just moved here.

Luna: (British Accent) RIGHT ON LOVE!

Me: I made a song for Luna for Christmas. I got to perform with Mick in order to make it.

Vince: I've heard about that. That was awesome dude! (To Ember) (Gasp) You're Ember McLain!

Ember: That's right.

Me: Ember was killed in a tragic fire over 40 years ago and she became a Rock & Roll Ghost.

Vince: That's what I heard. I love your song Remember.

Ember: Thanks man. I've been given a 2nd chance thanks to J.D.

Vince: That's awesome!

Lucy: That's interesting.

Vince: I also heard that you fought the spirit of an insane priest in Chicago.

Lucy: That's correct.

Me: She killed the spirit of Reverend Henry Kane. He was an insane 19th Century Satanic Cult Leader that wanted to destroy the world. He was after a young girl named Carol Anne Freeling and he died and was going to destroy the Afterlife.

Vince: That is pure madness!

Vince: That's interesting. (To Anastasia) You must be Anastasia.

Anastasia: That's right.

Lori: I helped Anastasia during the February Revolution back in 1917. We both fought against Grigori Rasputin and destroyed him and avenged the Tsarhood.

Vince: That's amazing. But that was back 100 years ago.

Me: Yes it was 100 years ago this year. But we have our own Simulator that takes us to different places across the very fabric of the Space-Time Continuum.

Vince: That is really cool! Also from what I remember the disappearence of Anastasia Nikolaevna was one of the greatest mysteries of the early 20th Century.

Me: Yes. It was.

Vince: Awesome!

Anastasia: I am the Grand Duchess and Daughter of Tsar Nicholas II of Russia and my family was destroyed by Grigori Rasputin.

Vince: That's amazing! I've heard of Rasputin. He was said to have started the Soviet Union back in 1920.

Me: Yes. He was one of the people that helped start it and he also helped Russia go into the age of Communism.

Vince: That's wrong on so many levels.

Lori: I agree. So I adopted Anastasia as my little sister.

Vince: That's very noble Lori. (To Laney) You must be Laney.

Laney: Yes.

Vince: It's a pleasure. I heard you have awesome plant powers.

Laney: I sure do.

Laney grew a bush that grows meat.

Vince: That is awesome!

Me: A bush that can grow meat? That is weird but cool.

Eddy: That is so cool Laney. This also brings back some memories. Back when I lived in Peach Creek, Rolf took my stuff for a fake money tree and I tried to trick him in the same way with something like this.

Laney: That is too coincidental Eddy.

Me: And he didn't fall for it I'll bet.

Eddy. Yep.

Vince: It sounds like it. I also heard that you killed a terroristic kid here.

Laney: Yes I did.

Me: His name was Chandler Henderson. He once went to Royal Woods Elementary and he was a total lunatic. He bullied Laney a while back and Laney stood up to him with some encouragement from Varie and she fought him and won.

Lucy: He also told us that he planned to burn down the whole school and frame J.D. for the crime.

Me: Yeah. He was a terrorist in the making.

Lincoln: He also busted out of an insane asylum in the western side of the state and Laney fought him and she killed him.

Me: Chandler made a deal with the Devil and he sold his soul for the power to destroy Laney. He had this evil amulet and Laney crushed it and killed him.

Vince: That's horrible!

Laney: Yeah. But I'm over it now.

Vince: Laney I'm so sorry that happened to you.

Laney: It's okay Vince. But thank you.

Vince: You're welcome. (To Lana and Lola) You must be the twins Lana & Lola.

Lana: That's right. I'm Lana and I'm the handyman of the family. (Hands Vince a business card) I do toilets, sinks, showers, electrical wiring and automobiles.

Me: When it comes to the houses internal and external plumbing, Lana can fix it. She is the oldest twin and she has a love for animals.

Lana: Yep. Yo Hops, El Diablo! Come on down here!

Hops and El Diablo came down. Hops landed on Lana's hat.

Lana: This is Hops.

Vince: It's nice to meet you Hops.

High Fives Vince with his tongue.

El Diablo slithered down the stairs and wrapped around Vince and nuzzled his left cheek.

Lana: Aww. El Diablo likes you.

Vince: I love snakes. El Diablo is a nice snake.

Lana: Yep. You two go back to my room now okay?

They went back to Lana's room.

Me: Lana also has Ice Powers.

Lana: Yep. Watch.

Lana fires a beam of Ice Lightning and she formed an ice sculpture in the shape of The Burj Khalifa in Dubai.

Vince: That is so awesome! I love that building the Burj Khalifa.

Me: It's the tallest building in the world. 2800 feet high.

Lana: Yep. I'm also a user of Magiswords. Check it out.

Lana spins her bracelet and pulls out a Magisword.

Announcer: CHEESE MAGISWORD!

Lana: What do you think Vince?

Vince: That is so cool!

Me: Magiswords are awesome. There are so many different kinds of Magiswords and they have lots of amazing shapes and powers.

Lana: Check it out. Cheddar!

Lana formed a wedge of Cheddar Cheese in her hand.

Vince: Cheddar Cheese. My favorite.

Lana gives it to Vince.

Vince: Thanks. (Eats the Cheese) Delicious. (To Lola) You must be the princess Lola.

Lola: That's right. I'm the youngest twin. I compete in beauty pageants and I do tea partie's and photoshoots.

Vince: I can tell. From what I've heard you have a lot of talent.

Lola: Yep.

Me: Lola is the Ultimate Beauty Pageant Princess Queen and she is loaded with skill. Lola also has fire powers.

Lola: That's right. Watch.

Lola forms a fireball in her hand and shoots it at the fireplace and lights the ashes in it.

Vince: That is awesome! Lana & Lola the twins of Fire & Ice. That's perfect for you two.

Me: I was thinking exactly the same thing.

Lana: We get that alot around here.

Lola: It's perfect for our personalities.

Me: Just a forewarning Vince, never and I mean EVER call Lola U-G-L-Y. It's taboo for her. She put a kid in the hospital because of it.

Vince: Oh man. I know taboo words.

Lola: Yeah. Thank you for warning him J.D.

Me: You're welcome Lola.

Vince: Thank you for warning me J.D. (To Lisa) You must be Lisa the genius.

Lisa: Correct. It's a pleasure to make your acquaintance Vince.

Me: Lisa is the scientist of the Loud Siblings. She has a PhD, a Junior Nobel Prize and is a great inventor. She is trying to invent awesome ways to further benefit all of mankind.

Vince: That is awesome. Have you invented cold fusion and warp drive?

Lisa: Affirmative. Cold fusion was technically the easiest thing for me to invent and my prototype warp drive engine is still in the development stages.

Vince: That is cool.

Me: Lisa also has Technokinetic powers. She can create all kinds of machines with the power of her mind.

Lisa: Yes I do. Care for a demonstration?

Vince: Sure.

Lisa gathered some spare junk and turned it into a ray gun.

Lisa: This is a crystal transmorgifying ray. It can turn any object into any mineral or crystal. Just set it to that particular mineral and…

Lisa turned a dial and fired it at a stool and it became a stool made entirely out of pure emerald crystal.

Lisa: Success!

Vince: That is so cool!

Lisa: Indeed.

Me: That was awesome and they do say that Diamonds are a Girls Best Friend. Right Lori?

Lori: True to that.

Vince: I can believe it. (To Lily) And you must be the youngest, Lily.

Lily: That's right. I became a 10-year-old because of the Glowing Water of Coventina.

Vince: That's cool.

Me: Most of the Loud Siblings were given their powers because of deities from myths all over the world.

Vince: That's interesting.

Lily: Yeah. That's what astounded me too. Watch.

Lily fired a ball of glowing blue water and it went into a plant pot and watered the plant.

Vince: That is so cool!

Me: It was a complete surprise for us when Lily became a 10-year-old. Biologically she's 15 months old.

Vince: That's cool and unusual. I have powers too. Watch.

Vince grew a sapphire crystal cluster from the floor and it was sparkling.

Lori: That is amazing!

Lynn: You have Crystal Powers!? That is sweet!

Me: Vince got his power because of Cosmic Radiation as well. But he got his powers 22 years ago.

Vince: Yeah. (To Naruto) You must be the famous Naruto Uzumaki Namikaze.

Naruto: That's right. It's a pleasure to meet you.

Vince: Same here.

Naruto: I'm a ninja from the Hidden Leaf Village. We have a different fightning style than the ninjas of feudal Japan in the 17th Century.

Me: Naruto's my adopted little brother. He has a very dark background. But the shinobi lifestyle the Leaf uses a powerful energy called Chakra and it's what they use in their techniques. Watch.

I stand in position and form a sword made of pure lightning that was chirping.

Me: LIGHTNING STYLE: CHIDORI LONGSWORD! What do you think?

Vince: That is awesome!

Lincoln: Me, Linka, and Laney are shinobi too Vince.

Vince: That is cool. (To Sakura) You must be Sakura Haruno.

Sakura: That's right. It's a pleasure to meet you Vince.

Vince: Same here. You're hair is very pretty and it goes perfect with your namesake: Cherry Blossom.

Sakura: Thank you Vince.

Vince: You're welcome: (To Fu) You must be Fu.

Fu: That's right. I don't have a last name. It's a pleasure to meet you Vince.

Vince: Same here. (Sees Starfire, Raven, Terra and Argent) No way! Starfire, Raven, Terra and Argent!? Awesome! You're some of my favorite superheroes.

Starfire: I'm glad we have a fan.

Raven: It's a pleasure to meet you Vince. That joke was a funny one.

Luan: Raven likes our jokes.

Vince: I can believe it.

Terra: It's a pleasure to meet you Vince. I can tell we're gonna be really good friends.

Argent: Same here.

Vince: I can tell.

**Lincoln:** "Anyway. Sorry, guys. I'm a man on a mission and you'll just get in my way."

Laney: I'll help you shop Lincoln.

**Lynn:** "Yeah. Us too!"

[The others agree with Lynn; Lincoln takes a look at the long list.]

**Lincoln:** "Okay, fine. I guess I could use a little help."

**Sisters:** "YAY!"

[The Loud's arrive at Super Mart.]

**Rita:** "Alright, Lincoln. Here's the list, and here's exactly $500." [gives him the list and money; excited] "I'll be back in an hour! I'm off to get my first pedicure in 17 years!"

Me: Bye Ms. Rita.

[Lincoln enters the store, and there's a sign promoting Zombie Bran.]

**Lincoln:** "You will be mine." [his sisters enter] "Ready, guys?"

[Enter the manager]

**Manager:** "Whoa, whoa! What do you hooligans think you're doing?"

**Lincoln:** "We're shopping for our mom, sir."

I start looking at the manager and I see something familiar about him.

Me: (In my head) I've seen this guy before. But where?

**Lori:** [notices Bobby and gasps] "Bobby Boo-Boo Bear!"

[Bobby is stocking paper towel rolls.]

**Bobby:** "Babe!"

[They hug]

Laney: I don't believe this, he works here now?

**Lori:** "I love a man in uniform!"

**Bobby:** "It's okay, boss. I know them."

**Manager:** [hostilely] "Very reassuring, Boo-Boo Bear. [checks their list] "Huh… **eggs, milk**… okay, okay. Looks legit." [threateningly] "But any monkey business, and you're all out on your keisters!" [leaves]

I glare at him.

Me: Bobby amigo!

Bobby: J.D. compadre! What's up man?

Me: We're here to shop for the family.

Bobby: Cool man. Well I have to get back to work.

Me: Okay. Oh! Bobby this is my new friend Vince. He just moved here. Vince this is Bobby Santiago, Lori's boyfriend.

Vince: It's a pleasure to meet you Bobby.

Bobby: Pleasure to meet you too amigo. Welcome to Royal Woods.

Vince: Thank you.

**Lincoln:** "Alright, guys, you heard him! You all have to be on your best behavior! Now, if we each take a section of Mom's list-"

[The girls run over him and go off into different sections of the store.]

**Lincoln:** "I should have known… I've been played…"

Laney: Don't worry Lincoln, I'll keep them under control. You just complete that list.

Lincoln: I can always count on you Laney. [Laney runs after her sisters]

---

[The list reads for eggs that are not cracked, milk that's not spoiled, instant noodles, onions and potatoes.]

**Lincoln:** "I've got $500. I just need a way to save $4." [finds a dented can of tomato sauce.] "Ooh! 10 cents off the dented one! A couple more savings like this and I'll have enough for my Zombie Bran!"

[Lynn is speeding on a shopping cart.]

**Lynn:** "YIPPEE-KI-YEE, MARKET SHOPPERS! YAYAYAYAYAYA-WOO!" [runs into and picks up Lincoln.]

**Lincoln:** "Lynn!" [Looks at Laney from inside the cart] Laney! I thought you were watching over our sisters!

Laney: Uhh… minor setback?

Lincoln: [notices the manager polishing a chicken rotisserie and gasps.] "Eject! EJECT!"

[The cart goes wheeling by and the manager goes after it; Lynn has landed in the marshmallow bin.]

**Lynn:** "Ah, nice! Ha ha! Soft landing."

[Lincoln has landed in the pineapple box.]

**Lincoln:** "Ugh. Maybe for you."

[A kid who looks eerily identical to Lincoln with bleach blonde hair, an orange shirt, blue jeans and a white beanie notices him and laughs at his painful landing.]

Laney: (In her head) Is it my imagination or does that kid look a lot like Lincoln?

Me: (To the kid) What are you laughing at?

[The kid ran and Me, Vince, Laney and Lincoln continue shopping]

Laney: Maybe it's safer if I just help you with your shopping. We'll keep down our crazy sisters that way.

**Lincoln:** Good idea Laney. [finds out he still has a pineapple on the seat of his pants and pulls it out, leaving some painful aftershocks.] "YEOWCH!" [tosses pineapple away and checks the list.] "Okay. Where were we? Milk." [In the dairy section, Luan is juggling eggs.]

**Luan:** "Step right up, folks, to see some eggs-cellent juggling!" [laughs] "Get it?"

Me: (Laughs) Good one Luan.

Vince: That's something made EGG-citing! [Rimshot]

Luan: (Laughs) Good one. [drops the eggs on a passing customer.] "Whoops! Oh, looks like the yolk's on you! [laughs again]

Me: Sorry sir. (Snaps fingers and the eggs are all fixed)

Customer: Hey that was cool. Thanks kid.

Me: You're welcome.

Vince: I didn't know you could do stuff like that with just a snap of your fingers.

Me: Cosmic Radiation gave me omnipotent powers. It's effects are completely unpredictable.

Vince: I can believe it.

**Lincoln:** "Luan! Cut it out!" [we notice the manager checking inventory.] [Now Luan is balancing eggs on her head.]

**Luan:** "Whoa! How's this for a balanced breakfast?" [laughs some more]

Me: (Laughs) That is part of balanced breakfast. No Yolks about it. [Rimshot]

Luan: (Laughs) Good one.

[Lincoln grabs her and the manager slips on the egg yolks and lands on the pineapple Lincoln disposed of.]

**Manager:** "YEOWCH! WHO DID THIS?!" [looks around] "We've got a hooligan in our midst… and they will pay with their lives. (Shows a gun in his pants pocket)"

I suddenly remember who the manager was.

Me: (Gasp) Oh no. This store is in grave danger.

Vince: Why do you say that?

Me: That manager right there. He's known as the Holligan Killer. He's wanted by the FBI as one of the most notorious serial killers in the country. He's wanted in connection with the murders of 40 people in 5 states.

Lincoln: Are you serious J.D.?

Me: I sure am.

I pull out an FBI wanted poster and show it Lincoln, Luan, Laney and Vince.

Me: His name is Cain Torres. He's an escaped prisoner that broke out of San Quentin Prison in California. He was convicted of 20 previous murders and was on Death Row.

Lincoln: That's crazy!

Luan: So we've got an escaped Death Row Inmate in the store?

?: That's right.

We see a man dressed in a trench coat and a fedora hat.

Me: And you are?

?: My name is Abel Torres and Cain Torres is my brother.

Me: Cain and Abel Torres? This is like something out of the Bible.

Vince: It feels that way huh? Abel, why is your brother killing so many people?

Abel: Jealousy. I became a famous author. He wanted to become a chef but failed. So he became a serial killer to make our family suffer.

Laney: That's terrible. We have to stop him.

Me: And we will. Vince, you call the police. We'll evacuate the store.

Vince: You got it. (Gets his cell phone)

Me: Lincoln you get everyone and tell them what's going on.

Lincoln: Right.

Me, Laney and Abel run to a checkout clerk.

Me: Miss you have to evacuate the store immediately. We have an escaped Death Row Inmate here posing as the manager. Look.

I show her the wanted poster and she gasped and sounded the alarm.

Clerk: (On the P.A.) ATTENTION SHOPPERS WE HAVE AN EMERGENCY SITUATION HERE! EVACUATE THE STORE IMMEDIATELY!

We regrouped.

Me: All right everyone we've got a fight on our hands. Lets get him.

Cain: Come on out you holligan! So I can kill you.

Me: How about you die first Cain!?

Cain: J.D. Knudson. So you figured me out.

Me: Yes I did and we're gonna stop you.

Abel came out.

Cain: Abel?

Abel: Yes Cain. You have to go back to prison so you can face justice here and with God.

Cain: Never! You ruined everything for me Abel! It's because of you that I failed to become a chef and I became a serial killer! I HATE YOU ALL MORE THAN LIFE ITSELF!

My aura flared up to such an extreme intensity.

Me: It's over Cain.

I get on one knee and prayed to God in Hebrew.

אלוהים אדירים, יש לנו אדם שברח בשם קין טורס והוא הרג ארבעים אנשים. אנחנו הולכים לעצור אותו ואתה יכול בבקשה לסמן אותו עם סימן זהה שנתת קין בספר שלך טוב? זה להראות שהוא ננטש לנצח.

Translation: Dear God, we have a man that escaped named Cain Torres and he killed forty people. We are going to stop him and can you please mark him with the same mark you gave Cain in your good book? It's to show that he is forever forsaken.

Cain suddenly got struck by lightning and he got up and he had a red mark emblazened in the middle of his forehead. It was in the shape of a tree.

Me: So that's the infamous Mark of Cain. It's fitting for you Cain Torres.

Vince: He's now forever forsaken.

Lincoln: And the only place for him is the Netherworld.

Laney: Yep.

Me: This mark is your curse Cain. Just like in the Bible, you can't be killed and whoever does so shall invoke the Wrath of God 7-fold.

Lori: If I were you I would turn yourself in.

Cain: Never! I will kill you all!

I punched him in the face and knocked the gun he had out of his hand and grabbed it and put it in my pocket.

Lincoln fired a blast of lightning and it electrocuted him.

But he was far from done and Laney wrapped him in plant vines and slammed him through the floor.

Cain got up and he was enraged. He put on some knuckledusters and I did the same and I punched him in the stomach. I have them on both my hands and Cain has the same. We let loose a flurry of ferocious fisticuffs and sparks were flying all over the store and setting everything on fire. Explosions blasted through the ceiling and parts of the roof collapsed. Lola fired a ball of fire and burning Cain's leg. Gabrielle fired a bolt of lightning and electrocuted him. Explosions rang out and destroyed everything in their path and fire broke out everywhere.

Laney: This whole place is gonna blow! Lets grab Cain and get out of here!

Me: Right!

Laney wrapped him in bramble vines and we all ran and got out of the store just in time as the whole store exploded into a raging fireball.

KRABBOOMM!

Me: Whoa! That was a close one.

Vince: Whoo yeah! That was an awesome blast!

Lori: You said it.

The Police cars were there and they arrested Cain without incident.

Me: You're gonna pay for your crimes Cain.

Cain: I HATE YOU J.D.!

Me: Eat my shorts and drop dead!

Vince: Yeah! Remember this: No matter what you do for your last few days of life you'll always be garbage!

Me: Well said Vince. (To the officers) Get him outta here.

They took him away.

Officer Paul: Nice work J.D. We've been after Cain for 10 years.

Me: I can't believe he was able to elude you all for so long. He should be executed immediately after he gets back to California.

Officer Paul: You're right about that.

?: J.D. Knudson?

Me: Yes.

?: Agent Waco, FBI. Great job in catching Cain for us. He's the 584th fugitive on the FBI's top ten Most Wanted Fugitives list.

Me: Glad to help out.

Later we went to a different supermarket and got all of our groceries. Turns out Cain had a bounty of $50 Million on his head and it was given to the Loud Family.

We pick out lots of groceries and more.

Me: So Vince what did you think of all this?

Vince: It was awesome dude! I have a feeling we're gonna be awesome friends and partners.

Lincoln: That's great!

Vince: I'm also planning on taking Carol on a date.

Me: I had a feeling you were.

Back at the Loud House, Carol was coming down dressed in a beautiful purple dress and she had beautiful jewelry on.

Vince: Carol you look amazing.

Carol: Thank you Vince.

Me: Have a fun time you two.

2 Hours later Vince and Carol came back.

Carol: I had a really awesome time with you Vince. You are a very sweet man.

Vince: Thanks Carol. You're sweet and beautiful. You also can dance really well.

Carol: Thank you.

Me: How did it go you two?

Vince: It was awesome. Carol and me are now boyfriend and girlfriend.

Me: Way to go guys!

Lori: I'm so happy for you Carol.

Carol: Thanks Lori.

Vince: I've got to get home. See you on our next adventure J.D.

Me: Will do partner.

Vince went home and we all turned in for the night. Cain Torres death sentence was commuted to 40 Life Sentences With No Hope for Parole. He was transfered to the Lake Vostok Triple Supermax Prison where he now works in making doilies. He was forever cursed by me with a fate worse than death: Eternal Life Without Eternal Youth. This curse will be with him until his 40 Life terms are done.

THE END.

Another Fanfiction complete.

I asked VinJedi1995 if he wanted to be part of my stories and he said yes. I am so glad he's in my stories and it's gonna be awesome. Welcome aboard my man. Also I did not like that manager and I decided to add an FBI style flare to the episode. Anyway let me know what you all think.

See you all next time.

# Lucy's Quest

Lucy was at the dump in New York City. She walked over the garbage piles and more. She then heard what sounded like someone snoring. And she found a puddle of sludge bubbling.

Lucy: Ickis? Is that you?

A mass came up and it was Ickis.

Ickis: Lucy? What are you doing here?

Lucy: I sensed that something is about to go down here in the next few minutes.

Oblina came.

Oblina: Ickis what are you doing out here?

Ickis: I was getting my ugly sleep.

Oblina: Hey Lucy.

Lucy: Hey Oblina. I sensed that something is going down here.

Suddenly a Solar Eclipse began.

Lucy: Gasp! It's a Solar Eclipse.

The Gromble, Krumm and some monsters came out.

Oblina: Is this the end of the world?

Gromble: No, it's a sign. A message to the Monster World. Follow me.

The Gromble too them to a poster and he pulled it off and unlocked a door and opened it.

Gromble: The time has come for a young monster to enter this passageway and journey in search of the Ancient Garbage Cans.

All but Lucy: The Holy Pail.

Lucy: What's the Holy Pail?

Oblina: It's said to be a magical artifact that can grant any monster the power to instill traumatizing fear into any human they come across.

Lucy: Sounds like a very powerful item.

Gromble: It is.

Oblina: I guess it should be me who should go after all I have the best overall grade average. Mm-hmm.

Gromble: In this case and in this case only your performance in class is not important. We must wait for a sign to see who is chosen the Golden Monster.

Oblina: Well it should be based on grades.

Krumm: Yeah base it on grades. I don't want to go. Sounds like too much work.

Ickis: Work? (Laughs) What is it with you guys? This isn't work. It is adventure. Why if I was chosen, I'd march Boldly into the unknown, face every danger and be back with the Holy Pail before dinner.

Lucy: I may be the goddess of horror to the Monster World but Adventure is also my strongest suit.

A paint can levitates and it floats above Lucy.

Ickis: Would you look at that. What is making it do that?

Gromble: (Gasp) That's the sign!

Ickis: (Points to the can) That?

Gromble: No. (Paint pours onto Lucy) That.

Lucy was standing next to a river of sludge.

Gromble: In this crate Lucy is everything you shall need for a successful journey. The Monster Manual refers to this as the "Box of Really Useful Stuff". Snorch?

Snorch grumbles and dumps the stuff out.

Gromble: First a ball of string. Then of course a trash can lid, another trash can lid. Something that goes sproing and of course the sort of human thi… Oh just take it.

Lucy: A ball of string, 2 trash can lids, an exercise spring and a window shade. I have a feeling I know that this stuff will come in handy.

Lucy got in the crate and she had a backpack on.

Krumm: Good luck Lucy.

Gromble: Now legend says you must pass through the Sludge Cascade to Pick-A-Door Cave and beyond. And I can tell you this. Tread lightly through Belchsplat Caverns and be careful Lucy. The Wall Warriors are more dangerous than they look. Go to the top of the heap. That's where you'll find the Holy Pail.

Lucy: I will be back Gromble. I have a feeling that there is a Holy Pail.

The crate went down the river and she went over some sludge rapids and she arrived at the Sludge Cascade.

Lucy: The Sludge Cascade. Gross.

Lucy spread her wings and covered herself as she went ashore.

She found herself at Pick-A-Door Cave. It was a bunch of broken airplane bodies connected together to form an endless hall of doors.

Lucy: So this is Pick-A-Door Cave. You can get lost very easily in here. But lets see here.

Lucy takes out the ball of string and rolls it on the ground and it goes through the doors and leads Lucy to the right passage. She found herself in Belchsplat Caverns. It was a cave filled with volcano-like chimneys.

Lucy: So this is Belchsplat Caverns. I wonder why they call it that.

A chimney erupted and it made a belch and glowing red slime came out and it landed by Lucy with a big splat.

Lucy: Now I see why it's called that.

A malevolent Laugh was heard and she heard it coming from an evil-looking temple.

Lucy: Guess that's where I have to go.

Lucy spread her wings and flew to the temple and got into a minecart. She went down a track and she saw warriors on the walls of the mine tunnel.

Lucy: These must be the Wall Warriors.

Spears hit the cart and more spears came and Lucy grabbed them. She arrived at a ladder and climbed it and she arrived at the Ancient Garbage Cans.

Lucy: These must be the Ancient Garbage Cans. Incredible.

She made the spears from the Wall Warriors normal size Spears and she climbed up to the top of the heap and she found an old monster meditating.

Old Monster: I hate this thing. Has it been 400 years already? Time flies when you're bored out of your skull huh? (Gets up and is stiff) Oh wow! Ouch. I got to remember to move around at least every 100 years or so.

Lucy: My name is Lucy Loud and I've come for the Holy Pail and I know you have it.

Old Monster: You're right. I do have it. Follow me.

Lucy was lead to a special vault and the monster pulled out a golden bucket that had the M of the Monster World on it.

Old Monster: Here it is.

Lucy took it.

Lucy: Thank you. Now I can head back to the Academy.

Lucy put the Pail in her backpack and went back.

Old Monster: That's quite a journey up here huh? Here Lucy for your trouble. (Hands her his toothpick) Hope you enjoyed it as much as I did.

Lucy: Thank you.

Lucy takes the toothpick and heads back.

She arrived back at the classroom 45 minutes later.

Krumm: Lucy! You're back!

Lucy: Yes. And I've returned victorious.

She pulls out the pail and everyone gasped. The Gromble was flabbergasted.

Gromble: It… It's Real? (Faints)

Everyone cheered and went to Lucy.

Oblina: So what was it like Lucy?

Lucy: It was an amazing adventure. My little sister Lana would've liked this. I used my wings to cover myself from the Sludge Cascade, I went through Pick-A-Door Cave, I flew over Belchsplat Cavern and I protected myself from the Wall Warriors. I made it to the top of the heap in the Ancient Garbage Cans. I met an old Monster and he actually had the Holy Pail in a vault. All it took was a little persuasion.

Krumm: That's incredible!

Ickis: You've become even more of a legend in the Monster World.

Krumm: So what are you gonna do with the pail?

Lucy: Take it home and put it on display in my crypt room.

Oblina: It is your choice Lucy.

Gromble: (Groans) What a dream. I could've sworn that Lucy found the Holy Pail.

Lucy: That was no dream Gromble. I did find it.

Gromble: That's amazing Lucy. Congratulations. You have succeeded where so many monsters have failed.

Lucy: Thank you.

Ickis: It's true your Grombleship. Lucy braved everything and successfully found it.

Krumm: She met an old monster in the Ancient Garbage Cans and persuaded him to give it to her.

Gromble: I'm so proud Lucy.

Lucy: Thank you. Now I have to head home and tell everyone about my adventure.

Gromble: See you later Lucy. Now everyone, BACK TO WORK!

Lucy got back home and took a bath and told us about her adventure.

Lucy: And then I brought the Pail back and was made a bigger legend.

Lana: Wow Lucy that was incredible! Trekking through a garbage dump like that must've been tough.

Lola: That is really gross!

Lucy: Yes I know. But it was considered a quest I will never forget.

Me: I can believe it. That must've been a great adventure. Albeit a disgusting one.

Lucy: Yes. It was.

Laney: I'm glad I didn't come with.

Lucy: You probably wouldn't like it Laney.

Lynn: I'm glad you had a great adventure Luce.

Lucy: Thanks Lynn.

Lucy had an awesome adventure in the monster world and we have a feeling that there are more adventures in the Monster World.

THE END

Another Fanfiction Complete.

I based this chapter off of AAAHH! Real Monsters episode "The Quest For The Holy Pail". That's one of my favorite episodes in the show. At the end Ickis didn't get the pail because the Old Monster was hiding it and he was that gullible to believe it. So I did a twist to the episode and made it where Lucy succeeded. Belchsplat Caverns was funny. Let me know what you all think.

See you all next time.

# How Do You Kill A Toon?

Me, Varie, Vince, Lincoln, Laney and Woody were in the Simulator.

Aylene, Carol, Eddy, Luan, Lori, Bobby, Ronnie Anne and Lisa were in the control room.

The Simulator activated and we found ourselves in the ACME Factory.

Me: We're in "Who Framed Roger Rabbit".

Vince: This is one of my Childhood Movies.

Laney: Oh wow.

Woody: I know this movie all too well.

Lincoln: So do I.

We hear some clattering and we peer over a pile of junk and find a fight going on. Detective Valient was fighting Judge Doom.

Me: Looks like we got here just in time.

Varie: Yeah we sure did.

Woody: Lets help him out!

Me: Come on!

We ran to them and I kick Doom in the face and he went crashing into a wall.

Laney: Guys we've got big problems! Look!

We saw a massive vehicle with a huge tank filled with the Dip (Turpentine, Acetone, Benzene). The vehicle was called the Dipmobile and Judge Doom was gonna destroy all of Toontown.

Me: We have to stop that thing.

Doom: You'll have to get passed me first!

Vince: I'll hold him off. You guys go for it.

Me: Be careful Vince.

Me, Varie, Valient, Lincoln, Laney and Woody went to the Dipmobile and Vince formed a sword of diamond in his hand and he and Doom engaged in a powerful swordfight. Sparks were flying everywhere as they clashed and as we were about to get near the Dipmobile, a spark from Vince and Doom's fight went into the tank full of the Dip and ignited it and a huge massive fiery explosion blew apart the whole ACME factory with the power of 40 tons of Nitroglycerin.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMMMM!

Flaming debris rained down on the city and a powerful shockwave from the explosion leveled 25 city blocks. When the smoke cleared I had us protected in a force field.

Me: Is everyone all right?

Valient: Yeah. We're all okay.

Varie: What an explosion!

Vince: Unbelievable.

Valient: I had no idea that the Dip was explosive.

Me: It's very flammable. Turpentine, Acetone and Benzene can explode. All it takes is just one little spark.

Roger Rabbit: Jeepers! No kidding!

Jessica: I'm glad we're okay.

Lincoln: Hey look.

Lincoln pointed to something and we saw Toontown.

Laney: Wow! So that is Toontown.

Valient: Yeah. It's beautiful isn't it?

Varie: It sure is.

Vince: Hey guys look at Doom.

We see that Judge Doom is a black human cinder.

Me: Hes been incinerated. That explosion destroyed everything.

The hard ashes flaked away and he revealed his true form. He was really BARON VON ROTTEN - THE MEANEST AND MOST, RUTHLESS, MALEVOLENT, PSYCHOPATHIC, DIABOLICAL, HOMICIDAL MANIAC TOON EVER KNOWN!

Me: Baron Von Rotten!

Vince: I remember you!

Lincoln: I've heard of this freak!

Woody: Yeah. He is the most evil toon of all time and is said to be the ultimate embodiment of the Ultimate Homicidal Maniac!

Valient was scared.

Von Rotten: (To Eddie) Remember me Eddie? When I killed your brother I talked (Screeching Voice) JUST… LIKE… THIIIIIIIISSSSS!

His eyes became razor sharp daggers that glared at us with such extreme hatred, fury and madness that it was unbelievable!

Me: Now that's what I call glaring daggers. Lets get him team!

Vince: Yeah!

I go Super Angel and we dashed at him. I punched Von Rotten in the face and sent him flying. Vince teleported and kicked him high into the sky.

But he rebounded and he went at me and he kicked me in the stomach and punched me in the face and kicked me in the stomach with devastating force and I belched out a huge amount of blood. I got back at him and engaged him in an extremely savage, ferocious and brutal fight.

Von Rotten formed his hand into an anvil and he punched me in the face with incredible force and sent me flying and I crashed into a fire hydrant and broke it open. Water sprayed everywhere. He then formed his hand into a spinning sawblade and grew it to the size of a car. It was extremely sharp and he slashed at me and I dodged by rolling over and I unsheathed my sword and clashed it with his blade and numerous sparks flew everywhere. He pulled back and slashed my face over my left eye.

Vince: J.D.'s getting hurt real bad. We have to help him!

Lincoln: Yeah but what can we do?

Laney spots a barrel of Dip untouched by the explosion.

Laney: I've got an idea!

They go to the barrel.

Laney: Open this up for me Vince.

Vince: Okay.

Vince did so.

Laney: Lincoln you got your squirt gun?

Lincoln: Sure do. I think I see what you're going to do Laney.

Lincoln handed her his squirt gun and Laney filled up the tank with Dip. She dashed and pumped the gun.

Laney: Von Rotten! Have a drink!

Laney fired the Dip right into his face and it burned him like acid.

Me: Good shot Laney.

I punch him in the face and kick him in the crotch and kicked him in the stomach as well as punched him in the mouth.

Vince: Varie give me a hand here.

Varie: Okay.

Vince and Varie picked up the barrel of dip and carried it.

Lincoln: Laney hold him down with your plants.

Laney: Got it.

Laney grew spiked vines out of the ground and they tied up his arms and legs like in the Rack.

Vince and Varie got behind him.

Vince: Have a nice Dip!

They Dunked him like in a football game and he was burning and in so much excruciating pain.

Von Rotten: OH NO! (SHRIEKING) I'M MEELLLTTING! (SHRIEKING) I'M MELTING! MELTING!

He quickly became nothing more than a puddle of pure ink.

Vince carried me on his shoulder.

Vince: Boy he sure did a number on you J.D.

Me: Yeah he did.

Lincoln: Jeez J.D.! You look like you've been through a meat grinder.

Varie: No kidding.

Me: Yeah. (I see that Vince got cut too) He got you in the arm Vince.

Vince: Oh that's nothing. Watch.

Vince's wounds healed in seconds.

Me: Accelerated healing factor.

Vince: Yeah. But J.D. you were awesome.

Me: Thanks man.

My wounds healed just as fast without me even knowing it. But everyone saw it.

Lincoln: (Gasp) J.D. your wounds healed instantly!

I look at my body.

Me: You're right Lincoln. (To Vince) I guess when I saw you heal your wound with your accelerated healing I somehow acquired it myself.

Vince: That could very well be the reason.

Me: Well nonetheless Baron Von Rotten got what was coming to him.

Laney: Yes he did.

Me: That was very clever with the Dip guys. Well done.

Lincoln: Thanks J.D.

The police cars arrived and they all saw the destruction.

Eddie, Lt. Saltino, Dolores, Roger and Jessica Rabbit and Benny the gab saw the mess.

Dolores: What happened here?

Me: We fought Judge Doom and he was really a diabolical toon named Baron Von Rotten. He was going to destroy all of Toontown and build a highway. What a stupid idea.

Valient: Yeah. And this is the rope from the safe that was dropped on Acme.

Lt. Saltino: Judge Doom killed Marvin Acme.

Valient: And R.K. Maroon and my brother.

Lt. Saltino: Geez. That's what I call one seriously disturbed toon.

Vince: Homicidal is more like it.

Me: Lets burn his ink. Stand back.

I fired a fireball at the ink and Dip and ignited it.

Laney: Good riddence to a very bad toon.

Lincoln: You said it Laney.

Varie: I hope we never see Baron Von Rotten's ugly face ever again.

Vince: I agree.

Me: We fought him and he destroyed much of the city in the process. Look at all the destruction.

Valient: I can't believe that he would cause so much damage.

Me: No kidding. But he got what he deserved.

Lincoln: Yep.

Vince: Lets go home.

The exercise was over and we got out of the Simulator.

Carol: Vince you were incredible!

Vince and Carol hugged.

Vince: I know. But I'm not one to gloat.

Luan: You sure showed that freaky toon what for. He sure got DIPPED. (Rimshot) (Laughs) Get it?

Me, Varie, Vince, Lincoln, Laney, Woody, Eddy, Bobby, Carol, Aylene, Lori, Lisa and Ronnie Anne laughed.

Me: (Laughs) Good one.

Woody: That was a funny one.

Laney: Nonetheless we got to go in one of Vince's favorite movies. It was awesome.

Vince: It sure was. We should do this more often.

Me: It's an adventure worth remembering on a grand scale.

Woody: You said it. (Does his trademark laugh)

Laney: I agree. (Winks at the screen)

VinJedi1995 requested that I do a Who Framed Roger Rabbit crossover episode. This is one of my favorite childhood movies. Bob Hoskins was awesome in this movie. I loved all the movies he starred in. Hook, Balto, Super Mario Bros. and more. Those were my all time favorites with Bob Hoskins. You will never be forgotten Bob. You will always be remembered in our hearts, our memories and in spirit.

RIP Bob Hoskins - 1942 to 2014.

Who Framed Roger Rabbit was Mel Blanc's final role before he died in 1989. I love all his voices in cartoons that he did. I imitate most of his voices almost perfectly. I even imitate some other cartoon voices perfectly too. Let me know what you all think.

See you next time.

Who Framed Roger Rabbit is owned by Touchstone Pictures, Amblin Entertainment and Robert Zemeckis.

# Patching Things Up

**Lola:** "Okay, tea set, glitter spray, and backup hair clips. As it says in the brochure, Bluebell Scouts have to be prepared for anything."

**Lana:** "Yep. That's why I packed my toolbox, bug spray and backup roll of TP."

**Lola:** "I can't believe we're gonna be Bluebells!"

**Lola & Lana:** "Together! EEEEE!"

Varie: I'm so excited for you two.

Lana: Thanks Varie.

Varie: Did you girls know the Scoutmaster at Camp Bluebell is my mother?

Lola: (Shocked) She's your mom!?

Varie: Not by blood. She adopted me 7 years ago. I've been very close to her. [Pulls out a photo of her when she was 8 and the Bluebell Scoutmaster hugging and smiling] She is a wonderful parent.

**Lola:** "I believe it Varie. But we can't get ahead of ourselves. We gotta pass the tryouts first. Which is why I'm giving you my lucky princess wand." *[holds up said wand]*

**Lana:** "Aww, thanks sis." *[takes the wand]* And I'm giving you my lucky plunger." *[holds up said plunger as a foghorn sounds and gives it to Lola]* "Oh,don't worry, I only use this one for sinks."

Just then Carol and Laney entered Lola's room wearing official Bluebell Scout Uniforms. As you can see, Carol is a Master Bluebell and Laney is an Intermediate Bluebell and they were so excited to see two of their sisters become scouts too.

Laney: Are you girls ready to join the Bluebell Scouts?

Lola & Lana: Yes Ma'am!

Carol: I'm so excited for the both of you.

Laney: Yeah. Me too. It's gonna be so great having you guys join the ranks of us Bluebells. When I was younger, I enrolled in camp and I worked my way up to getting every badge they had. [Shows Lola and Lana her sash that was full of badges] The Mountain Climbing Badge, the bird calling badge, the arts and crafts badge…

Lana: [Points at a red badge with spots on it] Ooh! Is that your bug catching badge?

Laney: No that's just a ladybug.

Varie: Allow me. [Takes the Ladybug and Carol opens the window and releases it] There you go little guy.

Carol: You're so gentle Varie.

Varie: I have to be.

Lola: Oh, That sash is gonna look so good on me!

Carol: Well Ladies, lets hop to it!

*[Carol, Varie, Laney, Lola and Lana get out from the room, but Me, Vince, Lincoln and Clyde are in their way]*

**Lincoln:** "Are we doing this, ladies?"

**Lola & Lana:** "We?"

**Laney:** "Um, Bluebell Scouts are for girls only."

Me: Good luck Lola, Lana.

Lola & Lana: Thanks J.D.

Me: My grandfather on my dads side of the family was in the scouts. He was one away from Eagle Scout.

Vince: That's really cool J.D.

Laney: That sure is.

Carol: This is gonna be really cool for them.

**Lincoln:** "I know. But can't a guy just want to support his sisters and cheer them on at tryouts?"

**Clyde:** "I thought we were going for the cookies."

**Lincoln:** *[shuts Clyde's mouth]* "What Clyde means to say is, support, number one. But if we do happen to come across some of those world-famous Bluebell Scout cookies…"

**Clyde:** "The ones with crisp vanilla wafers, chocolate drizzle and toasted coconut crunchies…"

*[The boys start drooling like waterfalls]*

*Me: They really love those Bluebell Scout Cookies.*

*Varie: I can tell.*

**Lola & Lana:** "A Bluebell is always prepared!" *[they take their umbrellas and duck under the drool-falls and Carol and Laney putt on galoshes so their feet won't get wet and Varie floated above them]*

---

*[Camp Bluebell]*

*Varie, Carol, Laney, Lola & Lana arrive and they we're ready.*

*Scout Leader: Well look who's here. Varie.*

*Varie: Hey mom.*

*They hug and were reunited for the first time in 7 years.*

*Scout Leader: It is so good to see you.*

Varie: Me too mom. These are my friends Carol, Laney and Lola & Lana Loud. Lana & Lola want to become Bluebells too.

Scout Leader: It's a pleasure to meet you all.

Lana: Same here.

Lola: (Eagerly) I can't wait to be a Bluebell.

Varie: Shall we get started Mom?

**Scout Leader:** "We shall. Who's ready to become a Bluebell?! Now if you wanna wear the periwinkle sash, you'll need to earn five different patches today."

**Lola:** "Only five? Oh, we got this!"

*[Lola and Lana bump fists]*

Scout Leader: Now, before we begin we have an expert and a master in our midsts. From North Hazeltucky Bluebell Camp, say hello to Laney Loud. And we have a master too. Say hello to Carol Pingrey.

Varie: Mom, Carol had a situation happen to her a while ago. She's now Carol Loud. She doesn't like to talk about it.

Scout Leader: Oh no. I'm so sorry Carol.

Carol: It's okay. I've moved on and I've forgiven my real parents.

Scout Leader: That's wonderful. Now Varie, Carol and Laney are gonna be helping me with getting your badges.

Laney: Thank you. Now our first badge is Wilderness Protection. [Holds up said badge]

**Scout Leader:** "To earn it, we're gonna hike up in the friendship trail and pick up all the icky sticky litter we find."

*[Both Lola and Lana gasp; Lola horrified and Lana thrilled]*

**Lola & Lana:** *[at the same time]* "We have/get to pick up trash?"

Varie: This was my first badge that I earned back when I started.

*[Lana is collecting a lot of garbage and picks up an old sandwich]*

**Lana:** *[sniffing]* "Mmm, Spicy Italian."

*[Lola is staggering while collecting her trash]*

**Lola:** "Ew, ew, ew, ew, ew, ew, ew!" *[she screams then runs away]*

**Scout Leader:** "All right. rubbish wranglers. Let's see how we did." *[sees Lana's pile]* "That's trash-tastic, Lana!" *[gives Lana her first patch]* "Now, how about your sister?"

*[Enter Lola in a hazmat suit holding a soda can by a stick, still stagger]*

*Laney: Oh Lola…*

**Scout Leader:** "Ooh. I don't think you got this one, honey."

*[Lola gets sad]*

**Lana:** Don't worry. You'll get the next patch."

Varie: We still have all day.

*[The trainees walk off and it cuts to a pair of binoculars]*

**Clyde:** "You see anything?"

Me: Nope.

Vince: Negative.

**Lincoln:** *[searching]* "Not a crumb."

**Clyde:** "I don't get it. This is the Bluebells. They gotta have cookies."

**Lincoln:** "Maybe we need to get closer."

*[Clyde stands closer to Lincoln, much to his confusion]*

---

**Scout Leader:** "To earn the Car Care patch [holds up said badge], you must change a tire on the Bluebell bus."

**Lana:** *[holding a power ratchet]* "Oh, oh! Me first!" *[She changes all the tires, tunes up the engine and starts the bus]* "Might wanna get that fan belt checked."

**Scout Leader:** *[gives Lana the patch]* "Now aren't you just the cutest little grease monkey!

Varie came back carrying an old junkyard car.

Varie: Here Lana. Try restoring this old car.

Lana: Piece of cake.

37 Minutes Later.

Lana: Done.

Lana had fully restored a 1937 Model J Duesenberg to brand new perfect mint condition.

Laney: This car is very beautiful!

Varie: That's a 1937 Model J Duesenberg. These cars are worth millions.

Scout Leader: That's amazing. Okay, Lola, let's see how you change a tire."

*[Lola holds out a business card]*

**Lola:** "My auto club. Ask for Darcy, she is terrific."

**Scout Leader:** "Hmm, sorry dear, That's not the Bluebell way."

**Lana:** "Come on, Lols. You gotta up your game if we're gonna be Bluebells together, You got this girl." *[slaps her]*

**Lola:** *[in pain]* "OW!"

---

**Laney:** "To earn the Rod and Reel patch [holds up said badge], You must catch a fish."

*Scout Leader: '* ***[pulling out a bucket full of worms]*** **"Everybody grab a squiggly wiggly worm!"**

*[Lola, on the verge of throwing up, runs off the dock and vomits into a tote bag a couple times]*

**Scout Leader:** *[off-screen]* "That's a real whooper there!"

*[Lana returns with a fish and another patch]*

**Lana:** "Three down, two to go. Caught him with my bare hands so I could keep this guy for myself."

Varie: Well done Lana.

Carol: You're quite the little fishergirl.

*[She prepares to eat a worm she saved. Lola feels nauseous at this sight, and vomits into the tote bag once again. Lincoln and Clyde are resuming their cookie search. They spot the tote bag in the distance]*

**Lincoln:** "Target sighted, Clyde. I'm going in!" *[hands Clyde the binoculars and sneaks around to get to the tote bag]* "Let me wallow in your tasty morsels…" *[He looks in the bag, but he sees something not so tasty]* "GUUUUHHHH!" *[returns to Clyde and starts to gasps deeply]*

**Clyde:** "What happened? No cookies?"

**Lincoln:** "Oh, there were cookies. But not the kind you eat, the kind you toss."

Me: Oh sick!

Vince: Took the words right out of my mouth.

*[The boy's cheeks puff up, knowing that they're disgusted]*

**Scout Leader:** "Now, for the Primitive Survival patch [holds up said badge]. To earn it, you must dig a latrine."

**Lola:** "That sounds French. A latrine, what is this?"

**Lana:** *[smiling widely]* "It's a hole you poop in!"

Laney: Here we go… [Puts on noise cancelling headphones]

Carol: Oh no. [Carol and Varie did the same]

*[Upon hearing that, Lola screams in sheer horror at the top of her lungs. Her scream was so incredibly loud, that it echoes and scares the birds away. All the girls are now having lunch at the picnic area. Lola shaking in terror]*

**Lana:** "Lola, the day's half over and you don't have any patches yet. If you don't start trying harder, we're not gonna be Bluebells together."

**Lola** : *[in little anger]* "I am trying! I just didn't know we'd have to do all this gross… poop and worm stuff!"

Varie: Trust me Lola. When I started out I had to learn how to survive too. It's not easy.

Carol: I know how you feel Varie. But I didn't let it bother me.

*[Lana starts eating the Spicy Italian she collected]*

**Lana:** *[with her mouth full]* "Aww, come on. It's not so bad."

**Lola:** "Yeah, for *you*, the girl who eats trash hoagies."

**Lana:** *[belches]* "You know. sometimes you just gotta step out of your comfort zone."

**Lola:** "I'm already out of my comfort zone! I am eating without a tablecloth!"

Laney: Don't worry Lola. I'm sure you'll get your chance at these patches. You just need to find something you're good at.

Lola: You really think so?

Laney: I know so.

---

**Scout Leader:** "Our next Bluebell Challenge will be the Fashion Forecast patch." *[holds up said patch]*

*[Lola gasps and Lana sulks at the mentioning of fashion]*

**Scout Leader:** "Bluebell scouts are prepared for any kind of weather. So I'll give you a forecast, and you'll have to put on the proper attire." *[opens up trunk of different outfits and lola is excited]* "Varie is gonna help me with this one. First, Snow and ice."

*[Varie uses her weather control powers and Snow starts to blow. Lola shows off her outfit consisting of an Ushanka, a scarf, a snow robe, and shades. She lowers her shades. Lana digs up from the snow in her usual outfit]*

**Scout Leader:** "Sunny and hot." *[turns on a heat lamp]*

*[Lola wears sunglasses, a dress and a sunhat. But Lana only wears sunglasses while lounging on a rock with a lizard]*

**Scout Leader:** "Rainy and wet."

*[Varie forms a rain cloud. Lola wears a raincoat and uses an umbrella. But Lana rolls in mud]*

**Scout Leader:** "Well, aren't you the prepared fashionista! Great work, Lola!" *[She spots Lana in her original clothes] "* Oopsie daisy. Those don't look like the proper rainy day clothes."

**Lana:** "These are "all weather" clothes. I don't need to change into no silly outfits!"

**Scout Leader:** "Oh, sorry, sweetie. That's not the Bluebell way."

**Lola:** "Don't worry, Lans. You'll get the next one. You got this, girl!" *[she slaps her]*

**Lana:** *[in pain]* "OW!"

*[The moment they leave, Lincoln and Clyde pop out of the trunk in fashion items]*

**Lincoln:** "There's no cookies in here either."

**Clyde:** "I'm starting to lose it, Lincoln. The crisp vanilla wafers…"

**Lincoln:** "The chocolate drizzles…"

**Clyde:** "Toasted coconut crunchies…"

*[both moan in ecstasy]*

*Me:* [on the radio] *Pull yourselves together guys.*

**Scout Leader:** "Whoopsie doodle, almost left all those goodies behind!" *[retrieves her backpack]*

**Lincoln:** *[gasps]* "Of course! She's had them on her the whole time."

**Clyde:** "Follow that backpack!"

*[They jump out of the trunk while Clyde is still wearing the dress he got stuck in]*

**Lincoln:** "Uh… Clyde?"

**Clyde:** "Oh, right, what was I thinking?"

*[Clyde puts on a tiara, lifts his dress up and charges off. Lincoln looks to the viewers confused and follows]*

---

**Scout Leader:** "To earn the Music Makers patch [holds up said badge], you must perform the Bluebell song. Ready, Lola?"

Laney: [Test the microphone] Testing… Okay, Lola. Ready when you are.

Varie: You can do it Lola.

**Lola:** "Ahem. *We are the Bluebells / Loyal, kind, and true-bells / A better friend you'll never know!* "

**Scout Leader:** *[applauds Lola]* "Next up. Lana!"

**Lana:** *[on a mic, singing poorly and off-key]* " *We are the Bluebells, uh, uh… Loyal glue and shoebells E-I-E-I-O!* " *[makes noises with her armpit and drops the mic]*

*[The Scout Master is aghast at Lana's performance]*

**Lola:** "Lana, what was that?"

**Lana:** "You know I'm not good at this prissy sing-y dress-y junk!"

**Lola:** "Well, maybe you just need to… step outside your comfort zone!"

*[She walks off. Lana is shocked at what she said and blows a raspberry at her]*

---

**Scout Leader:** "To earn the Sewing Smarts patch [holds up said badge], you must make a comfy-womfy sit-upon." *[shows a sit-upon]* "Bluebells take these on camping trips so we don't have to *sit upon* the wet ground."

*[Later, Lola shows her sit-upon]*

**Scout Master:** "Very good, Lola! Excellent use of pom-pom fringe!" *[gives Lola the patch]*

**Lola:** "Lana, where's your sit-upon?" *[Lana is covered in tears, scratches, and sewing equipment from failing to make a proper sit-upon]*

**Lana:** "This is dumb! I already have a sit-upon! It's called my butt!" *[sits down]*

---

**Scout Leader:** "Time for the Fitness Fun patch!" *[wears an aerobics outfit, turns on the music, and puts her backpack aside]*

*{Lincoln and Clyde peek behind the curtain]*

**Lincoln:** "Goodies in range!"

**Scout Leader:** "To earn this patch, get your buns in gear and boogey oogey woogey!"

*[She and the trainees are doing aerobics. While the rest are doing fine, Lana keeps tripping over and falls on Lola]*

**Lana:** *[losing balance]* "Whoa!"

*[A push broom pulls in the backpack, courtesy of the boys]*

**Lincoln:** "Yes! We finally got the-" *[opens the bag only to find sashes]* "What? It's just a bunch of blue sashes!"

**Clyde:** "Actually, they're more of a periwinkle."

*[Lana trips one more time, knocking all the trainees and the scout leader about. The Scout Leader grabs hold of the curtain which tears down and reveals Lincoln and Clyde]*

**Laney:** Ahem! [Lincoln and Clyde see Laney not happy about destroying the stage]

Lincoln: Hey Laney. How are the twins doing? [Laney continued to glare at them as she grabbed back the sashes]

Clyde: Uh, We weren't looking in that bag for cookies or anything. [Lincoln nudges him]

Scout Leader: Laney dear. I'll handle them.

*[Cut to the camp gate]*

**Scout Leader:** *[off-screen]* "AND STAY OUT!" *[kicks Lincoln and Clyde out]*

**Lincoln and Clyde:** *[land in a bush]* "OOF!"

Me: They found you two huh?

Lincoln: (Groans) Yeah.

---

**Scout Leader:** "Well, girls, only one patch to go. And this one's a mystery challenge." *[holds up five envelopes]* "You must choose an envelope and complete the task inside."

*[The girls all get their envelopes]*

**Lana:** "We each got four patches, so we both have to get this last one."

**Lola:** "I know, so please don't blow it."

**Lana:** "Me? You don't blow it."

**Lola:** "I'm just saying, you'd better hope the challenge doesn't require you to act like a proper lady, or we're never gonna be Bluebells together."

**Lana:** "Well, you'd better hope it doesn't require you to get your precious princess paws dirty, or we won't be Bluebells together."

**Lola:** *[angry]* "Maybe I don't want to be Bluebells together!"

**Lana:** *[angry as well]* "Maybe I don't either!"

**Lola:** "FINE!"

**Lana:** "FINE!"

*[The two then part ways to do their challenges]*

**Lola:** " **Your challenge is to host a fancy schmancy tea party!** YES! Now, where'd I pack that sugar bowl

*[rummages through her backpack]*

*[Meanwhile]*

**Lana:** " **Your challenge is to set up a cozy wozy campsite!** YES! Now where'd I pack that bug spray?" *[rummages through her backpack]*

**Lola:** "I am totally in! I don't care if Lana makes it or not."

**Lana:** "Oh, I"m totally in! I don't care if Lola makes it or not."

*[Just then, to their surprise, they pull out from their packs the lucky charms they gave each other]*

---

*[Later, the Scout Leader is checking on Lola's tea party]*

**Scout Leader:** "Oh! Well, this looks yummy yummy in my tummy!"

Laney: Wow Lola. Very Elegant.

**Lola:** "Cop a squat. Tea's getting cold." *[chugs the whole kettle and belches]* "And now, the entertainment!" *[pulls the tablecloth and spills the dining ware and makes noises with her armpit]*

*[The Scout Leader looks disappointed with Lola's performance and moves onto Lana]*

**Scout Leader:** "Hey, sunshine, where's your campsite?"

**Lana:** *[holds out a business card for a motel]* "Uh, right down the road. Super 9 Motor Inn. Ask for a clean ice bucket."

*[The Scout Leader looks perplexed]*

---

**Scout Leader:** "Lola, you failed the tea party challenge. And Lana, you failed the campsite challenge. So I'm afraid neither of you gets a patch."

**Lola and Lana:** *[shocked]* "WHAT?!"

**Lana:** "You had a tea party? How'd you mess that up?"

**Lola:** "And you had a campsite? How could that go wrong?"

*[The two of them pick up each other's lucky charms]*

**Lola and Lana:** *[at the same time]* "I thought you might have the same challenge as me and you'd never be able to do it and I didn't wanna be a Bluebell without you! Really? Aw!" *[hug each other]*

**Lola:** "Sorry for being so hard on you today."

**Lana:** "Me too. We're just good at different stuff."

**Lola:** "Bluebells or not Bluebells, I don't care. As long as we're together."

*[They hug again]*

Laney: Actually you two earned your Bluebell Petals after all.

Lola & Lana: We did?

Varie: You touched moms heart.

**Scout Leader:** *[touched and in tears]* "You two cutie patooties just earned your fifth patch after all…" *[holds up a special patch]* "… for your Faithful Friendship." *[puts sashes on them]* "Oh, congratulations. You are both Bluebells. Now if you'll excuse me…" *[bawling]* "… I HAVE TO GO CALL MY SISTER WISTER!" *[runs off to do so]*

*[The twins start celebrating]*

**Lola:** "Woo-hoo!"

**Lana:** "We did it!"

**Lola:** "Bluebells!"

**Lana:** "We rock! Yes!"

---

*[The twins are carrying boxes]*

Carol: Congratulations you two.

Varie: We're all now Bluebells.

Laney: I'm so proud of you girls today. Now we can all be Bluebells together.

**Lola:** "Thanks Laney. If we sell both these boxes…"

**Lana:** "… we get the sixth Bluebell patch!"

*[The boys leap out of the bushes and land with a thud]*

**Lincoln:** "You got the cookies? How much are they?"

*[He and Clyde take out their money]*

**Lola:** "What you have in your hands will do."

**Lincoln and Clyde:** "Take our money!" *[pays up and takes the boxes]*

*[Inside the boxes are not cookies, but some kind of different treat]*

**Lincoln:** "Reduced sodium Kale Puffs? Where are the cookies?"

**Laney:** Oh I forgot to tell you. It's our new Bluebell healthy eating initiative.

*[The twins start walking away with their money]*

**Lola:** "All sales are final."

**Lana:** "No refunds."

Varie: Now don't despair boys. I asked mom and she let me have these for you.

Varie pulls out a big box and in it was boxes of cookies.

Carol: Enjoy boys.

**Me, Vince, Lincoln and Clyde:** *[Joyful and ecstatic]*

"YYEEEEEEEEEEEEEEEESSSSSSSSS!"

*[The sound echoes so loudly that it scares the birds away]*

*THE END*

Another Fanfiction Completed.

I wanted to do a twist to the ending of Patching Things Up. Let me Know Whart you all Think.

See you all next time.

# Worse Than A Psycho

It starts out with Me, Varie, Aylene, Vince, Carol, Lori, Gabrielle, Naruto, Sakura, Hinata, Lincoln Linka, Lucy, Laney, Lana, Lola, and Lisa flying over to a remote area near Phoenix, Arizona.

Vince: So why are we all heading out to Phoenix, Arizona?

Me: The Cold Case Unit in Phoenix called me. I don't know what it's for but it's something big.

We arrive in 3 hours and we were standing by the infamous Bates Motel.

Lucy: Gasp! That's the infamous Bates Motel. This hotel was the site of the notorious Bates Motel Murders.

Laney: It's also the setting of Alfred Hitchcock's Psycho.

Vince: I watched the Psycho Series and Norman Bates was one really screwed up guy.

Lori: No kidding.

Lisa: Norman Bates had what's called Dissociative Identity Disorder. Street name: Split Personality. He killed his own mother and kept her body in her bedroom and made the illusion that she was still alive. He was arrested years ago and sent to a maximum security Insane Asylum for life.

Carol: That guy had some major league screws loose.

Me: No kidding.

Naruto: I think we've been called here to investigate where Norman buried the bodies of his victims and see if he's connected to the murders of more victims that people don't know about. If there are any.

Vince: Lets check out the hotel and search the area.

Me: Good idea.

We go into the hotel and we saw that it was a nice hotel.

Lana: This is a nice hotel.

Lola: I would give it 3 out of five stars.

Laney: It's hard to imagine that Norman would turn such a beautiful hotel into a killing trap.

Naruto: No kidding.

Sakura: He needed to be stopped or he was just gonna keep on killing.

Hinata: I agree.

Linka: How are we gonna find any evidence?

Laney: From what I know in Forensic Science, homicide detectives spray the place with a chemical called Luminol. It reacts with the iron component in blood and when viewed under ultraviolet light it glows a neon aqua blue.

Lisa: Exactly. [Hands a bottle to me] Here's some Luminol.

Me: Thanks Lisa. Okay.

I spray the whole interior of the house from top to bottom.

Me: Okay it's all sprayed. Now watch this.

My eyes glowed neon blue and what I saw was absolutely horrifying.

Me: Sweet gravestones! This whole house is completely saturated in blood.

I form a viewing window with my magic and everyone saw what I was seeing.

Lucy: Gasp! This whole house is inundated in blood.

Laney: This is horrifying!

Lola: That is so disgusting!

Lana: No kidding.

Vince: How many people did Norman Bates kill?

Me: The reports said it was 8 but I have a feeling that there's much more.

Varie: I have a feeling you're right.

Aylene: How are we gonna prove he killed more people?

Me: We'll have to scan the area around the hotel and inside the place for spots that were missed.

Sakura: Good idea.

Me: Lets start outside.

We all head outside and I fly up with Naruto and he was carrying Hinata.

Me: Okay this should be high enough. Hinata can you use your Byakugan to find anything?

Hinata: I can try. BYAKUGAN!

Her eyes activated and she sees a horrific sight.

Hinata: This is horrifying! There's bodies scattered all over the area of the hotel!

Me: How many of them are there?

Hinata counted and she found over 1200 bodies.

Hinata: 1,212 bodies.

Me and Naruto gasped.

Me: This is worse than what we all thought. I'd better make a map and mark the locations.

I take a piece of paper out and with my magic I make a viewing window and draw the area and mark the locations of the bodies with red X's.

Me: Okay. Now lets call the detectives.

We do so and I tell them everything. In a period of hours we all dug up the 1,212 additional bodies and got them for Forensic Anthropology and autopsy. They were all stabbed to death.

Me: This is very bad. Norman Bates could go down as the most prolific psychotic serial killer of all time.

I immediately called a press conference in Washington D.C.

Me: Good afternoon everyone. I'm sorry for interrupting your everyday activities. As you all know, Norman Bates the psychotic serial killer responsible for the murders of 8 people in the Bates Motel in Arizona was sent to a maximum Security Insane Asylum. Me and my friends here along with the Arizona State Detectives have just recently confirmed that Norman Bates has killed an additional 1,212 people. Here's the pictures of all the people killed with the help of my friend Lucy Loud and Forensic Anthropology. Lucy has already identified all of them with her powers. Here's a list of all their names and where they were from.

A list was shown and it had their names and where they were from. Norman Bates now had numerous charges of murder added to his rap sheet. His trial was a long one and was broadcasted around the world. He was found guilty on all charges and he received 1,220 Life Sentences Without Parole plus 12,753,812 years in prison. But because his case was so high profile, he was to serve his sentence in the Lake Vostok, Antarctica Triple Supermax Secure Psychiatric Prison Unit. In the end I cursed him with immortality so he can live in the prison for all eternity. He was also placed on 24/7 guard and monitoring.

Back home I showed everyone what has happened with Norman

Bates. I had a viewing window open and we saw Norman thrashing around in his bed while being restrained in straps and in a straitjacket.

Me: That's him guys.

Lincoln: That guy is one insane psychotic madman.

Varie: More like a madman to the 10 millionth power.

Leni: Is he really that mad?

Me: No Leni. He's completely insane. It means that he had absolutely no idea what he was doing at the time.

Luna: I'm glad he's gone for good dudes. But in my opinion he should've gotten the Death Penalty.

Me: Yeah he should've gotten that. But the judge ruled that he was too incompetent to face the Death Penalty. So they sentenced him to all that time in Antarctica.

Varie: I agree. I've always been a strong believer of Capital Punishment. But I think the Death Penalty is too easy for him.

Lincoln: You're right about that.

Vince: From what I remember, Arizona is one of the states that does the Death Penalty.

Lisa: That's correct.

Lisa shows a chart of the United States that had the states that do the Death Penalty.

Lisa: These are currently the states that currently do Capital Punishment. Street name: The Death Penalty.

Me: There are currently 38 states that do the Death Penalty and 12 states don't have it. The reason that it's not working out so well is because of money. We don't have enough money to pay for the chemicals and equipment needed. So it's best to let the criminals rot in prison for the rest of their lives and let them suffer.

Linka: You're right J.D.

Me: Yep. If those criminals down in Lake Vostok ever escape, they will freeze to death down there. The temperatures can plummet to -130 degrees fahrenheit with -165 degree wind chill, whiteout conditions and zero visibility.

Aylene: That is bone-chilling.

Luna: No kidding dude.

Luan: That guy was a psychopath on steroids. He got what he deserves.

Lucy: That's right Luan.

Carol: I have a feeling that he is not gonna love living in the asylum down in Antarctica.

Varie: Me too but he deserves it.

Lisa: Affirmative.

Lola: The Netherworld is also where he's heading too next.

Me: Yep.

Vince: All we can do is wait.

Me: Yep.

THE END.

Another Fanfiction Complete.

I wanted to do a Psycho themed chapter. That movie was another movie from my dads past and it was the birth movie of the Slasher Film genre in Horror. This movie was made in 1960 and it starred Anthony Perkins. Psycho III was a strange one along with Psycho II. Norman Bates was one screwed up and insane nut. He was not only pure evil, he was a total homicidal maniac. I hate people like that.

But this was one of Alfred Hitchcock's greatest works. Insane people are a complete and total menace to society and they only deserve to be put away for life. They are a complete danger to not only everyone around them but also themselves. Schizophrenia is a source of insanity because of hallucinations, delusions, and your brain is slowly dying. I saw on a documentary that people that have it have shorter life spans. Schizophrenia shortens your life span by 25% and people usually don't live passed their 50's because of it. Bipolar Disorder is bad too. You're like a roller-coaster emotionally. Personality problems are a major handful. Dissociative Identity Disorder is where you have multiple personalities in you and it is very confusing and more. Autism is what I have and every day with it is a constant challenge and presents a new obstacle to overcome. But I've come to accept my problem. But anyway let me know what you all think.

See you all next time.

Psycho belongs to Alfred Hitchcock and Paramount Pictures

# The Keys to The Light

Me, Vince, Varie, Carol, Lori, Lincoln Linka, Lucy, Laney, Lana Lola, Penny, Lisa and Lily were in the Simulator.

Varie, Aylene, Naruto and the girls were in the control room.

The Simulator Activated and we found ourselves in the Universe of Kingdom Hearts.

Me: Wow! We're in the Kingdom Hearts Universe.

Vince: Awesome! This is one of my favorite Video Game Series.

Lincoln: What is Kingdom Hearts about?

Me: It's a crossover series with Final Fantasy and Disney Characters. It's about a boy named Sora and his friends Riku, Kairi along with King Mickey, Donald Duck and Goofy and they try to maintain peace in the universe by enforcing the Light in some sort of way.

Linka: That's interesting.

Lily: It's one of my favorite video games. I recently beat Kingdom Hearts Dream Drop Distance.

Me: I'm proud of you Lily. I beat it too. I found out a very dark and grim revelation. Master Xehanort plans to reasemble the original keyblade - the χ-Blade. It was shattered into 20 pieces: 7 of Light and 13 of Darkness. He plans to reassemble it and use it to balance light and darkness into one. But I put everything together very quickly as I was playing it and found out that if that plan comes into fruition it will destroy the entire universe.

Everyone but Me and Vince gasped.

Lincoln: That's insanity!

Linka: He's going to destroy the entire Universe!?

Vince: Yeah. My guess is he's going to destroy the Universe and recreate it in his own image.

Lori: That's probably right.

Carol: We've got to stop him.

Lana: But how are we gonna do that?

Me: Our best chance is to team up with Sora, Riku, Kairi, Mickey, Donald and Goofy. Divided we are weak but United we are strong.

Lola: That's a good idea.

Laney: Yeah. We're with you all the way J.D.

Me: Now lets find them.

As we looked around we saw that we were in the World That Never Was.

Me: We're in The World That Never Was. That castle is home to the malevolent Organization XIII.

Vince: I remember those guys. They were powerful and tough. They wanted to become human and they're trying to summon a false Kingdom Hearts.

Me: We have to destroy that moon. Everyone together!

We cupped our wrists to our sides.

All: KA! ME! HA! ME! HAAAAAAA!

We fired a combined Kamehameha Wave directly at the Heart-Shaped Moon and when it hit it exploded with incredible power and completely obliterated it.

Me: That takes care of that.

Lily: Yep. It was also the source of power for Sai'X. Without the Moon he's completely powerless.

Laney: Good thinking.

Me: Now we have to head for the castle. Come on!

We all ran and slashed apart any Heartless and Nobody that got in our way. When we got to the base I sensed something.

Me: Wait!

Lana: What is it J.D.?

Me: I sense something and someone's calling me.

Laney: Where?

Vince: Shh.

I concentrate and I hear a voice calling me from somewhere.

?: Can Anyone hear me? I'm in the Realm of Darkness.

Me: I know that voice. It's Aqua. She's trapped in the Realm of Darkness.

Lori: How are we gonna get her out?

Vince: Aqua is one of the Original Keybladers and was Kairi's predecessor. She met Kairi when she was a little girl.

Lily: I remember that.

Me: I think I have an idea. I'm going to beam her here with my magic.

Lori: Can that really work?

Me: Only one way to find out. Hold on Aqua! [Chants an Incantation] "'Jestikaga Monotekkala Nesstiga Serrizan Marokekat Herrida Noromorus Nor!"'

I fired a beam of rainbow light and it opened up a portal into the Realm of Darkness.

Laney: It worked!

Lincoln: He did it!

Lily: All right!

Lucy: Wicked.

Vince: Incredible!

Me: I can't hold this for long! Aqua can you hear me!?

REALM OF DARKNESS

Aqua: I hear you and I see the opening!

Me: Run to it. I can't hold this forever! Aqua ran and the portal was starting to close and just as it was about to shut completely, Aqua got through it at the last possible second and made it through.

Lola: She made it through!

Carol: All right!

Me: She's falling! Carol get her! Quick!

Carol: Right!

Carol spread her wings and flew out and caught Aqua.

Carol: Are you all right Aqua?

Aqua: Yes. Thank you.

Carol flew back to us and she let Aqua down.

Me: I'm glad you're all right Aqua.

Aqua: Yes. Thanks to all of you.

Me: I'm glad we could help. We should introduce ourselves. I'm J.D. Knudson.

Vince: I'm Vince Pusateri.

Varie: I'm Varie Knudson. J.D.'s fiance.

Carol: I'm Carol Pingrey Loud.

Lori: I'm Lori Loud and these are my younger siblings Lincoln, Linka, Lucy, Laney, Lana, Lola, Penny, Lisa and Lily.

Aqua: It's a pleasure to meet you all.

Me: We have really big problems. Xehanort is going to reassemble the χ-Blade and destroy the entire Universe with the power of Kingdom Hearts.

Varie: He's going to recreate it in his own image.

Aqua: I always knew that Master Xehanort was a bad man that was always up to no good.

Me: It's worse than that. He was behind everything thats happened. He's now going to start the next Keyblade War and we can't let that happen.

Aqua: We have to stop him.

Lori: And we will.

Me: We have to find Sora, Riku and Kairi. as well as King Mickey, Donald and Goofy.

Lincoln: Right.

Me: Come on!

We go into the Castle of Organization XIII and we ran into Larxene the Savage Nymph.

Me: Larxene the Savage Nymph!

Larxene: That's right.

Aqua: Elena!

She gasped when she saw Aqua.

Larxene: Aqua! Your alive!

Aqua: I would've been trapped in the Realm of Darkness if it weren't for J.D. here.

Me: So that's your real name. Elena you were poisoned with lies by Xehanort. He's going to destroy the entire universe.

Elena/Larxene started to realize whats been going on.

Elena: Hes been using me this whole time.

Aqua: Lets face Xehanort together my friend.

Aqua holds out her hand and Elena takes it.

Elena: Lets.

Elena then got a cool Keyblade made entirely out of lightning.

Me: That is an awesome Keyblade.

Lincoln: It's really cool.

?: Let me help you all.

A figure came out and it was Xion

Elena: Xion!

Xion: Yes. I'm sick of Xehanort and I want to help you stop him.

Me: We could use all the help we need.

Lincoln: (Suspicious) But how do we know this not a trick?

Lola: Yeah how do we know that this isnt a trap?

Xion: I assure you that this is no trap. I overheard you talking to Aqua and I realized that I was used for the wrong purpose.

Vince: From what I remember Organization XIII is actually the remnants of Xehanort's Soul.

Me: So they are the very pieces of his evil and twisted heart.

Vince: Yes and if we kill all the members then we destroy him.

Me: If only it were that simple.

?: You will pay for this treachery Xion.

A figure came out and it was Marluxia the Graceful Assassin.

Me: Marluxia the Graceful Assassin.

Maxluxia: That's correct.

Laney: That's a nice scythe you have there.

Marluxia: Thank you.

Laney then got the drop on him and kicked it out of his hand and slashed him in half right down the middle. Killing him instantly.

Me: Nice work Laney!

Laney: Thank you. I think this scythe would be perfect for me.

Varie: It suits you perfectly.

Vince: Marluxia uses flowers as his power. That scythe is called the Graceful Dahlia.

Laney: Dahlia flowers are one of my favorite flowers.

Me: I remember. Lets continue on.

We ran through the castle and faced all the members of Organization XIII and killed them all except for Lea who was Axel in the Organization and he was known as the Flurry of Dancing Flames. He joined us in our cause. Ansem the Wise, Sora, Riku, King Mickey, Donald and Goofy joined us too.

Me: That takes care of Organization XIII. Now we have to find Kairi.

?: I know where Kairi is.

We saw a beautiful girl dressed in white. It was Namine.

Me: Namine.

Namine: That's right. Follow me.

We followed her and she lead us to a wall.

Namine: Kairi is behind this wall.

Me: Okay. Stand back.

I fired a laser and cut a hole into the wall. The circle fell off and Kairi saw us.

Sora: Kairi!

Kairi: Sora!

They hugged and were reunited.

Sora: I'm so glad you're all right.

Kairi: Me too.

Me: Kairi it's such a pleasure to meet you.

We introduced ourselves and revealed everything that Xehanort was planning.

Kairi: That monster. We have to stop him now.

Me: I couldn't agree more. Lets go!

We ran to the throne room and we saw a huge white door.

Me: He's behind this door. I can sense him.

I push the giant door open and we go in and we saw Xehanort expecting us.

Xehanort: So you all came.

Me: Xehanort. So we meet at last.

Xehanort: Yes so we meet J.D. Knudson.

Me: You're gonna pay for everything you've done.

Sora: Yeah! It's over Xehanort. We won't let you destroy the Universe.

Riku: You're going down!

Kairi: We won't let you get away with all the pain and suffering you've caused to so many innocent people!

Xehanort: We shall see. (To Ansem) Ansem my friend. You haven't changed at all the last time we saw eachother.

Ansem: And it will be the last time my old friend. We won't let you get away with everything you've done.

Lincoln: You're gonna pay for your crimes Xehanort!

I unsheath my sword and we all stood ready to fight.

Me: Lets do this.

Xehanort had his own keyblade.

Xehanort: Lets dance.

I go Super Angel 3, Laney goes Super Angel 2 and Varie goes Super Angel. We all rushed at him. The Battle that will Decide the Fate of the Universe had begun. It was an extremely violent clash and we were fighting Xehanort with everything we had. Xehanort was an extremely formidable adversary. Sparks were flying everywhere and massive explosions were destroying the castle. Massive shockwaves from our punches and kicks were blasting apart the whole castle bit by bit. And if that weren't enough, the whole city was being destroyed by our extremely ferocious and savage battle. The battle was shaking the entire fabric of the entire universe with so much power and ferocity that it was completely unbelievable.

I punched Xehanort and sent him flying and he jumped toward me and I dodged and kicked him in the back and sent him crashing through the wall and he got up and he was infuriated.

Xehanort: I HATE YOU ALL!

Our auras flared up with extreme intensity and I kicked him in the face. Vince elbowed him in the stomach and Laney slashed off his left arm and Xehanort screamed in excruciating pain.

Laney: You've been disarmed.

Me: Now it's time for you to pay Xehanort. You're going to face up to your crimes.

I raised my hands into the air.

Varie: Spirit Bomb!

Me: Everyone share your energy with me!

From all over the Universe everyone raised their hands up and their energy came flooding into me and a massive energy ball the size of the Moon formed. Xehanort saw this and he went at me and slashed at me and then in a startling development, Xehanort's Keyblade smashed against my body into a million pieces.

Me: This is it!

I threw the Spirit Bomb at him and he tried to push it back. But it was far too strong for him to control. He landed on the ground and the Spirit Bomb hit him and it exploded with devastating power.

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Xehanort was completely obliterated in an instant and in the process The World That Never Was was completely destroyed. When the smoke cleared Varie had all of us floating in the endless void of space in a force field bubble. I wasn't even in the least bit exhausted.

Sora: Is it over?

Me: Yes Sora. Xehanort's energy signal has completely disappeared. It's finally over.

King Mickey: Thank goodness.

Goofy: Garsh. It's finally over guys.

Donald: Yeah! We won!

Kairi: Thank goodness it's finally over.

Varie: The power of the entire Universe working together was too much for him to handle.

Vince: You said it.

Carol: I can't believe that Xehanort was that evil.

Ansem: Me neither. As far as I know the Xehanort I knew long ago died ages ago.

Riku: I know.

Lea: But it's finally over.

Elena: Yeah. Good riddence to bad rubbish.

Me: Lets go home.

We later arrived at Sora's island. The Destiny Islands.

Me: Wow! So this is the Destiny Islands.

Sora: Yep. This is our home.

Varie: It's beautiful.

Vince: It sure is.

Sora: J.D. We can't thank you all enough for helping us destroy Xehanort and putting a stop to all of this madness.

Me: It was our pleasure Sora.

Lincoln: I'm glad we can help you all. The entire Universe was in danger and we couldn't let Xehanort's plan become a reality.

Riku: Yeah.

Sora: I wish we could go to your world and stay with you guys.

Me: I think I can arrange that.

I snap my fingers and beam the whole island over to Lake St. Clair.

The Simulator ended and we were all back home.

Sora: So where are we?

Me: This is where we all live. You're now on Planet Earth in our home dimension. There's lots of things to do and see here.

Varie: This is a place called Lake St. Clair.

Sora: It's beautiful and that city is amazing.

Me: That's Detroit, Michigan. We'll show you everything later.

Kairi: Sora I have something to tell you. Can you come with me?

Sora: Sure Kairi.

At sunset on the tree in the Secret Place, Sora and Kairi were watching the Sun set.

Kairi: Sora there's something you should know. Ever since this whole adventure began I feel like I've gotten closer to you more than ever before. You saved me from being used as a Princess of Heart and you saved my life more times than I can ever count. But now I realise that I have more than just a friendship towards you.

Sora: What are you saying Kairi?

Kairi: Sora, I love you. I love you with all of my heart and I want to spend the rest of my life with you.

Sora was shocked and he smiled.

Sora: Kairi I love you too.

They then surprised all of us and they kissed. It was a truely romantic sight.

Everyone: AAAAWWWWW!

(Sanctuary by Utada Hikaru plays)

Me: I always had a very strong feeling that they were made for eachother.

Vince: Me too J.D.

Lily: I've had that feeling too.

Me: Well guys. Lets go home.

Lori: Yeah. I have alot to tell Bobby.

Lana: I wonder what's for dinner.

Lola: I hear that dad's cooking his Lynn-sagna today.

Aqua: Your dad sounds like he makes really good food.

Me: His food is the best Aqua. You will love it.

Vince: Oh yeah.

We all head back to the house.

THE END.

# It's Payback Time

Me, Lori, Leni, Luna, Luan, Lynn, Lincoln & Linka, Lucy, Laney, Lana & Lola, Lisa and Lily were in the Simulator.

Varie, Vince, Aylene, Woody, Carol, Gabrielle, Shannon, Penny, Starfire, Terra, Raven, Argent, Kole, Bumblebee, Volcana, Naruto and the girls were in the control room.

The Simulator activated and we found ourselves in front of the Loud House?

Me: It feels like we didn't go anywhere.

Linka: Yeah I know. We're back in my dimension.

Lori: It sure looks exactly the same as home.

Lincoln: It sure looks that way.

?: Linka?

We all see Clyde's female counterpart Claudia.

Linka: Claudia!

They both hugged and were reunited.

Claudia: I thought you were dead.

Linka: No I'm not Claudia and I'm all right.

Claudia: I heard what happened to you.

Linka: I know. I was thrown into a portal that lead to another dimension.

Me: That portal lead to our dimension.

Claudia saw us and she was shocked.

Claudia: Whoa! So you're all from the dimension Linka went to?

Me: That's right. I'm J.D. Knudson.

Lincoln: I'm Linka's male dimensional twin Lincoln and these are my 11 sisters.

Lori: It's a pleasure to meet you. I'm Lori.

Leni: I'm Leni.

Luna: I'm Luna.

Luan: I'm Luan.

Lynn: I'm Lynn Jr.

Lucy: I'm Lucy.

Laney: I'm Laney.

Lana: I'm Lana.

Lola: I'm Lola.

Lisa: Greetings. I'm Lisa.

Lily: And I'm Lily.

Claudia: It's very nice to meet all of you. But Lily aren't you supposed to be a baby?

Lily: I get that alot. Biologically I'm 15 months old but due to me undergoing a powerful transformation I now look like I'm 10-years-old.

Claudia: That's cool. What kind of Transformation?

Me: Some of us got powers because of gods and goddesses from different myths from around the world.

Claudia: That is so cool!

Linka: Claudia we came back home to get payback on my so-called brothers except for Lars, Leif, Luke, Larry, Loni and Leon.

Claudia: Count me in!

?: And me too.

We all see Ronnie Anne's male counterpart Ronaldo Santiago.

Linka: Ronaldo!

They both hugged and kissed.

Everyone: AAAAAAAAAAAAWWWWWW!

Lincoln: I'm so happy for you both.

Linka: Me too Lincoln.

Ronaldo: So you all are from a parallel dimension?

Me: That's right.

Ronaldo: Oh wow!

Me: I can tell that your bond is so strong that not even the gap between dimensions can break it. We came to help out Linka. It's payback time!

Ronaldo: Count me in!

Me: Lets get them. (Cracks Knuckles)

Everyone else: Lets!

We go into the Loud House and we went in and saw that only Lynn Sr. and Rita's counterparts were at the table with Larry and Leon.

Me: Hello Mr. Lynn and Ms. Rita. We have some stuff to tell you.

Linka: Mom! Dad!

Linka ran to them.

Both Parents: Linka! You're all right!

She hugged them and cried hard and Larry and Leon hugged her too.

Larry: We all thought you were dead!

Leon: Winka!

Rita: Linka we're so glad your safe.

Linka: Thank my brother Lincoln, my best friends and my sisters here for looking out for me.

They saw us and they were shocked.

Me: Linka was thrown into our dimension from this one and she became part of our family very quickly.

Lori: Yeah. She is an amazing sister. By the way, we're her brothers female counterparts. I'm Lori and these are my sisters and brother Leni (Leni nods), Luna (Luna gives the Rock on Hand Sign), Luan (Luan nods), Lynn (Lynn makes the fistpump), Lucy (Lucy nods), Laney (Laney nods), Lana (Lana nods), Lola (Lola curtsies), Lisa (Lisa smiles), Lily (Lily nods) and Lincoln. (Lincoln nods)

Me: And my name is J.D. Knudson.

Rita: Thank you all so much for taking care of Linka.

Me: Your welcome.

Lori: It was our pleasure.

Luna: We also came here to teach her brothers minus Larry, Lars, Luke, Loni, Leon and Leif a lesson they'll never forget.

Lynn Sr.: Well usually I'm against violence but we see what's about to happen. Boys! Come down here.

Loki, Loni, Luke, Lane, Lynn, Lars, Leif, Lexx, and Levi came down.

Loki: What's up dad?

They gasped and they saw us.

Lori: You must be Loki. Well I'm gonna literally turn you into a human pretzel for throwing Linka into that portal and fighting over such petty things! (Cracks Knuckles)

Lola: You must be Lexx! That Brother Fight Protocal ruined this family!

Lisa: Levi, so at last we meet. It's time to show you the error of your ways with sheer brute force!

Luan: You must be Lane. I'm going to Punch Your Lights Out! [Rimshot] (Laughs) Get it? But seriously I'm going to pulverize you into a pulpy pancake for everything you did to Linka!

Me: (Laughs) Good one Luan! But seriously Save seconds for all of us!

Lynn (Female): We may share the same name but your time is up! (Cracks Knuckles)

Lucy: So you are Lars. The darkness has not been kind to you hasn't it?

Lars: No it has not.

Leni: So you are Loni. Those clothes are totes adorbs on you.

Loni: Thank you.

Luna: Luke. You have a rockin' style!

Luke: Rock on!

Lana: So your Leif. Watch this. Here's mud in your eyes!

Lana throws mud at Lexx and it hits him in the face.

Lana: That makes you even more uglier.

The Loud Boys gasped.

Lexx became enraged and Lola punched him in the face and he crashed into a garbage can.

Lola: How's that for girl power?

Me: Lets take this outside.

Loki: Good thinking.

We all go outside.

Me: All right girls choose your counterpart.

Lori faced Loki.

Lori: Lets dance Loki.

Loki: I couldn't agree more.

Lori spread her blue wings and fired a wind blast at him and it blew him into a pile of garbage.

Lori: That's wind power for you.

Luan faced Lane.

Luan: Get ready Lane.

Luan spread her wings and fired a blinding white light at Lane and he screamed.

Lane: MY EYES! I CAN'T SEE ANYTHING! I'M BLIND!

Luan: You deserve it for everything you did to Linka.

Lynn (Female) was facing her male self.

Lynn (Female): Lets fight.

Lynn (Female) spread her wings and threw a lava bomb at her male self and it hit the ground and exploded. It burned his leg bad.

Me: That must've hurt.

Lola: You give all beauty pageant girls a bad name Lexx!

Lola spread her fire wings and threw a fireball and it hit his car and it exploded and he landed in a pile of sludge built by Lana and Leif.

Lana: Nice work Leif.

Leif: Thanks Lana! (High fives)

Lisa: Your treatment towards Linka is completely unacceptable!

Lisa spread her metal wings and built a freeze ray with her technokinetic powers and froze him in ice.

Me: This is what you guys get for being mean brothers.

Lucy: I agree.

Lars: We should've never sent Linka into that dimension. We let our rage get the better of us.

Laney: It's not your fault Lars. It's that stupid protocal.

Lars: I agree with you Laney.

Me: I called the fight you all had DEFCON 0 or Jonestown Massacre.

Luke: What's Jonestown Massacre?

Luna: It was a nasty event from back in the 70's bro.

Me: Yeah. It happened in Jonestown, French Guiana. 900 people died from suicide by Cyanide poisoning.

Leni: That is totes terrible.

Loni: Yeah.

Larry: By the way Laney do you have powers?

Laney: I sure do. I have plant powers. Watch.

Laney touched the ground and apple tree.

Larry: That is so cool!

Lars: That is wicked.

Lucy: I have dark powers. Watch.

Lucy fired a bolt of Black Lightning at Lexx.

Lucy: Let fear consume you.

Lexx saw everything completely covered in mud and garbage, filth and crud and he screamed like a little girl and ran inside.

Lars: Wicked. What did you do to Lexx?

Lucy: I cursed him so that when he steps outside everything he sees will be only garbage and filth.

Lars: Gasp! That is wicked.

Leon: Wily.

Lily: Yes Leon my name is Lily. I became like this because of my powers.

Leon: Powa?

Lily: Yes. I have glowing water powers.

Lily forms a fountain of glowing blue water in the middle of the driveway.

Leon: Ooohh!

Lily: I know.

Claudia: I didn't know that some of the Loud Siblings you know now have powers Linka.

Linka: We have lots of unique abilities. Me and Lincoln have Lightning Powers.

Lincoln: Yep. Watch.

Lincoln and Linka spread their wings and fired a bolt of lightning at Lane and he got electrocuted.

Lane was a smoking mess.

Lane: (In pain) Ouch.

Claudia: Wow! That was awesome!

Lincoln: That was cool huh?

Claudia: Does my male self have powers?

Lincoln: He sure does. He has time powers.

Claudia: Time powers!? That is so cool!

Linka: It is.

Ronaldo: Does my female self have powers?

Me: She sure does. She has Firework Powers.

Ronaldo: That is so cool!

Lincoln: I know.

Leif: Lana you sure know how to live.

Lana: I know. I also have Ice powers. Watch.

Lana spread her ice wings and fired ice lightning at Loki and encapsulated him in a block of ice.

Leif: That is cold and awesome!

Lana: I know.

Luke: Luna do you have powers too?

Luna: I sure do dude. Watch.

Luna fired a ball of singing water and it landed by Levi and Lexx and they were entranced by the enchanted singing and Lola and Lisa kicked them into the sludge pile.

Lincoln: Nice shot Luna. Want to help me with this one?

Luna: You got it bro.

Lincoln and Luna stood ready.

Lincoln and Luna: IT'S RIPPING TIME!

They held their R rings up and a portal opened up and out came the Ripping Friends.

Crag: Luna and Lincoln. It's been a while.

Luna: That is has Crag.

Chunk: So what's the problem guys?

Lincoln: We're pulverizing Linka's brothers to get payback on them for sending her to our dimension because of being bad silblings.

Rip: I see.

Crag: You called us at the right time. Come on fellas!

Crag, Rip, Slab, Chunk, Lincoln and Luna: IT'S RIPPING TIME!

They pulverized Loki, Lane, Lynn (Male), Lexx and Levi into pulpy pancakes and left them seeing pretty cartoon birds, stars and flowers orbit around their heads.

Loki: (Stupidly Dazed) Mommy can you please read me a bedtime story?

Slab: We sure beat them up good!

Luna: You said it Slab.

Linka: That was too funny.

Later after the beating was done, Loki, Lane, Lynn (Male), Lexx and Levi were in full body casts in their rooms.

Linka: Guys I'm sorry I can't stay and it's gonna take me quite some time for me to trust Loki, Lane, Lynn, Lexx and Levi and forgive them.

Rita: We understand sweetie.

Lynn Sr.: But just remember that no matter where you are you will always be our little girl.

Linka: I know dad. I love you guys.

Linka hugged her family.

Me: I have something for you Mr. Lynn.

I gave him a special watch that Lisa made.

Me: This special watch can open a door from this dimension to ours. So you can visit Linka anytime you want.

Mr. Lynn: Thank you J.D.

Me: You're welcome.

Lori: Ready to go Linka?

Linka: You bet Lori.

We all enter a vortex and head home. Linka had gotten justice for the treatment at the hands of her mean brothers.

THE END.

Another Fanfiction Complete.

I wanted to do a special chapter where Linka gets justice for what her mean brothers put her through. This time they include the girls and show the boys no mercy. I wouldn't call this revenge. I would call it Retributive Justice. Let me know what you all think. I had to tell each of Lynn's counterparts apart because they share the same name and are both sexes.

See you next time.

# Canada Mutant Island P1

It starts in my room. I am packing for a very interesting reason.

Me: [To the Viewers] Oh hello there. In case you're wondering why I'm packing up, I got accepted onto a cool reality TV show up near the border between the United States and Canada. It's on an island near Muskoka, Ontario, Canada. The show is called [Holds up a poster] Total Drama Revenge Of The Island, Hosted by Chris McLean and the grand prize is $1 Million in Canadian money which is $797,480.00 in USD. This is gonna be awesome! I'm gonna be gone for 8 weeks and after I finish telling my friends I'm off. [I finish packing all of my things] Okay. I'm all packed. Now to tell my friends.

I slide down to the living room of the Loud's and I have my suitcase with me.

Me: Guys! I just came to tell you that I'm off.

Lori: It is gonna be so cool seeing you on Total Drama Revenge Of The Island!

Lana: It's my all time favorite show and I heard that the competition is gonna be fierce this year.

Me: I know. Now I know you're probably gonna say "What are you all gonna do while I'm gone?" But I've already thought ahead of that. Varie is gonna be with you all. Anyway. I'm not gonna be that far away from you guys. I'm going to Wawanakwa Island near Muskoka, Ontario, Canada.

Lisa: That is 338.1 miles northeast across the United States-Canada Border and is in Lake Huron.

Me: That's right. But we'll still talk to eachother on my laptop. Well guys I got to go. I'll see you all in a few weeks.

Everyone: Bye J.D.!

I get in a cab and it drives me to Lake Huron.

Naruto is with me too.

Naruto: I'm really excited to be on Total Drama Revenge Of The Island with you.

Me: Me too little bro. I got clearence via my passport.

Naruto: Me too.

We both hold up our passports.

Cab Driver: I'm jealous of you two. Total Drama is my all time favorite show and I always wanted to be on that show.

Me: I believe it.

We arrive at a dock by Lake Huron.

Me: Thanks man. What do we owe you?

Cab Driver: It's free man. Go win that cool mill J.D.!

Me: I will. Thanks man.

The cab drove off.

Me: Ready bro?

Naruto: You bet.

We ran on the water to Camp Wawanakwa and we arrived in less than an hour. We arrived at Wawanakwa Island.

Me: So this is Wawanakwa Island. It's beautiful.

Naruto: It sure is.

?: Guys!

We both saw the host of the show Chris McLean.

Me: Chris McLean. It's such an honor to meet you man.

Chris: Same here. J.D. Knudson and Naruto Uzumaki Namikaze. I've heard so many good things about you guys.

Naruto: We get that alot wherever we go.

Chris: You guys are two hours early and the other competitors won't be here until then.

Me: I had a feeling we were early. Being a ninja has its perks.

I look into the islands forest.

Me: Wow! The forest is completely different from what I remember seeing on Total Drama Island.

Naruto: Yeah it looks like it's been mutated.

Chris: That's because I've done some tweaks to the show.

Me: I can't wait to see them. Chris I loved the songs you all did on Total Drama World Tour. That was awesome. Everyone has great singing talent.

Chris: I'm glad you like that J.D. Let me give you both a tour of the island.

Me: Okay.

We go into the mess hall.

Chris: This is our Mess Hall where you can talk to all the campers and have some time before the challenges I'll be giving you all.

Naruto: It's really nice man.

Chris: Thank you. This is my friend Chef Hatchett.

Me: It's a pleasure to meet you Chef Hatchett Sir!

Chef Hatchett: Pleasure is all mine soldier.

Me: I had a feeling that Chef Hatchett was a soldier or sergeant for the Canadian Army so I had to be respectful.

Chris: That's okay.

Chris showed us our cabins where we'll be staying for the next 8 weeks as well as the ceremony site.

Chris: That's the campsite for you.

Me: It's really cool man. Also we have something to tell you both about Naruto's background.

Chris: All right.

In the cafeteria Naruto took Chris and Chef into his mindscape and explained the full depth of his dark background to Chris and Chef and were crying.

Chris: (Crying) Naruto that is really horrible!

Chef: That kind of stuff would give even the hardest soldier nightmares for life. I'm sorry that happened to you man.

Naruto: It's all right Chef. But thank you for your concern.

Me: Naruto is now my adopted little brother. He and I are very close to eachother.

Chris: I can tell.

A boat horn is heard.

Chris: Oh. The other campers are here.

Me: I can't wait to meet them.

We go to the beach and we saw a boat come in and it had new players on it.

Jasmine: It sure is mate.

Naruto: I can't wait.

Chris: Here's Dawn!

Dawn walked up to us and she was a pretty girl and butterflies were fluttering around her.

Dawn: (Talking to a butterfly) What's that? J.D. and Naruto are here? I can see that. J.D., Naruto it's such a pleasure to meet you both.

Me: Same here Dawn.

Dawn: Your auras tell me that you both have done so much good for both nature and the world.

Me: Interesting. You have aura sight too.

Dawn: That's right.

Me: You would like my friend Vince. He has aura sight and Crystal powers.

Dawn: I'll have to meet him someday.

Naruto: He is great Dawn.

Dawn: I'm sure and (To Mike) I've never seen so many different colors before.

Me: He has Multiple Personality Disease and I think it's cool for him.

Dawn: That's interesting.

Chris: Here's Lightning!

A Boy in a blue jersey came out of nowhere and landed by us.

Lightning: Hello everyone! LIGHTNING IS IN THE HOUSE!

Me: It's a pleasure to meet you Lightning.

Lightning: J.D. Knudson! I've heard so many big things about you. And Naruto it's such a pleasure to meet you.

Naruto: It's mutual.

Sammy: Amy has always been the superior twin next to me. I've always been 2nd class.

Naruto: She's like an Evil Female Sasuke.

Me: I can believe it bro.

Mike: That's horrible Sammy. I think you have a great talent in everything like Amy does. She's just too blind to see it.

Me: I agree. We'll do our best to help you.

Sammy: Thanks guys.

Chris: Here's Leonard!

Leonard was a wizard kid.

Leonard: It's an honor to meet you Chris. I might cast a spell on you if I don't win.

Chris: Okay.

Leonard: J.D. Knudson and Naruto Uzumaki Namikaze? I've heard so many good things about your achievements.

Me: It's mutual. Are you wanting to become a magician?

Leonard: I am a magician it's just that my spells haven't been working out at all.

Me: Hey I'll help you when I can man.

Leonard: Thank you J.D.

Chris: Sugar!

Sugar: (Southern Accent) Oh my Lord! It's a real honor to be here! J.D. Knudson! You are awesome!

Me: It's mutual. It's a pleasure to meet you Sugar. Are you from the south in the U.S.?

Sugar: I sure am. I'm from Alabama.

Me: Awesome. Always a pleasure to see a fellow countrywoman.

Sugar: Same here darling.

Chris: Ella!

A girl dressed in a Snow White Princess gown landed onto the dock as birds were carrying her.

Ella: (Singing) We've just landed on the dock and I bid you all ado from the bottom of my heart. (Normal Talk) It's such an honor to meet you Chris. J.D. Knudson and Naruto Uzumaki Namikaze. You are both princes that are perfect for anyone.

Me: It's a pleasure to meet you too Ella. You have a beautiful singing voice.

Ella: Thank you.

Naruto: You would love our friend Lola Loud. She's a beauty pageant queen and a princess.

Ella: I'm sure she would be an awesome friend.

Chris: Shawn!

Shawn was a paranoid kid.

Shawn: Was that a zombie!?

Me: There are no zombies here man.

Shawn: J.D. Knudson and Naruto Uzumaki Namikaze? It's an awesome honor to meet you both.

Me: Same here. Are you training for a Zombie Apocalypse?

Shawn: Yes I am.

Me: Me and my friends at the Loud House had the flu and it made them act like Zombies. It was weird.

Shawn: The Zombie Flu. That's unusual.

Me: It was. It was the influenza virus that was making them act like Zombies.

Shawn: That is weird.

Naruto: Yeah it was. But everyone got better in a couple of days.

Shawn: That's a relief.

Chris: Cameron!

A short boy came.

Cameron: It's a pleasure to meet you Chris. J.D. Knudson and Naruto Uzumaki Namikaze? I've heard so many good things about you.

Me: It's mutual. Are you an inventor like our friend Lisa?

Cameron: I invent lots of interesting things and you know Lisa Loud?

Me: Yes we do. She's one of our best friends.

Cameron: That's awesome! We are both friends in the science world and we have an awesome knack for science.

Naruto: I can believe it.

Chris: Here's Zoey!

Zoey was a sweet girl that had a flower in her hair.

Zoey: I'm kinda nervous about all of this.

Me: It's okay Zoey. This is new for all of us too.

Zoey: J.D. Knudson and Naruto Uzumaki Namikaze? This is awesome! It's gonna be so cool to work with you guys.

Naruto: I believe it.

Chris: And our final new contestant: Alan!

Alan: It's so cool to see you Chris.

Me: (Gasp) Alan!? Is that you?

Alan: J.D.! Hey bud!

We both hug.

Me: Alan it's so awesome to see you here on Total Drama!

Alan: I know. Who Brought the Tartar Sauce?

Me: (Imitating Ed) Ah Ha Ha Ha!

Alan: (Imitating Ed) Eggs, eggs, eggs, eggs, eggs, eggs, eggs.

Me: (Imitating Ed) If only we had a sack of Potatoes.

Alan: It's mine Ed!

Me: Bro this is Alan Bushman. He's my best friend from Colorado.

Naruto: It's a pleasure to meet you Alan.

Alan: Same here.

Me: We met when I started 9th grade. He's one year behind me.

Alan: Yep.

Naruto: That's cool.

Alan: Yeah. Anyway I'm here to win the million dollars for me and my family.

Me: Right on dude.

Chris: Great reunion guys. And finally we have some members of Season 1's cast returning. Here's Gwen.

Gwen was a goth girl.

Gwen: You know how much I hate coming here Chris. (Sees me and Naruto) J.D. Knudson and Naruto Uzumaki Namikaze. I've heard so many big things about you both.

Me: We get that alot. I saw you on Season 1 and congratulations on winning the 100K.

Gwen: Thanks J.D.

Chris: Duncan!

A boy with a green mohawk arrived.

Duncan: Stuff it Chris. J.D. Knudson and Naruto Uzumaki Namikaze? Awesome!

Me: It's a pleasure to meet you Duncan. Way to kick butt in Season 2.

Duncan: Thanks man. I feel very bad for Courtney though. Maybe I should talk to her.

Me: I saw that on Season 3. That was horrible.

Duncan: Yeah. But I'm hoping I can reconsile with her.

Naruto: You can do it man. And if that fails there's plenty of other fish in the sea.

Duncan: That's true. Thank you.

Chris: Courtney!

A girl in grey came.

Courtney: I have my lawyers ready for you Chris. Just in case. (Gasp) J.D. Knudson and Naruto Uzumaki Namikaze! This is so cool!

Me: It's a pleasure to meet you Courtney. I'm so sorry that Duncan did what he did on Season 3. But he wants to try and make it up to you somehow.

Courtney: I appreciate you telling me this J.D.

Me: No problem.

Chris: Here's Heather!

All: OH NO!

Heather arrived as flames appeared in the background behind her.

Heather: Chris you know how much I hate this show.

Me: So you're Heather. I've seen your dirty tricks.

Heather: Just do what I say and we'll have an understanding.

Me: Sorry but I don't take orders from you.

Naruto: Me neither.

Heather: You are so gonna regret it.

Me: Do your worst.

Chris: Here's Izzy!

Swinging on a vine came Izzy and she was a girl of the wild.

Izzy: Hey guys!

Me: It's an awesome honor to meet you Izzy. My friend Lana would love you.

Izzy: It's such an honor to meet you J.D. I'm sure she would love me too.

Me: Lana is a girl that loves all animals and she loves the wild.

Izzy: She sounds awesome.

Naruto: She may be 6 but she is awesome.

Izzy: I can believe it Naruto.

Chris: Here's Owen!

A big guy came.

Owen: Woo-Whoo! It is so awesome to be back guys.

Me: Owen! How's it going dude?

Owen: J.D. Knudson and Naruto Uzumaki Namikaze!? Awesome! It's an honor to finally meet my pen pals.

Me: Same here dude.

Naruto: It's awesome to meet you in person man.

Owen: Same here Naruto.

Chris: A lot of reunions are happening today huh? Finally here's Bridgette!

Surfing on a wave was Bridgette. A blonde surfer girl.

Bridgette: It's so cool to be back. J.D. Knudson and Naruto Uzumaki Namikaze are here too? Awesome!

Me: It's a pleasure to meet you Bridgette. How are things with you and Geoff?

Bridgette: Geoff is an awesome and sweet guy. I want to win the million so we can start our family. I'm now engaged to him.

She shows a diamond engagement ring.

Me: Congratulations Bridgette.

Naruto: Awesome.

Gwen: Way to go Bridgette.

Owen: Congrats Bridge.

Bridgette: Thanks guys.

Me: This is gonna be so awesome. I can't wait to have some fun.

Me, Naruto, Alan, Jasmine, Scott, Mike, Dawn, Lightning, Shawn, Amy & Sammy, Leonard, Ella, Sugar, Cameron, Zoey, Gwen, Bridgette, Owen, Heather, Duncan, Izzy and Courtney stood ready.

Chris: And we are going to start right now. It's time for our first Challenge. Something I call Obstacle Course of Mayhem! (Evil Chuckle)

We were placed onto our teams. Me, Alan, Naruto, Izzy, Dawn, Gwen, Mike, Zoey, Sammy, Ella, Bridgette, Shawn, Jasmine and Courtney were called the ATOMIC OWLS! And the rest were called the NUCLEAR BEARS!

The Atomic Owls logo was an owl with 3 eyes and 2 sets of wings and the Nuclear Bears logo was a grizzly bear that had 6 arms and a mouth in its stomach.

We later saw an intense obstacle course. It was totally over a mud field that had mutant beavers and it had a bridge, a spinning log, bounce balloons, a weaving course and more.

We had to go through the course while carrying our teams mascots.

I went first and I was against Scott.

Scott: I got all of this in the bag.

Me: Your overconfidence will be your undoing.

Scott: We'll see.

Chris: Go!

We ran and got onto the bridge and I pushed Scott over the side and he fell face first into the mud and the beavers chased after him.

Me: Loser.

I got to Naruto at the spinning logs.

Me: Here bro.

Naruto: Thanks J.D.

Naruto takes the owl gently and he ran across the logs no problem.

Naruto: Here Alan.

Alan: Thanks Naruto.

Naruto gave the mutant owl to Alan and Alan jumped across some tall rock spikes. He got to the other side and handed the mutant owl to Dawn.

Dawn: Thanks Alan.

Alan: You're welcome Dawn.

Dawn swung on a rope and weaved around some giant baseball bat sculptures and she landed in a baseball glove.

Chris: The Atomic Owls win!

We all cheer and the Nuclear Bears were disappointed and glaring at Scott.

At the campfire ceremony the Nuclear Bears were voting while we were watching.

Chris told them that whoever gets the Toxic Marshmallow of Loserdom is the one that can never come back.

Everyone but Scott got a marshmallow and Scott got the radioactive Marshmallow and it burned him bad.

Chris: Scott it's time to go.

Scott: This can't be happening.

Me: It is loser!

Amy: J.D. you're not supposed to be here.

Me: I know. I just like to watch. Besides I knocked him into the mud and we won. I'm just enjoying his pain. Schadenfreude.

Chris: Funny.

Me: But you're not gonna take them out of here by boat are you?

Chris: No, I've got something even better.

Chris showed us a big catapult.

Chris: Behold the patent pending Catapult of Losers. Or as I call it the Hurl of Shame.

Me: Cool.

Chris: J.D. since you knocked Scott out you get to do the honors.

Me: With pleasure Chris.

Scott got in the Catapult and he was enraged.

Scott: You haven't heard the last of me J.D. I will have my revenge!

Me: Go blow it out your nose, Buttface!

I pull a lever and Scott was hurled a long distance.

Me: (Whistles) That's a long distance. I hope his lungs can be used as pillows.

Chris: (Laughs) Well done J.D.

Me: Thanks Chris.

Chris: See you next challenge man.

Me: Will do.

At our cabin I had my laptop computer out and called Lincoln.

Lincoln answered.

Lincoln: Hey J.D.

Me: Hey Lincoln. Did you guys see us on T.V.?

Lincoln: We sure did and you all were awesome!

Me: Thanks buddy. Oh guys I want you all to meet someone. This is my best friend Alan Bushman. We went to school together over in Colorado.

Alan: Hello.

Lincoln: It's a pleasure to meet you Alan.

Alan: Same here. I've heard all kinds of awesome things about you.

Lincoln: Well it's all mutual.

Me: Yeah. Hey guys come here and meet my friend.

Everyone gathered and they saw Lincoln.

Courtney: So you're Lincoln Loud. It's a pleasure. I'm Courtney.

Lincoln: It's a pleasure.

Everyone introduced themselves.

Lincoln: It's a pleasure to meet all of you.

Sammy: I've heard alot of good things about you and your sisters Lincoln.

Lincoln: I know. I saw your sister on T.V. She's like an evil female version of Sasuke.

Sammy: Who is Sasuke?

Naruto: He's my best friend and he's a ninja. He has a very dark past and he used to have this bad avenger complex in him until we changed him.

Jasmine: Oh I've seen him before and he was awesome.

Lincoln: Yeah. Amy is like a much more evil Sasuke. Female style.

Sammy: That's a good way to put it Lincoln.

Lincoln: Congratulations on winning the first challenge guys.

Me: Thanks buddy. We have a long road ahead of us and it's gonna be tough.

Lincoln: Good luck guys and I hope you win J.D.

Me: I plan on having the whole team win. I found a loophole that if the whole team wins without losing a single contestant, that team wins automatically.

Lincoln: That's a good strategy.

Bridgette: It is. I hope we all win.

Me: Me too. Well See ya buddy we got to get some shut eye.

Lincoln: Okay. We'll be rootin for you all. Bye.

Me: Bye Lincoln.

The call clicks off and we all hit the hay.

Continues in part 2.

# Canada Mutant Island P2

Week 2

Me, Naruto, Alan and team were at the Mess Hall table having breakfast. Courtney was having a delicious eggs benedict and Me, Naruto and Alan were having french toast and waffles. Everyone else but the Atomic Owls was having bad gruel.

Suddenly the P.A. system came on.

Chris: Attention campers. Meet out in the docks for todays challenge. You are gonna love it.

We go out to the docks and Chris was waiting for us.

Chris: Now today's challenge is something I like to call Face Your Worst Enemy.

Me: Bring it on Chris.

Chris: I had a feeling you would like this one J.D. The rules are simple. I call your name and you step into the ring. I spin this wheel and whatever it lands on, that will be your opponent. You win against your opponent your team gets a point.

Naruto: This is gonna be cool.

Chris: I know. J.D. you go first.

I go into the ring and Chris spun the wheel and it landed on a dark blue Silhouette of none other than…

Chris: Here's your opponent. From Season 1's original cast is EVA!

All: Oh No!

Eva came out onto the arena and raging flames roared in the background behind her.

Eva: So I'm back and now I can get my revenge.

Me: Eva. So you're my opponent.

Eva: Yeah I am. You got a problem with that loser!?

Me: Yeah I got a problem with that! You're gonna pay for wanting to hurt Bridgette.

Eva: So you're protecting little miss backstabbing traitor huh? Well I'm going to kill you myself.

Me: Not if I kill you first! You Ugly Sociopathic Piece of Dirt!

Everyone gasped.

Eva: What did you just call me?

Me: You heard me or is your brain so tiny that you don't even know anything and need a brain transplant.

Eva: You are so dead!

Me: I've heard better comebacks from a turkey sandwich. Normally I'm not supposed to hit girls but in this case I'll make an exception.

I dashed and punched her in the face and she went out of the ring. She was knocked out.

Me: That was a waste.

Chris: J.D. wins a point!

An Atomic Owl logo gets a 1 on the scoreboard.

Chris: Next up Gwen VS Heather!

Gwen: I've been wanting some payback.

Naruto: Go get her Gwen!

Gwen and Heather were in the ring.

Heather: Well well. Gwen. How have you been?

Gwen: I've been wanting to pound your face in since season 2 and 3.

Heather: Then come and try it.

Gwen dashed and punched Heather in the nose and kicked her in the mouth and knocked out a tooth from her.

Heather screamed.

Heather: My tooth! You will pay for this!

Gwen kicked her in the stomach and punched her in the face and kicked her in the back and Heather was knocked down.

Gwen: You've been asking for this for a long time.

Chris: Gwen wins!

We cheered.

Chris: Next is Samey.

Naruto: It's Sammy.

Sammy got up onto the arena and Chris spun the wheel and it landed on what looked like a man on all fours.

Chris: Ooh. You're not gonna like this one guys. It's our old friend Freak-zekial.

Out on the arena came Ezekial from Seasons 1 and 3 and he was completely feral.

Me: That's Ezekial!

Naruto: Oh man and he's completely Feral.

Alan: No kidding. I saw what happened to him on Total Drama World Tour and he was considered the worst contestant ever.

Me: No kidding bud. He was considered a chauvinistic narcissist and he makes all boys everywhere look bad.

Gwen: I agree.

Courtney: Me too.

Sammy: So you're Ezekial. Lets play.

He lunged at her and she dropped and flung him over the island with her legs.

Me: Whoa!

Chris: Samey wins!

We cheer wildly.

Amy: Samey is still a weak and pathetic girl.

Me: Shut up Amy!

Chris: The Atomic Owls win!

We won the challenge.

At the campfire ceremony everyone but Heather got marshmallows.

Chris: Heather gets the Toxic Marshmallow of Loserdom.

Chris gave her the Radioactive Marshmallow and her hair fell out.

Heather: (Screams) My hair!

Me: That's quite an improvement for you. Loser!

Heather: I cannot believe this! Cheated out of a million dollars again! I hate this show!

Me: Go blow it out your nose Heather.

Heather: You all will be hearing from my lawyers!

I blow a Raspberry at her and she got on the Catapult and was hurled away.

Me: So long LOSER!

Naruto: What a pathetic loser.

Me: You said it bro. I think her parents would be a lot better off without her. She's a total sociopath.

Alan: Yeah.

We go back to our cabin and I mark on the wall with an X stamp on Heather's face.

Me: 2 Down 9 to go.

Jasmine: (Australian Accent) Yeah. Good riddence to that snake Heather. She really gave all us girls everywhere a bad name.

Me: You said it Jasmine.

I pull out my Laptop and call Lincoln.

Lincoln: Hey J.D.

Me: Hey Lincoln. Victory number 2 for the Atomic Owls.

Lincoln: We saw and we're very glad that Heather is out. She gave girls everywhere a bad name.

Me: Jasmine said exactly the same thing.

Lincoln: Yeah. Also great job socking it to Eva. That girl has a lot of anger problems.

Me: No kidding. She was on Season 1 and if she doesn't get her temper under control she could become a menace to society here in Canada.

Laney: I believe it. Eva seems to be suffering from Borderline Personality Disease. It's a personality disorder in where any little thing will make you mad with explosive rage.

Me: I can believe it Laney.

Bridgette: Eva called me a backstabbing traitor and she was gonna kill me in season 1.

Courtney: Yeah. But I heard that she was voted off a second time.

Laney: It sounds like Eva has caused alot of problems for all you guys.

Gwen: You don't know the half of it. She was a major problem to all of us.

Lincoln: From what I saw, Heather stole her MP3 player and made Eva go on a rampage in the camp.

Everyone but me and Naruto: WHAT!?

Gwen: Heather did all of that!?

Lincoln: Yeah. We watch Total Drama here in the U.S. and we all saw Heather do all sorts of evil things to all of you. She tricked Lindsey and Beth and even sabotaged Gwen and LeShawna's victories.

Me: Looks like I was right about the Sociopath part.

Sammy: She is pure evil.

Jasmine: That is bad. But something tells me that we have not seen the last of Heather the Evil.

Me: Good nickname for her Jasmine.

Jasmine: Thank you mate.

Laney: Heather also seems to be suffering from Narcissistic and Antisocial Personality Disorders. She only cares about no one other than herself and is constantly wanting to be the absolute center of attention.

Me: That could very well be the case Laney.

Courtney: How do you know so much about Psychology, Laney?

Laney: I want to be a forensic and criminal psychologist when I grow up and it's a really cool job.

Gwen: That is so awesome.

Bridgette: I have a feeling that you can do it Laney.

Laney: Thanks Bridgette.

Lincoln: I can't wait to see what you guys do in Challenge 3.

Me: I have a feeling it's gonna be a good one. We got to hit the hay. See you next week guys.

Lincoln: See you guys. We're rooting for you.

Me: Thanks buddy. Bye.

The call clicks off and we hit the hay.

Continues in part 3.

# Canada Mutant Island P3

Week 3

It was Week 3 of Total Drama Revenge Of The Island. Chris walked out and blew an airhorn in his megaphone.

We all woke up and got dressed.

Chris: Morning campers.

Me: Hey Chris. What challenge do you have for us today?

Chris: I'm just gonna get to that. First it's time for a 20 Kilometer run around the lake. Now lets go!

We all ran and we were getting our legs in shape and 1 hour later it was time for breakfast and it was a buffet table.

We ate all the food and it was delicious.

Me: Boy that was great. (Burps) Excuse me.

Naruto: You said it. I ate 80 bowls of Ramen.

Alan: I ate all the turkey.

Me: We're stuffed.

Chris: That's good cause it's now time for the AWAKEATHON!

Me: Oh I've seen this one. This was a funny one. I'm literally impressed that you all stayed up for almost 4 days.

Gwen: Ugh. Don't remind me. But thanks.

We got started.

12 hours later.

Chris: (Like a nature documentary narrator) We are now 12 hours in and our campers are getting started.

Owen: Whoo-woo! I can stay up like this all the time!

Owen fell asleep. It was the last camper standing that wins the challenge.

48 hours later.

Me and Naruto are still awake and we weren't even in the least bit tired.

Me: 60 hours and I'm not sleepy at all.

Naruto: Me neither.

Gwen: (Yawns) How do you do it guys?

Me: We both have powerful stamina. One time I stayed up for 12 whole days non-stop.

Gwen: That's incredible.

Courtney: You guys are strong.

Alan: No kidding.

Dance of the Sugar Plum Fairy plays and Chef Hatchett is dressed like a fairy and dancing ballet.

Me: Oh that is just wrong on so many levels.

Naruto: Yeah.

36 hours later.

Me: Jeez. 96 Hours and I'm still not tired.

Gwen: (Yawns) No kidding. What is your secret?

Me: It's no secret Gwen. I just look up at the sky and the clouds, the Sun and the stars and the Moon. They provide me with unlimited

energy.

Gwen: That is so cool J.D.

Gwen falls asleep.

I grab a blanket and put it on her and sit back down. Then I saw that Duncan standing there completely still. Me and Duncan were the only ones still awake.

Me: Whoa. Duncan hasn't moved the whole time.

I got up and I saw that his eyelids were painted.

Me: His eyelids are painted!

Chris: Shut up! I've got to see this.

Chris went over and saw it and Duncan opened his eyes.

Chris: That is so wicked cool! Justin did this back in Season 1. You're still out dude. J.D. wins!

Me: Whoo-Woo!

Chris: That was so AWESOME J.D. You literally have set an all time record in the Awakeathon. 100 Hours and 12 minutes.

Me: Hard to believe huh Chris?

Chris: No kidding.

Me: I think everyone's gonna be too tired for the Campfire Ceremony.

Chris: You're right. Lets round everyone up and have them get some sleep.

Me: Good thinking. (Forms A Hand Sign) SHADOW CLONE JUTSU!

20 Shadow Clones of me appeared and we carried everyone back to their cabins.

2 days later at the Campfire ceremony the Nuclear Bears were voting yet again.

Duncan was given the Toxic Marshmallow of Loserdom and was hurled.

Back in the cabin I stamped Duncan's face and I pulled out my laptop and went out to a picnic table.

I called Lincoln.

Lincoln: Hey J.D.

Me: Hey Lincoln.

Lincoln: J.D. that was awesome how you stayed up for 100 hours.

Me: It was a walk in the park for me.

Lynn: I can believe it. Your stamina really is powerful.

Me: I can believe it. But anyway I'm out here at a picnic table while letting everyone gets some sleep. I have a feeling that everyone is gonna sleep for 2 maybe 3 days after all of that.

Lincoln: No kidding. If I did that challenge, I would be asleep 8 hours in.

Me: I can believe it. Just try going for 12 whole days.

Lynn: Even I can't go that long without sleep. I may be a sports master and have lots of stamina but yours is far more powerful than mine J.D.

Me: Well I don't know about that Lynn. Not to brag but you're right.

Lincoln: So how many campers are left on the Nuclear Bears?

Me: 8 and we have them right where we want them. Our strategy is working so far.

Lincoln: That's good. What do you plan to do with the million once you win?

Me: I haven't thought that far. But to Rockefeller he would call $798,000.00 small change. One million Canada dollars is that much in USD.

Lincoln: That's true. I forgot about that. But anyway I have a feeling that you're tired after all that.

Me: You're right buddy. (Yawns) See ya next week buddy.

Lincoln: Will do J.D.

The call clicks off and I head back into the cabin and go to sleep.

Week 4

We were all in the mess hall for our 4th challenge.

Chris: Campers welcome to your challenge. Now you all remember my favorite time during season 1. We are going to do THE BRUNCH OF DISGUSTINGNESS.

All: OH NO!

Me: I remember this challenge. Chris did a Battle of The Sexes version of this challenge.

Owen: That's right J.D. The Brunch of Disgustingness was the grossest challenge we all ever did.

Courtney: I heard you guys hurled your guts all over the place.

Alan: Oh man.

Naruto: This is not gonna be good.

Chris and Chef snickered.

Chris: All right campers. This is also gonna be a double-elimination round. Here's the rules. We will not be doing a Battle of The Sexes theme this time. You will be in your teams. You will each be given a 9-Course Meal and it will be gross and the dish you had will be grosser than the last. The team that finishes the most dishes wins.

Me: This is gonna be good.

Chris: I love that confidence J.D. First some hordearves.

Me: From what I remember the 1st dish was Bull Cahones.

Chris: An interesting way to put it. Heres the dish. Ants. White ants.

Me: Interesting. The people in Uganda eat these.

I eat them and they taste like chicken.

Me: Tastes like chicken.

Naruto: That's cool.

Naruto eats them and the team ate them too.

Chris: Team Atomic Owls wins round 1.

We cheer.

Chris: Good job Owls. J.D. how did you know that the Uganda people eat white ants?

Me: Me and my family traveled all over the world and I learned all sorts of unique cultures and more. Tried all sorts of weird food and more. It was an invigorating and educational experience.

Chris: I can believe it.

Me: I wish I could've gone with you guys on Total Drama World Tour. That would've been awesome.

Chris: I know. Next course: Soup. Moroccan Spicy Stew.

Me: I love Morocco Stew. The people in Morocco have some of the spiciest spices in the world and some are so strong that they can burn your stomach on the inside.

We had bowls of Morocco Stew in front of us.

Me: (Sniff) It smells really good.

I drink the whole bowl and a blast of fire explodes from my mouth.

Me: Yummy!

Chris: You are one tough guy J.D.

Me: I know. Plus I've been to Morocco and it's really good food and an interesting culture.

Chris: I believe it.

Chef Hatchett: I can tell that you have one love for super spicy food J.D. We salute a super spice maniac.

Me: It's true. And I'm flattered. But thanks.

Everyone ate their soup and endured the spice.

Chris: The Owls win Round 2!

We cheer.

Chris: You guys like pizza?

Me: Love the stuff.

Gwen: When we had this challenge in Season 1 he gave us Pizza with Jellyfish, live grasshoppers and live anchovies.

Me: Yuck! I saw that and that was gross.

Chris: Then how about the same thing guys?

Chris gave us a pizza with Grasshoppers, Anchovies and Jellyfish.

Me: Me and my big mouth.

Naruto: That is nasty.

Alan: I know.

Dawn: I believe your auras are fluctuating because of the gross food.

Me: I know Dawn.

Courtney: I heard that Trent didn't like this.

Me: I saw that. But lets eat it.

I ate a slice and it wasn't that bad.

Me: Different. But tasty. At least I'm not eating the jellyfish on Peanut Butter Sandwiches.

Mike: Peanut Butter and Jellyfish? Yuck!

Zoey: That is gross.

Sammy: I agree.

Me: That was a joke but it's the truth.

Amy: You're such a disgraceful wimp Samey!

Me: Shut up Amy. No one asked for your opinion.

We ate the whole pizza.

Chris: The Atomic Owls win Round 3!

We cheer.

Chris: Now for course 4: Spaghetti! Well earthworms covered in snail slime sauce and hairballs.

Me: I ate a worm on a dare back when I was 5 and it taste like chicken.

Bridgette: We ate this in this challenge and it was gross.

Me: But Geoff ate it right?

Bridgette: That's right.

I eat the worms and it was good.

Me: Yummy. My friend Lana eats worms and she loves them.

Gwen: Lana is one brave little girl.

Me: She sure is.

We all ate our plates clean.

Me: Done.

Chris: The Atomic Owls win round 4!

We cheer.

Chris: There are 5 more dishes left. Bon Apetite!

A montage plays and it shows us eating all kinds of disgusting food and the Atomic Owls ate them all. Dish 5 was rotten onion meatballs, dish 6 was Chum Smoothies, Dish 7 was Icelandic Rotten Shark shish-kababs and Dish 8 was Snake stuffed with squirrels.

Chris threw up and it was gross.

Chris: Oh man you guys are so gross!

Me: Sorry Chris. It's a good challenge.

Chris: All right then. It's time for desert and we'll have an eat off. J.D., Amy, join me.

We sat down and Chris gave us a dessert glass that had radioactive marshmallows in them.

Me: The Toxic Marshmallow of Loserdom?

Chris: Normally yes but it's for dessert. Now whoever eats theirs first wins the challenge.

Me: Interesting.

Chris: Yes it is. Ready? Go!

I picked up the Marshmallow and it didn't affect me.

Me: Radiation doesn't burn me. I have radiation immunity.

I ate the marshmallow and it was weird.

I gulp and suddenly I felt a nasty pain in my butt and then I felt something.

Me: Ouch!

I see that I had a tail and it was Punk Shock's tail.

Me: Cool! I have a tail! And it's surging with electricity.

Chris: The Atomic Owls win!

We all cheer.

Amy: I don't feel so good.

Amy projectile vomits everywhere and it set off a chain reaction of projectile vomiting and I projectile vomit all over Amy.

At the bonfire we saw Amy and Owen get eliminated and hurled.

Back at our cabin we were getting ready for bed, I stamped red X's on Amy and Owen's faces and I pulled out my laptop and called Lincoln.

Lincoln: Hey J.D.

Me: Hey Lincoln.

Lincoln: That was seriously some gross food we saw you ate.

Me: I know. But some of it was from my travels from around the world.

Lincoln: I believe it. That tail you got is really cool! What do you think you can do with it?

Me: We'll have to find out later.

Lincoln: Lana said it was the coolest and most awesome challenge you've ever done J.D.

Me: I can believe it. But everyone will probably think I'm very crazy after eating all kinds of disgusting food like that.

Lincoln: No we know it was part of the challenge and you were awesome!

Me: Thanks buddy. (Someone vomits in a bucket) We're very sick to our stomachs and it is not pleasent.

Lincoln: I can hear that. But congratulations on winning challenge 4 guys.

Me: Thank you. 5 down 6 to go.

Lincoln: Good luck J.D. We're rooting for you.

Me: Thanks buddy. See you next time.

The call clicked off and I hit the hay.

Continues in part 5.

# Canada Mutant Island P5

Week 5

I was jumping in the trees testing out my new tail to see what it can do.

I fell off a branch and my tail grabbed the branch.

Me: Whew! My tail's prehensile. Cool.

I flip up and landed on the ground.

I got on all fours and point my tail like a Scorpion at a tentacled alligator and it fired a laser of lightning at it and it yelped as it was burned.

Me: Wow! That was like an electron laser. My lightning powers have been enhanced because of it. Let me see here.

I stab the ground with my tail and zapped the ground and out of the ground came a bunch of mutant gophers.

Me: Wow! Chernobyl Earthworm Style. [To the Viewers] That's how they draw earthworms out over in Chernobyl, Ukraine. I saw it on TV.

Chris: All campers get ready for todays challenge.

Me: Time to get to work.

At the campsite Chris was telling us our challenge.

Chris: Today campers your challenge is something I call Heroic Phobia Factor. This was given to me as an idea. Four of you will be heroes. 2 for each team and save the other campers from their own fears.

Me: I gave Chris this idea.

Chris: That's right J.D. and since it was your idea, you and Naruto will be the heroes of the Atomic Owls.

Me: All right.

Naruto: This is gonna be awesome bro!

Chris: And Leonard, Lightning. You two will be the heroes for the Nuclear Bears.

Lightning: All right! Lightning is gonna win! J.D. may the best man win.

Me: You too Lightning. (I shake his hand) I saw the Phobia Factor Challenge and it was intense. I'm sorry you guys went through all that.

Gwen: No it's all right J.D. But we saw your adventures in the headlines and they were awesome.

Courtney: Besides we know you can save all of us.

Me: Thanks guys.

Chris: J.D., Naruto, Lightning, Leonard, please come into my quarters while everyone gets set up.

Me: Okay.

We went to Chris's luxurious mansion on the other side of the island.

Me: Wow! Nice mansion Chris.

Chris: Thank you. This is where the campers that lost Season 1 stayed.

Me: It's beautiful. It's like my mansion back home in Michigan.

Chris: Your mansion is much nicer than mine though. But that's not important.

We were in Chris's room and having some juice.

Chris: Now J.D. we went through with your challenge because is was a great idea. Now the objective for you four is to rescue as many campers as possible. We've set up a dangerous obstacle course full of booby-traps for all of you to clear to rescue each camper.

Me: I love a good challenge Chris.

Leonard: We will use magic to rescue our campers.

Lightning: Not now Leonard. But your magic works now.

Me: I've been helping him. Great job Leonard.

Leonard: Thanks J.D. I owe it all to you.

Me: You're welcome.

Chris: Anyway. You all have until sunset to rescue as many campers as possible be it your team or the other. We start the challenge when I get the signal. [A beep was heard] They're ready. Follow me.

We were lead to a starting line and we got into position and Chris gave us a list of what every camper.

Chris: Are you ready?

Me: Ready and raring.

Naruto: Believe it!

Lightning: Lightning is always ready.

Leonard: Lets mystify them.

Chris: All right. On your mark. Get set. (Air Horn Blast)

We ran and split off.

Me: Lets start with our team. We'll start by looking for Gwen. Her fear is being buried alive.

Naruto: Okay. Lets look on the beach.

Me: Okay. Lets go!

We ran on the sand and saw a bunch of mounds in a circle around something.

I find a rock and threw it and it hit one of the mounds and it exploded.

KABOOM!

Me: Land mines!

Naruto: Chris sure knows how to make a challenge exciting.

Me: He sure does. **WIND STYLE: GREAT BREAKTHROUGH!**

I fire a blast of wind from my hand and blew the sand away and part of a glass box was revealed in the middle of a circle of exposed land mines.

Naruto: Nice work bro.

Me: Thanks. Come on!

We go to the middle of the circle and start digging. Naruto got the glass box uncovered and opened it and out came Gwen and she hugged Naruto and cried.

Naruto: It's okay Gwen. It's okay.

Gwen: Thank you Naruto.

Naruto: You're welcome.

Me: We have to move. Lets find Izzy. From what I remember she hates flying.

An airplane flies over us and it is being protected by Flying Mutated Mountain Goats.

Me: Lets go.

Naruto: Right. SHADOW CLONE JUTSU!

Naruto made a Clone and it held Gwen bridal style.

We flew into the air and the goats saw us and breathed streams of fire at us.

Me: Look out!

We dodged and flew away.

Me: Those goats can breathe fire? This is madness.

Naruto: I know. We need a diversion.

Me: I got it. I'll distract them and you rescue Izzy.

Naruto: Got it.

I fly to the goats and they chased me and Naruto opened the plane door and got Izzy out.

Izzy: Thanks Naruto. You are awesome when you fly dude.

Naruto: You're welcome Izzy.

Naruto makes another clone and it carries Izzy.

I fly back to him.

Me: Good job bro.

Naruto: Thanks J.D.

Gwen: I saw Courtney at the theater.

Me: Then that's where we're headed. From what we remember she's afraid of Green Jelly. Lets go!

Me, Naruto, Gwen and Izzy ran and we got to the theater and saw Courtney on a diving platform with no ladder suspended 20 feet into the air over a giant tank of green jelly and the platform was slowly being pulled back and it was being guarded by a giant beetle that had boxing gloves on.

Naruto: I'll take care of him. You go for Courtney.

Me: Right.

I spread my wings and fly up to Courtney and Naruto pulverizes the beetle and scares him away.

I take Courtney off the platform but it was rigged to explode.

Me: Uh oh!

It exploded and I created a force field as it exploded and it splattered Green Jelly everywhere.

Naruto got some on his face and licked it off.

Naruto: Mmm. Green apple flavor.

Courtney: Thanks guys.

Me: No problem.

I land and put Courtney down.

Me: Okay. Next is Jasmine. It says that she's afraid of being in small places.

Naruto: She's claustrophobic.

Courtney: I saw her being taken that way. [Points to the southeast]

Me: That's where we're headed. Lets go!

We head southeast onto the docks over the lake and we saw a small diving sphere being protected by Fang the amphibious shark.

Me: I got this one. Lets just say that I owe Fang a favor. (Whistles) Hey Fang. Got a treat for you.

I hold up Scott who was bound and gagged and Fang was excited.

Me: Enjoy your meat.

I throw him into the lake and Fang swam up to me and shook my hand.

Me: You're welcome Fang.

He dove back in and chased Scott and we all laughed at him.

Naruto: That was funny. But where did you find Scott?

Me: He tried to swim back to the island as I was testing out what my tail can do.

I pull up the diving sphere by its rope and just as I was about to get it up the rope broke and it sunk to the bottom of the lake.

Me: Oh no!

I dove in and swam after it. I made another discovery.

Me: Hey! I can breathe underwater. Cool! It must be because of my tail.

I swam down and opened the hatch and grabbed Jasmine.

Me: Are you okay Jasmine?

She gave me the thumbs up signal.

Me: Awesome. I can breathe underwater now.

We go up to the surface.

We surfaced and Jasmine was coughing. We got onto the docks.

Naruto: Thank goodness you're all right Jasmine.

Jasmine: (Australian Accent) Thanks to J.D. mate.

Me: Okay that's 4 out of 12. Lets find Bridgette. From what I remember she is afraid of being alone. So she's out in the forest.

Jasmine: Lets find her.

Me: Right.

We go into the forest and we saw Bridgette sitting alone in the forest and she was petrified.

Naruto: There she is.

Me: Wait. It's too easy.

I throw a stick and saw that the area around her was covered in bear traps when a trap snapped.

Me: Bear traps.

Jasmine: Chris sure knows how to put peoples lives in peril.

Me: That's why I love this show. Naruto you go fly over and rescue her.

Naruto: Got it.

Naruto spread his wings and flew out to her and picked her up bridal style and carried her over to us.

Bridgette: Thanks Naruto.

Naruto: You're welcome Bridge.

Me: Okay now lets find Mike and Zoey.

Zoey: Help! Can anyone hear me!? Help!

Me: We found Zoey. WHERE ARE YOU!?

Zoey: Over here!

Jasmine: It's coming from down there. [Points down the path to a clearing]

Zoey: I'm sinking! Hurry!

Me: (Gasp) COME ON!

We all ran down the path and saw Zoey waist deep in quicksand.

Me: Okay Zoey stay calm and don't move.

Gwen: I got this.

Gwen unveiled a hidden secret. She spread wings that were as black as the night and we gasped.

Me: Gwen? You're an angel?

Gwen: I'll explain later.

She flew out to Zoey and grabbed her hand and pulled her out.

Me: Way to go Gwen!

Gwen carried Zoey over and put her down.

Zoey: Thanks Gwen. That was awesome!

Gwen: You're welcome Zoey.

Naruto: Gwen that was amazing.

Courtney: I agree. Those black wings are perfect for you Gwen.

Gwen: Thanks Courtney.

Me: So you're afraid of quicksand Zoey?

Zoey: Yeah. It's a complicated story.

Me: We'll have to hear it later. Lets find Mike now.

Zoey: I saw him being taken into the boat house.

Me: Okay. Lets go.

We ran to the boat house and I kick the door down and a bucket dumps out and it was filled with acid.

Me: Sulfuric acid. That was close.

We see Mike in a pretend padded cell in a straitjacket and was gagged and surrounded by mutant gophers.

Me: Oh man.

Zoey ran and kicked the gophers away from Mike and they ran.

Me: Zoey that was amazing.

Zoey: Thanks.

I untie the straitjacket and Mike gets out and pulls the bandana off his mouth.

Mike: Thanks guys.

Me: No problem Mike. You're afraid of insane asylums?

Mike: I'd rather not talk about it.

Me: That's okay man. Lets find Alan now. We're gonna need Manitoba Smith's adventuring skills.

I pull out a Fedora hat and place it on Mike's head and he gasps.

Manitoba Smith: (Australian Accent) No problem mate. Leave it to me. (Sniffs the air) He's this way.

We follow him and we found Alan surrounded by a bunch of squirrels that were bald.

Me: Squirrels?

The squirrels saw us and they shot lasers out of their eyes. I shielded us in a force field.

Me: Squirrels that have Laser Vision? Weird. But cool.

Naruto: I believe it.

Manitoba Smith: I got this one mates.

He jumped out and dodged all of the squirrels fire and lept in and picked up Alan.

Manitoba Smith: Hold on tight mate.

Alan: Okay.

Manitoba Smith climbed up a tree and a squirrel shot lasers at a tree branch and they both fell and Manitoba Smith landed on the ground and I caught Alan.

Me: You all right bud?

Alan: Yeah. That was awesome!

Deep in Mikes subconcious all of his personalities got together.

Manitoba Smith: Do you feel it? The Malevolent One! He's coming!

A portrait of Mike gets caught on fire and an evil personality comes out. His name was Mal and he is PURE EVIL.

Outside I sense Mal's presence.

Me: Guy's I sense an evil force inside Mike. I'm gonna get it out of him.

I use my powers and pull out Mal and he manifested on the physical plane.

We all gasp and Mike woke up. He saw Mal.

Mike: (Gasp) You!

Mal: (Evil Chuckle) At your disservice.

Mike: But I got rid of you in Juvie!

Me: You were in Juvenile Detention Mike?

Mike: Yeah. This creep was making me do all kinds of terrible things and he was running the place. His name is Mal and he is my pure evil personality.

Me: That's horrible.

Naruto: I can't believe that this clod was the one making you call all the shots.

Courtney: This guy must be evil to the core.

Izzy: Yeah. He smells like rotten meat and bat guano.

Me: That's a good analysis.

Dawn arrived.

Dawn: I saw a black aura inside Mike when we got here. It was pure evil.

Me: That's this guy Dawn.

Dawn looked at him and saw that he was completely covered in an aura of pure pitch black color.

Dawn: His aura is pure evil.

Naruto: It's like we're facing the Devil himself.

Mike: No kidding.

Mal: Enough chitterchatter.

Me: Lets dance.

I punch him in the face and sent him crashing into a tree.

Mike felt that punch.

Mike: OW! GEEZ THAT REALLY HURT!

Me: (Gasp) We can't hurt him or it will hurt Mike. They're connected somehow. Wait. I got it! Mike you are the only one who can stop him. He may be a part of you, but you don't need this jerk anymore. You have to let go of the past and erase the monster that your own body created.

Mike: (Determined) You're right J.D. It's time to move on.

Mike concentrated hard and in his subconcious he and his personalities were together in front of a strange button.

Mike: What is this button?

Vito: (Italian Accent) It's a reset button.

Manitoba Smith: You have to press it and we all can stop Mal together.

Svetlana: (Russian Accent) Once you press it we will all be one with you.

Mike was about to press it but he stopped.

Mike: I… I just can't. If pressing this thing is gonna get rid of you guys then I can't do it.

Vito: Hey don't sweat it there.

Manitoba Smith: We'll all still be a part of you in a way.

Svetlana: It's worth it to stop Mal.

Vito: You'll always have us no matter what inside your heart.

Chester: All right guys enough with the blubbering. Lets get this over with.

They all put their hands on Mike's hand.

Mike: Thank you guys. Thank you.

They pressed the button and in a blinding flash of Light, Mike was made completely whole.

Mike: We are now one. Thank you J.D.

Outside Mal was starting to fade.

Mal: What's happening?

Mike: You're fading away Mal.

Mal: What? No! Don't do this! No one will ever cross paths with me around. I'm a part of you.

Mike: Yep. A part of me that I don't need anymore. Goodbye Mal.

Me: Have a nice time in the Netherworld.

Mal: No! It's my time! (Echoing) MIIIIIIIIIINNNNNEEEEEEEEE!

Mal faded away and was never going to be seen again.

Me: Good riddence to bad rubbish.

Naruto: Yeah.

Me: How do you feel Mike?

Mike: Better than ever J.D. We're all one. I have all my personalities strengths and abilities in one person.

Me: Awesome! Way to go buddy.

Zoey: Oh Mike! I'm so happy for you.

Mike: Thank you Zoey.

Me: Sorry I punched you man.

Mike: That's okay.

Me: Lets find the others.

Naruto: Okay.

We ran and we found Sammy facing Amy in the swamp and Amy was covered in slime and algae.

Sammy: You always treated me like dirt Amy and I won't tolerate it anymore!

Amy: I've always been the superior twin and I will always be better than you!

Zoey swooped in and kicked Amy in the face and she crashed into a tree.

Zoey: Are you all right Sammy?

Sammy: Yes thanks to you Zoey.

I pick up Amy and open a portal that leads to the Yukon.

Me: I think you need a nice cool down.

I throw Amy in and the portal closed.

Shawn arrived.

Shawn: Guys! Are you all okay?

Me: We were just about to look for you Shawn.

Shawn: Chris sent robot zombies after me and I beat them all.

Me: Good work buddy.

Shawn: Thanks man.

Me: Lets find Ella. If I'm not mistaken she's in that castle tower up there on the high cliff. [I point to the tall cliff]

Naruto: Looks like it.

Me: Lets go!

We all ran up the cliff hill to the tower and it was a high tower.

Me: I think I know what Ella is afraid of. Being trapped in a tower like the princesses of all those fairy tales I like.

Alan: I have a feeling you're right.

Gwen: Let me handle this one.

Gwen spreads her black wings and flies up to the castle window.

Gwen: Ella are you all right?

Ella: I'm okay Gwen. I have my animal friends to keep me company.

Gwen: That's great. I came to get you down.

Ella: Thank you Gwen.

Gwen takes Ella's hand and they go down and landed.

Me: Great job Gwen.

An air horn buzz was heard.

Chris: The Atomic Owls win the Challenge!

We all cheer.

At the campfire ceremony Chris was ready to hand out the Marshmallows.

Chris: Before we start I have an announcement. The Atomic Owls were spectacularly awesome in todays challenge! The producer called and said that they loved it so much that they will put it in the Legacy of Total Drama. Great job guys.

Me: Thanks Chris. I'm glad my idea was such a huge success.

Chris: You're welcome J.D. Now on to the marshmallows.

Everyone but Leonard received a Marshmallow and Leonard was hurled.

At our cabin we settled down and I stamped Leonard's face.

Me: You all were terrific today.

Alan: You were awesome yourself J.D.

Me: Thanks bud.

I pull out my laptop and called Lincoln.

Lincoln: Hey J.D.

Me: Hey Lincoln. Today was awesome.

Lincoln: We saw the whole thing and you guys were incredible!

Lana: Yeah! It was awesome!

Me: Thanks guys.

Lincoln: Gwen, we saw your black wings and they are beautiful.

Gwen: Thanks Lincoln.

Me: How did you get those wings Gwen?

Gwen: My father is from Earth and my mom is from the planet Havania. The Havanian's are a race of peaceful angel people of great beauty and they are amazing. I was born half human half Havanian.

Me: That's awesome. Havania is a beautiful planet. I looked it up and it is a paradise.

Lincoln: That's amazing Gwen. You're a hybrid.

Gwen: That's the right way to put it Lincoln.

Laney: That is incredible.

Me: It sure is.

Lincoln: Those rescues you all did were awesome guys.

Courtney: Thanks Lincoln.

Lincoln: Also Mike I had no idea that you had an evil personality that was controling you the whole time.

Mike: Yeah. Mal was the source of all my suffering and misfortune. He was also the reason I went to Juvie.

Laney: That's terrible. I'm glad you're cured though.

Mike: Thanks Laney.

Laney: You're welcome Mike.

Lucy: I'm sorry Leonard got eliminated. I love all the magic you taught him.

Me: It's all right Lucy. But you know what they say: Life goes on.

Lucy: Sigh. That's true.

Me: This turned out to be an awesome challenge for all of us and it was a huge success for the Total Drama Legacy.

Lincoln: That's what we saw and heard. Way to go guys.

Dawn: Thank you Lincoln.

Shawn: It was an awesome challenge though.

Me: I agree. We've had a long day.

Lincoln: I can tell. See you guys next week.

Me: Bye guys.

The call clicks off and we hit the hay.

Continues in Part 6.

# Canada Mutant Island P6

Week 6

Me, Naruto Alan and Team were sitting in our cabin reading books and playing card games.

Me: So Zoey what happened that caused you to be afraid of quicksand. You never told us last time.

Zoey: I'm sorry guys. When I was 10 years old I was walking in the forest in Saskatchewan and I was out looking for rare butterflies.

Flashback to a younger Zoey playing in the grass and chasing after butterflies.

Zoey: (Narrating) It was a happy time for me. Until I spotted a rare Blue Sapphire butterfly on a flower in the middle of what looked like a sandbar. I walked on it to go see and I suddenly started sinking. I realized that I was in quicksand. I called out for help and I was up to my head and someone appeared and grabbed my hand and I was saved. I was traumatized because of it and I cried hard into my savior. I've been afraid of Quicksand ever since that day.

End flashback.

Me: Zoey that's awful.

Mike: I'm so sorry Zoey.

Zoey: It's all right guys.

Dawn: You were very fortunate to be saved back then Zoey.

Zoey: I know.

Me: Me and my friends have saved a few people from quicksand.

Courtney: That's what we all heard J.D.

Me: I know. When I got my powers, every day in my life has always been a tremendously awesome adventure with an amazing challenge and new obstacle to be met and overcome.

Shawn: I can believe it dude.

Naruto: It's always been that way for me too.

Mike: That's amazing guys.

Chris: Attention campers. Meet me at the Theater for todays challenge.

Me: Time to get to work.

Izzy: Lets make some heads roll!

At the theater Chris explained the challenge to us.

Chris: Today's challenge is a talent show.

Me: A talent show. Right on.

Chris: I know. Now the show will begin in 3 hours so you all have some time to choose what you want to do and practice. Myself, Chef and 2 members from the original cast will be the judges. Please welcome back Noah and Heather!

Noah came and he was not happy.

Me: Noah it's such a pleasure to meet you.

Noah: It's a pleasure to meet you too J.D. I've heard so many big things about you.

Me: We get that alot wherever we go.

Noah: I believe it. Naruto Uzumaki Namikaze. It's such an honor.

Naruto: Same here Noah. It's a pleasure to meet you.

We saw Heather wearing a wig from Total Drama Action's caveman episode.

Me: That is a really silly wig.

Heather: You have no sense of good taste lifewrecker.

Me: It's called Karma, Heather. Get used to it.

Heather: I will make you pay for my humiliation!

Me: Bring it on ugly!

Chris: Okay enough!

We go practice and I decided to do a singing act.

Me: Lets see. I think I'll do a sea shantie. And I know just the one. What will you do bro?

Naruto: I'm gonna be doing a ninja technique magic show.

Me: Interesting. Can't wait to see it.

Bridgette: I did this show at one time and I was trying to stand on my head and I lost my lunch because of it.

Me: Yuck!

3 hours later the talent show was on.

Chris: Okay. First up is J.D. Knudson.

I walk onto the stage and I had a banjo in my hand.

Me: I'm going to be singing a sea shantie. It's called Sailing Over The Dogger Bank.

Chris: Cool! I love sea shanties.

Me: This is gonna be weird but I discovered another unique power.

I sprout 8 octopus tentacles from my butt and they had an accordion and 2 violins in 6 arms.

Chris: That is Awesome!

Me: All right here goes.

I start playing my banjo.

*Sailin' over the Dogger Bank: Oh, wasn't it a treat?*

Wind a-blowing east-nor'-east, we had to give a sheet!

You ought to see us runnin' the wind a-blowin' free,

On a passage from the Dogger Bank to gray Grimsby.

*Watch out, twigger, she's a proper ju-be-ju.*

Give 'er a sheet and let her rip we're the boys to pull her through!

You ought to see us runnin', the wind a-blowin' free,

On a passage from the Dogger Bank to gray Grimsby!

*Our captain he's a Shanghai roush, he loves a pint of good ale.*

Our mate he is a road stone-inspector, been seen in many's a jail.

Our third mate he's a bush ranger, he comes from the African Isle.

And take a look at our old cook it gets the bugger wild!

*Watch out, twigger, she's a proper ju-be-ju.*

Give 'er a sheet and let her rip we're the boys to pull her through!

You ought to see us runnin', the wind a-blowin' free,

On a passage from the Dogger Bank to gray Grimsby!

*Watch out, twigger, as down the street she came.*

High heels and painted toes, Jenny is on the game.

Jenny is one of your flash girls, can't she cut a shine?

She can do the double shuffle on the Knickerbocker line!

*Watch out, twigger, she's a proper ju-be-ju.*

Give 'er a sheet and let her rip we're the boys to pull her through!

You ought to see us runnin', the wind a-blowin' free,

On a passage from the Dogger Bank to gray Grimsby!

*We are the boys to make a noise when we come home from sea.*

We get right drunk, we roll on the floor, we have a jubilee- Eee!

We get right drunk and full of beer, we roll all over the floor,

And when our rent it is all spent we go to sea for more.

*Watch out, twigger, she's a proper ju-be-ju.*

Give 'er a sheet and let her rip we're the boys to pull her through!

You ought to see us runnin', the wind a-blowin' free,

On a passage from the Dogger Bank to gray Grimsby!

As the song played, Jellyfish made entirely out of water came and they were surging with electricity and they swam around the stage. One stung Heather really badly and electrocuted her. The song finished and everyone cheered. Chris, Chef and Noah were in tears and cheering wildly.

Chris: (Sniffling) J.D. that was so awesome!

Chef: (Crying) That was so beautiful!

Noah: J.D. you have lots of talent!

Naruto: Way to go big bro!

Chris: Lets see the scores.

The score was off the scale and I got a beyond perfect score. Heather gave me a score of 0.5 but one of the Jellyfish stung her again and she changed it to 11.

Chris: The Atomic Owls win again!

We all cheer.

Chris: However I would like to see the rest of the acts just for kicks. That was a great song choice J.D. My cousin in Newfoundland loves sea shanties.

Me: Thanks Chris.

Chris: You're welcome. Next up Naruto Uzumaki Namikaze.

Naruto came onto the stage.

Naruto: I'm going to do a Ninja Technique show. I have a dazzling display for you all.

Chris: Okay. Go for it.

Naruto: Here goes.

Naruto formed a ball of energy and lifted it into the sky and color streams appeared around it and orbited around the energy ball in an atomic formation. The streams were made out of fire, water, earth, lightning, wind, light and darkness. They became elemental creatures. The fire stream became a phoenix, the water stream became a mermaid, the earth stream became a Mongolian Death Worm, the lightning stream became a dragon, the wind stream became a fairy, the darkness stream became a wolf and the light stream became an angel.

Gwen: Whoa!

Izzy: Amazing!

Dawn: Incredible!

Courtney: Unbelievable!

Mike: This is amazing!

Shawn: No kidding!

Naruto then made dragons out of Wood, Lava, Storm Clouds, Steam, Scorching Heat, Ice, Black Fire, Metal, Crystals, Dust, Magnetic Energy, Explosions and Sand and they orbited around the main core of the atomic form.

Me: Incredible!

Alan: Wow!

The level of power coming off the technique was incredible.

Naruto: Get ready for a beautiful fireworks show.

Naruto threw the technique high up into the sky and it exploded into a dazzling fireworks display of epic porportions and it spelled a message saying "Chris is One Awesome And Amazing Guy".

When it was done we all cheered wildly.

Chris: That was so beautiful and AWESOME!

Naruto: I'm glad you love it Chris.

Naruto got a perfect score like me.

After the whole contest was done we had another Campfire Ceremony.

Chris: Today's talent show was the most Awesome I've ever seen guys. It was even better than Season 1.

Me: Lets hope the next challenge will bring as much excitement as the next and last 2 challenges.

Chris: I have a feeling it will. Now for Marshmallows.

Everyone but Sugar received marshmallow. Sugar was hurled.

At our cabin we were getting ready for bed and I stamped Sugar's face with an X.

Me: 7 down 2 more to go and it's Lightning and Cameron.

Naruto: Yep. I have a feeling that Chris is gonna set up a terrifying challenge for the decisive moment.

Me: I have a feeling too.

I pull out my laptop and call Lincoln.

Lincoln: Hey J.D.

Me: Hey Lincoln.

Lincoln: You guys were awesome in that talent show!

Dawn: Thanks Lincoln.

Me: We're down to two campers and we win automatically.

Lincoln: I hope you all succeed. That song you played was awesome.

Me: Thanks Lincoln. It's an old sea shanty that was made in the 1890's. Somewhere around there.

Lincoln: I believe it.

Luna: No kidding. It was rockin' dude!

Me: Thanks Luna. [Makes the Rock On Handsign] Rockin'!

Courtney: Lets hope that Cameron goes next.

Me: Yeah. That is actually our next target.

Lincoln: Well go get him guys. But go easy on him. He is a fragile guy and he's one of Lisa's friends in the Science World.

Me: I know. Well we'll see what happens.

Lincoln: Yep. See you next week guys.

Me: See you buddy.

The call clicks off and we go to bed.

# Canada Mutant Island P7

Week 7

We were in the Mess Hall eating our breakfast.

Cameron: So guys. I have a feeling that you're eliminating me next. But just go easy on me okay?

Me: We will Cameron. A friend of Lisa is like a member of our family.

Cameron: Thanks guys.

Me: You're welcome.

Chris: Attention campers, meet me in front of the flagpole for todays challenge.

Me: Time to get to work.

Chris went over the challenge.

Chris: All right todays challenge is something I would like to call Mine Search. You have to search for the Gilded Chris award I've put down in the old mine over there. Somewhere down in that mine is where it is. Be careful though. There's lots of radioactive materials dumped in there and the level of radiation will probably kill you in 45 minutes.

Me: I love a dangerous challenge.

Naruto: Me too.

Chris: I had a feeling you would. Now you will be wearing these arm bands and it will tell you how much longer you have before it hits the fatal point. Green means you're all right. Orange is moderate. Red is critical and black with the skull and crossbones is dead.

Everyone gasps.

Gwen: This is insane.

Me: Lets do it.

We all get armbands on our left arms and it was on.

Me: Okay here are some walkie-talkies for all of us.

I hand out each member of the team a Walkie-Talkie and we went in.

We all split up to cover more ground. Me, Naruto, Alan and Gwen were in the deepest part of the mine. But it was so dark.

Me: Boy it's dark. But I got this.

I turn my vision to infrared.

Me: All right. Stay with me.

15 minutes in we were getting closer.

Me: We should be getting close.

Gwen: I hope so. Our bands are in the orange.

Me: We better hurry. Even though I'm immune to radiation I always have to be careful.

Naruto: I can't see where it is.

Me: I think I can help.

I form a ball of light on the tip of my tail and it shines a beam of light at where we're looking.

Me: That is cool.

Gwen: Very clever.

Naruto: I see something over there.

Naruto points to something shiny on a rock in the middle of a lake.

I shined the light on it and it was the Gilded Chris.

Me: There it is!

Gwen: I got it.

Gwen spread her wings and flew out and got it. She flew back to us.

Me: Good work Gwen. Now lets get out of here. (On the Walkie-Talkie) Atomic Owls we got the Gilded Chris. Regroup outside.

Dawn: Roger that J.D.

We all get out of the mine and we won the challenge.

Chris: The Atomic Owls win again!

We all cheer wildly.

Later at the Campfire Ceremony, Cameron was eliminated just as we had thought.

In our cabin I stamped Cameron's face with an X and I pulled out my laptop and called Lincoln.

Lincoln: Hey J.D.

Me: Hey Lincoln.

Lincoln: That mine was filled with radioactive stuff and you all could've been killed.

Me: I know. But we weren't. I have a feeling that it's gonna be a deadly challenge tomorrow. It's now the Atomic Owls VS Lightning, the sole member left of the Nuclear Bears.

Lincoln: That's amazing. But we have a feeling that you all will win. You've all come so far and there's no turning back now.

Me: That's true. But I can tell that this whole show has changed all of us. They hate it with a grudge.

Lincoln: I believe it. Lets hope that you won't be on this show ever again after next week J.D.

Me: We all hope that.

Courtney: I agree Lincoln. We hate this show. I'm going to have my lawyers shut it down after it ends.

Lincoln: Lets hope so. Good luck next week guys. All of the United States is rooting for you.

Me: Thanks buddy. See ya.

The call clicks off and we hit the hay.

Continues in the Finale.

# Canada Mutant Island Finale

FINALE

The day had finally come. It was the finale of Total Drama Revenge Of The Island.

Me: This is it team. The Atomic Owls are all gonna triumph.

We all cheer.

Chris: Attention campers. Meet me at the flagpole and get ready to diet. Sorry typo. Ahem. Ready to die.

Me: Bring it on Chris.

We were in a cart being taken to the challenge site.

Chris took us to a field and it had a bunch of huge balloons and they each had one of the campers from all the seasons in them. We had to shoot down as many balloons as possible and whoever we get out of the balloons is on our teams.

Chris: All right. J.D., Lightning, choose your weapons.

Me: I don't need one and you'll see why shortly.

Chris: Okay.

Lightning: I choose this leach gun.

Chris: All right you guys have 1 minute. Starting now!

I fired energy lasers at the balloons and freed Noah, Lindsey, Blaineley, Tyler, Beth, Duncan, Cameron, Sierra, Cody, Owen, Amy, Heather, LeShawna, Harold, Katie & Sadie, Eva, Alejandro, Leonard, Trent, Tylar, DJ, Justin, Geoff, Sugar and Scott.

Chris: That was AWESOME! Times up. J.D. freed everyone and they are all on the Atomic Owls.

Eva: If you think I'm gonna be working with him then I will kill you Chris!

Me: Chris you can put Eva, Scott, Heather, and Amy with Lightning? They hate my guts and they'll get what's coming to them in time.

Chris: Okay. Now it's time for the challenge. Follow me please.

We were lead to something really big.

Chris: Welcome to THE MOATS OF DOOM! (Lightning Strikes in the Background)

Me: (Whistles) Very impressive.

Chris: Thank you. Now these moats have three layers. The Bottom moat is filled with Toxic Waste.

A fly lands in it and comes out a mutant.

Chris: The Second Moat is filled with boiling hot lava.

The mutant fly touches the lava and its butt is on fire.

Chris: And the 3rd moat is plain ordinary swamp water.

The Mutant fly extinguishes its butt and sighs in relief.

Chris: But we've added some old friends into it.

Fang eats the mutant fly.

Chris: Now after you cleared the moats you have to climb up the tower to the alter and pull the Sword of Victory from the stone. Whoever pulls the sword from the stone first will win One Million Dollars and eternal Total Drama Glory.

Me: This is gonna be insane. But I love a good challenge.

Chris: I know. Now J.D. requested that he take on this challenge all by himself and take on Lightning, Amy, Eva, Scott and Heather all at once for this. So his request is granted.

Me: All right!

Naruto: Go get him big bro!

I gave him the thumbs up.

Chris: Everyone get ready.

We stand at a starting line.

Lightning: J.D. either way may the best man win.

Me: You too Lightning. (We shake Hands)

Chris: Ready? Set? GO!

We ran and I already got up to the top of the moats.

Chris came up to me while riding a jet pack.

Chris: J.D. you can go for the sword.

Me: I know but I want to give everyone a chance to catch up.

Chris: That's very sporting J.D.

Me: Thank you.

10 minutes later Lightning, Eva, Scott, Heather and Amy got up to the top.

I was ready to fight and I pulverized Amy, Scott, Eva, Heather and Lightning and I grabbed the Sword and pulled it out successfully.

Me: YES! I DID IT!

Chris: J.D. and the Atomic Owls win the Million Dollars and Total Drama Glory!

Everyone cheered wildly as Chris gave me a case full of Canadian Dollars.

Lightning: Way to go J.D. You are awesome man.

Me: Thanks Lightning. You too.

Heather: I can't believe this! (INFURIATED GROWL) I HATE THIS SHOW!

Amy: You will pay for this J.D.!

Eva: We will have our revenge!

Me: That will be the day. Come on guys. Lets go home.

At the docks we were getting ready to leave.

Owen: Are you sure that you can't come with us to the party J.D.?

Me: I wish I could Owen but Lincoln has a special secret surprise for me and Naruto back home in Michigan. But it was awesome being here with all of you.

Harold: Thanks J.D. It was so awesome having you here with us.

Justin: You are one amazing guy J.D. The Atomic Owls literally dominated this whole competition.

Me: I know. But we weren't in it for the fame and glory. We were just in it for the fun.

Chef Hatchett: Spoken like a true player J.D. You have the makings of a fine soldier and a truely great contestant.

Me: Thanks Chef. It was so much fun guys. Wait a minute! How about you all come with me to our party?

They all cheered.

Naruto: That looks like a yes to me.

Me: All right! But lets give Chris the final goodbye announcement.

Chris: Thank you J.D. Well another awesome time here on Total Drama. We will be back next season with a whole new cast. Until next time I'm Chris McLean and this has been TOTAL. DRAMA. REVENGE OF THE ISLAND!

Me: Everyone stay close to me.

I use Instant Transmission and beam us all to the front of my mansion in Royal Woods.

Me: This is our home guys.

Gwen: Your house is amazing J.D.

Me: Thanks Gwen.

I open my door and we go in and it was dark.

Me: The lights are off. Let me find a light switch.

The second I flicked the Light switch we all get an incredible shock.

Everyone: SURPPPPRRRRRRIIIIIIIIIIIIIIIIIISSSSSSSSSSSSSSSEEEEEEEEEEEEE!

It was a congratulatory party for our victory on Total Drama Revenge Of The Island.

Me: OH WOW!

Lincoln: It's a congratulations party J.D.

Lori: Way to go on your victory guys!

Me: Thank you everyone. Lets party!

We all cheered.

We were having a really good time eating, playing games, and chatting. It was an awesome party. It went on until 9:30 PM and I beammed everyone but Gwen, Dawn, Izzy, Sammy, Courtney and Lindsey home. They wanted to stay with Naruto.

The next day I changed the Million in Canada Dollars at a Currency Exchange to United States Dollars.

This was an awesome 8 weeks for all of us.

THE END.

This was an 8-Part Fanfiction. Whoowee! What a long story. I watched all of Total Drama and it is awesome. I liked all the episodes. Especially where all the evil characters get their just desserts in the end. Karma literally bit them hard on their sorry butts. I hated Heather most of all throughout the whole show including Eva. But this was all really good for me. The Brunch Of Disgustingness episode was really funny and it made me laugh alot. Especially where everyone projectile vomited everywhere. I included some elements from The Ridonculus Race into the fanfic and it was funny. But in the end me and my team all emerged victorious. Chris put everyone in that whole series but the Ridonculus Race through all kinds of perilous danger and trouble. It's a miracle no one got killed in that show or he would be in jail for life without parole for 25 years. They have different laws in Canada than we do. Pahkitew Island probably took place somewhere in the west coast of British Columbia. But anyway let me know what you all think. Alan is indeed my best friend in real life and we have known each other since I was in 9th grade. He was 1 year behind me.

See you all next time.

# Ninja VS Wizard

Rin, Aylene and Lola in the Simulator doing an exercise.

Me, Varie, Lincoln, Laney, Lisa, Lily, Sakura, Hinata, Ino, Fu and Pakura were in the control room.

The Simulator activated and Rin, Aylene and Lola found themselves in the world of Harry Potter and Hogwarts Castle had been completely destroyed.

Rin: Whoa!

Lola: Holy princess ponies! What happened here?

Aylene: I've watched all the Harry Potter movies. This is the Battle of Hogwarts. Voldemort and the Death Eaters are behind all of this.

Rin: We have to stop this. Lets go.

Rin, Aylene and Lola went inside and found the halls destroyed and all the staff of Hogwarts was killed.

Lola: What happened here?

Aylene: The Death Eaters did this. They killed all of the staff.

Rin: This is horrible.

They walked around and found some wizard kids on the floor. Barely alive. Some were dead.

Rin: These kids are dead.

A kid groaned.

It was a girl with blond hair and she had a broken wand in her hair like a pen.

Aylene: She's still alive.

?: (British Accent) Who are you all?

Rin: I'm Rin Nohara.

Aylene: I'm Aylene Carter.

Lola: And I'm Lola Loud.

Rin started healing her.

?: My name is Luna Lovegood and we're under siege by Voldemort and the Death Eaters.

Lola: We can see that.

Luna: He caught us all completely off guard and he killed everyone. Harry Potter is dead and we lost. Thanks Rin.

Rin: No problem.

Aylene: Voldemort is a wizard that's pure evil and he wants to take over the world finish what Salazar Slytherin started by ruling over the world with an iron fist and take away everyone's free will.

Lola: That's horrible!

Rin: Living in a world without free will is a fate worse than death.

Rin takes two steps up the stairs and ignites her aura of fire.

(Super Smash Bros. Zero Two theme plays)

Rin: Luna, find any survivors and get them out of here. I'm going to face Voldemort myself.

Aylene: Go get him Rin!

Lola: Show no mercy!

Rin: I won't.

Rin released a super powerful fire aura and she spread her wings made of pure fire.

On the roof in the courtyard Hermione Granger and Ginny Weasley were hiding.

Voldemort: I know you're all here. (Evil Laughter) You can't escape.

Suddenly massive explosions and jets of fire exploded out of the floor and walls and engulfed everything in a massive conflagration of raging fire. The flames killed Bellatrix LeStrange and the Death Eaters in an instant. All the Slytherin kids were killed as a result. Satanic music played as Voldemort was looking for a way out and he saw a figure in the fire. Rin came out of the fire and she was like the devil himself.

Voldemort: The Devil Himself!

Rin: Wrong! I'm a shinobi and you're going to pay for your crimes Voldemort.

Voldemort: (Evil Laughter) You can't win you stupid girl!

Rin threw a fireball and it hit Voldemort in the face and burned him.

He dropped his wand and Rin grabbed it and it glowed and suddenly turned into a sword. It was a fire blade sword and the hilt was red gold and had flame jewels and the blade had fire around the blade.

Rin: What a cool Sword. It's over Voldemort. You're finished.

Voldemort: I will never be finished! I will continue Salazar Slytherin's work.

Rin: You're "Work" is a world without free will and we can never allow that to happen.

Voldemort: There will only be wizards and the muggles will be our slaves. The weak will die and the strong survive.

Rin: That is a crock of lies. Now you will die!

Rin swung the sword and a blade of pure fire went at him and sliced off his left arm and he screamed in excruciating pain.

Voldemort: You wretched girl! I will kill you, resurrect you and then kill you again 1,000 times over!

Rin: I don't think so. You are an absolute disgrace to the world of wizardry and magic. People like you belong in only one place and that is the Netherworld for all eternity.

Voldemort then formed a green energy sword in his right hand and regenerated his left arm.

Rin: Now we end this.

Rin and Voldemort got into a savage and ferocious swordfight. Sparks were flying everywhere and massive explosions and blasts of fire devastated the whole landscape. Rin and Voldemort were firing fire and magic blasts at eachother and it was a devastating battle. The whole area was now a massive conflagration of hellfire. The entire area of Hogwarts was now a massive raging inferno on an epic scale. The battle was so intense and ferocious that it was shaking the entirety of the world to the very core.

Rin then got the drop on Voldemort and skewered him all the way through his black heart.

Rin: Go to the Netherworld and take all of your friends with you!

Rin sliced up through his head and backed away. Voldemort started to disintegrate.

Aylene, Luna and Lola arrived and they saw Voldemort disintegrate.

Aylene: Go back to Oblivion and stay there! And don't even dream of resurrecting again!

Lola: Never again Voldemort!

Luna: Never again.

Hermione: (British Accent) It's over.

Ginny: (British Accent) It's finally over.

Luna: We won.

Rin: This is unbelievable. So many casualties of war.

Luna: Yeah. We lost our families and more. Me, Ginny and Hermione have nowhere to go now.

Lola: I wouldn't say that. We have lots of room where we are.

Ginny: You would do that for us.

Aylene: Sure.

Rin: We have lots of room.

A vortex opened up and they went in and they were back in Michigan.

Luna: We're in Detroit.

Rin: That's right. It's where we live now. Lets get you all settled in and get you all citizenship here in the U.S. tomorrow.

Ginny: Okay.

Rin took them into the mansion and they saw their rooms and they were rooms with stars, moons, planets and magic symbols. There were three beds and lots of books on magic and more.

I went before the High Council of The Ministry of Magic.

Me: As you can see honorable high council of magic, Hogwarts has been completely destroyed and there is nothing left of it. There are only three survivors out of this whole devastating and catastrophic tragedy: Luna Lovegood, Hermione Granger and Ginny Weasley. Harry Potter, Ron Weasley and many others have lost their lives in the savage onslaught.

Counselor 1: Yes it was a horrific tragedy. After all these years we thought we would never see He Who Must Not Be Named again.

Counselor: It's just terrible.

Head Wizard: I am officially declaring this horrific event as Genocidal Holocaust and from now on and forever more all acts of magic outside of the wizarding world are now legal and can only be used in self defense.

Me: It shall be noted honorable council. I apologize for coming in on such short notice.

Head Wizard: It's all right J.D. but we appreciate you telling us this. However we should've identified the warning signs that Voldemort was gonna come back and put a stop to all of it sooner.

Me: We have to make sure a catastrophe like this never happens again.

Head Wizard: And we will. You're free to go.

Me: Thank you.

I left and went back home.

The next day we got citizenship for Luna Lovegood, Hermione Granger and Ginny Weasley.

THE END

Another Fanfiction Completed.

I wanted to do a Harry Potter crossover for a while now. Voldemort was by far the worst villain ever created. He is the Devil Incarnate. He makes even the worst of the worst look like saints compared to him. And in the end Harry Potter beat him and killed him and sent him back to the Netherworld. I hope he stays there for good this time and never terrorizes our world again. But yeah. I loved the 1st, 2nd, 3rd, and 4th movies because of the special effects and the awesome computer graphics. It's one of the most popular franchises in the world. Richard Harris starred in the 1st and 2nd movies and the 2nd movie was his final movie before he died in 2002. He made my dads favorite song MacArthur Park.

RIP Richard Harris 1930-2002. You will always be remembered in our hearts, memories and in spirit.

Voldemort was the character I hated the most in the whole series. I can't believe that Tom Marvelo Riddle would sell his soul to the Devil for the power to rule over everything forever. He was a monster. J.K. Rowling did a magnificent and fantastic job on this whole book series. The movies were just as awesome as the books. Hopefully we've seen the last of the monster named Voldemort. Let me know what you all think.

See you next time.

Harry Potter Books belong to J.K. Rowling and movies belong to Chris Columbus and Warner Bros. Studios.

# Youth Gone Wrong

It starts in Lisa's laboratory and she was working on something.

Lisa: Excellent. Now to add the final ingredient and my new Fountain of Youth Serum will be finished.

Lynn: (Offscreen) Heads up!

As Lisa was about to grab the last ingredient for her serum, a football flies in and hits Lisa and she drops a test tube and it explodes and a purple gas spreads throughout the house.

When it cleared Lori got up and it showed her shadow doing so.

Lori: (Younger Voice) What happened? Why does my voice sound different?

She went into the mirror and she saw that she was younger and she screamed in horror.

Me, Varie and Vince hear it and we slide down to the living room.

Me: Guys, what's going on?

We gasp and we see that Lori, Carol, Leni, Luna, Ember, Gabrielle, Luan, Lynn and Shannon were now 6 years old!

Me: What happened to you girls? You look like you're 6-years-old.

Lori: I don't know. This strange purple gas covered everything and the next thing we know we're younger.

Lisa: Siblings this was my doing. Lynn threw her pig skined sports ball, street name: Football, into my room and it hit me in the back of my cranium and I dropped my experimental Fountain of Youth Serum.

Me: Fountain of Youth Serum? That's cool.

Varie: It sure is.

Vince: But why weren't Lucy, Anastasia, Laney, Lana & Lola, Penny, you and Lily affected?

Lisa: It's because I put the older siblings minus Lincoln & Linka, Lucy, Anastasia, Laney, Lana & Lola, Penny, myself, and Lily's DNA into the Serum as a field test.

Me: Interesting.

Lincoln: It kinda feels like that I'm the eldest sibling now.

Linka: Me too.

Laney: It does doesn't it?

Me: It sure feels like it. Lisa is there any way for you to synthesize an antidote?

Lisa: Affirmative. But according to my calculations it's gonna take some time.

Varie: How long do you think it will take?

Lisa: 7 days.

Luna: (Younger Voice) 7 Days!? I got a rock concert coming up dudes!

Luan: (Younger Voice) I've got a comedy gig coming up!

Lynn: (Younger Voice) And I have a baseball game!

Me: We're gonna have to figure something out. This is one heck of a predicament.

Lily: Yeah. I can't stand my sisters having to be barred from the things they love.

Laney: Me too.

Lucy: Since we weren't the ones affected we'll have to fill in for

them.

Varie: Good Idea Lucy.

Lily: I can fill in for Luna because of my band.

Lucy: I can fill in for Lynn because I was on a baseball team at one time.

Laney: I can fill in for Luan because I learned a lot of jokes from her, J.D. and Vince.

Me: That sounds like a plan. What about you the rest of you? You all don't have any plans this week do you?

Leni: (Younger Voice) No I don't.

Carol: (Younger Voice) I don't either.

Lori: I was supposed to go on a date with Bobby in 4 days.

Me: I'll tell him everything and we can reschedule it.

Lori: Thanks J.D.

Me: You're welcome.

Varie: What about Mr. Lynn and Ms. Rita?

Lisa: Our parental units are out of town for the week.

Me: Okay. That's perfect. It'll give us time to fix this before they get back.

Lana: It kinda feels weird seeing all of you our age Lori.

Lori: It does doesn't it Lana.

Ember: (Younger Voice) Boy I completely forgot what it was like being a kid again. When I died back in the 1970's I lost all my memories of my childhood.

Lola: We'll gladly help you Ember. That's what siblings do.

Ember: Thanks Lola.

Gabrielle: (Younger Voice and British Accent) I have no plans.

Shannon: (Younger Voice) Me neither.

Vince: This is kinda cool though.

Me: It sure is. All right guys. We have 7 days before Mr. Lynn and Ms. Rita come home and Lisa makes her antidote. I'm setting my watch for 156 hours. [I set my watch for 6 and a half days] Starting now.

The watch counts down from 156 hours.

The next 6 days had been very fruitful.

On Day 2, Lucy won for Lynn's team the National Championship.

On Day 3, Laney won best comedian ever for Luan.

On Day 5, Lily won best performer of the year and got an autographed poster of Mick Swagger.

Earlier on Day 4.

As I was watching TV and babysitting the Young Loud's there was a knock at the door and I answer it.

Bobby: J.D. amigo.

Me: Bobby compadre. I was just about to call you. We have something to tell you. Come on in.

Lori: Bobby Boo-Boo-Bear.

Lori hugged Bobby.

Me: We had a bit of an accident involving one of Lisa's experiments and it made everyone but Lincoln & Linka, Lucy, Anastasia, Laney, Lana & Lola, Penny, Lisa and Lily younger.

Bobby: That is unusual.

Bobby picks Lori up.

Bobby: Babe you are so cute as a little one.

Lori: Thanks Boo-Boo-Bear.

Bobby: You're welcome.

Me: Lisa is working on an antidote to reverse the effects as we speak. But we have 3 more days.

Bobby: I completely understand J.D. We'll have to reschedule our date until it's done.

Lori: Sounds good Boo-Boo-Bear.

Present day.

On Day 6, Lincoln & Linka and Leni made all kinds of awesome clothes and more with Leni, Lana and Ember were playing in the mud and Lola and Shannon were having tea parties and pageant training lessons.

The 7th day came and me and Lisa were in her lab.

Lisa: There! I have the antidote!

Me: We'll have to make it in essence form with a dropper.

Lisa: Good plan.

I make some spaghetti and meatballs for them and prepare dinner.

Me: Come and get it!

During the filling of Lori, Carol, Leni, Luna, Ember, Gabrielle, Luan, Lynn and Shannon's bowls of spaghetti, I put one drop of the antidote into their food.

I hand them all their bowls and they ate it all.

Lynn Sr. and Rita came back just as the antidote was taking effect and the kids were back to normal.

Me: It worked.

But their clothes were shredded.

Me: Oops. Here!

I hand them their robes and Lori, Carol, Leni, Luna, Ember, Gabrielle, Luan, Lynn and Shannon put them on.

Lori: (Normal voice) Thanks J.D. We're normal again.

The door opened and in came Lynn Sr. and Rita.

Lynn Sr.: Hey guys. We're home.

Me: How was your trip Mr. Lynn?

Lynn Sr.: Ah It was great J.D.

Rita: I'm sorry you all couldn't come but it was a boring business trip.

Me: That's all right. But we have had quite a week. Lisa can explain it.

Lisa: Yes. Mother, Father, I was creating a Fountain of Youth Serum for Pop Pop. But Lynn's football hit me and I dropped it and it exploded and made Lori, Carol, Leni, Luna, Ember, Gabrielle, Luan, Lynn and Shannon 6-years-old again. I synthesized an antidote the entire time you were gone and got them back to normal.

Me: Here's a picture of what went down.

I show them a photo of all of us together in the backyard in Lincoln's treehouse.

Rita: Aaaww! I forgot how cute you all were as little ones.

Lynn Sr.: Time sure has flown by.

Me: Lori was supposed to be on a date with Bobby 3 days ago but he came and I explained everything.

Lori: Bobby said I looked really cute as a little one.

Rita: I believe it.

Me: Luna was supposed to be at a rehearsal. Lily filled in for her with her band and she got best performer.

Lily: It was awesome and I got an Autographed poster of Mick Swagger.

Luna: That really made me flip brah.

Lynn Sr.: That's our little music masters.

Me: Luan was supposed to go to a comedy gig. Laney filled in for her.

Laney: They liked all my jokes and they gave me a trophy for it and I signed it for Luan.

Rita: That's wonderful Laney.

Me: Lynn was supposed to be at a baseball game. Lucy filled in for her and they won the National Championship.

Lucy: It was from when you were trying to make us perfect people like the Yates.

Lynn Sr. and Rita cheered for her.

Lynn Sr.: Way to go Lucy!

Rita: I'm so proud of you!

Lynn: I'm proud too. Way to go Luce.

Lucy: Thanks Lynn.

Me: Lisa whipped up the antidote and we served it in the spaghetti dinner. But not in everyone elses Spaghetti. Here's the stuff.

I hand Rita the antidote.

Me: But this turned out to be a great experience for us. We got to see what Lori, Carol, Leni, Gabrielle, Luna, Ember, Luan, Lynn and

Shannon were like when they were younger.

Lynn Sr.: That's true.

Rita: Nonetheless Lisa has to be punished for this. Lisa no experiments for 2 days.

Lisa: Yes mother.

Rita: However I'm very proud of all of you for filling in for your siblings when they had things planned.

Lucy: Thanks mom.

Laney: I'm glad we could help mom.

Me: In a way Lincoln & Linka were now the eldest siblings but they didn't get payback against Lori or who knows what would've happened.

Lincoln: Yeah. I think I would've turned her into a Human Pretzel.

Lori: You've learned some of what I do as the eldest huh Lincoln?

Lincoln: I guess I picked up some things from you Lori.

Linka: We both did.

We all laughed.

Me: Well lets eat guys.

Lynn Sr.: Yeah. We should.

We all ate our spaghetti and got ready for bed.

THE END.

Another Fanfiction Completed.

This one came out of the blue for me. Let me know what you all think.

See you all next time.

# Jungle Babysitting

It starts with Me and Varie in Lincoln & Linka's room waking up.

Lincoln: Ah. Sunday mornings.

Me: Yep. Time to have some fun.

Rita: (Offscreen) RISE AND SHINE KIDS! WE'RE GOING TO AUNT RUTH'S TODAY! YAAAYYY!

Varie: It's Aunt Ruth today and that means it's my turn for babysitting.

Me: Yep. Who do you have?

Varie: Lets see. [Looks at the Babysitting Plan board] I have Lori, Carol, Shannon, Luan, Lucy, Lana and Lily.

Me: Right on.

Lincoln: Aw man.

Me: Vince is babysitting next time. You and Linka will be with him next time.

Lynn Sr., Rita and the Loud Kids were going out the door and I was going with them.

Me: Have fun honey.

Varie: I will.

Me and Varie kiss.

They left and Varie closed the door.

Varie: Well guys this is gonna be a blast.

Lori: You said it Varie.

A knock was heard and Varie answered the door and it was Eddy.

Eddy: Hey Varie.

Varie: Hello Eddy.

Luan: Hey my King of Comedy.

Eddy: My Angel Queen of Comedy.

They hugged and kissed.

Eddy: So where's everyone else?

Varie: I'm babysitting Lori, Carol, Luan, Shannon, Lucy, Lana and Lily while everyone else is at their Aunt Ruth.

Eddy: Oh that's all right. I had a babysitting scenario back when I lived in Peach Creek. I saw that Nazz was at my house and I thought she was there to take me on a date. But later I discovered the hard way that she was there to babysit me.

Lori: That's interesting Eddy.

Varie: It sure is. Here's our first activity: Jungle Rescue. It's a game where we go around a Jungle and find people in distress and rescue them.

Eddy: Cool!

Lori: That sounds like fun.

Lana: I know just the place to play it.

Lana took us to her jungle room and she opened a hidden panel.

Lana: You guys are gonna love this.

Lana pulled a lever and a door opened up and it revealed a massive greenhouse that was like a super dense jungle with lots of trees, vines, shrubs, moss, waterfalls and lots of birds, butterflies and animals. The temperature was hot and the humidity level was intense.

Varie: Whoa!

We went in and saw the sheer beauty and majesty of Lana's jungle.

Eddy: Wow! Lana you have a jungle in your room?

Lana: I sure do. It's my greenhouse and it's a dense jungle.

Luan: This is amazing. It's a Jungle In Here. [Rimshot] [Laughs] Get it?

Varie and Eddy laughs.

Varie: (Laughs) Good one Luan.

Eddy: (Laughs) Good one.

Lucy: The jungle is an amazing place. I've seen it in pictures and it is one of the most amazing places in the world as well as one of the most painful and depressing.

Varie: That's true. It's like the Amazon in here. So here's how we play. We can either swing on vines or fly and we keep an eye and ear out for any cries for help. Or if you're really skilled you can grind on the vines.

Lana: Cool! I'm good at that.

Varie: All right. Who wants to swing on vines?

Lori, Carol, Lucy, Shannon and Lily raised their hands.

Varie: Lori, Carol, Lucy, Shannon and Lily. Okay. Who wants to fly?

Eddy and Luan raised their hands.

Varie: Eddy and Luan. I'll fly too. Ready guys? Lets go!

Varie, Eddy and Luan spread their wings and Lori, Carol, Lucy, Shannon and Lily grabbed some vines and Lana got on a vine and grinded along it.

They were off.

Lori: Woo-whooo!

Eddy: This is amazing!

Carol: This is so much fun!

Lana was grinding on the vines and was in front of us.

Lana: I had a feeling you guys would like my jungle.

Lucy: This is really fun.

Shannon: This is awesome! Whoo!

?: Help! Help me!

Varie: Sounds like someone is in trouble. It's coming from over there. [Points to a clearing] Lets go!

They saw a girl with dark blue-green hair in pink and black clothing sinking in quicksand and she had a nasty spider-like creature by her.

Varie: That's Dawn from Poke'mon and that's an Ariados with her.

Lucy: I got this.

Lucy fired a black lightning bolt and sent the Ariados back to it's dimension that it came from.

Varie: Dawn! Grab my hand!

Dawn reached up and grabbed Varie's hand and Varie pulled her out. But she lost her boots.

Dawn: My shoes!

Varie: They're gone now. Lets sit down so we can talk.

Dawn: Okay.

We were sitting by a tree eating some mango fruit for a snack. Piplup, Dawn's partner Poke'mon was with her.

Dawn: So we went through an interdimensional portal Varie?

Varie: Yeah. I don't know how this happened but it did. Were you running from someone?

Dawn: Yeah. I was running from Team Rocket. I was with my friends Ash and Brock. (Crying) Team Rocket killed them and tried to go after me! I lost my best friends and I'll never see my family again!

Varie comforted her and she was saddened.

Varie: I'm so sorry Dawn.

Dawn: It's all my fault! I wasn't strong enough to protect them! (Crying) It's all my fault!

Varie: Don't blame yourself Dawn. It's not your fault. What happened was completely unavoidable. But you're still here and you now have a chance to get stronger and fight for what you believe in. I know you miss Ash and Brock but they will always be with you in heart, memory and in spirit as long as you remember everything you learned with them on your journey. In a way you'll never be apart.

Dawn started to feel much better.

Dawn: Thank you Varie.

Varie: You're welcome Dawn.

Dawn: I want to become stronger so I can bring the people that killed my friends to justice.

Lana: That's the spirit Dawn.

Lucy: We will gladly help you.

Dawn: Thank you all. Thank you.

Suddenly out of nowhere a shining purple star flew in and touched Dawn's forehead and she was enveloped in a vortex of stars.

Lana: We have an elemental choosing in progress!

The vortex changed Dawn and gave her dark blue angel wings, and a moon tattoo was on her left cheek.

When the vortex died down, Dawn was on the ground and she got up.

Dawn: What happened? I feel really strange.

Varie: You went through a massive power up. You now have powers like me and my friends.

Dawn: I do?

Dawn held her hand out and fired a beam of cosmic light.

It hit a tree and exploded.

Dawn: Whoa!

Varie: Unbelievable! You have Cosmic Energy Powers.

Dawn: This is incredible! But why does my back feel heavy?

Varie: You have wings like we do.

Dawn saw her wings and she was shocked.

Dawn: I do have wings! They're beautiful.

Varie: They are. You have the powers of a deity from another part of the world. We'll have to look it up later. My fiance J.D. has a big book on Legends of the world.

Lucy: It's how we found out where we got our powers from. Most of us got our powers from Gods and Goddesses of myths from all over the world.

Dawn: That's really interesting.

Luan: This is a really Godly situation. [Rimshot] [Laughs] Get it?

Varie, Eddy and Dawn laughed.

Varie: (Laughs) Good one Luan.

Eddy: (Laughs) That's funny.

Dawn: (Laughs) Dudes! Luan is hilarious!

Varie: Her jokes always crack us up. Lets continue playing and make one more sweep before our next activity.

Lana: Okay.

They swung on vines, flew and grind and they were looking around the jungle.

?: Help!

Dawn: Another call for help.

Varie: Lets go!

They swung, grind and flew and saw a woman tied to a post in the middle of a tribe of natives.

Varie: Those natives are gonna sacrifice her. Wait a minute. That's Ursula, wife of George Of The Jungle in Africa.

Lana: George of The Jungle is one of my favorite shows but how did Ursula get here?

Varie: I don't know but let's help her.

They hear a Tarzan Yell and sure enough they saw George of The Jungle swinging on a vine!

Varie: Wow! There he is!

Lana: I can't believe it! He really is here in my Jungle Greenhouse! George you are awesome!

George: Thank you friend.

He then crashed into a tree head on.

CRASH!

Varie: Oooh! Thats gonna leave a mark!

Lana: Nah. He's used to it.

They go into the village and fight the natives and pulverize their faces in.

Dawn: Here Ursula.

Dawn formed a sword of stars and cut her free.

Ursula: Thank you.

Dawn: You're welcome. Look out! (Dawn shields Ursula and herself with her wings and the spears that were thrown at them shattered into a million pieces when they hit]

Ursula: That was close.

Dawn went at the natives and slashed some of their masks and spears apart.

Lucy: This is what you get for sacrificing innocent people.

Lucy fired black lightning at them.

Lucy: Let fear consume you all.

The natives screamed like a bunch of little girls and hid in their huts.

Varie: That takes care of that.

George: George owe you guys for saving Ursula.

Varie: You're welcome George.

Lana: You are awesome George. We love how you crash into a tree like that. It's funny.

George: Thank you.

Later it was time for the second activity.

Varie: Okay. Our next activity is a game I call Villain Fight. We go to the simulator for it.

Luan: Cool.

Eddy: This is gonna be fun.

They went to the Simulator and Eddy and Luan went first.

Varie: Okay. Eddy, Luan I have the perfect scenario for you two.

Varie types a scenario in and the Simulator activated.

Varie: Coming online guys.

Simulator

Eddy and Luan found themselves in Peach Creek.

Eddy: Wow! We're in Peach Creek.

Luan: So this is where you used to live?

Eddy: Yeah. It was home sweet home before the Vengeance Express drove us away.

Luan: It sure is a nice place to live. It's absolutely Peachy! [Rimshot] [Laughs] Get it?

Eddy: (Laughs) Good one.

?: Jawbreaker Ed Boy? Is that you?

Eddy and Luan saw Rolf.

Eddy: Rolf! How's it going stretch?

Rolf: It's so good to see you again Ed boy. How's Bundt-Cake-For-Brain Ed Boy and Double D Ed boy?

Eddy: They're doing awesome thank you. Oh this is my girlfriend

Luan Loud. She is a funny comedian.

Luan: Nice to meet you Rolf.

Rolf: Likewise. Congrats on finding a girlfriend instead of that redhead Kanker girl.

Eddy: Luan is the best. She is as funny as me and loves Jawbreakers too.

Rolf: Great minds think alike.

Eddy: They sure do.

?: Eddy?

They saw their friend Kevin.

Eddy: Kevin! What's up man?

Kevin: Not much dude. We saw you move away and we were sad to see you go.

Eddy: I know. I miss you guys alot. This is my girlfriend Luan Loud. Luan this is Kevin. His father works at the Jawbreaker Factory.

Luan: It's a pleasure to meet you Kevin.

Kevin: Same here. Way to go on getting a girlfriend bud.

Eddy: Thanks man. How's Nazz doing?

Nazz: How about you ask me yourself.

Eddy: Nazz. You are still the most beautiful girl in the cul-de-sac.

Nazz: Thanks Eddy. Who's your friend?

Luan: I'm Luan Loud. Eddy's my boyfriend.

Eddy: It's true. We've been dating for a while and doing all sorts of fun stuff together.

Nazz: Awesome! It's a pleasure to meet you. I've heard so many big things about you and your family.

Luan: We get that a lot.

Eddy: It's great to see all of you again. Where's Jimmy and Jonny?

Nazz: They went gokarting.

Luan: That's okay.

Then a house collapsed and out of it came the Kanker Sisters.

Eddy: Kankers!? How did they escape from the Lake Vostok Prison?

Luan: Wait! I sense that Marie wants to seek redemption.

Eddy: How can you tell?

Luan: I just know for some reason.

Eddy: Lets go check it out.

Eddy and Luan confront them.

Eddy: Kankers!

Lee: Well well. If it isn't my little man.

Eddy: I already told you I'm no longer your boyfriend Lee. I love Luan now.

Lee: You still love that metalmouth freak!?

POW!

Eddy had punched Lee in the nose and knocked her down.

Eddy: Don't you dare call Luan that! She is a much better girlfriend than you!

Lee: I love a tough man.

Eddy: Lets dance.

He spread his bat wings and kicked Lee and May in the face at the same time and bonked their heads together. Knocking them out.

Eddy: That takes care of that.

Luan was facing Marie.

Luan: Marie I can sense that you are in a lot of pain mentally and spiritually.

Marie: What do you mean?

Luan: My light powers allow me to see into a persons soul and I can tell that you've had a very tramatic childhood at the hands of Lee and your mother.

Marie: How did you know that?

Luan: Like I said. I saw your past and it was not pleasent. I may not know your past completely but it's bad.

Marie: What do you know!? You've never had your own mother beat you up on a daily basis and beat you senselessly to the verge of death!

Luan gasped in sheer horror.

Luan: Marie that is horrible!

Marie: It is! Our own mother is a monster and Lee is worse than her. I hate them both. I keep trying to get away but I can't. To make it worse, mom killed all three of our dads and she hates me the most.

Luan: (Horrified) Marie that's so awful! Now I see why you made everyones lives all miserable. You were venting out all of your hatred directed at Lee and your mom on everyone because of your abuse. (Angry) That heartless monster and worthless witch! She gives loving mothers everywhere a bad name!

Eddy: Marie we had no idea you were going through all of that.

Kevin: That's horrible!

Nazz: I had no idea that the Kanker sisters mother was that bad and what shes been doing to them is absolutely not cool!

Rolf: Rolf will mangle up that wretched woman like a fowl zit that infests Wilfred's posterior!

Eddy: Easy Rolf. I know you want to get vengeance on their mother but we got everything under control.

Kevin, Nazz and Rolf were shocked.

Kevin: Eddy you've completely changed into a whole new person. What happened to you?

Eddy: Lets just say that the Vengeance Express, Our attempted Rape, meeting our new friends in Michigan and having Luan as the most awesome girlfriend in the world changed me a lot for the better in a good way.

Nazz: It really is awesome dude.

Kevin: We believe it man.

Rolf: Way to go Bat Ed Boy.

Luan: That's right. Marie, you got to sever your ties to your "Mother" and you got to make her face justice for her crimes.

Marie: But how?

Luan: We will help you.

Eddy, Luan, Marie, Kevin, Rolf, and Nazz went to the Park N' Flush trailer park with Lee and May tied in chains and they saw the Kanker's trailer.

Eddy: That's it.

Luan: What a small dump.

Marie: I'll stay out here.

Eddy: Okay.

Eddy and Luan walked up to the trailer and picked up a rock and threw it through the window.

A woman came out and it was the Kanker's mom, Bebe Kanker.

Eddy: Mrs. Kanker we're getting justice for all the rough treatment that you've subjected Marie to.

Bebe: Is that so? Then come and try.

She pulled out a gun and Luan fired a beam of light that burned her hand off and she was in alot of pain.

Luan picked the gun up and pulled out her phone and called the police.

Marie then broke down crying and Luan comforted her.

The police arrived and arrested Bebe and Rearrested Lee and May.

The Simulation ended and Eddy, Luan and Marie went into the control room.

Lucy was up next and she went in and Varie typed in the Scenario.

Varie: Here we go.

The Simulator activated and Lucy found herself in the show Star VS The Forces of Evil and she saw Star and Marco fighting Star's ex boyfriend Tom Lucitor.

Lucy: Gasp! I'm in my favorite show Star VS The Forces of Evil. I hate that guy Tom. It's time I teach him a lesson he'll never forget.

Lucy spread her wings and flew at Tom.

Tom: (Demonic Voice) You will not get my girlfriend!

Star: I am not your girlfriend anymore Tom! Why can't you see that?

Lucy: I would listen to her Tom.

Lucy fired a bolt of black lightning at Tom and sent him crashing into a wall.

Lucy fired more black lightning at him.

Lucy: Let fear consume you completely.

Tom saw everything as an endless black horrible void of darkness and it went on forever.

Tom's 3 eyes were blank and totally white and he was now rendered totally permanently blind.

Tom: Where are you all? I can't see anything!

Star: What's happened to him?

Lucy: I stripped him of his ability to see completely and now he's forever blind.

Marco: That is powerful.

Lucy: Not as powerful as this.

Lucy fired a blast of black lightning and Tom was sealed inside a black unbreakable crystal structure and he was chained inside it.

Lucy: You are forever banished into the depths of space for all eternity and you shall never again return. All of your fire powers now belong to Marco and he will have a bonus.

The black crystal flew into space and was never seen again. Tom had been stripped of his powers, disgraced and forever exiled into the infinitely vast reaches of space for all eternity.

Star: That takes care of him.

Marco: That was incredible! How did you do all of that?

Lucy: I have Dark powers. Darkness is what I do.

Star: I saw that and it was awesome.

Lucy: I know. My name is Lucy Loud. It's a pleasure to meet you Marco Diaz and Star Butterfly.

Star: Same here.

Marco: Likewise.

Lucy: Tom was completely obsessed with you Star and he wasn't gonna stop until he got you and destroyed Marco.

Star: I can believe that Lucy. Thank you for saving us.

Lucy: You're welcome. I live over in Michigan in Royal Woods. You can come visit us sometime.

Marco: Thank you Lucy.

The simulator ended.

Later it was time for lunch.

Varie: Okay everyone what do you want for lunch?

Lana: There was pizza last time. How about spaghetti?

Everyone agreed.

Varie: Spaghetti it is.

Varie had a Magisword Bracelet on and she spun it and pulled a Magisword out.

Announcer: SPAGHETTI DINNER MAGISWORD!

Varie created a big bowl filled with spaghetti and they ate it all.

Varie: Ahh. That was delicious.

Lana: (Burps) Yeah. It's a shame that Magisword Food has no nutritional value at all.

Luan: That's a shame.

Eddy: Yeah.

Marie: It was good spaghetti though.

Dawn: I agree.

Lucy: It was tasty.

Lori: You said it guys. It's just as good as dads.

Carol: I love spaghetti. It's one of my favorite meals especially with sausage, clams and mussels.

Varie: Sounds tasty.

Shannon: That does sound good.

Varie: Lets make a spaghetti dinner for everyone else when they get back.

Eddy: Sounds like a plan.

Luan: It's was Pasta due. [Rimshot] [Laughs] Get it?

Eddy, Varie, Dawn and Marie laughed.

Eddy: (Laughs) Good one.

Marie: I was wrong Luan. You're funny.

Dawn: I agree.

Later they were watching reruns of The Dream Boat and at 4:30 PM Vanzilla 2.0 came back.

Varie: They're back.

They came in and found the dinner table full of bowls of spaghetti.

Varie: Hey guys. Dinner's ready.

They cheered.

Me: So how was everything Varie?

Varie: It was awesome and we had a bunch of developments happen.

Me: Like what?

Varie told us everything and we were shocked and horrified.

Me: So Dawn lost her friends at the hands of Team Rocket?

Dawn: Yeah.

Me: She got Cosmic Energy Powers when a purple star appeared and touched her?

Varie: She sure did.

Me: Let me see here.

I pull out my Legends book and found an amazing discovery.

Me: Dawn you have no idea how lucky you are. You were given the powers of the stars by the Star of Asteria, the Goddess of the Stars in Greek Myth. She can only grant her powers to someone that has an overwhelming sense of justice, purity and love towards everyone. They get powers that can shape the heavens themselves.

Varie: That's incredible!

Dawn: So I can do anything to the Universe?

Me: Yeah. But this is incredible power Dawn and with great power comes great responsibility.

Laney: That's right Dawn.

Lola: Trust me. It is not an easy thing.

Dawn: I believe it. I've got a lot to learn.

Luna: And we will help you dude.

Dawn: Thanks guys.

Me: What really shocked me the most is that the Kanker's mom Bebe is a cold-blooded and heartless murderer.

Laney: She's a total psychopath.

Me: No kidding.

Lynn: Marie we're very sorry that happened to you.

Marie: It's all right guys. But now I have some closure knowing that mom is going to prison for life and Lee and May are back in Antarctica.

Me: Hopefully for good.

Edd: Marie I'm so sorry that happened to you.

Ed and Edd were with the Loud Kids.

Marie: It's all right Double D. My love for you has been a lie. I'm hoping I can move on and find the right person for me and not go after him like a pack of wolves.

Edd: I'm proud of you Marie.

Marie: Thanks Double D.

Me: We're proud of you Marie. You've taken your first steps to redemption.

Later I called a press conference in Washington D.C. and explained the ferocity of Bebe Kanker's crimes. She was found guilty of all her crimes and was sentenced to Death. She was executed the following morning. Lee and May were put in the Triple Max Lake Vostok Prison and this time with a terrible curse: Eternal Life Without Eternal Youth.

THE END.

Another Fanfiction Completed.

Varie's babysitting adventure was awesome. I wanted to add Dawn from Poke'mon Diamond and Pearl to the mix. She's cool. I used to watch Poke'mon all the time back when I was a kid and it was awesome for a while. I also put in George of The Jungle from 1967 into the mix. That was funny. Not as funny as the movie but just as good. The redemption of Marie Kanker and the Reunion in Peach Creek was completely out of the blue for me. I also will be adding more adventures of Lucy, Star and Marco in the future. Star VS The Forces Of Evil is a funny and adventurous show. I'm hooked on it now. Let me know what you all think.

See you all next time.

Poke'mon Series is owned by 4Kids Entertainment, Lots of networks and Takeshi Shudo.

Star VS The Forces Of Evil is owned by Disney and Daron Nefcy.

George of The Jungle 1967 is owned by Jay Ward, Jay Ward Productions and NBCUniversal Television Distribution.

# Princess VS Evil Witch

Lola was in the Simulator.

Me, Varie, Vince, Laney, Lana and Lisa were in the control room.

The simulator activated and Lola found herself in the world of Maleficent from 2014.

Lola: Oh wow! I'm in Maleficent. One of my favorite movies.

Lola explored the world of Fairies and she found in a tree a Young Maleficent.

Lola: Wow. It's Maleficent from when she was Young.

Lola spread her wings of fire and flew up to her.

Lola: Maleficent.

She looked at Lola.

Lola: My name is Lola Loud.

Maleficent: It's a pleasure to meet you.

Lola: Same here. I have a powerful warning for you. King Stefan is a powerhungry madman that will stop at nothing to kill all fairies.

Maleficent: How do you know that?

Lola: I have my own sources. Also there's an alternate version of you that I've seen that is evil in it's purest form and is full of hatred, evil and bitterness. She… Well let me show you.

Lola puts her hand on Maleficent's head and shows her everything she knows and how from her time and more. Maleficent saw King Stefan take her wings and she cursed Aurora with an eternal sleep curse when she turned 16 and she got her wings back as well as kill King Stefan and even her evil self fighting Prince Phillip.

When it was done it took 2 minutes for her to digest all the info.

Maleficent: That's absolutely horrible.

Lola: Yeah.

Maleficent: I can't believe that Stefan is going to be king and he's going to take my wings and I curse his own daughter with an eternal sleep spell.

Lola: Yeah. Stefan is evil but the one in where your evil self is is a loving and benevolent king.

Maleficent: He sure is and that's different. And I can't believe that my alternate self is that evil.

Lola: Hard to imagine.

Maleficent: We have to stop my evil self.

Lola: And we will.

Lola forms a portal and it leads into the world of Disney's Sleeping Beauty. They went in and found themselves in front of the Forbidden Mountain. It was a dark and extremely dangerous place.

Lola: Her castle is up there.

Maleficent: Lets go.

They flew up to the top and came up to an evil castle.

Maleficent: This is where my evil self lives?

Lola: Yeah.

They both bust in to the castle and they both saw Maleficent's Evil Self.

Lola: Maleficent! It's over for you!

Evil Maleficent: So you fools have come to rescue the young Prince?

Maleficent: You will pay for everything you've done. We won't let you get away with everything you've done.

Lola: It's time to finish you off once and for all.

Evil Maleficent: You poor simple fools. You think you can defeat me? Me the Mistress of All Evil?!

Lola: We don't think we know.

Lola fired a blast of fire at her and burned her face.

Maleficent created a spiked vine rope and lashed the Evil Maleficent in the face.

Lola kicked her in the stomach and uppercut her and fired a blast of fire at her back.

Maleficent punched her evil self in the mouth and kicked her in the face.

While the fight was going on, the good fairies freed Prince Philip and armed him with the Sword of Truth and a powerful shield. He escaped the dungeon and got on his horse and rode back to the castle.

Lola and Maleficent flew with him and the Evil Maleficent saw them getting away and she fired purple lightning blasts at them.

Lola fired blasts of fire and blew apart the tower. But evil Maleficent was standing.

Maleficent: That only slowed her down.

Lola: We have to hurry!

Prince Phillip: Yes come on!

The evil Maleficent decided to delay them.

Evil Maleficent: A Forest of Thorns shall be his tomb, born through the skies on a fog of doom, Now go with a curse and serve me well, Round Stefan's castle cast my spell!

She formed a storm over Stefan's castle and purple lightning struck around it and a huge wall of thorn bushes formed.

Lola: Uh-Oh!

They were stopped and the Evil Maleficent laughed malevolently.

Maleficent: She hasn't won yet.

They slashed and burned through the thorns without any problems.

Evil Maleficent: No! [Enveloped herself in a green fire aura] It cannot be!

She flew towards them and as they got to the bridge she appeared before them and was enveloped in an aura of intense green fire.

Evil Maleficent: Now shall you all deal with me and all the powers of Hell!

A massive boom was heard and she laughed malevolently and she transformed into an Evil Dragon!

Lola: She became an evil dragon!

Maleficent: The evil I'm sensing from my evil self is intense.

Prince Phillip: How can she be that evil?

Flora: We don't know Phillip.

Lola forms a sword of pure fire.

Lola: She's about to become a dead dragon. Lets slay this monster!

Maleficent formed a sword of Razor Sharp vines.

Maleficent: Lets!

They flew and ran at her and she breathed a stream of green fire at them and destroyed the bridge.

Lola fired a stream of fire at evil Maleficent and it hit her in the eye.

Flora: Now Sword of Truth fly swift and sure that evil die and good endure!

Phillip threw the sword and it skewered the Evil Maleficent into her black and twisted heart.

As she was about to fall down, Maleficent grabbed the sword and the evil Maleficent was dead. She was nothing more than a stain of black on the ground.

Maleficent: That's it for her.

Lola: Yep. Good riddence to bad rubbish.

Merryweather: You said it Lola.

Fauna: Lets go save the princess.

In the castle tower they saw Prince Phillip kiss Aurora and the curse was broken and she awoke and kissed him.

It was a joyous and romantic sight.

Lola and Maleficent were heroes in Stefan's kingdom.

Lola: Maleficent, I couldn't have done all this without your help.

Maleficent: I was happy to help Lola.

Maleficent decided to go to the Loud House with Lola and learn more about the world.

The simulation ended and Lola introduced Maleficent to all of us.

THE END.

Another Fanfiction completed.

I wanted to do a mix of Maleficent from 2014 and Sleeping Beauty from 1959. Angelina Jolie went from Tomb Raider to the Mistress of All Evil in 2014's Maleficent. She was awesome in that movie and she did an outstanding and fantastic job in that movie. There's a difference however with both movies. Maleficent from 1959 was killed near the end and she was pure evil from the very start. Maleficent from 2014 was born good and the Queen of The Moors and she had magnificent wings to boot. But King Stefan was the true villain in that movie. Kind of a weird twist but really cool. Maleficent got her heart of stone because of King Stefan cutting off her wings. What a heartless and evil monster! But nonetheless they were both great and awesome movies. 2019 marks the 60th anniversary of Sleeping Beauty. I hope they make more Live Action varients of our favorite Disney movies in the future and I have a feeling that they will. What I would really like to see is The Little Mermaid. But anyway let me know what you all think.

See you Next Time.

Sleeping Beauty and Maleficent belong to Walt Disney Studios.

# Vince's Journey P1

Vince is in the Simulator for an exercise and we are preparing him for it.

Me: [To the Viewers] We're helping Vince prepare for his exercise. We placed a Sealing Jutsu on him that prevents him from aging in the Simulator. We've calibrated the simulator so that 15 seconds is equal to one year.

We finished preparing him.

Vince: Thank you guys.

Me: No problem. Now this exercise is going to start at when Naruto was born. You're gonna go on all of Naruto's adventures from day one and train him in everything you know and more.

Vince: I understand.

Me: Good luck partner.

Vince: Thank you J.D.

Vince got into the Simulator and I activated it and Vince found himself in the World of Shinobi on October 10th, the night of Naruto's birth and he saw the 9-Tailed Fox attacking the Leaf.

Vince: Looks like I got here just in time. J.D. is right. I sense that someone is controlling the Fox. I can also sense that Minato is fighting the man that's responsible.

Vince spread his wings and flew to Minato. He found him fighting a Masked Man.

Vince: It is a Rogue Uchiha!

He flew down and destroyed his mask with a devastating kick.

Minato: [To Vince] Who are you?

Vince: My name is Vince Pusateri. I came to help you.

Minato: I greatly appreciate it Vince.

The masked man got up and revealed his face and sure enough it was Orochimaru.

Minato: (Shocked) Orochimaru!?

Vince: I knew Orochimaru could never be trusted.

Orochimaru: That's right Minato. I wanted the position of 4th Hokage. But you wouldn't give it to me. So I decided to get even by destroying the very village I call home.

Minato: You're heart was full of darkness Orochimaru and Sarutobi was right to give me the title.

Vince: A Hokage's heart and motives must be pure and they must be willing to protect everyone they care about and throw their life on the line to protect the village and that's something a warped freak like you can never understand.

Minato: I agree with you Vince and I couldn't have said it better than myself.

Orochimaru: You're wrong! I will be back and I will destroy the Leaf! I swear it!

Vince: And I will be ready for you.

Vince flared up his aura without transforming.

Vince: You will pay for your crimes.

Orochimaru ran away.

Minato: Lets go help the village.

Vince: Right.

They went back to the village and Vince snapped his fingers and teleported the Fox away from the village.

Vince: All right we have to seal the fox into Naruto. But I'm not letting you take your own lives so Naruto will have no knowledge of his parents and become an outcast and made a weapon for the councils own selfish purposes. Let me handle this. [Chants an Incantation] **Kyomiga Moriyan Lextixa Huitiga Jestinora Nor!**

Vince fired a blast of rainbow light and it hit the 9-Tails and turned it into a ball of energy and he sealed it into the infant Naruto and he was forever changed. He had fox ears and 9 fox tails and his Chakra Levels were astronomically powerful as a result.

Kushina was in the hospital recovering.

Minato and Vince came in with a little Naruto.

Kushina: (Weakly) Is it over?

Minato: Yes honey it is. Vince here saved us all and sealed the 9-Tails into Naruto.

Kushina: Thank goodness.

Vince: Kushina that masked man was really Orochimaru.

Kushina gasped.

Kushina: Orochimaru caused all of this?

Vince: Yes. He was infuriated that he didn't get the title of the 4th Hokage and he vowed to destroy the village by any means necessary. My guess is that someone leaked the info on where the delivery of Naruto was taking place and he used this to his advantage to get to the 9-Tails.

Minato: That could very well be it.

Vince: We have to let everyone know and why and explain the reasons behind it and we also have to explain why Naruto has fox ears and 9 fox tails.

Minato: You're right Vince. Everyone has a right to know.

Vince: And if they try to hurt Naruto in any way, shape or form, they'll answer to me.

Minato: Good thinking. They'll also answer to me and Kushina too.

After everyone was gathered and Vince fixed the village Minato revealed everything and everyone was horrified. Orochimaru was now declared the most dangerous traitor in the history of the world. He was placed in the Bingo Book with a major bounty and a kill on sight order. Minato revealed everything thats happened with Naruto and they were expecting him to be hated but it was the exact opposite.

After everything was explained Vince was in Lord Minato's office.

Minato: We can't thank you enough for helping us in this catastrophe Vince.

Vince: It's no problem Minato. How many people were lost in this event?

Minato: Thanks to your rescue efforts only 100.

Vince: That's good but at least it wasn't thousands.

Minato: That's true.

Vince: I have a request I would like to make.

Minato: And what is that Vince?

Vince: I want to train Naruto in everything I know in secret when the time comes. I have a very strong suspicion that some people will be strongfully resentful towards Naruto. So I want to help him and train him in everything I know.

Minato: That's very good thinking and I have a feeling that you're right Vince. I will allow it.

Vince: I have an awesome training schedule set up for him.

Minato: You can train Naruto when he turns 4.

Vince: Got it.

4 Years Later

Naruto was learning everything from Vince and getting stronger and stronger at an accelerated rate with each passing day. Vince trained Naruto in several taijutsu styles, numerous ninjutsu techniques, lots of Genjutsu techniques, numerous Sword Jutsu techniques and attacks and Minato and Kushina trained him in Sealing Jutsu. All of the ANBU, elite Jonin, Chunin and Genin trained Naruto in everything they know too. Naruto now has a powerful Kekkei Genkai he calls Thunderwing. This is where Naruto has the ability to sprout wings made of pure lightning and it possesses enough power to power several million cities for thousands of years. He also has intense lightning powers and they far surpass the most powerful Lightning Style users by 100,000 times. He also has the ability to fly and he can use Ki and Spirit Energy and his power never runs out.

Vince: Good job Naruto. That's it for now. Lets continue tomorrow.

Naruto: Thanks brother Vince.

As they walked home they saw a man in the Hyuga compound carrying a black bag.

Vince: Uh oh! We got trouble! Lets go!

Naruto: Right!

They followed the man and confronted him.

Vince: I knew the Hyuga council was up to no good. They conspired with the Cloud Civilian Council to give the Cloud the Byakugan.

Cloud Ninja: That's right. I was sent as a phony ambassador to kidnap the Hyuga Heirous.

Naruto: Then we will rescue her by force.

Naruto fired a bolt of lightning and immobilized and electrocuted him.

Vince: Good job Naruto.

Naruto: Thanks brother Vince.

Vince picked up the Cloud Ninja and Naruto opened the bag and in it was a young Hinata.

Naruto: It's all right. We won't hurt you. We saved you.

Hinata: Thank you for saving me.

?: Hinata!

Lord Hiashi Hyuga and his brother Hizashi came and he saw them with Hinata.

Vince: It's all right Lord Hyuga. We rescued Hinata from having to endure a fate worse than death. This Cloud Ninja was sent here as a phony ambassador to kidnap Hinata so the Cloud can have the Byakugan.

Hiashi: I have a feeling you're right Vince. Lets get the Cloud Ninja to Inoichi and confirm everything.

Naruto: Okay.

Hiashi: Naruto thank you for saving Hinata.

Naruto: You're welcome Lord Hiashi.

Vince sensed something.

Vince: Uh-oh. Something is going down at the Hyuga Compound.

They ran to the Hyuga Compound and they got there in 10 minutes and saw in the room of Hitomi Hyuga, the wife of Lord Hiashi a member of the Hyuga council had a syringe in his hand and it was filled with some kind of purple liquid.

They bursted in and Vince fired a laser from his finger and blew the syringe out of his hand.

Vince: You're under arrest for attempted murder.

Naruto took the syringe and looked at it.

Naruto: It's poison.

Lord Hiashi: You tried to poison my wife!

Vince: Looks like we got here just in time.

Hitomi: You sure did.

In the Hokage's office they told Minato everything that went down and it turns out that everything Vince and Naruto found out was 100% correct and the Hyuga Council was arrested and thrown in jail forever. Minato sent a message to the 4th Raikage and he was so enraged that he killed the Cloud Civilian Council and because of the damage done to the Cloud's reputation because of their corruption, the 4th Raikage decided to transfer one of his shinobi to the Leaf. He sent Yugito Nii the 2-Tails Jinchuriki to the Leaf along with several Lightning Style Jutsu. Naruto and Samui were dating and Hinata was dating him too. Naruto was placed into the CRA or Clan Restoration Act and Naruto made it extremely clear that he will not love unless it is true and he gets to know them first.

3 Years Later.

Vince and Naruto were having lunch in the park.

Vince: After Lunch we're gonna do more training under Kakashi.

Naruto: Okay brother Vince.

?: Look at the size of that forehead!

They saw some kids picking on a young Sakura Haruno.

Vince: Those dumb kids.

Naruto: I got this.

Naruto walked up to them.

Naruto: Hey! Leave her alone!

Kid 1: Why are you defending this ugly freak?

Naruto: She's just a beautiful girl to me.

Sakura blushed when she heard that.

Naruto: You guys are supposed to be ninjas? You're just a bunch of worthless little punks that hurt people they don't know for your own amusement.

Kid 1: (Angry) What did you just say to us?

Naruto: You heard me or are your brains so tiny that you need a brain transplant?

Kid 1: (ENRAGED) WHY YOU!? I'LL SHOW YOU WHO NEEDS A BRAIN TRANSPLANT!

The kid dashed and Naruto punched him in the face and kicked him in the mouth. The kid was knocked out.

Kid 2: You stupid fool! Now you're gonna get it!

Naruto got into his phoenix stance and the kids charged and Naruto punched the kids in the stomach and chopped them and broke their ribs. They were down and they got up.

Kid 3: That kid's crazy! Lets get out of here!

They ran.

Naruto: And don't let me catch you picking on people again or I will kill you!

Vince: Good work Naruto.

Naruto: Thanks Vince.

Sakura: Thank you for saving me.

Naruto: You're welcome.

Sakura: My name is Sakura Haruno.

Naruto: It's a pleasure to meet you Sakura. I'm Naruto Uzumaki Namikaze.

Sakura: The famous son of Lord Minato. It's a great honor.

Naruto: I get that alot.

Vince: I'm Vince Pusateri. Naruto's teacher, brother and mentor.

Sakura: It's a pleasure to meet you.

Vince: Same here.

Naruto: So are you going to join the Academy? I start in 3 weeks.

Sakura: Yes I am. I start at the same time.

Naruto: Cool. Sakura your hair goes perfectly with your namesake and you have a beautiful forehead.

Sakura blushed intensly and she knew that Naruto was perfect for her.

?: I'm glad you put those hooligans in their places guys.

They saw a Weasel-Masked ANBU.

Vince: Hello Weasel.

Naruto: Hey brother Itachi.

Itachi: Hello Naruto, Vince.

Vince: How are things with your family?

Itachi: Worse than ever. Sasuke is now a powerhungry sociopathic monster and thinks he's so entitled to everything. He has a massive superiority complex and he is being treated like royalty. Mom is doing good and Satsuki and Haruna are doing great. Father on the other hand is causing a lot of problems for the Uchiha.

Vince: I'm sorry Itachi. But Fugaku and Sasuke will get what's coming to them in the end.

Itachi: Thank you.

ANBU: Captain Itachi, Lord Hokage has called for you.

Itachi: I'm on my way. See you round guys.

Naruto: Bye Itachi. [Itachi Vanished] Sakura would you like to train with us after class?

Sakura: I would be honored Naruto.

Vince: Awesome.

Later that night Minato, Itachi, Shisui, Jiraiya and a bunch of high ranking shinobi raided the Uchiha District and killed all the Uchiha except for the civilians and children. Satsuki, Mikoto, Haruna, and Sasuke were sparred. Sasuke was placed into the Tsukuyomi Genjutsu by Shisui and was told that Naruto killed the Uchiha and this broke him beyond all repair.

Sasuke recovered in the hospital and he swore to get revenge on Naruto and he will stop at nothing to kill Naruto. But what he doesn't know is that Naruto is far more powerful than Sasuke ever will be in a million lifetimes.

5 Years Later

Vince, Naruto and Sakura were heading to the Academy.

Vince: So today is our Genin Test.

Naruto: It sure is. I hope we all pass and get on the same team.

Sakura: I have a feeling we will.

Vince: This is gonna be really good and I hope we put Sasuke in his place.

Naruto: Yep.

Sakura: This is gonna be good.

Vince: Should we do an entrance?

Naruto: Yeah. That's fun.

Sakura: I can't resist a good entrance.

As the class was settling down Iruka and Mizuki came in.

Iruka: All right! Good morning class.

Class: Good Morning Iruka-Sensei.

(2002's Nautilus Plays)

A massive flood of water suddenly came in without warning and turned the whole classroom into an underwater environment filled with fish and mermaids. Vince came swimming in and he was holding the hand of a mermaid that looked like Carol and he swam to his spot and Carol sang a beautiful melodious song that put everyone in a state of Euphoria.

Everything vanished.

(Loreena Mckennitt's The Mystic's Dream plays)

A massive bolt of lightning exploded out of the back of the room and hit the chalkboard and it turned into a Sprite, a kind of Upper Atmospheric Lightning. They are shaped like red jellyfish. The Red Sprite exploded and Naruto emerged and he was in his Thunderwing Kitsune Hanyou form as he calls it.

(Sarah Brightman's Scarborough Fair plays)

Vines, flowers, bushes, and trees grew along the floor and made a giant tree in the middle of the floor of the classroom and a bunch of butterflies and birds fly around it and a pod grew down to the floor and opened up like a coccoon and out came Sakura and she had beautiful neon pink butterfly wings with blue, green and yellow spots and she had two antennae coming out of her forehead. Her eyes were emerald green and they had teal sclera. Sakura has the power to control all of nature.

Vince: Hello Iruka Sensei. Are we on time?

Iruka: You all made it just in time Vince. Awesome entrances as always.

Vince: Thank you.

Naruto: Morning brother Iruka, hello Mizuki.

Iruka: Morning Naruto.

Mizuki: Hello Naruto.

Sakura: Morning sensei.

Iruka: Morning Sakura. Take your seats please.

They took their seats and they got started on the test. Mizuki handed out their Genin Written Test and Vince, Naruto and Sakura finished in 1 minute.

They decided to read until everyone else is finished. Naruto kept an eye on Sasuke as Mizuki gave him his test and what he saw was atrocious. He saw Mizuki give Sasuke a prewritten test with every single answer written for him.

Naruto: (In His Head) So Sasuke is a dirty rotten cheater. That little weakling! Wait till dad hears about this.

Naruto sent a telepathic message to Lord Minato and he was shocked.

Minato pulled out his crystal ball and looked through it from Naruto's memories and discovered that he was right.

Minato: I can't believe this. ANBU!

Eagle: Yes milord?

Minato: Arrest Mizuki at once.

Eagle: What would be the charges sir?

Minato: Military Sabotage and conspiracy.

Eagle: Yes sir.

He vanishes.

Minato: (Telepathically to Naruto) Son, thank you for telling me. The ANBU are on their way.

Naruto: (Telepathically) You're welcome dad. (Telelpathically to Vince) Bro, Sasuke's been accepting Prewritten tests and is a dirty rotten cheater.

Vince: (Telepathically to Naruto) I always knew he was weak. Good work bro.

Naruto: (Telepathically) Thank you.

The ANBU arrived.

Weasel: Mizuki you are under arrest for Military Sabotage and Conspiracy.

Mizuki: Hey I haven't done anything!

Eagle: Shut up. We have a silent witness. Take him away.

Later it was time for the Weapons Test.

Iruka: All right. It's time for the Weapons test.

Vince went first.

Vince: Watch this everyone.

Vince formed some kunai and shuriken made out of red crystal and threw them at the Training Dummy and hit the arms, legs, head, neck, chest, stomach, hands, feet and the crotch.

Vince: There are more points to hit than just the chest sensei. You hit the hands the enemy can't use jutsu, you hit the feet and legs they can't run, and if they have a visual jutsu they can't see or attack with it. An armless, legless, blind shinobi is a dead shinobi.

Iruka and the class but Naruto and Sakura were flabbergasted.

Iruka: That's true Vince. Everything you said is true. You pass with a perfect score and you get bonus points for identifying more spots to attack.

Vince: Thank you Sensei.

Iruka: You're welcome. Now Naruto? You're up.

Naruto: Okay.

Naruto did exactly the same thing except with lightning kunai and shuriken and he got a perfect score and bonus points.

Iruka: Sakura your turn.

Sakura: Okay.

Sakura did the same except with Leaf kunai and shuriken and she got a perfect score and bonus points as well.

Everyone got varying scores and Sasuke was enraged. Satsuki and Haruna did better than him as did Hinata and Yugito.

Next was the Taijutsu Test.

Iruka: All right. It's time for the Taijutsu Test. We will split you up boys VS girls.

First the girls were up and some of the matches were absolutely pathetic. The Civilian Girls were in more of a catfight.

Vince: This is pathetic.

Sakura: You said it Vince.

Iruka: I know guys. All right Sakura Haruno and Ino Yamanaka.

Sakura and Ino went up to the arena.

Ino: You will never be as good as Sasuke is Billboard Brow.

Sakura: Ino pig listen to yourself. Sasuke is the Devil Incarnate and he only cares about no one other than himself.

Ino: You just made that lie up so you can get Sasuke all for yourself.

Sakura: No Ino you are the liar. You don't even realize how blind you are to the truth.

Sakura punched Ino in the face and she went crashing into the wall and was knocked out.

Iruka: Whoa! Sakura's strength is incredible. Sakura wins!

Later Vince was facing Kiba Inuzuka.

Kiba: You ready for this Vince?

Vince: I was always ready for anything.

Vince got into his Storm of Justice stance and he kicked Kiba in the Leg and punched him in the Solar Plexis and kneed him in the face all with devastating force and he knocked him out. Lightning and Thunder came out of his attacks.

Iruka: Wow! What a unique Taijutsu style.

Vince: I call that my Storm of Justice Taijutsu Style. It's extremely powerful. Think of it as a Lightning Style Varient of Lady Tsunade's Hundred Strengths Jutsu.

Iruka: Incredible! Great job Vince. I think you made a new Taijutsu Style. You pass.

Vince: Thank you.

Iruka: Naruto and Sasuke.

Naruto and Sasuke stood in the arena and Sasuke had a look of extreme rage and hate directed at him.

Sasuke: I will now kill you for killing my clan!

Naruto: They got what they deserved Sasuke. They were going to start a war and that would've left us completely vulnerable.

Sasuke: I don't care! I want you dead and I will destroy you with all of my HATRED!

Sasuke charged at Naruto and Naruto blocked all of his strikes without even moving from where he was standing. Sasuke then backed away and threw a kunai and Naruto caught it with just his fingers.

Naruto: Pathetic.

Iruka: Weapons are not allowed. Sasuke is disqualified. Naruto wins by default.

Naruto: Wait Iruka-sensei. Let me handle this.

Iruka: All right.

Naruto dashed and kneed Sasuke in the stomach with devastating force and it knocked Sasuke down.

Naruto: What a weakling. You've wasted enough of my time already.

Naruto walked away.

After the Taijutsu test Iruka asked if anyone had any jutsus they would like to show and lots of people did.

Vince: Okay I have 7 techniques I want to show you but the first one is way too destructive. Lets go to a training ground to do it.

Iruka: Good idea.

At Training Ground 10 Vince stood ready and everyone was watching.

Vince: All right. Brace yourselves.

Vince got into a stance and cupped his hands to his side.

Vince: **KAAAA! MEEEE! HAAAA! MEEEE! HAAAAAAAAAAAAAAAAAAAAAAAAAAAA!**

He thrusted his hands forward and fired a red Kamehameha Wave at a Training Post and it completely obliterated the entire training post and part of the training ground in a huge thunderous explosion.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMM

When the smoke cleared a huge smoldering crater was covering part of the training ground.

The whole class was floored and flabbergasted.

Shikamaru: Wow! What power!

Choji: That was unbelievable!

Shino: Incredible. The power from that blast is making my insects scared.

Iruka: What was that?

Vince: That was the Kamehameha Wave. A stronger varient of it. It's a blast of Ki.

Iruka gasped in shock.

Iruka: Ki? That's impossible! No ninja alive can use the physical component of Chakra.

Hinata: Um what is Ki?

Sakura: Ki is the physical component of Chakra. It's far more destructive than Chakra and it possesses enough power to destroy an entire planet.

Ami: Are you serious Sakura?

Sakura: Yes I am Ami.

Shikamaru: Unbelievable!

Iruka: Amazing.

Minato arrived and the ANBU were with him.

Minato: We heard a massive explosion and thought we were under attack.

Vince: Sorry about that Lord Minato. I was demonstrating for Iruka-Sensei my ability to use Ki.

Minato: (Gasps) Ki? That's impossible.

Iruka: I was thinking exactly the same thing Lord Hokage. Vince can use the Physical component of Chakra in its entirety and he caused this kind of damage to the Training Ground.

Minato: Incredible.

Vince: I'm sorry for bringing cause for alarm.

Minato: That's all right Vince but that was amazing.

Vince: Thank you. Okay here's technique number 2. But I'll need a volunteer for it and I don't want to hurt any of my friends.

Minato: I know just the person. Be right back.

Minato disappeared in a Yellow Flash and got back in a split second and with him was a criminal.

Minato: This is Wakumi "FACEMAULER" Kobaiyashi. He's called the Facemauler because he eats peoples faces off.

Vince: Yuck! So this guy is a cannibal. He's like Hannibal Lector from "The Silence of The Lambs".

Naruto: That is disgusting and he was one of the first ever criminals I've ever caught.

Sakura: I've heard about that Naruto.

Minato: Yes. Well done on that son.

Naruto: Thanks dad.

Vince: Well he's perfect for my 2nd Technique.

Minato: It was his death sentence anyway.

Vince: Perfect.

Sakura formed a wooden training post and Minato tied Wakumi to it.

Minato: Okay. Ready to go.

Vince: All right. Here's my 2nd technique. It's a Spirit Energy technique.

Vince held out his hand and surrounded it in electricity.

Vince: **STORM OF TORMENT!**

Vince fired a powerful blast of lightning at Wakumi and it hit him with incredible force and incinerated him into absolutely nothing.

Minato: Incredible!

Vince: That takes care of him.

Choji: That was intense!

Yugito: That was amazing. I've never seen Lord A use a technique like that when I lived in the Cloud.

Vince: It's a Spirit Energy Technique, Yugito. I surround my hand with Lightning and it's normally used as a charge and punch move. If your opponent dodges it, the lightning from it will hurt them. Escape from this technique is completely impossible. I made another varient of it where I fire it as a blast of lightning. Even if you dodge the blast the lightning and shockwave from it's power will blow you away and shock you at the same time.

Iruka: That is amazing.

Vince: All right Here's number 3. First: Fire.

Vince focused on a training post.

Vince: **FIRE STYLE NINJA ART: INFERNO COBRA!**

Vince threw a ball of blue fire at the training post and it became a Blue Fire Egyptian Cobra. It hissed viciously and bit the post and incinerated it and the snake fizzled out.

Iruka: That was incredible! Well done! No hand signs too.

Minato: Very impressive.

Vince: Thank you. Now for number 4: Water.

He focused and formed a ball of water in his hands.

Vince: **WATER STYLE NINJA ART: TSUNAMI BRACHIO!**

A wall of water exploded out of his hand into the air and it formed a Brachiosaurus made of pure water and it fell on the training post and crashed into it with incredible force with a huge splash and it filled up the crater with water. Essentially making it a huge swimming pool. The Training post was reduced to matchsticks.

Iruka: Incredible! What power!

Sakura: That was intense.

Ami: No kidding.

Minato: What was that creature?

Vince: It was a Brachiosaurus. It was a prehistoric creature that lived millions of years ago.

Minato: I heard about those creatures.

Vince: Yeah. Here's Number 5: Earth. You may want to shield yourselves for this one.

Everyone hid behind the trees and Vince lifted up a huge chunk of earth and it became a giant Crystal Spiked Boulder.

Vince: **EARTH STYLE NINJA ART: CRYSTAL BOULDER SLAUGHTER!**

Vince threw it at another training post that was formed and it exploded when it hit and covered the ground with shards of crystal. Crystal shards and shrapnel embedded into the trees.

Vince: That was an enhanced variation of the Sphere of Graves jutsu.

Iruka: Incredible.

Minato: Very impressive. Good thinking on telling everyone to hide themselves before you did the technique.

Vince: Thank you. Here's Number 6: Lightning.

Vince formed a ball of Lightning in his hands and held it up into the air.

Vince: **LIGHTNING STYLE NINJA ART: STORM CROW MURDER!**

The Lightning ball turned black and it split into numerous smaller balls of lightning that became a huge Murder of Crows made of pure lightning. They went at a newly formed training post and they hit it and exploded with a massive explosion of lightning.

Minato: That was incredible!

Vince: Lastly, Number 7: Wind.

Vince formed a ball of wind in his hand and aimed it at the sky.

Vince: **WIND STYLE NINJA ART: TORNADO WINDSTORM!**

A huge tornado fired out of his hand and went high into the sky and blew away a cloud with incredible force.

Iruka: Wow! Very impressive.

Vince, Naruto, Sakura and everyone had some jutsu and they got bonus credit.

In the Ninjutsu portion of the test Vince was up.

Iruka: All right. Vince do the Transformation Jutsu.

Vince: Okay. [Transforms into Carol]

Iruka: Who is this?

Vince changed back.

Vince: That's my girlfriend Carol.

Iruka: Aw. That's very sweet. Now do the Substitution.

Vince: Okay now lets see here. I know.

Naruto threw a rock at him and Vince substituted with Sasuke and the rock hit him in the nose.

WHACK!

Sasuke: OW!

Iruka: Ooh. That's gotta hurt. Well done Vince. Now do the Clone.

Vince: Okay. SHADOW CLONE JUTSU!

6 Shadow Clones of Vince appeared.

Iruka: Shadow Clones? Well done. You pass with flying colors.

Vince: Thank you sensei.

Naruto was up next.

Iruka: Okay Naruto first do the Transformation.

Naruto: Okay.

Naruto transformed into Minato.

Iruka: You sure have a lot of respect for your old man huh Naruto?

Naruto: (Changes Back) I love my family more than anything.

Iruka: I can believe it. Now do the Substitution.

Naruto: Okay. Ready brother Vince?

Vince had a bowling ball bazooka that he made with him.

Vince: Ready bro.

Naruto: You may fire when ready.

Vince: Okay. Everyone you may want to plug your ears. This bang is gonna be big.

Vince puts on Noise-Cancelling headphones and everyone covers their ears. Vince aimed it at Naruto's stomach.

Vince: (Imitating Clint Eastwood) Go ahead. Make my day.

Vince Fired.

KABOOM!

A bowling ball was fired and it went flying faster than a bullet fired from a gun and Naruto substituted with Sasuke and the Bowling Ball hit Sasuke with incredible force and it sent him crashing through the wall.

CRASH!

Sakura: (Winces) Oooh! Thats gonna hurt!

Iruka: Nice shot. Well done Naruto. Now do the Clone Jutsu.

Naruto: Okay. SHADOW CLONE JUTSU!

Naruto formed 6 Shadow Clones.

Iruka: You pass with flying colors Naruto. Well done!

Naruto: Thanks Iruka-Sensei.

Sakura was up next.

Iruka: Okay Sakura. Transformation.

Sakura: Okay. Lets see here. I know! (Transforms into Sasuke) (Imitating Sasuke stupidly) My name is Sasuke Uchiha and I have a haircut in the shape of the butt of a duck, I smell like rotten onions, like power, hate everything and I wear a big stinky diaper as well as kiss other boys.

Everyone was laughing wildly at this.

Vince: (Laughing Hysterically) SAKURA! STOP IT! YOU'RE KILLING ME!

Naruto: (Laughing Hysterically) THAT'S ALL TRUE BUT HILARIOUS!

Satsuki: (Laughing Hysterically) THAT'S A GOOD WAY TO DESCRIBE STUPID SASUKE!

Haruna: (Laughing Hysterically) STUPID SASUKE!

NUCLEAR BURN!

Iruka: (Laughing Hysterically) THAT IS TOO FUNNY! (Calms Down) Okay that's enough. Good job Sakura. That was really amusing. Now do the Substitution.

Sakura: Okay. Ready guys?

Vince and Naruto had a giant slingshot ready and loaded a rotten watermelon into it and pulled it back.

Vince: Ready.

Sakura: Whenever you're ready.

Naruto: I'm ready bro.

Vince: Okay. Ready? Let her go!

They fired the watermelon at her head and Sakura substituted with Sasuke and the Watermelon hit him square in the head.

SPLAT!

Sasuke was completely covered from head to toe in rotten melon, juice and seeds and it smelled like puke. Everyone was laughing at him some more.

TOTAL HUMILIATION!

Iruka: Nice shot.

Vince: How do you like them melons?

Naruto: That's an improvement if you ask me. Also that watermelon was 2 years old. The grocery store owner gave it to me for free and it was perfect for this.

Iruka: I can believe it. Well done Sakura. Lastly do the Clone Jutsu.

Sakura: Right. SHADOW CLONE JUTSU!

Sakura made 7 Shadow Clones.

Iruka: Well done Sakura! You pass.

Everyone passed with flying colors.

Vince, Naruto and Sakura went to the Hokage's office and knocked on the door.

Minato: Come in.

They went in.

Minato: Vince, Naruto, Sakura. How did it go?

Vince: We all passed with flying colors Lord Minato.

Minato and Kushina were excited.

Kushina: Guys that's awesome you know.

Minato: We're so proud of you son. We're proud of all of you.

Naruto: Thanks dad.

Vince: We got Sasuke really good and you guys would love the pranks we pulled.

Minato: Lets see.

Minato pulls out the Crystal Ball and replays everything that happened to Sasuke.

Minutes later Minato and Kushina were rolling on the floor laughing their heads off.

Minato: (Laughing Hysterically) That was too funny!

Kushina: (Laughing Hysterically) My prank senses were tingling!

A chunin came in and he was in panic.

Chunin: Lord Hokage! Mizuki has stolen the Forbidden Scroll of Sealing!

Minato: I knew he couldn't be trusted! Vince, Naruto, Sakura, how would you like to complete your first mission?

Vince: It would be an honor Lord Minato.

Naruto: Lets get him.

Sakura: Right.

They ran off and found Mizuki speeding through the trees and then Vince swooped in out of nowhere and kicked him in the face.

POW!

Mizuki crashed into a tree and was knocked out. Naruto entangled him in Ninja Wire and Mizuki was powerless.

Vince: That takes care of that.

Naruto was looking through the scroll and he found a strange Seal in it.

Naruto: I wonder what this Seal is.

Vince: Only one way to find out. Unlock it.

Naruto: Okay.

Naruto unlocked the Seal by putting blood on it and it glowed and out came Rin Nohara who was inside the scroll the entire time.

Naruto: It's Rin Nohara.

Vince: Lets get them back to the Leaf.

Vince picked up Mizuki and Naruto carried Rin and Sakura carried the Scroll.

Back in Minato's office Vince, Naruto and Sakura came in.

Minato: You're back already? That was fast.

Vince: We knew where he was gonna head to and we've had an unexpected development.

Naruto: Yeah dad. I read the scroll and found a Seal in it and I unlocked it and Rin Nohara was in it.

Minato:(Gasp) Oh man! I completely forgot about that! You see guys Rin was devastated when Obito died during the 3rd Great War and Rin couldn't take it and she decided to go away for a while to get her head on straight. I sealed her into the Forbidden Scroll and she was placed in a state of suspended animation and time stood still for her. Only a member of the Namikaze clan could unlock the seal.

Naruto: And I'm guessing the 9-Tails Attack and everything that's been going on over the last 12 years made you forget.

Minato: That's right son.

Rin: (Groans) Where am I?

Kushina: Rin. Thank goodness you're okay.

Rin: Kushina!

She hugged Kushina and she was so happy.

Kushina: It's so good that you're back.

Rin: I missed you sister.

Kushina: Me too.

Rin let go and she saw Minato.

Rin: Minato-sensei!

She hugged him.

Minato: It's so good you're back Rin.

Rin: Me too sensei.

Vince: Naruto here freed you from the Scroll.

Rin saw Naruto.

Minato: Naruto is my son Rin.

Rin: He looks so much like you Minato-Sensei.

Naruto: I do have an uncanny resemblence huh?

Vince, Naruto and Sakura explained what's been happening over the last 13 years and Rin was shocked. But nonetheless she was glad to be home.

Continues in part 2.

# Vince's Journey P2

Vince, Naruto, Sakura and Rin were walking towards the Academy.

Vince: Are you all excited to become ninjas guys?

Naruto: I sure am big brother.

Sakura: I can't wait to see who's on our team. I hope it's all four of us.

Rin: Me too. I can't believe that I have to start over as a Genin.

Naruto: We know Rin. But hey, you made it Chunin once. You can do it again.

Rin: Thank you Naruto.

Naruto: You're welcome.

Vince: This is gonna be awesome. I hope we get Kakashi as our sensei.

Naruto: Me too.

Rin: I wonder how much he has changed since I was gone.

Naruto: He's now 27 years old and he's an Elite ANBU Captain.

Rin: That's so cool!

Sakura: It sure is.

Back in the classroom everyone got settled in and all of Sasuke's fangirls were by Sasuke making eyes and more at him. They had hearts and stars in their eyes.

Naruto was reading his book that he got from Minato, "The Tale of The Utterly Gutsy Shinobi" by Jiraiya of the Sannin.

Sakura: What's that you're reading Naruto?

Naruto: It's Jiraiya-sensei's book that didn't sell very well, "The Tale of The Utterly Gutsy Shinobi".

Rin: I've read that book and it was a great story.

Naruto: It sure is. The main character is my namesake.

Vince: That is really cool Naruto.

Naruto: I know. Dad gave it to me as my graduation gift and mom gave me her sword.

Rin: That's awesome.

Iruka came in.

Iruka: All right. It's time to announce team placements. But first lets announce the Rookie Shinobi and Kunoichi of the Year.

Hinata: I'm so nervous about this one.

Naruto: Don't be Hinata. I have strong faith that you'll be Kunoichi of the Year.

Hinata: Thank you Naruto.

Yugito: That's very sweet of you Naruto.

Naruto scratches the back of his head like Goku does.

Naruto: Thanks Yugito.

Iruka: That is really sweet of you Naruto. Now this years Rookie Kunoichi is… We have a 4-way tie. They are Hinata Hyuga, Ino Yamanaka, Sakura Haruno and Akiko Suzuki.

Akiko Suzuki is one of Naruto's future wives and one of the most amazing Kunoichi in the Leaf. She has 2 rare and extremely powerful Kekkei Genkai called Nebula Style and Nebula Transmorgrification. Nebula Style is where she can control Hydrogen Gas like in Nebula's in the Universe and use it as a powerful weapon. Nebula Transmorgrification is where Akiko can change the area into another part of the galaxy.

Everyone but Sasuke cheered.

Naruto: Way to go girls. You all earned it.

Ino: Thank you Naruto.

Akiko: Thanks Naruto.

Hinata: Thank you Naruto.

Sakura: I had a feeling you were right Naruto.

Naruto: Thank you. Also this is the second year in a row that a member of the Hyuga Clan won the Rookie of The Year.

Iruka: That's right Naruto. Very perceptive. Last years Rookie Shinobi of The Year was Neji Hyuga. This is 2 Years in a row that a Hyuga has won. Now for Rookie Shinobi of The Year.

Naruto: (Whispering) Hey guys. [Kiba, Vince, Shino, Shikamaru, Choji, Vince, Hinata, Akiko, Sakura and Rin listened in] I don't know who will actually take the award but I did manage to get wind of who isn't going to win it.

Vince: (Whispering) And I have a feeling I know who it is.

Sakura: (Whispering) Me too.

Iruka: This years Rookie Shinobi Of the Year is…

Sasuke got up and began walking towards the front of the class to accept the award… or so he thought.

Iruka: Naruto Uzumaki Namikaze!

Everyone but Sasuke and some of his fangirls were shocked and the rest of the class cheered wildly for him.

Vince: Way to go Naruto! You've earned it.

Naruto: Thanks Vince. I owe it all to all of you guys except for Sasuke.

Akiko came and hugged Naruto and she was happy for him.

Akiko: Congratulations Naruto.

Naruto: Thank Aki.

Sasuke: (Enraged Growl) You better have a good explanation as to why that loser is Rookie Of The Year instead of me.

Iruka has had enough.

Iruka: Do you honestly think that I'm going to give such a prestigious award to a CHEATER?

Everyone but Vince, Naruto, Sakura, Rin and Akiko gasped in sheer horror.

Sasuke: (In his head) How… How did he find out?

Kiba: So THAT'S what Naruto was talking about earlier.

Iruka: If he hinted something earlier then yes, that's what he meant Kiba.

Akiko: I always knew that Sasuke was a major league rotten apple.

Iruka: (Laughing) That's a good way to put it Akiko. How did you know about that?

Akiko: The Stars and the Universe know all.

Iruka: Interesting. That's not all Sasuke. The Hokage is well aware of what you've been doing here at the Academy and he is HIGHLY displeased with you with your entire Academy career. Apparently Mizuki has been giving you perfect scores throughout your time here. I can't bar you from becoming a Genin since there seems to be no proof that the other instructors did the same. However in the meeting that I attended earlier this morning it was decided that not only were you to be taken out of the running for Rookie Shinobi Of

The Year, but as of now your records will show that you have the worst grades in this class. In otherwords you are this years deadlast.

Vince, Naruto, Sakura, Rin, and Akiko blew raspberries at him and everyone else but his fangirls minus Ami and Ino laughed at him.

Ino was shocked as she realized that everything Sakura had said was 100% true. Sasuke is nothing more than the Devil in human skin and is the true Prince of Darkness.

Ino: (In her Head) THIS is what I was chasing all of these years? Sakura, Ami and Naruto were right. Sasuke, no, The Uchiha freak is a Grade A monster and freak! Trying to earn this monster's love was not worth sacrificing my friendship with Sakura.

Sasuke: (In his head) I know you had something to do with this humiliation you demon murderer! You will pay dearly for this A MILLION TIMES!

Iruka: All right. Now that that's out of the way lets annouce the teams.

Teams 1 through 6 are not important.

Iruka: Team 7 will be Vince Pusateri, Naruto Uzumaki Namikaze, Sakura Haruno, Rin Nohara, Akiko Suzuki, Yugito Nii, Satsuki Uchiha, Haruna Uchiha and Ami Mitarashi.

They cheered.

Iruka: I had a feeling you guys would like that. Team 8 will be Hinata Hyuga, Shino Aburame, and Kiba Inuzuka.

Hinata: I wanted to be with Naruto.

Naruto: It's okay Hinata. We'll still see eachother.

Iruka: That's right. Now Team 9 under Might Guy with Neji Hyuga, Tenten Higurashi and Rock Lee is still in circulation. Team 10 will be Ino Yamanaka, Shikamaru Nara, and Choji Akimichi.

Shikamaru: What a drag. But why does Team 7 have 9 shinobi?

That's not fair. It alters the balance of power.

Iruka: You have a point there. But unfortunately due to the lack of available Jonin Instructors I had no choice. I know it might not seem fair Shikamaru, but we had a bunch of extra Kunoichi in our class this year. Lord Hokage decided it.

Vince: That's okay then. We need all the help we can get. There's strength in numbers.

Iruka: That's right Vince. You're Jonin instructors will arrive after lunch. Good luck to all of you.

After lunch the Jonin arrived.

Kurenai Yuhi was the first to show up.

Kurenai: Team 8?

Kiba, Hinata and Shino went with her.

Naruto: Good luck Hinata and Kiba watch out for her while I'm away.

Kiba: You got it Naruto.

They gave eachother the thumbs up.

Kurenai: You guys have a very strong bond huh Naruto?

Naruto: It's what we do Kurenai-Sensei.

They left and Asuma Sarutobi came in.

Asuma: Team 10?

Naruto: Ino be careful out there. Asuma is like another father to me. So is his dad.

Ino: I will Naruto. Thank you.

Naruto: You're welcome. And Shikamaru good luck man.

Shikamaru: What a drag, but thanks man.

Naruto: You're welcome.

Everyone left and Team 7 was left. They were waiting for 1 hour.

Vince: I guess Lord Minato stuck us with Kakashi Hatake.

Naruto: Yeah. Dad sure knows how to surprise us.

Satsuki: That he does.

Ami: Kakashi is an amazing Shinobi. Anko told me that he retired from the ANBU to teach a team of Genin.

Yugito: That's cool. Kakashi Hatake is a force to be reckoned with. He's well known throughout the Hidden Cloud.

Vince: I can believe it.

Rin: Kakashi sure has come a long way.

Naruto: He sure has. I wonder if he'll still remember you Rin.

Rin: I'm sure he will.

Sakura: Lets just hope he can teach all of us at once.

Vince: I have a feeling that because our team is so big, he'll probably have to have some help.

?: That's right guys.

They saw Kakashi Hatake standing in the doorway and with him were Yugao Uzuki and Hayate Gekko.

Vince: Kakashi-Sensei, Yugao-Sensei, Hayate-Sensei. It's been a while.

Hayate: (Coughing) It sure has Vince.

Yugao: It's awesome to have you all as our students.

Kakashi: Meet us on the roof in 5 minutes.

Vince: We're on our way.

Vince vanished in a ball of Water, Naruto vanished in a ball of Lightning, Sakura vanished in a ball of water, Yugito vanished in a ball of blue fire, Akiko vanished in a ball of nebula gas, Rin, Satsuki, Haruna and Ami vanished in a puff of smoke.

They got to the roof in 20 seconds.

Kakashi: You guys got here in 20 seconds. Very impressive.

Yugao: Now lets start with introductions. I want you to tell us your name, likes, dislikes, hobbies and dreams for the future in that order.

Vince: I'll go first. My name is Vince Pusateri. I love my friends, my family, listening to music, my girlfriend Carol and my little brother Naruto. Vince: Thank you Kakashi-sensei.

Naruto: My name is Naruto Uzumaki Namikaze. I like my family including my little sister Mito. I also like ramen, my moms cooking, playing my guitar, Sakura, Ino, Hinata, Tenten, Akiko, Yugito, Satsuki, Haruna, and all my future wives, I also like flying, reading, writing, gardening, cooking, blacksmithing, carpentry and more. Yugao: That is a very powerful dream Naruto. We know you can do

it.

Naruto: Thanks Yugao-sensei.

Sakura: My name is Sakura Haruno. I like my mom, Naruto, reading, gardening and cooking. I HATE Sasuke, and I agree with Naruto's dislikes. My hobbies are learning and creating new techniques and my dreams are to become one of the most powerful kunoichi in the world and have a family with Naruto.

Rin: You know me Kakashi.

Kakashi: Hmm? (Sees Rin and gasps) R… Rin? You're alive!

Rin: I was gone for 15 years because of Minato-sensei's accidental forgetfulness.

Yugao: It's great to see you again Rin. You haven't changed at all since we last saw you.

Rin: It's good to be home Yugao. I wasn't dead and I had to go away because Obito's death devastated me. I had to get my head on straight.

Vince: Lord Minato told us that because of everything thats been going on over the last 15 years, he forgot that Rin was in the Scroll of Sealing.

Sakura: That's right.

Hayate: (Coughing) Well that's all right.

Kakashi: It's good to have you back Rin.

Rin: Same here Kakashi. But anyway My name is Rin Nohara. I like strawberries and collecting seashells. I hate Sasuke and fangirls. No offense.

Satsuki: None taken Rin.

Haruna and Ami nodded.

Rin: I want to have a loving family with Naruto and become the most powerful medic and kunoichi in the world.

Satsuki: My name is Satsuki Uchiha. The eldest twin. I like my younger twin Haruna, my brother Itachi, mom and Shisui.

Haruna: My name is Haruna Uchiha. The youngest twin. I like my older twin Satsuki, my brother Itachi, mom and Shisui.

Satsuki & Haruna: We hate Sasuke and the evils of our clan and we want to have a family with Naruto, and put the Uchiha clan on the right path.

Kakashi: That's a great goal. You two are the antipode of Sasuke.

Haruna: That's right.

Akiko: My name is Akiko Suzuki the Maiden of The Nebula. I like Naruto, the beauty of the Universe, planets, stars and more. I don't like Sasuke at all and I agree with Naruto's dislikes. I want to become the strongest Kunoichi in the world and have a loving family with Naruto.

Kakashi: That's a very powerful dream Akiko.

Ami: My name is Ami Mitarashi. I like swordfighting, sword jutsu, my sister Anko, torture, and being sadistic. I hate Sasuke for everything he is and I want him to burn for everything. My hobbies are sword jutsu, training and hanging out with my sister. My dream is to become a powerful shinobi and help Anko kill Orochimaru.

Vince: I have a feeling you can do it Ami.

Ami: Thanks Vince.

Yugito: My name is Yugito Nii, former ninja of the Hidden Cloud. I like cats, sushi, fish, and my friend Matatabi. I don't like dogs and Sasuke Uchiha. My hobbies are learning and creating new techniques and sword jutsu. My dream is to become a super strong shinobi and have a loving family with Naruto.

Kakashi, Yugao and Hayate told them to meet them at training ground 7 for their True Genin Test.

The next day at Training Ground 7 they met Kakashi, Yugao and Hayate at 10:00 AM after they arrived at 8:00 AM.

Kakashi: Hey guys.

Sakura: YOU'RE LATE!

Kakashi: Sorry about that. We got lost on the road of life.

Vince: I know what you mean. That road is full of twists and turns that make it very easy to get lost.

Kakashi: I know what you mean Vince.

Yugao: First we're going to evaluate your skills before the True Test. Vince, you're first.

Vince: Okay.

Kakashi was facing Vince.

Vince: Just a forewarning I won't be holding back.

Kakashi revealed his Sharingan Eye.

Kakashi: Then neither will I.

Vince: So that's the Sharingan Eye. All right then. Now I've got a trick.

Vince flared up his aura and it turned neon blue and he spread his wings and lightning arched around his body.

Vince: HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA!

Vince went Super Angel 2. His hair turned Neon Blue and his eyes were neon purple and lightning was arching all over him.

Vince: I didn't know it was going to be that kind of fight.

The entirety of the Leaf felt the enormous ferocity of Vince's incredible power and they were concerned. Sasuke felt it and decided to go see.

Kakashi: (In his head) What is he? He transformed and how can he generate that kind of power?

Sasuke arrived and he saw Vince transformed.

Vince: I can tell by your reaction senseis. You're wondering how I can get this kind of power. Like my friend J.D. Knudson back home I was exposed to Cosmic Radiation back in my dimension 22 years ago when I was a baby and it mutated me and gave me awesome powers. I have enormous power as a result. This transformation is called Super Angel 2.

Kakashi: Incredible!

Yugao: Unbelievable! This kind of power makes all the strongest shinobi in the world combined together feel like nothing.

Hayate: (Cough) It's incredible.

Kakashi: All right. First up is Taijutsu.

Vince: Okay.

Vince got into his Storm of Justice Stance and went at Kakashi and lightning blasted out of his fists upon impact. Kakashi was knocked down and he got up.

Kakashi: Very good! Your speed is unbelievable. I didn't even see you move.

Vince: Extreme speed is essential for being a shinobi.

Kakashi: Lets move to Genjutsu.

Vince: All right. Here we go.

Vince gets behind Kakashi with blazing speed.

Vince: GENJUTSU: DESPAIRS FIRE!

Kakashi saw himself surround by a huge wall of intense fire and he saw figures moving around.

?: Kakashi.

Kakashi: Who's there?

He saw a figure emerge and it was Sakumo Hatake, his father.

Kakashi: Father.

Sakumo: Why couldn't you save me son?

Kakashi: I wasn't strong enough. How could I?

Sakumo: You have become the man I did not want you to become.

Kakashi: What are you… Wait. This is all a genjutsu. RELEASE!

The genjutsu vanished.

Kakashi: Great Genjutsu Vince.

Vince: Thanks Kakashi-sensei. Despairs Fire is one of my how you say Accidentally Created Jutsu. I was making my own jutsu that completely destroys the targets sanity. That technique was a complete success. I inadvertantly made my own secondary jutsu of that technique as a result.

Kakashi: I can believe it. Now it's time for Ninjutsu.

Vince: Okay. I might as well start it big.

Vince put his hands up to the left. One hand was up and the back of the other was facing his palm. A purple energy ball appeared.

Vince: **GALICK GUN!**

Vince thrusted is hands forward and fired a powerful purple energy blast from his palms and it went toward Kakashi. He jumped away and it exploded with amazing power.

KRABBBBBOOOOOOOOOOOOOMMMMMMM!

When the smoke cleared there was a small crater in the training ground and Vince sensed that Kakashi was behind him and he flew up into the air.

Vince: **FIRE STYLE: ROARING ELEPHANT STAMPEDE!**

Vince fired a huge jet of fire at Kakashi and he dodged and ran as the flames raced toward him and turned into a stampede of Elephants made of pure fire.

Just as Kakashi was about to be trampled and burned he Substituted and Vince saw him high in the air.

Kakashi: **FIRE STYLE: FIREBALL JUTSU!**

Vince countered his attack.

Vince: **WATER STYLE: TRIPLE WATER DRAGON!**

Three dragons made of pure water flew from his hands towards the fireball and one fizzled it out and the other two hit Kakashi head on.

Kakashi fell to the ground and crashed into it with a big thud.

Later Kakashi, Yugao and Hayate tested everyone and determined that everyone was all elite Genin. They were all given said title. Sasuke was infuriated when he heard this and he took a kunai out and charged towards them.

Sasuke: (ENRAGED SCREAMING) I WILL KILL ALL OF YOOOOOOOOUUUUUUUU!

Sasuke was completely out of his mind with so much rage and fury that it was unbelievable.

Naruto punched Sasuke in the mouth and knocked out some of his teeth.

POW! SMASH!

Sasuke was knocked out and the ANBU took him away.

A council meeting was called and it was determined that Sasuke was too mentally unstable and he was considered a total menace and flight risk. Sasuke was stripped of his shinobi license, jutsu and had his visual jutsu sealed, he was permanently removed from the Shinobi Program and kept under 24/7 Guard by the ANBU in his own home. Sasuke was now completely disgraced. He swore to get stronger so he can kill Naruto no matter what the cost may be. Sasuke was now viewed as a total outcast among the Leaf and they treated him in the same manner as a Jinchuriki. His fangirls left him and are now in love with Konohamaru. It was kind of an ironic twist. Naruto is the hero where he would've been the villain had his parents died and Sasuke is now the Villain because of Naruto.

---

During the missions they did those insidious D-Rank Chore missions. Vince trained everyone in the team for 6 whole months. After the Capture Tora mission it was time for the Land of Waves Mission.

Tazuna the Bridge Builder came in to the Hokage's office.

Tazuna: These brats are my… (Looks at Naruto and Vince) Naruto and Vince aren't you a sight for these sore old eyes.

Vince: It's good to see you again Tazuna.

Naruto: It's been a while you old drunk.

Vince: We had to do most of our training away from the village because most of our techniques and powers are very destructive.

Minato: Yes I remember that. I got your letters on how you met Tazuna and many Shinobi during your training.

Kakashi: All right. Meet us at the gate in two hours.

Vince: You got it senseis.

They waited by the gate for Kakashi, Yugao and Hayate.

Naruto: So how have things been in the Land of Waves, Tazuna?

Tazuna: Not good Naruto. The Land of Waves is under the tyranny of Gato and I only had enough money for a C-Rank mission.

Sakura: Gato? THE Gato of Gato Shipping and Transport? From what I remember he's the richest shipping magnate in all of the 5 Great Nations.

Tazuna: Yes. But that's just a front. He showed up 6 months ago and cut off our shipping ports to the mainland and took control of the entire village. My son-in-law Kaiza stood up to him but he was executed in public and Gato completely robbed us of all our hope and demoralized the entire village completely. That's why I'm building a bridge. It will connect the Land of Waves to the mainland.

Ami: And it will bring Gato's entire operation crashing down.

Tazuna: Yes it will. Gato no doubt has rogue ninjas working for him. I'm sorry I lied about the mission perameters but the only kind of mission I could afford was a C-Rank Mission. Because of Gato our treasury is bankrupt.

Vince: It's all right Tazuna. We will gladly help you out and make Gato pay for his crimes.

Naruto: That's right. Nobody hurts those that are precious to us and gets away with it.

Sakura: That's right! We won't let him get away with this.

Vince: Team Thunder Angel, lets get him!

They put their hands in on top of eachother.

ALL: Lets get him!

Kakashi, Yugao and Hayate had tears of joy for them. They decided to sit this one out and see if they can work this out all by themselves while watching from the shadows.

Vince: All right lets move out team.

Naruto: Lets.

They were off. 20 minutes later they arrived at the border and saw 2 puddles of water even though it hadn't rained in over a week.

Vince: Wait. This is a trap.

Ami: I got this.

Ami fired a Fire Ki blast at the puddles and it exploded when it hit them

KABOOM!

Out of the explosion arose Gozu & Meizu the Demon brothers, C-Rank Rogue Ninjas from the Mist. They were knocked out when they hit the ground.

Vince: Good work Ami. Lets tie them up.

Naruto: Okay.

They did so and Naruto sealed them inside a scroll for their bounties.

Tazuna: That was awesome guys.

Vince: Thanks Tazuna. We sealed them in a scroll for their bounties. They have a bounty of 5 Million on their heads.

Tazuna: That's good money.

Sakura: By the way Naruto you said that you like doing Carpentry. Did you learn it from Tazuna?

Naruto: I sure did. Tazuna is a great Carpenter and a great teacher.

Tazuna: (Laughing) Naruto is a great apprentice.

Satsuki: I believe it.

Haruka: You sure have been busy Naruto.

Naruto: Thanks girls.

Vince: Lets continue on. Zabuza Momochi is sure to follow after the Demon Brothers.

Sakura: I have a feeling you're right Vince. I sense a powerful Chakra Signal in the Land of Waves.

Naruto: That's him.

They went on and took a boat to the Land of Waves and they arrived.

Vince: Okay everyone stay close.

They heard some rustling in the bushes.

Naruto: Hold on.

Naruto went to the bushes and picked up a white rabbit.

Naruto: It's Haku's little white rabbit.

Sakura: He sure is cute.

They hear a whooshing sound coming towards them.

Vince: Everyone GET DOWN!

They all ducked as a giant swords hurled above them and embedded into a tree and standing on the blade was Zabuza Momochi - The Demon of The Mist.

Zabuza: So we have a bunch of Leaf Kids protecting th… Well I'll be. (Laughing) I never knew that you would be protecting the Bridge builder Vince and Naruto.

Vince: It's good to see you again Zabuza. You sure have a knack for doing those awesome entrances. I take it Gato hired you too?

Zabuza: He sure did.

Naruto: I believe it. Is Haku here?

Zabuza: She sure is.

Haku came out and she was dressed in Mist Hunter Ninja attire.

Haku: It's great to see you again Naruto, Vince.

Vince: You too Haku. We met Zabuza and Haku on our Training Trip and they were being pestered by Hunter Ninjas and we scared them off.

Zabuza: (Laughing) You sure did Vince.

Sakura: We believe it.

Vince: The Bloodline Holocaust sure hasn't been kind huh? That's why we're going to stop it. Me and Naruto are going to fly over to the Mist and stop it by helping the rebels. Maybe we can also get our alliance with the Mist back as well.

Zabuza: I have a feeling you both can do it. Look for the leader of the Bloodline Rebels, Mei Terumi.

Vince: We'll keep an eye out.

Zabuza: Rumors have been going around in the village that Lord Yagura is being manipulated somehow.

Naruto: We have a feeling you're right.

Zabuza: We'll see you in a week when we take down Gato.

Vince: Great. Can you send a message to Gato for us?

Zabuza: You got it.

Vince: Tell him that "Team Thunder Angel is coming for him and we will make him pay the Ultimate Price for his crimes".

Zabuza: You got it.

Haku: We'll see you in a week guys.

Naruto: Take care.

Zabuza and Haku left and team Thunder Angel proceeded onward.

They all arrived at Tazuna's house.

Tazuna: Here we are.

Tazuna opened the door.

Tazuna: I'm home!

A woman came and it was Tsunami, Tazuna's daughter.

Tsunami: Dad you're home.

She hugged him.

Tazuna: It's thanks to these awesome shinobi here.

She saw Vince and Naruto.

Tsunami: Vince and Naruto! It's so good to see you again.

Vince: You too Tsunami.

Naruto: Same here.

Tsunami: Who are your friends?

Sakura: It's a pleasure to meet you Tsunami. I'm Sakura Haruno.

Rin: I'm Rin Nohara.

Akiko: I'm Akiko Suzuki.

Satsuki: I'm Satsuki Uchiha.

Haruna: And I'm Haruna Uchiha.

Satsuki and Haruna: We're twins.

Yugito: I'm Yugito Nii.

Ami: And I'm Ami Mitarashi.

Tsunami: It's such a pleasure to meet all of you.

Akiko: The pleasure is ours Tsunami.

Naruto: They're all of my future wives.

Tsunami: (Shocked) That's incredible Naruto!

Naruto: I'm in the Clan Restoration Act and I made it very clear that I would not marry someone unless I got to know them and see if we are compatible.

Tsunami: That's wonderful. I was just starting to make dinner.

Vince: I could eat. We had a long journey here.

Tsunami: I can believe it.

?: I'm home!

Tsunami: Welcome home Inari.

Inari: Thanks mom. Grandpa!

Inari hugged Tazuna.

Tazuna: Hey! I'm okay Inari. Thanks to these awesome Shinobi.

Inari looked at them and saw Vince and Naruto.

Inari: Brothers Vince and Naruto?

Vince: It's been a while Inari.

Naruto: You've gotten so big.

Inari hugged Naruto and cried hard into him.

Naruto: It's okay Inari. Just let it all out.

Vince: Tazuna told us what happened to Kaiza. I'm very sorry about what happened to him and you have our condolences and sympathy.

Tsunami: Thank you Vince. Inari was never the same as he was

back then.

Vince: We won't let Gato get away with everything hes done here. We're going to capture him and take him back to the Leaf so he can be tried for everything hes done here.

Tazuna: We would be forever grateful Vince.

Naruto: First we're going to stop the Bloodline Holocaust in the Mist and help everyone there.

Tsunami: I have a feeling you will.

Vince: Thank you. Me and Naruto are gonna leave some Shadow Clones to train everyone while we're away.

Sakura: That's a good plan guys.

Akiko: I agree with that.

Rin: Me too.

Ami: Lets do it.

Satsuki & Haruna: We're in.

Vince: It's unanimous bro.

Naruto: Yeah. Inari is starting to fall asleep. I'm gonna go tuck him in.

Tsunami: Okay.

Naruto picked up Inari and tucked him into his bed in his room.

Inari: (Crying) Big brother. Why did Gato kill daddy?

Naruto: It's greed and power bro. It can consume you and destroy you completely. I'm so sorry bro.

Inari: (Crying) It's all my fault. I wasn't strong enough to face him!

Naruto: It's not your fault Inari. You let fear control you. Gato loves to control people with his greed and he rules over them by instilling fear. Would you feel better if I sang you a lullaby?

Inari: I'd like that big bro.

(Lord of The Rings: The Two Towers Evenstar Plays)

Translation:

This is not the end…

It is the beginning.

You cannot falter now

If you trust nothing else

Trust this, Trust love.

Everyone was enchanted by Naruto's divine singing.

Naruto: (Speaking Elvish) Sleep eithel dilthen gwanur. Hi will all n-nia soon. Im ber cin.

Inari was fast asleep and Naruto left.

Vince: You have a beautiful singing voice Naruto.

Naruto: Thanks big bro. It's a hidden talent.

Sakura: It's really good Naruto.

Akiko: You were amazing Naruto.

Satsuki: What was that language you learned?

Naruto: It was Sindarian. I went with Vince to the Lord of The Rings World. That is where I became a powerful swordsman of Lightning and Air. Elrond gave me his ring Vilya the Ring of Air.

Naruto held up he hand and he had Vilya on his right middle finger.

Haruna: That ring is beautiful.

Naruto: Yes. It's power is immeasurable. I learned from the Elves of Middle Earth when Vince took me on our training trip and I was endowed with Immortality.

Vince: We learned from Lady Galadriel that Middle Earth has a terrible history.

Ami: What happened?

Vince: It started 3,000 years ago in Middle Earth. It was with the Forging of the Great Rings. Three Rings were given to to the Elves, Immortal, wisest and farest of all beings. These rings were Vilya, the ring Naruto has, Nenya the ring of Water and Narya the Ring of Fire. Seven rings were given to the Dwarf Lords, great miners and craftsmen of the mountain halls. And 9 rings were given to the race of Men. They were the kings and rulers of the world who above all else desire power. Within these rings was bound the strength and will to govern each race. But little did they know, another ring was made. In the Land of Mordor, in the fires of Mount Doom, the Dark Lord Sauron forged in secret a Master Ring to control all others. And into this ring he poured his cruelty, his malice and his evil will to dominate all of life. There's an inscription written on it. It said "One Ring to Rule them All, One Ring To Find Them, One Ring to Bring them All, And In The Darkness Bind Them". Essentally this ring was made by the Devil Himself. Sauron is beyond evil in its purest form. He wanted to control everything. But some resisted against him. A huge alliance of Men and Elves faced the armies of Mordor on the slopes of Mount Doom and they fought for their freedom. Victory was close. But at the last possible second Isildor son of King Elendial took up his fathers sword and defeated Sauron. The ring was passed to him and he had this one chance to destroy all evil forever. But the ring was too strong for him and it made him not do it. In the end Isildur was killed by an ambush. It was left untouched and forgotten for 2,500 years. But it was found by the creature named Gollum and the Ring consumed him. It gave him unnatural long life and for 500 years it poisoned his mind. But the Ring was destroyed by a hobbit named Frollo. He and his best friend and brother figure Samwise Gamgee destroyed the Ring and Golllum. That was it for him and Middle Earth was forever free from Sauron's reign of terror.

Sakura: That was terrible.

Ami: I can't believe that all happened to that world.

Vince: Yeah. It was horrible.

Later the next day Vince and Naruto were flying over to the Mist. They arrived at a forest by the village and they saw three Mist shinobi attacking a Sand Kunoichi.

Vince: Oh Man. That's Pakura of the Scorch Style. Lets go!

Naruto: Right!

Vince and Naruto charged and punched and kicked the Mist Shinobi and blew them into a tree and they crashed through it.

Vince: Rotten Parasites!

Naruto: [To Pakura] Are you all right?

Pakura: Yes. Thank you.

Vince: Pakura, there's a bloodline Holocaust going on in the Mist.

Pakura: Yes I know. The Sand sent me to my death.

Naruto: It was all because of the Sand Civilian Council. They're the ones that sent you to your death.

Pakura: Yes. I knew there was some form of corruption going on in the 5 Great Nations Councils.

Vince: Yeah. It was because of them that this whole planet is in the grip of chaos.

Pakura: That's just the start. I saw the delivery of the Kazekage's youngest son Gaara from the Shadows. I saw that Chiyo was poisoning Karura and after Gaara was born I substituted Karura's body with a clone that looked like her. I told Karura everything that Lord Rasa might do to Gaara and they tried to get rid of me to prevent me from telling anyone about what they were going to do.

Naruto: I knew something was seriously evil about that old witch.

Vince: Me too.

Pakura: Thank you both for saving me by the way.

Vince: You're welcome. The name's Vince Pusateri.

Naruto: And I'm Naruto Uzumaki Namikaze.

Pakura: The famous Son of The 4th Hokage and Vince of the Cosmos.

Vince: That's right.

Pakura: It's truly an honor. I don't think I'm ever gonna go back to the Sand after everything thats happened to me.

Vince: It's all right Pakura. We can ask Lord Minato to see if he can give you asylum in the Leaf.

Pakura: You would do that for me?

Naruto: Sure Pakura. The Leaf is a perfect home for Kekkei Genkai Wielders. My dad would be happy with it.

Pakura: Thanks guys. I owe you all one.

Vince: We're on a mission in the Land of Waves stopping Gato's reign of terror and as a bonus Me and Naruto are here to stop the Bloodline Holocaust.

Pakura: I will gladly help you out.

Naruto: Okay. Lets go.

They went into the Mist Village and saw that the village was in total turmoil. Everything was destroyed and damaged.

Vince: Wow. This is terrible.

Naruto: This is really bad. I can't believe that the 4th Mizukage let it go this far.

Pakura: How did this happen?

Naruto: We heard rumors from Zabuza that the Yagura is being controlled somehow.

Vince: Yeah.

Pakura: We have to stop all this madness.

Vince: And we will.

?: You there!

They saw the leader of the Bloodline Rebels, Mei Terumi.

Vince: Are you Mei Terumi?

Mei: That's right.

Vince: My name is Vince Pusateri and this is my little brother Naruto Uzumaki Namikaze.

Naruto: It's a pleasure to meet you Mei.

Pakura: And my name is Pakura of the Scorch Style. I was sent here on a fake envoy mission.

Mei: It's a pleasure to meet all of you. I've heard lots of good things about both you and Naruto, Vince.

Vince: We get that alot. We saw Zabuza in the Land of Waves on our mission and we told him that we're going to stop the Bloodline Holocaust. He told us to find you.

Mei: It's good he did.

Naruto: We heard rumors flying around that Yagura might be under someones control somehow.

Mei: You heard right. We don't know what or who it is but its what led Lord Yagura to launch the Holocaust.

Vince: Let us handle it Mei. We want to talk to him and confirm our suspicions.

Mei: I have a feeling that you can do it Vince. Good luck and Naruto I want to talk to you.

Naruto: Okay.

Vince: You go with her Naruto. I'll handle this.

Naruto: Okay.

Vince went to the Mist Administration building and he knocked on the door of the Mizukage office.

?: Come in.

He opened the door and he saw Yagura.

Vince: Are you Yagura the 4th Mizukage?

Yagura: Yes I am. It's a pleasure to meet you Vince Pusateri. You are well known throughout the 5 Great Nations.

Vince: It's mutual. Anyway I have reason to believe that you are under someones control.

Yagura: How do you know that?

Vince: Rumors have been flying around. Let me help you and see if I can figure out who or what is causing this.

Yagura: All right. You've got 5 minutes.

Vince: I only need 3.

Vince then channeled his energy and went inside Yagura's subconcious. What he saw for Yagura's mindscape was a vast ocean.

Vince: He has the ocean for his mindscape.

Vince saw a strange red glow and found that the moon is a Mangekyo Sharingan Eye. But it was a pattern that he saw before.

Vince: That's a Mangekyo Sharingan. So an Uchiha is controlling him. Wait a second. I know that pattern all too well. That's the same as Kakashi-Sensei's Mangekyo. Not only that, but J.D. told me that there's only one person that has that pattern: OBITO UCHIHA! But this is impossible! Obito should be dead. He died 15 years ago.

Vince has a memory flashback and he saw that Obito survived by being repaired by an elderly Madara Uchiha and he put him back together and Obito set about his path of darkness because of him. Now he's out there trying to destroy the entire planet with an evil Organization called Akatsuki.

Vince: Oh no! This is worse than what we thought. I have to stop this.

Vince flared up his energy and fired a Ki blast at the Moon in Yagura's mindscape and completely obliterated it. Freeing him from Obito's control.

Vince: That did it. Time to go.

Vince vanished. Yagura was disoriented.

Yagura: What? What happened?

Vince: You were under the influence of a genjutsu from an Uchiha. It made you start a civil war against all the users of Kekkei Genkai.

Yagura: What!?

Yagura saw what was happening and he was horrified.

Yagura: I have to stop this.

Yagura gathered everyone up and announced what went down. Vince and Naruto were with him.

Yagura: Now the reason I called you all here is because I am putting a stop to this unreasonable conflict. I was under the influence of a genjutsu from a member of the Uchiha Clan. A rogue Uchiha actually. He controlled me and my actions were not my own. It was all against my will and I couldn't stop myself. But thanks to the brave actions of Vince Pusateri and Naruto Uzumaki Namikaze here, I am back to my old self again.

Everyone cheered wildly.

Yagura: Vince, Naruto, you both saved me from myself even though I wasn't in control of my actions and you both saved the Mist from total destruction. So we have a special honor for you both.

Yagura had a shinobi come up and he had a box with him and Yagura opened it. In it were blue star medals.

Yagura: Vince Pusateri, Naruto Uzumaki Namikaze, I Yagura Karatachi the 4th Mizukage of the Village Hidden in The Mist bestow you our Lands highest honor: The Sapphire Star of The Heart of Water.

Everyone cheered wildly for them as Yagura placed the medals around their necks.

Vince: I'm truly honored Lord Yagura.

Naruto: It's a great honor.

Yagura: You both earned it. Also I have another announcement to make. My actions may not have been my own but it does not excuse my carelessness. I have therefore decided to step down as the 4th Mizukage. I have decided that I will seek asylum in the Leaf because of my crimes and I fear that my enemies will hunt me down and kill me. I have named my successor. Mei Terumi is now hereby named the 5th Mizukage.

Everyone cheered for Mei and it was wild.

Mei later gave Vince a scroll that was a reinstatment of alliance for the Leaf and the Mist.

Vince: We'll guys lets go to the Land of Waves and get back to Tazuna's house.

Naruto: You got it.

Vince: Stay close to me.

Vince used Instant Transmission and they beamed over the Tazuna's house.

They arrived and opened the door and Sakura and Akiko came.

Sakura: Naruto!

Akiko: Naruto, Vince!

They hugged them.

Sakura: Thank goodness you're all right. How did it go?

Vince: The Bloodline Holocaust is over. We have some guests with us.

Yagura: It's a pleasure to meet you Sakura. I'm Yagura, former 4th Mizukage.

Sakura: Same here Lord Yagura.

Yagura: You don't have to call me Lord Yagura. Just Yagura is fine.

Sakura: Sorry. [To Pakura] And you are?

Pakura: I'm Pakura of The Scorch Style.

Akiko: Oh wow! I heard a lot about you. You stopped the Rock/Sand Feud and was named the Hero of The Sand.

Vince: Until the Sand Council's Corruption tried to destroy her. We have quite a tale for you all.

Akiko: Can't wait to hear it.

At the table they were having dinner and Vince and Naruto revealed everything.

Sakura: So the Bloodline Holocaust was caused by an Uchiha?

Vince: Yeah. It wasn't just any Uchiha. It was Kakashi-sensei's and

Rin's thought-to-be-dead teammate Obito Uchiha.

Everyone but Yagura gasped and they were in shock and horror.

Rin: Obito's alive?

Vince: Yeah. Obito is alive and well. He's the true mastermind behind not only the Bloodline Holocaust but also the 9-Tails Attack on Naruto's Birthday.

Naruto: I heard that Orochimaru was responsible for it.

Vince: Yes but he was coerced into doing it by Obito in his quest for Ultimate Power. So that makes Obito the true mastermind for that as well. But that's not the worst of it.

Ami: Why? What's up?

Vince: He's the true leader of an evil organization called The Akatsuki.

Naruto: Red Dawn. That's an interesting name. How will we know who to look out for?

Vince: They wear black cloaks with red clouds on them and their headbands have gashes through their village symbols.

Satsuki: So they're an organization of Rogue Ninjas?

Vince: Yes. They're all S to Triple S-Rank in power and they pose a very catastrophic threat to the entire planet.

Haruna: How do they plan on destroying the world?

Vince: Their plan is called Project Tsuki no Mei meaning Project Moon Eye. They have to capture all 9 Jinchuriki and extract the Tailed Beast from within them. This will ultimately result in their death.

They gasped.

Yagura: So that means I'm a target for this Akatsuki.

Vince: That's right Yagura.

Yugito: That means that I'm a target too because I hold Matatabi the 2-Tailed Wraith Cat.

Vince: Yes. You both are Jinchuriki. Yagura, You hold Isobu the 3-Tailed Turtle. The Akatsuki plan on capturing the Tailed Beasts and fuse them all back into their original form.

Akiko: Their original form? What is that?

Vince: Their original form is called the 10-Tails. This is what it looks like.

Vince used his magic and showed what it looked like in a hologram.

Everyone but Vince gasped.

Naruto: That thing is hideous!

Sakura: Unbelievable.

Vince: Yes and its power is almost infinite.

Akiko: How can a creature like that have that kind of power?

Vince: It's the progenitor of where all the Chakra came from. It's a primordial creature that is the Original Tailed Beast. Obito plans on becoming it's Jinchuriki. A Jinchuriki of pure evil and his power will be unreal. He plans to use its power to plunge the world into an eternal Super Genjutsu called Infinite Tsukuyomi. By reflecting the creatures eye on the Moon he will plunge the world into an eternal false peace. Obito plans on doing all of this in the name of true peace. But what he doesn't know is that the Infinite Tsukuyomi will destablize the planets core and it will cause the planet to explode.

Everyone but Vince gasped.

Naruto: That's insane!

Pakura: That is not true peace.

Sakura: Yeah. That's Total Annihilation!

Rin was horrified.

Rin: Obito. (Crying) What has happened to you?

Akiko comforted her.

Akiko: Why would Obito want to destroy the entire planet?

Vince: Madara Uchiha. That's what. I don't know how Madara survived his battle with the 1st Hokage but somehow he did.

Tsunami: But Madara died a long time ago.

Vince: Maybe he did, maybe he didn't. But somehow Madara was alive this whole time and he brainwashed Obito into destroying the entire planet. Madara is not only the Devil in Human Form, but he's also the worst man that ever lived.

Naruto: It's hard to imagine that he is gonna destroy the planet by using Obito like that. His plan is absolutely pure evil.

Sakura: Yeah. Madara is pure evil incarnate.

Vince: Yeah. He makes even the Devil himself look like a Saint compared to him. [Reaches into his pocket] Here are some photos of the members of the Akatsuki.

Vince layed some photos out on the table and they saw them.

Naruto: So these are the members of the Akatsuki. I know these three.

Naruto pointed to 3 Photos.

Naruto: [Points to the red hair man] That's my moms older brother Nagato Uzumaki, and my uncle. [Points to the blue hair girl] That girl is Konan. She has a bloodline that enables her to control paper. [Points to the orange hair man] And that guy is Yahiko. These three were Jiraiya-Sensei's previous students before he taught dad.

Sakura: I had no idea that Master Jiraiya taught your uncle Naruto.

Vince: It surprised me too. Nagato was the leader of the Akatsuki before they turned evil.

Ami: I believe it.

Pakura: I know him. [Points to a photo of another man with red hair] That's Sasori of the Red Sands. He was a former member of the Sand's Puppet Brigade.

Vince: Yes. He went rogue 15 years ago.

Pakura: They call him Sasori of the Red Sands because he would stain the sands of the desert red with his enemies blood and that's what gave him the moniker.

Naruto: He must be a very formidable puppet master.

Pakura: He sure is.

Yagura: [Points to a picture of a blue-skin man that looked like a shark] I know him. That's Kisame Hoshigaki, The Scourge of the Mist and the most powerful member of the Seven Ninja Swordsman.

Naruto: Why is he called the "Scourge of The Mist" Yagura?

Yagura: He wields the sword Samehada, the Shark Skin and it absorbs the chakra of his targets and gives it to him to provide an accelerated healing factor. He is said to possess as much power as that of a Tailed Beast hence giving him the nickname "The Tailless Tailed Beast".

Naruto: That's incredible.

Haruna: That is amazing.

Naruto: [Points to a photo of Orochimaru] I know him. That's Orochimaru of the Sannin.

Vince: That's right Naruto. He almost killed Minato and Kushina and he would've had I not arrived.

Naruto: It's good you did.

Sakura: Orochimaru is a member of the Akatsuki?

Vince: Yes but according to Master Jiraiya's spy network he just defected for some unknown reason.

Tsunami: I can't believe that a member of the 3 Legendary Sannin went rogue and is now the most dangerous enemy in the world next to Madara Uchiha.

Inari: It's just hard to imagine.

Vince: Yeah.

Yagura: Who's that with the facemask?

Vince: [Points to a man with a facemask] That's Kakuzu of The 5 Hearts.

Sakura: What was he known for?

Vince: Kakuzu originally came from the Hidden Waterfall and he was sent on a mission to try and assassinate the 1st Hokage. This was 60 years ago. But the 1st Hokage was too strong for him and he returned to the village in failure. He was going to be punished for it. While he was imprisoned, he developed a very vengeful and violent hatred and grudge towards the entire Hidden Waterfall. He broke out and stole the Hidden Waterfalls most dangerous Forbidden Jutsu: Earth Grudge Fear. It essentially turned him into a human ragdoll and gave him the ability to use all 5 Elemental Natures.

Ami: He can use all five natures!?

Vince: Mm-hmm. And he gets them by ripping peoples live beating hearts out of their bodies and eats them.

Everyone but Vince: EEEEEWWWWWWWW!

Naruto: That is sick!

Vince: I know and as a result it extends his lifespan and he gains those elements depending on what element they have. He gets the elements by showing what mask they are on his back.

Sakura: That is weird.

Vince: But he has one weakness that we can exploit and that's his love of money.

Naruto: That is a powerful weakness and they do say that "The Love of Money is the Root of All Evil".

Vince: That's correct.

Haruna: Who is this? [Points to a photo of a gray hair man with a triple-bladed scythe]

Vince: That's Hidan of Jashin.

Akiko: A Jashinist? I thought that they were wiped out ages ago.

Naruto: I was thinking exactly the same thing Akiko.

Vince: Yeah. They are nothing but trouble. Hidan comes from the Hidden Hot Water Village and is part of a cult that worships the evil God of Destruction, Jashin. He's immortal and he can survive practically anything we throw at him and he will still live. He kills his victims as sacrifices to Jashin. But to do that he needs to get some of their blood. He drinks it and draws the symbol of Jashin on the ground and he becomes like a living Voodoo Doll. A stab to his heart is all it takes to kill his victims.

Satsuki: That is sick.

Vince: No kidding.

Naruto: If he really is immortal like me then we have to cut off his head and completely destroy the rest of his body so we can capture him.

Vince: That's a good idea bro. I was just about to suggest that.

Haruna: Great minds think alike.

Tsunami: I agree.

Inari: Who is this guy? [Points to a blond longhair man]

Vince: That's Deidara the Mad Bomber.

Sakura: Why is he called the "Mad Bomber"?

Vince: That's the rough part. He's a homicidal maniac. He comes from the Hidden Rock and is a former member of the Rock's Explosion Corps. They possess the Explosion Style Kekkei Genkai and they are very deadly. Deidara is a powerful shinobi and a dangerous one. He is also completely insane and he thinks that his explosions are a major artistic achievment.

Naruto: That is insane.

Sakura: He has some major screws loose.

Vince: No kidding. He once was trained by Onoki the 3rd Tsuchikage. He was enraged that his so-called art wasn't getting enough acceptance and he stole the Hidden Rock's Forbidden Jutsu. He uses clay for his bombs and he channels Chakra into his clay sculptures that turns them into living bombs and they can range in power from a small stick of dynamite to that of a powerful Nuclear Explosion which possesses enough power to completely obliterate an entire village and wipe it clean off the map.

Ami: Whoa! That is powerful!

Vince: Yeah. After he stole their Jutsu he went on a bombing spree and annihilated 75% of the entire Hidden Rock. He sold himself out to terrorist organizations and killed thousands of innocent people.

Tsunami: This guy's a true monster!

Vince: No kidding. This guy is a strange one. [Points to a man with one side of his skin white and the other was black and had a Venus Fly Trap appearence] This is Zetsu. He is the spy for the Organization.

Sakura: He sure looks weird.

Naruto: He looks like he's two people squeezed together.

Vince: That's exactly what he is. The white half of Zetsu is really an artificial creation of the mighty God Tree, the original form of the 10-Tails.

Naruto: So he was originally born from the 10-Tails?

Vince: Yes. Have you all ever heard of Kaguya Otsutsuki?

Satsuki: I have. She was known as the Rabbit Goddess. 1,000 years ago she became known as the 1st ever person to use Chakra.

Vince: That's right. This is a photo of her.

Vince pulled out a photo of Kaguya Otsutsuki.

Sakura: She was beautiful.

Satsuki: She sure was.

Vince: Yeah. Zetsu is a husk of one of the first Shinobi that became one of Kaguya's servants. He became a servant of Madara Uchiha not long after he was defeated by the 1st Hokage.

Haruna: Zetsu is a servant of Madara Uchiha? That's unusual.

Vince: Yeah. His black half is the manifestation of Kaguya's Will. Kaguya's 3rd son if you will. Kaguya Otsutsuki had two sons, Hagoromo and Hamura Otsutsuki. Hagoromo would later become christened as the mighty Sage of The Six Paths. During the warring times 1,000 years ago Kaguya ate the Forbidden Fruit of the God Tree and was given incredible power and she put a stop to all the fighting. She gave birth to her two sons and became known as a benevolent goddess. Eventually the power of the God Tree's chakra became too strong for her and it corrupted her and destroyed her sanity. She plunged the world into the Infinite Tsukuyomi and enslaved the planet. Hagoromo and Hamura stood up to her and she merged with the God Tree and transformed it into the 10-Tailed Beast. Hagoromo sealed the entire beast into him and became it's first Jinchuriki. He knew that Kaguya would escape and terrorize the world again when he died. So to make sure that never happen he used a powerful jutsu to divide the 10-Tails Chakra into 9 pieces and scattered them throughout the world. Those 9 pieces are the 9 Tailed Beasts.

Sakura: The Tailed Beasts are the fragments of the 10-Tails?

Vince: Yes. After the battle, Hagoromo and Hamura banished Kaguya into the Moon along with the husk of the 10-Tails Body. Black Zetsu was created as a result. He has one main objective and that is to resurrect Kaguya.

Everyone but Vince were shocked.

Naruto: So that's what the Akatsuki is gonna do. Not only are they gonna destroy the entire planet, but they're also going to resurrect Kaguya so she can rule over the world with an iron fist.

Vince: That's exactly right. The planet survived the first Infinite Tsukuyomi, but it won't survive another. After Kaguya was banished, Black Zetsu set all the events into motion. He manipulated Hagoromo's oldest son Indra who was the first Uchiha, into believing that power is stronger than love. This is what sparked the Uchiha's Curse of Hatred.

Satsuki: So our clans hate was sparked because of Black Zetsu?

Vince: Yes. It was all because of Black Zetsu that the world is now in grave danger.

Akiko: That is terrible. We can't let the Akatsuki do this.

Naruto: We've got to warn everyone and prepare for them.

Vince: We can do that but we can't let everyone in the world know about the Akatsuki's plan and that we are on to them. Our best chance is to destroy them 1 pair at a time. They travel in pairs. Our first target is Zetsu.

Akiko: That's a good plan. We'll have to train harder than ever.

Tsunami: We know you all can do it guys.

Pakura: Thanks Tsunami.

Yagura: We have to in order to save our future.

Vince: And we will. Now lets get some sleep. We have a big day tomorrow.

Later Team Thunder Angel was on the bridge waiting for Gato and they were playing cards to pass the time. Zabuza and Haku arrived.

Zabuza: So you guys arrived.

Vince: We sure did. Did Gato receive our message?

Haku: He sure did and he was enraged. He's on his way now and he'll be here in 15 minutes.

Vince: Excellent. Our trap is all set. Now we wait. Want to play some cards with us?

Zabuza: Oh you're on.

They played card games and waited. Naruto made Shadow Clones to watch over Tsunami and Inari.

15 Minutes Later, Gato arrived and he was enraged.

Gato: Zabuza!? Why are you playing cards instead of killing them!?

Vince: Because you all fell right into our trap Gato!

He clapped his hands and a barrier trapped Gato and his thugs.

Vince: Gato you are under arrest in the name of the Village Hidden in the Leaves.

Gato: Then come and get me! Triple Pay for killing them all. But leave the women alive. I'll use them for entertainment.

Vince: Like heck you will!

The thugs charged and they slashed all of them apart and in the fight Zabuza was mortally wounded and he was still fighting. The thugs were all killed and Gato was captured by Naruto and wrapped in chains and ninja wire.

Zabuza layed on the ground dying and Vince, Haku and Naruto approached him.

Vince: It's over Zabuza. Gato is in our custody.

Zabuza: (Weakly) That's good. Gato deserves to face trial for his crimes. Haku please fulfill my last request.

Haku: (Crying) What is it master Zabuza?

Zabuza: You were like a daughter that I've always wanted and I will love you always. But be with Naruto and give him all of your love. Vince. Take care and look after Naruto and Haku. Do that for me as my last request.

Vince: You have my word of honor Zabuza. Naruto is like my little brother in everything but blood. Haku will be like my own little sister. I promise to look after her.

Zabuza: I know you will. Naruto take my hand.

Naruto took his hand and Zabuza glowed yellow.

Naruto: Whoa! What happened? I had a rush.

Zabuza: I transfered all of my techniques and abilities into you Naruto. You are worthy of them. Yagura I'm sorry I attacked you.

Yagura: You have already been forgiven Zabuza. I will always love you like a brother.

Zabuza: Thank you. (Breathing stops)

Vince: Goodbye Zabuza.

Vince closed his open eyes in respect.

Haku was crying hard and Naruto was comforting her.

Naruto: It's okay Haku. It's okay.

Later after the bridge was completed it was christened as the Bridge of Team Thunder Angel. It was named in honor of the Heroic Actions of Team Thunder Angel. The Bridge also had a beautiful statue in solid bronze and it was shaped with the members of Team Thunder Angel holding bolts of Lightning in their hands.

Vince: Well guys we did it. Mission accomplished.

Naruto: You said it Vince. I wonder if our senseis were watching.

Kakashi: We sure were guys.

Kakashi, Yugao and Hayate appeared.

Vince: Hello senseis.

Kakashi: We saw the whole mission from the shadows and you all did a very spectacular job.

Yugao: We're very proud of all of you.

Hayate: (Coughing) You did a great job. All of you.

Naruto: Thanks senseis.

Sakura: We also captured Gato and he will pay for everything hes done out here.

Gato: Ha! You'll never get anything out of me and I will never talk.

Vince: We don't have to lift a finger to do so. We have someone that will do that for us.

Later in the Leaf, Team Thunder Angel went into the Hokage Office and they filed their report. Kakashi was in a state of shock after he found out that Obito was alive and is trying to destroy the planet. The friend he mourned for and prayed to for all these years was alive and well and is going to destroy everything.

Minato: That is incredible! You all have made me so proud. I'm especially very proud of you son.

Naruto: Thanks dad.

Minato: I just can't believe that Obito is alive and he's out there trying to destroy the planet.

Vince: Blame Madara for that. He's out there and is going to kill all of us if we don't stop him.

Minato: And I'm glad you captured Gato. ANBU! Take Gato to Inoichi and tell him to show no mercy.

Frog: Yes sir.

They took Gato away to be interrogated.

Minato: Not only did you complete the mission but you also set history here. Never before has a Genin Team complete a C-Rank turned Triple S-Rank mission. Congratulations to all of you. Now you are all dismissed. Yagura, Haku and Pakura you stay so we can see if you want to become Leaf Shinobi.

Vince: See you next mission Minato.

Minato: Will do.

Afterwhich they went home for a nice long rest. Tsunami and Inari went with them and Tsunami is now one of Naruto's future wives and Inari is his son. Pakura and Haku are now Naruto's future wives too. It was a truly amazing mission.

Continues in Part 3.

# Vince's Journey P3

Vince, Naruto, and the girls were at Training Ground 7 training very vigorously under Kakashi, Yugao and Hayate. They were continuing to get stronger and stronger at an accelerated rate. Vince also had a hand in their training. Haku is now a combat Medic Ninja for Team 9, Pakura is now a Jonin Sensei for Konohamaru, Moegi and Udon and Yagura formed the Hidden Leaf Navy Seals - a group of land and sea shinobi that travel the world and sail the oceans for pirates, bandits and threats of all kinds. Inari was enrolled in the Academy and he has a crush on Moegi

Vince: Good job guys. Lets take a break for lunch.

Naruto: Okay Vince.

Sakura: Good idea.

They rested by a tree and had lots of good food.

Vince: Boy we sure have been busy and the Chunin Exams are coming up in 3 Weeks.

Sakura: They sure are.

Rin: Time sure went by huh?

Satsuki: It sure did and I can't wait to rub it in stupid Sasuke's face that we're all Chunin and he never will be.

Haruna: Yeah. What a loser.

Ami: You said it guys.

Yugito: Also I heard that Ino is now training extremely hard now that everything about Sasuke is a lie.

Vince: That's good. She needs to train hard. Fangirls are the pondscum of the Shinobi World.

Naruto: That's a good way to put it.

Akiko: I don't like fangirls at all. They make all us kunoichi look bad.

Rin: Can't argue with that Akiko.

An ANBU appeared.

Eagle: Team Thunder Angel, Lord Hokage has called for you.

Vince: We're on our way Captain Eagle. Well guys time to go to work.

Sakura: You said it.

They arrived at the Hokage's office in 2 minutes.

Minato: Thank you all for coming in guys.

Naruto: No problem dad.

Minato: We have a client who has a mission for you.

They saw a man with brown hair and aqua clothes and he was from the Waterfall. It was Shibuki, the Feudal Lord of the Hidden Waterfall.

Shibuki: It's a pleasure to meet you all. I'm Shibuki, the Feudal Lord of the Hidden Waterfall.

Vince: Pleased to meet you Lord Shibuki. I'm Vince Pusateri.

Naruto: I'm Naruto Uzumaki Namikaze.

Minato: Naruto is my son Shibuki.

Shibuki: I believe it Minato. He looks exactly like you.

Naruto: I get that a lot.

Sakura: I'm Sakura Haruno.

Rin: I'm Rin Nohara.

Ami: I'm Ami Mitarashi.

Yugito: I'm Yugito Nii.

Satsuki: I'm Satsuki Uchiha.

Haruna: And I'm her twin sister Haruna Uchiha.

Akiko: And I'm Akiko Suzuki.

Shibuki: I'm very pleased to meet all of you.

Minato: Your mission is to escort Shibuki back to the Hidden Waterfall. He was here to discuss alliance treaty forms and help benefit between our villages.

Vince: We'll get right on it Minato.

Shibuki: Thank you all. You're welcome to come into the Village and look around.

Naruto: Thank you Shibuki.

Vince: All right guys lets move out.

Sakura: You got it.

20 minutes later they were off. They all trekked through the forest in the Land of Rivers and they heard a noise that scared Shibuki.

Naruto: It's just some birds Shibuki.

Shibuki: I'm sorry guys I'm really timid.

Vince: It's all right Shibuki. We will make sure nothing happens to you.

Shibuki: Thank you all.

Vince: We have arrived.

They arrived at a Waterfall.

Sakura: It's a beautiful waterfall and I'm guessing that the village is behind it.

Shibuki: That's right. Follow me.

Shibuki took them behind the waterfall and they saw a series of pools.

Shibuki: These pools lead to the village.

Shibuki dove in.

Vince: Time to get wet.

They all dove in and swam into a lake and they surfaced and they saw an enormous tree in the middle of the lake on an island and it covered the whole village. It was truly a magnificent sight to behold.

Vince: Wow! This village is amazing.

Sakura: It's a true secluded village. It's beautiful.

Ami: There are only 9 secluded Villages throughout the 5 Great Nations and I have a feeling that we will see more of them soon.

Akiko: I have a feeling we will too.

Vince: I agree. Lets get to shore and dry off.

They did so and decided to walk around.

Vince: The shops are extravagant. The forests of Saskatchewan, Canada would be perfect for this village.

Naruto: It sure would.

Yugito: Hey look at this.

Yugito showed them something very unusual. On the window of a store was a sign that had a red X over a bug.

Vince: This is a peculiar sign.

Ami: Yeah it's on all the stores and restaurants.

Sakura: This is weird.

Akiko: I wonder why.

They went into a grocery store.

Vince: Hello?

Storeowner: Oh hello there. What can I do for you all?

Vince: We have a question about that sign over there on your window. Are you guys having an extreme roach infestation?

Storeowner: (Laughing) No I wish we were. But that sign was put up there to keep out a Demon Insect we all hate.

Naruto: Demon Insect? What are you talking about?

Man: GET OUT AND STAY OUT! YOU'RE SCARING AWAY ALL OF MY CUSTOMERS!

They saw a girl with mint-green hair and dressed in white clothes run from the store.

Sakura: Sheesh what was that about?

They saw the man glare at the girl with a hateful nature.

Vince: (Whispering) Does this look familiar to you Yugito?

Yugito: (Whispering) It sure does Vince. That girl is a Jinchuriki like me, Naruto and Yagura.

Naruto: (Whispering) We have to get her out of here.

Vince: (Whispering) Right. (Out loud) Thanks for your time sir.

Storeowner: You're welcome.

They exited the store and decided to walk around some more.

Vince: That girl is in a lot of trouble here.

Naruto: Yeah. Her life is obviously worse here than Yugito's and Yagura's.

Sakura: We have to get her out of here.

Ami: But the question is where are we gonna find her here?

Vince looked toward the Sacred Tree of the Waterfall.

Vince: I think I know where she's at. I have a plan.

Vince huddled everyone together and whispered his plan.

After it was revealed they went to the Sacred Tree. They got to the bottom of the huge tree.

Naruto: She lives in the tree. I can sense her presence.

Vince: Yep and the only way is up.

Vince, Naruto, Sakura, Rin, Satsuki and Yugito spread their wings and Ami, Haruna, and Akiko ran up the tree trunk. They went into a hole in the tree near the top and saw a major league run down cabin made out of junk and all that.

Ami: This is where that girl lives?

Sakura: What a dump.

Akiko: This is really bad. The sooner we get her out of here the better.

Vince: Come on.

They walked up to the door and Vince knocked on it.

?: Go away! I'm sick and tired of you ungrateful and stupid idiots!

Vince: (In his head) This is worse than we thought. (Out loud) We mean you no harm. We came here from the Leaf Village to get you out of here.

?: How do I know you're not gonna try to kill me like all the others?

Naruto: Because like you I am a Jinchuriki.

Yugito: So am I.

The door opened and the girl came out.

?: Oh wow! You're the famous Team Thunder Angel. I've heard so many awesome things about you all. My name is Fu.

Vince: It's a pleasure to meet you Fu. I'm Vince Pusateri.

Naruto: I'm Naruto Uzumaki Namikaze the 9-Tails Jinchuriki.

Sakura: I'm Sakura Haruno.

Rin: I'm Rin Nohara.

Ami: I'm Ami Mitarashi.

Yugito: I'm Yugito Nii the 2-Tails Jinchuriki.

Satsuki: I'm Satsuki Uchiha.

Haruna: I'm Haruna Uchiha, Satsuki's twin sister.

Akiko: And I'm Akiko Suzuki.

Fu: It's a pleasure to meet you all.

Vince: Same here.

Fu: How about I explain my background?

Vince: Okay.

Fu took them into her cabin and they sat down and she explained her background and it was horrifying.

Naruto: Fu that is absolutely horrible!

Fu: (Crying) These people are monsters! They hate me!

Akiko was comforting her.

Akiko: These people ruined her life guys. We have to get her out of here now.

Sakura: She's right. No one should ever have to suffer like this.

Vince: I agree. All right lets get her ready.

Fu: Thank you get getting me out of this dump.

Naruto: You're welcome Fu.

Fu: But I want to get somethings first.

Vince: Okay.

Fu went down the tree and she later came back with what looked like a jug of water. She had a bunch of scrolls with her too.

Fu: Okay I'm all set.

Vince: What's all this?

Fu: This is the Waterfall's most powerful treasure. The Hero's Water.

Naruto: So this is the Hero's Water I've heard about.

Fu: Yes. It only comes from the Sacred Tree once every 100 years. Whoever drinks it will have their Chakra increased 10-fold. Maybe 1,000-Fold. The Hero's Water has gotten the Waterfall through the toughest of battles. But drinking the Hero's Water comes with a terrible price. Whoever drinks it has their life shortened by the amount that was increased. They all died not in battle, but from the Water's effect. So they locked it away, hoping to never use it again.

Vince: That's a deadly consequence.

Rin: Yeah. It puts an incredible strain on the users body and it drains your life force at an accelerated rate when you drink it.

Akiko: That is terrible.

Vince: No kidding. Are you ready to go Fu?

Fu: I am.

Vince: Okay. [Pulls out a scroll and unrolls it and places it on the ground] Stand on the Seal array.

Fu: Okay.

Fu did so and she went into the Scroll.

Vince put the Scroll away.

Vince: All right. [Senses something] Uh-Oh!

Naruto: What is it?

Vince: We couldn't have timed it perfectly. A Squad of Waterfall ANBU are coming.

Sakura: Lets get out of here!

Vince: Everyone stay close to me.

They grouped together and Vince put his fingers left index and middle fingers on his temple and when the ANBU got there they beamed out of there with Instant Transmission.

ANBU 1: Where did they go?

ANBU 2: Find them and bring our weapon back.

---

At night by the gate of the Hidden Leaf they appeared inside the village.

Naruto: We made it.

Vince: We sure did.

Vince pulled out the scroll and unsealed Fu.

Fu: That was cool. Are we in the Leaf?

Naruto: Yes we are Fu. This'll be your new home from now on.

Fu hugged Naruto in total gratitude.

Fu: Thank you so much guys.

Naruto: You're welcome Fu.

Vince: We were glad to help. Lets get to the Hokage and tell him everything.

Fu: Okay but first.

Fu took off her headband around her arm and dropped it on the ground. She took out a Kunai and slashed through the symbol of the Waterfall.

Fu: Good bye Waterfall Scum! This is my resignation.

Fu put her headband back on her arm. She had now completely severed her ties and loyalty to the Waterfall.

Vince: Good for you.

In the Hokage's office they went in.

Minato: Welcome back team Thunder Angel. How was the escort mission?

Vince: It was a success Minato. Shibuki got there without any incident. Also we've had a bonus scenario happen that caused us to do something crazy.

Fu came up to them.

Fu: It's a pleasure to meet you Lord Minato. I'm Fu and I'm the 7-Tails Jinchuriki.

Minato: It's a pleasure to meet you Fu.

Kushina: You're a Jinchuriki too?

Fu: Yes. (Crying) My whole life at the Waterfall was a complete nightmare! They all treated me like I was a plague and a complete outcast! I hate the Waterfall and I never want to go back there! I hate that village!

Kushina came and comforted Fu.

Kushina: It's okay Fu. It's okay.

Vince: Fu's life was a complete and total nightmare ever since she was five. The Waterfall Council killed her own mother and forcibly made her the 7-Tails Jinchuriki in order to make her a weapon. Dumb moronic mules.

Minato: That is just absolutely horrible.

Naruto: Yeah. People are just absolutely stupid and consumed by their own hatred, ignorance, stupidity and selfish desires and they don't care who to step on to get what they want.

Minato: I agree with you there son. You guys did the right thing by getting her out of there. But this might start a war with us and the Waterfall. They will try and get her back.

Vince: Let them try. We won't let the Waterfall touch her.

Kushina: That's right!

Minato: Fu you are now a Leaf Shinobi. You will be placed on Team Thunder Angel.

Fu: (Sniffles) Thank you Minato.

Minato: You're welcome Fu.

Fu was taken to her room at the enormous Namikaze-Uzumaki estate and for the 1st time in her life she was home.

3 weeks later it was the day before the start of the Chunin Exams.

Team Thunder Angel was walking around the village.

Naruto: Well guys the Chunin Exams start tomorrow.

Vince: Yep and I can't wait.

Sakura: Me neither. This is gonna be a challenge.

Satsuki: I heard that we're in for quite a heck of a competition this year.

Akiko: That's what I've been hearing too.

Vince looked behind him and saw a box shape rock with eyeholes in it.

Vince: Don't look now guys but we've got a pet rock following us.

They looked behind them and saw it.

Naruto: Nice try Konohamaru. But we know it's you in there.

Konohamaru: (Laughs) You saw through my disguise again boss.

The box exploded and a huge cloud of smoke covered them.

Konohamaru, Moegi and Udon were revealed and they were coughing.

Konohamaru: Udon I think you used too much gunpowder.

Udon: Sorry Konohamaru.

Sakura: Hey guys.

Konohamaru: Hello Sakura. What have you guys been doing?

Vince: We're walking around the village and preparing for the Chunin Exams tomorrow.

Moegi: Oh wow. The competition is gonna be really fierce this year.

Vince: How's your training under Pakura coming along?

Udon: Pakura-sensei is awesome. She has taught us things we never even knew about.

Fu: That's great guys.

Naruto: We're proud of you.

Konohamaru: Thanks boss. Also those dumb buttfaces on the disbanded Civilian Council have reinstated Sasuke as a Shinobi and hes been training in secret by some crazy ANBU in blank masks.

They gasp.

Vince: How did you find this out?

Konohamaru: We overheard the Civilian Council members talking to Sasuke in a restaurant. They said that they were gonna have someone train him in a secret place and make him strong so he can kill you all. We saw the ANBU come in and they had blank masks and showed no emotion hardly at all.

Naruto: Danzo's Root ANBU.

Akiko: Those fools! They just will never learn.

Sakura: Yeah.

Vince: We appreciate you telling us this Konohamaru. We've got to tell the Hokage and you'd better come with us to confirm what you saw.

Konohamaru: You got it brother Vince.

Vince: Lets go!

Team Thunder Angel, Konohamaru, Moegi and Udon went to the Hokage.

Minato was talking to the Jonin about who is going to the Chunin Exams when the door bursted open.

Vince: We're sorry to burst in like this but we have a situation here.

Minato: What's wrong Vince?

Vince: Konohamaru told us that Sasuke Uchiha has been reinstated as a Shinobi by the disbanded Civilian Council and is getting secret training by Danzo's Root ANBU.

They gasped.

Lord Third: Do you have any proof on this Konohamaru?

Konohamaru: I overheard it at a restaurant and they were there with Sasuke.

Vince: I think I have a way to show us. We need to darken the room here. Konohamaru you're gonna have to trust me on this.

Konohamaru: Okay.

Vince put his hands on the sides of his head and the room was darkened. Vince's eyes were opened and he displayed everything from Konohamaru's memories about what he saw like a movie projector.

Kakashi: That is really cool.

Yugao: This could be a very clever way to get information out of our enemies.

Hayate: (Coughing) That is cool.

They saw and heard everything Konohamaru saw from his point of view and when it was done they recognized everyone in the restaurant.

Minato: Thank you for showing us this. ANBU arrest all those people for conspiracy, corruption and high treason.

Naruto: Dad I want to face Sasuke in the Chunin exams. I want this to be exciting for all of us as I rub Sasuke's name through the mud and humiliate him forever.

Kushina: Ooh my Prank Senses are tingling!

Minato: (Laughing) I see where you're going with this son. Go get him son!

Naruto: With pleasure dad!

Vince: Adding insult to injury. Very clever.

They left and resumed their walk.

Konohamaru: Hey boss can we play Ninja with you?

Naruto: Sure Konohamaru. [Takes out a fake kunai] Go get it!

He threw the kunai and Konohamaru chased it and he accidentally bumped into someone. It was Kankuro of the Sand.

Kankuro: Ow! Watch where you're going you brat!

Kankuro picked up Konohamaru.

They ran to him and saw the scene.

Naruto: Hey! Put him down now!

Kankuro: Try and make me.

Naruto had his sword blade against Kankuro's neck.

Naruto: (Menacing) Put him down now.

Kankuro let Konohamaru go.

Naruto: I had a feeling that a bunch of shinobi from different villages would be present.

He sheathed his sword.

Naruto: I know you're in that tree stupid Sasuke. Get out of there now!

Sasuke came out and he was snobby and arrogant as always.

Sasuke: You have a lot of nerve Naruto. I'm going to kill you for killing my clan and we will fight in the exams!

Naruto: I'm looking forward to that. [To the Sand Siblings] I take it you are here for the Chunin Exams.

?: That's right. We've heard a lot about you Naruto. I'm Temari and this is my brother Kankuro.

Naruto: It's a pleasure to meet you both. Also I bet that's your friend in the tree behind me. Come on out, Shukaku!

A cloud of sand appeared and out came a red hair boy with no eyebrows and he had what looked like a tattoo in the shape of the kanji for love on the left side of his forehead. It was Gaara the 1-Tail Jinchuriki.

Naruto: (In his head) Whoa! He looks like he never slept even once in his life. I sense a huge energy imbalance in Shukaku's brainwave patterns. Something must've happened to him that caused him to become an unstable Jinchuriki.

Gaara: So you know of me Naruto Uzumaki Namikaze.

Naruto: Yes. You must be the 1-Tail Jinchuriki.

Gaara: I am. I'm Gaara of The Desert.

Naruto: It's a pleasure to meet you Gaara. I'm a Jinchuriki like you.

Gaara: I see. What number do you hold?

Naruto: Number 9. But I'm different from other Jinchuriki.

Gaara: How so?

Naruto: I never had to endure the same pain and suffering that all Jinchuriki are subjected to.

Temari: You're one lucky guy Naruto.

Naruto: Thanks Temari. Gaara, I sense a huge energy imbalance in Shukaku. Lets all go to the park and work things out.

Temari: What do you mean Naruto?

Naruto: I'll explain along the way.

They went to the park and Vince and the girls caught up to them and Naruto told them that Gaara is an unstable Jinchuriki because of something wrong with both the Sealing Jutsu placed on him and that something is wrong with Shukaku. Baki was with them and he was the Sand Siblings sensei. This revelation horrified them.

Gaara was on laying on a park bench and Naruto was looking at his Seal on his chest.

Naruto: Whoever did this Seal did a really terrible job. This is a 3-Trigram Seal and its been tampered with and it's causing Shukaku to manipulate Gaara in some sort of way. Also I sense another presence inside Gaara other than just Shukaku.

Baki: Are you sure Naruto?

Naruto: Yes Baki. My energy sensing powers have never proven me wrong. I'm gonna have to go into Gaara subconcious and destroy whatever is causing this.

Kankuro: Can you do that?

Vince: We have to have faith in him Kankuro. I taught Naruto and the girls here everything I know and then some.

Temari: You are one awesome teacher Vince.

Vince: Thank you Temari.

Naruto: All right. Here I go.

Naruto placed his hands on Gaara's head and he went into his subconcious. He was in a vast desert that went on for what seemed like forever.

Naruto: Gaara's mindscape is a huge desert. Shukaku is just up ahead.

Naruto spread his wings and flew towards Shukaku's signal. He found him and he was a big tan Raccoon.

Naruto: So that's Shukaku and he's a Sandstorm Raccoon. Wait a minute.

Naruto saw something unusual on Shukaku's head. It was an elderly man and he was laughing like a total homicidal maniac. Gaara was also in Shukaku's paw and was trying to get out.

Naruto: So that's it. Shukaku is being controlled by that insane old man and it's the reason why Gaara is an Unstable Jinchuriki and how he hasn't gotten any sleep at all.

Naruto flew towards the old man and punched him in the face with devastating force and knocked him clear out of Shukaku's head and Shukaku returned to normal.

Shukaku: **What? What happened?**

Naruto: You were under this mad old man's control and he turned you into and Gaara into savage bloodthirsty monsters. Pun intended.

Shukaku: **Where's Gaara?**

Gaara: I'm in your paw.

Shukaku let Gaara go.

Gaara: Thank you Naruto. I've read about that mad priest. That's Shukaku's first ever Jinchuriki, Bunpuku. He was the first Jinchuriki of Shukaku and he was hated by the entirety of the Sand and was locked up his entire life.

Naruto: So he was caged like an animal forever?

Gaara: Yes. But he went mad and vowed to destroy everything with Shukaku through Shukaku's future Jinchuriki. He's a total Homicidal Maniac.

Naruto: I believe it. They somehow sealed his evil spirit inside you and it made you crazy. He must pay for his crimes.

Naruto fired a powerful blast of Lightning at Bunpuku and it hit him and he exploded into absolute nothing.

Naruto: Give my regards to the Netherworld.

Gaara: Naruto thank you for saving us both from that madman.

Naruto: You're welcome Gaara. See you outside.

Naruto vanished. Back on the outside Gaara woke up.

Naruto: How are you feeling Gaara?

Gaara: I'm better than ever. Shukaku is no longer influencing me.

Sakura: That's great.

Naruto: It was an old man named Bunpuku that was controlling Shukaku and he made Gaara into an Unstable Bloodthirsty Jinchuriki.

They gasp.

Baki: Bunpuku!? I thought we had seen the last of him.

Sakura: Who is Bunpuku?

Baki: He was Shukaku's first ever Jinchuriki and he was one crazy man who wanted nothing more than to see the world burn.

Fu: That's madness!

Ami: No kidding.

Kankuro: I've heard legends of Bunpuku but we don't know hardly anything about him.

Baki: That's because everyone in the village hated his guts completely and it destroyed his mind. We've all essentially forgotten about him.

Naruto: That's pure evil.

Temari: Naruto we thank you for helping Gaara. Also we have some disturbing info.

Vince: What's up Temari?

Temari, Kankuro and Gaara revealed that Orochimaru is going to launch an invasion during the Finals to destroy the Leaf with a joint attack with his village the Hidden Sound and the Hidden Sand. Orochimaru is also going to assassinate the 3rd and 4th Hokage's.

This was very startling and they all went to Minato again and revealed the info that they learned of. Now the entire Leaf Village was on full alert and all the Sound Shinobi coming in were closely monitored at all times.

---

The next day it was time for the Chunin Exams and they went into a classroom for the 1st part: The Written Test.

Vince: This is it guys. We are gonna become Chunin and destroy Orochimaru and make Sasuke's name worse than mud.

Sakura: This is gonna be good.

Naruto: Sasuke is gonna meet his maker when we're through here.

Rin: You said it.

They walked through the hall of the Academy and found a bunch of kids in front of a door being blocked. They also saw Neji, Tenten, Lee and Haku by the door.

Vince: Hey guys!

Team 9 saw them.

Lee: Vince, Naruto, Team Thunder Angel. How are you all this youthful day?

Vince: Great Lee. How's all your training coming?

Tenten: It's been brutal Vince. But Guy-sensei is teaching us alot.

Vince: I can believe it.

Neji: How have you been Lord Naruto?

Naruto: Neji I don't like formalities. Just call me Naruto and I'm doing good thank you.

Neji: You're welcome.

Haku: You've been doing all right everyone?

Rin: We're doing great Haku.

Akiko: Just so you all know this is a genjutsu that's used to weed out the weaker contenders.

Fu: Oh I see.

Vince walked up to the door in a genjutsu.

Vince: Open the door for us to get through right now!

?: You don't understand. Those that have participated in these exams all have died.

?: So leave now while you have the chance.

Vince: Maybe I didn't make myself clear. [Prepares a ball of Ki in his hand and aims it at the door] Let us pass through here or I'll blast the door down.

The "kids" were scared and the genjutsu was broken and the doors opened. Vince powered the Ki ball down and lowered his arm.

Vince: Thank you.

Rin: That was to weed out the weaker opponents!

Vince: I know but what fun would this be if we didn't have some decent competition?

Rin: Oh, you have a point there.

They went on to the classroom and saw everyone there.

Kiba: So you all made it here too? Awesome.

Naruto: Good to see you Kiba. Shino how have things been with you?

Shino: Been going good Naruto. I heard that you all completed your first ever Triple S-Rank mission as Genin all by yourselves.

Sakura: You heard right Shino.

Kiba: That's amazing guys!

Hinata hugged Naruto in joy.

Hinata: Naruto that's incredible!

Naruto: Thanks Hinata.

?: It's been a while Naruto.

They saw a group of Cloud Shinobi. It was Karui, Omoi, Samui and Killer B.

Naruto walked up to Samui and kissed her.

Naruto: I missed you my Queen of Cool.

Samui: And I missed you my King of Heat.

Naruto: It's great you're all here. Karui, Omoi you're doing good.

Omoi: Thanks Naruto.

Karui: It's great to see you again Naruto.

Killer B: Yo number 9 how ya doing this time of fine? (They fistbump)

Naruto: Doing good Number 8. Great on this fine date. (Laughing) Sorry I couldn't resist.

Killer B: That's okay Naruto. You excited for the Chunin Exams today?

Naruto: We sure are.

Vince: It's great to see you all again Killer B.

Killer B: You too Vince.

Karui: Yugito!

Yugito and Karui hugged.

Yugito: It's great to see you again Karui. Omoi, Samui, you've both grown fast the last time I saw you.

Omoi: We miss you Lady Yugito.

Yugito: I miss you all too.

?: You might want to keep it down. You're making a scene.

They saw a gray hair kid with glasses.

Vince: (In his Head) Kabuto Yakushi.

Naruto: (In his Head) I had a feeling he was coming. Wait a second.

Naruto scanned Kabuto's mind with his telepathy and he saw a horrific past. He's a survivor from the Battle of Kikyo Pass during the 3rd Great War and he got amnesia from it. He was adopted by a caretaker at the Hidden Leaf Orphanage named Nono Yakushi and Naruto saw that she was indeed his biological mother. But she attack Kabuto and he was forced to defend himself and he fatally wounded Nono. Naruto saw that Orochimaru and Danzo did this and made Nono not recognize him. Orochimaru used Kabuto's grief to his advantage and made him his right hand man and spy.

Naruto: (In his head) Whoa! Kabuto has had it much worse than any Jinchuriki and Orochimaru and Danzo killed his family. We have to help him at all costs.

Kabuto: I have info cards that might help you all out.

Kabuto gave a demonstration.

Sasuke: Give me info on Vince Pusateri, Naruto Uzumaki and Gaara.

Kabuto: You know their names? That's no fun.

Kiba: Naruto, I thought Sasuke was removed from the Shinobi Corps because he tried to kill you.

Naruto: He was Kiba, but those dumb Butteaters on the former Civilian Council reinstated him behind dads back and he got secret training.

Vince: The Civilian Council was arrested and thrown into jail for treason and they're heading for the chopping block.

Satsuki: Good riddance to bad rubbish.

Haruna: Yeah.

Naruto: Kabuto wait. I need to talk to you in private.

Kabuto: Certainly Naruto.

In the bathroom Naruto revealed everything he discovered and Kabuto was shocked. He immediately severed his ties to Orochimaru and swore to stop Danzo and help the Leaf by any means necessary.

Ibiki Morino suddenly appeared.

Ibiki: All right everyone into the classroom.

Naruto: Hey brother Ibiki. Get any info from our scumbag friend Gato?

Ibiki: (Laughing) We sure did Naruto. He has a huge empire across the 5 Great Nations and hes done lots of ruthless and horrible things across the world.

Naruto: What a worthless man. Good job torturing him.

Ibiki: You said it and thanks. Get into the classroom.

In the classroom Ibiki explained the rules and the test began. As everyone was filling out their test, Vince got finished 2 minutes in and he turned on his infrared heat vision and he saw the Chunin hidden in the walls and looking out over the participants.

Vince: (In his head) They've hidden themselves very well but I can still see their body heat.

Vince scanned the students and he saw that one of the students had an abnormally cool body temperature.

Vince: (In his head) That's unusual.

Vince zoomed in and he analyzed him and the Predator Triangle Target centered onto him.

Vince had an audio analyzer bar appear on the left and it was linked to his telepathic powers.

Orochimaru: (In his head) Soon Sasuke you will be mine and no one will be able to stop me once I get the power of the Uchiha and then the Hidden Leaf along with Minato and Sarutobi-sensei will all die! (Laughing Malevolently)

Vince: (In his head) I won't let that happen Orochimaru. Your time has come and you will pay for your crimes.

Vince's vision turned back to normal.

Naruto scanned the minds of the other genin from different villages and that of a girl from the sound named Kin Tsuchi and he found a horrifying past and lifestyle.

Naruto: (In his head) That is just absolutely sick and disgusting! Orochimaru ruined and destroyed so many innocent peoples lives and he brainwashed them as well as conduct all those inhumane experiments on them. The Hidden Sound is a village of barbarians and mutants that have no remorse, pity, guilt or any regard for the value of human life. Orochimaru you will pay for everything you've done.

Naruto telepathically relayed everything he saw to Vince and the girls along with his friends and they were horrified and he even sent a message to Minato and Hiruzen. He even told Kin telepathically that she should abandon the Sound and help to destroy Orochimaru.

The first test was done and Ibiki played mind games with them. But everyone was too strong and they all passed.

Suddenly a black ball smashed through the window and a flag attached to the chalkboard. In came Anko.

Anko: Get ready everyone cause the sexy Anko Mitarashi Namikaze is here!

Ami: Hi sis.

Anko: Hey Ami. Still learning hard I see.

Ami: Oh yeah. Vince is an awesome teacher.

Anko: He sure is. Everyone passed? You're getting too soft Ibiki.

Vince: How have you been Anko?

Anko: Doing great Vince. Thanks for bringing in Gato for me to play with. He was bawling like a baby.

Everyone laughed.

Vince: I'm glad you like your new chew toy.

Anko: I sure do. (Licks her lips) And his blood was tasty.

Naruto: I'm sure it was. I wish I could cut off one of his legs and eat it.

Anko: That's my future husband.

Some people got up and vomited all over the hallways.

Sakura: Naruto you are really sadistic.

Naruto: Not as sadistic as Anko but I'm right up there.

Fu: You sure are.

Akiko: That is awesome.

Anko: All right. Everyone meet me at Training Ground 44. Don't be late.

Anko smashed through another window and she left.

Vince: Here comes the 2nd test guys. Lets get moving.

Naruto: You got it.

Yugito: Lets show em.

Continues in Part 4

# Vince's Journey P4

Vince and Team Thunder Angel, and numerous Genin Shinobi from various villages were walking over to Training Ground 44 and they arrived in 10 minutes and Anko was waiting for them.

Anko: Welcome to Training Ground 44 or as I affectionately call it The Forest of Death.

Horrifying music plays and everyone gulps in fear.

Vince: Me and Naruto have been in here before guys and we know this forest like the backs of our hands.

Sakura: I can believe it Vince.

Akiko: Me too.

Samui: That is cool.

Fu: This is gonna be awesome.

Anko threw a kunai at Vince and he bent his head to the left and he grabbed the blade with his fingers.

Anko: Good catch Vince.

Vince: Thanks Anko.

Anko: Also Sakura that was a great prank you pulled in the Academy during your test. I don't think I've ever seen you all laugh so hard before.

Sakura: Thanks Anko-sensei.

Anko: Lord Hokage and Kushina-sensei told me all about it and I was laughing my butt off so hard I just couldn't stop.

Sakura: I had a feeling that would humor all of us.

Anko: One more thing. Is it true that Sasuke smells like rotten onions?

Sakura: Oh yeah and he also smells like dirty socks and week-old used underwear.

Everyone all laughed at that.

Anko: (Laughing) That was too funny and true.

Sasuke: HOW DARE YOU ALL TALK ABOUT ME LIKE THAT!?

Anko threw her kunai and it slashed Sasuke in the cheek. She got behind him.

Anko: You have a tenacious personality. I like that.

Anko licked Sasuke's blood and it tasted so bad that it made her throw up.

Anko: (Vomiting) Oh yuck! You guys weren't kidding. He does smell and taste like all that.

Vince: Yuck! When we said that he smells like that we didn't expect him to smell like it for real.

Kabuto: Me neither Vince. But this is too weird.

Vince: I agree with you Kabuto.

Sasuke: SHUT UP!

Naruto: You first Sasuke!

Anko: All right that's enough! Now I'm gonna go over the rules for the test.

Anko explained the rules of the test and she handed each team a scroll. The scrolls were Heaven and Earth and Team Thunder Angel got the Heaven Scroll.

Anko: All right. The 2nd test will begin in 10 minutes so until then decide how you're gonna want to go through the forest.

Team Thunder Angel decided to have Samui, Omoi and Karui team up with them along with Teams 8, 9 and 10. Sasuke decided to go alone and jeopardize everything.

After everything was done, they all got to their posts and the test began.

They rested by a tree for a moment.

Vince: You guys are gonna love my new ride. (Whistles)

A loud roar was heard and out came a dragon and it was not just any dragon. It was a Marianas Dragon.

Naruto: Wow! What a dragon!

Sakura: That is one awesome dragon.

Rin: I agree.

Yugito: She sure is beautiful.

Vince: Thanks guys. Anyone want a ride?

Naruto, Sakura, Fu, Satsuki and Samui accepted.

Marianas: Hold on tight now.

Ami: She talks?

Vince: Yep. Don't worry guys. I have more rides for all of you. (Whistles)

Horse neighs were heard and out came a bunch of horses made entirely out of lightning.

Ami: Thundermares!? Awesome.

Rin: This is so cool.

Samui: It sure is.

Omoi: This is gonna be sweet.

Karui: I agree.

The rest of them got onto their Thundermares and they were ready.

Vince: All right. Lets ride!

(B.E.R.'s The Night Begins to Shine plays)

Vince and Marianas took off.

Ami: All right. Hyah!

They galloped and they were dashing through the forest at a blazing speed.

As they rode along the way they saw a girl with red hair being attacked by a huge grizzly and Vince and Marianas picked her up. She was unconcious. They also saw an unconcious Sasuke on the ground and they picked him up too. They also had Kin Tsuchi with them and she had abandoned her teammates. She had her own dragon too and it was a Sage Dragon.

Kin: This is so awesome! I always wondered what it would be like to be a rider of a dragon!

Sage: I'm glad you like it Kin.

They arrived at the tower in less than 10 minutes and they landed and stopped and they rushed the girl and Sasuke to the infirmary.

They all passed the 2nd part of the Exams with 5 days to spare. Sasuke had a run in with Orochimaru and he got the Curse Mark of Heaven.

Later the Chunin exam Preliminaries were underway. Hayate Gekko was the proctor and the first match came up.

Battle 1: Vince Pusateri and Naruto Uzumaki Namikaze VS Sasuke Uchiha.

Vince: A 2 on 1 battle. Nice.

Naruto: This is gonna be good.

Vince and Naruto were looking at Sasuke and Sasuke was looking at them with extreme rage, fury, hatred, madness and explosive insanity.

Sasuke: I'm going to kill you both for ruining my life!

Vince: We show no remorse in doing so.

Sasuke: I WILL KILL YOU FOR SAYING THAT!

Naruto: You're exactly like your pathetic father when I killed him.

Sasuke: TAKE THAT BACK!

Naruto: The apple doesn't fall far from the tree. They all got what they deserved Sasuke and so will you.

Vince: You're not the only person who tried to rule the Universe with a sword of injustice. They all failed and so will you.

Vince snapped his fingers and the arena changed into a completely different world unlike any before. Volcanoes were erupting all over the place, lightning was striking high in the clouds and it was raining sulfuric acid and lava globs. It was a nasty volcano planet.

Naruto: Whoa! Where are we?

Vince: This is an alien planet I learned about when I acquired my powers. It's called Valmorg.

Planet Valmorg is a Volcano planet located in the galaxy NGC 3987 approximately 214 Million Light-Years away from Earth in the constellation of Leo the Lion. It is a nasty volcano planet that has a surface temperature of 1931 degrees fahrenheit and it is a truly inhospitable world. Volcanoes erupt all over the planet all the time and a runaway greenhouse effect made the world like Venus on steroids. The super thick carbon dioxide rich clouds and atmosphere trap its parent stars radiation and it heats the surface to ferocious levels. Valmorg has rainstorms that rain down sulfuric acid and the lightning it has is much more powerful than on Earth.

Vince had everyone protected in a powerful force field and it protected everyone from the planets searing heat and it provided oxygen for them and it was raining sulfuric acid and lightning was flashing in the clouds at a ferocious rate. The planet itself is a physical manifestation of the very evil inside of Sasuke's heart. It was a world that showed how evil Sasuke really is.

Naruto: This planet is intensely fierce. It's like a Satanic version of home.

Vince: That's what I first thought too. This world is like Venus on steroids and it's perfect for the battle.

Sasuke: Enough talk! I'll make sure you never plague my life again! [Charges toward them at a blazing speed] YOU'RE BOTH FINISHED!

Vince punched Sasuke in the face and Naruto kneed him in the stomach and punched him in the mouth and knocked out some more of his teeth. Vince kicked Sasuke in the back of the head and Sasuke belched up a huge amount of blood. Vince then uppercut Sasuke in the face and he sent him crashing through a rock with incredible force.

Sasuke got up and he was mangled up bad. His curse mark was spreading fast and he was laughing like a totally insane homicidal maniac to the 50th power.

Sasuke: (Insane Laughter) I will kill all of you!

Vince: We'd like to see you try you moronic barfbag.

Vince went Super Angel 2 and Naruto spread his wings of Thunder and Lightning.

Naruto fired a bolt of lightning at Sasuke and it hit him in the leg and Naruto kicked him in the face. Vince fired a blast of fire at Sasuke and he countered with his Fire Style: Fireball. Vince's fire overtook the fireball and it went at Sasuke. He dodged it and it hit the ground and exploded with incredible power.

KRABBBBBOOOOOOOOOOMMMMM!

The explosion sent Sasuke crashing into a nearby mountain and it collapsed and buried Sasuke under a huge pile of rocks.

Naruto: That's it for him.

Vince: Wait. Look.

Sasuke got up from the rocks and he was completely out of his mind with so much rage that it was unbelievable.

Sasuke: I've had it with both of you! (GROWLING) You wretched monsters! How dare you!? (ENRAGED SCREAMING) HOW DARE YOOOOOOOOOOOOOOOOOOOOOOOOOOOOUUUUUUUUUUUUUUUU

Sasuke released the full extent of the Curse Mark's power and bulked himself up to maximum power in a massive explosion of insane rage. He was completely out of his mind with so much rage, fury and psychotic madness that it was unbelievable and all the arteries and veins in his eyes were showing.

Vince: So that's how you want it to go down.

Vince decided to take it up to the extreme and he was in a whole new transformation. His skin was covered in dark blue fur, he had a tail that looked like Sunburn's phoenix tail from Skylanders and he had yellow eyes and fiery sclera and his wings were pitch black and they had black fire around them and he had a dark blue aura.

Vince: (Deeper Voice) I was saving this form for when I destroy Orochimaru but I figured it would be perfect for destroying you Sasuke. Like my friend J.D., I will call this form Super Angel 4. It will be a good warmup for me.

Sasuke was completely blind with so much rage and fury that he had no idea what he was doing and he charged toward Vince and Vince punched Sasuke in the stomach with devastating force and he belched up a huge amount of blood and Vince kicked Sasuke in the face.

Sasuke was sent flying and he rebounded he and Vince and Naruto engaged in a savage, brutal and ferocious fight of unimaginable power. The fight was so intense and savage that it was rattling the very fabric of the universe to the very core. Thunderous punches, shockwaves and explosions were shaking the very foundation of planet Valmorg to the very core and everyone was absolutely terrified by the sheer magnitude and ferocity of their power. It was so intense that it was unbelievable.

They stopped 25 minutes later and Sasuke was getting madder and madder by the second.

Sasuke: (SCREAMING IN RAGE) I HATE YOOOOUUUUUU!

Vince and Naruto's auras flared up with such extreme intensity and they both kicked Sasuke in the back and punched him in the face and kneed him in the stomach and elbowed him in the back and mouth and chin with devastating force.

Sasuke was on the ground bleeding profusely and he had extremely severe wounds and injuries.

Vince and Naruto stood ready to fight some more and Sasuke was completely enraged beyond all known forms of human imagination and comprehension.

Sasuke: (ENRAGED SCREAMING) ALL THAT YOU'VE DONE TO ME I'LL PAY YOU BACK 10 TIMES! NO! 10 BILLION TIMES!

Thunder Crashes in the sky

Sasuke: (ENRAGED SCREAMING) YOU WRETCHED AND STUPID LOSERS! YOU WILL PAY FOR THIS!

They stood ready as Sasuke was bleeding profusely and the skies of the planet raged with thunder and lightning and raining sulfuric acid and lava made it more terrifying.

Vince and Naruto got out of their stances.

Vince: It's done.

Sasuke: Huh? What do you mean?

They stood there saying nothing as lightning and thunder roared in the sky.

Sasuke: You said "It's done". What do you mean!?

Vince: Your energy level is decreasing with every blow. In fact you're not even a challenge to us anymore. It wouldn't be fair to keep fighting you. We're satisfied now. Your pride and arrogance have been torn to shreds.

Naruto: You've challenged and lost to 2 fighters that were superior to you in every way and to make it worse, we're both "losers". Right?

Sasuke was absolutely demoralized and totally flabbergasted at what they said. He was completely shocked and dispirited.

Vince: It would be meaningless to fight you now. You're too scared and ashamed. Live with the shock.

Vince reverted the arena back to what it was and he and Naruto powered down.

Vince: You're now just a total waste of our time and you will never be a match to our strength and power.

Naruto: You are now the true loser Sasuke. You now have all the time in the world to think about your defeat.

Vince: And we never want to see you again.

Vince then grabbed Sasuke's arms and took all of Sasuke's powers and chakra and completely destroyed his Curse Mark.

Sasuke: What happened? What did you do to me!?

Vince: I stripped you of your Sharingan, Jutsu and Chakra. You are now just a normal human being that is completely powerless and a worthless waste of space and a true coward. [Rips off Sasuke's Leaf Headband] You don't deserve to wear this. [Puts it on the ground and slashes through the Leaf Symbol] You have blatently disrespected the Will of Fire, insulted all the Leaf's shinobi, tarnished everything a Leaf Shinobi stands for and betrayed everyones friendships. You are now a worthless waste of a life.

Sasuke: HOW DARE YOU TALK TO ME THIS WAY!? I AM AN ELITE! THE BEST THERE IS!

Vince: Not anymore. People like you deserve to be forever forsakened.

The ANBU came and grabbed Sasuke and took him to the ANBU prison medical wing.

Naruto: What a loser.

Vince: You said it bro. Good riddence to bad rubbish.

Naruto: Yep.

Hayate: (Coughing) Winners Vince and Naruto.

Everyone cheered wildly and they went back up to the balcony.

Vince: Great job bro. I'm very proud of you.

Naruto: Thanks Vince. All that training sure has paid off.

Vince: It sure has.

Hinata: Naruto! (Hugs him and kisses him) You were awesome!

Naruto: Thanks Hinata.

Akiko: You were amazing out there.

Naruto: Thanks Aki.

Kakashi: Naruto I'm very proud of you. You may have not only surpassed me but you may have surpassed sensei as well.

Naruto: Thanks Kakashi-sensei. I owe it all to all of your support and everyone I love with all my heart.

Sakura: Thanks Naruto.

Ami: You are a true shinobi.

Naruto: Thanks girls.

Haruna: What was that place the arena became Vince?

Vince: That was the volcano planet Valmorg. We were 214 million light-years from home and that world was completely inhospitable.

Yugito: I can believe it. But that barrier protected all of us from its dangerous landscape.

Fu: Yeah.

Rin: That was a really awesome planet though. I had no idea that there are different planets like that.

Satsuki: Me neither.

Samui: That was really cool. My brother Atsui would love it.

Kin: I'm sure he would Samui.

Battle 2: Sakura VS Ino.

Sakura Haruno and Ino Yamanaka were in the arena.

Sakura: I heard that you've been training very hard now that everything about Sasuke is a lie Ino.

Ino: Yes I was and I was such a fool to sacrifice our friendship to that stupid monster.

Sakura: It's nice that we have reconsiled our friendship. But lets see how far you've come.

Ino: Wouldn't have it any other way.

Vince: I have just the planet for this.

Vince snapped his fingers and the arena turned into a beautiful forest planet completely covered in trees and super tall mountains and it was teaming with all sorts of different life unlike anything ever seen before. They were all protected in a force field because the planet has a poisonous atmosphere. They saw that the sky was emerald green and 5 moons were in the sky orbiting around it.

Naruto: Wow! What a planet.

Ami: It's beautiful. I had no idea that there was life on planets other than ours.

Vince: No one has. It's been one of humanity's biggest mysteries for eons. 2 of mankinds biggest questions were "Are we alone in the Universe and is Earth the only planet that has life?".

Haruka: And the answer is now "No we are not."

Vince: That's right Haruka.

Magnificent creatures graced the skies, in the trees and on the ground. They were on the planet Criam.

Planet Criam is a Forest planet located in the galaxy NGC 6792 approximately 200 million Light-Years away from Earth in the constellation of Lyra the Harp. It is completely covered in Swamps, Dense Forests, Wetlands and Mountain Ranges and it has a dense atmosphere that is poisonous to human life. It orbits an F-Class Yellow-White dwarf star and it's surface temperature is 77 degrees fahrenheit. The planet is also home to indigenous fairy-humanoid people called the Firara. They have pink-skin, all have golden blonde hair, butterfly wings and they wear elf clothes. They also have extremely powerful plant powers and they can grow anything whether they would be from Earth or other planets. They are very friendly with all things great and small and have a very strong love for nature as well as a great desire to protect everyone and everything they care about. They are also friendly with creatures that are not even from their world. They can also survive on any planet no matter how inhospitable the environment or atmosphere.

Sakura: This planet sure is beautiful. The flowers are so colorful and the leaves are magnificently shaped.

Ino: I've never seen these kinds of flowers before. I guess there is an infinite number of possibilities that life comes in many different shapes and sizes and can come in things we only see in dreams.

Sakura: That's right Ino. Now lets dance.

Ino: You got it.

Sakura and Ino dashed and they engaged in a powerful fistfight. The fight ended when Sakura punched Ino in the stomach and she collapsed from exhaustion.

Sakura: You did really well Ino. I'm very proud of you and I'm glad you're my best friend again.

Ino: Thanks Sakura. You took the words right out of my mouth.

They shook hands.

?: Is everything okay here?

They all saw a Firara and she was beautiful. She had beautiful orange, red, yellow and blue butterfly wings and magnificent golden blonde hair as well as an awesomely crafted sword.

Vince: Yes we are all okay. We are in the middle of a competition to decide who becomes a Chunin level Ninja. By the way I'm Vince Pusateri. Leader of Team Thunder Angel. I am from the planet Earth in the Milky Way Galaxy.

Naruto: I'm Naruto Uzumaki Namikaze, genin of the Leaf and these are my future wives Sakura Haruno, Ino Yamanaka, Hinata Hyuga, Tenten, Rin Nohara, Yugito Nii, Ami Mitarashi, Satsuki & Haruka Uchiha, Pakura, Haku Yuki, Fu and Akiko Suzuki. We are from a different planet Earth in the Milky Way Galaxy.

Kakashi: I am their teacher Kakashi Hatake.

?: It's a pleasure to meet you all. I'm Neyhara and believe it or not Humans have actually been here on the planet Criam before.

Vince: It's a pleasure to meet you Neyhara and how can that be? Our planets are 200 million Light-Years apart from eachother and we live in different galaxies.

Neyhara: The humans accidentally got here because of an interdimensional wormhole that lead from their dimension to ours. They are two girls and one is about 16 years of age and the other is 10 years of age.

Vince: That's interesting. Where are they?

?: Neyhara? What's going on here?

The two girls appeared. One was dressed in blue denim clothes and she had blonde hair and beautiful blue eyes and a scythe on her back as well as blue, cyan and turquoise butterfly wings and the other girl with brown hair and she had green eyes and was dressed in green and blue clothes and she had purple, pink and orange butterfly wings. When Vince saw them he gasped.

Vince: (Gasp) M… Megan, Sarah? Is that really you?

Megan: Vince? (Gasp) Big brother!

Sarah: Big bro!

They ran and hugged him and they were crying in a joyful reunion.

Megan: Vince! (Crying) I thought we would never see you again!

Sarah: We missed you so much big bro.

Vince: I missed you both too. We thought something horrible had happened.

Megan: I know.

Naruto: So these are your little sisters big bro?

Vince: Yes Naruto. Guys I'd like you all to meet my little sisters Megan and Sarah Pusateri.

Naruto: It's a pleasure to meet you both. I'm Naruto Uzumaki Namikaze.

Sakura: I'm Sakura Haruno.

Ino: I'm Ino Yamanaka.

Hinata: I'm Hinata Hyuga.

Tenten: I'm Tenten.

Rin: I'm Rin Nohara.

Satsuki: I'm Satsuki Uchiha.

Haruna: And I'm her twin sister Haruna Uchiha.

Ami: I'm Ami Mitarashi.

Pakura: I'm Pakura.

Haku: I'm Haku Yuki.

Yugito: I'm Yugito Nii.

Fu: I'm Fu. I don't have a last name.

Akiko: And I'm Akiko Suzuki.

Megan: It's a pleasure to meet all of you.

Sarah: Same here.

Vince: How long have you guys been here on the planet Criam?

Megan: 8 Years.

Naruto: 8 Years!? That's a long time. [To Neyhara] How long is the orbital period of planet Criam?

Neyhara: It's 2.36 of Earth's years Naruto.

Sakura: So that's eight and a half years our planets time.

Sarah: Yeah. But this was all an invigorating and educational experience for the both of us.

Ami: Yeah I'll bet. Being stuck on a faraway planet for 8 years must've taught you alot.

Megan: It sure did Ami. We can now breathe on any planet no matter the environment and we learned all kinds of fighting moves and we now have plant powers.

Vince: That's great girls. I'm so glad that you both are safe.

Megan: Me too big bro. I thought we would never find our way home but we never stopped praying for you to find us and bring us home.

Naruto: And your prayers have been answered after all these years.

Neyhara: I would like to come with you all.

Megan: Are you sure Neyhara?

Neyhara: Yes. I was told many good things about Earth and I want to see it.

Sarah: If that is your choice then it's all right with us.

Vince: Lets all go back home.

Vince snapped his fingers and they were back in the Chunin Exams arena.

Megan and Sarah inhaled the Earth air for the first time in almost 9 years.

Megan: (Exhales) It feels good to breathe our air again.

Sarah: You said it sis.

Vince: We have a lot to talk about but Neyhara, welcome to planet Earth.

Neyhara: Thank you Vince. I have a feeling I'm gonna like it here.

Battle 3: Tenten VS Temari

Tenten was facing Temari in the 3rd Match and this was gonna be an interesting one.

Tenten: Lets show them what we're made of.

Temari: Lets.

Vince: This is gonna be awesome and I know just the kind of planet for this.

Vince snapped his fingers and the arena changed into a vast ocean. The sky was aqua blue and it had 8 moons in orbit around it. A force field was protecting them from the atmosphere.

Naruto: Wow! This ocean is huge. What planet is this Vince?

Vince: This is the Ocean planet Skyla.

Planet Skyla is an Ocean Planet located in the galaxy NGC 983 approximately 204 million Light-Years away from Earth in the constellation of Trianglum the Triangle. It's surface is completely covered in water that make up a massive planetwide ocean. The temperature is 104 degrees fahrenheit. However the atmosphere is poisonous to human life and violent thunderstorms, megatsunamis, super violent hurricanes and cyclones and torrential rainfall plague this world. It orbits a class G star like our Sun and it is home to lots of unique alien fish that are unlike anything we have ever seen before. The water is also home to a race of beautiful Mermaid creatures that are really friendly to all, very curious about all kinds of things and very protective of all their fish friends. Some of the fish are creatures that we even know on Earth.

Temari: I got to admit learning about all these planets across the Universe is really an educational experience for all of us.

Tenten: It sure is. I had no idea that there were planets in the universe that had different environments and different features.

Temari: Neither did I. This has truly been educational for all of us.

Tenten: I agree. Lets do this.

Tenten pulled out a bo staff and she clashed with Temari's fan and Temari blew her back and Tenten skidded on the water and the waves from the skids got some of us wet.

Naruto: (Blubbering) Whoo! This water is warm.

Vince: Yeah. The water temperature is 84 degrees fahrenheit. But it's scalding hot in some spots. At night the water temperature can drop to 33 degrees.

Sakura: That's cold but the warm water feels good.

Tenten: (In her head) She's a Wind user. I have to get the drop on her somehow. I have an idea and it just might work. (Out loud) Hey what's that behind you!?

Temari: [Looks behind her] Where?

Tenten dove underwater and she swam underneath her and exploded up from behind her like a whale breaching and she kicked Temari in the face and she whacked her with her staff several times. Tenten sealed it and pulled out a mace and she whacked Temari with a mace in the stomach. Temari was weak and tired and she tried to get up, but she was too weak and she collapsed to the water and was knocked out.

The arena reverted back and Hayate checked Temari out and he saw that she was knocked out.

Hayate: (Coughing) Tenten wins.

They all cheered wildly for her.

Naruto: Way to go Tenten!

Sakura: All right Tenten!

Akiko: Yeah! Awesome job Tenten!

Tenten gave the victory finger pose.

Vince: I got to admit though, diving underwater for a sneak attack was genius.

Ami: It sure was. That got the drop on her.

Haruka: Very clever.

Satsuki: That was awesome.

Tenten came up onto the balcony and she hugged Naruto.

Naruto: You were awesome Tenten.

Naruto and Tenten hugged.

Tenten: Thank you Naruto for believing in me.

Naruto: You're welcome Tenten.

Battle 4: Akiko VS Zaku

Akiko was facing the Sound Ninja Zaku Abumi.

Zaku: This is gonna be sweet. I'm going to kill you and give your body to Lord Orochimaru.

Akiko: We'll see about that. Orochimaru will pay for everything hes done to our village and the world.

Akiko then activated her Kekkei Genkai and changed the arena to the Trifid Nebula.

Naruto: (Echoing) Whoa! We're in Outer Space!

Sakura: (Echoing) This is amazing! But where are we?

Vince: (Echoing) This is the Trifid Nebula in the constellation of Sagittarius the Archer, located 6,000 Light-Years from Earth.

Ami: (Echoing) It's beautiful! I've never seen a Nebula up close before. And the stars in it are like diamonds floating in it.

Neyhara: (Echoing) This is incredible.

Akiko: (Echoing) It is beautiful isn't it? This is part of my bloodline. I have the ability to change the area into a nebula from another part of the galaxy and this is the amazing part. I discovered that all shinobi have the ability to breathe in the infinitely vast distances of the endless vacuum of space.

Haruka: (Echoing) That is amazing.

Satsuki: (Echoing) I saw Akiko use her abilities in action when we were sparing and it was awesome. She took us both to a strange blue nebula in the shape of a Boomerang.

Vince: That was the Boomerang Nebula.

Naruto: Boomerang Nebula?

Vince: Yeah. It's located in the constellation of Centaurus the Centaur, located 5,000 light-years away from Earth. It is also the coldest natural known place in the Universe. It has a temperature of -457 degrees fahrenheit.

Fu: (Echoing) That's amazing. I had no idea such a place even existed.

Samui: (Echoing) No kidding. It's really cool.

Yugito: (Echoing) I agree. This whole experience has been really educational.

Back on the battle Akiko stood ready to face him.

Zaku: (Echoing) I must admit, this is really awesome. I didn't know that there were clouds in the Universe.

Akiko: You figure a lot of stuff out as you learn about it. Now lets dance.

Akiko dashed at a blazing speed and she punched him in the face with incredible force and Akiko teleported and kicked him in the back.

Zaku: You wretched girl! SLICING WAVES!

Nothing happened.

Zaku: What's going on? My jutsu can't activate.

Akiko: That's another benefit of my Kekkei Genkai. The Nebula's hydrogen gas produces an electromagnetic field that neutralizes my enemies Chakra and it even clouds Visual Bloodlines rendering them completely useless. Jutsu is also completely disabled as well.

Pakura: (Echoing) Whoa! That is a powerful benefit of her Kekkei Genkai.

Satsuki: Yeah. I saw the effects in action and I was completely helpless against her.

Kakashi: (Echoing) I must admit that is an amazing ability.

Akiko punched Zaku in the back and he was sent flying up and Akiko formed a little Sun in her hands from the Hydrogen and Helium gas in the nebula.

Akiko: Now it's time for you to die. **NEBULA STYLE NINJA ART: SOLAR OBLITERATE!**

She threw the mini Sun at Zaku and as it got closer to him it started vaporizing him and he screamed in excruciating pain and he was completely obliterated in less than 5 seconds. We were shielding our eyes from the intense brightness. We couldn't see anything. When the light faded we saw that Zaku was completely gone. All that was left of him was his Sound Ninja headband.

The arena reverted back and Hayate saw that Zaku was gone.

Hayate: (Coughing) Akiko wins!

They cheered wildly for her.

Kakashi: That was an amazing display.

Vince: It sure was Kakashi-sensei.

Akiko came up to the balcony and she and Naruto hugged and kissed.

Naruto: You were awesome Aki.

Akiko: Thanks Naruto.

Battle 5: Vince VS Dosu

Vince was facing Dosu Kinuta.

Vince: You're gonna pay for hurting Kin.

Dosu: We shall see. Now lets dance.

Vince dashed and kicked Dosu in the face and the arena changed into a purple grassland planet named Mulila.

Planet Mulila is a Grassland Planet located in the galaxy NGC 6097 approximately 442 Million Light-Years away from Earth in the Constellation of Corona Borealis the Northern Crown. The surface is completely covered in purple dense grasslands. This is because the planet orbits a Class F star and it absorbed a tremendous amount of energy from the star and the plants now absorb less energy making them purple. Like Criam and Skyla, the atmosphere of Mulila is poisonous to human life and the alien creatures on this planet are extremely predatory and very hostile. Violent Rainstorms, Thunderstorms and extremely powerful tornadoes ravage the surface and it is intense.

Everyone was protected in a force field because of the poisonous atmosphere.

Vince kicked Dosu in the stomach and punched him in the back and kneed him in the nose.

Megan: Whoo! Go get him bro!

Sarah: Yeah! Show no mercy!

Vince fired a blast of fire at Dosu's right arm and it hit him with a powerful explosion and it went flying clean off of him and he screamed in excruciating pain.

Naruto: Ooh man! That must've really hurt.

Sakura: No kidding.

Ami: OUCH!

Vince: So much for the use of your arm.

Dosu: (Enraged Growl) You will pay dearly for that!

Vince: Come.

Dosu charged toward him and when he got close, Vince punched Dosu in the chest so hard that it went all the way through his chest and out through his back. Dosu was gagging and coughing and he coughed up a huge amount of blood. Vince had Dosu's beating black heart in his right hand. Vince killed Dosu instantly.

Vince: That must've been painful for you. You can have a nice time in the Netherworld.

Naruto: That is disgusting.

Choji, Kiba, Shikamaru and Ino went to the bathroom and they puked their guts out.

Dosu fell to the ground and Vince's arm was covered in blood.

Vince: That was gross but Dosu here deserved it.

Hayate came over and he saw the carnage before him and he checked him over.

Vince: You're wasting your time Hayate-sensei. I have Dosu's beating heart here in my hand. He's dead.

Hayate: (Coughing) Yes it would be pointless then. Winner Vince Pusateri!

Everyone cheered wildly for him as the arena reverted back.

Vince: Thank you everyone.

Vince walked over to Dosu's severed arm and he saw the Resonating Echo Speaker and he took it off.

Vince: I could use this.

He put it on his right arm and went back up to the balcony.

Battle 6: Ami VS Kankuro.

Ami was facing Kankuro in match number 6.

Kankuro: So a swordmaster is who I'll be facing.

Ami: That's right Kankuro. What can you do?

Kankuro had the bandages on an object on his back come off and then a strange puppet came to life and Kankuro had strings of Chakra coming from the tips of his fingers and they were controlling it.

Kankuro: This is Crow and he's coming for you.

Ami: So you're a puppet jutsu user. I've heard about them.

Kankuro: Yes. The Sand is known for having the Elite Puppet Brigade.

Ami: So I've heard. Also I'm afraid to tell you this but Chiyo is responsible for the supposed death of your own mother.

Everyone gasped at this revelation.

Pakura: It's all true everyone. I witnessed the birth of Gaara from the shadows when Lady Karura delivered him prematurely. I saw Chiyo about to inject Karura with a fatal dose of poison and I Substituted her with a Clone and explained everything to her. She went into hiding as a result.

?: That's right.

A hooded cloak figure came out and pulled down the hood and it was Karura herself. Alive and well.

Temari came down and she was shocked.

Temari: Mom? Is that you?

Karura: Yes Temari. I am alive and well.

Temari: Mom!

She ran and hugged her and cried in an emotional reunion.

Temari: (Crying) I missed you so much mom.

Karura: I missed you too Temari. Look at you. You've become a beautiful young woman. I'm very proud of you and your brothers. I watch you all fight from the shadows and I'm really angry at Rasa, Chiyo and Yashimaru and they nearly took you all away from me and I will never forgive them for it.

Naruto: I will never forgive them for it either. They abused Gaara to the brink of insanity because of their own selfishness.

Karura: I know Naruto. I heard everything that's happened and what they did against my children is unforgivable.

Sakura: I agree.

Fu: Same here.

Vince: We'll deal with them later Karura.

Ami: That's right. Now I have to resume my match.

Karura: Right I'm sorry.

They all went back to the balcony and the match resumed and Vince snapped his fingers and the arena changed into a Volcano field. They were on the planet Alhmacan.

Planet Alhmacan is a volcano planet located in the radio galaxy Centaurus A approximately 13 million light-years away from Earth in the constellation of Centaurus the Centaur. Volcanoes erupt on the planet all the time and it is a truly volatile and inhospitable planet. It is tidally locked meaning that one side of the planet always faces it's parent star and the other always faces out into space. Lava oceans and rivers completely cover the planet and nasty firestorms rage wildly on the planet all the time. The planet is inhabited by very dangerous and nasty fire dragon creatures that are very dangerous and they are in a constant battle for supremacy with Phoenix Creatures. It's locked in a nasty and epic battle for survival.

A powerful force field was protecting them. Ami slashed at Kankuro with her sword and severed the Chakra Strings and she punched Kankuro in the face and knocked him out with just that. A phoenix came in by diving into the lava and it surfaced and surprisingly it changed. It turned into a beautiful girl with fiery red hair, red eyes, wings made of pure fire and beautiful red clothes and she landed by them.

Ami: Wow. You are beautiful.

?: Thank you. My name is Merani. But you can call me Mera.

Ami: It's a pleasure to meet you Mera. I'm Ami Mitarashi and I'm a shinobi from the Planet Earth in the Milky Way Galaxy.

Mera: It's a pleasure to meet you Ami. I have heard so much about Earth and I would like to go with you to Earth.

Ami: I'm sure that would be all right.

Mera came with Ami as the arena reverted back and she won her match.

Several other matches came and Team Thunder Angel won. Neji won against Hinata, Shikamaru won against Misumi Tsurugi, Shino won against Yoroi Akado, and more.

The Finals were a month away and Minato gave everyone a month to train and practice.

Continues in Part 5.

# Vince's Journey P5

It was the month long break before the finals of the Chunin Exams. Vince was training Naruto, Sakura, Fu, Rin and Yugito at an extremely vigorous and powerful level. He was training them in all the fields and more.

After an intense week of training Vince and Naruto walked around and they saw a man with long white hair peeping into the bath house.

Vince: (Sigh) Master Jiraiya you just will never learn.

Naruto: Watch this Vince.

Naruto tip-toed up to him from behind and he kicked him in the butt and sent him crashing through the wall and he landed in the springs.

Woman: (Screams) You disgusting old man!

They slapped, bit, punched and kicked him.

Jiraiya: Now ladies plea… (Slap) OW!

Naruto: Sorry about that ladies. Pervy Sage just doesn't know how to behave.

Woman 2: That's okay Naruto. Thank you for flushing this disgusting old man out.

Naruto: You're welcome. Make sure you play nice.

Woman 3: Oh you can count on it.

Naruto: Have fun ladies.

Naruto joined up with Vince who was laughing hysterically and rolling on the ground.

Vince: (Laughing Hysterically) That was too funny bro! (Laughing)

Naruto: Glad you had fun bro.

Vince got up and calmed down.

On a bench in the park, Vince and Naruto were watching the clouds.

Vince: You sure put pervy Jiraiya in his place.

Naruto: Yeah. He deserved it. (They high-five) Mom told me that Pervy-Sage peeked on her and dad during their honeymoon and she told me kick his butt for them.

Vince: (Laughing) One thing is for sure he sure got what was coming to him.

Jiraiya came to them and he was growling ferociously at them. He was dripping wet, had red handprints, bite marks and bruises all over him.

Jiraiya: You little punks! Do you have any idea what you have just done!?

Vince: Give you your just desserts for being a stupid pervert?

Jiraiya: NO! You ruined my beautiful research!

Vince: "Research" my butt. It's just some pathetic excuse for you to peep on girls.

Naruto: Yeah. Is this all you've been doing now a days Jiraiya-sensei?

Jiraiya: (Gasp) Wait a second. Naruto? Is that you?

Naruto: Who were you expecting, my father or Tiny Tim?

Jiraiya: Wow! You look like a full fledge seasoned veteran Shinobi kid. Vince sure has been teaching you alot.

Vince: I sure have Master Jiraiya. Naruto and Team Thunder Angel has been getting stronger and stronger by the second with each passing day over the last 10 years.

Jiraiya: That's what I heard. I also heard that you both ended the Bloodline Holocaust.

Naruto: You heard right Jiraiya-sensei. Yagura was under the influence of a Genjutsu caused by a rogue Uchiha.

Vince: I'm afraid you won't like everything we have to say. It concerns about the Akatsuki Organization.

Jiraiya: Tell me everything and don't leave anything out.

20 minutes later all the info on the Akatsuki was given and Jiraiya was floored.

Jiraiya: So the Akatsuki are going to destroy the entire planet!?

Vince: Yeah. They think it will be the way to true peace but it's actually a path to Total Annihilation. Everybody knows about it and the entire planet is now in grave danger and the whole world is now on full alert.

Jiraiya: That's terrible. I can't believe that they pose that big a threat to the world. Did you all find out who is part of the Akatsuki?

Naruto: We did and I'm afraid you're not gonna like it sensei.

Vince showed him the photo's of all the members and he recognized all of them. He gasped in sheer horror when he saw Nagato, Yahiko and Konan.

Jiraiya: I can't believe it. Yahiko, Nagato, Konan. How could you believe the lies of a madman like Obito Uchiha?

Naruto: Madara Uchiha poisoned Obito's mind completely beyond repair with lies and Obito manipulated them into doing his bidding. Obito is gonna destroy the entire planet if we don't stop them.

Jiraiya: This is a total disaster. Obito will pay for this.

Vince: We won't let him do this. He will pay for his crimes like Orochimaru will.

Naruto: Yeah. Orochimaru is here in the Leaf as we speak and he is gonna try to destroy us and kill dad and grandpa 3rd.

Jiraiya: We have to warn them.

Vince: They already know. I have Shadow Clones transformed into mice doing some recon and installing countermeasures for the attack.

Jiraiya: Good thinking. I also heard you both disgraced that evil Uchiha kid.

Naruto: Oh yeah sensei. Sasuke got what was coming to him.

Vince: I stripped him of his powers and Chakra as well as his Sharingan. He is now a normal human. Plus he was banished from the Uchiha Clan forever and he now lives in an apartment building in the slumbs of the village. The landlord there is brutal from what I heard.

Naruto: Yeah. We did our Preliminary matches on different planets from across the Universe.

Jiraiya: That's what I've heard guys. It's just hard to imagine that there really is life on worlds other than our own.

Vince: Like I said, It's been one of humanity's biggest questions for eons.

Naruto: The question is "Are we alone in the Universe?" and the answer is No, we are not.

Jiraiya: I can believe it. I'm very proud of both of you.

Vince: Thanks Master Jiraiya.

Naruto: Your book "The Tale of The Utterly Gutsy Shinobi" is awesome sensei. How come it didn't sell very well?

Jiraiya: It just didn't kid and I went into making the "Make Out Paradise" series. But I'm glad you like my book.

Naruto: I know.

Jiraiya: So what are all of your skill ranks at?

Vince: You wouldn't believe us even if we told you.

Naruto: We have skills that far surpass the most powerful Shinobi and Kunoichi in the world combined together 50,000 times over. Vince is a really great teacher and we are called Team Thunder Angel.

Jiraiya: That's what I heard guys. You are all in the Bingo Book.

Vince: Really?

Jiraiya pulled out a black book and handed it to Vince.

Vince: It's an Assassination Book.

Jiraiya: That's right. You guys are on pages 8 through 19

Vince scrolled through the book and found his profile.

Naruto: It sure is.

Jiraiya: I can't believe that those Hyuga Council members were willing to go that far just to satisfy the Cloud's need of wanting the Byakugan.

Naruto: No kidding. Bunch of animals and that was considered our first mission before we started.

Vince: Yeah. (Continues Reading) **Name: Ami Mitrarashi. Age: 13 Years old.** Rank: Super S-Rank Genin. Moniker: Ami the Angelic Sword of Wind. Village of Origin: Village Hidden in The Leaves. That's amazing. That also literally astounds me.

Jiraiya: I never even heard of the Uchiha that can do that.

Vince: The Mangekyo Sharingan or Kaleidescope Copy Wheel Eye according to their history is the ultimate form of the Sharingan and it is said to have unimaginable power. It is said to even possess the ability to control Tailed Beasts. But the Mangekyo Sharingan comes with a dangerous drawback. The more you use it, it rapidly deteriorates the users vision to the point of permanent blindness.

Naruto: That is a dangerous backlash. If Sasuke got the Mangekyo Sharingan he would probably be reckless with it in trying to kill me and be forever blind.

We saw that first hand. It was amazing.

Naruto: We sure did. It was an amazing sight to see clouds of gas like that in deep space.

Jiraiya: That must've been an amazing experience guys.

Vince: It sure was Master Jiraiya. And we found out that Shinobi can literally breathe in the Endless and infinitely vast Vacuum of Space.

Jiraiya: That is really interesting.

Minato arrived shorty after.

Minato: It's nice that you guys are catching up.

Naruto: Hey dad.

Minato: Hey son. I'm glad you found Jiraiya-sensei.

Vince: We found him peeping in the womens hot springs and Naruto kicked him in the back.

Naruto: I made sure he got what was coming to him after what happened on your honeymoon.

Minato: Good for you son. Jiraiya-sensei how have you been?

Jiraiya: Been doing great Minato. Your kid is amazing. He is gonna go really far.

Minato: That's what I heard. Jiraiya-sensei, I'm so sorry about what Yahiko, Nagato and Konan have become.

Jiraiya: I know Minato. But I believe that there's still good inside them.

Vince: I believe that too and I sense that we will encounter her and a member of the Akatsuki with her on a mission in the future.

Naruto: You may be right big bro and if we do we will explain what Obito plans to do and how it will destroy the planet.

Minato: If anyone can talk to her I know you can.

Naruto: Thanks dad.

1 month later it was time for the Finals of the Chunin Exams and everyone was there. Lord Minato welcomed everyone and the ANBU were keeping an eye out for anything out of the ordinary and watching out for when the attack begins.

Genma Shiranui was the proctor and he went over the rules. the first match was Vince Pusateri VS Gaara. But Vince and Naruto have not arrived yet.

Genma: Vince if you don't arrive in 10 seconds you will be disqualified.

At the last possible second, Vince's dragon Marianas was flying over the stadium and she breathed a blast of blue fire and the ghosts of the souls of the Netherworld that Team Thunder Angel killed over the last 7 months spiraled around a hole on the arena floor and out of it came Vince and Naruto. The blue fire vanished and everyone cheered wildly as fireworks went off signaling that they had arrived.

Vince: Are we on time?

Genma: You made it just in time Vince. That was an awesome entrance guys. Vince you stay on the arena floor and Naruto you go up to the Proctor's box.

Naruto: Yes sensei. Good luck Vince.

Vince: Thanks bro.

Naruto left and Vince stood ready.

Vince: You ready to give them an amazing show Gaara?

Gaara: Yes Vince. Lets go.

The match began and Vince dashed and punched Gaara in the face and he crashed into a tree. Gaara had cartoon birds, raccoons and pyramids spiraling around his head.

Gaara: (Stupidly) Mommy you have really good cookies and I don't want to go to school.

Vince: Uh Genma-sensei? (Chuckles Sheepishly) I think I knocked him stupid.

Genma looked him over.

Genma: (Laughing) You sure did. Winner Vince!

Everyone cheered wildly.

Naruto's match was next and it was against Neji. Naruto won with ease. Suddenly feathers started to rain down and it was the Temple of Nirvana Jutsu. The invasion began when a huge explosion blew apart a small building.

Naruto released the genjutsu.

Vince: It begins. COME ON YOU APES! YOU WANNA LIVE FOREVER!?

Team Thunder Angel went after all the Sound Shinobi and just as they all had planned, Vince, Minato, Kushina, Hiruzen, A, Mei and Onoki were facing Orochimaru, who had been disguised as the Kazekage. The Sand realized that they were betrayed and they went after all the Sound Shinobi. Temari and Karura were facing Chiyo. This was to get justice for not only trying to kill Karura but also for the rough treatment Gaara had to endure. Vince, and the girls were killing all the Sound Shinobi and Kin saw a purple barrier on top of a building and she saw a red hair girl in one of the corners of the barrier. It was her best friend Tayuya and Kin then knew that everything about Orochimaru was all a lie and she went to her.

Kin: Tayuya!

Tayuya saw her and she was absolutely shocked.

Tayuya: Kin! You're alive!

They both hugged and were reunited.

Kin: I thought you were dead.

Tayuya: Same here. I thought you were dead as well.

Kin: Orochimaru lied to both of us. He's a monster that deserves to die.

Tayuya: I agree.

Vince: Orochimaru, your time has come. I've been saving this for you.

Vince spread his wings and lightning arched in them as he now had a dark blue Super Saiyan-like aura.

Vince: HAAAAAAAAAAAAAAAAAAAAAAAAAAAAA!

Vince went Super Angel 2 and he was incredibly powerful.

Vince: Get ready Orochimaru. Your time has come.

Vince fired a bolt of lightning at Orochimaru's arms and blasted them both off and he put his hand on Orochimaru's head and Naruto appeared and sucked him completely dry of all of his jutsu and chakra and he lost all of his snake features.

Orochimaru: What have you done to me you brats!?

Orochimaru suddenly got extremely sick and he inflated big and suddenly without warning he exploded and all of his blood, guts and organs splattered all over the place. Out of his blown apart body were three bodies, 2 males and 1 female and a sword.

The effects of Orochimaru's death was felt across the entirety of the 5 Great Nations like a fast moving wildfire as the Curse Marks he put on all his experiments were completely destroyed. Orochimaru's spirit was put back together and was standing before Vince, Naruto and the Kage.

Orochimaru: I can't believe this. Beaten by 2 stupid loser brats!

Vince: These "Stupid Loser Brats" are far more powerful than you ever will be in this life or the next.

A flaming portal opened up and hands grabbed Orochimaru. They were the hands of the Inferno and they pulled Orochimaru into the fiery depths of the Netherworld for all eternity.

Naruto: Enjoy the Netherworld Orochimaru and good riddence to bad rubbish.

Lord 3rd surprised everyone by showing that he was 50 years younger.

Minato: Hiruzen? You look like what you were back during the 1st Great War.

Naruto: Yeah. Look.

Naruto formed a mirror and Hiruzen was shocked. He was young again.

Vince: My energy must've had a powerful effect on you and it made you young again.

Hiruzen: (Younger Voice) That could very well be. I look amazing. It's all coming back to me. My strength, speed, power, and my body is stronger than ever.

A: This is amazing.

Mei: I agree A. This is incredible. Naruto is just full of surprises.

The invasion was a total loss. All of the Sound Ninjas that invaded minus Tayuya were all killed and the Sound was dealt a devastating and crippling Shock and Awe blow. Orochimaru was now forever erased from the Leaf's history forever. Temari and Karura killed Chiyo and Temari and Karura decided to stay with Naruto as his future wives.

After the invasion was over, Team Thunder Angel was made Elite Chunin and Vince and Naruto were made Special Jonin. Now it was time for another mission: to bring Lady Tsunade back to the Village.

Continues in part 6

# Vince's Journey Finale

Vince, Naruto, Sakura, Fu and Jiraiya were on their way to find Tsunade of the Sannin. They decided to rest in a hotel and Jiraiya was away doing his thing.

Naruto: That is so typical of Pervy Sage.

Sakura: Yeah, he is a pervert isn't he?

Vince: He's a self-proclaimed super-pervert and he writes those cruddy books that Kakashi-sensei likes.

Fu: That's weird.

Naruto: No kidding.

There was a knock on the door.

Vince: I sense two powerful energy signals. It's the Akatsuki. Let me handle this.

Vince opened the door and Naruto, Sakura and Fu were hiding. The Akatsuki members at the door were Kisame and Konan, just as Vince first thought.

Vince: Konan and Kisame Hoshigaki. It's an honor to meet the Scourage of the Mist and the most powerful member of the Seven Ninja Swordsmen and the Angel of The Rain.

Konan: The pleasure is ours Vince Pusateri. We've heard so much about you.

Kisame: I'll try not to disappoint you Vince.

Konan: Is Naruto and Fu in there?

Vince: Why don't you come in so we can talk.

Kisame: All right.

They came in.

Naruto: So you're Jiraiya-sensei's student Konan.

Konan: That's right Naruto. It's a pleasure to meet you.

Naruto: The pleasure is mine. You sure are beautiful but Konan, the Akatsuki's plan will destroy the entire planet.

Konan gasped in sheer horror.

Konan: I knew that Project Tsuki no Mei would not be the answer to true peace.

Naruto: No it's not. That plan will cause the entire planet to explode if it happens. That man with the orange spiral mask is a rogue Uchiha named Obito Uchiha, one of my fathers students that is presumed dead. He supposedly died during the 3rd Great War,

Kisame: I had a very bad feeling about that man.

Konan: I knew that man couldn't be Madara. He is under the guise of Madara Uchiha and now he's going to destroy the world? This is a terrible disaster.

Fu: It is Konan. We can't let Obito get away with wanting to do this. He will destroy this planet if we don't stop him.

Konan: I agree with you on that Fu. I don't know what I was thinking becoming a member of an organization that wants to destroy the planet. It's evil in it's purest form.

Konan threw her cloak away and she was beautiful without it.

Naruto: Wow! Konan you are incredibly beautiful.

Konan blushed.

Konan: Thank you Naruto.

Kisame: The Akatsuki is fighting for a wrong cause and I'm gonna go back to the Mist and correct everything wrong I've done.

Vince: Good for you Kisame.

Kisame left and Jiraiya came back after he was gone. Jiraiya was shocked at how beautiful Konan had become. Vince took Konan's Akatsuki Cloak.

Vince you know I could use this.

Vince took the sleaves off and made a symbol out of one of the Akatsuki Clouds. It was an X over the Akatsuki Cloud. It was on the Cloak and he made an armband. The sleaves of the Cloak were torn off.

Vince: How do I look guys?

Naruto: You look awesome Vince.

Sakura: You sure do.

Vince: I also added this on the back.

He added an Anti-Sasuke symbol too.

Naruto: That suits that evil freak.

Sakura: It sure does and he deserved it.

Fu: I agree.

Jiraiya: Well lets get some sleep and go resume our search in the morning.

The next morning they arrived at Tanzaku Town and they asked around until they decided to rest at a bar and pub.

Jiraiya saw a woman that looked like her.

Jiraiya: Huh?

?: Huh?

Jiraiya: Tsunade!

Tsunade: Jiraiya!? Wha… What the heck are you doing here?

Jiraiya: Finally. We've been looking all over for you.

Naruto saw her and she was beautiful.

Naruto: So you are Lady Tsunade of the Legendary Sannin.

Tsunade: That's right. Who are you kid?

Naruto: My name is Naruto Uzumaki Namikaze.

Lady Tsunade gasped when she heard that name.

Tsunade: Na… Naruto?

She ran and hugged him.

Tsunade: I thought you were dead.

Naruto: Do I look dead to you?

Tsunade: An ANBU told me that you died during the Sealing Process.

Naruto: Did this ANBU have a blank mask with the symbol of Root on it?

Lady Tsunade realised that she was completely duped and she was enraged. She punched a hole through the wall of the restaurant with devastating force.

Tsunade: (Enraged) WHEN I SEE THAT OLD WARHAWK I'M GOING TO OBLITERATE HIS WRINKLY OLD FACE INTO ABSOLUTELY NOTHING!

Vince: Save seconds for us Lady Tsunade. But calm down and let us explain everything.

Vince snapped his fingers and the restaurant wall was fixed instantly.

They sat down and went over everything thats happened over the last 13 years and Lady Tsunade and Shizune were flabbergasted.

Shizune: You guys did all of that over the course of 10 years?

Vince: That's right Shizune. If you don't mind our bragging.

Shizune: That is all absolutely amazing.

Tsunade: It's hard to imagine that you all became so strong and you did all sorts of things that many shinobi can only dream of.

Vince: Yeah. Also me and the Kage both killed Orochimaru and sent his scaly butt off to the Netherworld. Naruto stripped Orochimaru of all of his Jutsu, Chakra and destroyed all of his snake features and made him human. But he suddenly became extremely sick and exploded all over the place as a big pile of blood, guts and gore.

Naruto: He told me everything about that. Three bodies came out of his bloody mess and we took them to the hospital and Fu now uses Orochimaru's Sword.

Tsunade: That is amazing.

Sakura: Yeah. Orochimaru's spirit was in front of them and they saw demonic hands appear and they dragged him down to the darkest pits of the Netherworld for all eternity.

Fu: Yeah. I saw it from a distance and it was horrifying.

Konan: That's what I heard. But I'm glad Orochimaru got what he deserved.

Shizune: I'm glad Orochimaru is gone forever.

Vince: Me too. Now we have to clean up his mess and destroy all of his experiments.

Tsunade: Yeah.

Naruto: When we stripped Orochimaru of all of his power we gained all his knowledge of everything he was up to over the last few years. Here's a map of his entire operation.

Naruto pulled out a rolled up piece of paper and it had a map of the entire Hidden Sound Village and as it turns out the Hidden Sound Village stretched all the way across the entirety of the 5 Great Nations in a network of underground caves, tunnels and temples.

Naruto: Vince gave this to me.

Shizune: So this is how Orochimaru got into all the villages completely undetected and did all of his evil activites.

Vince: That's what really astounded me. Orochimaru was slippery all in capital letters.

Jiraiya: No kidding Vince. Orochimaru is now gone for good and we can now destroy everything he tried to do completely unchallenged.

Tsunade: That's good.

Sakura: I can't believe that Orochimaru was that evil and crafty. He deserved what he got.

Fu: I agree Sakura.

Konan: Can't argue with that.

Tsunade: [Pulls out a deck of Playing Cards and Shuffles them] So what was the reason you all came to find me other than just tell us about your achievements?

Jiraiya: I'll cut right to the chase. [Shuffles the cards some more] Tsunade, Minato has decided to step down from the 4th Hokage and he decided to name you the 5th Hokage.

Tsunade was shocked. She had no idea that she was going to be chosen as the 5th Hokage.

Naruto: I know this is a big shock for you Lady Tsunade but it's what dad wants to do.

Tsunade: I believe it Naruto. [Drops her hand of cards] But that's impossible. I decline.

Jiraiya had a smile on his face.

Jiraiya: You know it's kind of funny. That rings a bell. I remember you saying those very words the first and only time I ever asked you out.

Naruto: Deja Vu huh Jiraiya-sensei?

Jiraiya: It sure is kid.

Sakura: I can believe it. Naruto only asked me out once and I told him I needed time to accept and a week later I said "Yes".

Tsunade: That is interesting Sakura.

Konan: I can believe it too.

Naruto: It is Deja Vu. Also Lady Tsunade I know that you are the granddaughter of the 1st Hokage and that also means that you are also half Uzumaki like me. Also dad told me everything that happened to your brother Nawaki and your lover Dan Kato. I'm very sorry that happened.

Tsunade: Thank you for your concern Naruto.

Naruto: You're welcome. Also I'm afraid you're not gonna like this. My dad has kept alot of dirt on his enemies and he told me to show you this.

Naruto handed Lady Tsunade two slips of paper and Shizune was horrified at what they were.

Shizune: (Gasp) Those are Contract Killing Documents!

Naruto: Yes. When dad was a Chunin he found these and saw that they were made 20 Years ago. [Points to the first sheet] This one was made before the start of the 3rd Great War. Homura Mitokado hired a Rock Ninja from the Shadows to murder Nawaki Senju. And [Points to the 2nd Sheet] This one is a contract kill order that was put on you Lady Tsunade by Koharu Utatane for failing to heal her son.

Lady Tsunade was enraged and she punched a hole through the wall again with devastating force and shattered the whole wall this time.

Tsunade: (ENRAGED) WHEN I GET MY HANDS ON THOSE 2 OLD BATS I'M GOING TO RIP THEIR HEADS CLEAN OFF OF THEIR SHOULDERS AND FEED THEM TO THE BUZZARDS!

Vince: Lady Tsunade calm down. I promise you that justice will be served but getting angry about it won't solve anything. I promise they both will pay for this but we have to figure out how to expose them and get them to talk.

Tsunade: You're right Vince.

Vince snapped his fingers and fixed the wall.

Tsunade: Shizune we're going home.

Shizune: Yes milady.

Jiraiya: That's the spirit Tsunade.

Tsunade: From now on you will address me as Lady Hokage.

Vince: Yes Lady Hokage. Lets go home.

Naruto: I have an awesome ride for all of us. (Whistles)

A dragon of fire came flying down and landed by them. It was a Phoenix Dragon named Aetrix.

Naruto: Guys meet Aetrix. She's a Phoenix Dragon and an awesome partner.

Aetrix: It's a pleasure to meet all of you.

Tsunade: Same here.

Shizune: Dragons exist after all?

Fu: They sure do Shizune.

Vince called Marianas and they got on her.

Naruto: Care for a ride back Lady Tsunade, Shizune?

Lady Tsunade: Sure Naruto.

Shizune: This looks fun.

Shizune and Lady Tsunade got on with Naruto.

Vince: Lets ride!

They flew out to the Leaf and they arrived in 20 minutes.

They landed and Lady Tsunade went into the Hokage's Office and was reunited with Kushina and Minato. They she raised all of heck on Homura and Koharu and after she was made the 5th Hokage, she put Homura and Koharu on the chopping block and executed them.

Afterwards it was time for a little payback against the Uchiha for all of their crimes. Vince, Naruto, Satsuki, Haruna and Lady Tsunade were walking around.

Vince: I think it's time we demoralize the Uchiha even further by destroying the entire Uchiha District.

Naruto: That's an awesome idea.

Satsuki: I agree. Lets bring my stupid brother down even further by having him watch.

Haruna: That's perfect.

Vince: I'll have all the civilian's and children relocated in new permanent housing Lady Tsunade.

Tsunade: Of course. This is gonna be perfect.

2 hours later everyone in the Uchiha district was evacuated and all clear.

Tsunade: All right everyone is all evacuated.

Sasuke was being held in place in a strapped chair and he had his eyes held open and kept under watch by Satsuki, Haruna and Mikoto. With Mikoto was her new daughter Nayu Uchiha who is 5 years old.

Satsuki: Are you ready to see an action packed demolishing of our former home little sis?

Nayu: Yeah! Go get em Naruto, Vince!

Tsunade: All right boys, start demolishing.

Vince and Naruto fired fireballs and Ki blasts at the houses and they exploded into a flaming mess.

BOOM! BOOM! BOOM! BOOM! BOOOMM!

Vince: Payback time for all the crimes you have done against the world Uchiha Filth!

The houses exploded into flaming splinters and toothpicks and Sasuke was screaming in pure rage and hatred directed at Vince and Naruto and also the entire Hidden Leaf.

Naruto: This is for hurting my Great Grandfather!

Naruto fired a Ki blast at Sasuke's old house and obliterated it.

Sasuke: (ENRAGED SCREAMING) NOOOOOOO! (YELLING IN INTENSE RAGE AND FURY)

Nayu: Let me help you guys.

Vince: Go for it Nayu.

Nayu went through handsigns.

Nayu: FIRE STYLE: GREAT FIRE ANNIHILATION!

Nayu fired a massive blast of fire at 3 houses and completely destroyed them in a huge fiery explosion.

KABOOM!

Naruto: Great job Nayu. That was awesome.

Nayu: Thanks big bro.

Tsunade: That was impressive for her learning an A-Rank Fire Style Jutsu at such a young age.

Shizune: It sure was milady.

35 minutes later the entire Uchiha District was completely reduced to rubble and flaming debris.

Tsunade: Good work boys. We'll clean up everything here and take care of the rest.

Vince: Yes milady and thank you.

Nayu: That was awesome big brothers!

Naruto: Thanks Nayu. I'm glad you had fun too.

Sasuke was completely enraged and completely ruined for life.

Later that night Sasuke was packing up his backpack and decided right then and there that the Leaf Village has taken away everything he wanted and more and no longer cares about him. So he decided to leave and go get the power he desperately wants and he was gonna go rogue in order to get it.

Sasuke: This village will pay for everything its done to me. Vince, Naruto, Leaf Village, You all will pay dearly for this.

Naruto was heading home from Ichiraku Ramen after having a snack and he saw Sasuke with his backpack on.

Naruto: Sasuke? Is he back in the program? I've got to check this out.

Sasuke was about to get to the gates when he was stopped.

Naruto: Going somewhere Sasuke? Wait a minute, you're gonna go rogue so you can go get the power needed to kill me.

Sasuke: That's none of your business you murderous loser!

Naruto: I just made it my business Uchiha and from the looks of it, you're going rogue and that is a capital crime against the village and as Elite Jonin of the Leaf I can't allow that.

Sasuke: (Enraged) They made you Elite Jonin!? It's not fair! You being an elite Jonin just made my decision all the more clearer. This disgraceful village took everything from me and I will destroy everything and kill everyone!

Naruto: You're forgetting just one thing Sasuke. Vince stripped you of your powers and completely destroyed everything you need to be a shinobi and made you a normal human with no powers.

Sasuke: I'll show you!

Sasuke went through Hand Signs.

Sasuke: FIRE STYLE: FIREBALL JUTSU!

Nothing happened.

Sasuke: What happened? Why can't my jutsu activate?

Naruto: I told you Sasuke. You have no Chakra at all and you are now completely powerless and not a threat to anyone.

Sasuke: I refuse to believe you Murderer!

Sasuke charged and he tried to punch Naruto and his fist made contact with Naruto's face but it didn't even make Naruto flinch and it hurt Sasuke's knuckles.

Naruto: Sasuke you're completely weak.

Sasuke: I will kill you if it's the last thing I ever do!

Naruto: All that hatred and rage inside you and you also have no soul, no heart, no conscience, no empathy, no remorse. You're a heartless and ruthless monster. I pity you Sasuke.

Sasuke: Save your pity for the weak you murderer! You Leaf shinobi are all worthless losers and your "Will of Fire" is nothing but a bunch of worthless words that mean absolutely nothing! I will destroy everything and kill you all! I'm gonna go find Orochimaru and he will give me the power I need to kill you all.

Naruto: All you are is nothing but a bunch of talk Sasuke. That's all you are. You don't care about anyone but yourself and that is the sign of a worthless and powerless fighter.

?: I agree.

Lady Tsunade had arrived and with her were the ANBU.

Naruto: Thank goodness you arrived milady.

Tsunade: Yes. I heard everything. Arrest him.

The ANBU arrested Sasuke.

Naruto: You're too late for that Sasuke. Orochimaru is dead. Me and Vince killed him. Orochimaru got what he deserved. You will now pay the ultimate price for your crimes Sasuke.

Tsunade: I agree. Take him away.

Sasuke was now declared a traitor and he was going to be executed. 1 Week later, Sasuke was tied to a post in the arena of the Chunin Exams stadium. Everyone was wearing red for this occasion.

Tsunade: Shinobi of the Leaf Village, we are here to witness the death of a disgraced ninja who disrespected the Will of Fire. He spat on our ways and deemed us weak. He has seen that we are not weak and we are more powerful united. This traitor will now pay the Ultimate Price and it will be a message to anyone who does not respect the Will of Fire that our ancestors built this village upon. Vince, administer the brand.

Vince: Yes milady.

Vince took a red hot branding iron in an odd triangle shape and placed it on Sasuke's forehead and he screamed in excruciating pain as he was burned.

He had an ugly symbol burned onto his forehead.

Naruto: What's that symbol in his forehead?

Vince: It's the Sigil of Lucifer, the Devil Himself. It's his mark of Eternal Torment in the Netherworld.

Naruto: That symbol looks evil.

Vince: It is. Also I'm going to place the worst ever curse on Sasuke.

Naruto: What is that?

Vince: It is called the Hom-Dai. It's the worst of all ancient Egyptian Curses.

Naruto: What's the Hom-Dai?

Vince: It's a terrible curse reserved only for the most evil and blasphemous. In my dimension I've read about it. If a victim of the Hom-Dai ever is reborn from the Dead he or she would bring the 10 Plagues of Egypt, the very same plagues that Moses used with the power of God to convince Pharaoh Rameses to let his people go in the Book of Exodus.

Naruto: I've read about those plagues in your Bible and they were terrible. How long has it been since this curse was invoked?

Vince: Over the course of Egypt's history, they never used it that much because they greatly feared it. Also if they are ever reborn because of the Hom-Dai they would arise a walking disease with untold power over the elements, immortality and terrible power that can destroy the world.

Naruto: Whoa! That is a terrible risk. So how do we do this Hom-Dai?

Vince: First we have to cut out his tongue.

Vince took a dagger out and pulled on Sasuke's tongue and he cut it out.

Vince: Next we wrap him totally in bandages like a real mummy.

Naruto: So we mummify him alive in a way.

Vince: Yes.

They wrap Sasuke up in bandages from head to toe and covered everything and they put him in a sarcophagus.

Naruto: Okay now what?

Vince: We put live flesh-eating Scarabs on him.

Shibi Aburame came out and he had a vase full of scarabs.

Shibi: Here you go Naruto.

Naruto: Thank you Mr. Aburame.

Shibi poured the scarabs all over Sasuke and he was screaming in excruciating pain while being muffled by the bandages and Vince and Naruto put the top on the sarcophagus. Vince opened a strange key and turned a dial that locked it.

Vince: There. Now we seal him into three more coffins like a Russian nesting doll.

They did so and it was a bunch of big coffins. Sasuke's coffin was an amazing feat. It had the sigil of Lucifer on top of it and it had the kanji for "The Infernal One Who Shall Never Be Named" on top of it.

絶対に決まってはいけないインファーナルな人

Naruto: That's it.

Vince: Now we bury him where he will never be found, discovered or disturbed. And I know just where to put him.

Vince snapped his fingers and the Sarcophagus was beamed all the way over to the Lake Vostok Prison in Antarctica and placed in a super tight room under very close guard, lock and powerful key for all of time. Vince, Naruto and Team Thunder Angel did it all over the next 3 years. They destroyed all of Orochimaru's labs and experiments; some were very useful to the Leaf, they rescued the Fuma Clan from his clutches, stopped Dr. Amachi's pirate ring, killed the Wandering Ninja, stopped Akahoshi in the Star Village, stopped Haido from using the Gelel Mines to destroy the planet, freed the Land of Snow, saved the Hidden Moon, restored Takumi Village, saved the Land of Greens, helped Yakumo face her Id Monster, rescued Gaara and killed all the Akatsuki and arrested Obito. Obito was condemned to prison for all time. The world was now at peace thanks to Team Thunder Angel. Naruto now has multiple future wives as a result.

The simulation ended as Vince merged everyone with their counterparts except for the evil cursed Sasuke. Vince's family had Megan and Sarah back for the first time in 8 years and they were introduced to the Loud Kids. Neyhara and Mera were right at home on Earth.

THE END.

Another Miniseries fanfic completed.

Whoo-wee! What a series. Vinjedi1995 gave me the idea for this whole miniseries and I wanted to start the whole thing from when Naruto was born and have him teach Naruto in everything he knows. I also want to show everyone how evil Sasuke is to the core and how Vince used the evil Hom-Dai curse from the 1999 movie The Mummy. That movie with Brendan Fraser was awesome and the special effects were incredible. I also wanted to have the 4th part go to different planets across the Universe to add some excitment. Also Vinjedi1995 gave me some awesome ideas for this whole thing and it was an amazing experience. It took me two agonizing weeks to complete this miniseries but it was all worth it. Let me know what you all think and I hope you all like it. I would also like to thank Vinjedi1995 for the amazing idea for the miniseries. I'm sorry I had to cut it so short from the Shippuden parts but I wanted to work on more chapters that center around me and the Loud family. Also I would like to thank Mindsebbandflow on DeviantArt for letting me use her Naruto OC Akiko Suzuki. I'm sorry if I didn't mention this earlier. It slipped my mind.

See you all next time.

The Hom-Dai and the Mummy references belong to Universal Pictures.

# Cat-Dog Fusion

Me, Lincoln, Luan and Eddy were in the Simulator.

Vince, Carol, Luna, Sam L., Lynn, Lucy, Marie, Dawn, Naruto, Pakura, Courtney and Lola and Lisa were in the control room.

The Simulator activated and they found themselves in the city of Nearburg in the show CatDog.

Luan: Awesome! We're in CatDog.

Eddy: This is one of my favorite shows.

Lincoln: I watched this show all the time with Luan and it is funny and awesome.

Me: It's really funny huh?

?: Get that CatButt!

They saw three nasty tough dogs chasing CatDog.

Me: That's CatDog and those clods chasing them are the Greaser Dogs!

The Greaser Dogs - Cliff, Lube and Shriek, are the most nefarious and most ruthless gang ever to terrorize Nearburg. They hate CatDog with a terrible vengeance and want nothing more than to see them suffer by pounding the living daylights of the them.

Luan: I hate the Greasers. They give dogs and people everywhere a bad name.

Lincoln: I hate them just as much.

Me: Lets pound them and see how they like it. But this time we will pound them into Oblivion.

Eddy: Yeah. As my friend Kevin would say, they are 3 big Dorks!

Lincoln: That's right. As the Ripping Friends like to say-

Me, Luan, Eddy and Lincoln: IT'S RIPPING TIME!

They went after the Greasers and they cornered CatDog in an alley and just as they were about to pulverize CatDog, I kick Cliff in the face and send him crashing into a wall.

WHAM! CRASH!

Luan punched Shriek in the mouth and knocked out all her teeth.

POW! SMASH!

Lincoln kicked Lube in the back of the head and sent him flying into the wall and he was squished like a bug.

BLAM! SPLAT!

Cliff: (Blubbering) Why you brats!? Now we'll pound yous too!

Me: You're very poorly educated aren't you? You guys must've left your brains in a garbage dump thousands of miles from here stupids.

Lube: (Stupidly) Hey! My brain is duh right here. [Points to his head]

Lincoln: Yeah. You were born with no brain.

Lincoln fired a blast of lightning at the Greasers and it electrocuted them.

ZAP!

Their skeletons were showing when they got electrocuted.

Cliff: Ow!

Luan: Lets see you handle these dogs? (Laughs) Get it? But seriously, these dogs will hurt.

Luan formed some wolves made of pure light and they mauled the Greasers to shreds.

The light wolves vanished.

I entangle the Greasers in vines and pulverize them by slamming them into the walls of the buildings with tremendous force.

POW! BLAM! WHAM! SMASH! CRASH!

Cliff, Lube and Shriek were groaning in extreme pain and agony.

Me: That oughta teach you Greaser losers.

Eddy: Yeah. You dorks give people everywhere a bad name. You three are true pieces of trash.

Cat: Wow! That was amazing! You all just pounded the Greaser Dogs like they were nothing.

Dog: Yeah! Hi-ho-diggety that was awesome!

Me: Thanks Guys. We should introduce ourselves. I'm J.D. Knudson.

Lincoln: I'm Lincoln Loud and this is my sister Luan.

Eddy: And I'm Eddy. Luan's boyfriend.

Cat: It's a pleasure to meet you all. I take it you know our names?

Me: That's right Cat. You and Dog are funny.

Cat: (Laughing) Why thank you J.D. but you guys were amazing. How did you guys do all that with the light and lightning and the plants?

Me: We have all kinds of unique powers. I was given my powers because of Cosmic Radiation.

Cat: Radiation from Outer Space? That's incredible.

Luan: I was given Light powers by Sulis, the Goddess of The Sun in Celtic Myth.

Lincoln: I was given Lightning powers by Hinon, the Spirit of

Lightning in Iroquois Myth.

Eddy: I got my Bat Wing powers because of the Bat Wing Magisword.

Dog: That's amazing guys.

?: What's going on here?

They saw a green rabbit dressed in a blue suit.

Me: Rancid Rabbit.

Rancid: Yeah? What's it to ya?

Me: Payback time. You're nothing more than a thief, a conartist and a dirty double-crosser. You conned everyone out of their money, made their lives miserable and destroyed and ruined so many lives.

Rancid: I have not!

Lincoln: Yes you have.

Rancid: Name one time!

Me: You charged CatDog $34,000 for an all you can eat buffet. What a Rip-off!

Lincoln: You put them in jail for doing a cannonball while being a stupid lifeguard.

Luan: You denied them service at Mr. Taco's by banning them.

Me: You became a false cop and prohibited Farburg Burger Bones like in the 18th Amendment of the Constitution that was repealed.

Rancid: And your point is?

Me: The point is Rancid, you're a greedy heartless sociopath that doesn't care about anyone other than himself and only loves money more than anything else and you don't care who to step on to get what you want.

Rancid: No on talks to me like that!

?: Rancid Rabbit you are under arrest. We heard everything he said and you're looking at some very hard time.

Rancid was taken away and the Greasers were placed under arrest as well.

The mayor of Nearberg gave Me, Luan, Lincoln, Eddy and CatDog the key to the city for stopping the Greasers and Rancid Rabbit. I offered CatDog to move away from Nearberg to Royal Woods and they accepted. The Ingrid Twins - their girlfriends were with them too. They kicked Winslow out and their house now lives next door to ours. The Greasers - Cliff, Lube and Shriek were found guilty of gangsterism, numerous counts of assault and battery, attempted murder and grand theft. They were all sentenced to 17 Life Sentences with no parole and an additional 700,344 years. They were also ordered to pay $750,000,000.00 in restitution to CatDog. Rancid Rabbit was found guilty of corruption, grand theft, fraud, false imprisonment, kidnapping, wire fraud, racketeering, money laundering, embezzlement, obstruction of justice and false arrest. He was sentenced to 8 Life Sentences without Parole plus 50,245 years and was ordered to pay $500,000,000,000.00 to CatDog and the Knudson-Loud-Anderson Family. CatDog was now made filthy rich and they can now start a whole new life without the Greasers and Rancid plaguing their lives. They expanded their house and made it bigger than ever. It was the beginning of a brand new life.

The Simulation ended and we took a break for lunch.

THE END

Another Fanfiction Complete.

CatDog was one of my favorite cartoons and also a very famous Nickelodeon cartoon. I watched the whole series and it was awesome. Jim Cummings did a lot of Voice Acting over the last 35 years and he is one of my favorite voice actors. The Greasers and Rancid sure got what they deserved. I hated those freaks on CatDog. But they will never again plague CatDog. Let me know what you all think.

See you all next time.

CatDog is owned by Peter Hannan and Nickelodeon Studios.

# The Flames of Insanity

It starts with Me, Varie, Vince, Carol, Naruto, Sasuke, Fu, Lincoln & Linka and Laney flying over the East Coast of Maine in the evening. Marie and Leni were riding on Marianas.

Naruto: So why are we flying over to Maine?

Me: I sensed a very strange disturbance in the Force coming from a small town in Maine and I want to go investigate what it was.

Vince: I have a very bad feeling about this J.D. I sense that something is seriously wrong.

Laney: Me too.

And Vince and Laney's suspicions were confirmed when we arrived. We saw that the town of Chamberlain, Maine was completely engulfed in flames and the destruction was absolutely terrible. A high school was totally on fire, burning bodies littered the ground, buildings were burning, and more.

We all gasp in sheer horror.

Naruto: What happened here?

Fu: What in the world caused all of this?

Me: So much destruction. This was the work of terrorists.

Sasuke: No. Terrorists did not do this. This was all done by one person.

Vince: Are you serious Sasuke?

Sasuke: Yes. This was all done by one person driven by hate and revenge.

Lincoln: This is absolutely horrible guys. Who did you think did all of this?

Marie: (Gasp) I know what's going on. I've seen all this before when I was in prison.

Leni: What is it Marie?

Marie: This was all done by Carrie White.

Laney: Carrie White!? Like from the book by Stephen King and the movies from 1979, 2002 and 2013?

Marie: That's right Lanes. Her mother was an insane fanatic. Carrie went through a massive amount of bullying at the hands of Chris Hargensen and her delinquent boyfriend Billy Nolan.

Naruto: That makes me sick.

Fu: But how did she cause all this destruction?

Marie: She has telekinetic powers.

Me: I've seen the movies and they were absolutely despicable and they made me mad. Bullies are known as the Scum of The Earth and they make me sick just looking at them.

Vince: I agree. We have to help her.

Me: Right. I see someone up ahead. Lets go.

We flew towards a burning building and we saw a girl in a prom dress completely covered in blood and she was in a state of rage.

Me: Carrie White.

Carrie: That's right. Are you all going to die?

Me: No, we came to help you.

Carrie: I don't want your help!

Vince: We know what you're going through and we care about you.

Carrie: Nobody cares about me!

Me: Whoa, whoa, whoa! Slow down! That's not true. We care and we want to help you. What Chris and your mother did was completely unforgivable.

Laney: I know it's hard but they will face justice for everything they did to you and this whole town.

Linka: But you can't stay here anymore. This whole town will try and kill you and we can't let that happen.

Leni: That's right. Let us help you.

Carrie calmed down and she broke down crying and Naruto came and comforted her.

Naruto: It's okay Carrie. It's okay. Lets get you cleaned up.

Varie: I got this.

Varie splashed her with water and it made her really radiant and clean.

Me: We all should introduce ourselves. I'm J.D. Knudson.

Varie: I'm his fiance Varie Knudson.

Vince: I'm Vince Pusateri.

Carol: I'm Carol Pingrey Loud.

Leni: I'm Leni Loud.

Lincoln: I'm Lincoln Loud.

Linka: I'm Linka Loud, Lincoln's female twin from another dimension.

Laney: I'm Laney Loud.

Naruto: I'm Naruto Uzumaki Namikaze.

Sasuke: I'm Sasuke Uchiha.

Fu: I'm Fu. I don't have a last name.

Marie: And I'm Marie Kanker Loud.

Carrie: It's a pleasure to meet you all. Now lets make my mother and those wretches pay!

Me: You know it.

A car was coming towards us and it was Chris and Billy.

Chris: Kill that girl Billy.

Naruto dashed toward the car and punched it and destroyed it. All that was left was the seats and in them were Chris and Billy.

Me: Good work bro. [To Chris and Billy] You two are under arrest.

Chris: You can't arrest me! My dad is a lawyer!

Me: Not even he will help you out of this one.

The police came and slapped the handcuffs on them both.

Chris: You can't do this to me! My dad's an attorney!

Naruto: Tell it to the judge.

Me: Get them outta here.

Billy: You will pay for this J.D. Knudson!

Chris: I will kill you for this Carrie and I will make sure that you suffer a thousand times over for everything you've done.

Officer: Just for that one you're looking at spending the rest of your life rotting in prison!

* * *

Later we went to Carrie's house and we found Margeret White in the Living Room.

Laney wrapped Margeret in a straitjacket and tied it up really good.

Laney: Steady Margeret.

Naruto put an anti-telekenetic headband on Margeret's head.

Margeret: What's going on here?

Me: Margeret White you are under arrest for child abuse, assault and battery, Capital Murder and Arson.

Margeret was taken away in a paddy wagon and she was laughing like a homicidal maniac.

Carrie: At last. My ordeal is over.

Carrie broke down crying and let all her pain and grief.

---

After all the destuction was fixed I called a press conference in Washington D.C.

Me: Good morning everyone. I'm sorry to interupt all your activities but a major tragedy has befallen the small town of Chamberlain in Maine. Due to bullying that got completely out of control, young Carrie White here went on a ballistic rampage and completely destroyed the town. Christina Harginson and her boyfriend Billy Nolan were responsible for this whole tragedy that left 260 men, women and children dead. Carrie White's own mother Margeret White is also responsible for this horrific event. Margeret is insane. She has Post Traumatic Stress Syndrome and Schizophrenia. She also has delusions that cause Religious Ideation and it made her into an insane Christian Fanatic. All three people were arrested. Margeret White will no doubt be found completely incompetent to stand trial and will be considered an extreme danger to everyone around her and to herself. Carrie White has been through a nasty and terrible ordeal at the hands at these three people. No, these monsters and they deserve to be punished at the maximum extent of the law. The President of The United States of America has ruled last nights horrific tragedy as an act of genocide.

The press and the country were horrified. The whole world saw the press conference and it was horrifying. Margeret was indeed incompetent to stand trial for her crimes and she was declared criminally insane. They call her a female John Hinckley Jr. to the 10th power. She was commited to the Los Angeles County Jail in the Twin Towers Maximum Security Mental Hospital for the Criminally Insane. Chris and Billy were found guilty on numerous counts of Arson, Assault and Battery and domestic terrorism and 260 counts of Capital Murder. Billy Nolan was sentenced to death and Chris because she was 17 at the time of the crime, she was sentenced to 660 consecutive terms of life without parole plus 30,874,837 years in federal prison. The Guinness Book of World Records made her prison sentence the Longest Prison Sentence ever recorded in the history of man and also the youngest person to serve said sentence. Her case is so high profile that she can't even serve it on Earth. So a special prison was recently built on the place they least expected it, THE MOON. The Moon prison was also known as the Alcatraz of Space because an escape attempt is 150% impossible. The reason for this is because if they escape, the endless vacuum of space will kill them in seconds. It's the ultimate supermaximum security prison. Chris was disowned by her family and stripped of her reputation, and more. I also placed a terrible curse on Chris, Eternal life as a Spoiled Brat Child of 6 years old. That was considered a much bigger fate that's worse than death. Chris was also forever bound to the prison and she can never leave the facility. Billy was executed the next morning after his sentence was announced. Chris was now forever labeled as a "Female Charles Manson" and a "Female Devil Incarnate".

Carrie decided to move on and she was adopted into the Loud Family. She now is undergoing special training to help her with her powers. She forgave Margeret and is now a Stephen Minister at a local church. She is also helping kids and families through tough times. Carrie adopted two twin girls named Leia and Katie. They were twins. Carrie now has a loving family and a whole new loving life ahead of her.

THE END.

---

Another Fanfiction Completed.

I wanted to do a Carrie theme chapter. Carrie is one of Stephen Kings awesome books. I absolutely am horrified that Carrie is the daughter of an insane psychotic woman. Margeret White is a psycho on steroids. They should've arrested her and lock her away in an Insane Asylum for life. They also should've terminated her parental rights right there on the spot. Also Chris makes me sick. She gives all humans everywhere a bad name. I can't believe she did all that to Carrie. She is beyond evil in it's purest form. Well now that they are locked away for all eternity Carrie now has a whole new life ahead of her. Also I have some plans for Carrie coming up later. Let me know what you all think.

See you all next time.

Carrie is owned by Stephen King and United Artists and Metro Goldwyn Meyer.

# A Spy's Adventure

It starts out with me, Varie, Lincoln & Linka waking up.

Me: Another magnificent Sunday.

Rita: (Offscreen) RISE AND SHINE KIDS! WE'RE GOING TO AUNT RUTH'S TODAY! YAY!

Me: Auth Ruth's is today.

Varie: 3 Weeks already?

Lincoln: Yep and it's Vince's turn.

Everyone was getting ready for Aunt Ruth as Vince came in.

Vince: Hey guys.

All: Hi Vince.

Carol: Vince!

Vince and Carol kissed.

Vince: Hey Carol. I got your text and it's to babysit while you guys are at Auth Ruth today.

Carol: It sure is.

Lynn Sr.: Okay Vince who are you gonna babysit?

Vince: Lets see. Carol, Carrie, Leia & Katie, Luna, Ember, Luan, Marie, Lynn, Dawn, Lincoln, Wednesday, Lucy, Laney, Lola and Lisa. And Lily too.

Lynn Sr.: All right. Well is everyone ready?

Lori: (Bored) Yes dad.

They left for Aunt Ruth and Vince was placed in charge of Carol, Carrie, Leia & Katie, Luna, Ember, Luan, Marie, Lynn, Dawn, Lincoln, Wednesday, Lucy, Laney, Lola, Lisa and Lily.

Vince: All right guys. It's time for our first activity.

There was a knock at the door and Vince answered it. It was Eddy.

Eddy: Hey Vince.

Vince: Oh hello Eddy.

Luan: My King of Comedy has arrived.

Eddy: And my Queen Angel of Comedy is always as beautiful as ever.

Eddy and Luan kissed.

Eddy: So what's happening Vince?

Vince: I'm babysitting while everyone else goes to Aunt Ruth. They go every three weeks.

Eddy: Cool.

Luna: I'm glad I'm not eating 60-year-old pudding right now dudes.

Lisa: Yes indeed.

Carrie: That must taste really awful. It's a miracle you all haven't gotten botulism from it.

Lincoln: J.D. told me the exact same thing Carrie.

Vince: By the way Carrie how are you doing healing after your whole ordeal?

Carrie: I'm much better now that Chris is in prison forever and Billy is dead.

Leia: I'm so glad mommy.

Katie: Me too.

Carrie: Thanks girls.

Carol: I'm so happy for you Carrie. Have you gotten full control of your powers?

Carrie: I sure have and it turns out my powers were given to me because of hatred and rage. But now my love for my family has made me stronger than ever.

Eddy: That's awesome Carrie. I heard what happened to you and that was terrible.

Carrie: I know Eddy. I'm glad I moved on.

Vince: Me too. Now Our first activity is what I like to call Spy Partnership. We go to the simulator to do it. We're going to be in awesome spy movies and team up with and take down the villains trying to take over or destroy the world.

Lynn: Cool! I love spy movies.

Laney: Me too.

Lisa: Spy movies are a very magnificent source of entertainment.

Lincoln: My favorites are the James Bond movies.

Luan: This is something worth spying for! [Rimshot] [Laughs] Get it?

Vince, Carrie, Carol, Ember and Dawn laughed and everyone else sighed.

Vince: Good one Luan.

Eddy: (Laughs) Good one.

In the simulator they got ready.

Vince: Okay so who wants to go first?

Lincoln: I will.

Lynn: You can do it Lincoln.

Vince: Also I invited someone special over.

Ronnie Anne came in.

Lincoln: Hey Ronnie Anne.

Ronnie Anne: Hey Lame-o. I heard you are gonna have a spy adventure and I came to watch.

Lincoln: Cool.

Lucy: This is gonna be an interesting experience for us. Vampires and Spy Movies are my favorite things.

Laney: That's interesting Lucy.

Lily: I agree.

Lincoln went into the simulator and Vince typed in the scenario.

Vince: Coming online Lincoln.

Lincoln found himself in a jungle and he saw a hanging radio transmitter.

Lincoln: I'm in the movie Goldeneye! My all time favorite. James Bond needs my help.

Lincoln slid down the dish and went in through a hatch into a lair and then an explosion blasted apart part of the lair.

KABOOM!

Lincoln ran all over the lair as it was falling apart and he was killing all kinds of henchmen all from Russia with his Lightning powers. Lincoln went into the control room and found the Goldeneye console.

Lincoln: It's the Goldeneye Console. Now I got to get it out. I hope my technical skills pay off.

Lincoln typed in a code and the disk ejected and he grabbed it and got the keys and put them in the case they came in and he put it in his backpack.

Lincoln: Now to go help James and kill Alec.

Alec grabbed an AK47 Assault Rifle and went after James as he was making his way to the Transmitter.

Lincoln took an AK47 from a down man.

Lincoln: This spell should provide me with a fighting edge. [Chants an incantation] Kestinyro Mingyuja Kretta!

Lincoln's lightning magic gave the AK47 an infinite ammo supply and he put the gun on his back and took the elevator to the transmitter.

Lincoln: This is so awesome.

The elevator opened up to the top and he was running on a bridge to the transmitter and he saw Alec shooting at James.

Lincoln: Oh no you don't!

Lincoln took his gun and fired at Alec.

GUNFIRE!

Lincoln: Eat red-hot lead Alec!

Lincoln got him in the leg and ran up to him as he climbed onto the transmitter and punched him in the mouth and knocked out a tooth.

Lincoln caught up with James.

Lincoln: James!

James Bond saw him.

James: (British Accent) You managed to slow down Alec?

Lincoln: I sure did. I'm Lincoln Loud. I'm from America and I came here to help you.

James: It's a pleasure to meet you Lincoln. You slowed Alec down?

Lincoln: I sure did. I shot him in the leg.

James: Impressive.

Lincoln: Not bad for an 11-year-old kid huh? Plus I got the Goldeneye Disk and Keys and killed all of Alec's men.

James: Good work.

Lincoln: Thank you. Lets blow this thing to pieces.

They got into the gear room and Lincoln took a pipe and jammed it into the metal track and welded it together with his powers.

In the destroyed lair, Boris was working on the computer.

Boris: (Russian Accent) Yes! I am invincible.

He typed in a command and the Transmitter was online. But the transmitter jammed and it was gonna explode any minute. Alec was slowly catching up to them.

The satellite reentered the Earth's atmosphere over the Atlantic Ocean and exploded.

Lincoln and James beamed to the ground and Alec was with them and Lincoln punched Alec in the stomach and kicked him in the face. James punched Alec in the mouth and nose and leg-sweeped him and kicked him in the back. Then the Transmitter exploded into a huge fireball.

KABOOM!

Alec: (Russian Accent) No!

Lincoln: You lose Alec.

Natalya Simonova came and she had a gun pointed at Alec.

Natalya: (Russian Accent) It's over Alec. You and Boris are through.

Lincoln: I agree. We have you surrounded. There's nowhere to run.

Alec: It's never over. I will destroy England for what they did to my ancestors.

Lincoln: You can join them in the Netherworld!

Alec: For England guys?

James: No.

Lincoln: For the world.

They fired at him.

GUNFIRE!

They pumped his guts full of lead and killed him.

Natalya: That takes care of him.

Lincoln: No kidding. I'm glad he's gone for good.

James: Me too. He was my friend and in the end he became a traitor.

Lincoln: I can't believe that.

James: I couldn't have done this without you Lincoln. You and Natalya were great.

Lincoln: I'm glad I could help James.

Natalya: I agree.

They both kissed.

The exercise was done and Lincoln came out and they all cheered for him.

Ronnie Anne: Lincoln you were amazing!

Lincoln: Thanks Ronnie Anne.

Vince: Good job Lincoln. What are you gonna do with the GoldenEye program?

Lincoln: I'm gonna put it in a special vault where it will never be used again.

Luan: Good thinking Linc.

Eddy: That was really awesome Lincoln. You sure showed Alec who's boss.

Lincoln: Thanks Eddy.

Carrie: That was really cool how you did him in.

Lincoln: I know Carrie. Alec was gonna pludge the world into a Global Financial Meltdown by stealing all of Englands money and GoldenEye will erase all the records of the transactions. A pretty ingenious scheme.

Lisa: It certainly was. Alec's scheme of gaining world domination was totally genius. Russia sure has developed a very prominent tool of disorder.

Vince: They sure have Lisa. Also Lincoln be careful with that AK47. It's a dangerous weapon.

Lincoln: I know. I'll have to see if I can get a gun safe for it.

Luna: Good thinking dude.

Carol: Okay. I think I'll go next.

Vince: Okay Carol. We're going to do another cool game called History Adventure. We go into the Simulator and we join the event from that year.

Carol: Cool! History is one of my favorite subjects. Same as Lori's.

Lincoln: I can believe it Carol.

Carol went into the Simulator and it activated and she found herself in the Hundred Years War in the year 1431. Luckily the Simulator doesn't do time travel.

The Hundred Years War lasted from 1337 to 1453 and it was an intense war that was for the control over the Throne of France. The House of Valois of France and the House of Plantagenet of England were in a fierce battle that lasted 116 years and it was brutal.

Carol: Wow! I'm in the Hundred Years War. This is one of my favorite events in history.

Carol checked a device on her arm and it was really May 30th, 1431.

Carol: Oh man. Today's the day they burn Joan of Arc at the stake for Heresy. I've got to stop it.

Carol saw the castle Joan was gonna be executed at and she spread her wings and flew to the castle. From above, she saw Joan being tied to the stake and they lit it on fire and Carol swooped down and cut her free and rescued her.

Carol: Are you alright Joan?

Joan: Yes I am. You have saved me.

Carol: They were persecuting you for Heresy. That is wrong on so many levels.

Joan: I agree. Thank you.

Carol: My name is Carol Pingrey Loud. They don't even know what the power of an angel is capable of.

Joan: I agree. Lets show them and put an end to this horrific war.

Carol and Joan landed and Carol fired a heat ray at the soldiers coming for them and vaporized them completely and destroyed much of the castle in a fiery explosion.

Joan: Your power is amazing, Carol.

Carol: I was given my powers from an amazing source. It's hard to explain Joan. I'm actually from an alternate time almost 600 years into the future. It's complicated.

Joan: I can believe it. But I owe you my life Carol.

Carol: A life is never owed when saved out of friendship and love.

Joan: Thank you Carol. I want to go with you to where you live and share what I know to all of you.

Carol: If that is your choice you are more than welcome to.

The simulation ended and everyone they met Joan of Arc.

Vince: It's a pleasure to meet you Joan. I'm Vince Pusateri.

Carol: Vince is my boyfriend. He is the most awesome boyfriend ever.

Ember: I'm Ember McLain Loud. I was adopted.

Lincoln: I'm Lincoln Loud.

Luna: It's a pleasure to meet you Joan. I'm Luna Loud.

Luan: Pleasure Joan, I'm Luan Loud.

Eddy: I'm Eddy. Luan is my girlfriend.

Lynn: I'm Lynn Loud Jr.

Lucy: I'm Lucy Loud.

Laney: I'm Laney Loud.

Lola: I'm Lola Loud. It's a pleasure to meet you.

Lisa: I'm Lisa Loud. It's a pleasure to make your acquantance.

Lily: And I'm Lily Loud.

Lincoln: Luna, Luan, Lynn, Lucy, Laney, Lola, Lisa and Lily are my sisters.

Joan: You have a big family Lincoln.

Lincoln: Yeah.

Ronnie Anne: I'm Ronnie Anne Santiago, Lincoln's girlfriend.

Wednesday: I'm Wednesday Addams Loud. I've been adopted after my family was killed in an explosion.

Joan: That's terrible. I'm so sorry.

Wednesday: It's okay. Thank you for your concern.

Carrie: I'm Carrie White Loud. I've been adopted too. These are my little girls Leia and Katie.

Leia: It's a pleasure Joan.

Katie: Same here.

Joan: The pleasure is all mine.

Marie: I'm Marie Kanker Loud. I was adopted too.

Dawn: I'm Dawn. I come from another dimension.

Joan: That's interesting. I have so much to learn about the year I'm in now.

Vince: You're in the year 2017, 586 years into the future.

Joan: Wow! I have a lot to learn. But I have a feeling I'm gonna like it here.

Carol: I'm glad Joan.

Vince: Whose turn is next?

Lucy: I'll go.

Lucy went into the simulator and it activated and she found herself in

Salem, Massachusetts.

Lucy: Gasp! I'm in the Salem Witch Trials in 1692.

The Salem Witch Trials was one of the darkest events in America's history back in the 17th Century. People believed that the Devil was walking the Earth and the people of Salem persecuted numerous people and killed them for Witchcraft. Most of them were innocent people. It was a time of total fear and persecution.

Lucy: This is an absolutely horrific event. I may be a goth girl and I love things that are dark and gloomy but I would never stoop this low.

Lucy walked around the town and she saw a woman in the dunking chair. It was a tool used back then.

Crier: Confess Witch! You are working for Satan!

?: No! I swear, I am not!

She was dunked again.

Lucy saw the woman and she saw that she looked an awful lot like Lori.

Lucy: (In her head) Gasp! That's our ancestor Lorraine Newton Loud. She was innocent and was burned at the stake the following night.

Crier: Talk witch!

Lorraine: I am not a witch!

Lucy: (In her head) I have to stop all this.

Crier: Burn the witch tomorrow!

After everyone went to sleep Lucy crept into the town jail and broke open the jail cells.

Lucy: Are you all okay?

Lorraine: Yes thanks to you.

Lucy: My name is Lucy Loud. I am your descendent from 325 years into the future. I'm from the 21st century.

Lorraine: That's interesting. Thank you for freeing us Lucy. It's nice to know that I have family in the future. This whole town has gone mad. They are killing hundreds of people for witchcraft.

Lucy: I know. This is absolutely sick and we have to stop this. Lets rally up everyone that's been wrongfully persecuted and stand up for ourselves. If they want a fight with Witchcraft then they will get one.

Lucy gathered everyone together and they all became an unruly mob armed with torches, guns, swords, axes and books.

At dawn the next morning, they all fought against the very town that destroyed their lives and ruined them. They decided to make sure that persecution never plagues them ever again and they killed the town crier and more. They destroyed everything and burned the whole town down. The town deacon was left for Lucy.

Lucy: This is all your fault deacon. You persecuted all these innocent people because of your own fear and ignorance.

Deacon: I don't care! They were witches and they needed to burn in the Netherworld!

Lucy: You don't know what the power of a witch can do.

Lucy fired a bolt of black lightning at the deacon.

Lucy: Let fear consume you completely.

The Deacon saw witches everywhere and he ran into his house like a frightened chicken.

The Salem Witch Trials were over and the people of Salem built the whole town anew and never again were witches and persecution going to plague the town.

The simulation ended and Lucy came back and they were proud for

her.

Vince: You were awesome Lucy.

Lucy: Thanks Vince.

Laney: It's my turn.

Vince: I know just the event for you Laney.

Laney went into the Simulator and it activated.

Laney found herself in France during a nasty war.

Laney: Wow! I'm in the French Revolution.

The French Revolution was a terrible war that lasted from May 5, 1789 to November 9, 1799 and the outcome of it was the fall of the French Monarchy and the rise of emperor Napoleon Bonaparte.

Laney unsheathed her scythe and looked at her device on her arm. The date was October 16, 1793 and it was the day Marie Antoinette was going to be executed.

Laney: I got to help Marie Antoinette.

Laney rushed to the Placa de Concorde and there she saw Marie Antoinette about to be beheaded by guillotine.

Laney: I don't think so.

Laney rushed in as the blade as at the maximum height and when it was coming down Laney grabbed Marie and formed an illusion that made it look like the blade killed her.

Marie: That was a close one. Thank you.

Laney: You're welcome Marie. I'm Laney Loud. I came here from 224 years into the future.

Marie: That's a long time from now. I am forever in your debt Laney.

Laney: Think nothing of it. Your death at the hands of these cretins is unacceptable.

Marie: I agree. The rebels killed my husband Louis XVI and the French Monarchy is gone forever. I never wanted to abuse the rebels like that.

Laney: I understand Marie. But it's not safe here for you anymore.

Marie: Yeah. I want to go with you to learn more about the future.

Laney: That's your choice.

The simulation ended and Marie Antoinette was introduced to everyone.

Vince: Welcome to the future Marie.

Marie: Thank you Vince. What year is it?

Lincoln: It's 2017.

Marie: I have a lot to learn then.

Lola went next.

Lola was in the simulator and it activated and she found herself in the castle of Count Dracula in the 19th Century in Transylvania.

Lola: Whoa! I'm in the Castle of Dracula. Lucy is gonna hate me for what I'm about to do but I get to destroy Count Dracula.

Lola walked through the castle and she found a woman sitting next to the window.

Lola: Are you all right?

?: Yeah I am. I'm being held prisoner here by Dracula.

Lola: I came to rescue you. My name is Lola Loud.

?: It's a pleasure to meet you Lola. I'm Catherine Vale. I'm a vampire and I don't like being with Dracula.

Lola: That's horrible Catherine. Dracula is evil incarnate and claims to be the Prince of Darkness. But he doesn't know that the true Prince of Darkness is really the Devil, Lucifer himself.

Catherine: That's true. I can't control myself. The endless thirst for blood and being afraid of the Sun, holy water, the Cross of Jesus, garlic, I can't control it.

Lola: It's tough I know. My big sis Lucy is into Vampires and I'm sure she would be willing to help you as long as you stay in the darkness.

Catherine: Thank you Lola. What year do you come from?

Lola: I'm from the year 2017. How did you know I wasn't from this time?

Catherine: Being a vampire includes lots of powers you never even knew you have. Like immortality, enhanced strength and speed and even knowing things no one can even know from the future.

Lola: That's interesting.

?: (Transylvanian Accent) So we have a guest here in my castle.

Lola saw Count Dracula himself.

Lola: Count Dracula I presume?

Dracula: That's right and you're Lola Loud from the future.

Lola: That's right.

Lola pulled out some garlic bulbs and put them around her neck.

Lola: It's all right Catherine. I'm not gonna let anything happen to you. I also have powers that Count Dracula fears himself. Watch.

Lola spread her wings of fire and Dracula gasped.

Catherine: Woah! Lola you look like a true angel of fire.

Lola: I get that alot and my powers are said to come from the fiery pits of the Netherworld itself.

Lola formed a flame in her hand and she molded it and it became a trio of flame girls.

Lola: I saw this in a movie at one time.

Lola formed the flame girls into life size people and they danced around Dracula and attacked him and they burned him bad.

Catherine: Fire is one of Dracula's weaknesses and a stake will kill him.

Lola: I've read about that.

Lola pulled out a silver stake and went at him and stabbed him through the heart. Killing him in seconds and he exploded into dust.

Lola: That was wicked.

Catherine: It sure was.

The Sun started rising and surprisingly when the Sun's light hit her it didn't burn her.

Lola: Catherine! You're free and you're human again. I think.

Catherine looked at herself in the mirror and she saw that she still had her fangs and she had a reflection again.

Catherine: Yes I am free! But I still have my fangs.

Lola: It must be a permanent thing for your teeth if you get turned into a vampire.

Catherine: Maybe and I still have all my knowledge of everything I'm not allowed to know.

Lola: That's weird. But we will never have to worry about Dracula again.

Catherine: No we won't.

Catherine decided to go with Lola and she was happy to be at home on Earth in the 21st Century. Catherine was introduced to everyone.

Lola: Lucy I'm sorry I killed Dracula. I understand if you'll hate me for it.

Lucy: It's okay Lola. Dracula is my least favorite Vampire. But I'm glad that you destroyed him.

Lola: Thanks Lucy.

Vince: Our next activity is Songs in Luna's Room.

Luna: Sweet dudes.

In Luna's room they got their instruments ready.

Vince: First we're going to sing one of my favorite songs: Within Temptation's Jillian.

Lucy: That sounds like a cool song.

Vince: It is. It's a goth song.

The song began and the room turned into a dark nightmarish castle.

Lucy sang the song and they saw that she has a voice that sounds perfectly like the lead singer of Within Temptation: Sharon den Adel.

Bats and creatures of evil danced around the castle as the song went on and it was a ferocious scene.

When the song ended the room reverted back and they applauded for Lucy.

Vince: Great job Lucy!

Eddy: That was great Lucy. I didn't know you can sing so good.

Lucy: Thanks Eddy. It's a hidden talent.

Lincoln: You sound just like the Sharon den Adel from Within Temptation and that was awesome.

Lucy: I never noticed that until now to tell you the truth.

Luan: You have a great voice too Lucy.

Luna: Yeah it was rockin brah!

Lola: I agree.

Wednesday: Same here.

Laney: How come you never sang before Lucy?

Lucy: I just don't like to sing Laney. Because I was afraid you would all think I'm weird.

Carrie: No way Lucy. You were amazing.

Leia: You were awesome.

Lucy: Thanks guys.

Joan: You're welcome Lucy.

Vince: I have a good song for you all. It's called It's Terror Time Again by Skycycle.

Lincoln: Ooh! I heard that song on the movie Scooby Doo on Zombie Island and that was awesome.

Vince: Get ready to rock.

Vince had an electric guitar and he began playing and the room turned into a dark forest.

You hear the screeching of an owl

You hear the wind begin to howl

You know there's zombies on the prowl, and

It's terror time again

They got you running through the night

It's terror time again

And you just might die of fright

It's a terrifying time

You hear the beating of your heart

You know the screaming's gonna start

Here comes the really scary part, cause

All the trees begin to moan

And the monsters grunt and groan

Rotting faces full of slime

Don't you know it's terror time? And…

It's terror time again

They got you running through the night

It's terror time again

And you just might die of fright

It's a terrifying time!

During the song, zombie versions of all of the bad guys we killed over the course of the last 3 months emerged and started dancing wildly with the beat. Lightning and thunder crashed and echoed loudly as they danced.

The song wrapped up and they all applauded and the room reverted back.

Luna: That was rockin Dude!

Carol: Vince I didn't know you could sing very well.

Vince: I have some awesome talents.

Vince's watch beeped and it was time for lunch.

Vince: Okay guys. What do you all want for lunch?

Lily: We had pizza the first time with J.D. and we had spaghetti with Varie.

Laney: How about burgers?

Everyone agreed.

Vince: Good choice. I have a job at a restaurant as an awesome fry cook and I have a friend that taught me how to be a great fry cook like he is.

Vince brought out a grill like the one Spongebob uses at the Krusty Krab and he put some delicious homemade burger meat on the grill with his own secret ingredients. He grilled them to perfection and served them in a huge pyramid made entirely out of burgers.

Vince: Dig in everyone.

They all took a bite and they were in heaven.

Lincoln: Wow! It's just like at the Burpin' Burger!

Laney: Delicious!

Carrie: Yummy!

Luna: You make awesome burgers dude.

Vince: Thanks Luna. I actually work at the Burpin' Burger.

Luan: You work at the Burpin' Burger!?

Vince: Yep. Quite a shock huh?

Lola: I'll say.

Lucy: Maybe you can give us a discount.

Vince: I'll have to work something out for you guys.

The whole pyramid was gone and they were all belching.

Vince: Boy those burgers are (Belch!) always delicious.

Lisa: (Burps) Affirmative Vince. They were quite satisfying.

Laney: Boy I haven't had burgers that awesome in a while. (Belch!) Excuse me.

Lola: (Belch) Delicious.

Carrie: You're a great chef Vince. (Burps) Excuse me.

Carol: (Belch) I agree Vince. You are absolutely the most awesome boyfriend ever.

Vince: (Blushes) Aw Carol thank you.

They kiss.

Luan: These burgers are really a flipping experience. [Rimshot] [Laughs] Get it?

Vince, Carol, Joan, both Marie's, Catherine, Eddy and Lincoln laughed.

Vince: (Laughed) Good one Luan.

Eddy: (Laughs) That was funny. (Belch) Excuse me.

Joan: Luan is really funny.

Vince: Oh yeah. She knows how to make people laugh. Lets make burgers for everyone when they get back.

Luna: That's a great idea dude.

Wednesday: I agree. It'll wash the taste of 60-year-old pudding out of their mouths.

Dawn: Yuck! That is gross.

Later they were watching Nature Documentaries on TV while Laney, Joan, Catherine and Wednesday were reading books when Vanzilla 2.0 pulled up.

Vince: They're back.

Lincoln: Lets get cooking.

They made all the burgers and the dining table was set up. Lynn Sr., Rita, the girls, Me and Varie came in and we all had faces that said that we were bored out of our skulls.

Vince: Welcome home guys.

We saw the burgers.

Me: You made all those Vince?

Vince: We sure did J.D. Go ahead guys.

We ate the burgers and we were satisfied.

Lana: Man Vince, we didn't know you were a fry cook at the Burpin' Burger.

Lincoln: It surprised us too Lana.

Vince: It's the best job ever.

Lynn: I can believe it Vince.

Varie: So how was everyone while we were gone?

Vince: They were awesome Varie. We discovered some very interesting developments in the Loud history.

Lucy: We found out Lori, that you're descended from Lorraine Newton Loud who lived back in Salem, Massachusetts during the Salem Witch Trials in 1692. She was burned at the stake for witchcraft.

Lori: That is terrible. How did you find that out?

Lucy: We were in the Simulator and I did a history exercise and went to the Salem Witch Trials.

Lynn Sr.: That was a very dark time back in the 17th Century.

Marie A.: It sure was. I've read about that event.

Rita: That is hard to imagine that we are descended from people in the Salem Witch Trials.

Me: No kidding. That was a dark time of persecution, darkness and fear.

Varie: Yeah.

Shannon: I've read alot about the Salem Witch Trials and as it turns out I am actually a direct descendent of the nefarious Sanderson Sisters.

We all gasp.

Linka: The witches in the movie Hocus Pocus?

Shannon: Yeah. That's how I know Dark Magic. I am a witch and I use Dark Magic for good.

Lori: Well that's a relief.

Penny: That's really cool though.

Lincoln: Yeah. Whose turn is it next?

Me: My sister Jayme.

Lynn: Awesome!

Shannon: Can't wait to have fun with her.

Me: Great job partner.

Vince: Thanks partner. It was really fun babysitting for the Loud's.

Rita: We're glad you had fun Vince.

THE END.

Another Fanfiction Complete.

This one was quite a challenge. I had to look up on the internet about the events in history that I presented. GoldenEye is one of my favorite James Bond movies and it was intense. My sister Jayme is going to babysit next time so I'm gonna have to figure out what to do and show her the ropes. But anyway this was a fun one for me. Lots of interesting developments and more. Let me know what you all think.

See you next time.

# A Volcanic Threat

It starts with me looking up stuff on the computer. I was on an app that detects Volcanic and Seismic activity. Something caught my eye in Washington state.

Me: Uh-oh. Earthquakes in the small town of Dante's Peak.

I pull up a satellite map and found out that the whole town is right next to a volcano that's scheduled to erupt in the next 24 to 72 hours.

Me: (Gasp) This is bad! We got to move.

I slide down into the Living Room where the Loud Kids, Naruto and the girls, Dawn, Jeri, Jessie, Joan, Varie, Aylene, and Vince are playing games, reading books, and playing card games.

Me: Guys we have a volcanic destruction alert in Washington state. A small town named Dante's Peak is in grave danger.

Sakura: What's wrong?

Me: Dante's Peak is a small town that has a volcano 2 miles northeast of it that's gonna blow within the next 24 to 72 hours.

Varie: What!? Why haven't they left yet?

Me: It says here that evacuation orders are being made. We have to go there and help people. Who wants to come with?

Vince: I will gladly help partner.

Me: I had a feeling you would.

Lincoln: I will go too.

Linka: Same here.

Fu: I'm in.

Sakura: I'll go too. People may need some medical help as well.

Naruto: I'll go too.

Hinata: I'll help too.

Tenten: Me too.

Ino: I'll go too.

Lily: I'll help too.

Laney: I'll go too.

Lucy: I'll come with too.

Dawn: Same here.

Marie: I want to help out too. This'll show that I'm on the path towards redemption.

Varie: I'm coming too.

Carol: Me too.

Me: Wow. I've got a lot of volunteers. All right lets go.

We flew out towards Washington State and we arrived in 1 hour.

The whole town was in the high school gymnasium and the streets were quiet.

Me: It sure is quiet here.

Varie: It's an evacuation meeting.

Then without warning a huge earthquake rattled the area

Me: It's begun.

Less than a minute later the Volcano erupted.

KABOOOMMM!

Ash clouds and rocks went high up into the sky and it was an incredibly intense sight.

Me: WHOA!

Vince: Unbelievable!

Lincoln: That is one of the scariest things I've ever seen.

Me: No kidding.

Carol: This is not good guys.

Fu: Yeah.

Me: All right guys we have to evacuate everyone within a 20 mile radius of the volcano. Help as many people as possible. Go up the volcano and get people down from it. Lets go people! Lets go, lets go, double time, lets go!

We split off and rescued as many people as possible as the earthquakes were getting worse. The sky was getting dark as the volcanic ash plume was creating a dirty thunderstorm. Lightning was illuminating the ash clouds and ash was snowing down. The whole town was totally in peril. People were trying to drive out and some were running on foot. The town was crumbling apart and everything was being destroyed.

Varie was getting people out when she saw a little girl sitting on the porch of a blue house crying and she had a kitten with her.

Varie: Are you all right?

?: (Crying) No. My parents are gone and I'm scared. Me and Lila are afraid.

Varie: It's okay sweetheart. Everything is gonna be all right.

Naruto: Varie! We're heading to that hotel over there for shelter.

Varie: Okay. [to the girl] You'd better come with us.

?: Okay. I'm Claire.

Varie: It's a pleasure. I'm Varie.

Claire came with them.

Fu and Sakura came down from the Volcano and with them was an elderly woman and her dog Ruffy.

In a hotel room that had lots of seismographic equipment and computer gear they met Paul Dreyfus, Stan, Nancy, and Greg.

Paul: Oh my goodness.

Claire was still crying as Varie was comforting her.

Ruth: What is happening out there?

Sakura: Ruth, that mountain is a volcano and it's gonna destroy the whole town with the fury of Mount St. Helens.

Ruth: (Shocked) What?

Me: Varie!

Varie: In here.

Me and everyone else came in.

Lincoln: Everyone has been evacuated.

Ruth: Wait a minute where's Rachel, Lauren and Graham?

?: (On a Radio) Paul? Paul it's Harry. Can anyone hear me?

Me: I got it. [Picks up the radio] Harry? We hear you. My name is J.D. Knudson. Me, Varie and my friends here came and got everyone within a 20 mile radius out of the town.

Harry: You saved this whole town from destruction J.D. and we owe you all big time. Where's Paul?

Me: He's right here.

I hand the radio to him.

Paul: Harry, where are you?

Harry: We're up at Mirror Lake at the lodge. The road's down but we're okay.

Paul: This is turning into something really catastrophic. I'll send the helicopter as soon as the ash clouds clear away.

Harry: Listen Paul get the heck out of there before it's too late okay? Don't wait for us.

Me: Let me talk to him. [Paul gives me the radio] Harry, we're gonna come up there and get you so hang tight. Is Rachel, Graham and Lauren with you?

Harry: Yes they are. Graham and Lauren went up the mountain to get Ruth. Where is she?

Me: She's right here with us in the hotel room. She and her dog Ruffy are okay. Fu and Sakura brought them down. Just hang on Harry. We're on our way.

Harry: Thank you so much J.D.

Me: You're welcome. [Puts the radio down] Varie, you get everyone out of here at sunrise. Vince, you see if there's anything worth saving here in town when the ash stops.

Varie: You got it. Be careful.

Vince: You can count on me partner.

Me: Fu, Sakura, Naruto, you three come with me. Lets go!

We ran off and flew towards the Volcano. Over the forests we saw the road gone.

Me: A rockslide wiped out the road. No wonder.

We then saw numerous trees on fire caused by lava flows and the entire lodge was burning.

Sakura: The lodge is on fire!

Fu: [Points to the lake] Look. Waves on the water. They must've taken a boat onto it.

Me: Maybe, lets move!

We flew out over the lake and saw that it was green and all the fish are dead.

Naruto: All the fish are dead.

Me: This is not a good sign.

I take a beaker out and put some water into it and discovered that it was acid.

Me: This water has been turned into acid because of volcanic activity.

Naruto: They went on a lake of acid?

Sakura: That's crazy!

Me: Lets go!

They flew farther and they saw a boat heading for a nearby dock and someone was paddling with something.

Me: That's them! Come on!

Naruto: SHADOW CLONE JUTSU!

Naruto made four Shadow Clones and they flew towards the boat and picked up the people.

Me: It's Harry, Rachel, Graham and Lauren.

They got to the shore and we looked them over.

Me: Are you Harry?

Harry: Yes. I'm Harry Dalton, Volcanologist.

Me: It's a pleasure to meet you. I'm J.D. Knudson.

Sakura: I'm Sakura Haruno.

Naruto: I'm Naruto Uzumaki Namikaze.

Fu: And I'm Fu. I don't have a last name.

Rachel: We've heard so much about you all. Is the whole town evacuated?

Me: Yes. The whole town is evacuated. Ruth and Ruffy are in the hotel we're at and Varie is having everyone leave at Sunrise.

Graham: Thank goodness. We thought they died in the lava.

Naruto: No they didn't. Now we have to get you guys out of here.

Me: Yeah. I sense an even bigger eruption on the horizon in the next to 12 hours.

Naruto: Yeah. I can feel it. Lets go guys.

Sunrise came and we picked them up and flew towards the sight where Varie, Vince, Carol, Lincoln, Linka, Laney, Lucy, Lily, Marie, Hinata, Ino, Tenten, and Dawn were at. The National Guard was called in and FEMA and the American Red Cross were called in too.

Me, Naruto, Sakura and Fu were carrying Harry, Rachel, Graham and Lauren and just as we entered the town the Volcano exploded with a powerful Lateral Eruption.

KRABBBOOOOOOOOOOOOOOOOMMMMMMMMMM!

Me: WHOA!

Varie: Look at that!

Me: Let's hightail it guys!

We flew out of town just in the nick of time as Pyroclastic Clouds raced down the volcano at a blazing speed and destroyed the entire town completely.

We landed by Varie, Vince and team.

Vince: J.D.! Thank goodness you're safe man.

Me: Yeah. That was intense.

Varie: J.D.!

Varie hugged and kissed me.

Varie: Thank goodness you're okay.

Rachel: J.D. you have no idea how grateful we are that you saved all of Dante's Peak.

Me: I'm glad we could help Rachel.

Lauren: Claire!

Claire: Lauren!

Lauren and Claire hugged and it turns out that Claire and Lauren are best friends in school.

Lauren: What happened to you Claire?

Claire: My parents are gone. I have nowhere to go.

Rachel heard this.

Rachel: You poor thing.

Me: Rachel? What are you gonna do now? Are you gonna rebuild Dante's Peak from the ground up or move on and live somewhere else?

Rachel: We're gonna move somewhere else.

Laney: That's a wise choice. Volcanoes destroy everything and have hurt and killed numerous people over the centuries.

Carol: Yeah. Volcanoes only destroy because of intense pressure.

Marie: This was absolutely horrible. I can't believe how much power Volcanoes have. Were there any fatalities?

Me: No. We got everyone out and we suffered no casualties. But some people have bad injuries. Seattle has built a shelter for all the people.

Graham: That's good. Now we all can recover and move on.

Ruth: Thank goodness.

Hinata: I'm just glad that everyone is all right.

Ino: Me too. But lets look over the injured and see if they need any help.

Sakura: Right.

Later in Seattle they were looking over the injured and there were lots of hurt people.

?: Claire?

Claire saw a woman with brown hair.

Claire: Mommy!

She hugged her mom and cried hard.

Varie: Are you Claire's mom?

?: I sure am. I've heard so many good things about you Varie. I'm Heather.

Varie: It's a pleasure to meet you. Claire has been forever scarred by this whole catastrophe.

Heather: I know. We don't have a home anymore. It's all gone.

Varie: We have lots of new houses going up in Royal Woods, Michigan. I figure it would be perfect for you all to start over there.

Heather: That's a great idea. We have nowhere to go.

After all the people recovered we had a press conference in Washington D.C.

Me: Good afternoon everyone. I'm sorry for interrupting your activities again but less than 24 hours ago, a massive volcanic eruption of Mount St. Helens strength completely destroyed the little town of Dante's Peak in Washington state. The volcano produced a powerful level 6 Eruption on the Volcanic Explosivity Index chart and there is nothing left of the whole town. Me, Varie and my friends Vince Pusateri, Naruto Uzumaki, Sakura Haruno, Fu, Hinata Hyuga, Ino Yamanaka, Tenten, Dawn, and the Loud siblings all responded to this catastrophe and got everyone out of there. There are no casualties but the whole town of Dante's Peak in it's entirety is a complete and total loss. The evacuation warnings came too late and it was mass panic among the entire town. That volcano completely destroyed the entire town and there is nothing left of it now.

A newspaper article showed the whole catastrophe and it was terrible. The volcano now has a striking resemblence to Mount St. Helens and the entire southwestern side of the summit of the volcano was completely blown apart in a powerful lateral eruption. This means that the volcano is lying dormant yet again for the next few thousands of years.

The people of Dante's Peak now live in Royal Woods and Detroit and they now live in a new home.

THE END.

Another Fanfiction complete.

Dante's Peak was an intense movie that I've known since I was a kid. I've always loved learning about all of Earth's Volcanoes and how they affect everyone. I can't believe that Dante's Peak was right by that volcano and it completely destroyed the whole town with all that pressure its built up over the centuries. Pierce Brosnan from James Bond did a fantastic job and so did Linda Hamilton from Terminator. Can you imagine how scary that would be to see a volcano erupt 3 miles from your home and then have a Mount St.

Helens eruption later on? That would be a nightmare on a whole new level. I've seen volcanoes erupt in documentaries and they have enormous power. Histories most famous volcanic eruptions over the centuries have claimed more lives than any other natural disaster ever known on the planet. Funny thing about Dante's Peak is that the volcano in that movie doesn't exist and they used a special permit on Mount St. Helens National Park to film it. The Town is real, it was filmed in a small town in Idaho called Wallace. Let me know what you all think.

See you all next time.

Dante's Peak from 1997 is owned by Roger Donaldson and Universal Pictures, Sonny Pictures and Pacific Western Productions.

# Dawn Strikes Back

Vince, Naruto, Dawn and Lucy were in the Simulator.

Me, Varie, Aylene, Linka, Luan, Ember, Marie, Eddy, Luna, Carrie, Laney and Lisa were in the control room.

The Simulator activated and they found themselves in the world of Pokemon.

Dawn: I'm back home. Now I can destroy Team Rocket for killing my friends.

Vince: Get ready Team Rocket, we're coming for you!

Lucy: The spirits will never forgive you for everything you've done.

Naruto: I agree Lucy.

They walked around the forest and they then saw a Pikachu running towards them.

Pikachu: Pika!

Dawn: Pikachu!

Pikachu saw Dawn for the first time in a while.

Pikachu: Pikachu!

Pikachu hopped into Dawn's arms.

Dawn: I'm so glad you're safe Pikachu.

Pikachu had tears in it's eyes.

Dawn: I know Pikachu. Ash and brock were murdered by Team Rocket.

Naruto: And we're going to make them pay for it.

Lucy: It's all right Pikachu. We won't let them get away with this.

Pikachu agreed.

?: Where is that Pikachu!?

Vince: That must be Meowth.

Naruto: I sense Jessie and James coming.

Lucy: Were they the ones that murdered Ash and Brock?

Dawn: No. It was another two members of Team Rocket. One had bluish-green hair and the other had golden blonde hair.

Vince: That's Butch and Cassidy.

Jessie: I thought we would never find you Pikachu.

Vince: Jessie, James and Meowth. I knew you 3 would be coming.

James: Well it seems you know us already.

Jessie: And the twerp girl has some new friends.

Meowth: Wait a minute. Where are the other twerps?

Dawn: They're dead. You're friends Butch and Cassidy killed them.

When Jessie and James heard those names they were enraged.

Jessie: Cassidy, this is a whole new low that you've done.

James: You see guys, Butch and Cassidy aren't our friends. They are more like enemies on Team Rocket.

Vince: That's completely different.

Pikachu: Pika.

Meowth: By the way twerpette where were you?

Dawn: I was teleported to another dimension where I met Vince, Naruto, Lucy and all my friends. It's a strange story.

Jessie: I can believe it. Who are your friends?

Vince: I'm Vince Pusateri.

Naruto: I'm Naruto Uzumaki Namikaze.

Lucy: And I'm Lucy Loud.

James: Pleasure.

Dawn: Butch and Cassidy will pay for this. I'm not after revenge. I want justice for their deaths.

Jessie: I agree with you Dawn. I propose a truce.

Vince: A truce?

Jessie: Yes. We'll work with you and take them down. We'll be enemies again after this.

Dawn: You have a deal. But no tricks.

Naruto: Or else.

James: You have our word.

Vince: Now how are we gonna find them? They could be anywhere in the world.

Jessie: I know how to find them.

Jessie pulls out a phone and presses some buttons.

Jessie: I have a good impression of our boss Giovanni.

Vince: Go for it.

Cassidy: Cassidy here.

Jessie: (Imitating Giovanni Perfectly) Cassidy you and Butch are to head over to assist Jessie and James in the capture of some rare pokemon that are said to be worth selling to our investors.

Cassidy: We're on our way sir. (Hangs up)

Jessie: They're on their way.

Naruto: That was really clever.

Jessie: Thank you.

Meowth: Butch and Cassidy hate Jessie and James with a terrible vengeance and they went at eachothers throats during their training.

Lucy: That's not right.

Jessie: They'll be here in 5 minutes.

5 Minutes Later, Jessie, James and Meowth were in the clearing waiting when a jet arrived and out came Butch and Cassidy.

Cassidy: Hello Jessie.

Jessie: (Snarling) Cassidy.

Butch: Where's the rare Pokemon you need help with?

From the bushes a Black Lightning bolt was fired at Butch and it hit him.

Lucy came out.

Lucy: Let fear consume you completely.

Butch saw everything completely on fire and he was in a fetal position crying in absolute fear.

Dawn, Vince and Naruto came out with her.

Dawn: Butch and Cassidy, you killed my friends Ash and Brock. You will pay for this.

Cassidy: So the little brat girl is alive. Now we can finish what we started.

Dawn spread her wings and fired a blast of cosmic lightning and it went right through Cassidy's left leg and she screamed in excruciating pain.

Dawn: I'm not the same as before. I've had a change for the better.

Jessie: Dawn this is an amazing change.

James: I agree.

Meowth: It's like Dawn became a powerful Angel of Justice.

Dawn: Thanks guys.

?: Dawn?

They heard a voice come from the forest and out came much to their shock, Ash and Brock alive and well.

Dawn: (Gasp) Ash? Brock? Is that you?

Ash: It sure is Dawn. We were both shot in the shoulder and we were rushed to the hospital.

Dawn rushed over to them and hugged them as she cried.

Dawn: (Crying) I thought you both were dead!

Brock: No we aren't dead Dawn. But we're so glad that you're all right.

Dawn: Me too Brock.

Vince: It's good that you two are alive and okay.

Pikachu: Pika pi!

Pikachu ran over to them.

Ash: Pikachu! Thank goodness.

Vince: It's a pleasure to meet you Ash and Brock. I'm Vince Pusateri.

Naruto: I'm Naruto Uzumaki Namikaze.

Lucy: And I'm Lucy Loud.

Ash: It's a pleasure to meet you all. But why are you working with Jessie, James and Meowth?

Jessie: We have a truce going on where we team up to take down Butch and Cassidy.

James: They are the people that shot you right?

Brock: Yeah that's right.

Ash: Lets get them!

Ash ran toward Butch and Cassidy and he jumped off a nearby tree and kicked Butch in the face with a powerful kick.

Vince: Great shot Ash.

Ash: Thanks Vince.

Brock: Steelix get em! (Throws a Pokeball)

Steelix came out.

?: Thought you guys could use some help.

Out came Misty.

Ash: Misty!

Misty: Hey Ash. I heard what happened to you and I came to help.

Vince: We need all the help we can get.

?: Let us help too.

May and Max came.

Ash: May, Max! It's great to see you both again.

Max: You too Ash.

Naruto: It's like a reunion.

Lucy: It sure is.

May had a Glaceon with her. Max had a Flareon with him.

Misty: Gyarados come out!

A pokeball opened and out came Gyarados.

A cry was heard and in the sky was Articuno, Zapdos and Moltres - the Legendary Bird Pokemon.

?: You could use some more help guys.

Lunala came and it was like a force of power has come. Dialga and Arceus were with them.

Vince: All right guys. Lets blast these two into kingdom come so they will never bother us all again!

All: Right!

Arceus: Let me get a start.

Arceus activated his Earth power and a rock piller formed and sent Butch and Cassidy high into the air.

Vince: Now lets attack together. KAAA! MEEE! HAAA! MEEE! HAAA!

Vince fired his red x10 Kamehameha Wave at Butch and Cassidy.

Dialga: Roar of Time!

Dialga fired a powerful blue energy blast.

Lunala: Moongeist Beam!

Lunala fired an energy wave of moonlight.

May: Glaceon, Ice beam!

Glaceon fired a beam of Ice.

Max: Flareon, Flamethrower!

Flareon fired a blast of fire.

Moltres: Hyper Flame!

Moltres fired a beam of fire.

Zapdos: Thunder Shock!

Zapdos fired a blast of lightning.

Articuno: Ice Beam!

Articuno fired an Ice Beam.

Misty: Gyarados, Hyper Beam!

Gyarados fired a powerful blast of energy.

Brock: Steelix, Dragon Breath!

Steelix fired a blast of energy.

Ash: Pikachu, Electro Ball and combine with Thunderbolt!

Pikachu created a ball of pure Lightning and threw it and he fired a blast of lightning.

Dawn: Never terrorize us again! KA! ME! HA! ME! HAAAAAA!

Dawn fired a purple Kamehameha Wave.

Lucy fired a blast of Black Lightning and Naruto threw a Wind Style: Rasenshuriken.

The powers combined with Vince's Kamehameha Wave and they hit Butch and Cassidy and exploded with incredible power.

KRAAAAAAAABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOO

Butch and Cassidy landed on the ground as burned black charred husks.

Butch: Ow.

Cassidy: That smarts.

Police sirens were heard and on a motorcycle was Officer Jenny. She had a bunch of policemen and women with her.

Officer Jenny: Are you all okay? We saw the explosion.

Vince: We're all fine Officer Jenny.

Dawn: Arrest those two. [Points to Butch and Cassidy]

Ash: They are the ones that tried to kill me and Brock.

Dawn: And they got me sent to another dimension.

Officer Jenny: Is that right?

They got Butch and Cassidy up and slapped the handcuffs on them.

Officer Jenny: They sure did a number on you two. You're under arrest for attempted murder.

Vince: They are also members of Team Rocket.

Officer Jenny: That makes things different. Terrorism, theft and numerous other crimes will be added to their records.

Dawn: But take them to the hospital to get treatment and keep an eye on them. They're tricky and will try to escape from prison.

Meowth: That's right.

Dawn: We formed a truce with Jessie, James and Meowth here and they helped us.

Officer: I can believe it.

Vince: A deal's a deal Jessie, James and Meowth. You are free to go.

Jessie: Thank you Vince. We're enemies again.

Vince: Don't get used to this. But you're welcome.

Jessie and James and Meowth went into their Meowth balloon and left.

Ash: So why was Jessie, James and Meowth helping you?

Vince: We formed an unlikely alliance to help get justice for you and Brock.

Brock: It worked perfectly.

Lucy: It sure did. We got justice for Dawn.

Dawn: We sure did. Guys I can't thank you all enough for everything you've done for me.

Vince: No problem Dawn. It's what friends do.

Naruto: I'm glad we could help you.

Lucy: Same here.

Dawn: You guys are my true friends. Ash, Brock, I can't stay here. I have my friends in another dimension.

Ash: I understand Dawn.

Brock: Me too.

Vince: However you all can come and visit us whenever you want to.

Vince then gave them Dimensional portal watches and explained how they work. They all left afterwards. Butch and Cassidy were both found guilty of Terrorism, Theft, Attempted Murder, Arson and numerous other crimes and were sentenced to eternity in a cryo-prison facility in the Moon Supermax Prison.

THE END.

Another Fanfiction Complete.

I had an idea for a Justice for Dawn chapter and it turned out good. Let me know what you all think.

See you all next time.

# Samurai Loud's Part 1

"The Quest of the Brave 12 Begins"

Me, Varie, Vince, Naruto, Sakura, Fu, Jessie, Laney, Lincoln, Lisa and Lily were in the Simulator. This is gonna be a long exercise and we had seals on our bodies that prevent us from aging.

The Simulator activated and we found ourselves in the world of Samurai Jack.

Me: Awesome! We're in the world of Samurai Jack.

Vince: This show was awesome.

Lincoln: I agree. Jack was flung into the future by Aku and he's now trying to find a way back to the past.

Lisa: What happened to this whole city?

Me: From what I remember Aku changed the planet forever and the landscape has been radically altered.

Varie: No kidding. The whole world has been completely changed as a result.

Laney: These cities are unlike anything any human have ever seen before.

Fu: Why would this Aku do all of this?

Vince: He's the ultimate Evil. Aku is pure evil and he's immortal and invincible and there's only thing that can destroy him forever and that's the sword that Samurai Jack possesses.

Sakura: Wow. That sword must be really powerful.

Me: It is.

A whoosh was heard.

Naruto: [Points to the sky] Look up there guys!

We saw a time wormhole open up and out of it came Samurai Jack himself.

Naruto: It's Jack! I got this!

Naruto spread his wings and flew up and caught him.

Naruto: Are you all right?

Jack: Yes. Thanks to you.

Naruto and Jack landed.

Me: Good save bro.

Naruto: Thanks J.D.

Me: We should introduce ourselves Jack. I'm J.D. Knudson.

Vince: I'm Vince Pusateri.

Varie: I'm Varie Knudson, J.D.'s fiance.

Naruto: I'm Naruto Uzumaki Namikaze.

Sakura: I'm Sakura Haruno.

Fu: I'm Fu. I don't have a last name.

Jessie: I'm Jessie Bannon.

Lincoln: I'm Lincoln Loud and these are my little sisters Laney, Lisa and Lily.

Laney: It's a pleasure to meet you Jack.

Lisa: Greetings.

Lily: It's a pleasure.

Jack: It's a pleasure to meet all of you. Where am I?

Me: You're actually in a city in a radically altered landscape because of Aku.

Jack: Aku?

Vince: Yeah. Aku casted a spell that catapulted you into the distant future.

Lincoln: It allowed Aku's evil to fester and take over the planet.

Jack: I see. So the question is not where I am but when I am.

Laney: Exactly.

Lily: We're gonna help you get back home.

Jack: I would greatly appreciate that.

Me: All right guys we're gonna be known as the Brave 12 and our mission is to help Jack get back to his time in the past.

Jack: Thank you all. I must return to my own time so that I might undo Aku's evil reign before it envelopes the Earth. This ageless demon must be stopped.

Me: And we all will work together to stop him.

Jack: This is all very confusing for me.

Me: I know. Lets go get a drink.

We walked up to a door and I knock on it. 3 sliding windows open up.

Bouncer: What do you want?

Me: We would like to come in for a drink please.

Bouncer: A drink? Of course. Come on in.

The windows closed and the door slide up and there was techno rock music playing.

Me: Wow! That is hardcore rock music.

We went in and saw that the bar was full of alien creatures unlike anything we've ever seen before. Most of them were humanoid.

Varie: These guys are weird.

Vince: No kidding.

Jessie: I must admit. This is really awesome.

Lincoln: I agree.

Naruto: Look at that guy.

Naruto pointed at a creature that looked like a slug commando.

Creature: And what you lookin at!?

He jumped over the table and I punched him in the face as he was about to attack and I sent him crashing into a table.

POW! CRASH!

Me: Don't even think about it slugface!

The creature got up.

Creature: Humans you got some nerve!

Vince: We have not yet begun to fight.

The creature pulled out a weapon and it was a weird sword.

I unsheath my sword and slash the creatures arm off.

It alerted more of his kind and they attacked. They fired missiles and we deflected them all back at them and destroyed they.

In a booth 3 dogs that could talk saw us fight and they approached us.

?: (British Accent) Pardon me fine sir.

I kneel down.

Me: Yes?

?: My friends and I would like to offer the chance to join us.

Me: Certainly. Lets go to a booth and talk.

At a booth we were looking at them with curious expressions. A waitress came.

Waitress: Your refreshments are here.

?: Splended.

She gave us our drinks.

?: My friends I do apologize how rude of us. We haven't introduced ourselves. [Introduces the yellow dog] This is Sir Dreyfus Alexander - Chief of Excavation. Um Dreyfus old boy. You're drooling again.

Dreyfus: Huh, oh! Sorry.

He blubbered and got his drool everywhere but our auras were protecting us.

?: (Scottish Accent) You blasted idiot you're getting everybody wet!

?: And this fine gentleman is Angus McDuffey - Artifact Aficionado. And I am Sir Colon Bartholemew Montgomery Rothchild III or Rothy for short. (Chuckles)

Me: It's a pleasure to meet you all. I'm James Dean Knudson. But my friends call me J.D.

Varie: I'm Varie Knudson, J.D.'s fiance.

Vince: I'm Vince Pusateri.

Jessie: I'm Jessica Bannon. But everyone calls me Jessie.

Naruto: I'm Naruto Uzumaki Namikaze.

Sakura: I'm Sakura Haruno.

Fu: I'm Fu. I don't have a last name.

Lincoln: I'm Lincoln Loud and these are my little sisters Laney, Lisa and Lily.

Laney: It's a pleasure.

Lisa: Greetings my friends.

Lily: Charmed.

Jack: And my name is Jack.

Rothy: It's a pleasure to meet all of you.

Jack: This is all very confusing to me.

Rothy: No, no, no, no, no quite all right. Quite all right. Since the beginning of history the immortal Aku has ruthlessly ruled the Earth. Plundering its resources as he sees fit. But it was still not enough. He opened his ports to the galaxy so that he might take the riches of other worlds as well. Since then his otherworldly business affairs have drawn scaths of vicious criminals, mindless stooges, and questionable mercenaries to our pitiable planet. Making the Earth topsy-turvy if I do say so myself.

Me: We believe it. Aku has radically altered the landscape in such a way.

Jack: There are other worlds across the stars?

Me: That's correct Jack. One of humanities biggest mysteries was Are we Alone in the Universe? and the answer is No we are not. We all come from Earth.

Jack: Yes. This world is different from the world that I remember. Even the grandest cities were not as overwhelming as this one. Chariets did not fly and dogs did not speak in human tongue.

Varie: He's right. We mean no insult to you guys. The dogs we have are wonderful companions and they only barked.

Lincoln: Yeah.

Dreyfus gasped.

Rothy: You see the ancient myths are true!

Angus: Impossible! If what you're saying is true, they'd have to be thousands of years old.

Rothy checked Jack and it gave a reading.

Rothy: (Gasp) Astounding! The age-ometer dates your particles all the way back to 25 B.A. 25 Years before Aku enslaved the Earth. You Jack my friend are a living fossil.

Jack: You were right J.D.

Me: Mm-hmm. We are from the year 2017. What year are you from Jack?

Rothy: If I may I believe he would be from the year 200 B.C.

Naruto: That's over 2,000 years ago from our time.

Angus: Right.

Me: What is the year now?

Rothy: It would be in the year 10,533 A.D.

Sakura: We're way in the future.

Fu: No kidding.

Me: We are known as the Brave 12 and our mission is to not only help Jack get back to the past but also destroy Aku.

Lily: Isn't anyone going to hear us in here?

Me: No. I put up a sound barrier that prevents sound from escaping and no one can hear us.

Naruto: Good thinking.

Rothy: Oh I'm so glad we agree on that point. Which actually brings us back to our proposal. You see we are archaeologists trying to dig up the remains of our ancestors to find out more about our past. It was only a few years ago that we had discovered that our ancestors walked upon their legs and their arms.

Dreyfus: Then one day, during our excavation we actually stumbled upon rare jewels.

Angus: Aye. These jewels ended up being a key source of power for Aku.

Rothy: So he enslaved us to forever dig up his jewels thus stiffling our excavation of our glorious past. Which is why we need you.

Me: You called the right people and we will gladly help you.

Rothy: Splended. Well we're off then.

Jack and the dogs took a ship and we flew. Naruto was carrying Jessie. We flew over the landscape and saw that it was altered much worse than what we first thought.

We arrived at the Dogs camp and it was an amazing sight. Lots of old relics from the past were dug up as well as numerous clusters of crystals.

Rothy: Welcome to our camp. As you can see our archaeological dig had unearthed many astounding discoveries concerning the history of canine kind. But unfortunately Aku has shall we say redirected our efforts purely toward the excavation of his precious gems and if Aku's unreasonable quottas are not fully met, I'm afraid terrible punishments are exacted.

We saw lots of dogs crucified to horned structures.

Rothy: My peoples spirits are broken. We simply cannot live like this any longer!

Aku was making the dogs work tirelessly without a break and they were suffering.

Jack: I have seen Aku implement these atrocities before but no more. Even dogs should not be forced to live like dogs.

Me: I agree. No offense Rothy.

Rothy: None taken.

Me: All right. Lets get to work.

Naruto: Right.

Naruto rallied up the dogs together and told them everything about Aku's evil oppression and more. They abandoned their work. The dogs were forever indebted to us. I put up a special barrier that prevents Aku from seeing the dogs not working.

Rothy: Of course J.D. It was truely a noble deed you all have done today and a historic record most worthy of our logs. You have saved all of our pack from the tyranny of Aku. We are forever indebted to you.

Me: Think nothing of it. But it's our mission to oppose the minions of Aku and free everyone under his oppression and our mission to help Jack get back to the past and destroy Aku himself.

Rothy: Thank you so much. Now that we are free we shall take our leave of these forsaken mines. Our pack shall once again continue to unearth new discoveries to our puzzling history.

Jack: I wish you the best.

Jack and Rothy shook hands.

Rothy: We certainly invite you to join us.

Me: I wish we could Rothy but we can't. Aku's wrongs must be righted.

Jack: Yes. Surely there is a way to reverse his spell.

Varie: We will help Jack find a way back to his own time and help him finish what he started centuries ago and defeat Aku's evil before it was ever unleashed.

Vince: And Aku will pay for everything hes done to our planet.

Naruto: Yeah.

Jessie: That's right. We won't let him get away with this.

Me: The Brave 12's Quest has begun.

"The Brave 12, the Woolies and the Chritchellites"

We, The Brave 12 were wandering through the forest and stopping for a picnic and we heard a beast roar and a large hairy creature ran. 3 more of the creatures riden by smaller creatures were chasing after it.

Me: Lets go!

Varie: Right!

We ran after the creature and I got on it and we teleported and hid in a barrier that prevented us from being seen.

Creature: Where did it go?

Creature 2: I don't know. He just vanished.

Creature 3: Find it so we can punish it!

They left.

Me: That was a close one. [To the beast] Are you all right?

?: Yes. I have been a slave to those awful creatures for decades.

Varie: That's awful.

Jack: Looks like we arrived at the right place at the right time.

Vince: We sure did.

Lincoln: What kind of creature are you?

?: I'm a Woolie. All will be explained at night.

Later that night, the Whoolie lead us to a gate and it had a big lock on it.

Laney: I got this. I learned it from Leni.

Laney pulled out a bobbi pin from her pocket and picked the lock and it opened.

Naruto: Very clever Laney.

Sakura: I agree.

We gasped as we had seen lots of Whoolies sleeping.

Jack: What is this place?

Woolie: It's where we're kept at night.

The Whoolie lead us to a set of stairs and it lead to a tall platform.

Woolie: Up.

I went up the stairs and saw a huge Whoolie that was hairer than the rest. It opened its eyes and they glowed yellow and fired a beam of light into my eyes. It was a psychic vision.

?: I am Lazzor, the eldest of Woolies. [Shows me a flashback of the Woolies past] (Narrating) Countless seasons ago, before the darkness fell we were a happy people. We have discovered a way of life that most creatures only dream about: Paradise. Ours was not a culture based on technology. [The Woolies were a very peaceful and friendly people that lived in harmony] Our village was prosperous. Then THEY came. A pestilence that rained out of the sky. [A bunch of small rockets from outer space landed in the Woolies village. They opened and an army of those blue creatures from earlier came out] The Chritchellites were upon us. [The Woolies tried to defend themselves with their farming tools] At first we tried to defend ourselves but we were no match for their technology. Using the power of the Orb, the Chritchellites has enslaved us to their service. [A giant yellow orb on top of one of the rockets was used and it made the Woolies too front heavy to travel on their hind legs, forcing them to stand on all fours] For decades they have abused our land and if they are not stopped, I fear my people will soon fade from history.

The vision ceased and I was shocked. The Chritchellites were abusing the Woolies to extinction.

Lazzor: Will you help us?

Me: We will Lazzor. The Brave 12 will gladly help you.

I go down the stairs and reveal the situation to everyone and they were horrified.

Sakura: Those little creatures enslaved the Woolies and are driving them to Extinction!? That's horrible!

Fu: We have to stop this.

Naruto: This is totally unacceptable.

Me: I agree bro.

Lincoln: We have to stop this madness.

Lily: I agree. Life is a precious thing and the Chritchellites are treating it like a disposable commodity.

Vince: You'll get no argument from me Lily.

Varie: [To the Woolie] Can you show us where the Orb is?

Woolie: Of course. Follow me.

He lead us to the Orb rocket and we saw a Yellow Orb on top of it.

Me: That must be it.

We saw that the Chritchellites are all sleeping.

Sakura: They're all sleeping. Perfect.

Me: Lets give them a rude wake up call. Jack watch this.

I get into my stance.

Me: KA! ME! HA! ME! HAAAAA!

I fired a Kamehameha Wave right at the Orb and it hit it and completely destroyed the rocket in a fiery explosion.

KRABOOM!

The explosion woke up the Chritchellites and they saw that the rocket was completely destroyed.

Chritchellite 1: What? The Orb is completely gone!

Lazzor woke up.

Lazzor: It is time.

The Woolies all woke up and for the first time in decades they were able to stand on their hind legs. They went to where the fight was.

Chritchellite 2: Get them!

We pulled out our swords and slashed their tridents apart and punched the Chritchellites into oblivion. The Woolies came and joined the frey.

Woolie: Your weapons are worthless now. This is our home!

Me: So leave this planet and never return!

The Chritchellites screamed in terror and they got into their rockets and left. Never to come back.

Me: We did it guys.

Jack: Yes we did.

Vince: But our work is not over yet.

Varie: No it is not.

The Woolies were kneeling as Lazzor came down and landed in front of us.

Lazzor: We are forever grateful Brave 12 to your deeds done today.

Me: It was our pleasure Lazzor.

Vince: We had to do what we could to help.

Lazzor: Yes. If there is anything that you seek, please honor us by letting us help you.

Jack: There is one this that we quest for.

An image of Aku showed in Lazzor's eyes.

Lazzor: Yes, I understand. Travel north Brave 12. There you will find a magical place that can help you fulfill your destiny.

We all left North and set out to find this mysterious place.

"Brave 12 In Space"

We were walking throught the forest and sitting by a river having a drink when suddenly an explosion occured.

KRABOOM!

It scared the birds away and we ran. We dodged incoming arrows that exploded on contact until we came across a space habitat in the middle of the forest.

Me: Wow! This is really interesting.

Out of the forest came three giant Mantis Robots.

Vince: Wow! Those Mantis Robots are amazing.

The Mantis Robots got their weapons ready and they looked at us.

Astronaut 1: Uh oh!

The Mantis Robots saw the colony.

Mantis Robot: (Robotic Voice) You have been found guilty of breaking Aku law 101 and 203: Habitation in an unauthorized facility and unauthorized construction of an escape vehicle. Your punishment is Extermination.

The Mantis Robots went after the colonists.

Me: I don't think so! Come on guys!

We slashed apart the Mantis Robots like they were nothing and they exploded.

KABOOM! KABOOM! KABOOM!

Astronaut 2: (German Accent) Well according to my calculations our chances of escaping are now 334,872 to 1.

Lisa: Interesting odds.

Astronaut 2: It is.

Astronaut 3: (German Accent) Oh no. After all these years we have to go back to work for Aku. I can't do it! (Crying)

Me: We didn't mean you any harm guys. It's our mission to help free all those that were enslaved because of Aku's tyrannical oppression.

Astronaut 4: That's right so calm yourself Frederick.

Frederick: Oh easy for you to say. You were just a baby when the rest of us were forced to use our scientific knowledge to build Aku's evil robot army and half of his evil technology.

Astronaut 4: My age is irrelevant here. We shouldn't just give up. We still have a chance.

Me: Yes. We are on a mission to not only free those that have been enslaved by Aku but also our primary mission is to help Jack here get back to his time to destroy Aku 10,700 years into the past.

Woman Astronaut: That's interesting. You all must be the Brave 12.

Me: That's right. My name is J.D. Knudson.

Varie: I'm Varie Knudson, J.D.'s Fiance.

Vince: I'm Vince Pusateri, J.D.'s partner and 2nd in Command.

Jessie: I'm Jessie Bannon.

Naruto: I'm Naruto Uzumaki Namikaze, J.D. and Vince's adopted Younger Brother.

Sakura: I'm Sakura Haruno.

Fu: I'm Fu. I don't have a last name.

Lincoln: I'm Lincoln Loud and these are my younger sisters Laney, Lisa and Lily.

Laney: Charmed.

Lisa: Greetings.

Lily: It's a pleasure.

Jack: And Everyone calls me Jack.

Astronaut 5: It's a pleasure to meet you all.

Astronaut 4: We could use your help. We need a long enough destraction to get through Aku's Blockade.

Me: We will gladly help you all. But Jack and Jessie don't have powers like we do and can't breathe in the endless vacuum of space.

Astronaut 5: Leave that to us.

Jessie: Thanks for your concern J.D.

Me: You're welcome Jessie.

2 Hours Later, Jessie and Jack were being tested and they were fitted with awesome spacesuits.

Me: Those spacesuits look awesome on you both.

Jessie: Thank you J.D.

Lisa: Indeed.

The next day the rocket lifted off and we were in Space.

Astronaut 4: Ladies and Gentleman, we are entering Aku's Blockade.

Lily: Here we go guys.

Frederick: They're going to launch the 1st Wave. Better get The Brave 12 to the air lock.

The Air Lock opened and we went into Space and it was awesome breathing in space.

Me: (Echoing) Here they come. They're tick robots!

We were slashing and smashing the Tick Robots to pieces and they all exploded.

Sakura: (Echoing) That takes care of the Tick Robots.

Frederick: The fuel level is dropping!

Vince: (Echoing) Look! Mosquito robots!

We slashed and smashed them too.

Loud buzzing was heard and we saw a huge swarm of Hornet Robots.

They fired stinger missiles at use and we dodged them. But they were guided missiles. We had the missles follow us and they hit the Hornet Robots and destroyed them all and we slashed and smashed and blasted the robots into pieces.

Fu: (Echoing) How's that for splatting bugs!?

Astronaut 4: Great job guys!

Me: Thank you.

Astronaut 4: Get in the pod guys!

We did so.

Astronaut 4: Maximum velocity will be achieved in 1.2 minutes.

Astronaut 2: Stabilizing retro rockets.

Woman astronaut: Standing by.

She typed in some commands.

Woman Astronaut: Brave 12, I'm gonna lock you in. This is going to be quite a ride.

Me: Okay.

There were metal straps that locked us in. Outside the Hornet Robots were combining into something.

Frederick: What is that?

Astronaut 4: Looks like the bug bots are forming into a giant gun.

Screens lowered down and we saw the gun.

Naruto: Look at that!

Laney: It looks like an oversized Badminton Birdie.

Me: It kinda does.

Lisa: It's actually a Superlaser Cannon.

Varie: We have to stop that thing!

Vince: Yeah!

We unlock and go after the gun.

Frederick: The Brave 12 are unlocking!

Woman Astronaut: What!?

Astronaut 4: Guys what are you doing? We're almost at top speed!

Me: We can't let the robots fire that gun!

Astronaut 2: The odds of them hitting us at this speed are 325 to 1.

Jack: We cannot take that chance.

Woman Astronaut: But you'll never make it back in time guys.

Lisa: (Echoing) We know. But you guys go.

Astronaut 4: Initiate the countdown!

Frederick: But what about the Brave 12?

Astronaut 4: Darn it there's no time!

The warp drive countdown began.

The gun charged up and I charged up a Kamehameha Wave.

Me: KAAA! MEEE! HAAA! MEEE!

Me and the Gun fired at the same time.

Me: HAAAAAAAAAA!

The blasts collided. The rocket went into faster than light travel as my technique overtook the cannons laser and it went into the energy cannon and it exploded with incredible power.

KRAAAABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

I protected us in a force field bubble and the explosion blew us towards Earth and we reentered the planets atmosphere and crashed when we hit the ground.

We were unscathed.

Me: is everyone okay?

Vince: Yeah we're fine. Good thinking.

Me: Thanks guys.

In a heroic act of immeasurable sacrifice and selflessness we saved the Astronauts from Aku's oppression and sacrificed our way back to Jack's time to save them.

"The Brave 12 and the 3 Blind Archers"

---

We the Brave 12 were on a boat headed to our next destination when we heard a strange story told by a man.

Man: I alone was the only survivor. My entire robot army, COMPLETELY ANNIHILATED! In my dreams I still see arrows falling like rain.

Man 2: What does the tower hold that would make you sacrifice a whole army? Treasure, gold, rubies?

Man: Bah! Nothing as materialistic as treasure. At the top of the tower is a mystical well, the Well of King Ozric. Those who reach the infamous well are granted one wish. Your greatest desire.

We overheard the whole conversation and we thought it would be worth a shot.

Me: This well could be the key to getting you home Jack.

Jack: It sure looks like it.

Vince: Lets go ask.

We got up and asked the man.

Me: Excuse me? Is the Well of King Ozric real?

Man: Of course! In fact we're passing by it now. There.

The man pointed to the island over to the right.

Man: In the center of that mist-shrouded isle lies the treasure of King Ozric.

Jack: Thank you.

We were about to walk to it but the man stopped us.

Man: Wait! I beg you all. Reconsider. There are only three archers and yet they decimated my whole army.

Me: Thanks for the warning sir. We heard you talking about these archers and they must really be worth a challenge. But that well could very well complete our mission.

Jack: Yes. That well could get me home.

Man: There are other ways to get home.

Vince: Not for Jack here. He's from 10,700 years into the past.

Sakura: And we won't stop until we complete our mission.

We then took a boat across to the island and landed.

Me: Quaint place.

Jack: Yes.

We trekked through the forest and we found the Tower of King Ozric.

Laney: That must be it.

Naruto: It sure is.

Fu: It's just a lone tower.

Varie: Yeah.

Me: If the archers are there then maybe we can get their attention.

I pick up a rock and threw it at the tower and arrows struck it out of nowhere and reduced it to a grain of sand.

Me: Whoa!

Lily: That is really awesome marksmanship.

Lincoln: They all hit their target on the spot.

Vince: They're coming out.

I pull out my binoculars and look at the archers.

Me: The archers are blind!

Varie: Really?

Me: Yeah. Look.

I hand Varie the binoculars and she saw that I was right.

Varie: You're right. So that's how they hit their target with no problems. They rely on sound and feeling the vibrations in the air of all things.

Naruto: Very clever.

Me: This is Aku's handiwork

Jack: Aku? What do you mean J.D.?

Me: He flooded the well with his evil and poisoned it.

Laney: Yeah. I can sense it.

Jessie: Me too.

Jack: Then we have to help the archers.

Sakura: Yeah. They must be people under the curse of the well.

Fu: How are we gonna get near the well? Those archers are going to kill us.

Vince: We must fight on their level.

Me: Oh I get it. Fight fire with fire.

Vince: Exactly.

We put blindfolds on and relying on sound only we had a strong chance.

Me: Lets do it.

Jack: I am ready.

We ran towards the tower and the Archers heard us coming and fired 3 arrows at us. We heard the arrows coming by feeling the vibrations in the air through sound. We dodged them and moved in different directions and dodging more arrows as we ran. We got under the tower and the archers tried looking for us with their ears. We jumped onto the tower and went high into the sky and landed on the tower and the Archers fired arrows at us and we ducked and they struck eachother and ricocheted off eachother and hit the archers head on. We took off our blindfolds and we saw black slime ooze off the archers and the archers were really monks.

The black slime went back into the well and the monks regained who they were.

Monk 1: (Groans) Where? What?

The monks vision returned to them.

Monk 1: I can see!

Monk 2: We're restored.

Monk 3: How is it possible?

The monks saw us and knew that we were responsible for freeing them.

Monk 3: You all have broken our curse! We thank you.

Me: You're welcome. We are the Brave 12 and we originally came to make a wish at this well.

Monk 3: The well is yours.

We approached the well.

Well: (Gurgling Voice) Proclaim your wish great warriors and it will be fulfilled beyond your wildest dreams.

Monk 1: We must warn you all. Any wish granted comes with a price.

Me: We kind of figured that. This well was corrupted because of Aku.

Monk 1: We know. It was forever ago we fought long and hard to reach this well. When we got to it we stood before the well and made our wish: to be the greatest of warriors. The spirit of the well did indeed make us great warriors. But in so doing robbed us of our sight and our minds. Enslaving us as its personal guard. We have lived cursed lives until now.

Me: Yeah. Our original intention was to use the well to help Jack here get pack to his time 10,700 years into the past. But we had a very strong feeling that the well doesn't just give anything for free. We figured out that this was Aku's handywork and we came to free you after figuring it out. Come on guys.

We got our swords ready and stood at 12 sides of the well.

All: EVIL SPIRIT OF THE WELL, YOU WILL NOT CLAIM MORE INNOCENTS! WE WISH THEE DESTROYED!

We stab the well and black slime goes high up into the sky and disintegrates into nothing.

We sheathe our swords and decide to leave the island.

Lisa used her technokinetic powers and built laser guns for us.

In an act of immeasurable sacrifice and selflessness we freed the monks from Aku's evil.

# Samurai Loud's Part 5

"The Brave 12 and the Wrath of Mad Jack"

It starts in a local bar in the middle of the forest. A bunch of bounty hunters were playing Russian Roulette with a fork.

A fish bounty hunter had a fork in his fin and licked it and tapped the table and sped up the tapping and then a stab was heard.

THWACK!

Bounty hunter: Yooowwwwww!

Fish Hunter: Pay up sucker!

A bear man paid him and the hunter punched him.

The music in the juke box was changed and that's when we came in.

We walked up to the counter and the Bartender saw us.

Bartender: You all want something?

Me: Tea and hot water please.

The bounty hunters saw this as an insult.

We sat down and Jack took off his hat and we poured our glasses.

The fish bounty hunter pounded on our table.

Fish hunter: Hey! You've got some kind of nerve!

Me: Yeah. What of it?

Fish Hunter: You've got some gump coming in here you know what I'm saying?

Vince: Yeah we know what you're saying.

Fish Hunter: [To Jack] Better finish that drink quick [licks it and drinks it] 'cause you might not live much longer.

Naruto: We're not scared of you.

Fish Hunter: You should be. [Places a wanted poster of Jack on the table] Aku is offering 2 Googolplex on your head Jack. 2 Googolplex, that's a lot of money.

The bounty hunters all drew their weapons and approached us.

Fish Hunter: And we aim to collect it. Right about now.

Jack poured his drink and when the last drop of water fell all the hunters came at us and we drew our swords and slashed them into pieces.

---

The bounty hunters fell apart in a pile of blood and guts.

Sakura: So much for them.

Fu: Yep.

We leave the bar and we saw another bounty hunter in the courtyard.

Hairy Bounty Hunter: SAMURAI JACK! This you? [Holds up the same wanted poster] Yeah, look like you.

He came at us and I kick him and sent him flying and he crashed into the wall.

Hairy Bounty Hunter: (Dazed) Googolplex.

He was knocked out.

Jack: Looks like there'll be no money for you crazy round man.

Lincoln: I agree.

A whoosh sound was heard and we saw a tethered harpoon headed toward us and we jumped out of the way.

We saw that it came from a Three-Eyed monkey bounty hunter.

Three-Eyed Monkey: SAMURAI JACK! [Retracts the harpoon] You're mine!

He was hooting and he jumped down and Naruto kicked him and Sakura smashed him into scrap.

Vince: He was a robot.

A bear dressed in Canadian clothing came and roared.

ROOOOOOAAAAAAAAAAARRRRRRRR!

A giant centipede robot emerged from the ground and grabbed Jack. But Jack busted through it and Laney slashed tamed the bear and it vanished and became a tattoo in the shape of a bear on her arm.

The Centipede robot became two and dug into the ground and an ugly elephant appeared and on it was a robot of Huntor from Dexter's Lab.

Me: Geez it's a bounty hunter frenzy!

Jack: No kidding.

Robot Huntor fired at Jack and he deflected his shots and I jumped up and slashed him and Lily slashed the centipedes.

But the Centipede Robot wasn't finished yet as it was now 4 robots. Jack got mad and slashed the robots apart.

Aku was watching Jack from his castle tower.

Aku: USELESS BOUNTY HUNTERS! Is there no fighting style that can defeat his? (Gets an idea) YES! No fighting style CAN defeat his. (Evil Laughter)

When the fight was done Jack was mad.

Jack: (Echoing) WHO ELSE WANTS SOME!?

Me: Calm down jack. They're all gone.

Naruto: Yeah. Just relax.

Jack: (Panting) Yes. Thank you.

But then we saw a wanted poster of Jack glow behind us and it formed into a shape and a form began to materialize. When it finished it was another Jack and he had black clothes and eyes that are red with pure evil. We were horrified.

Jack: What sorcery is this? Who are you?

2nd Jack: Don't be such a fool! I'm you!

Jack: If you are me then who am I?

2nd Jack: (Growls) You're so stupid! You are you also.

Jack: Enough! You are my mirror image yet your speech is fowl with evil and disrespect! Who are you and how have you come to be me?

2nd Jack: I am the son of Aku's magic. He has looked deep within you and has spawned me from your own burning hatred. I am your dark side and I possess all the powers that you wield and I have only one purpose in my existence: to destroy you!

We gasp.

Me: Aku created a physical embodiment of the very hatred and rage that exists within Jack's soul.

Lisa: This is definitely a very similar scenario to what had happened with Carol.

Vince: I heard about that.

Jessie: This is crazy.

Me: Jack, let me face him. He knows everything you do and if you fight him it will be a complete stalemate.

Jack: You're right J.D.

I walk towards him and unsheath my sword and go Super Angel.

Me: Lets dance.

Mad Jack jumped up and unsheathed his sword and went at me. I blocked his strike and slashed his arm.

Me: That must've hurt huh?

Mad Jack: Not as much as this will!

We both engage in a powerful and deadly swordfight. Sparks were flying everywhere and setting the whole forest on fire.

Sakura: The forest is burning!

Fu: This is getting intense!

Laney: No kidding.

Lily: Jack he was born from you and you have the power to stop him.

Jack: Yes I do.

Jack reached deep into his heart and he saw a burning tree completely engulfed in flames. This showed the massive hate and rage burning inside his heart. He covered the tree with the waters of love, kindness and purity and it became a beautiful waterfall.

The fire extinguished itself.

Mad Jack: What the heck is going on!?

Me: You've lost. The battle is over.

Mad Jack: What!?

Jack: You are my inner demon. You were born from the hatred within me. But now that hatred is no more. Thus you do not exist.

Mad Jack: Fool! I am real! Now feel the reality of my cold hard steel!

He screamed bloody murder and went after jack. But Jack made Mad Jack disintegrate into nothing.

Lincoln: Jack you did it!

Jack: I sure did. Thank you all for helping me destroy my hatred.

Me: You're welcome Jack.

Varie: We're proud of you Jack. Hatred is a thing that can destroy your mind beyond all repair.

Jack: I agree.

We later continued on our quest.

"The Brave 12 and The Underwater City"

We, The Brave 12 are over at a sea harbor having a drink with a sea captain.

Sea Captain: Aye. I know of such a thing. But a tale must be told. A fishermans tale about the Triceraquin. The most elusive creature in the sea.

A waitress delivered our drinks.

Sea Captain: Yes the Triceraquin.

Waitress: All right who ordered the green tea and waters?

We raised our hands.

Sea Captain: But I caught one once.

Me: When was this?

Sea Captain: It was 7 years ago off of Tempest Point. I braved those waters for three days without a single bite. But on the third day something bit. Something big.

Sakura: You caught one didn't you?

Sea Captain: Aye. I did and on this point you'll have to trust me because I let the Triceraquin go.

Everyone groaned in disbelief.

Sea Captain: Pipe down you gunnysacks! Yes. I let him go and in return he told me about the secret hidden city at the bottom of the ocean: Oceanus. And the treasure that lies within it. A machine, a Time Machine.

Creature: Oh boy.

Me: A time machine? Jack this could be the key to help get you home.

Naruto: Yeah. It could very well be.

Jack: Lets go see.

Sea Captain: It'll take a brave man to make the trip. The Water's passed Tempest Point aren't for the meek. But you all look like a group of brave people. Brave people indeed.

We take a boat and sail out towards Tempest Point. We arrived in 8 hours and the waters were really rough. A huge wave capsized our boat and we dove underwater and a fish grabbed us. Vince, Jack, Naruto, Sakura, Fu, Lincoln, Jessie, Laney, Lisa and Lily found themselves in a cool transport fish. I was swimming outside and Varie was in her mermaid form.

Me: Wow. That is so cool.

As we traveled across the ocean floor we saw lots of different species of fish that were unlike anything we had ever seen before. We then arrived at the hidden city Oceanus.

Me: There it is. Oceanus.

Varie: It's beautiful.

Laney: It's magnificent.

Lisa: It is a marvelous specticle.

Lily: It sure is.

Jessie: It's beautiful.

Naruto: No kidding.

The fish went passed it.

Naruto: Wait fish!

Naruto did something and the fish turned. He looked at his foot and found that the fish turned when he stepping on a part of its brain.

Naruto: Hmm. Interesting.

Naruto stepped on another part and it turned back.

We went into the city and walked around. At the end of a hall we were in a elevator and it filled up with water and it took us to the top sphere. It opened and poured all the water out and we were on the floor and we saw the Triceraquins.

They extended their hands and we took them and they got us up.

Triceraquin 1: (As Alec Guinness) Don't be afraid little ones. We won't hurt you. Tell us, what are your names?

Me: We are the Brave 12. I'm J.D. Knudson.

Varie: I'm Varie Knudson, J.D.'s Fiance.

Vince: I'm Vince Pusateri.

Naruto: I'm Naruto Uzumaki Namikaze.

Sakura: I'm Sakura Haruno.

Fu: I'm Fu. I don't have a last name.

Jessie: I'm Jessie Bannon.

Lincoln: I'm Lincoln Loud.

Laney: I'm Laney Loud.

Lisa: I'm Lisa Loud.

Lily: I'm Lily Loud.

Jack: And I'm Jack.

Me: Please forgive our trespassing. We have come to…

Guinness: Brave 12? Well, welcome all of you. Welcome to

Oceanus.

We were shown around.

Guinness: We are the Triceraquins, amphibious beings that reside here.

Triceraquin 2: (As Ringo Starr) Congratulations on surviving your journey.

Triceraquin 3: (As Sean Connery) Yes and without gills too. Good show to all of you.

Guinness: Come. You all must be tired.

Ringo: And Hungry too.

Guinness: We were just about to sit down for supper. I'm sure we can make room for 12 more.

A door opened and we saw a huge spread of seafood and sushi.

Jack: Sushi.

Me: What a spread.

We were eating and it was really good food.

Guinness: [Raises a glass] A toast to our new friends. Welcome Brave 12.

All: Welcome Brave 12.

Jack: Thank you.

Me: It's an honor.

Guinness: Due to the nature of our geography it's not often that we receive visitors. In fact you are the first. Of course it wasn't always like this. We were once a very social race. [Places a dumpling in the soup] Our people lived on the surface of the ocean and traded with the locals of the mainland. That was of course before he came and banished us to the bottom of the sea.

Me: Aku. I can't believe he did this to you.

Jack: Aku is pure evil.

Guinness: Yes. We have a feeling you're right. We have a confession. We were told by Aku to set a trap for Jack and Aku promised to raise our city back to the surface.

Jack: I understand but I would not do it.

Me: Aku is the ultimate personification of pure evil in its entirety. Making a deal with Aku is like making a deal with the devil himself. But Aku is 100 times worse than the Devil completely.

Ringo: We agree with you and making a deal with Aku was completely foolish.

Jack: Yes. I understand. There was never really a time machine was there?

They shook their heads.

Me: Well that was a bust. But the least we can do is help you get back to the surface. You all may want to hold on to something.

I focus my powers on the ground and lift up the entire city on a rock platform and form a mountain underneath it that lifted up the city to the surface. For the first time in years, Oceanus is now on the surface once again.

Connery: It's so beautiful.

Guinness: We are forever grateful to you all Brave 12.

Me: Think nothing of it.

Naruto: We have a huge mission ahead of us.

Jessie: Our mission is to help Jack get back home to his own time 10,700 years into the past and destroy Aku once and for all.

Ringo: We know you all can do it.

Me: Thank you.

Later after we got back to the land our stomachs growled and we set up a picnic and had some sushi that the Triceraquins gave us for our travels.

"The Brave 12 and the Cursed Lava Monster"

We the Brave 12 were walking through a cold meadow and it was freezing cold. As we were walking through the meadow we heard a mysterious voice call us.

?: Come.

Me: What was that?

Vince: It was probably nothing.

We continued on and we heard the voice again.

?: Come.

Sakura: There it is again.

Fu: Yeah.

We went on and we heard it again.

?: Come to me.

Naruto: Where is that voice coming from?

Lincoln: I don't know.

We went on and the voice was calling us again.

?: Come.

Jack: Who is there?

We saw an owl come out of the trees.

We pressed on and the voice called us some more.

?: Come. Come. Come.

We unsheathed our swords and stood ready.

Jack: Show yourself!

Me: Come on out!

Voice: Come to me!

Jack: Coward.

We ran and the voice still beckoned us. We then came across a burned and charred landscape.

Me: What happened here?

Lily: This whole land is burned and totally desolate.

Laney picked up the soil and it was all ash.

Laney: This land was burned a few millenia ago.

Jack: Yes. Something evil has ravaged these lands. A very familiar evil.

Varie: And I have a very strong feeling that it was Aku that did this.

Me: Me too.

Voice: Yes! Come to me!

We pressed on and we saw lots of old rusted out Viking Ships and the skeletons of viking people that have been dead for thousands of years.

Lisa: Fascinating. These viking ships have been here for 9,000 years even after the Dark Ages had passed.

Jack: I am very familiar with the vikings. They taught me their fighting styles.

Naruto: What caused all these vikings to perish?

Fu: Aku probably.

Vince: Yeah.

Up ahead at a nearby mountain we saw a light coming from the top and we knew that that's where the voice was coming from.

Voice: Come!

We went to the Mountain and got to the bottom and climbed up and we went into a cave that went down into the mountain.

Voice: Come!

Me: This could be a trap or a test.

We step onto the floor and numerous spears were thrown at us and we dodged all of them and Lily grabed most of them. The walls into the next room were closing and I slashed a spike and left an opening. We were in the next room.

Voice: Come!

Me: The voice is calling us further in.

Sakura: Yeah. But what does he take us for?

The floor was rising and raising us towards the ceiling and the ceiling was loaded with stalactites ready to impale us.

Me: A fool we've been!

We ran and got into the next room as the cave closed. We then saw another room.

Voice: Come.

Me: The voice is still calling us.

Lisa: Look at this.

Lisa showed us a skeleton of a viking soldier.

Me: Looks like hes been here for a while.

Lily: Yeah.

Lincoln: What do you think killed him?

Jessie: I don't know.

Jack pulled a web and broke it and crystal shards were flying in both directions of left and right and ready to skewer us.

Me: Everyone stay close.

I encase us in a force field bubble and we ran into the room and the crystals were bouncing off the force field. We got out of the room and slipped on some rocks and fell into a tall room that had sharp stalagmites and we spread our wings and grabbed Jack and Jessie.

Me: That was close.

Lincoln: Yeah but look. More warriors.

Some skulls and skeletons were impaled on the stalagmites.

We go over to a structure that was slamming teeth and we had to time it right.

We jumped through and got through it all. We went down another tall room and it had a death worm like machine and we cut all the teeth.

We were in the very core of the mountain and lava poured into the room and we ran and saw numerous rock platforms in a lake of lava. We flew over to an island in the lake and a rock figure arose and it woke up. He formed a mace made of rock and crystal.

Lava Monster: Welcome to your doom.

We stood ready.

Jack: Many warriors have been lured here to their end.

Me: Why have you done this?

Lava Monster: My purpose is to battle.

The Lava Monster swung his mace at us and we dodged and we slashed him and he screamed and lava poured out of his body.

Lava Monster: Yes! At last, after all these years a worthy opponent.

Me: You've been cursed haven't you?

Lava Monster: How did you know that?

Me: I guessed and I have a feeling that something happened to you that lead you to be down here for a long time.

Lava Monster: You are correct.

Sakura: Tell us what happened.

The Lava Monster fired a beam of light at the ground and a rock tablet formed and there were Viking Runes on it.

Lava Monster: I have engraved a recording of my past so that I would not forget the life I had. The man I was. So that thy people would not be lost to the dust of time. Let me take thee all on a journey into the past.

The Lava Monster told us his story. He was a man that lived back 9,000 years ago in the age of the Vikings. A magnificent kingdom thrived in the countryside and it was prosperous. He lived with a loving family with a wife, 2 sons and a faithful dog. Game was very plentiful and it's what made the kingdom prosper. One day it was on a return from a victorious hunting trip when an omen appeared. A Solar Eclipse happened and it enveloped the whole sky. Just as we had suspected it was in fact Aku that appeared in the mans kingdom and he attacked. The kingdom tried everything to fight back but all their efforts were futile and they all perished. The man tried to face Aku himself but it was useless and Aku dealt the man a fate worse than death, he imprisoned him within an unbreakable crystal. He watched in sheer helplessness and horror as Aku completely destroyed his kingdom and murdered everyone. Then Aku came at him again and picked him up and took him to a mountain. It was the mountain we were in and Aku thrusted the man into the very core of the mountain. The man laid still for 9,000 years, never to rejoin everyone he loves in Valhalla. But he somehow found a way to manipulate the rock around him and he formed the body that we saw him in and he created a passage full of peril and danger that only the greatest of warriors can pass and the only way to get to Valhalla is to fall in battle to another warrior.

Lava Monster:… and thou are the only ones to survive.

Fu: That is horrible!

Sakura: Aku you are a menace to the entire universe!

Naruto: We know how you feel. My best friend Sasuke lost his entire family at the hands of his older brother Itachi and Sasuke was completely obsessed with wanting revenge.

Me: But we helped him by revealing the truth.

Lava Monster: That's good and as written the truth has been told. My fate is at your mercy.

Me: Lets help him guys.

All: Yeah!

Jack: Prepare yourself.

Me: Lets do this.

The Lava Monster formed a sword of crystal.

Lava Monster: At last. The gates of Valhalla open to me!

We clashed and demonstrated our sword skills until Jessie got the drop on him and punched the crystal in his body and shattered it.

Lava Monster: After all these years my freedom has arrived.

He started glowing in a blinding light.

Lava Monster: ACCURSED MONSTER! YOUR SPELL IS BROKEN!

He was totally enveloped in the light and he was free. He was fully restored as a man once again for the first time in 9,000 years.

Man: RRRRAAAAAAAAAAAAAAUUUGGGGGGHHHHHHH!

We all gasped in sheer astonishment.

Man: I AM FREEEEEEEEEE!

Me: Wow!

Varie: He's free!

Man: Yes! At last my flesh is restored.

Suddenly he was aging rapidly.

Man: (Wheezing) The Curse is lifted.

He dropped his sword and fell to the ground and we went to him.

Me: Warrior!

Jack: I… I…

Man: Don't worry my friends. You all fought valiently. Jessie you deserve to have my sword. You are a brave fighter.

Jessie: Thank you.

Man: Thank you. All of you.

And he died. A bright light shined on him and out of it came the Valkyries on their horses and they picked the warrior up and rode back up to Valhalla. He smiled at us one last time and we gave him the thumbs up.

Man: Thank you Brave 12. Thank you.

Me: You're welcome.

Jessie took the mans sword and I infused it with fire magic as well as the same powers as Jack's sword.

I then carve the word Free into the stone tablet and a picture of him being happy was on it too. We left the mountain and the man was looking down on us with the gods of Valhalla.

"The Brave 12 and the Scotsman"

We the Brave 12 were walking in the forest and we saw a huge support system and we followed it and heard the ropes creaking.

Me: Wow! That is a huge support system.

Varie: No kidding.

We then came across a long bridge that extends into a deep fogbank.

Me: Hmm. This bridge is small enough for 1 person at a time.

Varie: We'll have to fly on the sides while Jack and Jessie go on the bridge.

Jack: That sounds good to me.

Jessie: I agree.

Me, Varie, Vince, Naruto, Sakura and Fu were on the right side of the bridge and Lincoln, Laney, Lisa and Lily were on the left and Jack and Jessie were walking on the bridge. We walked and flew across the bridge for 18 hours and we suddenly hear bagpipes playing.

Laney: Bagpipe music.

Lincoln: I wonder what's coming our way.

Naruto: We'll find out in a few seconds. I see someone coming.

We saw a figure come out of the fog towards us on the bridge. It was a Scotsman.

Me: A Scotsman.

Lily: What's he doing all the way out here?

Fu: We'll find out shortly.

The Scotsman saw us and he stopped playing.

Scotsman: (Scotish Accent) The Brave 12. I've heard alot about you we lads and lassies.

Me: We don't mean to interrupt you sir but are we closer to the other side of the bridge?

Scotsman: No far from it laddie. I've been walking across this bridge for days now.

Me: Boy this bridge is longer than what we first thought.

A huge explosion was heard and we saw two huge one wheel machines heading towards us down both directions of the bridge. Bounty hunters were after us.

Jack and the Scotsman: They're after me! After you? They're after me!

A pig bounty hunter fired his gun and fired a shackled set at us.

Scotsman: Aku's got a price on me head!

Jack: Aku has a price on my head!

The shackles attached to Jack and the Scotsman.

The bounty hunters were getting closer.

Me: We have to destroy the bounty hunters.

I fired an energy blast at the pig bounty hunter and destroyed his vehicle.

Jessie: I got this.

Jessie unsheathed her sword and fired a fireball and destroyed the farmer bounty hunter and his vehicle.

But the bridge collapsed and we fell and we landed in a swamp.

Scotsman: (Sarcastically) Great job lads and lassies. Do you have any idea where we are?

Me: We're in a swamp.

Vince: We are safe from those bounty hunters for the moment.

Fu: Yeah but we must find shelter before they find us.

Jack: I agree. We are defenseless in this lagoon.

Scotsman: Aye.

We get to shore and went into a forest.

Scotsman: What I don't understand is why Aku is after you?

Me: It's because Jack has a sword that can destroy Aku.

Vince: Yes. We have a powerful mission on our list as our top priority. Our mission is to help Jack get back to the past so he can finish what he started and destroy Aku completely.

Scotsman: Well good luck to you lads. You are all infamous.

We find a metal wall and on it was a wanted poster of Jack.

Scotsman: You laddies were right.

Lincoln: Yep.

I cut a hole in the wall and we saw an abandoned bayou town.

Jessie: This towns been here for a while.

Me: No kidding.

Jessie: Let me see if I can cut you two free.

Jack: Okay.

Jack and the Scotsman extended the shackle chain. Jessie unsheathed her sword and slashed the chain and broke it.

Jack: That did it.

I hear something coming.

We saw a bunch of vehicles coming and it was the bounty hunters.

Me: Here they come!

Vince: Lets get them!

We charged and slashed apart a bunch of gator robots armed with guns and they exploded.

The Scotsman headbutt a bunch of them and they exploded.

It was turning into an explosive fight.

The Scotsman picked up a tank and chased after some bounty hunters and threw it and it landed on them and crushed them and fired at some more bounty hunters and they exploded.

Alligator dog robots bit the Scotsman's arms.

Scotsman: (Laughing) Is that the best you can do?

He slamed them and destroyed them.

A gator bounty hunter fired a machine gun at Naruto and he slashed all the bullets with lightning fast speed.

Jessie slashed the robot and it exploded.

Me: Lets get em!

We charged at the rest of the bounty hunters and did a warcry and we slashed apart all the robots into pieces.

SLASH SLASH SLASH SLASH SLASH SLASH SLASH SLASH SLASH SLASH SLASH SLASH SLASH SLASH!

The Scotsman used his machine gun leg and destroyed them further.

---

The whole Bayou town fell apart.

We were panting and we sheathed our swords.

Scotsman: I'd say we've wiped out our bounty hunter problem.

Jack: For now.

Scotsman: Aye. For now.

Me: Yeah. But we'll never be safe. Aku will always send bounty hunters and mercenaries after us and we will always be ready.

Varie: Yeah.

Lisa: Affirmative.

Naruto: We will always be ready for them.

Sakura: That's right.

Scotsman: Aye.

Later we went on our way.

"The Brave 12, The Gangsters and the Jewel of Neptune"

It starts out at a lavish night club. A man knocked on the door and the bouncer answered by opening a sliding window.

Bouncer: Yeah?

?: Ricko Benny Giordano.

The door opened.

Bouncer: Come on in. Welcome to the Blue Monkey.

There were people playing jazz music and lots of people dancing.

3 people go into the club and we, the Brave 12 follow them in.

Me: Nice club.

Lincoln: Sure is lavish.

Laney: Yeah.

We sit at a table and watch the dancing. I sense something behind me and I saw some robot thugs and they were getting ready.

Me: Uh oh! Showtime!

The robot thugs fired machine guns and the people were running in fear.

I slashed off two thugs arms and Jack pushed them into 2 more thugs.

Jessie saw three more thugs and slashed off their heads and a flamethrower thug came and fired fire at us.

But Jessie's sword absorbed the fire and it became a blade of flames.

Jessie: Whoa! This is awesome!

Lily: That is cool.

Jack: Very impressive.

Jessie slashed the thug in half down the middle and it exploded.

KABOOM!

Me: That takes care of those metalheads.

?: (Like Edward G. Robinson) I agree.

We saw a quintet of gangsters.

Boss: We saw you fight and it was absolutely impressive see. Nyah.

Me: You're Roaring Twenties Gangsters.

Boss: That's right see. Let me introduce the boys. Stitches, Mr. Shine, Mr. Pibbles and Knuckles.

Mr. Pibbles: Uh actually my real name is…

WHACK!

Knuckles: Mr. Pibbles.

Me: It's a pleasure to meet you all. We're the Brave 12.

Boss: We know. We heard alot about you all. We would like you to join us for a little job see. Nyah.

Me: What kind of job do you have in mind?

Back in the Gangsters apartment the boss gave us the rundown.

Boss: Everyone say hello to the Public Works and Utilities Building.

He unveiled a small replica of a big building.

Mr. Pibbles: Hello.

Boss: It's a well known fact that deep inside this building lies the legendary Neptune Jewel see. Nyah. And it's our job to get it out.

Mr. Pibbles: You mean uh we got to get inside that little thing?

Stitches facepalms.

Jack: What is the importance of this jewel?

Boss: Here's the skinny see.

The Mob Boss told us the story of how the Neptune Jewel was made. It was kept inside a tall mountain many eons ago and placed there by an ancient spirit that gave the jewel special powers that would give it control over all the waters of the world. Aku wanted to get the Jewels power so he can control the world. But the spirit of water stopped him with a powerful blast of light and she summoned the elemental forces of Nature to guard the Jewel. She called forth the elementals of Earth, Wind and Fire. For many eons Earth, Wind and Fire have guarded the jewel and made it virtually impossible for Aku to get his hands on it. Since Aku couldn't do it, its been centuries since anyone even attempted it and even thought about it.

Boss: So you see see, you would have to be pretty nuts to try to swipe the Neptune Jewel. At least that's what I thought until we saw the Brave 12 here in action. The way you all cleaned up them robot thugs back at the Blue Monkey made me think we're just nuts enough to pull this one off. So are you game guys?

Me: We'll do it.

At midnight on Sunday we go to the building and Jessie and Lily go in through a pipe and swim through the water and they got to the main chamber. They both saw the jewel on a pedastal and it was beautiful.

Jessie: So that's the Neptune Jewel.

Lily: What a sight.

They swam up and got up on the terrace and a light turned on and the 3 Elementals emerged. A rock wall sealed off the room.

Jessie and Lily got their swords ready and the Earth Elemental formed a hammer of rock and slammed it down and Jessie and Lily dodged. The Fire Elemental formed a sword of fire and slashed at them and they dodged and a huge wall of fire formed. The Wind Elemental formed a whip of wind and lashed it and they dodged again and the Fire Elemental fired a bunch of fireballs and Jessie absorbed them into her sword and she and Lily hid behind a rock and the Earth Elemental caused the stalagtites above on the ceiling to fall and they ran and faced all three of them.

Fire: You will never possess the Neptune Jewel. You will not escape.

Lily: Come and get us!

Fire: Insolent Fool!

They ran and Fire went after them and they ran some more and Fire fired a huge blast of fire and they dodged and it exploded when it hit the wall. Fire fired more fire blasts and one deflected off a rock and hit Wind and Wind became a powerful tornado with a powerful suction.

Jessie saw Fire about to be pulled in and she jumped into Fire's path towards the tornado and she absorbed her and underwent a powerful transformation. Jessie's clothes became glowing pink, red and orange flaming clothes and she had sprouted wings made of pure fire and her power levels were unimaginable.

Jessie flew towards Lily and shielded her as Earth was pulled in and water incapacitated the elementals.

The room was flooding.

Jessie: The Room is flooding. Lily grab the jewel!

Lily: Right!

Lily went to grab the jewel and she grabbed it.

Jessie: Lets get out of here.

They blasted through the building.

Mr. Pibbles: Hey look! They did it.

We cheered wildly for them.

Me: Whoa! Look at Jessie!

Varie: She looks amazing.

Lisa: Something must've given her an amazing power increase.

Laney: Yeah. I can sense it. I also sense the Fire Elemental in her.

Naruto: They must've become one.

Sakura: That could be it.

They landed on the boat.

Lily: We got the Jewel.

Me: Good work you two.

Jack: Very impressive.

Then the jewel floated in the air and went over to Varie.

Varie: What is going on?

Me: I don't know.

The Jewel then embedded itself right into Varie's back and she underwent a powerful energy increase in a blinding flash of aqua blue light.

When it was done Varie was forever changed.

Me: Varie? Are you all right?

Varie: Yes my love. I feel amazing. In fact I feel better than ever. My power is now much stronger than ever.

Lisa: Fascinating. When the Jewel embedded itself into your back it gave you a massive power increase.

Varie: I can feel it.

Laney: It's amazing.

Boss: This is a predicament. We were supposed to give that jewel to Aku.

Jack: Aku!?

Me: Huddle!

We huddled.

Me: Our plan was for them to lead us to Aku after we got the Jewel. But it's time for plan B.

We agreed.

Me: All right boss can you lead us to Aku?

Boss: Well all right.

Hours Later we arrived at Aku's Castle and the Mob members have summoned Aku.

Aku arrived.

Aku: Who dares to summon… Oh it is you.

Boss: Uh yeah boss.

Aku: Do you forget that you are forbidden from coming here?

Boss: Uh yeah boss I know but we have something for you. Some friends of yours are here to say hello.

Aku: And just who might these friends of mine be?

We come out.

Me: Surprise!

Aku was shocked as he saw us.

Aku: You!

We unsheathe our swords and slashed at him.

Aku was down.

But before we can deliver the final blow the Castle and Aku disappeared.

Me: Drat! We were so close!

Jack: There's always next time.

Varie: Well. No matter. Lets just stick to our original plan.

Vince: You're right. Lets get a move on.

Later we all resumed our quest.

"The Brave 12 and the Tribe that Jumps Good"

We the Brave 12 were in the forest having dinner at night. As we sat down and rested, a figure grabbed a bowl of soup I had behind me and put it back and it was empty when I saw it.

Me: That's weird. This bowl was full.

Sakura: Hmm. That is weird.

A figure got behind us while we weren't looking and swiped our turkey and we saw it and chased after it. It was jumping in the trees and it was an amazing jumper. We stopped and he appeared to us. It was a man. He had the turkey bones in his hands.

?: Sorry.

Jack took the bones.

Jack: What sort of creature are you?

?: (Laughing) (Jumps behind Jack) I man like all of you.

Jack: I have never seen a man fly without wings.

Man: I no fly. Jump good.

He jumped thousands of feet into the air and it was an amazing sight to behold.

Me: Wow! That is a high jump.

Laney: No kidding.

The man landed with a toe tink.

Jack: Jump really good.

Man: Yeah.

Me: Can you teach us how to jump good?

Man: Tribe show me. I show you all tribe. Tribe show you how to jump good.

We followed the man as he carried Jack and he was jumping through the forest and it was awesome to see this man jump good. We arrived in a clearing and Jack got off after he landed and the man did a call. Monkeys with green faces and white fur landed.

Man: Tribe.

He was talking to them in their tongue.

Me: Wow. These creatures are amazing.

Man: Yeah. They tribe.

Jack: You are one of these creatures?

Man: No I man.

Laney: Then how?

Man: They raise me. They say that long ago I with other tribe.

A flashback shows that long ago he was a slave on a robot tank that had slave propel treads. He was a young boy when a monkey from the tribe found him and he ran away and became a new member of the tribe.

Man: And so I became honorary member of tribe and as you see all tribe jump good so I jump good.

Me: We can see that. It's amazing.

Vince: I agree.

We were later eating a bunch of fruit and it was good fruit.

Lisa: This fruit is delicious.

Laney: Mmm.

Lincoln: It sure is.

Suddenly we heard birds crying as we saw them leaving the trees. The man and the monkeys got up and knew what was happening.

Man: Danger! Must hide!

Me: What's going on?

But the man and the tribe went into the trees. We were eating and we saw a group of red face gorillas with pink fur coming toward us. They knock us away and began eating all the fruit.

Me: Hey that is not your food.

Jack: Leave now and you won't get hurt.

But they took it as an empty threat and laughed at us.

Vince: So that's how you want it to go down.

We each grab a bamboo pole and I threw a pebble at a gorilla and they saw us and roared. They came at us and we hit them in the stomach and head with our poles and beat them bad. The Man and the Tribe of Monkeys were amazed at our fighting power as we scared the gorillas off. The Man and the monkeys came down.

Me: Who were they?

Man: Other tribe.

Jessie: I take it that they don't like you at all.

Man: No they don't.

Jack: Why do you not defend what is yours?

Man: We peaceful like flower. No not how to protect ourselves. (ANGRY) OTHER TRIBE TAKE FOOD, SMASH HOME, NEVER LEAVE US ALONE! We pick up pieces. We plant somewhere else.

We did not like their lack of protection.

Man: We scared. Now like before we find new home.

Me: We could show you how to defend yourselves and how to protect what is yours.

The man was ecstatic and he lept into my arms.

Man: And we show you all to jump good!

He communicated to the Tribe.

They barked.

Man: They agree. We learn how to fight and defend.

Jack: And you will show us how to jump good?

Man: No. I mean yes.

We stood ready.

Brave 12: Lets do it.

We tie a rope vine to a tree and set a snare trap, Set up a log ram trap and made all kings of numerous traps and weapons out of vines and rocks. Next we showed the tribe how to fight with bamboo bo staffs. Now it was time for us to learn how to jump good.

Man: Lets do it!

The tribe tied heavy rocks to our arms and legs and tied heavy boulders to our backs. We had to work our way around very slowly and wait for our bodies to accept the weight of the rocks and boulders. It took hours of blood, sweat and tears to do it. 8 Hours later we jumped over a pole and we did. Our bodies have readjusted to the weight and we now have stronger speed and strength. When the rocks came off we tested it all out. We jumped thousands of feet into the air and it was awesome. We landed back down and our training was complete.

Man: You jump good.

Me: We sure did.

We got ready to go.

Me: Thank you my friend.

Jack: Yes. Thank you for everything you have shown us.

The Man hugged us.

Man: Friends.

We left and just down the way we heard a war cry and went to see. We saw the man and the Tribe fighting the Gorillas and they did really well. They had them all tied up and the man shoved fruit into the gorillas mouths.

Man: Never come again.

They were launched very far away. The tribe had triumphed victoriously. We were very proud of them. We then left the forest. But we know that we would see the man and the Tribe again one day.

"The Brave 12 in the Dome of Doom"

It starts in the forest and we the Brave 12 were resting for the day.

Jack: I'm gonna go look for some food.

Me: Okay Jack. Be careful.

Jack went off and suddenly we heard fighting and we went to see and saw Jack captured by a group of thugs and they have a bunch of strong creatures and Jack shackled by the neck. We're hiding in the forest.

Me: This is bad guys. We have to follow them. Come on.

Vince: Right.

We follow the caravan to a huge dome.

Varie: What is this place?

Me: Looks like some kind of colosseum.

We go in and sit with the spectators.

We sit in the front row and out came a fight.

Me: Here we go guys.

Announcer: And now without any delay, the first challenger of the day, weighing in at a mere 180 septals, Pogal the Pitiful!

Everyone booed.

Announcer: Facing the 12 time champion of the ring, the administer of agony, the baron of brutality, the coroner of Carnage, the dealer of destruction, Gordo the Gruesome!

We saw the fight and it was a brutal fight.

The next fight didn't last long and out came Jack.

Me: That's what this is. It's a fight to the death!

Varie: We have to help Jack.

Me: We will. If things start to go bad we will intervene. Lets watch and see what happens.

Announcer: Welcome to the Dome of Doom! Our talent search has spread throughout the Universe to bring you only the finest quality of challengers to battle the greatest of champions! No injury is too small, no wound is too great, no weapon is illegal.

The arena wall had an interesting array of weapons including Jack's sword.

Me: This is gonna be intense.

Announcer: And now the Dome of Doom presents for your pleasure Two-Sandals the Treacherous.

Everyone but us booed.

Me: Two-Sandals? That is stupid.

Lisa: Agreed.

Laney: This is not a fight to the death, this is a slaughterhouse.

Lincoln: No kidding.

Announcer: Gordo we call upon you to destroy this vile villain.

Me: (In my head) The only villain is you and we will destroy you.

Jack was facing an Ape creature named Gordo the Gruesome.

Gordo: Prepare to suffer Two-Sandals the Treacherous! I will beat you like a drum, I will hang you out like laundry!

Announcer: And now without any…

Gordo grabs the microphone.

Gordo: I am the master mechanic, the Alpha and Omega! I will put a hurting on you slave! I'm gonna tear you up into little shreds and then I'm gonna take those little shreds and tear them up into little shreds! I will make your mother cry! I will make your Aunt Edna from Withershoot proper, south of Barnaby, Cry! ARE YOU READY FOR PAIN TWO-SANDALS!?

Everyone cheered.

Me: Boy, This guy can talk his mouth off all day and never miss it.

Lily: No kidding.

Naruto: This guy makes Sasuke's mouth look like a joke.

Sakura: You're right Naruto.

Fu: I agree.

Jack: I am not intimidated by your shouting. A true warrior fights not with words but…

Gordo punches Jack in the face and Jack gets out of the way of his grab and Jack jumps behind him and Gordo punches the wall and hurts his hand.

Gordo: Ow!

Jack grabs a bo staff and hits Gordo with it several times. Gordo grabs a hook sword and slashes the staff in half and Jack uses this and pounds Gordo.

Me: Very clever.

Announcer: This… This is unprecidented! But wait!

Gordo's eyes turned red and his hands grew claws and he became more ape-like and his teeth became razor sharp fangs.

Announcer: Oh yes. It looks like he's gone primal on us folks! This is it!

Gordo screamed and hooted and roared in extreme fury.

Me: This is gonna get rough guys.

Jessie: No kidding.

Jack took a trident off the wall and twisted Gordo's fingers and Gord slashed Jack in the face with a claw swipe and Jack hit Gordo in the face several times with it.

Gordo was down.

Announcer: This is unwitnessable! Nobody has ever knocked down Gordo!

The referee robot came and counted down and gave the thumbs down when the counter hit zero.

Announcer: He's Out!

Varie: What a Knockout!

Naruto: Way to go Jack.

Everyone booed.

Announcer: I… I have nothing to say… Except BRING OUT THE NEXT CHAMPION!

Everyone cheered.

A tank came out and in it was a man with a helmet and weird equipment on.

Announcer: Deep from within the deepest abyss of the seventh ocean of Amalgomous arose a champion of unimaginable proportions. Half machine, half flesh, all terror, The AQUALIZER!

Me: This is now gonna get interesting.

The Aqualizer got out of his tank.

Aqualizer: (Cybernetic Voice) Dome of Doom, once more have you summoned me to answer your call. I have risen from the depths of the abyss the conquer the ring and to put an end to this lowly amateur.

The Aqualizer swung his staff at Jack but he dodges all his strikes. Jack took two shields off the wall and blocked some of his strikes. He tried to punch the Aqualizer with his bare fist but his helmet was too strong. Jack threw a shield and it slashed off his staff blade.

Everyone booed.

Aqualizer: Do not fear. I have traveled the seven seas and conquered far greater foes than this mere contender.

He fired a hook harpoon and it cut Jacks robe and his chest and Jack ripped it off. Aqualizer then fired a plasma ray at Jack and Jack kicked him down and the ray blasted off the Aqualizer's right arm.

Me: That's got to hurt.

Jack took a pair of nunchucks and the Aqualizer used a sawblade and Jack knocked him around and the saw ripped his robe apart. Jack then cut off the Aqualizer's other arm with the saw. He then slashed open the Aqualizers helmet and in it was slug creature.

Slug: Help me! Heeeeelllllppp!

Everyone was chanting Doom.

Announcer: The Crowd calls upon you Two-Sandals to put the Doom on the Aqualizer.

The Slug was coughing and gagging.

Varie: I got this.

She then used Water Intangibility and phased the Slug to them in a ball of water.

Slug: Thank you.

Varie: You're welcome.

Jack knew what he was gonna do was wrong.

Jack: No! I will not participate in this senseless violence any longer! You'll have to get your entertainment elsewhere.

Everyone was appauled.

Me: Well said Jack.

Fu: I agree. This whole thing is nothing but a total bloodbath.

Announcer: This is a dark moment indeed. Not only has he insulted the ring he has insulted us! We will show no more mercy to this two sandaled heathen!

Thunderous footfalls were felt.

Announcer: Introducing the Champion to end all champions. Weighing in at a mere 700 tons, I give you…

Jack stood in front of a MASSIVE SUMO WRESTLER!

Announcer: SUMOTO!

Me: That is one enormous Sumo Wrestler!

Varie: How can a man like that be so fat and huge!?

Lincoln: He makes Andre the Giant look like a shrimp compared to him!

Lily: And he weighs 700 tons!? That's insane!

Lisa: That's exactly 1.4 million pounds of huge fat.

Jessie: It's like picking a fight with a mountain!

Laney: No kidding!

Vince: This is gonna get rough big time!

Jack: I will not fight.

Announcer: Then you will be destroyed.

Sumoto got into a sumo wrestler stance and thunderous footslams echoed throughout the ring.

Jack: I will not fight you Sumoto.

Sumoto growled and jumped high into the air.

Announcer: It's the Sumoto Swan Dive! No challenger has ever survived!

Sumoto landed on Jack with a huge and thunderous belly flop!

KRAWHAAAAAAAAAMMMMM!

Vince: OOOOHHH! That's gotta hurt!

Me: No kidding! Ouch!

Announcer: Thank you Sumoto for putting the Doom back in the Dome of Doom!

Sumoto: Hai!

But Jack was moving underneath him.

Announcer: (Gasp) It… It can't be!

Jack poked his head out.

Me: I've seen enough. Lets go!

We rush onto the arena and I lift up Sumoto with my super strength.

Me: Need some help Jack?

Jack: Thank you guys.

Me: No problem.

Announcer: We have more challengers in the ring folks!

Varie: And we're here to stop this carnage!

I throw Sumoto out of the dome with incredible power.

Announcer: Who are you all?

Me: We are the Brave 12.

Announcer: Ah yes. We've heard about you all.

Me: We will stop all this madness whether you like it or not.

Announcer: Very well then. If not one champion can bring you down then bring out ALL THE CHAMPIONS!

Me: We got three words for you:

All: BRING. IT. ON!

Announcer: May I present TORTO!

Torto is a turtle-like humanoid.

Announcer: MIOTIS!

Miotis is a bat-like humanoid with wings instead of arms.

Announcer: THE CLAW!

The Claw is a Yeti-Like creature with razor sharp mechanical claw gauntlets.

Announcer: RAPTOR!

Raptor is an amphibious frog-like humanoid creature with a long sticky tongue.

Announcer: MR. ROBOTO!

Mr. Roboto is a Tank robot that has powerful ranged weaponry.

Announcer: And finally GANEESH!

Ganeesh is a multi-armed India swordmaster.

Jack: This must end once and for all.

Me: I agree.

Vince: Lets split em up two against 1 each.

Jessie: Perfect.

Announcer: Let the carnage begin!

Jack flipped back and got his sword and we took on our opponents.

Me and Varie faced Torto and picked him up and rolled him like a bowling ball and he crashed through the wall.

Laney and Lily faced Miotis and Laney used her plant powers and entangled him and Lily formed a ball of glowing water and it splashed Miotis and disintegrated him.

Lily: My water powers are like Holy Water and that is like Kryptonite to him.

Laney: Interesting.

Lincoln and Fu faced the Claw and Lincoln fired a blast of lightning at him and electrocuted him and Fu fired a wind blade and slashed him apart.

Naruto and Sakura were facing Raptor and Naruto and Sakura formed a Rasengan and blasted him apart.

Vince and Jack faced Mr. Roboto and it fired stars and missles at them and dodged them and Vince slashed Mr. Roboto apart.

Jessie and Lisa were facing Ganeesh.

Ganeesh: (India Accent) Wiseman knows everything. A shrewed one everybody,

Jessie was in her Fire Angel form and Lisa fired laser guns. They engaged in a sword and gun fight.

Ganeesh: A true coward runs not from his opponent but from himself.

We regrouped and clashed with Ganeesh.

Ganeesh: Many receive advice. Only the wise profit by it.

We then slashed apart Ganeesh and won the fight.

Everyone cheered and Chanted Brave 12.

Jack: Enough! Is this what you call entertainment? The senseless slaughter of innocents? No more!

Jack looked at the Announcer.

Jack: Set the slaves free!

The announcer backed away.

I jumped up onto the stand and held a dagger to his throat.

Me: Set them free or your head comes off!

The announcer did so.

Me: From now on there will be no more fighting for your entertainment!

A robot goon with a whip let them go.

Goon: You heard him! You're free, go on get out of here!

Jack recognized him.

Jack: You!

Jack slashed him apart.

We the Brave 12 left the stadium. Everyone was touched by our fight for good and we had shown them the error of their ways.

Jack: I am forever in your debt J.D. All of you.

Me: No problem Jack. We even won this nice trophy for the fight.

I was holding a gold trophy and it was an awesome award.

Jack: I can see that. But no more.

Me: I know.

We left the dome and continued on our quest.

# Samurai Loud's Part 12

"The Brave 12 and the Ultra Robots"

We, the Brave 12 were walking in the desert and we saw a whole village completely destroyed and burning.

We gasp.

Me: What happened here?

Vince: This Whole village has been completely leveled.

Varie: What could've caused all this?

We hear a groan and saw a creature come out of the smoke.

Laney pick him up and Sakura tried to heal him.

Me: What happened here?

Creature: They came from nowhere.

Vince: Who did?

Creature: 8 robots did this. They had huge power and destroyed everything.

A flashback shows what the village look like before it was destroyed.

Explosions ripped everything apart and a clawed gauntlet rip out a chunk of house and buzzsaw blades tore them apart and multitudes of bullets destroyed everything.

Creature: They left as mysteriously as they came.

Me: This is horrible!

Naruto: Which way did they go?

Creature: To the east.

Me: You better come with us.

Creature: Okay.

We continued on with the creature with us.

We came across a robot village and it was completely destroyed. There were toasted robots and burned buildings everywhere.

Me: Another village completely destroyed.

Jack: This is madness.

Fu: No kidding.

We heard a metallic fall and saw a robot still functional but only half destroyed.

Robot: (Robotic Voice) They… They appeared out of nowhere.

Another flashback shows the Robot Village before it was destroyed. It was a high-tech robot city.

Robot: First came explosions.

Explosions destroyed much of the city. It was the same assailants that destroyed the previous village.

They were robots unlike anything we had ever seen before. They had enormously destructive firepower and were capable of destroying anything in their path with such enormous ferocity and without a single shred of remorse or guilt.

A robot fired a cable that exploded when it landed. It was a land mine cable.

Robot: We tried to defend ourselves but our attempts were futile.

The robots fired their guns at the robots but their bullets weren't having any effect. Another robot went invisible and destroyed the little robots instantly.

Robot: And then there was fire.

Another robot unleashed a powerful white hot fire aura and incinerated everything.

Robot: We didn't stand a chance. They were relentless. They destroyed the city, all of it. Then left as mysteriously as they came.

Me: This is insanity!

Jack: Yes. This senseless destruction must be stopped.

Sakura: I agree. Whoever built these robots is in a huge amount of trouble.

Fu: We won't let them get away with all this.

Lincoln: This is all completely unforgivable.

Laney: Yeah.

Lisa: These robots are a danger to the entire planet in general. [To the Robot] Where did they go?

Robot: (Shorting out) They… They left to the east.

The robot died.

We left to the East and found another village completely destroyed.

We searched for more survivors but we could find none. We found some ninja stars all over and they were in a bunch of robots.

Naruto: These are shuriken.

Vince: Looks like we have a robot that uses Shuriken.

Sakura: Yeah.

Creature: I saw it with the robots that attacked us.

Me: We could use these.

We picked up a bunch of them and decided to use them.

We then found robots with clean cut slashes on them.

Me: Looks like we got a robot that can use a sword.

Jack: Is there no end to this senseless destruction?

Jessie: We will find those robots and make them pay.

We then saw footprints and they went out to the east. We then saw 8 baskets in the middle of nowhere.

Me: This is unusual. What are all these baskets doing out here?

Vince: I don't know but looks are deceiving.

The baskets then transformed and they were the robots that we were told about.

Me: So these are the robots.

Lisa: Very fascinating. They are unlike anything that I have ever seen before.

The robots all had an interesting tool on them. The list goes as follows.

1) Claw Chains

2) Buzzsaws

3) Gattling Guns

4) Land Mine Cable

5) Fists and Cloaking Device

6) Flamethrowers

7) Shuriken

8) Katana

These robots were created to destroy and they were very good at it.

Jack: Why? Why did you destroy all of those villages?

Robot 1: (Robotic Voice) To lure you to us.

Robot 5: To draw you out.

Jack: What!?

Robot 3: Yes!

Robot 6: We have been hunting you.

Robot 7: We have come…

Robot 8: To destroy you.

Me: Your search is over.

All: Come and get us!

A Claw Chain was thrown and I grabbed it and pulled the robot towards us and I slashed it in half and it exploded.

Out in the desert on a hill someone was watching the fight.

?: Wow!

Sakura punched the fist robot and bashed his head off.

Naruto slammed a Rasengan into the flamethrower robot and it exploded into pieces.

Fu slashed the Shuriken robot and it exploded.

Lincoln and Jessie fired lightning and fire at the gun robot and it exploded.

Lisa destroyed the buzzsaw robot by ripping it apart with her Technokinetic powers.

Lily and Varie destroyed the land mine cable robot.

All that was left was the Katana robot.

Vince was facing it and it was a vicious swordfight.

Jack tried to slash the robot but his sword didn't even cut him.

Vince: What are these robots made with?

Me: Looks like an indestructible metal.

I then punch the robots head off and it explodes.

Me: That's it for them.

?: I agree.

A scientist came out.

Me: Who are you?

?: I am Extor. The one who created those monsters that you all destroyed.

Me: So you created those robots.

Vince: Why would you do that?

Extor: I set out to construct the ultimate assassins to hunt down Jack and destroy him.

Flashback shows Extor working in his lab on the robots we just destroyed.

Extor: (Narrating) I worked tirelessly day and night until my machines of doom were completed. They each were designed with a unique tool of destruction. Countless days were spent analyzing your fighting technique. They were the deadliest war machines ever created and their power source came from the world's most ultimate evil: Aku!

Aku injected his very evil essence into the robots and activated them.

Aku: You have outdone yourself, Extor. Now to test their power of destruction!

Extor: Wha… Test them? How?

Aku: By destroying your village!

Extor: No! You can't! We had an agreement!

Aku: Fool! Now my children… DESTROY!

The robots completely destroyed Extor's entire village.

Extor: Aku promised to spare my village if I would build the assassins for him. I was a fool to trust him. Now I was going to correct my mistake. But you guys beat me to the punch and already destroyed my creations. I owe you a big debt of gratitude Brave 12.

Me: You're welcome Extor.

Naruto: I just can't believe that you would create such awful monsters for Aku.

Sakura: Aku is the very creature we're trying to destroy after we get Jack back to his time.

Vince: It's our mission.

Extor: Yes. I've heard about that. High five.

We give him a high five.

Lisa salvaged what was left of the robots and built a cool gauntlet for me. It had some of the tools in it and I can use them when I press a certain button.

# Samurai Loud's Part 13

"The Brave 12 and the Challenges of Mount Fatoom"

We, the Brave 12 were walking down a mountain path and we ran into three monks.

Me: Oh hello. We were heading down this path.

Monk 1: Yes.

The monks left and we decided to follow them.

Varie: May we ask where you are headed?

A monk pointed to a really super tall mountain. It was so big that it went high up into the sky.

Vince: That mountain is huge!

Me: No kidding. It makes K2 in Pakistan look like a walk in the park.

Lisa: A mountain of that size and height would be at 35,622 feet. The atmospheric oxygen density around it would have to be as thin as Mount Everest in Nepal.

Jessie: I agree.

Jack: Yes. It appears very difficult.

Monk 1: Yes.

Me: What is up at the peak of this mountain?

Monk 1: Truth.

Jack: Truth?

Monk 1: Legend has it there lies a great power at the Summit of Fatoom. We three have trained for a lifetime to climb this mountain and achieve its power. That is of course if it exists. You see no one has ever reached the Summit of Fatoom.

It was a big challenge for all of us to conquer.

Jack: Not yet.

Me: Lets do it.

We decided to climb Mount Fatoom.

It was an interesting scene. We climbed over lots of interesting rocks and structures.

We took a break and heard a twig snap.

We saw a Goatman.

Naruto: A Goatman. I got this.

Naruto unsheathed his sword and slashed his horns off.

He bleated and this got the attention of more goatmen.

Naruto slashed off all the Goatmen's horns and they ran away.

Naruto: It's all clear guys.

Me: Good work bro.

We continued on and we saw lots of different creatures that lived on the mountain.

Me: These creatures are amazing.

Laney: They sure are.

Laney has tamed and made friends with some of them. They were now tattoos on her hand.

Jack grabbed a rock point and rumbling was felt and heard and the rocks became a rock gorilla and it grabbed Jack and let him go.

Jessie caught Jack and Laney tamed the Rock Gorilla.

Me: Good work Laney.

Jack: Yes. Thank you Jessie.

Jessie: No problem Jack.

We set up camp and a nasty snowstorm came and thundersnow was heard.

It was getting blistering cold. We had our fur parkas on and tried to endure it.

We heard footfalls and it was a Yeti.

He walked by us without wanting to hurt us and we knew that he was very territorial.

Later we resumed our climb and it was an amazing and treacherous one.

In less than 6 hours we made it to the top of Mount Fatoom and it was truly a magnificent sight to behold and the view was incredible.

Me: What a view!

Varie: It's amazing.

Vince: it sure is.

Fu: This is incredible.

Sakura: The Brave 12 are on top of the world.

Naruto: We sure are.

Lisa: Affirmative. It is a magnificent sight to behold.

Lily: It's truly beautiful.

Jack: Yes. We all did it together. We are a team. (Out to the Horizon) AAKKKKUUUUUU! I WILL NEVER GIVE UP! I WILL

RETURN TO THE PAST AND DESTROY YOU!

ME: AND WE'LL BE WITH HIM AND HELP HIM DO SO!

ALL: SO WATCH OUT AKU! THE BRAVE 12 ARE COMING FOR YOU!

That was our Oath of Justice for when Aku will die.

Continues in Part 14.

# Samurai Loud's Part 14

"The Brave 12 and the Farting Dragon"

We the Brave 12 were fishing in a forest and as we were about to fish we saw some dead fish in the river. A blue deer came and it was scared.

Laney: What's wrong little one?

Blue Deer: There's a terrible smell coming and it is horrible! Run for your lives!

The Blue Deer ran away and a bunch of farm animals came and ran passed us.

Me: What's gotten into them?

Laney: That blue deer said that a horrible smell is coming.

Me: I think I see it.

A strange brown stream came at us and when we smelled it it was so bad that it made us gag and throw up.

Me: (Vomiting) (Coughs) OH THAT IS RANK!

Vince: WHAT IS THAT HORRIBLE SMELL!?

Fu: I DON'T KNOW BUT IT'S DISGUSTING!

Lincoln: IT'S MAKING ME SICK!

Lily: We got to find out where it's coming from.

Me: Luckily I brought these.

I reach into my pocket and pull out 12 nose plugs.

Jessie: Nose plugs.

We each grab one and put it on our noses.

Me: (Nasally) Lets find that smell.

We go out of the forest and find a farm village and its crops were totally ruined because of the smell.

Varie: (Nasally) This is really bad.

Sakura: (Nasally) No kidding.

A hand appeared and reached for my arm and grabbed it. It was a man.

Man: Turn back while you still…

He passed out.

Laney: (Nasally) Sir are you all right?

Man: I'm fine but this stench totally ruined our crops and more.

Jack: (Nasally) Tell me. Where is this horrible stench coming from?

Man: They say… They say it comes from…

Before he could answer the smell made him gag and retch.

Naruto: (Nasally) So much for that.

We go into the village and saw that the stench has placed it into total turmoil and incapacitated it.

Vince: (Nasally) This is bad. We have to help these people.

Lincoln: Yeah. We have to do something.

Suddenly a massive fart noise and earthquake was heard and all the people were running in panic as a giant tsunami of the foul stench peared over the mountains.

Me: Uh-Oh!

Man: To the Shelter! To the Shelter!

Me: How far is it to the shelter!?

Man 2: Right around the next block. Hurry!

We saw the stench tsunami getting closer.

Man 3: It's right over here!

Man 4: Oh good gracious help us all! The Shelter, IT'S FULL!

A little cat was in the shelter.

Me: I have shelter!

I form a force field that can block out the smell over the village. The stench tsunami hit and the force field was holding.

Jack: That was a close one. Good thinking J.D.

Fu: That is genius.

We then hear whistling coming from a local scissor smith shop.

We go in and saw the Scissor Smith working on some sausages.

We take off our nose plugs.

Me: Excuse me. Are you the scissor smith?

?: Eh! Somebody say something.

We saw that he had a scar where his nose was.

Varie: What happened to your nose?

Scissor Smith: Oh I lost it but I don't remember.

Vince: Your town is being overrun by a foul stench that has everyone in misery.

Varie: Yeah what is causing all this stench? It's no pretty ride on a wagon.

A crow decided to talk.

Crow: Wagon (Squawk) Rhymes with Dragon!

Me: Dragon?

Scissor Smith: Nothing. (Nervous Chuckle)

Crow: Dragon! Dragon! The Smell comes from a dragon!

Varie: So a dragon is causing this horrible smell.

Jack: So where does this dragon live?

Crow: (Squawk) Spire! Lives on top of the Spire!

Laney: Spire?

Scissor Smith: You mangy pigeon! I'll have you for dinner!

Laney: Calm down sir. [To the bird] Where is this spire at?

Crow: The Spire lies to the East!

Laney: It lies to the East.

Me: Then that's where were headed. Lets go!

We go out of the village and saw a tall rock spire.

Me: That must be it. And the smell is strongest on top.

Varie: The Village is only a few hundred yards from it.

Me: Lets go.

We spread our wings and fly to the top and Jack climbed up the spire and Jack grabbed what looked like a feather in the mountain and the rock crumbled away and it revealed a giant Luna Moth.

Laney: That is a huge Luna Moth. I got this Jack.

Laney tamed it and helped Jack get through the gas cloud and we landed on a cliff that had a cave. It was the lair of the dragon.

The Giant Luna Moth became a tattoo on Laney's hand.

They went into the cave and saw some green glowing eyes and they saw us.

A row of teeth formed and breathed fire at us.

We got out of the way.

Dragon: Ooh! The pain!

We saw the dragon and he was in a lot of pain.

Me: Whoa. You have a nasty stomachache.

Dragon: Yes. (Groans in pain) You all must help me.

Vince: There must be something inside you that is causing this.

Dragon: Yes there is and it's hurting me.

Jack: It's inside of you?

A loud stomach grumbling was heard and we ducked behind some cave columns and held our breath. The dragon released a massive fart and the stench went down the spire and towards the town. Luckily my force field was holding.

Me: That's what the smell is. It's dragon farts.

Varie: At least we now know what that smell is.

Vince: Lets help the dragon.

Me: Right. All right dragon. We will help you.

Dragon: Yes. You have to enter me and destroy whatever is responsible for this.

The Dragon opened its mouth and we knew that we had to go inside.

Me: Okay, Jack you're with me.

Jack: Okay.

Varie: Be careful guys.

Me: We will.

We go in through the mouth and it was weird and we saw two holes in the back of the mouth. One lead to the esophogus and the other lead to the lungs.

Me: Looks like we have two choices.

Jack: Yes.

We went for the right hole but an enormous jet of fire exploded out.

Me: Whoa!

Jack: That hole must lead to the lungs.

Me: Yep. [Points to the left one] This way.

We go down to esophogus and we were in the stomach. Bubbles of acid broke our fall.

Me: This must be the dragons stomach.

Jack: It's huge.

I find the exit to the bowels.

I take Jack to the valve that lead to it.

Jack: Dragon? Are we near the source of the problem?

Dragon: No. You both must go lower.

Me and Jack go deep into the dragon's intestines and we came across some slurping Villi.

Me: These must be the dragon's Villi in the intestines.

Jack: Maybe.

We tried to time our jumping but they grabbed us and sucked us into the bloodstream.

Me: Whoa! We're in the dragons bloodstream.

Jack found what looked like a helmet cell and he put it over his head.

We journeyed through the bloodstream and through the dragon's heart and into the dragon's abdomen. We then found the very source of the problem. It was an egg almost fully hatched.

Me: It's a baby dragon.

It breathed fire and it hit a gland that released the fart gas.

Dragon: Please! Hurry! I CANNOT STAND MUCH MORE!

Me: Come on Jack!

We cut the strands tying the egg down and we ran as more fart gas was released. I put a force field around myself and the baby dragon's fire ignited the gas and it exploded and we were flying out of the dragon with incredibly explosive force.

KRABBBBBOOOOOOOOOOOOOOOMMMMMMMM!

Dragon: Thank you!

We regrouped as I lifted the force fields around myself and the town and the whole smell was gone.

The Baby dragon was free from the egg and grabbed Jack and we landed in the village.

Man: Look!

The village cheered wildly for all of us.

We explained what was going on to the villagers and as it turns out they forgave the dragon. The weird part about this whole part of our adventure was that we got to learn all about the anatomy of a dragon.

"The Brave 12 and the Imakandi and the Fight with Demongo the Soul Collector"

On a distant planet far from here, It was a savannah planet, 4 lion humanoid people called the Imakandi were getting ready. A shaman used a ritual to beam them to Earth. It worked and the Imakandi arrived on Earth.

As we the Brave 12 were resting for the day, I sensed that the Imakandi were coming.

Me: Uh-oh! We got problems guys.

Varie: What is it?

Me: Aku has sent the greatest hunters in the Universe to hunt us.

Sakura: Who are they?

Me: The Imakandi. They are a race of Lion humanoids that live for the thrill of the hunt. Once they set their sights on their prey, they will not stop until they either capture or kill us.

Fu: These guys must really be dangerous.

Naruto: No kidding.

Me: They are dangerous and they are good fighters too. Their sense of smell is incredible. They can smell their target from 500 miles away.

Lincoln: That is a really good sense of smell.

Jack: What do they look like?

I see four figures coming toward us.

Me: There!

(I point to the four figures}

Jack: They must be the hunters Aku sent.

Sakura: The Imakandi.

Fu: Lets get out of here.

Me: Right.

I summon our horses and we rode out of the city.

The Imakandi were running after us with incredible speed.

Me: Wow! Their speed is amazing.

Lincoln: They can run really fast.

Lisa: Affirmative. Their speed is amazing.

As we rode the Imakandi were gaining.

Lily: They're gaining on us!

Me: We're about to lose them.

I opened up a portal that lead to another part of the world and we went in and the portal closed behind us.

The Imakandi lost us but they were never going to give up.

We were in another part of the world and we were walking in a canyon.

We sensed a figure behind us.

Me: If you seek conflict, you have found the wrong people to deal with.

?: You are mistaken. I am the Dealer of Destruction, the Merchant of Doom and I seek you Samurai Jack.

We unsheath our swords and stood ready to fight.

Jack: Who are you?

?: Aku has sent me to destroy you.

Jack: Aku!?

?: My master tires of your existence. You are all very powerful foes. Perhaps too powerful for my master but not for me. My name is Demongo.

Me: Demongo the Soul Collector.

Sakura: Who is he?

Me: He's one of Aku's most powerful minions. He has the ability to steal the souls and essence of the mightiest of warriors and the deadliest of beasts.

Demongo: That is correct J.D. Knudson. I have come to capture your Warriors Essence!

Demongo pulled out a skull from his chest and threw it on the ground.

Jack: Merchant of Doom?

Me: No this is just the start.

Vince: Yeah. Watch what he can do.

Demongo fired a beam of energy and it hit the skull and the skull popped and out came a huge monstrosity with 3 glowing blue eyes. It was our old enemy TITAN!

Me: Titan!

Jack: But we defeated you!

Demongo: Yes you did and I control his essence. Titan, Destroy the Brave 12!

Titan: RRRRAAAAAAAAAAAAAWWWWWWWWWRRRRRRRRRRR!

He punched the ground and we dodged his attack.

I fly up and punch him in the face and send him crashing into the rock wall.

CRASH!

Titan dissolved into a black mist that went right into Demongo's chest.

Demongo laughed and threw out more skulls and fired four energy beams and out came four more warriors. Warriors that we know.

Me: We know these warriors.

Demongo: They too were once thorns in Aku's side. But now I Demongo control their essence as I will control yours.

Laney: We fought along side them and destroyed most of Aku's minions.

Lily: I can't believe you got them Demongo.

Me: Yeah. Hardball, Shogun, Wildcat and Vishni. I can't believe they are being forced to destroy us.

Demongo: Yes. Prepare yourself Brave 12 for Annihilation.

Hardball fired a spiked ball on a chain at us and I grabbed it and threw it back at him and it hit him and he dissolved into black mist. Wildcat was kicked in the face by Lily, Shogun was slashed by Laney and Naruto slashed Vishni.

Demongo laughed.

Demongo: You cannot win Brave 12. I am more powerful.

Jack: A power fueled only by the strength and skill of the great warriors whose essence you have stolen Demongo! Without that you are nothing.

Demongo: (Chuckles) You are wise Samurai. But who cares? Bleh!

Demongo disappeared and reappeared behind us.

Me: He's playing games with us. Trying to get us all riled up.

Jack: I see that.

Demongo: When I have all of your essence I will be the greatest warrior.

Vince: Want to bet?

Demongo jumped and we went onto the canyon cliff. Four skulls fell and energy blasts hit them. When the smoke cleared it was the same warriors we defeated before.

Jack: It cannot be. How is it possible? We just defeated them.

Demongo: Yes you all did. But they are essence. You cannot defeat essence.

Me: He's right guys. We can't kill spirits. It's impossible.

Demongo: You may defeat them again and again and again, but I command the essence of thousands of such powerful warriors. Even a team as powerful as you all cannot defeat them all.

Fu: We shall see about that.

Demongo then summoned Titan again and he was falling onto us. We ran and got out of the way as he crashed onto the cliff.

The four warriors chased us and we clashed our swords with their attacks and sparks were flying. The whole landscape was being set on fire. We slashed all five of them apart and they dissolved into black mist and went back into Demongo.

Demongo was amused.

Demongo: (Giggles) You still think you can win. How commendable.

We weren't moved.

Demongo: How futile.

Demongo then unleashed hundreds of skulls and we knew what was coming. Demongo fired energy blasts at the skulls and hundreds of warriors appeared. We ran down into the canyon and the warriors and creatures chassed us.

Me: There's so many of them!

Naruto: How can Demongo have this many warriors under his control?

Lily: I don't know but this is madness!

We hid in a cave and they went passed us. There were hundreds of warriors. Some we all Remember.

A creature tried to do a sneak attack and we destroyed him and his essence went back into Demongo.

Demongo: (Screams) There you fools! There! Destroy! Destroy the Brave 12! I want their essence!

Me: Lets get them!

We jump and we slash the machine gun warrior. Lily slashed a big warrior. A Mummy warrior threw ninja stars at us and Fu grabbed them and threw them back and destroyed him.

We ran and slashed as many warriors as possible. It was a fierce battle. We destroyed lots of warriors at a rapid level.

Demongo: Yes! Yes! Fight! Fight! (Evil Laughter)

We were getting nowhere fast as they all just kept on coming. The odds were not stacked well in our favor. But we were persistent.

Me: Geez there's just no end to these guys!

Fu: Yeah!

Lincoln: They just keep on coming!

Me: I know what Demongo is trying to do. He's trying to wear us down to the point of exhaustion by having us fight hundreds of warriors all at once.

Laney: He sure is clever.

Jack: Yes.

Jessie: We can't let Demongo do this anymore.

Laney: Yeah. But how do we stop him?

Me: We have to free the essence!

Jack: Trapped Essence! Without essence Demongo has no power.

Me: We have to free it somehow.

Lily: But how?

We saw the essence go in him.

Jack: From within. How do we get inside?

Wildcat tried to attack and Jack slashed him and Wildcat dissolved.

Jack grabbed the essence and went towards Demongo.

Demongo: Wha? [Demongo saw this] Impossible!

Jack went inside and he was in a pocket dimension inside Demongo. It was a dimension full of all the essence of the warriors Demongo has stolen over the years and they all made him strong. The warriors were trapped in a ring of blue fire.

Jack saw thousands of warriors that were imprisoned by Demongo. He saw Shogun and he looked at him.

Jack: (Echoing) And I free your essence!

Jack slashed the blue fire ring and it severed Demongo's control over Shogun. He destroyed all the rings of fired and on the outside beams of light shined from Demongo's chest and all the warriors rushed out of him like wildfire. Demongo was now an extinguished husk of his former self and he fell to the ground.

Me: Way to go Jack!

Demongo fell to the ground and he saw us and the warriors ready to pulverize him into oblivion.

Me: It's over Demongo! (Cracks Knuckles)

Sakura: Start praying!

Vince: This is gonna be good.

Demongo: NNNOOOOOOOOOOOOOOOOOOO!

Demongo was history.

The warriors went in peace and vanished.

Me: (Senses Something) And just in time too.

Varie: What is it?

Me: The Imakandi found us.

Naruto: They just don't give up.

Lincoln: And they never will from the looks of it.

Jack: We got to run some more.

Me: No, I'm through running.

Vince: Me too. It's time to fight.

We charge after the Imakandi and entangled them in a chain that was unbreakable.

Me: Aku sent you to hunt us right?

Imakandi: Yes. And you all have made this the greatest hunt we ever had.

Me: I believe it.

Imakandi: It is the way of the Imakandi. We live for the thrill of the hunt and whenever we have a prey that has eluded us for a long time, we see that prey as a worthy opponent and we let that prey go.

Vince: We appreciate that.

The Imakandi then disappeared and went back to their homeworld.

Me: Well guys lets continue on our quest.

We all agreed.

"The Brave 12 and the Scotsman Part 2"

We, the Brave 12 are at a bar having lunch and we saw some bounty hunters looking at us.

Me: What are you all looking at?

They were looking at Jack with intense greed.

They came at us and me and Vince slashed them all.

Varie: That was a waste of our time.

Naruto: Yep.

?: (Scottish Accent) Hey lads and lassies. Remember me?

It was our friend the Scotsman.

Me: It's been a while Scotsman.

Scotsman: Aye. It has. I need your help with something. Me wifes been kidnapped.

Jack: You are married?

Scotsman: Aye. She is the most amazing bonnie lass in the world. I must save her before the Moon is full.

Me: That's tomorrow night.

Jack: Where is she?

Scotsman: The Castle of Boon. (Sniffles) The Celtic Master of the Hunt plans to devour her. She's so dainty and sweet. (Crying) The Master of the Hunt is so very scary!

Naruto: Try and calm yourself.

Scotsman: I cannot. I cannot save her on me own and I am forbidden by ancient custom to seek help from warriors of me own clan. I alone am no match for the army of Celtic Demons that infest the castle. But there's a loophole in the ancient custom. Me clan drew and rolled the bones. They said "Seek the Help of a Stranger". You're the only strangers I know and you're as strange as they come laddies and lassies. And powerful too. Together, you 12 and me, we can save my wife before it's too late! (Crying)

Me: Calm down. We will gladly help you.

We then went to the Highlands and the Scotsman told us all about his wife and lots of good things about her as we ran.

We arrived at the Scottish Highlands.

Me: Wow!

Varie: So these are the Scottish Highlands.

Vince: It's beautiful.

Sakura: It sure is.

Naruto: No kidding.

We then ran to the Scotsman's Clans Castle.

He introduced us to his clan and it was a celebration worth remembering. That night we had arrived at the Castle of Boon!

Scotsman: The Castle of Boon! Getting in will be easy.

Me: Wait. It's too easy.

I pick up a rock and threw it and it landed by the entrance and out came a bunch of strange red demon robots with guns.

Scotsman: Oh. Celtic Demons.

Laney: Those things are ugly.

Lily: No kidding.

Scotsman: It's only 7.

Me: There's hundreds of them in the Castle. We have to find a way around them. I have an idea. Follow me.

Jack: We will.

We climb up the walls and go into the Castle and we find the Scotsman wife in a dungeon. She was a beautiful woman.

Scotsman's Wife: (Scottish Accent) Darling!

Scotsman: Bonnie Lass!

They hugged.

Me: Thank goodness you're safe.

Scotsman's Wife: Me too. Ach the Brave 12. It's such a pleasure to meet you lads and lassies.

Me: It's a pleasure too.

Sakura: We came to rescue you.

Fu: Yeah. We have to go.

Me: Lets get out of this dump.

We ran and we got to the main hall and saw numerous Celtic Demons in our way.

Me: We got to fight our way out.

Scotsman: Lets fight them!

We unsheathe our swords and slash apart lots of demons. We blasted and pulverized many of them until there was nothing left of them.

Me: That takes care of them.

Scotsman: Aye.

?: Silence!

We saw the overlord of the Celtic Demons, the Master of the Hunt.

Overlord: The Moon is Full. Destroy the rest and throw the young woman in the pot.

Me: I don't think so freak!

Overlord: Silence!

I punch the overlord in the stomach and knock him down and I blast him into oblivion.

Me: That takes care of him. Lets go.

We got back to the Castle and we were hailed as heroes. A huge celebratory feast was made for us.

# Samurai Loud's Part 17

"The Brave 12 and The Spartans"

We, the Brave 12 were in the mountains climbing over them and when we climbed out of the mountains we saw a huge battle going on. It was a battle between a bunch of Spartan Warriors and a bunch of Robot Ram creatures.

Me: Whoa! Looks like a huge war is going on.

Naruto: Yeah! I wonder how come.

Sakura: I guess we'll find out when we can.

We saw a Spartan soldier being surrounded by a bunch of robots.

Me: That man is in trouble! Come on!

We go and slashed apart all the robots apart and helped the Spartans win. The robots went away after carrying all their fallen.

Me: [To the man] You have won.

Man: No we have not. Come, we go to meet the king.

We go to a camp of the Spartans and the King came.

King: Did you hold the right flank?

Man 2: We suffered many casualties but held our position

King: Hmm. Your numbers have dwindled. I fear you will not survive another attack.

Man 2: No my king! We will never give up! We will fight!

The King was proud.

King: Yes I know you will not fail me.

The king sat on his throne and he saw us.

King: Roha. Who are these people that you have brought before me?

Roha: My king, these are the strangers who aided me in battle.

King: This battle is of no concern to you. Why did you fight?

Me: We saw this warrior outnumbered.

Jack: We meant no disrespect.

Vince: We apologize.

We started to walk away but the King stopped us.

King: Wait! These years of war have made my words harsh and my tone insolent. Anybody brave enough to face these monsters are friends.

Me: What is this war?

Fu: Yeah, what's going on?

The King revealed his story.

King: Long ago a mechanical beast went mad and waged war against all in its path.

A flashback reveals a mysterious robot creature with glowing red eyes going on the warpath.

King: (Narrating) It feeds off the land itself, growing larger, Powerful. All the neighboring kingdoms have fallen. We are the last. The Beast desperately wants our lands, for our home is beautiful, peaceful, rich in resources. The Beast and its robots would've destroyed us ages ago, but our land is protected by the tallest of mountains. And a narrow ravine is the only entrance. It was there, with only 300 men, that we stopped the Beast's armies. The position was easy to defend, and their superior numbers were made worthless. Year after year, the war went on.

For centuries the war between the Spartans and the Beast's Armies raged on. The battle was getting more and more ferocious at a powerful level.

King: And the battle became a stalemate…

Countless robots were destroyed in the process. But the surviving robots carry the destroyed robots away.

King: For this creature strips the battlefield clear of its fallen to rebuild its army again and again. And so it goes.

The Beast's armies kept on coming more and more for centuries and it always produced the same result no matter how hard they tried.

King: And I am the 17th King to defend this gateway. And tomorrow will bring the same.

Me: This war is terrible. It looks like we arrived just in time.

Jack: But there is another way through the mountains.

Everyone was shocked.

King: How wide is this path?

Jack: Wide enough for troops to move through sideways, weapons held in front and behind.

King: How long to complete the journey?

Me: 12 hours.

King: Will you show us this path?

Jack: Of course.

King: This war ends now! 50 of my best men will join me in a strike against the Beast itself while the rest stay here and defend our position. While the monsters attack us, we will attack them!

We got ready for the battle and the King gave us shields.

King: Foreward my brothers!

We went with the king as Jack lead the way. We arrived at the Castle of the Beast at Sunrise and we saw the last of the Beast's army leaving.

King: Look. There. The last of its army has left.

Me: Here we go.

King: OUR TIME HAS COME!

We charge towards the castle. We ran with full determination.

King: Porcupine.

We got into a porcupine pincushion formation and plowed through more of the robots.

We slashed and blasted all the robots and destroyed all of them. It was an extremely fierce and savage fight and it was a powerful demonstration of what we were capable of.

Me: Jack, Your majesty lets go.

Jack: Right.

Me, Jack and the king went into the castle and in the main chamber the Mechanical Beast came down. It was a giant robot spider. More like a ball with eight legs.

Me: Behind us!

We saw the beast and it tried to attack us but we dodged and blocked its attacks and slashed its legs and it screeched. The King slashed a leg but his sword shattered into a thousand pieces.

I pull out a spare sword and give it to the king. It was an indestructible sword. We had the beast against the ropes. Then I fired a Ki blast and it went right through the beast's head and it crashed by us and it exploded.

KRABOOMM!

Me: This whole place is gonna blow!

Outside the robot army exploded. Somehow they were linked to the Beast.

As we got out of the castle the whole castle exploded with incredible power.

KRABBBOOOOOOOOOOOOOOOOOMMMMMMMMMMM!

At long last, the war with the mechanical beast was over.

Sometime in the future, the King that we helped was dying on his death bed and he was finishing his tale about how we helped end the war.

King: The War was finally over. These brave strangers who became brothers and sisters aided us in our time of need and made a difference.

A tapestry was woven in our honor. It was on the wall and it showed the 12 of us aiding the 300 Spartan Soldiers in the war against the Mechanical Beast.

King: Their bravery, valor and strength for everyone helped us all triumph. Their diligence and the sacrifice of the others defeated our enemy, saved our lives and ensured our freedom. They will be honored and remembered forever- the 300 plus 12.

Our legacy will echo throughout the history of the Spartans for many future generations to come. The Brave 12 will forever be remembered in history.

"The Brave 12, Flying Prince and Princess and the Rave"

On a distant planet in a Binary Star System, flying fairy-like creatures called the Lepidopterran's were enjoying a great time of peace. But that peace was soon broken when gunships came flying out of the dense clouds and flew towards the villages and started blasted them apart with heavy gunfire.

The King of the Lepidopterrans was worried.

King: Not again! After all these years.

The Soldiers were trying their hardest to stop the attackers. But their efforts were too weak.

Soldier: Your highness, I'm afraid the city guard is no match for these Squoomian Gunships.

King: Contact Admiral Lantana. We must recall our fleet from the Pydian System.

Robot: Sire, the Deep Space Antenna Array has been destroyed. Radio contact with the Star Navy has been severed.

King: Blast those Squoomian Devils!

Queen: We have no sign of them for a decade, yet they resurface just when our defenses our most compromised.

An explosion was felt.

King: Captain, begin evacuation.

The Alarm went off.

Queen: My children, come. Verbina, Astor, you two must get word to Admiral Lantana on Errand deep within the Pydian System. You must bring back our Navy. You are our only hope.

Astor: You can count on us mother.

Verbina: We will not fail our people.

King: Chitron 6, make ready the ship.

Chitron 6: Oh, my! Yes sir!

King: Wing well, my children. Wing well.

Verbina and Aster got in a ship and left. But the Squoomian's followed them.

The ship was damaged by Squoomian gunfire and Verbina and Aster flew towards Earth.

---

Meanwhile we, the Brave 12 were walking through a mountain range.

Me: There's a city up ahead. I sense a slave camp there.

Vince: Me too.

We hear a whoosh and look up.

Varie: That ship is coming in.

Me: Lets go see.

We go check it out and we saw Verbina and Astor get out and they were having a hard time adjusting to Earth's gravity.

Me: Lets go help them.

Jack: Yes.

We run over.

Me: Are you two okay?

Verbina: Yes. We're just having a hard time adjusting to this planets gravity.

Vince: It takes some time to get used to it.

Me: Here. [Chants an incantation] Kostevna Yaominga Porista!

I fire rainbows from my hands and my magic made Verbina and Astor adjust to any planets gravity no matter how heavy or light.

Verbina: Wow. That was amazing.

Astor: I can now stand and fly on this world without any problems.

Verbina: Me too.

Chitron 6: Oh my!

Me: I used my light magic to enable you to do that.

Astor: We greatly appreciate it.

Me: You're welcome.

Astor: Sorry. I'm Astor.

Verbina: I'm Verbina and this is Chitron 6.

Chitron 6: It's a pleasure to meet all of you.

Me: Same here. We are the Brave 12. I'm J.D. Knudson.

Varie: I'm Varie Knudson, J.D.'s fiancé.

Vince: I'm Vince Pusateri.

Jack: I'm Jack. I'm a Samurai.

Naruto: I'm Naruto Uzumaki Namikaze.

Sakura: I'm Sakura Haruno.

Fu: I'm Fu. I don't have a last name.

Jessie: I'm Jessie Bannon.

Lincoln: I'm Lincoln Loud.

Laney: I'm Laney Loud.

Lisa: Greetings. I'm Lisa Loud.

Lily: And I'm Lily Loud.

Astor: It's a pleasure to meet all of you.

Me: We saw your ship come in and we decided to see if you need any help.

Verbina: We sure do. Our planet and kingdom are under attack by gunships from our enemies the Squoomian's They caught us completely off guard and began attacking our kingdom.

Astor: We've been sent to retrieve our Navy from the Pydion System on Errand. But the Squoomian's attacked us as a way to prevent us from reaching reinforcements.

Varie: That's terrible.

Verbina: Yes. Our ship has been damaged and it will take a while to fix it.

Me: Also you're in a very dangerous situation here. The planet you're on is Earth, the 3rd Planet in the Solar System. It's under the tyrannical rule and oppression of the evil Shape-shifting wizard Aku. He's pure evil amplified times 1000.

Jack: Yes and we're going to stop him once and for all after we get back to my home time.

Me: Jack here was catapulted by Aku from his time 10,700 years ago to here and it's our mission to help Jack get back to his time so he can destroy Aku once and for all.

Sakura: We won't let Aku get away with all the pain and suffering he has caused over the millennia.

Fu: He will pay for everything he's done to our galaxy.

Verbina: We hope you all succeed.

Me: Thank you. Also we would like to help you fight these Squoomians and make sure they never bother you again.

Astor: Thank you J.D. We greatly appreciate it.

Me: All right.

We stand in a circle around the ship and I use my Instant Transmission to beam us the the planet Chrysalis, home of the Lepidopterrans. We saw that the planet is completely covered in dense clouds.

Me: Wow. So this is your world Verbina, Astor?

Verbina: Yes. And our kingdom is right there.

We saw the kingdom completely under siege.

Vince: They can't last much longer. Lets go!

We flew over to the kingdom and we slashed and blasted the Squoomian gunships apart into nothing. They tried to fire back at us but their attacks were not having any effect. Our power was too great for the Squoomians and they all ran away.

Me: That'll show those scumbags.

Astor: I agree.

Jack: Yes. They sure did a number on this place.

Verbina: Yes. But we are forever in your debt Brave 12.

Me: We're glad we could help out Verbina. What the Squoomians were doing to your home was completely unacceptable.

Astor: That's right.

The people of Chrysalis came out and they were cheering wildly for

us.

The King and Queen had a special award ceremony for us.

King: Brave 12, for saving us all from a terrible fate, we proudly award you our planet's highest honor: The Chrysalis Ring of Valor.

The soldiers slipped rings on our fingers and they were green gold and they had beautiful magenta and green flowers on them.

Me: We are truly honored your highness. We're glad we could help you out.

King: We are forever grateful to all of you J.D. These are no ordinary rings. They are call rings that will call us if you need us. And if the Squoomians attack again we will call you in case we need your help again.

Me: We graciously accept your highness. But our planets are light-years apart from eachother on different sides of the Galaxy.

Queen: Worry not. There are teleporter devices in the rings that will get you all to Chrysalis without worry.

Me: Thank you. We have to get back to Earth now. It's to continue our mission.

King: We understand.

Verbina: I have a feeling that we will see eachother again soon J.D.

Me: I have a feeling we will.

Naruto: Yeah.

Fu: We'll see you all soon.

We vanish and we go back to Earth.

Me: Great job everyone.

Vince: Thanks partner.

Varie: It was a great deed we have done.

Jack: Yes. It was good that we helped out a planet in trouble.

Fu: I agree.

---

We continue on our journey and found a town to rest for the night. We arrive at a hotel and saw a man crying. We approach the desk and we were concerned.

Me: Sir? Why are you crying?

Hotel Manager: (Crying) It's nothing.

Me: We would like a room for the night please.

Hotel Manager: Okay.

We were lead to our room and he showed us our quarters.

Me: Sir? We're very concerned. What's wrong?

Hotel Manager: The music.

The door slammed.

Jack: Music?

Lily: What music?

Suddenly techno rock music was playing in the distance.

Me: I can hear it.

Fu: Sounds like Techno Rock Music.

Naruto: Where's it coming from?

Sakura: Good question.

We look out the window and in the trees we saw numerous pairs of glowing red eyes.

Me: Glowing red eyes!

Lots of shadow figures came out of the forest. They were wearing glowing clothes and there were lots of them.

Me: Look at them all!

Fu: There's hundreds of them!

Lincoln: This is Aku's handiwork. They're all being controlled somehow.

Laney: Yeah. I can sense it. Whoever is behind all this is working for Aku.

Lily: They're all children.

Naruto: How can you tell Lily?

Lily: I can feel it in their glows.

Jack: Yes I sense it too. His evil has now spread to even the youngest of souls.

Me: Yeah. We got to find the source of this and stop it.

We see the children destroying much of the town and causing mayhem.

Me: This is madness.

Varie: Yeah.

Hotel Manager: Olivia? Olivia!? Olivia!?

Me: We have to help him. He's going to get himself killed. Come on!

We go out and help the Hotel Manager. We saw him trying to talk to a girl dressed in purple.

Hotel Manager: Olivia? Don't you recognize me? It's me your father!

We arrive and I put an anti-mind control headband on her and she reverted back to normal.

Olivia: (Gasp) What happened?

Me: You were being controlled by this terrible music somehow. You were a pawn in Aku's Evil.

Olivia began to remember everything and she suddenly hugged her father and they both broke down crying.

Hotel Manager: Thank you strangers. Thank you.

Me: You're welcome. But there's no time to lose. We have to stop this madness. Olivia can you show us where this music is coming from?

Olivia: I would be more than happy too.

Me: Okay but first we have to stop this madness. We know they're children but this has got to stop.

Varie: Yeah.

The music got louder and we attacked the children and knocked them out. The music stopped after the fight.

Jack: That will help slow them down.

Olivia: Yeah. Father, I'm going to help them.

Hotel: Okay honey. Be careful out there.

Me: I'm sorry sir. But we never told you who we are. We are the Brave 12.

Hotel Manager: I've heard about you all. Make sure that whoever is playing that music never plays it again.

Me: With pleasure.

Olivia lead us into the forest and it was there that we found a Rave Party.

Me: A Rave Party!

Jack: What's a Rave Party?

Me: It's a special gathering loaded with all kinds of techno features. It has booming hardcore funky music, laser light shows, people wearing glowing clothes and there's lots of dancing.

Lincoln: It's something Luna would like.

Naruto: This is strange. Why would Aku want to throw a Rave Party?

Me: Probably to have all the children of the world fight against everything against their will.

Fu: Maybe.

The music went silent and out came a Disk Jockey.

Me: (In my head) He must be the ringleader behind this whole thing.

D.J.: Welcome Brothers and Sisters! Can I get a KAZAAM?!

Kids minus us: KAZAAM!

D.J.: I, D.J. Stylbator, am once again here to drop on you all the majestical sounderific beats of the master…

Kids minus us: Aku.

Naruto: (In his head) We won't let you mess around with these kids minds anymore.

D.J.: Skizz, Yeah! Let your ears feast to the flavor of the AKU-ZTIC SOUND!

The music played and it was a funky beat. It made all the kids eyes glow red with pure evil. Luckily we weren't being affected by it because of my magic. I put sound bubbles over our heads that prevented the music from controlling us.

Me: That guy is the ringleader of this whole Rave Party. We have to stop him at once.

D.J. saw us not dancing and he recognized us. The music stopped abruptly.

D.J.: Children of Aku! The Brave 12 are in the House!

Me: He saw us!

Children: Brave 12!

D.J.: And for public enemy Number One, The Scratch in Aku's groove, Brave 12 Whack, Lets mix it up with a taste of the bass, Beats in their face, the brand new hard-core track JACK ATTACK!

Music played and the children were now going to kill us.

Me: Lets dance! (Cracks Knuckles)

The music played and we punched and kicked all the children around like ragdolls. Knocking them all out. I fly over to the stage and blast the D.J. equipment and destroy it. The music was stopped for good.

Olivia: Listen to me everyone! You all have been pawns in Aku's evil!

Lincoln: But now you are free.

Laney: Return to all your homes…

Jack: And Never dance to this evil beat again.

The children all went home.

I was facing D.J.

D.J.: You ruined everything!

Me: And I show no remorse in doing so. Aku's control is now gone.

D.J.: Aku will never be silenced!

Me: He will be and we will see to it that he is. Forever!

D.J. tinked his gold tooth and fired a gold energy laser blast at me. I deflected it back at him and it exploded in when it hit his mouth. I slashed off his headphones. D.J. kept firing laser blasts and I fired energy blasts and they exploded all over the stage and destroyed the speakers. I then punched D.J. in the mouth and knock out his gold tooth. I punch him in the stomach and D.J. did some breakdancing martial arts moves on me and I dodged them all and punched and kicked him around like a ragdoll. I punch him into the wall and knock him out.

Me: No more evil music for you D.J.

I fire an energy blast and vaporized him into nothing.

Me: That takes care of that.

Vince: What a fiend. He gave music lovers everywhere a bad name.

Lincoln: Word! Sorry couldn't resist.

Jessie: That's okay.

Olivia: I can't thank you all enough for helping me and the Children.

Me: It was our pleasure Olivia.

Jack: Yes. We have to get going now.

Me: I have a feeling that we will see eachother again Olivia.

Olivia: I know we will.

Me: See you around.

We left the town and continued on our journey. Planet Chrysalis was beamed to our Solar System and it is a 2nd Moon for Earth.

# Samurai Loud's Part 19

"The Birth of Evil"

As we, the Brave 12 were resting for the night, we began to dream. We were all in the same dream. We were in the beginning of the Universe 12 Billion years ago and we saw a huge black mass come out of a star.

Me: That black mass! It must be Aku!

Jack: That could very well be J.D.

Varie: So Aku has been around ever since the Universe was created by the Big Bang?

Lincoln: That is scary.

The Mass flew away and out of a star we saw the deities of mythology come out. We saw Odin - King of the Norse Gods, Ra - God of Egypt and Vishnu - God of Hindu.

Me: That's Odin, Ra and Vishnu.

Varie: They're heading towards Aku.

The gods readied their weapons and they all fought Aku. Their weapons were pure good and they possessed enough power to hurt Aku and burn him. As they were fighting a fragment broke free and drifted away as the black mass was destroyed. For billions of years it drifted across the Universe and arrived in our galaxy and into our Solar System. It arrived on Earth during the time of the dinosaurs 65 million years ago. It crashed in the mountains of what would become Japan and resulted in the extinction of the dinosaurs in the area.

Me: Whoa! Aku caused the Extinction of the Dinosaurs in Japan.

Vince: Yeah.

We saw tar pits and it was a huge lake of tar.

Me: This is not tar.

Naruto: This is pure evil and it consumes everything and grows stronger.

Jack: Yes.

A thunderous explosion was heard and numerous towering spiked trees arose from the evil.

During the Great Ice Age 500,000 years ago we saw Japan during the times of Prehistoric man. We saw the prehistoric ancestor of the Emperor of Jack's land trying to rescue a friend from the evil. But it wasn't enough and the evil devoured them.

Over the course of history the Evil continued to spread over the land like some kind of cancer. Killing all the life around it. By the time Jack's land became a small city, the whole place had evil trees piercing through the houses and the water was dried up and the land was dying.

We saw Jack's father the Emperor about to leave with a bunch of his men to destroy the Evil that's spreading.

Woman: I do not understand why it must be you to carry out this task.

Emperor: My duties are clear. As the emperor this problem is my responsibility.

Me: [To Jack] Is that woman he's talking to your mother Jack?

Jack: Yes. And the man is my father. The emperor.

Sakura: That's interesting.

Woman: What of your family? Do you not have a higher responsibility unto them?

Emperor: Do not speak of such nonsense. You are most important to me. But the people and my land are also my family. I must go.

Me: So he was going to fight Aku.

Fu: He has no idea what they are about to face.

Jack: Yes. But father was ready regardless.

The woman cried.

Emperor: I cannot let this evil destroy us all.

A man came out with a container of something.

Man: My lord, the elixir is ready. It is the key to extinguishing this devilry.

The emperor put the container in his pouch and bid farewell and promised that he will return.

They got ready and left. They set out into the evil forest.

Me: There they go.

They got to the evil forest and saw that the whole area was covered in those evil trees.

Naruto: Wow! Look at all that.

Fu: The whole area is covered in those evil trees.

Lincoln: Yeah this is terrible.

Sakura: It's like some kind of cancer.

Jessie: And if they don't stop it it will destroy the world.

They go into the heart of the Evil Forest and it somehow knew they were there and began picking them off and devouring the soldiers a few at a time until the Emperor of left.

Me: The whole forest is alive. It's like it has a mind of its own.

Lily: Yeah.

The Emperor arrived at the heart of the Evil Forest. It was a pool of pitch black evil.

Me: Wow! Look at that.

Jack: That pool is evil in its purest form.

Vince: It's like looking into a gateway from the darkest pits of the Netherworld.

Laney: No kidding. I can't believe Aku is pure evil. Why can't he be a force of good?

Me: Some things are born the way they are Laney.

Lily: Yeah. Aku's power was forever set in Stone.

Jessie: I can't believe Aku has been on Earth ever since the end of the Age of the Dinosaurs.

Lincoln: Yeah. Aku is immortal and he has lived for 12 billion years.

The Emperor got off his horse and got the elixir out and chanted some magic incantation and dipped an arrow into the elixir. He fired it into the sky and the sun ignited it and it went into the black pool of evil. Some of the Evil Trees went back into it. The Emperor thought that it worked. But it backfired completely and a huge tree exploded out of the black pool and it mutated and it became the very creature that we are going to destroy: AKU!

AKU WAS BORN!

All: AKU!

Aku stretched his body and blocked out the Sun with his magic. He saw the Emperor.

Aku: Oh. You! Thank you!

Emperor: No! My intention was to destroy you!

Aku was amused by this.

Aku: Oh? (Laughs) But it was your poison arrow and your hocus-pocus that set me free. (Laughing)

The Emperor fired more arrows at Aku and he saw them coming and they got absorbed into him.

Aku: Fool! Nothing of this world can harm me, for I am Aku, the Shogun of Sorrow, the Deliverer of Darkness - Your new master. And you will bow to me.

The Emperor slashed Aku with his sword and the sword dissolved.

Me: Whoa! Not even normal weapons can kill Aku.

Aku: (Evil Laugh) Human fool. I see that I must show your world who is master.

Aku sucked the Emperor into the pool of black and the pool became a gnarled tree and the emperor was chained to it.

Aku: Now gaze your eyes upon the full wrath of the mighty Aku.

Aku then went to the Emperors land and the Emperor watched in sheer horror as Aku was destroying his land.

Emperor: NNNNOOOOOOOOOOOOOOOOO!

The Emperor was completely helpless as he watched in sheer horror and helplessness as Aku was descimating his entire kingdom.

Me: (Enraged) Aku you monster!

I punch a tree and knock it down.

Me: I will kill you for this Aku! I will destroy you 1,000 times over and make you pay for your crimes against the universe!

I break down crying knowing that I can't do anything until we get back to the past.

Jack: It's not your fault my friend. We will destroy Aku and make him pay for everything he's done.

Me: (Crying) I know! I hate you Aku! I HATE YOU!

Varie: Calm down honey. Calm down. It's not your fault. It's Aku's fault. He will pay for all this.

Naruto: Yeah bro. Aku will pay for this.

Vince: We will help you and Jack destroy him no matter what.

Suddenly a white cloud came and it was Odin's horse, Sleipnir. He got the Emperor down and carried him to the highest mountain. Once there we saw the Emperor go into a temple and he saw 3 monks before him.

The area became the vast emptiness of space and he was standing before Odin, Ra and Vishnu.

Odin: You have been chosen. A force of Ultimate Evil has resurrected itself on thy world.

Ra: This evil must be destroyed.

Vishnu: (India Accent) Only through the strength of the Human Spirit and the virtue of human righteousness can this evil be vanquished.

Odin, Ra and Vishnu fired beams of light at the Emperor and a ball of pure white light came out. The monks had powerful crafting hammers and they pounded away at the light and Odin, Ra and Vishnu poured in their strength and power and formed it into the very sword that Jack now wields. The power we were sensing from this process was incredible.

When it was done, the Sword was created. It floated in front of the Emperor.

Odin: This blade was forged from the Righteous Energy within thee.

Ra: It possesses the power to destroy this evil force.

Vishnu: But be warned: This evil is not of the human world. It has magic beyond your understanding. Trust not what you see, but what you feel.

Me: So that's how your father got the sword Jack.

Laney: The three gods of Norse, Egypt and Hindu created it from his righteousness.

Lisa: That is a very interesting conclusion. Even though I am a girl of science I find all of this to be very interesting.

Jessie: Yeah.

The Emperor took the sword and he now had a powerful armor on. The temple vanished and he was on a floating cloud and he went back toward his kingdom to Aku.

He arrived and Aku saw him.

Aku: What is this? What form of insect is this? (Laughs) It is you.

Emperor: Yes Aku. Your evil cannot abolish the power of righteousness. Your evil grasp on my land and its people ends now.

Aku: (Laughs) Have you learned nothing? Your mortal blade cannot harm me.

The Emperor slashed Aku and he screamed in pain.

Me: Think again.

Aku: (Growls) How can this be?

Emperor: This sword was forged from the strength and power of the Human Spirit. It represents all that is good. It's purpose is to destroy you.

Aku: Bah!

Aku fired lasers at the emperor but he blocked them. No matter how many shots he fired the emperor blocked them. He even dodged them all. The emperor slashed Aku again.

Aku: AAAAAAAHHHH!

Sakura: That must've hurt.

Naruto: Yeah.

Aku became a dragon and chased the Emperor. The emperor slashed off Aku's head and he fell and became a giant hairy spider.

Lincoln: I'm sure glad Leni isn't here to see this.

Lily: Me too.

Aku chased the Emperor and the Emperor slashed and blocked Aku's strikes. Aku then jumped into the air and dispersed and went into the armor suits. He became hundreds of warriors and they all laughed with insanity.

Me: Boy he sure can laugh alot.

Naruto: Somebody shut him up.

Jessie: Yeah.

Aku then attacked and the Emperor was faring well against them.

The Emperor slashed apart some spearmen Aku.

Emperor: (Blocks some spears) Yah! (Spears hit him) AAAAAAAAAAAAHHHHHHH!

The attacks kept on coming and they were not letting up.

Archer Aku's were firing arrows and the emperor blocks some arrows but some hit the emperor.

Emperor: AAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAHHHHHHHHHHHHH

Me: Whoa! Now he's mad.

Jack: Come on father.

A Thunderstorm raged as the fight drew to a close. Only one Aku warrior was left. He tried to run away.

Emperor: You will not escape!

The Emperor threw the sword and it hit Aku and sucked him into the blade. The blade turned black and all you could see were Aku's eyes.

The Emperor picked up the sword.

Emperor: Now let the sword forever banish this evil abomination.

He stabbed the Ground and Aku went into the ground.

Aku: I WILL RETTUUUUURRRRNNNNN!

Aku vowed to return one day and finish what he started. Then a huge gnarled tree grew out of the ground.

Me: That did it.

A baby crying was heard and the Emperor found his wife and more women safe and in his wifes arms was a baby. It was little Jack.

Me: Jack you were adorable when you were a baby.

Jack: I sure was. I can't believe I was born on the day Aku attacked. This is a very shocking revelation.

Naruto: That is very coincidental. I was born on October 10th, the day the 9-Tailed Fox destroyed my village.

Jack: You told me about that Naruto. That must've been a very shocking time for you.

Naruto: I don't remember what happened that night because I was only a baby. But it was a terrible event.

Sakura: Yeah. Naruto was treated like an outcast ever since that day.

Jack: I heard about that. Naruto I'm very sorry that happened to you.

Naruto: Thank you Jack.

The Emperor, his wife and little Jack watched from the ruins of his castle.

Emperor: We must learn from this day. We must be prepared should this evil ever return. We must have a plan.

The whole landscape was gnarled and twisted and Aku's tree was there waiting.

Me: And after that horrible day, the events that transpired were set into motion.

Jack: Yes. Aku returned 10 years later after I was born and I had to undergo an intense training plan for 15 years before I could fight Aku.

We saw everything Jack had done over the course of his 15 year training. He trained in Saudi Arabia, Africa, Egypt, Greece, England, Russia, Norway, Tibet and more. Turns out we miscalculated. Jack was born in the year 1,000 A.D. and Jack was teleported 9,000 years into the future 25 years later. We woke up and continued on our quest.

Jack: That was an unusual dream.

Me: That was no dream Jack. It was a vision in the past. We saw everything that happened over the course of history and how Aku's reign of terror came to be. We also saw your training and how you worked hard to get where you're at.

Varie: Yeah. We also saw how you trained hard to get the Sword.

Jack: Yes. I had to work hard as part of a plan father made.

Me: It was very fruitful. It made you strong and into the man you are now.

Jack: That's true.

Lily: So where are we going now?

Me: Who knows? But we'll find out soon.

We continued on our quest.

Continues in part 20.

# Samurai Loud's Finale

"The Fight For the Future"

50 years had passed since we, the Brave 12 arrived in the future. We have done so many good things for the people of Earth and for people and creatures from many different planets. We restored their hope and many people from around the world have risen up against Aku in a huge rebellion. But their efforts alone would never be enough to face Aku.

As for us things weren't looking good. Aku destroyed all the time portals and our chances of getting back to the past were gone. But we refused to give up and we would find a way to go back. Me and Vince trained everyone including Jack at a vigorous and powerful level over the course of 50 Years. Jack did not age because of the magic that brought him to the future. We were now more powerful than ever before. However as we were training hard, a mysterious cult was training too.

25 years ago, a High Priestess of the Cult gave birth to 7 Daughters.

She got up and was before a statue of Aku.

High Priestess: 7 Daughters to do your bidding Master. They will succeed where so many others have failed and we will find favor in your glory.

The girls were trained rigorously from birth and they were trained for only one purpose: To hunt us down and kill us. There was one among them that was always distracted and loved everything and that was Ashi, the eldest of the seven. She loved the world and everything in it.

High Priestess: Bask in the glory of what our master has created. Admire its beauty but know that the Brave 12 are out there leaving a wake of devastation wherever they go. That's why my sweet Ashi, the Daughters of Aku must stay focused. Never relent, Always attack.

After 25 years of intense training, the Daughters stood before their mother.

High Priestess: Your training is complete. Go! KILL!

The Daughters of Aku donned their masks.

High Priestess: You are 7, but now you wear the face of one. One purpose for which you were born: to kill the Brave 12!

The Daughters of Aku were now coming for us.

As we were walking on the path in the forest towards Aku's Castle ready to take the Final fight to him I sensed something.

Me: (Gasp) I sense something coming.

Jack: What is it?

Me: I sense 7 energy signals closing fast.

Naruto: I can feel them too. Whoever they are they are really strong.

Me: Let me see if I can make them out.

I concentrate and I saw the Daughters of Aku heading towards us.

Me: Oh no. We got 7 female warriors heading right at us.

Laney: I feel it.

Lily: Me too. They're really strong.

Jessie: Whoever they are they were trained from a young age to kill us.

Me: Stand ready team. Whoever they are they picked the wrong people to fight.

We saw 7 figures coming. It was the Daughters of Aku.

Me: Here they come.

Vince: Be ready for anything guys. One thing is for sure, these girls won't stop until they kill us.

The girls drew their weapons and we engaged them in a powerful fight and tied them up.

Ashi: Untie us so we can kill you!

Me: No. Lets see who you all are.

We take off their masks and gasp.

Me: You're all human like us.

Ashi: We were sent to kill you for destroying our masters land!

Naruto: Aku sent you?

Ashi: No. Our mother the High Priestess sent us.

Jack: I had a feeling that the Women of Aku were behind all this.

Laney: Me too. You girls were lied to.

Me: We are not destroying this world. We are saving it.

Ashi: Lies! We were told that you were killing everything.

Me: It's not a lie. We have done so much for this world that it's unbelieveable. [A butterfly comes onto my hand and I admire its beauty and let it go] We would never endanger anything. We have helped so many people around Earth and more.

The girls saw how I handle the butterfly and were touched.

Jack: Yes. Our deeds were recognized by many on Earth. We have helped many that were under the tyranny and oppression of Aku.

Me: If you girls need proof we are more than happy to show you all.

Ashi: We… We would like that.

Me: I take it you know who we are.

Ashi: Yes.

Me: We never got your names.

Ashi: I'm Ashi and these are my sisters.

Ami: I'm Ami.

Avi: I'm Avi.

Ara: I'm Ara.

Aki: I'm Aki.

Ana: I'm Ana.

Asia: And I'm Asia.

Me: It's a pleasure to meet you all. Lets go to our first stop. But first untie them.

We cut them free and I use Instant Transmission to take us to our first stop: The Dogs Archaeological Site.

Avi: Where are we?

Me: We are at the Archaeological Site of the Dogs.

Rothy: (British Accent) J.D. and the Brave 12 old chaps!

We saw Rothy and his crew.

Me: Rothy its been a while.

Rothy: That it has dear friends.

Me: Girls this is Sir Colon Bartholomew Montgomery Rothchild III. He likes to be called Rothy. We helped his Archaeological Excavation site by freeing all his friends and crew who were enslaved by Aku. They were forced to dig up precious gems for Aku and it put their excavation on hold.

Jack: Yes. They were the first ever people we helped out.

Rothy: That's right and we are forever indebted to the Brave 12.

Ana: That's amazing. How did you all do it?

Varie: We rallied up the dogs and got them together and did a powerful speech that made them stop digging for Aku.

Rothy: Yes and now we stand together against Aku and we will answer the call should we ever be needed to help fight him.

Me: Yes. But this was just the beginning girls. We still have much more to show you.

We beam into the forest of the Woolies and we were greeted by a Woolie.

Woolie: Brave 12 it's good to see you all again.

Me: You too. Girls these are the Woolies. We helped them 50 years ago. They were enslaved by little creatures called the Chritchellites and we risked our lives to free them.

Woolie: The Brave 12 arrived and they risked their lives to save ours. Now we stand ready to fight against Aku for when the time comes.

Me: Yes. Saving the Woolies from the tyrannical Chritchellites was our 2nd accomplishment.

Avi: Amazing.

Jack: Yes. The Woolies are amazing friends.

Me: We still have more to show you.

We go into the forest and we found the astronauts working some more on their habitat. It was much bigger than what it was back 50 years ago.

The Astronauts saw us.

Frederick: (German Accent) Brave 12!

Me: Hey Frederick.

We hug.

Frederick: It is good to see you all again. What brings you all here?

Naruto: We are showing Ashi and her sisters here the accomplishments we did in the war against the tyranny of Aku.

Me: These astronauts were building a habitat and an escape rocket to go back to their home. 50 Years ago we had to help them get through a powerful blockade in the voids of Space. Our plan was to be in the rocket pod to go back to Jack's time when they went into Faster-Than-Light Travel but when the robots in the blockade formed a powerful superlaser cannon we had to stop it at any cost. So we sacrificed our escape to the past to save the Astronauts.

Frederick: Yes. It was an act of immense selflessness.

Me: Yeah.

Frederick: We've been forever indebted to the Brave 12 ever since that day and we now stand ready to fight Aku should the need arise.

Me: Yes. [To Ashi] We have more to show you all.

We go into the forest where we helped the monks.

Arrows were fired at us and we hid behind the trees.

Monk: If you are one of Aku's minions, we suggest you run. If you are another, then reveal yourself.

Me: It's all right.

We came out.

Monk: Brave 12. It is good to see you all again friends.

Me: You too. We are showing Ashi and her sisters here the accomplishments we have done over the years.

Ashi: Yes. We are now starting to believe it.

The monks lead us to their home. It was a bunch of houses on a tall mountain.

Me: Wow! You guys have sure been busy over the last 50 years.

Monk: Yes. None of this would be possible if it wasn't for all of you.

A statue of us was made to commemorate our heroic deeds.

Monk: [To Ashi and her Sisters] We were cursed. Bound to guard a magical portal. That's when the Brave 12 arrived. They were able to defeat us but instead of using it to fulfill their quest, they freed us. An act of unmeasurable sacrifice. We found out there that the curse was of Aku's doing. We now stand against Aku should we ever be needed to help the Brave 12.

Me: Yes. Everyone that we have helped is now forming a huge rebellion against Aku.

Later we showed Ashi and her sisters everything we have accomplished and now the time has come.

Me: The time is now upon us. It's time to take back our planet and finish Aku for good.

Jack: Yes. How are we gonna do it?

We gathered everyone that we all helped together and revealed what we're gonna do and we set out to Aku's Castle. Aku was getting up out of bed and he got ready for another boring day of ruling.

We arrived and saw Aku's Castle. Ashi and her sisters were now in different clothes that were one of each color of the rainbow for each of them.

Me: There it is. Lets give him a rude awakening. [Cups hands to the side] KA! ME! HA! ME! HAAAAAA!

I fired a Kamehameha Wave and it completely obliterated Aku's Castle in a huge fiery explosion.

KRABBBBBOOOOOOOOOOOOOMMMMMMMMMMMM!

Vince: Nice shot partner.

Me: Thanks. Lets wait.

Aku got up and he saw that his Castle was completely destroyed.

Aku: Who dares destroy my castle!?

Me: CHARGE!

We ran and the battle that will decide the Fate of the Universe has begun. I go Super Angel 3, Vince goes Super Angel 4 and Varie and Laney go Super Angel 2. Lincoln went Super Angel and Naruto went Kitsune Hanyou Angel. We all hit Aku with everything we got big and small. We fired energy blasts, arrows, bombs and more. We slash him with our weapons and had his chances of attacking numbered. It was an explosive and relentless onslaught.

Me: This is for killing innocent people.

SLASH!

Aku: AAAAAAAAAAAHHHH!

Naruto: This is for enslaving everyone!

POW! SLASH!

We were all destroying Aku until he was the same size as a regular human and I slap him in the back of the head and time portal rings flew out of his mouth.

Me: This is our chance!

We dive into the portal and Ashi and her sisters went with us.

Aku realized that he had been tricked.

Aku: Oh no!

We were traveling through time into the past.

Me: Mission Accomplished everyone!

We cheered wildly.

Past - 1,025 A.D.

Aku: You may have beaten me now but I will destroy you in the future.

Jack: There is no future for you Aku.

Aku: I disagree.

He then used his time portal spell.

Jack: What trickery is this?

The portal sent Jack into the future.

Aku got up.

Aku: Do not worry Samurai. You will see me again. But next time you will not be so fortunate.

10 Seconds after Jack was sent into the future, we arrived.

Aku was shocked.

Aku: You're back already!?

Jack: YAAAAAAHHHHHH!

Jack slashed apart Aku and he sucked him into the sword.

Jack: NNNNOOOOOOOOOOO MMMMOOOOOOOOOOOORRRRRRRRRREEEEEEEEEEEEEE!

Jack stabbed the Castle and it began to destablize and we got outside and the whole castle exploded with incredible power.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: That did it! Go to the Netherworld Aku and stay there!

Jack: It is done.

Me: Yes. Aku is now dead after many eons of pain, death, destruction and suffering and his reign of terror has now finally come to an end. We did it guys! Mission Accomplished!

We cheered wildly.

Jack: I am forever grateful to all of you J.D.

Me: It was no problem Jack. We're glad we could help you.

Lisa: Affirmative. This all has turned out to be one magnificent adventure for all of us.

I use my powers to make the world from the future we went to part of our world. Aku's death was felt throughout the world and the Universe like wildfire and everything that his evil did was completely erased from existence forever. Ashi and her sisters were not affected because of a powerful Sealing Jutsu I put on them that made them immune to the Temporal Change. Days later we saw Jack and Ashi get married and we were guests at their wedding. We were so happy for Jack and Ashi and they were officially married.

Me: Congratulations Lord Jack and Lady Ashi.

Jack: We can't thank you all enough J.D. This was an amazing adventure for all of us.

Me: I agree. Being thousands of years into the future has taught us all a great deal and we all worked together and took down Aku for good and destroyed his reign of terror.

Ashi: I can agree.

Me: We have to go home to our own time. But maybe we'll find you in our books.

Jack: Yes. Thank you again J.D.

Me: It was our pleasure.

I open up a portal and we all head back home to our time in 2017. The simulation ended. We go into the living room and rested.

Me: (Exhales) What an adventure.

Vince: You said it partner.

Varie: Yeah but it's good to be back home.

Lincoln: You said it.

Lori and the other siblings came in.

Lori: Hey guys. How did it go?

Me: It was an amazing adventure. We are exhausted.

Laney: We were thousands of years into the future helping Jack get back to his time in the past and it was an adventure worth remembering.

Lily: Yeah.

Suddenly a book appeared on the Coffee Table.

Me: What's this?

I pick up the book and the title was "The 12 Warriors - The Chronicles of the Brave 12"

Me: "The 12 Warriors - The Chronicles of the Brave 12"? So Jack wrote a book about our adventures.

Luna: Lets read it dudes.

I read the book to everyone and it was an awesome memoir of our adventures thousands of years into the future and how we have done a great adventure and destroyed Aku.

After 3 long days we got to the end.

Me: "After the destruction of Aku, the world was finally free of his oppression and the greatest day came for me when me and Ashi got married and my friends of the Brave 12 were at our wedding. In time we had a magnificent family and our kingdom prospered under an Aku-free land full of life." The end. This book is dedicated to the bravery and valor of my friends J.D. Knudson, Varie Knudson, Vince Pusateri, Naruto Uzumaki Namikaze, Sakura Haruno, Fu, Jessie Bannon, and Lincoln, Laney, Lisa and Lily Loud - with blessings Samurai Jack, Ashi and family.

Lincoln: That is an amazing book and dedication.

Lori: That is an amazing adventure guys.

Bobby was there with us.

Bobby: It sure sounds like it babe.

Carol: That is an amazing adventure. I'm so happy for Jack and Ashi.

Me: Me too Carol. That was an adventure we'll never forget. We not only helped Jack get back to the past but we also saved the entire Universe from Total Destruction.

Jessie: Yes. Aku is now gone and his reign of terror has been silenced forever.

Fu: It sure has.

Sakura: This was an adventure worth bragging about.

Me: Yeah. But we don't want to brag too much.

Lola: That's true. But we're glad you all had fun.

Lana: Me too.

Penny: That must've been really neat.

Rita: It sure was.

We went to the kitchen and grabbed some lunch.

THE END.

Another Miniseries Completed.

Whoo-wee! What a series. This one was a really awesome series. I wanted to do this whole miniseries as a tribute to the crew and staff that worked on Samurai Jack from 2001 to 2017. This is also to dedicate to the memory of the original voice of Aku - Mako Iwamatsu who died in 2006 after season 4 came to a close. For 13 long years after episode 52 came in 2004 we had to wait for 13 years until 2017 before the 5th season closed the series. The 5th Season of Samurai Jack was intense and it was on Adult Swim on Cartoon Network at midnight from March 11th to May 10th, 2017. These 10 episodes were loaded with blood, guts, gore and bad language. But it finally answered all my questions with what will happen with Samurai Jack. The tear-jerking part was the ending of the series because of the Temporal Paradox Ripple effect. When Aku was destroyed in the past it erased everything that he did in the future and erased Ashi's existence as well. I don't understand the full effects of time travel. But nonetheless after 16 years we finally concluded a great action-packed show. Greg Baldwin did a really good job taking Mako's place as the voice of Aku. Can you imagine if you were sent into the future like that? That would be the ultimate adventure and nightmare of 50 million lifetimes. Let me know what you all think and see you all next time.

RIP Mako Iwamatsu. You will always be remembered in our hearts and in memory and spirit.

Mako Iwamatsu - December 10th, 1933 to July 21, 2006.

Samurai Jack is owned by Genndy Tartakovsky and Cartoon Network.

# Family From the Future

It starts out on a rainy afternoon. We were sitting in the Living Room.

Me: Rainy days are really boring.

Laney: Tell me about it.

Lola: Nothing to do but watch TV and look at my beautiful self in the mirror.

Lana came in through the door.

Lana: In a couple more hours this mud will be perfect to play in.

Slathers the mud on her face.

Lily: I love rain. It's so peaceful.

Varie: It sure is.

Suddenly a strange light appeared on the ceiling.

Linka: What is that?

Lincoln: I don't know.

It suddenly became a portal.

Fu: It's a portal to another dimension.

Naruto: I don't think that's a dimensional portal Fu.

I sense something coming.

Me: I'm sensing some enormous powers coming through. Whoever they are they're good.

Out of the portal came 13 figures. 10 girls and 2 boys.

?: Ow! That was a wild ride.

?: Yeah.

Me: Who are all of you?

They got up and saw us.

?: Wait a minute. It is you. Um this may seem a little strange but we are not from this time. We came here from 200 years into the future.

Varie: We can see that. We are no stranger to time travel.

?: We should introduce ourselves. I'm Allie Knudson, the eldest.

?: I'm Brittney Knudson, the Goth girl and the Empress of Darkness.

?: I'm Jessie Knudson, the master of Wind.

?: I'm Mary Knudson, famous international chef and master of Earth.

?: I'm Anna Knudson, Master of Lightning.

?: I'm Jared Knudson, Master of Fire.

?: I'm Nicole Knudson of the Star Dragon and master of the Stars.

?: I'm Natilee Knudson of the Night.

?: I'm Shanan Abigail Knudson, Queen of Nature.

?: I'm Allenby Beardsley Knudson, I'm married to Jared.

?: I'm Heidi Knudson and these are my young twin siblings Nathaniel and Isabelle.

Nathaniel: It's a pleasure to meet you.

Isabelle: Charmed.

Allie: J.D. this my seem a little strange but me, Brittney, Anna, Mary, Jessie, Jared, Nicole, Natilee and Shanan are your children from the future.

Me and Varie were shocked.

Me: (Gasp) You are my kids.

Varie: How can this be?

Brittney: We came from 200 years into the future against our will.

Me: How?

Nicole: We were fighting a powerful monster and he was too much for us and he was going to send us into the future so he can destroy the world.

Mary: Luckily he wasn't very smart.

Allie: We were thrown into the past and here we are seeing you.

Me: This is amazing. But that is horrible that that happened to you.

Heidi: Yeah grandpa it was awful.

Isabelle: We were fairing really well against this monster but he tricked us at the last second and sent us into the past.

Lincoln: That's awful!

Shanan: Yeah it is.

Naruto: I take it you all have the same powers like J.D. here.

Nathanial: Yes Uncle Naruto. We inherited our powers from Dad and Mom.

Sakura: That's amazing.

Laney: Yeah.

Lily: But how are you all gonna get back?

Mary: That's a very big problem. We don't have any way to get back to our time.

Aylene: That's not good. Looks like you're stuck here.

Allie: Yeah. But now we're a family again.

Me: Yeah. We have some catching up to to do.

Mary: We sure do dad.

ALLIE

Allie and Lola were in Lola's room and Lola was showing her all her achievements.

Lola: So as you can see I do Beauty Pageants, Photoshoots and Tea Parties.

Allie: I remember. You have an amazing talent Lola.

Lola: Thank you. So what do you do Allie?

Allie: I am known as the Queen of Light and the Executioner of the Twisted Princesses.

Lola: I do not like the sound of that. What are the Twisted Princesses?

Allie: The Twisted Princesses are the Disney Princesses turned evil. Let me show you.

Allie pulls out an advanced finger computer and shows a holographic image of Rapunzel gone bad.

Lola: Whoa! What happened to Rapunzel?

Allie: That's what the Twisted Princesses are. They are the Disney Princesses turned evil and motivated by Vengeance, Hate and bloodlust.

Lola: That is really scary.

Allie: Yeah. I call the Twisted Princesses the Dark Side of Disney.

Lola: That's really fitting for them.

Allie: It sure is.

Lola: This Rapunzel must've gotten what was coming to her.

Allie: Yep. I fired an energy wave at her and vaporized her in an instant.

Lola: Good riddence. If we ever face the Twisted Princesses we'll burn them into nothing.

Allie: We sure will. Fire and Light against the princesses of darkness.

## BRITTNEY

Brittney, Lucy, Haiku and Shannon were looking at books on poetry and dark magic.

Lucy: Brittney how did you get the title the Empress of Darkness?

Brittany: I wasn't always born a goth. My gothic ways started back when I was 7. It was during a class field trip to the Tennessee State Womens Prison 20 years from now. We went to the prison and interviewed the inmates and asked why they did what they did. I interviewed Teen murderess Natasha Cornett.

Lucy: Gasp! The Goth Girl responsible for the murder of the Lillelid Family?

Brittney: That's her. I interviewed her and we became friends. She only became a goth after she was alienated in school. She did drugs and alcohol and it was not a pretty sight and she went down a path of darkness. I embraced the Gothic Subculture after witnessing the execution of Christa Pike in 2037 and it was a pleasent sight to see a Satanic Woman like that die. I hate everything but my friends and family. I am called the Empress of Darkness because of my vast control over the powers of darkness and the use of Dark Magic.

Shannon: That's interesting. You must've heard about how I was part of the Black Daffodil Gang.

Brittney: Dad told me all about that. You became a Black Daffodil to get revenge on your parents who were serial killers in the Chicago Projects.

Shannon: That's right. I too know the Dark Magic Arts because of my ancestry. I'm a direct descendent of the Sanderson Sisters from the Salem Witch Trials in 1692.

Brittney: That's what I heard from Aunt Carol. You have quite the ancestry.

Haiku: I heard about that.

## ANNA

Anna, Lynn and Terra were playing basketball in the gymnasium.

Anna: Here I come!

Anna sunk a slam dunk.

Lynn: You are an awesome sports master Anna.

Anna: Thank you. I've always been known as the sports star of the family. I'm also an olympic gold medalist for the Summer Olympics.

Terra: The Olympics are awesome.

Lynn: They sure are. What events do you play Anna?

Anna: I play in the Decathalon, Archery, Shooting, Basketball and Volleyball.

Terra: You are an Olympic legend.

Lynn: That's amazing!

Terra: Yeah. The next Summer Olympics are in 2020 in Tokyo.

Anna: You all know I'll be there. The Lightning will strike again.

Lynn: Yeah! Whoo! You know it's always been my goal to be an Olympic Athlete.

Anna: You can do it Lynn. What event sounds perfect for you?

Lynn: I've always been good at Basketball.

Anna: You have the edge Lynn. You can do it.

## MARY

Mary, Lynn Sr., Lincoln and Linka were in the kitchen cooking for dinner.

Lincoln: You're a really good cook Mary.

Mary: Thank you Lincoln. I'm a world famous international chef that's been to every country and cooked really good food.

Lynn Sr.: That's amazing Mary. Maybe you can show me some really good recipes from your book.

Mary: I would be more than happy to Mr. Lynn.

Lincoln: What countries have you been to and what were your favorites?

Mary: I've been to every country around the world and I haven't really thought about that. I also have Earth Powers.

Linka: Earth Powers. Wow!

Mary: Yeah. I use the power of the Earth when I fight. It's a very powerful and destructive force.

Linka: We know. But that's incredible.

Mary: I learned about all of your adventures from dad and they were awesome. I also saw mom and dad's adventures in the future with Samurai Jack. That was an awesome story.

Lincoln: Yeah. It was the greatest adventure we have ever had.

Mary: I know. It was an awesome adventure.

Lynn Sr.: I heard about that and I'm very proud of everyone for helping the world and the Universe in a time of great peril.

Lincoln: Thanks dad.

Mary: I especially thought the way you all destroyed Aku was impressive.

Lincoln: Thanks Mary.

Mary: You're welcome Lincoln.

JESSIE

Jessie, Lori, Carol, Joan of Arc, Anastasia, and Gabrielle were in Lori and Carol's Room texting and reading books.

Lori: So Jessie, what do you do for the family?

Jessie: I'm an adventuror and explorer. I've been all over the world going into all kinds of ancient temples and collecting treasure.

Gabrielle: (British Accent) That's interesting. I'm an explorer too.

Jessie: That's what I was told from dad. Terra and Lynn found you in a temple in the Center of The Earth and it was an amazing adventure for you.

Gabrielle: It was.

Anastasia: I take it that you know so much about history too Jessie?

Jessie: Yes I do. I'm a history whiz. History of the world has always fascinated me ever since I was a little girl.

Lori: Do you know about the February Revolution?

Jessie: I sure do. That happened back in 1917 and it resulted in the abolishment of the Tsarhood.

Anastasia: Yeah. I lost my family because of Grigori Rasputin.

Jessie: I've read about that. Rasputin started the Soviet Union and your disappearence was one of the greatest mysteries of the early 20th century Anastasia.

Anastasia: Yes. Are you familiar with Peter the Great?

Jessie: I sure am. Peter the Great was Tsar of Russia from May 2nd, 1682 to November 2nd, 1721 and he was one of the most ruthless and powerhungry Tsars in all of the history of Russia. He tortured and killed 1200 mutineers in the Streltsy Uprising in 1698.

Anastasia: That's right. He was ruthless.

Jessie: He sure was. Joan it must've been really scary having to fight in the Hundred Years War.

Joan: It was. I was actually given a message from God and I was told to fight in the war and stop the siege of Orleans.

Carol: I've read about that. Joan had a message from God telling her to fight in the war and try to save her home.

Jessie: I remember. Also the trial of Joan of Arc was retried in 1456 under orders from Pope Callixtus III and she was found innocent on July 4th, 1456. In 1920, Pope Benedict XV and the descendents of Joan attended the canonization of Joan of Arc. She was canonized on May 16th, 1920.

Joan: So I'm a Saint?

Jessie: Yep. It's an amazing thing.

Anastasia: I agree.

Lori: That is amazing. History is your strongest subject.

Jessie: It sure is.

JARED

Jared, Allenby, Naruto, Sakura, Fu, Ino, Luna, Ember and Leni were playing instruments. Jared was playing the Violin, Allenby was playing the flute, Naruto was playing the banjo, Sakura was playing the drums, Fu was playing the Trumpet, Ino was playing the Trombone and Leni was playing the Tambourine. Jared: Me and my older sisters once played in the Minnesota Symphony Orchestra. We played all kinds of classical music.

Ember: That's cool man.

Jared: It sure is.

Fu: So how did you meet Allenby, Jared?

Jared: That is an adventure I will never forget. It was after I inherited the Family Sword and fought in the 4th Great War.

Naruto: You fought in the 4th Great Ninja War?

Jared: I sure did. It was an adventure I will never forget. We all saved the world from the terror of the Akatsuki. After that I was in the Simulator fighting against Kaguya Otsutsuki. She had enormous power the likes of which I had never seen before. She took me to this volcanic world 34,000 Light-Years away from Earth. It was a planet called Pyron. Kaguya had the power to switch between dimensions and take the battle to different planets across the cosmos.

Sakura: That is incredible.

Fu: Yeah. It sure is.

Jared: It was amazing. After I was done the Quicksand Damsel Alarm went off and I triangulated the signal coming from a Swamp in Sweden. I rushed over and ran to the signal source and saw Allenby up to her head in Quicksand.

Allenby: Jared flared up a Rainbow Aura and he rescued me and he was holding me bridal style. His aura was so amazing and from that moment on I knew that Jared was the one for me.

Sakura: That is amazing Allenby.

Naruto: Yeah. You two are made for eachother.

Jared: Thanks bro. It was a romantic rescue. It was a training mission that turned into a rescue that became a match made in Heaven.

Leni: That is amazing.

Luna: It sure is dude.

## NICOLE

Nicole, Lisa and Jessie B. were in Lisa's room studying all kinds of science stuff.

Nicole: It's amazing that a 4-Year-old knows all this science stuff.

Jessie B: It sure is.

Lisa: Affirmative Nicole. I was actually born with a very high intelligence quotient.

Nicole: I can believe it Lisa. The two fields of science that have always astounded me are Earth Science and Astronomy. I'm a geologist and astronomer.

Jessie B: Good fields.

Nicole: Yes. But Astronomy has always been my strongest field. The

Universe always fascinates me.

Lisa: Indeed. The Universe is an endless and very fascinating scientific enigma.

Nicole: Yes. It's also the reason why I have my moniker Nicole Knudson of the Star Dragon. Because the Stars tell me everything and I can shape my cosmic energy attacks into powerful dragons.

Jessie B: That's a very good moniker. What else do you do Nicole?

Nicole: I'm also an Olympic Ice Skating Gold Medal champion. I participate in the Winter Olympics.

Me: I love ice cream!

Laney: Oh boy!

**LANA:** Ice cream, yeah!

**LUAN:** Pinch me, I must be *cream* ing! *[Laughs, then got pinched by Leni]* Ow! Leni!

Lynn: Why is your orange aura glowing Mary?

Mary: It's one of my special powers because of my diet. I eat sweet food like candy or chocolate and it makes me stronger.

Gabrielle: (British Accent) Wow. That is an amazing power. Normally sweets make you fat and give you diabetes, but it doesn't for you.

Mary: Weird huh?

*[We all take our empty pints of Ice Cream and put them in the trash]*

**LOUD KIDS:** Thanks, Mom and Dad!

Me: Thank you Mr. Lynn and Ms. Rita.

**PARENTS:** Anytime!

*[We all go upstairs]*

**RITA:** It was really nice to give them a treat. Wasn't it, dear?

**LYNN SR.:** Yeah, it sure was. It's the least we could after they helped us get some alone time. Speaking of treats, is there any left for us?

*[Rita takes out two pints of Ice Cream in the freezer]*

**RITA:** Shall we?

**LYNN SR.:** After you!

*[They run off with their treats]*

*[In Lynn, Terra and Anna's room]*

**LYNN:** Wow! Eating that ice cream was delicious!

Anna: You said it Lynn. I only have one thing of Ice Cream once a year and only eat beans and hot sauce.

Terra: That's an interesting diet. I guess you all have different diets that make you stronger.

Anna: Yep. It's awesome.

[In Lucy, Haiku, Raven, Brittney and Shannon's Room]

**LUCY:** Burp. That dessert was very… immortal.

Brittney: My favorite flavor of ice cream is black licorice. Lots of people hate black licorice.

Haiku: I can believe it Brittney. Black Licorice is an interesting flavor.

Shannon: I've never really been a fan of Black Licorice. It was never my favorite flavor.

Raven: I know how that feels. I may be half demon with a heart of darkness but Black Licorice was never my favorite flavor.

*[In Luna, Ember and Argent's room]*

**ARGENT:** *[sighs]* That ice cream sure went well, didn't it?

**LUNA:** Yeah, dude. It was really nice of Mom and Dad to give it to us. I wish they would've made it.

**EMBER:** But to do that, they'll have to go to make it by hand.

*[Lola comes out of her room in her pajamas and goes downstairs; She stops for a moment and listens]*

**RITA:** I'm sure glad we made our kids happy.

**LYNN SR.:** Yup. If they keep it up being this good, we'll give them another treat. Maybe something that's their favorite.

**RITA:** Well, we're almost short. We'll just give them one thing to share and that's it.

**LYNN SR.:** Well, if you say so.

**LOLA:** One thing, huh? *[Thinks for a moment, gets an idea and runs off]*

[In Lincoln, Linka, Jared, mine and Varie's room]

Me: Uh oh. I sense a disturbance in the Force.

Jared: What's wrong dad?

Me: I don't know son. But we'll find out later.

THE NEXT DAY

*[Lynn Sr.'s scream is heard]*

*[Inside the house, the lamp is broken by something]*

**LYNN SR.:** The lamp! It's broken! How could this of happen? *[Sees one of Lynn's soccer balls by the broken glass pieces]* Of course.

*[Lynn walks downstairs]*

**LYNN SR.:** LYNN JR.!

**LYNN:** Hey, Dad. What's the problem?

**LYNN SR.:** *[points to the situation on the floor]* Care to explain this?

**LYNN:** Hey, there's one of my soccer balls!

**LYNN SR.:** Not the ball! The lamp!

**LYNN:** What?! I didn't have anything to do with the lamp!

**LYNN SR.:** May I need to remind you of the window incident?

*[Flashback from Overnight Success when Lynn is having a sleepover with her friends, spins the soccer ball on her foot, kicks it to the window, breaking it]*

**LYNN SR.:** *[Offscreen]* Aah! LYNN JR.!

*[End Flashback]*

**LYNN:** Point taken. But, Dad! This time it wasn't my fault! I didn't break anything all day!

**LYNN SR.:** Save it, missy! I've heard enough! As your punishment, no more playing sports inside or outside the house! And that involves seeing your sports team.

**LYNN:** But…

**LYNN SR.:** No buts! My decision is final! Now go get a broom and help me clean this.

*[Lynn sighs and runs off to get it]*

*[Later, as she walks in the hall with an angry expression, Lincoln walks up]*

LINCOLN: Hey, Lynn. Do you want… *[She walks past her brother]*

LYNN: *[Unhappy]* Sorry, not in a mood right now. *[She goes into her room and closes the door]*

*[Curious, Lincoln follows her]*

LINCOLN: What's wrong?

LYNN: Dad grounded me because he thinks I broke the lamp with my soccer ball even though I didn't play with anything. *[Sighs]*

Terra: That stinks. I can't believe he would rush to judgement like that.

*[Lincoln, feeling sorry for her, has an idea and runs off]*

TWO MINUTES LATER

LINCOLN: *[wearing his Loco Lincoln mask]* ¡LUCHA LIBRE! Here comes Loco Lincoln!

Anna: Get her Loco Lincoln!

*[He leaps towards Lynn, tackles her, throws her onto Terra's bed and pins her]* One, two, three! You're out! Yeah! Loco Lincoln is El Campeón del Mundo!

Terra: (Laughs) Way to go Loco Lincoln!

Lincoln: *[Celebrates then takes off his mask]* Well, Lynn? What do you think?

*[Lynn got surprised for a moment, then laughs]*

LYNN: Oh, man! I did not see that coming! That was wicked!

LINCOLN: Well, since you like to wrestle, I thought that would cheer you up since you aren't allowed to play sports.

LYNN: Well, it worked! I feel a lot better! Remember the time we did that back when I stayed in your room?

*[Flashback from "Space Invader" when Lynn was in Lincoln's room as Lunatic Lynn wrestling Lincoln in his Loco Lincoln mask]*

*[Next flashback is when Lynn after coming in Lincoln's room got tackled by Lincoln]*

*[End flashback]*

LINCOLN: Yup. Never thought I say this, but that really was fun.

LYNN: It sure was. But Lincoln, why'd you do this for me?

LINCOLN: I was concerned. You may like to play rough with me, but you're still my sister.

LYNN: *[Gets up from Terra's bed and walk towards Lincoln]* Aww. Thanks, bro! *[She hugs her brother tightly, then fists bumps him]*

LINCOLN: Anytime. *[About to leave Lynn's room]*

LYNN: One more thing? How about a rematch sometime?

LINCOLN: You got a deal!

Terra: Can I join you all too?

Anna: Same here?

Lynn: Sure guys.

ANNA, TERRA, LINCOLN AND LYNN: ¡LUCHA LIBRE!

*[Lincoln closes her door]*

Me: That was a good deed you did buddy.

LINCOLN: Yeah. *[to the viewers]* I know wrestling is not my thing, but I have to do something to cheer up Lynn. After all, families look out for each other. *[He walks off]*

Me: You said it buddy.

*[In the kitchen, Rita takes out a hot pie from the oven]*

RITA: There, all done. *[She puts the pie by the open window]* I'll let it cool for a moment. *[Unknown to her as she walks away, Lola shows up, sees the pie and has a clever smile]*

*[Later, Rita comes back]*

RITA: *[Gasps]* Good Gravy! *[She sees her messy pie covered in mud and twigs]* My special pie! Ruined! *[Yells]* Lana!

LANA: *[Offscreen]* Yes, Mom?

RITA: Get downstairs! NOW!

*[Upstairs in Lincoln's room, he is reading one of his comics. A crying is heard]*

Varie: Uh oh!

LINCOLN: What's going on? *[He gets out of bed and opens his door and sees Lana getting teary eyed as he walk up to her]* Lana, what's the matter?

LANA: *[Sniffles]* Mom grounded me because she thinks I messed up her pie with mud even though I wasn't outside playing with it. I was upstairs looking after El Diablo.

Varie: That's not good.

LINCOLN: Did you tell her it wasn't you?

LANA: I did, but she didn't believe me. *[Sighs]* Well, guess I have to live in a mud-free life.

Shanan: No! We won't let that happen.

LINCOLN: Lana, wait here for a moment!

Shanan: We'll be right back.

*[Shanan and Lincoln run back to his room making Lana curious]*

TWO MINUTES LATER

LINCOLN: Here, Lana. *[Gives her a drawing as she looks at it]*

*The drawing was a magnificent drawing of Lincoln and Lana playing in the mud in the jungle with different animals.*

LANA: Wow! Cool! It's me and you playing in the mud and with different animals! I love it! Thanks, Linc! *[Hugs her brother]*

LINCOLN: You're welcome! Anything to help out a sibling.

Lana: Thanks. You too Shanan! [Hugs Shanan]

Shanan: You're welcome Lana. I am also a talented artist.

Lana: I can tell.

*[Lana smiles then goes back in her room with her drawing]*

*[Downstairs, Lynn Sr. comes home with a bouquet of flowers]*

LYNN SR.: My wife will be so surprised. *[He puts them on the vase then walks away]*

*[Upstairs, Lola observes]*

LOLA: Flowers, huh? *[Lola thinks then smiles cleverly]*

*[Later, Rita is sitting on the couch with her eyes closed]*

LYNN SR.: *Here you go, honey!* [Gives Rita the flowers as she opens her eyes]

RITA: Oh, they're lovely! Thanks, dear. *[She sniffs the flowers, but gets sprayed with water]* Is this your idea of a joke?!

LYNN SR.: What? *[He sniffs it, then suffers the same predicament]* How could this have happened? It wasn't like this when I picked this

out!

RITA: Well, if you didn't do this? Who did?

*[They think for a moment]*

PARENTS: LUAN!

LUAN: *[Coming downstairs]* You called? *[She sees her angry parents soaking wet]* Whoa. *Wet* happened to you? *[Laughs]* But, seriously. What happened to you?

RITA: Can the comedy routine, young lady! Replacing real flowers with water ones is not funny!

LUAN: What? But I didn't do anything to these flowers! The only water flowers I use is on my shirt and shoes. And for magic acts.

LYNN SR.: *[To Rita]* She's got a point.

*[Rita glares at him]*

LYNN SR.: I mean, save your excuses for someone else!

LUAN: But I said I didn't…

RITA: We don't want to hear about it! You already give me more work from when you clogged the sink with your magic props! For now on, no more comedy stuff for the entire month!

*[Luan got shocked after hearing that statement]*

*[Upstairs, Lincoln comes out of the bathroom and sees Luan sad and Eddy is comforting her]*

LINCOLN: Luan, what's the matter?

LUAN: Mom and Dad punished me because they think I was the one who replaced their flowers even though I was upstairs doing a magic act.

Me: That stinks.

LINCOLN: Sorry to hear that. Some people just can't take a *soak! [Me, Lincoln, Eddy and Luan laugh at that pun] Water* the odds? *[They laugh again]* Someone should've told them to *wash* out! *[They laugh once more]*

*Eddy: (Laughing) Good jokes Lincoln.*

*Lincoln: Thanks Eddy.*

LUAN: Lincoln, thanks for cheering me up!

LINCOLN: Anytime! After all, siblings look out for each other.

Me: That's right.

*[They both hug and we walk off]*

*[In the basement, Lori is doing laundry]*

LORI: There. *[As she turns on the machine's washer, her phone ring]* Hey there, Boo-Boo Bear! *[As she talks, she goes upstairs]*

*[As she leaves, Lola goes downstairs and check the machine's washer]*

LOLA: Time for some new improvements.

*[Later, Rita walks into the kitchen and checks the floor]*

RITA: Why is the floor wet? *[She opens the door and water gushes out of it]* Of course. LORI!

LORI: *[As she comes back while still talking on the phone]* And I'm really looking forward to… *[Turns and sees her mom looking very unhappy]* Boo-Boo Bear, I'll talk to you later. *[Hangs up her phone; to her Mom]* What is it, Mom?

*[In Lori, Carol, Anastasia, Joan, and Jessie's room, Lori is crying a lot after a conversation with her Mom and me, Varie and Lincoln are there with her]*

LORI: *[Cries]*… and then I was forbidden to use my phone for the entire week!

Varie: It's all right Lori.

Me: Some people are just quick to think.

LINCOLN: Yeah. There, there, Lori. I know what you should do, if you still want to talk to Bobby, you should write him a letter like from when we was reducing our eco-footprint. *[Gives his sister a notepad, a pencil and a tissue]*

LORI: *[Sniffles]* Well, since you were the first one that comfort me… okay. Thanks, Linky!

LINCOLN: Anything for a sibling!

*[They both hug]*

Jessie K.: You're a good brother Lincoln.

Lincoln: Thanks Jessie.

*[Later at night]*

LINCOLN: *[Comes back home]* Thanks for the fun time at the arcade, Ronnie Anne! I'll talk to you soon! *[Closes the door]*

Jared: Hey Lincoln. Did you have fun with Ronnie Anne?

Lincoln: I sure did Jared. After we got done with the arcade we saw a man snatch a womans purse and we stopped him.

Jared: Way to go buddy.

Lisa: Affirmative. That is a big achievement.

Lincoln: Thanks guys.

RITA: Kids! Expect the ones who are grounded come downstairs to the dining room!

*[Me, Varie, Aylene, Vince, Naruto and the girls, The Eds, Carol, Joan, Jessie K., Leni, Starfire, Brittney, Haiku, Terra, Raven, Argent,*

*Ember, Shannon, Liam, Tabby, Lucy, Laney, Anastasia, Lola and Lily come downstairs to the dining room and Lincoln & Linka follows them]*

LYNN SR.: We got you a special treat!

LINCOLN: More Ice Cream?

Me: Is it cake?

RITA: Even better! *[Takes out a bowl of white cream]* Its Tapioca pudding! We were short on giving you your own so we decided to give you one thing to share.

LINCOLN: Wow! Thanks!

LENI: That's great!

LILY: Oh boy!

LOLA: *[Sarcastic]* Yay.

Me: You guys go ahead. I don't like Tapioca Pudding. Out of all the flavors of pudding I like, Tapioca is my least favorite flavor.

Rita: That's all right J.D. I know how that feels. Tapioca is not liked around most people.

Jared: I can believe it. Tapioca is a good natural ingredient though.

Varie: That's true.

*[Rita give the pudding bowl to Lincoln then walks away]*

*[From upstairs]*

LORI: Okay! Someone is literally getting us blamed!

Anna: Yeah I smell a traitor among us.

LYNN: Yeah! It's so that we wouldn't get anything special!

LUNA: That is way harsh! Someone is going to regret for putting water on my amps!

LISA: And for messing up my seltzer water experiment! To be clear, it wasn't done yet.

Nicole: That stinks. But if there is one thing that we never tolerate more than anything else, it's Treachery.

LANA: I agree! We're not letting this creep get away with this!

LUCY: Excuse me. *[The other sisters gets startled by her appearance]*

Nicole: Yike! Oh hey Lucy.

Lucy: Are you investigating on who the fugitive is? Count me in. And BTW, I don't like Tapoica, I prefer Blood Pudding.

Mary: I don't blame you Lucy. I may love all flavors of pudding and sweet food but Tapioca pudding is my least favorite flavor too.

LYNN: Thanks, Luce!

LUAN: And I have my video camera! *[Holds up her camera]* Let's hope there isn't a *shot* potato! *[Laughs]* Get it?

Anna, Nicole, Mary and Eddy laughed.

Mary: (Laughs) Good one Luan.

*[Her sisters groan at the pun]*

LUNA: All right, dudes. Let's go catch that traitor!

ALL: YEAH!

*[Back downstairs]*

LINCOLN: Lola, give it back! We're supposed to share the pudding!

LOLA: Back off!

Laney: Lola please share with Lincoln.

Lola: No way!

*[As Lincoln chases Lola, Leni stops the latter ]*

LENI: Ha! Give up, Lorine! There's nowhere to run!

LOLA: It's Lola. And look, there's a spider on your foot!

LENI: Huh? *[Sees a black furry lint]* AAH! SPIDER! GET IT AWAY! GET IT AWAY! AAH! *[Runs away as Lola laughs at her]*

LINCOLN: *[Depressed]* Oh, Leni… *[Continues going after Lola in the kitchen then goes back to the dining room]* Come on, Lola! Please?

LOLA: *[Sweetly]* Okay, Linky! *[Gives her brother the pudding]* Here you go!

LINCOLN: Wow! Thanks! Let's enjoy it together. *[Walks back to the living room]*

LOLA: Sure thing. Not! *[She pulls the rug off her brother's feet as he drops the pudding in surprise]*

*Linka: OH NO!*

*[In slow motion, the pudding heads straight towards Lily who is playing playing a video game. As Lincoln and Lola run, the former saves his baby sister from getting hit and goes after the pudding, but Lola pushes him away to get it instead. However, the bowl flips upside down and the pudding falls on Lola, covering her completely]*

SPLAT!

LINCOLN: *[Gets up and sees the empty bowl]* Dang it. [To Lily] Are you okay Lily?

Lily: Yeah. Thanks big bro.

Lincoln: *[to Lola]* Lola, are you okay? Lola?

*[Lola, covered in pudding gets surprised, then gets enraged]*

LOLA: *[Screams]* THIS IS ALL YOUR FAULT! *[As Lincoln runs* *away, Lola chases and pummels him]*

*[Their parents walk in]*

PARENTS: What's going on here?

*[The fighting stops]*

RITA: *[notices her messy daughter]* Lola, what happened to you?

LOLA: It was Lincoln! He did this!

LINCOLN: *[Surprised and angry]* What?!

Linka: No it was you Lola! You pulled the rug out from underneath Lincoln and the pudding landed on you.

LORI: Linka is right!

LYNN: Yeah, she's telling the truth!

Mary: We saw the whole thing.

RITA: Do you have any proof?

LUAN: Does this answer your question? *[Shows her parents the video about what happened downstairs]*

PARENTS: Good gravy!

BUSTED!

LOLA: Uh-oh. *[About to walk away then stopped]*

PARENTS: LOLA LOUD!

RITA: Care to explain yourself, young lady?

LOLA: *[Sighs in defeat]* Okay. I might as well come clean.

TEN MINUTES LATER

LOLA:… And that's all.

LYNN SR.: We are very disappointed in you, Lola! Framing your siblings like that! That was very dishonest!

Me: For shame Lola.

RITA: And not only that, taking the pudding was very selfish! Until you learn proper behavior, you're grounded for the entire week! And that means no toys, beauty pageants and especially your Princess bed!

*[Lola gasps in shock after hearing that statement]*

RITA: *[to Lincoln]* Lincoln, we're really sorry for the mix-up. And thank you for saving Lily.

LINCOLN: That's okay. I'm just glad she's safe.

LILY: Thanks big bro.

LYNN SR.: *[to his other daughters]* And girls, as an apology, you're no longer grounded.

*[The other girls cheer after hearing that statement]*

*[The Loud Parents walk away into their room]*

LINCOLN: Thanks for sticking up for me, guys!

LUNA: Don't mention it, bro!

LUAN: The proof is in the pudding, like Lola! *[Laughs while her nice siblings laugh with her]*

Me: (Laughs) Good one Luan.

Eddy: (Laughs) Oh Luan I love you.

LYNN: Its like you said "Anything for a sibling".

LANA: And we're always here for each other.

LUCY: Ditto.

Varie: That's right.

Naruto: You said it.

*[As we all hug, Leni comes back]*

LENI: Hey, guys! What did I miss?

LINCOLN: Just come in here.

*[Leni shrugs then joins the hug]*

*[Lola sighs miserably at her punishment]*

THE NEXT DAY

*[As Lola wakes up from the couch, she sees her siblings walking downstairs]*

LOLA: Uh, morning?

*[The siblings, still upset at Lola from yesterday, pays her no mind]*

*[Lola sighs in depression then goes upstairs into the bathroom]*

*Me and Laney look at Lola with sadness.*

*[Later, she's in her room having a lonely tea party]*

LOLA: *[To the viewers]* I sure messed up big time. I never should've been so selfish and now my family hates me. How will I ever make it up to them?

*Me and Laney come into Lola's Room.*

*Me: Lola are you all right?*

Laney: We were worried.

Lola: Hey J.D., Laney. (Sniffles)

Me: I know it wasn't your fault Lola. You had a case of Sweet Tooth Sociopathy.

Laney: Sweet Tooth Sociopathy?

Me: It's a term I made up where sweets and candy cause you to do strange things in order to get more.

Laney: Oh. Interesting term.

Lola then hugged me and cried.

Lola: (Crying) J.D.! I'm so sorry I did all those things to everyone and got them in trouble! There has to be something I can do to help out!

Me: It's all right my princess of Fire. I forgive you.

Laney: Me too. Wait! I have an Idea.

*[In the front yard, Me, Laney and Lola are setting up a Lemonade stand]*

LOLA: There! The Knudson Loud Lemonade stand is open for business! *[She looks around both ways but sees nothing but a tumbleweed]* Just great.

LINCOLN: *[Offscreen]* You're selling Lemonade?

LOLA: Yeah, would you like to… *[Turns and sees Lincoln]* Lincoln? *[Gets teary-eyed and hugs her brother]* I'm sorry, Linky! I never should've got you and the others in trouble!

LINCOLN: Well, I was upset about what you did yesterday, but since you apologized, I'll forgive you.

*[Lola smiles after hearing that statement]*

LINCOLN: Why are you selling Lemonade?

LOLA: We're doing this to make it up to everyone for what I did.

Laney: Yeah.

LINCOLN: *[Laughs, then stopped]* Wait, you're joking right?

Me: She's not joking buddy.

LOLA: Yeah, I'm serious. I really am doing this.

LINCOLN: Okay. Well, I can help you sell Lemonade and save money on what we need.

LOLA: Really? You do that?

LINCOLN: Yeah. After all, siblings look out for each other. And that involves younger ones.

LOLA: *[Emotional]* Oh, Lincoln…

Me: Welcome aboard buddy.

LINCOLN: *[To the viewers]* Time to put Operation: Help Lola Sell Some Lemonade To Save Enough Money For Something Special And also Think Of a Shorter Name For This Operation into action!

Me: How about Operation: Lemonade Forgiveness?

Lincoln: That's perfect.

*[Later, a driver drives by and sees a Lemonade sign on a post]*

DRIVER: Lemonade? For Sale? Finally, I was almost getting dehydrated! *[Drives where the sign is pointing]*

*[A young boy and his mom shows up and sees the sign]*

BOY: Look, Mommy! Lemonade! Can we get some?

BOY'S MOM: Sure thing, sweetie!

*[They head off in that direction. Soon after, a lot of people shows up gathering around for Lemonade at the Knudson-Loud-Anderson House]*

Me: Wow! What a line!

LINCOLN: One at a time, people! There's plenty of Lemonade to go around!

Laney: And we have lots of Lemons.

Laney was using her plant powers to grow lots of lemon trees and provide lots of lemonade and the money kept pouring in.

LOLA: *[Offers a Lemonade to a customer]* Here you go, kind sir! Enjoy!

LINCOLN: *[Gets payment from a lady]* Thanks for the sale, ma'am!

EIGHT HOURS LATER

*[All the customers are gone and lots of money filled up 12 huge jars.]*

LINCOLN: Well, we did it. We've sold all the Lemonade!

LOLA: We sure did! Come on, let's go into town.

LINCOLN: I'll get the wagon! But first, we got to clean up. *[Notices his messy clothes]*

*Me: Yeah we're a mess.*

LOLA: Huh? *[Notices her's]* Good point.

*[Later at night]*

*[Rita comes out of her room and goes into the Dining Room]*

RITA: *[Gasps upon seeing something]*

LYNN SR.: *[Comes in]* What is it, honey? *[Gasps as well]*

PARENTS: Kids, come downstairs!

*[Everyone minus Me, Laney, Lincoln and Lola rush downstairs to the Dining Room]*

LORI: What is it? Whoa!

*[The camera shows Ice Cream sundaes on the table]*

LYNN: Ice Cream Sundaes? No way!

LANA: That's way cool!

Mary: I love Ice Cream Sundaes!

LORI: *[To her parents]* You guys made these?

RITA: We didn't make them.

LYNN SR.: I didn't even know about this.

LORI: Well, if you didn't, who did?

LINCOLN: *[From the kitchen]* We did.

Me: They're all for you guys.

Varie came and she kissed me.

Varie: I love you honey.

Me: Thanks love.

LUNA: Rad! You were able to make these sundaes, bro?

LINCOLN: Yup. Plus a little extra help courtesy of someone else.

*[Lola cautiously peeks out of the kitchen and walks up much to her siblings' annoyance]*

LYNN: I'm out.

LINCOLN: Lynn, wait. Lola has something she really wants to say. *[To Lola]* Go ahead.

LOLA: Okay. See Me, Laney and J.D. were selling Lemonade…

LANA: You sell Lemonade? That's a laugh. Ha! *[Lisa covers her sister's mouth]*

LISA: Continue.

Laney: Thank you Lisa

LOLA: Lincoln came by to help and we were able to make enough money after selling it.

Me: 12 jars full of money.

Lola: So we went to the grocery store today…

*[Flashback when Me, Laney, Lincoln and Lola arrived at the grocery store. We pick up different items in different aisles]*

LOLA: Hey, Lincoln! Look! *[Points at something]*

LINCOLN: Wow! Let's get that one as well! *[Me and the three siblings ran off to that section]*

*[End flashback]*

RITA: So you guys did all of this for us?

*[Me, Laney, Lincoln and Lola nod their heads in agreement]*

LYNN SR.: I only got one thing to say… *[Excited while in tears]* Thank you!

RITA: Calm down, honey. *[Pats her husband's back; To Me, Laney, Lincoln and Lola]* Thanks for getting us the groceries, you guys.

ME, LANEY, LINCOLN And LOLA: You're welcome!

LOLA: And also I'm really sorry about what I did to you all yesterday. I never should've been selfish. Will you forgive me?

EVERYONE: NOPE!

*[Lola got shocked for a moment]*

EVERYONE: JUST KIDDING!

*[We all laugh]*

LOLA: Thanks, you guys! Now… who wants Ice cream?

ALL: WE DO!

*[They all take their desserts and runs off]*

LOLA: Hey, Lincoln?

*[Lincoln stops for a moment]*

LOLA: Thanks for helping me out today!

LINCOLN: It's the least we could do. Even though we have situations, you're still my sister and I'm always there for you.

LOLA: Thanks, Linky! *[They both hug]* But wait, where's ours?

LINCOLN: Hold that thought. *[He runs to the kitchen and takes out a special Sundae with pink sprinkles on a medium bowl]*

LOLA: *[Excited]* It's… beautiful!

LINCOLN: *[Takes out two spoons]* Shall we? *[Tosses one to Lola]*

LOLA: Let's.

*[They run off with their sundae and join their family in the living room]*

LOLA: *[To the viewers]* Well, I learned two things: One, don't ever be selfish about desserts. And two: If you're low on food items, always make sure to share it with your family.

LINCOLN: *[To the viewers]* That's my sister!

Me: (To the Viewers) That's my little princess of Fire.

*[We all resume eating their Sundaes]*

THE END

Another Fanfiction completed.

This was a really cute chapter. I would like to thank Jokeman20 for letting me use Cream of Life in my fanfictions. I like Ice Cream just as much as anyone else. My favorite flavors are Mint Chip, Strawberry, Vanilla, Chocolate and many more except for the most disgusting flavors like garlic, pickles and especially VIAGRA! YUUCK! Don't ask what that one is. Let me know what you all think.

See you all next time.

Lola: Thanks Mera.

Akiko was facing a spikeball fist monster.

Akiko: Lets see how you like fighting in the endless vacuum of space.

Akiko activated her Nebula Transmorgrification abilities and they went into the Lagoon Nebula.

The Lagoon Nebula is located 6,000 Light-Years away from Earth in the Constellation of Sagittarius the Archer.

The Spike fist monster was gasping for breath as he couldn't breath and his head exploded.

Starfire flew in and fired a starbolt blast at the monster and it caused it to explode everywhere.

Starfire: (Echoing) Space is an awesome thing.

Akiko: (Echoing) It sure is Starfire.

The area reverted back.

Lucy and Star were facing a monster that had 3 eyes.

Lucy fired black lightning at the monster.

Lucy: Let fear consume you.

The monster was screaming like a little girl and running around like a sissy.

Star: Narwhal Blast!

Star fired a Narwhal that hit the monster.

Star: Honeybee Tornado Swarm!

Star fired a wave of honeybees at the monster and they stung him all over.

Monster: OW OWOWOWOWOWOWOW! Hey that hurts!

Marco: This will hurt more.

Marco fired a blast of fire and it burned the monsters butt.

Monster: YYYYYYEEEEEEEOOOOOOOOOOOOOOOOOOWWWWWWWWW!

Lapis: Let me cool you down!

Lapis fired a blast of water that froze on contact and encapsulated him in ice.

Star: Rolling Thunder Lightning Blast!

Star fired a blast of thunder and lightning at the monster and electrocuted him.

Star: Glowworm Blast!

Star fired blue glowworms and they exploded on impact.

Lucy: Those spells are awesome Star.

Star: Thanks Lucy. Your Dark Powers are amazing.

Lucy: Thank you. The Darkness is my strongest power.

Raven: AZARATH METRION ZINTHOS!

Raven fired a blast of darkness and it vaporized the monster.

Marco: Awesome shot Raven.

Raven: Thanks Marco.

I sprout my tail and fired an electron laser at Ludo.

Ludo: Whoa!

Ludo dodged it.

Ludo: That tail is amazing. How did you get that?

Me: It's a long story Ludo. But I discovered that I can do this.

I sprout my 8 Octopus Tentacles and they fired lightning beams at Ludo.

They electrocuted him and he was torched.

Ludo: Ow! Retreat!

Ludo and the monsters retreated.

Me: And don't ever come back!

The dimensional opening closed.

Star: That was awesome!

Me: We sure showed them and made Ludo's name mud.

Marco: We sure did.

Star: I can tell that we are gonna have so many awesome adventures.

Varie: Me too Star. Welcome to the neighborhood you two.

Marco: Thanks Varie. We start at Royal Woods Middle School tomorrow.

Me: Right on. Can't wait to see you guys for our gatherings at Royal Woods Elementary for Lunch.

Eddy: We have awesome gatherings for lunch at Royal Woods Elementary to hang out with Lincoln and gang.

Star: That is gonna be cool.

Allenby: It's gonna be awesome having you here Star and Marco.

Star: Hugs!

Star hugged Allenby and it was awesome.

We went back to our houses and things in Royal Woods just got a whole lot adventurous and fun.

THE END.

Another Fanfiction Complete.

I had Star and Marco join Lucy in an earlier chapter and I wanted to make Star and Marco a permanent addition to our adventures. It's gonna be awesome. Let me know what you all think.

See you all next time.

# Interstellar Bounty Hunter

In another dimension a gunship was fleeing from an armada of Space Pirates. It was the gunship of Samus Aran, famous Galactic Federation Bounty Hunter. Samus was piloting it and with her was a little girl with magenta hair and she had purple lightning flowing through her hands.

?: Why are these pirates chasing us mom?

Samus: They want to destroy us sweetheart.

The gunship was weaving and evading all the Space Pirate attacks in an asteroid field. The Space Pirates were destroyed.

?: That was a close one.

Samus: It sure was Janeen.

Computer: Warning! Spacial Anamoly ahead.

A wormhole opened up and Samus's ship was being pulled into it.

Samus: Hang on Janeen!

The ships engines were useless and it couldn't escape and was pulled in.

In our dimension on a stormy and rainy night, we were watching my favorite science-fiction horror movie The Thing from 1982.

Lincoln: So this is the movie you got the idea for your awesome transformation for Lucy's Corn Maze J.D.?

Me: Yep. This is the very one. I saw this movie when I was 12 and it scared the living daylights out of me. I couldn't sleep for weeks and I had nasty nightmares that plagued me for a long time.

Lucy: They must've scared you really bad J.D.

Me: They sure have Lucy. They also scared me so bad that I couldn't even focus in school and focus on anything. So to help me conquer my fear, I watched the movie over and over again for several times and I realized that it all wasn't real and it built up my courage.

Laney: That's awesome J.D. You have to be the bravest guy we've ever known.

Me: Well I don't know about that but thank you Laney.

Laney: You're welcome.

Me, Varie, Lucy, Eddy and Luan were the only ones that weren't scared while watching the movie.

Garry: I know you gentlemen have been through alot. But when you find the time, I'd rather not spend the rest of this winter TIED TO THIS (CENSORED) COUCH!

Me: Bad mouth.

Varie: No kidding.

Lori and Leni were hugging eachother and shaking in fear.

Lori: This sure is scaring me alot.

Leni: Totes.

Then the alarm went off.

Linka: What's that!?

Computer: Alert! Code Dimension Jump!

A computer popped up in the living room.

Me: Triangulating position.

A holographic image of Earth appeared in the middle of the computer and it had a red dot blink on top of our neighborhood.

Naruto: We have something coming at us!

Fu: We sure do.

Me: Lets go.

We go outside and we saw a wormhole over the neighborhood high in the sky.

Sakura: It's a wormhole.

Max: That's just like what we came out of over Yellowstone.

Angel: Yeah.

Nicole: Something's coming out!

We saw Samus's ship coming out of the wormhole.

Lily: (Gasp) I know that ship! That's the gunship of Samus Aran.

Lincoln: From the "Metroid" series? How is that possible?

Linka: I have no idea.

Me: It's out of control and it's gonna crash! Varie, Lori, Aylene, Lincoln, lets go!

Me, Varie, Lori, Aylene and Lincoln flew up to the ship and slowed its descent.

Varie: It's coming in too fast!

Lincoln: Keep holding it!

We successfully slowed it down and landed it gently on the ground. The ship was on fire and it's engines were totally blown to scrap.

Sasuke: Looks like they were on the run from something and it got scrapped.

Ino: Yeah.

Me: Lets get them out.

Me, Varie and Aylene climb on top of the ship and I find a hatch. I go in the ship and I found Samus and Janeen unconcious.

Me: Hang on Samus. You two will be all right.

I pick them both up and got out of the ship.

Varie: They're unconcious but they're gonna be all right.

We walk away from the ship and it exploded into nothing.

Lily: That's it for the ship.

Lisa: Affirmative.

Lana: There was no way that ship would've even made it off the planet anyway.

Lola: Lets help them out.

In the living room we were nursing Samus and Janeen back to health. Samus woke up and saw us putting bandages on her leg and arm.

Samus: Thank you for healing me.

Samus: It's a pleasure to meet all of you.

Janeen: Same here. I'm Janeen Aran.

Me: It's a pleasure.

Samus: We were on the run from Space Pirates and we lost them in an asteroid field. Then we wound up going through a strange wormhole.

Me: That was no wormhole. That was a Transdimensional Vortex, a vortex that leads from one dimension to another.

Samus: What dimension is this?

Me: You're on Earth in the Year 2017.

Samus: So we've gone back in time in a sort of way?

Lisa: Precisely.

Lana: What time do you come from Samus?

Samus: We are from the year 2086.

All: Wow!

Me: That's 69 years from now.

Varie: Yeah that's a long time.

Samus: Yeah.

Lincoln: Janeen is Samus your sister?

Janeen: No she's my mother. My real mom died somehow.

Varie: Oh no. We're sorry to hear that.

Janeen: It's all right. But thank you.

Varie: You're welcome.

Samus: Janeen lost her mother to the corruption of a deadly radioactive substance.

Lily: The Phazon Crisis.

Samus: That's right Lily. How did you know that?

Lily: I'll be right back.

Lily came back with a bunch of video games.

Lily: There's a video game series based on all of your adventures. It's called Metroid.

Samus: Wow! I had no idea that there was a game series based on all of my adventures.

Me: Yeah. It's been very popular for 31 years ever since it debuted in 1986.

Lola: How did you become a bounty hunter Samus?

Samus: That started back when I was a child. I was born on the colony planet for Earth, K-2L in 2055. It was an important planet to the Galactic Federation. But when I was only 5 the Space Pirates attacked and destroyed everything. I was the sole survivor of that horrible tragedy. I was face to face with my ultimate nemesis: Ridley.

Me: Ridley? The Ultimate Space Pirate and the most powerful of them all for them?

Lincoln: That creature was a dragon of incredible power.

Janeen drew a perfect picture of Ridley.

Janeen: Is this what he looked like?

Lily: That's him. He was also very deadly.

Samus: That's right. The Colony sent a distress signal and the Chozo intercepted it and they found and rescued me. I was adopted by the Chozo and I developed a powerful hatred towards the Space Pirates. I trained intensively under the Chozo on the Planet Zebes. Zebes was my home planet before it was taken over by the Space Pirates. I trained under the Galactic Federation under my superior officer Adam Malcovich.

Varie: He must've been an important person in your career.

Samus: Yes. He taught me alot and I couldn't get the salute right.

Me: The Thumbs Up salute?

Samus: Yes.

Naruto: That's interesting. What was your first mission?

Samus: My first ever mission was to destroy the leader of the Space Pirates: Mother Brain.

Lincoln: That ugly brain that invaded Zebes?

Samus: Yes. She was the creepiest thing I've ever encountered.

Me: I'll bet. From what I remember she was a tough and formidable adversary.

Samus: Yes. I managed to destroy her and escape. Then the Phazon Crisis Began.

Lily: It began on Tallon IV right?

Samus: Correct. Tallon IV was a Chozo world.

Brittney used her magic and showed us what Tallon IV looked like.

Brittney: This is what it looks like right?

Samus: Yes. It was a strange planet.

Samus pulled out a log book of all the creatures she saw and learned about.

Samus: These are all the creatures I saw on Tallon IV.

It was a paper book and it had pictures of the creatures.

Me: These creatures on Tallon IV are sure strange.

Sakura: Yeah. We've been to different planets across the Universe and these are interesting.

Mera: These are unlike anything we've ever seen before.

Naruto: Yeah.

Samus: I was sent to Tallon IV to investigate a distress signal coming from one of our frigates in orbit. It was from the Orpheon. The crew was all slaughtered by Space Pirates. These pirates however were genetically enhanced and modified. I fought the Parasite Queen and defeated it and it caused the ship to self-destruct. I encountered a cybernetic version of Ridley called Meta-Ridley and he was fierce. My suit was damaged during the escape by an electrical surge caused by an explosion and I had only my original power suit. I chased my nemesis to Tallon IV. When I landed I found out that the planet was struck by meteor long ago and that the Chozo built an ancient temple to seal a "Worm" and the "Great Poison" away forever and that only 12 artifacts can open the temple.

Lily: The Worm must've been Metroid Prime and the Great Poison must've been the Phazon.

Samus: Correct. The Space Pirates were experimenting with Metroids and how to enhance themselves with Phazon to become Phazon-Mutated Omega Pirates. Very sickening sight.

We gasp.

Lori: That is awful and very weird.

Carol: No kidding. How can the Space Pirates be that menacing?

Samus: They just are. I collected all the Artifacts and opened the temple and Meta-Ridley attacked and I was able to defeat him. In the Impact Crater I found Metroid Prime and defeated him. But he took my Phazon Suit and reverted me back to my Gravity suit. I left Tallon IV after that. One year later I was responding to a distress signal from the planet Aether.

Fu: That must've been a weird planet.

Lily: I remember that world. It was a planet completely in flux. It was split into two worlds. One of Light and one of Darkness.

Samus: Yes. The planet is home to the Luminoth. A meteor hit the planet and put it into flux. I found out that the planet was put into flux because of Phazon and it formed an evil race of dark creatures call the Ing. On Dark Aether that's where I met my most dangerous adversary ever. She was gonna destroy the entire universe: Dark Samus.

Lily: Oh man. I remember her. She was created when Metroid Prime fused with your Phazon Suit in order to survive. She fed off of the Phazon on the planet and was a deadly foe.

Samus: Yes. Dark Samus was a deadly adversary. I had to restore the Light Energy on Aether so that Dark Aether could be destroyed. I succeeded.

Kurumu: That sounded like an impossible task.

Varie: Yeah.

Samus: It was difficult. I fought the leader of the Ing, Emperor Ing and I defeated him and I had a final showdown with Dark Samus on Dark Aether and I won. I got off of Dark Aether just in the nick of time.

Lincoln: That must've been a challenge.

Samus: It was. I later returned to our headquarters on planet Norion. After I returned to the homebase we were attacked by the Space Pirates and we found the source of all the Phazon that has been affecting the Planets I've been too: it was coming from Leviathans coming through from a wormhole of unknown origin. Me and my friends Rundas, Ghor and Gandrayda - Janeen's mom, were sent to activate a cannon with enough power to destroy the Leviathan.

Moka: That must've been an incredibly powerful weapon.

Samus: Yes. I went into unconciousness and I woke up in a medical wing. I had new equipment on me. It's called the P.E.D. or Phazon Enhancement Device. What it does is it enables us to use a powerful Hypermode that can fire beams of Phazon.

Verbina: That sounds really dangerous.

Samus: It is. I had a very dangerous disease in me called Phazon Fever. It's a condition where after becoming exposed to the radioactive element of Phazon, I become corrupted. I was in a coma for a month. My friends became terminally corrupted and they turned on the Federation and even me. They even became Dark Samus's pawns. I met Rundas on the planet Bryyo. Dark Samus somehow was controling him and I defeated him and Dark Samus killed him.

Sakura: That's awful.

Sasuke: Dark Samus was a monster.

Samus: Yes. I destroyed the Leviathan on the planet Bryyo and set out to planet Elysia.

Hinata: Elysia? That sounds like a paradise world.

Samus: No it was anything but. Elysia was a storm planet and the Leviathan was planted in the storm clouds. Me and Aurora Unit 217 had a brilliant plan. We would destroy the Leviathan Shield with a powerful bomb equivalent to that of 100 Nuclear Warheads.

All: Wow!

Me: That's the equivalent of 10,000 megatons of TNT.

Lisa does an equation.

Lisa: Actually according to my calculations it is the TNT equivalent of 12,513.5 megatons of TNT.

Varie: That's alot of power.

Samus: It sure is. Before I faced the Leviathan, I encountered Ghor attacking my ship and he was completely mad.

Luna: That's Dark Samus's doing dude.

Luan: Yeah.

Eddy: Dark Samus was a monster on steroids.

Ino: Yeah.

Samus: I defeated Ghor and Dark Samus killed him. After I saved

Elysia I went to the Pirate Homeworld - Urtragia. The sky was raining deadly acid rain and the land was really inhospitable and it was a dangerous world. I was tasked with bringing the Federation landing and demolition party to the surface by bringing down a barrier. I encountered Gandrayda who was corrupted by Dark Samus and she was a deadly foe. She was insane. I defeated Gandrayda and Dark Samus killed her.

Janeen: I hate Dark Samus for taking my mother away from me! (Crying) I never got a chance to know her!

Samus comforted her.

Samus: It's all right Janeen. It's okay.

Me: Dark Samus! You took away a young girls mother and forced her to become an orphan!

Sakura: Yeah.

Samus: Yeah. My journey does not end there. We got into the Leviathan and I destroyed it. We were then tasked to find the source of all Phazon. It turns out that the source of all Phazon is from a distant planet - Phaaze.

Lily: I remember that planet. Phaaze is a sentient planet. I saw what it was capable of.

Lisa: That's a scientific impossibility. Planets can't be sentient and alive.

Fu: That's an unusual thing. Sentience. But how can a whole planet be alive?

Vince: That's what really astounds me. Planets are giant spheres of rock made over the course of millions of years from dust, rock and ice. It is possible that the Phazon originated from a galaxy from far away and spread throughout the planet completely uncontested and unopposed. Making it alive and sentient.

Carol: Wow! That is a very strong possibility.

Samus: That could be. We had to gather a command code from an abandoned Federation Ship that was raided by Space Pirates. They stole the ships Aurora Unit and we went to Phaaze and fought them with everything we had. As I landed on Phaaze it's atmosphere completely corrupted me with Phazon Fever. I thought I was gonna lose my mind, but my will was too strong. I descended into the planets core and faced Dark Samus. I faced her with everything I had and she merged with the stolen Aurora Unit that was corrupted and I beat it. Dark Samus finally met her end and her spree of terror had been silenced forever.

We cheered for her and Janeen hugged Samus.

Naruto: Way to go Samus.

Me: I agree. Good show.

Laney: That is an epic fight all on its own. I can't believe that the Phazon wanted to destroy everything in the Universe.

Crysta: Me neither. People that destroy nature can't be a part of mankind.

Laney: Well said Crysta. Oh this is my friend Crysta. I met her in Australia.

Samus: It's a pleasure. After I destroyed Dark Samus, the Planet Phaaze became completely unstable and we got out of there as the planet exploded.

Me: Whoa!

Varie: That is a narrow escape.

Leni: Totes.

Lynn: That must've been one wild ride.

Linka: No kidding.

Samus: Yeah. The Phazon Crisis was over.

Me: I hope Dark Samus has a good time in the darkest pits of the Netherworld.

Varie: Me too.

Samus: But my journey was not over yet. My next mission was the Eradication of the Metroids. I went to planet SR388.

Me: That's the Metroid's home planet.

Samus: Yes. My mission was to completely destroy all the Metroids and leave none of them alive. I did so and killed the Queen Metroid. As I was leaving the planet I found a Metroid Egg and it hatched and it followed me like a confused child.

Me: It must've thought of you as its mother.

Samus: Yes. It must have. After I left the planet with the last Metroid, I took it to a space colony - Ceres, and delivered it to the scientists and researchers. Their findings were astounding and they were proven to be very beneficial for the Human Race. However as I was leaving the Asteroid field, I received a distress signal saying that Ceres station was under attack. I rushed back there and found the scientists dead and I found my old nemesis Ridley with the container holding the Last Metroid. He escaped and the station activated its Self-Destruct sequence. I escaped and went back to my old home planet - Zebes.

Me: Planet Zebes. Where the whole thing started.

Samus: Yeah. I found out that Mother Brain was reborn and found her in the machine zone of Zebes, Tourian. She was an ugly monster and my weapons were useless against it. The Baby Metroid that I knew was a giant one and it bought enough time for me to replenish my energy and save my life. It made the ultimate sacrifice to save me and I used my suits Hyper Beam to destroy Mother Brain once and for all. After that the Planet Zebes was gonna explode. I got out of there and left the planet that was my home and it exploded.

Me: Whoa! That must've been horrible to see the planet that was your home explode.

Samus: Yes. It was. 3 years later, I intercepted another distress signal coming from a space station. It was coming from a ship that looked like a bottle. It was actually a research facility. I was tasked with investigating the cause of the ship to become a death zone. I found out that an android created by a researcher named Madeline Bergman programed it with Mother Brain's intelligence and it developed its own conciousness and decided that all humans are inferior to it and she controlled all the creatures in the station and sent them to destroy us. My superior officer Adam made the ultimate sacrifice to destroy MB as she was called and save the Federation from destruction.

Me: Wow. He's a true hero. He not only saved you, he saved the entire galaxy from destruction.

Samus: Yes. I will always treasure his memory.

Janeen: Mom found me on a planet in a town that was on fire.

Lola: Your village that you lived in was destroyed?

Samus: That's right Lola.

Me: What planet did Gandrayda come from?

Samus: Gandrayda was from the planet Jovia XII and she had lots of unique abilities. She could shapeshift, fire lightning and utilize powerful attacks and more.

Janeen: Just like me. I'm a Human-Jovian hybrid.

Me: Whoa! That's amazing.

Janeen: Yep. Watch.

Janeen fires a purple lightning beam from her hand at a chair and destroyed it.

Me: Whoa! That was awesome.

Mera: It sure was.

Max: No kidding.

Lincoln: Janeen's powers are amazing like mine, Linka and Gabrielle's powers.

Vince: Yeah.

Penny: Those missions were amazing.

Lily: They sure were.

Ember: Rockin' dude.

Samus: We have to go to our ship and get back.

Me: I'm afraid that's gonna be impossible.

Lisa: Your ships engines were on fire and we rescued you both from it.

Naruto: And after we rescued you it exploded and it's completely destroyed.

Samus: So we're stuck here?

Me: I'm afraid so.

Janeen: This is so cool. I like Earth so far.

Samus: It's good to be on Earth again. We'll make it home from now on.

Me: It's good to have you here Samus.

Samus: Same here.

Samus was shown around the house and her room was a regular room. Janeen now lives in Lincoln and Linka's room.

THE END.

Another Fanfiction completed.

I had to cancel my Dark Angel Shinobi series because I lost inspiration for it. I wanted to do this chapter as a tribute to the Metroid Series of Nintendo. It came out 32 years ago and it was one of my first ever video games that I played back when I was a kid. I played Super Metroid, Metroid Prime 1, 2 and 3 and I'm excited for Metroid Prime 4 to come out sometime later this year, I played Metroid Other M and Metroid Fusion but I didn't get far on Fusion. Samus Aran has been through alot over the course of the late 21st Century and more. She can do it all. Those creatures in the Metroid Series were awesome and weird. I think it might be possible that creatures like that may exist in the Universe. Let me know what you all think.

See you all next time.

# 20,000 Years of Terror

Me, Vince, Aylene, Nicole, Carol, Janeen, Naruto, Sakura, Ino, Fu, Lincoln, Lori, Verbina, Laney, Lana & Lola, Lisa, and Lily are in the Simulator.

Varie, Luna, Luan, Eddy, Lynn, Linka, Samus, Sasuke, Hinata, Star, Marco, and Moka are in the Control Room.

The Simulator Activated and we found ourselves on a ship above the planet Tau Ceti E, 11.9 Light-Years away from Earth.

Me: Whoa! This is a strange ship.

Vince: Yeah but look at the planet we're over.

We saw the planet we were over and it looked totally inhospitable.

Nicole: I know that planet. That's planet Tau Ceti E.

Naruto: Where's it at Nicole?

Nicole uses a finger computer and a holographic image shows where it's at.

Nicole: It's located 11.9 Light-years away from Earth in the constellation of Cetus the Sea Monster. It's a world that's totally uninhabitable because of it's stormy atmosphere and weather patterns and a surface temperature of 154 degrees fahrenheit.

Sakura: That is extreme.

Ino: Yeah.

Janeen: This is a strange planet.

Fu: Yeah.

Vince: It sure looks dangerous down there.

Carol: Yeah.

Me: But one thing still puzzles me. How come a human ship is all the way out here near such an inhospitable planet?

?: I can answer that.

We saw a man with blonde hair in white clothes walking toward us.

Me: And you are?

?: Forgive my rudeness my name is Metphies. It's a pleasure to meet you all.

Me: Same here. I'm J.D. Knudson.

Vince: I'm Vince Pusateri.

Aylene: I'm Aylene Carter.

Nicole: I'm Nicole Knudson.

Carol: I'm Carol Pingrey Loud.

Janeen: I'm Janeen Gandrayda Aran.

Naruto: I'm Naruto Uzumaki Namikaze.

Sakura: I'm Sakura Haruno.

Ino: I'm Ino Yamanaka.

Fu: I'm Fu. I don't have a last name.

Lori: I'm Lori Loud and these are my siblings Lincoln, Laney, Lana & Lola, Lisa and Lily.

Lincoln: Pleasure to meet you.

Laney: Charmed.

Lana: How's it going?

Lola: It's a pleasure.

Lisa: Greetings.

Lily: Pleased to meet you.

Verbina: And I'm Verbina, princess of Chrysalis.

Metphies: It's a pleasure to meet you all.

Me: If I may ask Metphies, why is humanity so far away from Earth?

Metphies: It's because humanity was forced to flee Earth because of Godzilla.

Carol: Godzilla!?

Lori: Why did Godzilla do this?

Metphies: We had no way of preparing for Godzilla's destructive capabilities and we were forced to run and abandon the Earth.

Vince: That's awful.

Laney: If we could speak to whoever is in charge of this ship and maybe we would like to find out more.

Metphies: Of course. Right this way.

We were lead to a room and Metphies put his hand on a device on the door.

?: Yes?

Metphies: It's me and I have some visitors.

?: Enter.

We go in and we met another member of the ship.

?: Welcome aboard the Aratrum.

Me: Thank you um…?

?: I'm Mulu-elu Galu-gu, Chief technician of the Aratrum.

Me: It's a pleasure to meet you Mulu-elu.

We introduce ourselves.

Mulu-elu: Pleasure to meet you all. Please have a seat.

We sit down.

Mulu-elu: So what brought you all here?

Me: We are actually from another dimension in the year 2017. Our computers revealed that you all were in distress.

Mulu-elu: You could say that.

Vince: Metphies here told us what's been happening to the Human Race after Godzilla forced everyone to run.

Mulu-elu: Yes. We had no way of preparing for Godzilla. He overwhelmed us completely and we were forced to run.

Lisa: When exactly did all of this happen?

Metphies: It was back in the year 1999. Monsters all appeared all over the Earth and destroyed everything mankind has built. We the Exif and the Bilusaludo arrived on Earth offering to help the people of Earth avert destruction and we built weapons to help combat Godzilla and try to kill him.

Mulu-elu: Unfortunately we were too late. We built this ship as an arc to leave Earth and find another planet to call home. But our efforts were all in vain as we drifted through space. We had limited resources and we lost most of our population due to starvation, lost sanity, disease and freezing to death out here in the endless void of space.

We gasped.

Me: That's a nightmare unlike any other.

Naruto: Looks like we arrived here just in time.

Vince: We sure did.

Me: We will gladly help you all out in any way we can.

Mulu-elu: We gratefully appreciate it J.D. We are scheduled to go back to Earth and take the fight to Godzilla and try to kill it.

Fu: That sounds like a suicide mission.

Lily: Godzilla's power is unimaginable and he's indestructible. Impervious to all weapons.

Mulu-elu: Yes we know that. But we received an anonymous data report that Godzilla can be destroyed. We believe he has an organ on him somewhere that produces an electromagnetic shield that renders him invulnerable to all weapons and if we can destroy that organ we can kill Godzilla.

Me: That's a very powerful theory.

Lisa: May we please see this rather compelling data?

Mulu-elu: Certainly.

He hands me a finger computer and on a holographic screen was the data.

Me: Interesting technology. It's far more advanced than anything we know on Earth in our time. This data is very interesting. Whoever sent this sure knows more about Godzilla than anyone else.

Carol: I've done some research on Godzilla and this Electromagnetic Organ is a whole new mystery to me.

Vince: Me too.

Mulu-elu: Yes. We thought this was all crazy at first. Harou Sakaki sent this and he may be on to something.

Me: May we speak to this Haruo?

Mulu-elu: Certainly. Metphies, bring Haruo in here please.

Metphies: Of course.

Metphies brought in Haruo Sakaki and with him was a girl named Yuko Tani.

Me: You must be Haruo Sakaki.

Haruo: Yes.

Yuko: And I'm Yuko Tani.

We introduced ourselves to them.

Haruo: It's a pleasure to meet you all. I take it you know about us heading back to Earth?

Ino: We do. Why are you so bent on wanting to kill Godzilla?

Haruo: He killed my parents and forced us to endure this nightmare!

Me: Revenge. You want revenge on Godzilla for the death of your family.

Haruo: Yes. And for forcing us to abandoned our planet and having to endure this nightmare!

Me: And then what will you do? If you have your revenge you will be left with nothing.

Naruto: J.D. is right. I know someone that was once driven by vengeance. My friend Sasuke Uchiha was obsessed with vengeance. His own big brother Itachi killed his entire clan due to the council of my villages corruption. Sasuke believed it was all done in cold blood and he swore to kill Itachi and he would stop at nothing until he had done so. He wanted to avenge his clan.

Me: Naruto's right. When I met Sasuke, I could tell that he had a painful past. He was filled with hate driven by revenge and he was not going to stop until he got it. It was during a mission that I met Naruto and Sasuke and I revealed everything to Sasuke that the

Council of the Leaf was behind it. They forced Itachi to kill his whole clan in what looked like cold blood.

Sakura: Yes. The reason they were killed was because they were going to launch a revolt to overthrow our leader the 3rd Hokage and take over the government. This would've ultimately made our village completely vulnerable to enemy attacks and plunge the world into war. Itachi is a hero and he saved all of us.

Haruo: How do you know all of this?

Me: We have many sources.

Haruo: How would you know about what I've been through!? You've never had to witness the deaths of your family and watch them die! How would you know!?

Me: Believe me. We have seen more death and destruction than any other person in our lives.

Janeen: Yes. My mother was killed in an interstellar crisis that threatened to destroy the galaxy.

Naruto: My parents were killed in a tragic event on my birthday which was the night I was born.

Fu: The council of my former village killed my mother and forced a terrible burden onto me that left me an outcast from humanity.

Nicole: Me and my siblings, nieces and nephew came from a wartorn future and got hurled into the past from 200 years into the future in our time.

Haruo, Yuko, Metphies and Mulu-elu were shocked.

Mulu-elu: You've all been through many things no human should ever have to face.

Lincoln: It's a nightmare that will forever haunt my friends and my family for many generations to come.

Laney: Yeah. It's all a nightmare that will forever linger with us.

Carol: It's all true.

Haruo began to realize that revenge is never the answer to anything.

Me: Haruo, revenge is never the answer to anything. It's a deadly poisonous blade that saves the most fatal cut for the hand that wields it. Vengeance only breeds more vengeance. If you have your revenge Haruo you will be left with nothing but an empty hole in your heart that will never be filled. All it will lead to is a path to your own destruction.

Yuko: He's right Haruo. Vengeance is the ultimate path towards your own destruction and only death will be your reward.

Fu: Revenge is a double-edge sword and all it will do is kill you in the end.

Haruo: What have I done!?

Haruo broke down crying and he was mourning the loss of his family. Yuko was comforting him.

Me: It's not your fault Haruo. If anybody is to blame it's Godzilla. We will return to Earth and help everyone reclaim our planet. And if that's not possible we will beam you all to our dimension in our time so you can have a home again.

Mulu-elu: That is a brilliant proposal J.D. We graciously accept.

Later we use Faster-Than-Light travel to jump to Earth and we arrived. A landing and scouting party was formed and we landed on Earth and we saw that Godzilla's presence has radically altered the planets Biosphere. Forests covered the landscape.

Me: Whoa!

Lincoln: This is incredible.

Lisa: Fascinating. Godzilla's presence has had a tremendously dramatic impact on the planets biosphere and the plant life is now completely different from anything we are familiar with.

Vince: Amazing. It's all absolutely amazing.

Lana: They sure are.

Laney: It's like we've stepped onto an alien planet. But this is our home planet.

Carol: Yeah.

Janeen: This must be Japan.

Aylene: Yeah. This is Japan. This is where Tokyo used to be.

Verbina: This is all so amazing. I can't believe that Godzilla did all of this to Earth. I wonder how long its been since everyone left.

Laney: Let me find that out.

Laney went over to a tree and she touched it and the aura she felt from it revealed a very shocking story.

Laney: Everyone has been gone much longer than what they first thought.

Yuko: How so Laney?

Laney: The plants told me that 20,000 years have passed since Humans set foot here on Earth.

Haruo: 20,000 years!?

Yuko: How can that be?

Lisa: Godzilla's presence not only altered the planets landscape and biosphere but it also had a profound impact on everything Earth had on it. These plants were all mutated because of Electromagnetic Particles in the atmosphere, the ground and in the ocean.

Me: So the entire planet is flooded with Atomic Radiation.

Lisa: Correct.

Haruo: That's incredible.

Yuko: It's amazing.

Lori: It sure is. Earth has literally been changed forever.

We go back to the campsite and hear rustling coming toward us at a fast speed and suddenly we saw strange dragon-like creatures coming at us.

Me: We've got company!

Laney: I got this.

Laney flew out to one of the creatures and she hopped onto it and tamed it. It became Laney's friend.

We blasted the others and destroyed them.

Laney: Hey guys.

Me: Laney you are incredible.

Yuko: Laney that's amazing how you tamed it.

Laney: Not to brag but this is one of my powers. I have the ability to talk to and understand animals.

Haruo: That is amazing.

Lincoln: My sister Laney is the first in my family to receive powers.

Yuko: I must admit that is amazing.

We soon head out to find Godzilla and we were flying with the ships and combat bikes as well as the landing ships. Laney was riding the creature called a Servum. She had a horde of them with her. We hear a roar in the distance.

RRRRAAAAAAAAAAAAAAUUUUUURRRRRRR!

Me: There!

We all saw Godzilla and he was huge.

Lori: That's Godzilla all right.

Naruto: He's huge.

Sakura: Whoa!

Laney: His power level is incredible. It's unlike anything we all faced before.

Haruo: All units fire at will!

Carol fired her Orange Enhanced Atomic Ray at Godzilla and it exploded when it hit.

Yuko: Whoa! Carol can fire Atomic Breath!? Amazing!

Carol: Yes. I have the powers of Godzilla as well as all the monsters that we have seen over the years.

Lori: It's true. Carol was exposed to Cosmic Radiation and it gave her all of Godzilla's powers.

Haruo: Wow! That's incredible. We have a way to destroy Godzilla for good.

Carol: That's not all I can do.

Carol fires Space Godzilla's Corona Ray and King Ghidorah's Gravity Lightning and they exploded when they hit Godzilla and she even fired Destoroyah's Micro-Oxygen Ray. Godzilla was being ripped apart. The dorsal spines were the source of the electromagnetic shield and the Power Suit Team stuck Electromagnetic Probes into him and it ran wild and Godzilla exploded with incredible power.

KRAAAABBBBBBBOOOOOOOOOOOOOOOOOOOOOOMMMMM!

Sakura: That did it!

Lincoln: It's over. We won!

We all cheered wildly.

Haruo: At long last we can go home.

Me: Not yet. I sense another powerful presense. It's far more powerful than the Godzilla we killed.

Haruo: How can that be!?

Yuko: Where is it!?

Huge explosions of dust and dirt erupted out of the ground and we all saw huge dorsal spines rising up out of the ground.

Me: WHOA!

Naruto: It's Godzilla. The TRUE Godzilla!

Lincoln: He's massive! I can't believe he's that huge!

Godzilla was rising out of the ground and he was over 900 feet tall. His power was unlike anything we have ever faced before.

Yuko: Unbelievable!

This was the biggest Godzilla we had ever seen in the history of the world.

Metphies: When those fleeting lives destined to die become arrogant and sing praises of their own narcissistic glory, such will shake the heavens and split the Earth and they shall come to know the wrath of the divine. The Incarnation of Destruction - you've shown yourself at last. For you its been 20,000 years. Its been a while, oh King of the Monsters.

RRRAAAAAAAAAAAAUUUUUUUUUUUUUUURRRRRRRRRRRRRRRRR

Me: Lets power up and hit him with everything we got!

Laney: Right!

I go Super Angel 3, Vince went Super Angel 4, Lincoln went Super Angel 2, Laney went Super Angel 2, Naruto went Kitsune Angel Hanyou, Carol went Super Angel 2 and everyone else spread their wings and we blasted the massive Godzilla with everything we got and Godzilla was wounded bad. He fired an atomic breath blast at us and I formed a force field and protected us from it. It was far more powerful than what we faced. Luckily the force field was holding and we resumed firing.

Me: He's weakened. Now to deliver the final blow.

I raise my hands into the air.

Me: Everyone in the Universe, share your energy with me!

Vince: The Spirit Bomb. Lets all raise our hands.

Everyone did so. All their energy went into me and formed into a massive energy ball as big as the moon.

Laney: Wow!

Vince: So that's the Spirit Bomb. It's power is incredible.

Lincoln: He's going to use the Spirit Bomb to obliterate Godzilla.

The Spirit Bomb was ready.

Me: Godzilla, this is for everything you've done to our home and our planet. You're crimes are completely unforgiveable! Feel the power of the Human Race and the Universe working together and perish!

The force field dropped.

Me: SPIRIT BOMB!

I throw the Spirit Bomb and Godzilla fired another atomic breath blast and the Spirit Bomb overpowered the breath blast and it hit Godzilla and carried him all the way up into the endless reaches of space and it completely obliterated him in a tremendously incredible explosion of devastating power.

KRABBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Vince: Whoa! What power!

Naruto: Incredible! Is Godzilla dead?

Me: Yes. His energy signal has completely disappeared. It's finally over.

Everyone cheered wildly for us and we were hailed as heroes of Earth and the Human Race. Haruo collapsed on his knees and cried in happiness.

Haruo: We did it mom, dad, grandpa. We did it.

Verbina: That was incredible. Godzilla was no match for the power of the Spirit Bomb.

Janeen: Yes. He was no match for the awesome power of Humans, Angel and creatures from other planets working together.

Yuko: That's right. Our nightmare is finally over. We can now move on with our lives and rebuild everything that Godzilla took away from us.

Me: It's gonna take some time but we have a feeling that you will prevail.

Lisa: Affirmative. You all will be able to succeed.

Lily: That's right.

Ino: I can't believe that Godzilla did all of this to the world and we avenged everyone that Godzilla destroyed.

Me: We have to get back to our time in 2017 and rest up. But it was an honor to be with you all and fight alongside you.

Haruo: Yes. We are forever in your debt J.D.

Me and Haruo shake hands.

Me: It was the least we could do for you all, Haruo.

Yuko: I want to come with you all.

Me: Are you sure Yuko?

Yuko: Yes. I've missed everything on Earth before Godzilla destroyed it all.

Me: It's your choice.

Haruo: I will miss you Yuko.

Yuko: Me too Haruo.

A portal opens up and we go in and the Simulation ended. We rest on the sofa and got some snacks and watched TV. Laney's Servum friend is now a tattoo on the back of her right hand.

Me: That was an amazing adventure.

Janeen: It sure was. I can't believe that Godzilla would change the planet like that in 20 millennia.

Lana: It was pretty cool seeing it and we managed to help the entire Human Race reclaim the world again.

Lisa: Indeed. It was a very successful endeavor.

Lori: It was literally amazing.

Carol: You said it Lori.

Vince: I'm very proud of you Carol. Your power was key in destroying Godzilla.

Carol: Thanks Vincey.

They kissed.

Yuko: I'm so glad to be home on Earth.

THE END.

Another Fanfiction Completed.

2018's Godzilla Anime movies are the most epic I have ever seen. Godzilla has been very popular ever since 1954 and it was because of the Castle Bravo Nuclear Bomb Test in the Bikini Atoll that gave birth to the Godzilla series. It's been very popular for 64 years and ongoing. My favorite monsters in the Godzilla movies are King Ghidorah from 1964, Biollante from 1988, Space Godzilla from 1995, Destoroyah from 1996, Gigan from 1972, Mothra from 1961 and Godzilla from 2014 and 2016. Godzilla from 2016 was the most horrific of them all. He had the ability to fire atomic lasers from his Dorsal Spines and his tail and even focus his atomic breath into a deadly laser. 2016's Godzilla was awesome. 2018's Godzilla was by far the biggest I have ever seen over the course of his 64+ year history. He was 6 times larger than when he debuted back in 1954. They are making a second part of the Godzilla Anime coming out in May of 2018 and we will soon learn more about the mysterious girl - Miana and where she came from and how she got there. Let me know what you all think.

See you all next time.

# Magic Book, Magic Island

It starts with my daughter Nicole reading a really cool book about pirates on an island in the Indian Ocean.

Laney: What book is that you're reading Nicole?

Nicole: It's called The Magic Island. It's about a magical island that has a mysterious power.

Laney: Looks cool.

Nicole: It is. These Buccaneers are trying to get to a treasure before the evil pirate Blackbeard can claim it.

Laney: Captain Blackbeard the Scourge of the Seven Seas? Wow!

Lincoln: I love pirates and buccaneers. They are awesome.

Nicole: I know. I also love treasure hunts. In the time we came from I am an awesome treasure hunter.

Laney: Awesome.

?: I'll be taking that treasure map from ye now Morgan.

Morgan: Map? I don't have any idea what you're talking about.

?: He lies like a dog Captain.

A page turned in the book and it showed a magical window into the story that showed a swordfight between Morgan and Blackbeard.

Nicole: Wow. There they are. This is awesome.

Laney: Real pirate and buccaneer fights. This is amazing.

Lincoln: I love this.

Later something strange happened. Nicole, Lincoln and Laney were lifted off the ground.

Nicole: Uh oh! Hang on to me!

They go into a portal and fall through the Time-Space Continuum.

Nicole: Hang on.

Nicole, Lincoln and Laney fell through the sky and land and Laney kicked Blackbeard in the face and knocked him out.

Nicole: Good shot Laney.

Morgan: What matter of sorcery is this?

Nicole: Lets go into the jungle and explain everything.

They did so and got into the jungle.

Lincoln: Who are you guys?

Morgan: Prince Morgan Hilldebrant.

Gwyn: I'm Gwyn.

Dumas: I am Dumas.

Nicole: It's a pleasure to meet you all. I'm Nicole Knudson.

Lincoln: I'm Lincoln Loud.

Laney: And I'm his younger sister Laney Loud.

Morgan: It's a pleasure.

Nicole: This might seem a little weird but we don't belong here in this time. My book here is a magic book that took us here. (Shows her book)

Lincoln: What year is it?

Morgan: It's actually 1796 of course.

Laney: We're in the 1700's? Whoa!

Nicole: We've actually been teleported here through my book from 221 years into the future.

Morgan: That is interesting. We have no idea how any of this works.

Nicole: It's complicated. We're actually from the year 2017. It's much too advanced.

Gwyn: We understand that.

Lincoln: What can you tell us about this island we're on?

Dumas: That is the magic of it. This island was once home to the evil sorcerer Carbassas. We came for his treasure and to bring it back to our king.

Morgan: Yes. King George happens to be my uncle.

Nicole: King George III is your uncle? That's interesting.

Lincoln: We have an interesting history ourselves and we have seen things that most people can never even begin to fathom.

Laney: It's true.

Morgan: I believe it.

Nicole: Lets see what's going on here.

Nicole pulls out her book and found an unusual sight.

Nicole: That's funny, the pages are blank. Let me go back here. [Finds a filled page] Here we are.

Voice: As Nicole, Lincoln and Laney were invited to join the buccaneers on their quest, Blackbeard and his pirates were hot on their trail.

Nicole: Blackbeard is coming. Lets go.

Gwyn: Of course.

They journeyed along the trail.

Lincoln: So how are we gonna get home Nicole?

Nicole: We have to complete to whole book and follow them on their adventure.

Laney: This is gonna be interesting.

Lincoln: I love a good adventure.

Nicole, Lincoln, Laney, Morgan, Gwyn and Dumas were walking on.

Lincoln was stradling on and he was getting hungry.

Lincoln: Man I'm hungry for a piece of pizza.

Lincoln suddenly smelled pizza and he followed the smell to a sand pool and he found a tree that can grow pizza.

Lincoln: A pizza tree? That's cool!

Lincoln walked over and climbed onto it. But as he climbed it a Sand Shark was by the tree and Lincoln saw it.

Lincoln: A Sand Shark! Wait a minute. I forgot I have powers.

Lincoln spread his wings and flew over the sand pool and landed on the other side. Suddenly a portal opened up and it lead into the ocean. He landed into the ocean and swam. Surprisingly he discovered that his lightning powers enable him to breathe underwater.

Lincoln: Whoa! I can breathe underwater! This is awesome!

Lincoln swam around and he found a mermaid.

Lincoln: Oh hello there.

Mermaid: I never met a man that can talk underwater.

Lincoln: It's because of my powers that I can do it.

Mermaid: Do you have a name?

Lincoln: My name is Lincoln Loud and you are?

Mermaid: You may call me Lilly. That's what the fish call me.

Lincoln: It's a pleasure to meet you Lilly. One sec.

Lincoln flew up and stood on top of the surface of the water.

5 minutes earlier.

Nicole saw that Lincoln was not with them.

Nicole: Guys! Lincoln is not here.

Morgan: Where is he?

Laney: I can find him.

Laney concentrated and sensed where he was.

Laney: He's in the ocean.

Nicole: Lets go.

They go toward the ocean.

Present.

Lilly: So how are you able to breathe underwater?

Lincoln: I was given lightning powers from a powerful source. Watch.

Lincoln demonstrated his lightning powers by firing a bolt of lightning at a nearby rock and it exploded.

KABOOM!

Lilly: That is incredible!

Lincoln: I have many abilities that go with lightning.

Lilly: It's amazing. Your wings are beautiful.

Lincoln: Thank you Lilly. They came with my powers.

Lilly: I can see that.

Lincoln: I came here from another time with my sister Laney and my friend Nicole and we're on a treasure hunt.

Lilly: If you want I can join you.

Lincoln: How can you?

Lilly: You see when a mermaid saves a humans life she's granted a wish to last a sun and a moon.

Lincoln: That's interesting. You can give yourself legs only for 24 hours. But I wasn't in trouble.

Lilly: Yes but I saved someone earlier.

Lincoln: Okay. Lets get to land.

Lincoln and Lilly got to land and Nicole, Laney, Morgan, Gwyn and Dumas saw them.

Nicole: There he is and my mermaid senses are tingling. That girl he's with is a mermaid.

Laney: Wow. She's amazing.

Morgan: She sure is.

Lilly sat on a rock and with a powerful magic spell her fins became legs and she had a beautiful aqua blue skirt on.

They saw the whole thing.

Laney: Whoa. I've read about this in the legend. Whenever a mermaid saves someones life they are granted a wish.

Gwyn: That's interesting.

Lilly: Wha? What do I do now!?

Lincoln: I'll help you out.

Lincoln took her hand and guided her through walking.

Lincoln: Good work. You're getting it.

Lilly is a quick learner. She got walking down quickly.

Nicole: You had us worried Lincoln.

Lincoln: Sorry Nicole. I wound up in the ocean and met Lilly here.

Laney: We saw. It's a pleasure to meet you Lilly. I'm Laney Loud.

Nicole: I'm Nicole Knudson.

Morgan: I'm Prince Morgan.

Gwyn: I'm Gwyn.

Dumas: And I'm Dumas.

Lilly: It's a pleasure to meet you all.

Nicole: We heard an explosion. Are you all right?

Lincoln: Yes I'm all right.

Lilly: Lincoln was showing me his powers.

Morgan: Powers?

Nicole: Yeah we have powers Prince Morgan. I was born with my powers.

Laney: I was given my powers through a magical artifact where I'm from.

Lincoln: And I was blessed by a spirit of lightning.

Nicole: It's a strange choosing process.

Gwyn: That's interesting.

Later as they were walking through the forest and Nicole sense Blackbeard and his pirates coming.

Nicole: We have company. It's Blackbeard. Lets fight.

Gwyn: God bless ya Nicole.

Nicole: Thanks Gwyn. We are also powerful warriors.

Lilly: Are you really that good?

Lincoln: We are.

Nicole unsheathed her sword - Luciendar the Sword of Light.

Blackbeard, Sapperstein, Jolly and Duckbone arrived and they were ready for them.

Blackbeard: Well now. This be a surprise.

Nicole: Captain Edward Teach, A.K.A. Blackbeard the Scourge of the Seven Seas. The most ruthless pirate that ever lived. Soon to be a dead pirate.

Blackbeard: Who might ye be wench?

Nicole: I'm Nicole Knudson. Your worst nightmare. Lets dance.

Nicole and Blackbeard clashed swords and they were really going at eachother. Nicole slashed Blackbeard's arm and he was in pain.

Nicole: That's for all the lives you killed over the years. Your reign of terror ends now.

Lincoln fired a bolt of lightning at Blackbeard and electrocuted him and sent him flying. He crashed into the beach.

Lincoln demonstrated his martial arts moves on Sapperstein, Duckbone and Jolly and pulverized them into a big mess.

Laney used her plant powers and tied up Sapperstein, Duckbone and Jolly and took them to the buccaneers ship and put them in the brig.

Laney: So much for them. Now we can go find the treasure.

Morgan: That was impressive!

Gwyn: You guys really are powerful warriors!

Dumas: Most impressive.

Lilly: You guys are amazing.

Nicole: Thank you. We have many skills and we were trained by my father. He is a great teacher and we learned everything from him.

Morgan: We believe it.

Later they were resting for the night and Nicole felt an eerie presense in the forest.

Nicole: This forest gives me the creeps. I sense that we're not alone.

Lincoln: Me too.

Laney: I can feel it.

We saw the water bottle lift up all on its own and the buccaneers were scared out of their wits. It poured the water onto the campfire and the buccaneers ran away in fright. Nicole, Lincoln, Laney and Lilly were hiding behind a rock. They popped their heads out from the rocks and realized that they were on their own.

Nicole: They ran away. Looks like we're on our own guys.

Lincoln: Yeah.

Laney: (Fearful) Guys? If you're over there then whos hand is this on my shoulder?

We saw the source of the hand and it was a pirate skeleton and it was laughing.

Laney and Lilly screamed and Lincoln fired a Force Lightning blast at it and destroyed it.

Nicole: Nice shot Lincoln.

Lincoln: Thank you Nicole.

They sat back down.

Lincoln: Are you okay Lilly?

Lilly: Yes. Thank you Lincoln.

Lincoln: The reason I fight so well is also because I'm a shinobi. I'm a ninja that serves a village with a different lifestyle and a different way of fighting.

Nicole: You see Lilly. Lincoln and Laney are both Shinobi and they were both taught by my father and they have incredible power.

Lilly: So that explains how you are so good.

Lincoln: Yes. We have incredible power and with great power comes a great responsibility.

Lilly: No matter what Lincoln you are the bravest boy I've ever met.

Lincoln and Lilly kissed and Lincoln blushed a huge red.

Laney: That is so sweet. (Whispering to Nicole) But how will we explain this to Ronnie Anne?

Nicole: (Whispering) We'll think of something. (Out loud) Lets find the treasure.

Nicole, Lincoln, Laney and Lilly found an ancient temple and it was where the treasure was.

Lincoln: This must be where the treasure is.

Nicole: Yep. I can feel it.

Morgan: Nicole, Lincoln, Laney, Lilly? Where are you?

Nicole: We're over here!

They found them.

Morgan: Thank goodness you're okay.

Nicole: Yeah. I think we found where the treasure is.

Blackbeard arrived.

Blackbeard: So ye all found the treasure?

Nicole: You just never learn do you Blackbeard? Now I'm going to finish you off for good.

Nicole unsheathed her sword and fired an energy ball at the temple door and blasted a hole into it.

Nicole: Get as much treasure as you can Morgan.

Morgan: You got it Nicole.

Lincoln: Lilly how much time do you have left before you become a mermaid again?

Lilly: I think 10 minutes.

Nicole: We sure are cutting it close. Lincoln, You and Laney take Lilly back to the ocean. I'll hold Blackbeard off and meet you all by the beach when I can.

Lincoln: Okay. Come on Lilly.

Lincoln, Lilly and Laney ran fast and Nicole and Blackbeard clashed. Morgan, Gwyn and Dumas went into the temple and grabbed as much treasure as they could. Nicole was overwhelming Blackbeard and then Nicole stabbed Blackbeard right through his heart.

Nicole: Enjoy your eternity in the Netherworld!

Blackbeard fell to the ground dead.

Morgan, Gwyn and Dumas got all the treasure in bags and got out.

Nicole: You all got the treasure?

Morgan: Yes we did.

Nicole: Good. Now lets go to Lincoln, Lilly and Laney.

They ran to the ocean.

Lincoln, Lilly and Laney were running as fast as they could. They saw the ocean up ahead.

Lincoln: There's the ocean!

Laney: We're almost there.

Lilly: Oh no!

Lilly's legs turned back into fins when they were almost there.

Lincoln: Oh no.

They went back to Lilly.

Laney: The spell is over.

Lilly: You have to get me home.

Lincoln: Okay.

Lincoln picked up Lilly bridal style and spread his wings and flew to the ocean.

Lincoln got his feet into the water and set her in it.

Lilly: It's so wonderful. I feel so good. Thank you.

Lincoln: You're welcome Lilly.

Lilly: Best adventure I had ever had Lincoln. You too Laney.

Laney: We're glad you had fun Lilly.

Lincoln and Lilly kissed one last time and Lilly gave Lincoln a shell as a remembrance and she went back into the ocean. But Lincoln had a very strong feeling that they will see eachother again.

Laney: You were amazing big brother.

Lincoln: Thanks Laney. I have a feeling that we will see her again in our time.

Laney: Yeah. Mermaids are immortal and I have that same feeling too.

Nicole: Hey guys. We did it. It's over for Blackbeard. He's dead.

Lincoln: Good riddence.

Laney: Yeah.

Nicole: Also we completed the story. It's finished.

Laney: We should be able to go home now.

Nicole: Yep. It was great to work with you Morgan.

Morgan: Same here Nicole. You are a very amazing fighter. You too Lincoln and Laney.

Laney: Thank you.

Lincoln: Thank you guys. We have to get back home to our time in the future. But maybe we'll find you all in the history books.

Gwyn: Maybe you all will.

Nicole sensed the portal opening.

Nicole: Take care.

They go forward in time and they landed on the sofa.

Nicole: Wow! What an adventure.

Lincoln: You said it.

Laney: That was an awesome treasure hunt.

Nicole: It was no dream or simulation either. It was all real and we actually went back in time to 1796 and helped them.

Lincoln: Yeah.

A book suddenly appeared on the table.

Nicole: What's this book?

It was a book called "The Buccaneers and The Time Travellers" by Prince Morgan Hilldebrant.

Nicole: "The Buccaneers and the Time Travellers". Wow. Prince Morgan wrote a book about our adventure.

Lincoln: He sure did. Lets read it.

They read the book and finished it in 6 hours.

Nicole: "And we traveled back to England where my uncle knighted us and made me, Gwyn and Dumas Sir Morgan, Dame Gwyn and Sir Dumas." The End.

Lincoln: That's amazing.

Laney: Yeah. It sure was.

Lori, Luna and Lana were with them.

Lori: That's an amazing story. I can't believe it literally happened.

Nicole: It sure did Lori. It was an amazing adventure and it was one we'll never forget.

Lincoln: Lori can you please invite Ronnie Anne and Bobby over? I want to tell them something.

Lori: Sure.

Bobby and Ronnie Anne were called over and Lincoln confessed about his kiss with Lilly and Ronnie Anne hugged him instead of hating him.

Lincoln: Why are you hugging me?

Ronnie Anne: You see lame-o I too have a confession to make. My love for you was just a crush. I recently found out that when Bobby and Lori get married I would become another sister to you.

Bobby: That's right little bro. I completely understand.

Lori: Me too Linky. Thank you for telling us this.

Luna: That was a very grand thing for you to do dude.

Lana: We're proud of you bro.

Lincoln: Thanks guys. I had no idea that this would happen when you and Lori marry Bobby.

Bobby: It's cool bro.

Nicole: I'm so happy for you and Lori, Bobby. Congratulations on the future wedding.

Lori: Thank you Nicole.

Nicole: How about I take you all to the beach?

They all cheered.

Nicole used Instant Transmission to beam us all to Hawaii and we are having a great time. Lincoln was thinking about Lilly. He wears the shell she gave him as a necklace.

Lincoln: I miss you Lilly.

But suddenly Lincoln sensed something.

Lincoln: I sense a mermaid. Could it be?

Lincoln saw a familiar face out in the ocean. It was Lilly.

Lincoln: It is. Lilly!

Lilly saw a familiar head of white hair and recognized it.

Lilly: Lincoln!

Lincoln spread his wings and ran out on top of the water and Lilly swam toward him.

Lilly jumped out of the water and Lincoln jumped and Lincoln flew into the air and they hugged in midair.

Lilly: It's good to see you!

Lincoln: Same here Lilly.

Lincoln and Lilly kissed again for the first time in 221 years. Lincoln and Lilly were now engaged like me and Varie and the wedding won't be until they are 18.

Lincoln took Lilly to the beach and we introduced ourselves.

Lilly: It's a pleasure to meet all of you. I am so happy to be reunited with Lincoln.

Lincoln: Me too Lilly.

They kiss again.

Naruto: I'm so happy for you bro.

Sakura: Same here Lincoln.

Varie: That is so beautiful.

Me: I'm proud of you buddy.

An adventure that spans 221 years became an awesome love for our friend Lincoln Loud.

THE END.

Magic Island was one of my favorite movies that I've known since I was a kid. It's a 1995 movie about a boy named Jack that is given a magic book about the island and he winds up joining a crew of buccaneers in the late 18th century to get a treasure before the ruthless Captain Blackbeard could. It's what's called one of the Forgotten Movies. But I haven't forgotten it. It's 2018 and that movie takes place 222 years into the past. That would be an amazing adventure. Let me know what you think.

See you all next time.

# The Great Krypton Rescue

It starts with me, Varie, Vince, Aylene, Janeen, Lori, Carol, Lincoln & Linka, Lilly, Lucy, Laney, Lana & Lola, Lisa, and Lily were in Lisa's Laboratory.

Lisa: Siblings and friends I have brought you all here for a special presentation.

Me: What's up Lisa?

Lisa: Behold.

Lisa showed us a magnificent rocket ship she has created. It was a huge starship.

Lisa: This is my new starship the U.S.S. Valor. It's purpose is to go into space and conduct interstellar rescue.

Lincoln: This. Is. AWESOME!

Laney: This is so cool.

Lucy: If I had a heart it would be jumping with excitement.

Lana: This ship looks amazing.

Lola: It does look like fun.

Aylene: You want us to test it for you.

Lisa: Affirmative. We are going on our first interstellar rescue mission. My systems had indicated that a planet like ours is going to explode. It's name is Krypton.

Me: Krypton? But how can that be? Krypton is Superman's home world and it exploded.

Lisa: Affirmative. It did. But this Krypton came from another dimension and it is due to explode in 12 hours.

Vince: I get it. We're going to use the ship as an ark and rescue all the Kryptonians from total destruction.

Lisa: Correct.

Linka: This is gonna be so awesome!

Lilly: I've never been in a starship before. It's gonna be interesting.

Laney: I've always wanted to be on a starship. This is gonna be so cool.

Me: So who is gonna be in command of the ship?

Nathaniel came into the room.

Nathaniel: Captain Nathaniel Knudson reporting for duty!

Me: I had a feeling it would be you Nathaniel.

Nathaniel: I know grandpa. Commanding a Starship has always been my lifes dream.

Varie: And now you're gonna get a chance to fulfill your dream.

Nathaniel: Yep.

Aylene: We're with you all the way Captain.

Later we fired up the engines and left the planet Earth.

Nathaniel: Systems check.

Computer: All systems go Captain Nathaniel. We are leaving the Earth behind.

Nathaniel: Set course for planet Krypton.

We went into Faster-Than-Light Travel and we got to Planet Krypton in 20 minutes.

Lisa: There it is. Planet Krypton.

Me: Wow! It actually is real.

Varie: Incredible.

Vince: And all those people down there are in grave danger.

Carol: Yes.

Me: We have 6 hours before it explodes. Lets open a communications channel and tell them.

Lor: What would you have us do Jor-El?

Jor-El: Look to the stars like our ancesters did. There are habitable worlds within reach. We can begin by using the old outposts.

?: Are you seriously suggesting that we evacuate the entire planet?

?: Council. We have a ship stationed above the planet and they're sending a video message.

Lor: Have it sent through.

On a holographic screen we show ourselves.

Me: People of Krypton we mean you no harm. We are from the Planet Earth, the 3rd Planet in the Solar System and we have come to rescue you all before Krypton Explodes.

Everyone gasped.

Lor: If I may ask who are you?

Me: My name is J.D. Knudson, 2nd in Command of the U.S.S. Valor. It's a rescue ark.

Jor-El: We greatly appreciate your timely arrival. J.D. You have the thanks of the people of the planet Krypton.

Lor: We will begin evacuation immediately.

Me: We're glad you agree. Krypton explodes in 5 hours.

The link ended and we started beaming up everyone on the surface of Krypton and made preparations for them by helping them adjusting to our atmosphere. 4 hours and 45 minutes later we got everyone off the planet of Krypton except for General Zod and his insurgents. We beamed aboard the Genesis Chamber onto the ship along with some of their ships and technology.

Nathaniel: Is that everything and everyone?

Me: Yes Captain. Everyone has been beamed aboard safely. We have 3 minutes before the planet explodes.

Nathaniel: All right. Warp away.

We saw the planet crumble and break apart and as we got away the whole planet exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMM

We arrived back at Earth and landed the ship and at the United Nations building Me, Lisa and Jor-El were at a meeting with the ambassadors of the world.

Me: My fellow friends of the world. 6 hours ago my friend Lisa Loud here completed a brand new rescue ark she built called the U.S.S. Valor and we tested it and went into space. We arrived at the planet Krypton. It was going to explode in 6 hours.

We showed them pictures and movies of our rescue mission and they were amazed. Horrified when Krypton exploded.

Lisa went up to the podium and annouced her statements.

Lisa: My friend and 2nd Brother Unit is correct. My computers have found the Planet Krypton and we tested our ship by having it rescue the people of Krypton before it exploded. Our mission was a 100% success.

Everyone cheered for our success.

Me: Thank you everyone. We have a member of the planet Krypton here to tell us what has happened.

Jor-El came up.

Jor-El: Thank you all. My name is Jor-El, leader of the house of El on Krypton. I informed our high council that mining the planets core was suicide. Because of our reckless decision to do that we have doomed our planet and it was going to cause an implosion that would destroy our planet. It was all inevitable. But thanks to the arrival of the U.S.S. Valor of the planet Earth we were saved from an inevitable doom. Therefore to repay his actions we would like to form an interplanetary alliance and share our technology, culture, and our ways with all of you to further benefit all of Earth and mankind.

Everyone accepted and it was a truly joyous time for the people of Earth. Earth had now advanced into a very advanced civilization.

THE END.

Another Fanfiction Complete.

This one came out of the blue for me. I actually got the idea for this when I was watching The Prince of Egypt. Planet Krypton exploding was a terrible sight to watch. Superman not only lost his home but he lost everything including his mom and dad. That was horrible. It not only resulted in the destruction of the planet Krypton it also resulted in the annihilation of the Kryptonians. Krypton is now a part of Earth and they will never do a reckless thing like mining its core again. Let me know what you all think.

See you all next time.

# Denmark in Danger

It starts with me on my laptop computer checking through the news.

Me: This is interesting. "Copper Miners in Lapland, Scandinavia discovered a prehistoric reptiles tail. It was taken to the aquarium in Copenhagen, Denmark and put on display for all to see." Interesting. A prehistoric reptiles tail. That's fascinating. We have to see this.

I take my laptop and went down a slide to Laney's room. Laney's slide is bright red.

Laney was working on some plants in her room with Riley, Lana and Crysta. I slide in.

Me: Hey guys.

Laney: Hey J.D. What's going on?

Me: Check this out.

I pull up the news I found on my laptop and Riley, Laney, Lana and Crysta were shocked.

Laney: This is interesting. A prehistoric tail found and brought to Denmark?

Lana: That sounds like something I would like to see.

Riley: Me too. Aylene would want to hear about this too.

Lisa came in.

Lisa: Siblings and friends I couldn't help but overhear. (Looks at the story on my computer) Fascinating specimen they've unearthed. We have to go check this out.

Me: Yeah. Lets go see.

2 hours later, Me, Varie, Vince, Carol, Lincoln, Lilly, Riley, Laney,

Crysta, Lana and Lisa were off to Copenhagen. We arrived in 3 hours and we arrived at the aquarium and saw the tail. It was a strange one.

Me: Wow. That is an interesting tail. It's unlike anything we are familiar with.

Lisa: Affirmative. It's a very interesting specimen. I have got to get a sample for study.

Lisa went into the freezer and took a sample of the tail and analyzed it.

Lisa: Interesting. It appears that the creature is 95 million years old and it has remarkable regenerating capabilities that are unlike any reptile from the prehistoric eras.

Carol: That is really interesting.

Me: What kind of creature is it?

Lisa: I am uncertain. I also did an analysis on it's scales and they are made of a stronger substance that makes the creature completely impervious to all modern day weaponry.

Vince: That's incredible. It's scales would be perfect in the production of stronger bullet-proof armor.

Carol: They could be as strong as Godzilla skin.

Lilly: They look like it. We've heard legends about Godzilla.

Varie: This is not Godzilla. This is something totally different.

Riley: Yeah. I can feel it too.

Crysta: This is something I've never seen before. What kind of creature is it?

Lana: We don't know Crysta. It could be a dinosaur or it could be something more ferocious.

Me: We won't know for sure. Unless it completely regenerates.

Lisa: Affirmative. It turns out that the cells of the creature are still alive and they are slowly regenerating as we speak.

Vince: Oh man. I guess we'll know later then.

Me: Yep.

10 hours later we were sleeping in a hotel when we heard an explosion coming from the aquarium.

Me: What was that?

We go outside and we saw the western wall of the aquarium destroyed.

Varie: What could have done that?

We saw that the tail was gone.

Vince: The tail is gone!

Me: It must've fully regenerated and it escaped.

Lisa: That's exactly what it did. It's now loose on the world.

Later we were accompanied by General Mark Grayson and a bunch of soldiers from the Denmark Army. We were in a field and in a tree area we saw a massive dragon creature. It was REPTILICUS!

Me: Whoa! That is an enormous dragon.

Lisa: That creature is what that tail was? Incredible.

Lincoln: How can a creature like that regenerate itself in such a short amount of time?

Varie: I don't know but it is a nasty creature.

Laney: We have to destroy it now.

Riley: I agree.

General Grayson: Fire at will! Give him everything you got!

We fired a hail of bullets at him but they weren't having any effect on him. Those scales were not even affecting him in any way, shape or form.

Me: Those scales are really strong. Let me try.

I fire an energy ball at him and it hit him and exploded.

KABOOM!

When the smoke cleared it didn't even put a dent in him.

Me: Whoa! Not even energy blasts can destroy him. But it did hurt him.

Carol: It sure did. Let me try.

Carol fired King Ghidorah's Gravity Lightning and it blasted off his foot.

Lincoln: That did it! Good shot Carol.

Carol: Thanks Linky.

Lana: Let me see if I can freeze him.

Lana fired Ice Lightning at Reptilicus and froze him. But he broke out and spit acid slime at us. It landed by us and burned the ground with a loud sizzle and it crawled away.

Me: Whoa! That is some strong acid slime!

Vince: No kidding! Look at how it burns through the ground.

General Grayson: If we get hit with that stuff it's instant death.

Lisa took a sample of it and analyzed it.

Lisa: Interesting. This acidic slime is actually a concentrated jellied sulfuric acid.

Varie: That is some strong stuff. It would dissolve through a wall in seconds.

Riley: Yeah.

Laney went to the creatures severed foot and she saw it regenerate into another Reptilicus and Laney tamed it and it became her friend. This one however can fly and can breath fire. Laney named this creature Nomana. Reptilicus was heading towards Copenhagen and everyone in the city was placed on evacuation order.

We were at a command center set up be General Grayson.

Soldier: 9 D sector. 22 12 F Sector. Reptilicus last observed coordinates 33 19. Present position: Unknown. Repeat: Unknown. Out.

General Greyson: Condition Red.

We were ready for Reptilicus. Laney and Nomana were watching out for him from the air and we were ready. Laney then saw Reptilicus in the southeast heading towards the city.

Laney: Reptilicus is heading toward the city from the Southeast.

General Grayson sounded the air raid sirens.

General Grayson: This is Grayson, all units, all units Fire at Will!

Me: Lets get him.

We hit Reptilicus with everything we got at him and fired bullets, energy, Gravity Lightning, Atomic Rays, Corona Rays, Fire, Ice, Lightning, Earth, Plants and more. The City was completely under fire. Everything was going up in flames and the destruction was terrible. Luckily everyone in the city was evacuated. Acid Slime was being spit everywhere by Reptilicus. He was destroying everything in his path and explosions were blasting everything apart. We were destroying Reptilicus with everything heavy and more and blasting him apart little by little. The whole city of Copenhagen was completely engulfed in raging fire and it was horrible. People were running from the battle and it was like something out of the darkest pits of the Netherworld. Reptilicus is not giving up that easily. He is getting more and more raging by the second. But we were prevailing. A member of the University of Denmark came up with a powerful idea. It was to knock him out with a powerful drug and then we can destroy it completely.

General Grayson: General Greyson to J.D.

Me: J.D. here General.

General Grayson: We have a plan to destroy Reptilicus. We're going to knock him out with a powerful knockout drug that will knock it out and we can destroy him.

Me: That's a brilliant idea. But we would only have to fire it into his mouth at point blank range.

General Grayson: Yes. We'll meet you at City Hall.

Me: Okay.

We regrouped 20 minutes later and General Grayson had a bazooka and in a rock was a gallon of the knockout drug. I held the bazooka ready.

Me: Okay lock and load.

General Grayson put the rocket in and Reptilicus had its mouth open and I fired it and it hit the inside of his mouth and he was knocked out.

Me: It worked! We did it!

We all cheered wildly.

Lilly: We won against him.

Lincoln: We sure did.

Varie: Now lets destroy it.

Laney formed a tree and it catapulted Reptilicus into the air.

Me: Vince, Varie, together!

Me, Varie and Vince: KA! ME! HA! ME! HAAAAAA!

We fired a combined Kamehameha Wave at Reptilicus and it hurtled him right into the Sun and it completely obliterated him in an instant.

Me: That did it. Reptilicus's cells have been completely destroyed in the Sun. He won't be able to regenerate.

Laney: It's all over. Reptilicus will never terrorize the world again.

Me: Yeah. We won.

General Grayson: We sure did. Never again will Reptilicus terrorize us again.

Me: Agreed General. But we saved a whole city from total destruction. We haven't lost any casualties.

General Grayson: No we have not. We couldn't have done all of this without your help J.D. Denmark owes you all their lives.

Varie: We're glad we could help General.

Later we were at an award Ceremony held by the Prime Minister of Denmark and he awarded us the highest military honor in Denmark: The Valor Cross of Denmark.

Me: We are truely honored Mr. Prime Minister. We're glad we were able to help you all.

Varie: We are.

We went back home and we had a nice dinner.

THE END.

Reptilicus is an old B-Movie from 1961. I did this chapter as a tribute to the crew of the movie and to famous actor Carl Ottosen. He was a Danish Actor that starred in some really cool movies 50 years ago.

He starred in Reptilicus from 1961 and Journey to The 7th Planet from 1962. Those are the only two movies that I know. Carl Ottosen was awesome in those movies. Journey to the 7th Planet was a strange but awesome movie. A trip to the planet Uranus would be an epic adventure. I don't know if any of you saw the movies or you have members of your families that know these movies. But they were awesome back then.

RIP Carl Ottosen - July 18th, 1918 - January 8th, 1972. You will always be remembered in heart, memory and spirit.

Let me know what you all think. See you all next time.

It was an old show from the 1930's, 40's and 50's called "The Three Stooges".

Curly: What happened?

Moe: Nothing. (Slaps Larry and Curly)

We laughed at this.

Me: (Laughs) This show made my dad laugh really hard back when he was growing up.

Varie: I know.

Vince: The Three Stooges were hilarious back then.

Carol: They sure were.

Lola: When were they around?

Me: Back in the 1930's, 40's and 50's. They were funny during the Great Depression and World War II.

Lori: They were literally very funny back then.

Me: That's interesting.

Naruto: It sure is. They're your heroes.

Luan: Yep. They were STOOGY as they were then and they were STOOGY in memory. (Laughs) Get it?

We laugh at Luan's joke.

Me: (Laughs) That's right Luan. It would be funny to meet the Three Stooges.

Lisa: The Simulator would be perfect for that.

Me: Good idea Lisa. Lets go guys.

We go to the Simulator and Me, Luan and Eddy went in and the Simulator activated. We found ourselves in the episode of the Three Stooges "Horse Collars" from 1935.

Me: Wow. We're in the episode Horse Collars from 1935. I look cool in black and white.

Luan: Me too. I feel like an old cartoon from the Disney Monochrome Era.

Eddy: Me too.

Me: Same here. Lets find Moe, Larry and Curly.

We go into an old saloon in the old west and found them dancing.

Curly: You're very light on your feet.

Me: It's him. Curly. There's Larry Fine dancing and there's Curly's brother Moe. Lets say hello.

We walk up to them.

Me: Curly it's awesome to meet you.

Curly: Oh the pleasure is all mine. Nyuck nyuck nyuck nyuck.

We laugh.

Luan: I'm Luan Loud.

Eddy: And I'm Eddy.

Moe: Oh glad to meet ya. What brings you all here?

Me: We wanted to meet you and you guys are really funny. You see we are from the 21st century and we watch your show the Three

Stooges and you always make us laugh our heads off.

Moe: 21st Century? Wow. That must be an amazing time for you 3.

Luan: It's a fun TIME! [Laughs] Get it?

Me, Eddy, Moe and Curly laugh.

Me: (Laughs) Good one Luan.

Moe: Hey your jokes are funny Luan.

Luan: Thanks Moe. You guys are my heroes and I'm the comedian in my family.

Curly: You sure make some really funny lines. Nyuck nyuck nyuck nyuck.

Moe slapped Curly.

Moe: Shut up.

Me, Luan and Eddy laugh.

Me: You always crack us up when you do that to Curly, Moe.

Moe: I'm glad you like that. How about this?

Moe punches Curly in the stomach and bonks him on the head and grabs his nose and honks it.

Me, Luan and Eddy laugh some more.

Luan: (Laughs) That is too funny. Let me try.

Luan does the same thing.

BOOF! BONK! HONK!

Moe: (Laughs) You're a natural Luan. You know how to do it.

Luan: You guys are my heroes and I know all your comedy stuff.

Moe pats Luan on the back.

Moe: You're funny Luan. It's nice that we have some fans.

Me: Thanks Moe.

Larry: Hey what's going on here?

Me: Larry Fine. It's an honor to meet you Porcupine.

Larry: Hey watch it.

Me: Sorry I couldn't resist. I'm J.D. Knudson.

Luan: I'm Luan Loud.

Eddy: And I'm Eddy.

Larry: Pleasure to meet you.

Luan: Try this on for size.

Luan slaps Larry in the face, honks his nose and pokes him in the eyes.

SLAP! HONK! POKE!

Moe and Curly laugh and me and Eddy laugh too.

Moe: (Laughs) She knows how we do our job.

Curly: She sure does Moe.

SLAP!

Moe: Shut up.

Me: (Laughs) You guys make us laugh all the time.

Eddy: (Laughs) You said it.

Me: Let me see if I can have some fun.

I slap Moe in the face, bonk him in the stomach, bonked his head and honked his nose.

SLAP! BONK! HONK!

Me: This is one of my favorites. Moe, see that?

I hold my fist by him and he slaps it and I swing it and hit him on the head.

BONK!

Moe laughed.

Moe: You sure do know our stuff J.D.

Eddy: (Laughs) We all do Moe.

Eddy slaps Curly in the face and honks his nose and barks at him.

SLAP! HONK! BARK!

Larry: (Laughs) You guys are funny and hilarious.

Moe: They mean the same thing stupid.

SLAP!

Me: (Laughs) We have to get going now. It was an awesome honor to meet the legendary Three Stooges.

Moe: Same here J.D. You all keep making people laugh.

Me and Moe shake hands.

Me: We will.

We left and in the control room we found everyone laughing hysterically and rolling on the floor.

Me: All right guys calm down.

They did so and we revealed everything. It was an awesome honor meeting the Three Stooges. Luckily the Simulator doesn't do time travel.

THE END.

I wanted to do this chapter as a tribute to the legendary Three Stooges. Moe Howard, Larry Fine and Curly Howard were very funny back in the 1930's during the Great Depression and the 1940's during World War II and they were very funny during then. My dad watched the Three Stooges all the time when he was a kid and he laughed at all of the episodes so hard that he wet his pants. Curly Howard died in 1952 after taking one too many blows to the old noggin, Shemp Howard who took Curly's place in 1947 died in 1955 of a heart attack and Curly Joe DeRita took Shemp's place. Larry died of a stroke in 1975 of a stroke, Moe died in 1975 of Lung Cancer and Curly Joe died in 1993 of Pneumonia. The Three Stooges made a lot of people laugh during those dark times. Bob Hope, Red Skelton, The Smothers Brothers, Laurel and Hardy, Abbott and Costello, all the greatest comedians made a lot of people laugh. But there will be no one funnier than Bob Hope except for Luan Loud. The Three Stooges from 2012 was absolutely hilarious and the party scene made me laugh the hardest. She has what it takes to be a Female Bob Hope. Let me know what you all think.

RIP Moe Howard.

RIP Larry Fine.

RIP Curly Howard. You will always be forever remembered in our hearts, memory and in spirit and make us laugh.

RIP Shemp Howard.

RIP Curly Joe DeRita.

See you next time.

**Leni:** *[scared]* "I don't want to lose mine, either." *[Leni imagines her life's work, which turns out to a kiddie's jigsaw puzzle being swiped by the burglar who is hanging from the ceiling. Cut back to reality as Leni clutches her jigsaw.]*

Laney: And I don't want to lose… My passion… [Laney imagines her whole art chest being hauled off by the burglar who came through the window and threw it out, a breaking sound was heard and the burglar just shrugged. Cut back to Laney shaking with fear from that worrysome thought]

Aylene: I don't think burglars are after your stuff girls. They usually go after stuff that's valuable like money, jewelry, televisions and electronic equipment.

Carol: Aylene is right.

Wednesday: When I lived in my old house we had a lot of attempted thefts on the Addams Family Fortune but they all failed.

Yuko: I had no idea your family's fortune was that coveted Wednesday.

**Lincoln:** "Well, if we wanna protect our stuff, locking the door isn't enough. We gotta lock this place *down* !"

*[They all cheer in delight]*

**Lily:** *[holds her fist up]* "Lets do it guys!"

---

*[The next day, Clyde arrives at the Loud House but is stopped by Bobby who is dressed in his mall cop uniform and riding a Segway.]*

**Bobby:** "State your name and business."

**Clyde:** "Bobby? What's going on?"

**Bobby:** "New security measures. Lori asked me to protect Casa Loud. So come on, Clyde: name and business."

**Clyde:** "Sure, but… wait. You just said my name."

**Bobby:** "Do we have a problem here?"

**Lori:** *[from her bedroom window]* "It's okay, Boo Boo Bear. I'll vouch for him. Go ahead, Clyde."

**Clyde:** *[lovesick]* "Thanks, L-L-Lori. She vouched for me." *[breathes into his paper bag as he walks inside but as he enters, two airhorns blow and a siren goes off, causing him to yelp.]*

**Lisa:** *[runs up and switches the alarms off]* "Splendid! My motion sensors are working perfectly."

Jessie K.: [Writes on a clipboard] Motion Sensors operational.

*[Clyde starts to walk up the stairs but he accidentally sets off a laser beam, which turns the stairs into a slope. Clyde lets out a scream as he tumbles back down.]*

**Lisa:** "Excellent. My staircase ramp is also working.

Jessie K.: Staircase ramp working. Check.

Lisa: Now to check the alligator pit" *[brings out a remote and smiles deviously at Clyde.]*

**Clyde:** *[alarmed]* "Nooooooooooo!" *[quickly races up the stairs]*

---

*[Me, Lincoln, Lilly, Linka, Janeen, Gabrielle are looking through the blinds when Clyde enters the room.]*

**Clyde:** *[salutes]* "Agent McBride reporting for duty."

**Lincoln:** "Welcome to the Command Center, McBride. Anything goes down in Royal Woods, we'll be the first to know about it."

Me: Yep. We're keeping our eyes and ears open for burglars.

**Clyde:** *[presents 6 cups of coffee]* "Coffee?"

**Lincoln:** "You read my mind."

Janeen: Thanks Clyde.

Me: Thank you.

Linka: Thanks.

*[Me, Linka, Gabrielle and Janeen drink the coffee and like it but Lincoln, Lilly and Clyde drink the coffee but hate the taste and end up spitting it back out all over each other.]*

Lincoln: "I'll go get us some juice. And some napkins."

Me: Good cup of Joe.

**Woman over scanner** "Attention, all units! We've got an 11-25 at 7 Mile and Oak."

**Clyde:** "An 11-25? What's that?"

**Lincoln:** *[reads a police code book]* " **Failure to pick up dog poop.** "

**Clyde:** "This used to be a nice town."

Linka: That's only a misdemeanor.

Lilly: No burglars yet.

Gabrielle: (British Accent) Lets hope not.

---

*[Later, Me and Lincoln exit his bedroom and are surprised to see the girls taking their stuff into the basement and when we go take a look.]*

Laney: Okay people! Keep it moving!

**Lincoln:** "Uh, what's going on?"

Laney: It's for the good of our stuff guys. Inside my chest are the many things that made me me. All my creativity, my art, my costumes, I cannot risk all that being taken away by some low down thief.

**Lisa:** "Indeed, if you have valuables to protect, you can store them in the safe room."

**Lincoln:** "Why are you taking your stuff into the basement?

Lisa: Follow me please.

We got to the basement and saw a huge vault door opened and it was a huge vault.

Me: Whoa! That is a giant vault!

Laney: It's massive.

Naruto: It's a 50 ton vault door and it's made out of solid triple thick titanium reinforced steel. It's also protected by an impenetrable security laser shield. If the beam is broken the door will slam closed and seal the intruder inside. The only way to open the vault is by turning these two keys on both sides of the door at the same time.

Me: That's genius.

Lisa: Indeed.

Lincoln: I agree. This vault door is big and heavy and strong too.

**Luan:** *[walks into the vault with Mr. Coconuts]* "I think it's the perfect place to *store* our stuff." *[laughs]* "Get it?"

Eddy: (Laughs) I get it.

Me: (Laughs) I get it too Luan.

Luan: *[as Mr. Coconuts]* "Whoa, Toots! You're leaving me locked in here with Count Creepy?"

**Lucy:** *[sighs]* "Please, Edwin is the one who should be complaining."

**Lincoln:** *[unsure]* "Okay…"

**Lynn:** *[off-screen]* "It's the burglar!"

*[Me and Lincoln, alarmed by this rushes to Lynn's bedroom, only to find Lynn, Ed, Leni, Aylene, Anna, Shannon, Vince, Carol and Lola dressed in karate outfits and a dummy made to look like a burglar.]*

Laney: Don't mind them guys. Ed, Leni, Aylene, Anna, Shannon, Vince, Carol and Lola are training to defend themselves against the burglar

**Lynn:** "Leni, what's your first move?"

**Leni:** *[flirting with the dummy]* "Hey! So, like, how long have you been burgling?"

Ed: (Sad) Leni.

**Lynn:** *[annoyed]* "What are you doing?"

**Leni:** "Breaking the ice. He's cute." *[takes a selfie with the dummy]*

**Lynn:** *[groans]* "Okay. Lola, this burglar just stole your tiaras."

*[Upon hearing this, Lola roars angrily and attacks the dummy, much to Lynn's satisfaction.]*

**Leni:** *[upset]* "Lola! I think he liked me!"

They fought the dummy viciously.

---

*[Me and Lincoln are in the kitchen when a hooded figure tries to break in through the window.]*

**Lincoln:** *[gasps]* "The burglar!" *[grabs a banana which he uses as a gun but the hooded figure is revealed to be Lana.]*

**Lana:** "Chill, banana boy! I'm training Charles to be a vicious guard dog!" *[imitating a burglar]* "I'm the burglar! Attack, boy!" *[But Charles just lies there and yawns so Lana grabs a handful of his dog food.]* "Look, I'm stealing your food!" *[eats the food but Charles lies on his back and falls asleep; frustrated.]* "Charles! Mmm! What is this? Chipped beef?" *[continues to eat Charles' food while Lincoln just stares awkwardly at the audience.]*

---

*[That night, Lynn Sr. and Rita are going to dance class again.]*

**Lynn Sr.:** "Got my dancing shoes on and I am ready to get down and get back up again." *[does a dance when Bobby comes]*

**Bobby:** "State your names and business. Sorry, new security measures." *[holds up a sheet of paper explaining the new measures.]*

**Lynn Sr.:** "You hear that, honey? New security measures. I think I've really gotten through to the kids. Thank you, Bobby."

**Bobby:** "Sorry, Mr. and Mrs. Loud, but before you go dancing, I really do need your names and business."

**Rita:** "Uh, you just said our names *and* business."

**Bobby:** *[facepalms]* "Dang it! I gotta stop doing that."

---

*[Later, Me, Lincoln, Linka, Lilly, Janeen, Gabrielle and Clyde are asleep when a voice on the scanner wakes them up.]*

**Woman over scanner:** "Attention, all units! We've got a 10-15 at 8 Mile and Lindbrook."

**Clyde:** *[horrified]* "10-15? Oh no! I missed my curfew!"

**Lincoln:** "No, Clyde, that's a code." *[reads the book and gasps in excitement before coming out of his room.]* "You guys! They caught the burglar!"

*[Everyone except Leni, cheers in delight.]*

**Leni:** *[looks at her smartphone]* "Oh, Donny, we should have run off to Mexico while we had the chance."

---

*[Later, Lynn Sr. and Rita return from dance class.]*

**Lynn Sr.:** "I tell you, honey. One lesson in the hustle and I am a pro." *[Scats as he spins Rita but she ends up falling over and getting covered in mud.]*

**Rita:** "Ow. Why don't you hustle in and get me a towel?"

**Lynn Sr.:** *[Goes to unlock the door but once again finds it is already* *opened.]* "Ah, come on!"

*[The siblings are removing their belongings from the vault.]*

**Luan:** *[as Mr. Coconuts]* "Eddie, baby, call me! We'll do lunch. What? He's spooky but he's got a heart of porcelain."

**Lynn Sr.:** "Guys, I just found the door wide open! What gives?"

**Lincoln:** "Oh, we're sorry, Dad. But we don't have to worry anymore. They caught the burglar!"

Me: Yeah Mr. Lynn they got him.

**Lynn Sr.:** "That's peachy, guys, but there could be other burglars out there."

Laney: Other burglars?

**Lisa:** "Actually, Father, based on Royal Woods' crime rates per capita, that is statistically unlikely."

Varie: I agree with Lisa.

**Lincoln:** "Yeah, I've been listening to the scanner all day and the worst crime I've heard about is someone not picking up their dog poop."

**Lana:** *[excitedly]* "Where? I'll pick it up!"

Carol: Go for it Lana.

**Lynn Sr.** "But kids…" *[The siblings just walk off, telling their father not to worry; annoyed.]* "Why does nobody listen to me?"

*[He goes to lock the door, once again forgetting about Rita who is still stuck outside.]*

**Rita:** "Uh, honey?"

---

*[The next night]*

**Lynn Sr.** "Off to dance class, kids! Please, keep the door locked while we're gone."

Me: Have fun you two.

*[The kids just murmur that they'll do that, Lynn Sr. sighs as he and Rita leave. Just seconds after they've gone… ]*

**Mr. Grouse:** *[off-screen]* "Help! Help! I've been robbed!"

*[Upon hearing this, the siblings quickly rush down the street to Mr. Grouse's house.*

**Lincoln:** "Mr. Grouse, what happened?"

**Mr. Grouse:** *[distraught]* "They cleaned me out! My polka records! My black and white TV! My encyclopedias! All gone!" *[walks back inside and closes the door]*

**Lori:** "I literally don't know what any of those things are."

**Lucy:** "Dad was right. There are other burglars."

**Twins:** *[worried]* "And our house could be next!"

**Lincoln:** *[determined]* "Not if we have anything to say about it!"

Me: Lets build up security levels everyone.

---

*[The siblings place their belongings back into the vault.]*

**Luan:** *[as Mr. Coconuts]* "Eddie, baby! I bought my Pinochle deck!" *[Mr. Coconuts tosses a deck of card in the air but is horrified to see them scatter on the floor.]*

**Leni:** *[holding a bottle of perfume]* "You guys! I found a deadly spray to use against the burglar. See? **"Fatal Encounter"** ."

**Lori:** "Leni, that's a perfume sample."

Fu: That will be perfect.

**Lisa:** "Siblings and friends, I'm enhancing my security system. I need a retina scan." *[scans Lori, Carol, Jessie, Anastasia, Joan, Sakura, Ino, Fu and Leni's retinas before holding some plastic containers.]* "I also need a stool sample."

**Lori:** *[suspiciously]* "For your security system?"

**Lisa:** "Uh… sure, that's it!" *[gives another devious smile]*

---

*[In the kitchen, Me, Jared, Nicole, Heidi, Janeen, Lincoln and Clyde are filling a vat with hot bacon grease.]*

**Lincoln:** " *"Operation Grease Release"* is a-go! Let's get this baby upstairs."

Heidi: Okay.

**Clyde:** "What do we do with all the bacon?" *[the camera reveals a stack of bacon on the table.]*

**Lincoln:** "That's a high class problem to have, my friend."

Nicole and Janeen start eating the bacon.

Nicole: (With her mouth full) Good bacon guys.

Janeen: Yummy.

Lincoln: That problems been solved.

*[Just as Lincoln and Clyde leave with the vat, Charles runs into the kitchen with Lana chasing after him.]*

**Lana:** "Charles!"

*[Suddenly Charles spots the bacon and starts eating it.]*

**Lana:** "You're supposed to chomp burglar butts, not bacon! *[groans]* I should have trained the cat."

---

[In the Front Yard]

Laney: Okay… Monitor. *[Lola has set up a spotlight to monitor the house and gives Laney the thumbs up.]* Check. Ditches. *[Walks over to Lucy, Penny, Sakura, Anna, and Lily digging a ditch. They give her the thumbs up as well.]* Check. How are we doing with the mousetraps and barbed wire? *[Luna places barbed wire around the ditch and Luan, Eddy, Shannon and Allie place several mousetraps off-screen.]*

**Luan:** "These will put a ro- *dent* in the burglar's plan." *[laughs]* "Get it? They're mousetraps."

Eddy: (Laughs) Good one.

*[Lucy and Lily just look annoyed]*

**Luna:** *[annoyed]* "Really, dude?"

**Luan:** *[gets caught by a mousetrap off-screen]* "Ow!"

Brittney came and she was driving a truck that had a spool of razorwire.

Brittney: Hey Laney I brought some razorwire for the fences.

Laney: Perfect.

Riley: Let me help you Brittney.

Brittney: Okay Riley but this wire is really sharp so wear work gloves.

Riley: Okay.

Riley puts on some work gloves and she and Brittney thread it around the top of the fence and part of the entrance gate.

Jessie was installing a power dynamo to the fence.

Jessie B.: Okay. Dynamo is in place.

She hooked a cable to the fence and threw a switch.

Jessie B.: 20,000 volt Electric Fence is ready.

Laney: Roger that. Yuko are the Laser Turrets ready?

Yuko: They are ready Laney.

Yuko installed ion laser turrets on the four sides of the Knudson-Loud-Anderson house perimeter.

*[Laney was checking the area when Lynn and her Roller Derby team roll up.]*

**Lynn:** "Hey Lanes, my roller derby team is gonna help Bobby patrol."

Laney: Excellent! How are they at Handling criminals?

*[Two of her teammates then proceed to biff into Bobby who falls over.]*

**Bobby:** *[groaning]* "You're hired!"

---

*[Later, Lynn Sr. and Rita return and are shocked to see the now fortified house. Lola shines a spotlight on them but recognizes them and the gate powers down and opens to let them in. Just as, Lynn Sr. and Rita get out of the van, Bobby and Lisa, who is also dressed in police attire, come up to them.]*

**Lisa:** "Good evening, parental units! We are going to need to conduct a routine body search."

**Rita:** *[shocked]* "What in the world is going on?"

**Lynn:** "Mr. Grouse got robbed! We had to beef up security!"

**Lola:** "We used your credit card."

Brittney: I brought the razorwire from a prison. They gave it to me for this.

Jessie B.: I found the power dynamo in the mansion storage room and it was perfect for this.

**Lynn Sr.:** "Kids, I'm glad you're taking this seriously but you may have gone a little overboard."

**Rita:** *[being scanned by Lisa and feeling annoyed]* "A little?"

**Lynn Sr.:** "We don't need all this security. If we just lock the doors and windows, we'll be fine. Now, everyone to bed."

*[The siblings, Bobby and the roller derby team leave.]*

**Lisa:** "I'm still gonna need those stool samples."

---

*[Later, a shadowy figure creeps out of the Loud House from the kitchen, runs past the barricades and comes up to Mr. Grouse's house. The figure is revealed to be Lynn Sr. holding a basket. Lynn Sr. knocks on the door and Mr. Grouse answers.]*

**Lynn Sr.:** "Thanks for pretending to be robbed. I think my kids really learned their lesson." *[hands Mr. Grouse the basket]*

**Mr. Grouse:** "I would have scared them for free but I'll gladly take your muffins." *[closes the door]*

*[Lynn Sr. runs back to the Loud House.*

*Laney: Don't worry dad. I'm not taking any chances! This time I'm gonna lock the doors! [Goes over to the kitchen and locks the back door and all the windows in the mansion]* Okay, you guys go on ahead. I'll stay down here and stay on guard.

Lincoln: Are you sure you'll be okay, Laney?

Laney: I'll be fine. I'll let you guys know if there's anything to report. Besides, crime doesn't sleep and neither will I.

*[cuts to Laney sleeping on the kiddie table minutes later.]*

*[Lynn Sr. tries to get back inside but groans in frustration as he*

*realizes the door is locked. He then steps onto a tricycle in an attempt to open the window. He struggles for a bit before yelping as he falls over.]*

*[Laney heard something banging on the do or and she saw a mysterious hooded figure and gasped]*

Laney: IT'S THE BURGLAR!

**Lincoln:** *[gasps in horror]* We have a Burglar!

Me: Oh no!

I run over *and push a red button on a clear case that said "In Case of Burglar Push Button" which sets off alarms in the other bedrooms and red sirens flash, thus waking up everyone and Rita. A police badge transition occurs with the scene shifting to all of us standing outside Lincoln's room.]*

Lincoln: "Battle stations, guys! We've got a burglar on the premises!"

*[Everyone gasps in horror]*

**Lori:** *[panicking]* "Oh my gosh! What do we do? He's gonna take all our stuff!"

**Lola:** *[slaps Lori with her glove]* "Get it together, woman!"

**Lori:** "Thanks. I needed that." *[threateningly]* "But I'll get you back."

Me: Lets get him!

*[We waste no time in rushing off to set off their traps but Lana looks at Charles who is just lying there.]*

**Lana:** *[sarcastically]* "Don't trouble yourself or anything, Charles."

*[Lana walks off, leaving Charles to whimper. Meanwhile, Lynn Sr. tries to get back into the house via the basement but Luan blows an air horn, which startles him and he gets covered in Luan's mousetraps, making him yelp "Ow!" a lot. Lincoln and Lynn are holding the vat of bacon grease from Luna and Luan's window.]*

**Lincoln:** "Eat hot bacon grease!"

*[As the vat is tipped, the grease is revealed to have been congealed and Lynn Sr.'s head is stuck inside.]*

**Lincoln:** "Make that *congealed* bacon grease!"

*[As Lynn Sr. gets up, Lola shines a spotlight on him and lasers fire at him. Lynn Sr. backs away but falls into the ditch. Bobby and the Roller Derby team approach him.]*

**Bobby:** "Keep a tight formation, ladies! This is what we trained for!"

*[The Roller Derby team then attacks Lynn Sr. just as the Loud siblings and Rita run up.]*

Laney: I hope that thief has a good lawyer!

Me: Yeah cause he'll be going to prison for 10 to 20 years.

**Rita:** "Wait! Wait! I recognize those dancing shoes! Off! Off!"

*[The Roller Derby team stops attacking Lynn Sr. and Rita helps him out of the ditch.]*

**Siblings:** *[surprised]* "DAD!?"

Me: Mr. Lynn?

**Lynn Sr.** *[nervously]* "I… was just taking a walk and I got locked out."

*[The siblings apologize to Lynn Sr. for attacking him.]*

Varie: All right what's going on here?

**Mr. Grouse:** *[off-screen]* "Hey, Loud!" *[camera pans over to Mr. Grouse's window down the street and his face is incredibly swollen.]* "These muffins got walnuts in them! Next time you want to pay me off for pretending to be robbed, how about giving me something I'm not allergic to?"

**Lincoln:** "Pretending to be robbed?!"

**Siblings:** "Dad!" / "Our own father." / "You lied to us?" / "Bogus move, Dad." / "That's not funny."/ *[The siblings and Rita angrily scold Lynn Sr. for lying.]*

**Lynn Sr.** *[sighs]* "I'm sorry, everyone. I was just trying to teach you to lock the dang door. I just want to protect my most important valuables: you guys."

**Siblings and Rita:** "Awwww!" *[hug Lynn Sr. in forgiveness]*

**Siblings:** "Okay, Dad, we'll lock the door." / "You're the greatest." / "Love you."

*[Suddenly Charles spots two rashers of bacon on Lynn Sr.'s butt and charges. Everyone, except Lynn Sr., get out of the way.]*

**Lynn Sr.** *[as Charles bites him off-screen]* "OUCH!"

**Lana:** *[satisfied]* "Finally!"

Me: Wait look!

I point to a shadowy figure digging a hole in the yard trying to get under the electric fence and I pounce on him and pin him down.

Me: Now lets see who you are.

I pull off his ski mask and it was an old enemy of Naruto's in the Leaf.

Me: Newazashi Yamanaka? What are you doing here?

Newazashi: I came to get revenge on that demon for throwing me into jail! My life was ruined because of you and I'm going to kill you all!

Naruto: I thought you were locked up in prison and you got what you deserved because of your overzealous ego and overinflated superiority complex and you had it coming.

Laney: Who is he Naruto?

Naruto: He's Newazashi Yamanaka. An old enemy of mine and he was formerly next in line to be Heir of The Yamanaka Clan. He has a huge superiority complex as big as Mount Everest in Nepal and it far surpasses that of all the Evil Sasuke's that we know and despise. He is one of the bullies that picked on Sakura when we were 7. He hates my guts because of my Jinchuriki status and he menaces people with a knife.

Sakura: Yeah. I was there when Naruto saved me.

Naruto: Yeah. Newazashi was thrown in prison when he tried to rape a young woman and I stopped him.

Me: I remember that bro. This guy is a heartless psychopath.

Laney: He's Level 18 on the Scale of Evil.

Nicole: Yeah.

Jared: I agree.

Lady Tsunade: I agree too.

They saw Lady Tsunade and the ANBU.

Me: Lady Hokage, Captain Tiger and Frog. I was just gonna call for you. Newazashi here somehow escaped from the Leaf prison to get revenge on us for locking him up in jail. He's one of those doo-doo dunderheads that hates Naruto's guts for being the 9-Tails Jinchuriki.

Lynn Sr.: So you were the burglar that was making us live in fear?

Newazashi: Yes! And I would've done it too if it weren't for you meddling kids and that stupid demon!

Me: Wrong cartoon stupid. Get him outta here.

The ANBU slapped the cuffs on him and took him back to prison. This time he was gonna be transfered to the Moon Supermax Prison.

Me: I'll have my report ready for you first thing in the morning before I go to school milady. We're sorry to disturb you.

Lady Tsunade: That's all right everyone. Have a good rest of your night.

Lady Tsunade went back to the Leaf.

The next day I filed my report at 6:30 AM and went to school at 7:30 AM. Lady Tsunade gave us A-Rank mission credit.

THE END.

Another Fanfiction Completed.

I am still doing my Shinobi of The Cosmic Storm miniseries and I'm gonna be doing episodes in between chapters of the series. I wanted to do Lock 'N' Loud for a while but I didn't know how to set it up. So I made it a different set up and incorporated a scenario from a chapter in my books that I write at home. I figured it would be perfect to store everything in a big bank vault instead of the bathroom. We may have gone way overboard with the security messures but it's a way to stay safe. Let me know what you all think.

See you all next time.

# Dethroning The April Fool

It was that time again and the most feared day in the Knudson-Loud-Anderson Family: April 1st A.K.A. April Fools Day. This would normally be the day where Luan unleashes a series of deadly pranks that would land you in the hospital but because she defeated her Dark Side she brought her deadly pranks to a stop and has now been doing harmless pranks like whoopie cushions, squirting flowers, and classic gags. However Luan was still having terrible memories of all the April Fools Days that happened.

Luan was at the table with her family and friends having breakfast. I noticed that Luan was in deep thought and has not touched her waffles.

Me: Are you all right Luan? You seem lost in thought.

Luan: I just keep thinking about all the horrible stuff I did to all of you on April Fools Day.

Naruto: Luan that was not you remember? Even though she was created by you because of Abigail you are not to blame for it all.

Luan: That's true. But I still can't stop thinking about it all. I feel partly responsible for it all.

Eddy: Luan I know that Abigail did some horrible things to you and she's in prison for it but you can't let these things haunt you forever.

Luan: I know Eddy but I can't stop thinking about it.

Me: You're having problems with your inner demons. Maybe a fight in the Simulator will help you get rid of them.

Luan: That's a good idea.

Eddy: Yeah.

After breakfast we went into the Simulator and Luan, Eddy, Lori, Leni, Luna, Lynn, Lincoln, Lucy, Laney, Lana, Lola, Lisa and Lily were doing an exercise.

Me: Okay guys here we go. Coming online.

The Simulator Activated and they found themselves at an old abandoned amusement park. It was Pleasure Island.

Eddy: Whoa!

Luan: I know this place. It's the Pleasure Island Amusement Park.

Lola: From Disney's "Pinocchio"? I love that movie.

Lana: Me too.

Laney: I've read about this. This park has a terrible curse on it that turns boys having a fun time into donkeys.

Lucy: Gasp! That is incidious.

Lincoln: I'm not gonna turn into a donkey am I?

Lisa: Ah Poppycock! That is just a movie and it is not real.

Lily: I agree with you Lisa. Besides, me and Allie have watched Pinocchio and the Curse of Pleasure Island only affects boys and not girls.

Lincoln: Lets hope I don't change.

Luan: You won't Lincoln. Now lets find my dark side.

Leni: Okay.

Lori: When we find her I'm literally going to turn her into a human pretzel!

Lynn: Save seconds for me!

Luna: We will make her pay for this dudes!

They walked around the amusement park and saw that it was a complete mess.

Eddy: What a mess.

Lori: Looks like all the boys partied too much here.

Lincoln: And they became donkeys because of the curse.

Laney: I can't believe that the Coachmen and his lackeys were making all their money by transforming all the boys into donkeys to sell into slavery on the black market and other places with this amusement park as a trap.

Luna: Yeah. That is inhumane and he has no value for human life at all.

Lori: I agree. He's using the parks curse as his own weapon to get rich.

Lucy: This parks curse is powerful. It was placed here through some kind of dark magic. I can get rid of it for good with my magic. [Chants an incantation] Jesmorna Weqmeega Nyunorga Vestorma!

Lucy fired a blast of dark energy at the island and it stripped it of the curse. By the docks the magic destroyed the curse affecting all the boys and they turned back to humans again and were crying their eyes out.

Lori: Nice work Lucy.

Lucy: Thanks Lori.

Luan: Now we can fight on the island without worrying about the curse.

Eddy: Looks like it.

?: **Well well. Look who showed up.**

They saw Dark Luan waiting for them.

Eddy: Dark Luan. So we meet again.

Dark Luan: **Yes it's been a while Eddy. And Luan my light self. How have you been?**

Luan: I have been doing much better without you. But I still can't get over everything you made me do.

Dark Luan: **Good. Now I can terrorize you some more.**

Lori: I don't think so. I'm going to literally turn you into a human pretzel for those pranks you pulled!

Leni: Same here.

Laney: Lets spread our wings and let her have it!

Everyone but Leni did so and Lincoln and Laney went Super Angel 2.

Lincoln: Lets dance Dark Luan.

They went at Dark Luan and unleashed a relentless and ferocious assault of pranks and cartoon style shenanigans at her.

Laney picked Dark Luan up by her feet with a snare trap vine and hung her upside-down and Lori beat her belly with a wooden plank like Foghorn Leghorn does to Barnyard Dog.

---

Lincoln: That's gotta hurt. But lets see you try this.

Lincoln pulled out a Knight Helmet and put it on her head and pulled out a mallet and pounded it several times.

---

Dark Luan took the helmet off.

Dark Luan: Can someone answer the ringing in my head?

Luna: Present for you dude.

Luna handed Dark Luan a big firecracker and it exploded in her face after Luna ran.

KABOOOMMMM!

When the smoke cleared Dark Luan was a charred black husk.

Lynn: You smoke? Have one.

Lynn put a cigar in Dark Luan's mouth, lit it and it exploded.

KABOOOM!

Lola came back with a crate that had a wild cat in it.

Lola: Have fun with this friendly kitty.

Lola opened it and the wild cat went at Dark Luan and mauled her ferociously.

RRREEEEEEEEEEEEOOOOOOOOOOOOOOOWWWWWWWWWWWW

(FEROCIOUS SCREECHING AND GROWLING)

Dark Luan's clothes were shredded and she had lots of bleeding scratches and cuts.

Dark Luan: **Ow.**

A horn honked and Lynn came and she was driving a steamroller.

Lynn: How would you like some pancakes?

Lynn ran over Dark Luan and she was flat as a pancake.

Eddy: Ooh! That must've hurt.

Lori approached Dark Luan.

Lori: Here have a drink.

Lori had a bottle of hot sauce with her. But this wasn't just any hot sauce. This was my newest hottest hot sauce in the world: SUPERNOVA NETHERWORLD STOMACH OBLITERATOR

XXXXXXXXXX-TRA HOT. This sauce was made with Capsaicin Extract from the hottest peppers in the world and it even has hot ingredients in it that many chefs would call Plutonium. The label on the bottle was the Devil being completely obliterated in a supernova explosion in the shape of a chili pepper.

Lori made Dark Luan drink the lethal hot sauce and Dark Luan suddenly exploded into a massive blast of fire that went high into the sky.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMMM!

Dark Luan landed and she was screaming in pain and agony and she ran to the ocean and dove in and the water was boiling and the fish swam away from the area and Dark Luan came out and she was steaming and was exhausted and her tongue was completely burned off.

Dark Luan: **(Slurred) That really hurt.**

Laney walked up to her and wrapped her in a strait jacket.

Eddy: You're looking at spending a long time in the prison on the Moon.

Luan: Yep.

Eddy and the Loud Siblings: APRIL FOOLS!

The simulation ended and they came out and had Dark Luan captured. Dark Luan was locked in the Moon Supermax Prison for eternity.

Luan: Thanks guys. I feel much better now.

Me: That's great Luan.

Varie: Lets hope that Dark Luan will never terrorize the world again.

Aylene: Yep.

THE END.

I wanted to do an April Fools Day Chapter for a while. I saw the episode Fool Me Twice last month and the joke Luan did was not funny at all. It was downright cruel. So I figured this would be perfect for it. I saw all those silly cartoon violence shenanigans on Looney Tunes and got the ideas for beating Dark Luan with them from them. I took a break from Shinobi of The Cosmic Storm to write this. Let me know what you think.

Happy Easter and April Fools Day everyone.

See you next time.

# Horror from The Frozen Tundra

In another dimension set in 1982 a snowcat was leaving the burning ruins of Thule Station in the frozen wasteland of Antarctica. In it was a woman named Kate Lloyd who had been severely frightened by the nightmare of the terror of THE THING! As she was driving the snowcat the wind picked up and the snowcat was sucked in through a wormhole.

In our dimension we were getting ready for another day at school when the alarm went off.

Computer: ALERT! CODE DIMENSION JUMP IN PROGRESS!

Me: Where is it at this time?

A computer popped up and triangulated the position and it was over by Royal Woods Elementary School.

Me: It's by the Elementary School! How convenient.

We flew out over to the school and saw the snowcat fall out of the wormhole and it closed.

Me: That's an Antarctica Snowcat!

Lincoln: Lets get to it!

Laney: Yeah.

Me, Varie, Vince, Carol and Lincoln caught it and set it on the ground gently. Carol opened it and found Kate unconcious.

Carol: We have someone in here.

Carol checked her.

Carol: She's alive! We got to get her to a hospital!

Me: Right!

Carol takes her out and we rush over to the hospital.

2 hours later Kate woke up in a hospital room in a bed.

Me: Are you all right?

Kate: Yeah. Where am I?

Me: You're in Royal Woods Hospital in Michigan. We found you in a snowcat after landing it in front of the elementary school and brought you here unconcious.

Kate: Thank yo… (Paranoid) Wait a minute you all stay away from me!

Me: Just take it easy we mean you no harm.

Naruto: She's paranoid.

Me: What is your name?

Kate: Kate Lloyd.

I gasped when I heard her name.

Me: You were in Thule Station down in Antarctica?

Kate: How did you know that?

Me: We saw a movie based on what you went through.

I hand her a DVD case for the movie THE THING from 2011.

Kate: There's a movie based on what I've been through?

Me: Yeah. It's about a Shape-Shifting Alien Monster that imitates lifeforms perfectly.

Kate: That's exactly what I've been through. It was horrible.

Me: It's a nightmare no one ever wants to go through in 100,000 lifetimes.

Lola: So the movie The Thing is real?

Lincoln: It would appear so.

Lisa: That is a 100% scientific possibility because of the infinite possibilities in parallel universes.

Lilly: That's horrible.

Me: Kate tell us what happened.

Kate: Well I was called down to Antarctica to look at a specimen that the Norwegian Camp Thule Station found and it was estimated to be around 100,000 years old. We found it in a block of ice, carved it out and carried it back to Thule Station. We decided to take a tissue sample but I thought it was a bad idea.

Varie: And it broke out and began to wreak havoc on the camp.

Kate: Yes. We torched the creature as it was imitating Henrik and we brought it back to the lab for analysis. We saw that it was trying to absorb Henrik. I took a tissue sample and saw the creatures cells imitating him.

Me: The Thing's cells were latching on to the original cells and becoming them.

Kate: Yes. They were imitating him. Copying him perfectly.

Luna: A perfect imitation.

Lynn: Making it incredibly difficult to find out who is human.

Kate: Yes.

Me: That is horrifying.

Kate: Yes.

Me: Is this what you saw?

I use my powers and show the Thing Virus imitating process in action. The Thing Virus latched on to the red blood cell and it destroyed it and transformed into the exact cell.

Luna: That is a perfect imitation dude.

Me: And that one cell was enough to take over him completely.

Kate: Yes. That was amazing how you did that.

Me: Yes. I have many powers.

Vince: Most of us do.

Me: Yeah.

Kate: I believe it. What happened next was a nightmare. I found a huge puddle of blood in our shower and I found fillings from someones teeth. The Thing can copy cells but not inorganic material.

Me: That's an interesting find.

Lana: Weird.

Kate: Yes. It spits them out. You're all still human because you have earrings and jewelry on.

Me: That's right.

Kate: I feared that a helicopter was in danger and I tried to flag it down. But the Thing was on board and it crashed in the nearby mountains.

We all gasp.

Aylene: Oh man. Did anyone make it out?

Kate: Yes. But I'll tell you about that later. I tried to tell everyone that the Thing was still among them and that it could be any of them. If the Thing made it out of Antarctica millions of people would die.

Me: It wouldn't just be millions, it would be the end of the world. The entire human race would be wiped out by the Thing.

Kate: Yeah. Nobody believed that it was still among them. My friend Juliette believed me and we were gonna take the keys to the snowcats and prevent anyone from leaving. But I found out that Juliette was a Thing.

We gasp.

Brittney: Is this what she looked like?

Brittney used her magic and showed the Juliette-Thing.

Kate: Yes that's what I remember.

Carol: That is really horrific!

Sakura: I think I'm gonna be sick!

Lola: That still freaks me out!

Me: I was horrified when I saw that.

Varie: I can't believe that the Thing can turn you into a horrific and gruesome monstrosity.

Fu: I can't either.

Kate: Yes that's what I saw and it killed Karl and we burned her.

Me: The Thing doesn't like fire and it will destroy it's cellular structure.

Kate: That's right. We locked the whole camp down and nobody trusted anybody.

Me: Oh man. That's what the Thing is capable of. It causes dissension among everyone. Because it imitates lifeforms perfectly there's no way to tell who is human and who is not. It turns friends into enemies and causes total distrust among everyone because of fear and paranoia.

Kate: That's right.

Lincoln: That is awful. That's a nightmare worse than the darkest pits of the Netherworld.

Linka: No kidding.

Gabrielle: (British Accent) It's a horrific and terrifying sight and scenario.

Kate: Yes. We tried to conduct some kind of test to identify who's human and then we were gonna kill it that way. But the lab was sabotaged and on fire.

Me: How did that happen Kate?

Kate: I have no idea. We found out later that Edvard was a Thing.

Brittney: Is this what he became?

Brittney showed the Split-Face Thing.

Kate: That's him. He was a fusion of Adam Finch and Edvard.

Sasuke: That is so gruesome.

Allie: No lie.

Lucy: That is one wicked monstrosity.

Shannon: It's horrible.

Luan: It's ugly just by looking at it.

Leni: Totes.

Kate: That's right. Me and Carter torched him and in the process the whole camp was up in flames. We found the Thing as Sanders going out towards the Ship we found.

Me: That huge flying saucer?

Kate: That's right. We found it inside and it was hideous.

Brittney: This it?

Brittney showed what the Sanders-Thing looked like.

Kate: Yes. That's him.

Me: That's even more uglier than all the others put together.

Mary: That still scares me to this day.

Me: No kidding.

Kate: I destroyed him by throwing a thermite grenade into its mouth and it exploded. It damaged the ship in the process.

Me: It's good you destroyed him.

Kate: I also found out that Carter was a Thing. I was able to tell because he had an earring in his ear.

Carol: And you incinerated him.

Me: Kate you've been through a nightmare no one should ever have to go through.

Kate: Yes. I went into the Snowcat and set out to find another camp to live in until I could head back to the United States but I was sucked in through a strange vortex and wound up here.

Me: That was a Transdimensional Wormhole, Kate. It's a wormhole that bridges one dimension to another and you wound up in our dimension in the year 2017.

Kate: So I'm 35 years into the future?

Lisa: In a way yes.

Me: We never introduced ourselves. I'm J.D. Knudson.

Varie: I'm Varie Knudson, J.D.'s Fiance.

Vince: I'm Vince Pusateri.

Aylene: I'm Aylene Carter.

Allie: I'm Allie Knudson and these are my siblings Brittney (Brittney nods), Anna (Anna nods), Mary (Mary nods), Jessie (Jessie nods), Jared (Jared nods), Nicole (Nicole Nods), Natilee (Natilee nods) and Shanan Abigail (Shanan nods).

Heidi: I'm Heidi Knudson and this is my little twin brother and sister Nathaniel and Isabelle.

Lynn: I'm Lynn Loud Jr., I'm 13 years old and I'm the sports athlete.

Lincoln: I'm Lincoln Loud, I'm 11 years old and the only son.

Lana: I'm Lana Loud, I'm 6 years old and I'm the Handyman.

Lola: I'm Lola Loud, Me and Lana are twins and I'm the Beauty Pageant Queen.

Lisa: I'm Lisa Loud. I'm 4 years old and I'm the Scientist.

Jeri: I'm Jeri Katou.

Sasuke: And I'm Sasuke Uchiha.

Kate: It's a pleasure to meet you all. I'm sorry I acted so paranoid back there.

Me: It's all right. Fear and Paranoia can cause alot of strange things to happen.

Kate: Thank you all for helping me. But I have no where to go.

Me: I wouldn't say that Kate. We live in a huge mansion with a lot of room.

Kate: I would like that. I have a feeling that I'm gonna need a lot of rest after everything that happened down in Antarctica.

Me: I can tell. The Doctor said that you only had minor injuries but it was nothing serious.

Kate: That's good.

Kate was cleared to leave the hospital and she was shown to her room in the mansion and it was just like her home. Kate was gonna be forever haunted by the nightmare she went through. At dinner Kate was still in a state of fear.

Me: Kate it's gonna be all right. As long as we're here nothing is gonna happen to you. The Thing may have scarred you for life but it's all over now.

Kate: I know. But I'm still so scared.

Varie: It's all right Kate. We won't let anything happen to you. If it makes you feel any better can you tell us where Thule Station was in Antarctica?

Kate: I can do that.

Lisa brought a map of Antarctica and placed it on the table.

Kate: Geography was never my strongsuit. I'm actually a paleontologist.

Nicole: That's one of my fields too.

Brittney: Lets see. Thule Station was right here.

Brittney pointed to a spot on Antarctica and Lisa circled it with a red marker.

Kate: That looks about right.

Me: Near the Nansen Ice Shelf.

Lola: That would be way to cold for me.

Me: It would be too cold for anyone Lola. The temperature in Antarctica can plummet to -100 and to -150 degrees with -175 degree wind chill.

Kate: That's right. It's hard for anyone to live in such frigid conditions.

Me: Where was the ship you all found Kate?

Kate pointed to the line at 5 miles north of Thule Station.

Kate: Right around there.

Varie: That's very close. That's about 5 to 10 miles from the camp.

Aylene: It's horrible what you all went through Kate. I'm so sorry.

Kate: I know. I lost some good friends down there.

Me: It's not your fault Kate. If anyone is to blame it's the Thing.

Varie: That's right.

Vince: We will do our best to help you Kate. What happened to you should've never happened at all.

Kate was suddenly starting to feel better.

Kate: Thank you. All of you. Thank you.

Me: You're welcome Kate.

Kate was feeling right at home in the Knudson-Loud-Anderson estate.

THE END

Another Fanfiction Complete.

I wanted to do a chapter based on The Thing from 2011. The Thing from 2011 scared me just as bad as the original movie from 1982. It was really horrifying and it was bad. It was made by the same people that did Dawn of The Dead and it didn't do very well in the Box Office because alot of people saw it and were scared to death because of it. Both movies of The Thing gave me really bad nightmares for a long time and they were horrible. I know I've said this a million times but The Thing scared me to death and it was a horrifying sight. But let me know what you all think.

See you all next time.

# White Hare

In a another dimension very similar to ours, a rabbit named Warren is getting ready for school to impress the new girl. However in this dimension, Warren has 26 sisters as he is the only male rabbit in a family with 27 children. He was dressed as a hoodlum and was about to sneak out the door when his sisters stopped him.

Rabbit Sisters: [Off-Screen] Hold it!

Warren: Hey, mornin' ladies.

Beatrice: Why are you dressed like a hoodlum from the wrong side of the forest?

Bippa: (British Accent) Yeah, what's the sitch?

Warren: There is no sitch!

Danny: [on the walkie talkie] Warren, I 've come up with some topics for you to discuss with the new girl.

Danny is Clyde as a Beaver.

Rabbit Sisters: New Girl?!

Danny: [on the walkie talkie] Butter lettuce. Is it butter, or is it lettuce? Discuss!

Warren: Danny, I'll call you back. [turns off walkie talkie]

Betty: Tell us everything about her.

Warren: There's nothing to tell Betty. It's a just new girl at school.

Brenda: I hate her already.

Warren: You don't even know her, Brenda.

Bernice: Neither do you, that's why we're helping. Ohhh I love matchmaking!

Bella: What's the use? Life's just an endless stretch of misery. Occasionally brightened by despair.

Bohdi: I think your Chakras need some like realignment, Bella.

Bianca: [Paints a picture] Look guys, I captured the moment in oils, I call it "Portrait of a clueless boy being saved by his Sisters".

Warren: [Pushes his sisters back] Guys, I don't need your help!

[Warren gets a text from Bridget saying "YES YOU DO!"]

Warren: No I don't, Bridget!

Beatrice: Yes you do, by my calculations, the chances of you successfully courting said new girl without our help are an abysmal 26 to 1.

Warren: Yeah, I'm quite used to those odds.

Brooke: [in a state of panic] But what if your plan doesn't work!? What if you ruined your chance to make a good first impression?! What if you grow old and alone?! What if I grow old and alone?! What if the world ends tomorrow?! What if… [Interrupted by Warren]

Warren: Guys, I'm running out of time! Now if you excuse me, I'm leaving.

Bippa: Oh yeah, mate? And just 'ow do you plan on gettin' past the 26 of us?

Warren: Well I plan to… Run!

Betty: Get him!

Barbara: This calls for some chase music!

Bethany: [Checks her list] I didn't have this on my to-do list for the day, but what the heck?

Bernadette: Warren, you stop running this instant or I'm telling Mom!

Warren: Look! Shiny object!

Brandy: [confused] Oooo where? Huh?

[Betty tries to grab Warren, but missed]

Betty: Grab him, Beth!

Beth: Huh, what? [snoring]

[Bailey blows her whistle]'

Bailey: Ugh! Beth, get in the game!

Beth: Go… [Falls back to sleep on the couch]

[Warren heads for the door, when suddenly… ]

Beulah: Yee-haw! Rope them doggies!

[She twirls her lasso, catches Warren before he could escape and hogties him]

Bertha: Gotcha! [Starts to bench press him]

Warren: Put me down, Bertha!

[Bertha carries Warren back and drops him on the floor]

Bebe: What a hare-rasing development! [Laughs] Get it?

[The rabbit sisters groan]

Suddenly the wind picked up outside.

Warren: What's going on!?

A dimensional vortex appeared out of nowhere and sucked in the Loud Rabbits home along with Danny.

Betty: Hang on everyone!

They screamed as they were sucked in to the vortex.

---

In our dimension we were getting ready for another good day at school.

Me: Okay the bus will be here in 45 minutes so I'm making you all breakfast today.

Everyone: Thanks J.D.

The alarm rang.

Computer: ALERT! CODE DIMENSION JUMP IN PROGRESS!

Me: Uh oh!

A computer pops out and I triangulate the position.

Me: The position is right in our backyard.

Naruto: That's unusual.

We go out and saw the vortex right there in our backyard.

Me: Whoa!

Varie: It's right in our own backyard in our garden.

Vince: I wonder who or what is gonna come out.

Carol: We'll find out in a couple of seconds.

The Loud Rabbits house and Danny came out and landed in our garden and the vortex vanished.

Me: That looks like the Loud House before you all moved here.

Lori: It sure does.

Leni: Who lives there?

Me: Lets find out.

Laney: Okay.

Warren and his sisters and parents tumbled out.

Warren: Ow.

Me: It's a rabbit family.

Sakura: Oh wow.

Luan: They are so adorable.

Lisa: They appear to be a family of anthropomorphic Oryctolagus cuniculus.

Me: A family of Californian White Rabbits? Amazing.

Lana: What does "anthropomorphic" mean?

Sakura: It means that they are animals with Human Characteristics.

Clyde: That is so cool.

Lincoln: From the looks of it that rabbit in the black coat is the only son and those must be the girls.

Lincoln counted them.

Lincoln: 25… 26!? Holy moley that's a lot of sisters!

Lynn: No kidding.

Me: Lets go see if they're all right.

Aylene: Okay.

They walked over.

Me: Are you all alright?

Warren saw us.

Warren: Yeah we are. What happened? We saw the wind pick up and we were suddenly lifted up and the next thing we know we're here in a whole new world.

Varie: You've been sucked into a Transdimensional Vortex.

Me: We still have 40 minutes left before we go to school so lets get acquainted.

Naruto: That's fine.

They got to know eachother and as it turns out, some of the Loud Rabbits have things in common with the Loud Sisters. The Loud Sisters quickly became more than friends with the Loud Rabbits.

Joan: I believe it.

Carol: Who is my forest version of myself?

Beverly: Well Carol that would be my rival Catherine. She is a Deer and she beat me out of becoming homecoming queen in the Forest High School Ball.

Carol: Sounds like a gentler version of me before I was cured.

Beverly: What happened Carol?

Carol: I don't want to talk about it.

Lori: It was Beverly. Trust me.

Riley: You have one iron-clad stomach Laney.

Laney: Thanks Riley.

Bianca: Your hot stomach is an amazing gift Laney. [Quickly paints a picture of Laney triumphing in a hot food eating contest and her sisters are cheering wildly for her with fire blazing in the background] I call it A Victorious and Spicy Sister.

Lily, Isabelle, and Belinda were admiring the beauty of Lily's aquarium room.

Belinda: You have an amazing love for the ocean.

Lily: Thanks Belinda. I may be the youngest in my family but my love for the ocean is great.

Belinda: I believe it.

Isabelle: Lily is an amazing girl and her love for the ocean and protecting all the fish is an admirable feat.

Lily: Thanks Isabelle.

## LINCOLN

Me, Varie, Vince, Aylene, Lincoln, Warren, Clyde, Linka, Jared, Allenby, Heidi, Double D, Lilly, Clyde, Danny, and Bridget were in Lincoln's room reading comic books and playing video games.

Clyde: Danny you and I have a lot in common.

Danny: We sure do Clyde.

Clyde: We both have a crush on The Eldest Siblings of our best friends. I love Lori.

Danny: Yeah and I love Betty.

Me: You two sure do have a lot in common.

Linka: Bridget how come you communicate through your phone only?

Bridget sent a text to Linka's phone.

Linka: (Reading Bridget's text) "I am mute and texting is my source of communication." Oh man. Bridget that must be tough not to talk. (Bridget sends another text) "You get used to it." Well you have a great way of talking.

Bridget nods.

Edd: Some people are born mute and they have to find methods to communicate whether it be writting in a notebook or typing on a phone or computer.

Linka: That's true Double D.

Lincoln: Warren you share exactly what I like and we have so much in common.

Warren: I know Lincoln and you like everything that I do and you have an awesome fiancé to boot.

Lilly: Thank you Warren.

Me: So Warren what were you doing before you all got sucked into our dimension?

Warren: I was getting ready for school and dressing up like a greaser to impress a new girl at school and my sisters meddling made it worse.

Me: Whoa. I know that feeling.

Lincoln: Me too.

Linka: Same here.

Varie: That is so coincidental. Do me and J.D. have any forest animal counterparts?

Warren: Unfortunately no Varie.

Me: Wow. So out of all the dimensions and parallel universes we've been to Warren's dimension is one of the dimensions that we haven't lived in with counterparts.

Edd: Some dimensions across the fabric of time and space don't have counterpart versions of us.

Lilly: That's unusual.

Me: Yeah.

Jared: I know how that feels dad. You told me all about different dimensions and all that and it's amazing.

Allenby: I agree.

Heidi: Me too.

We all now have the Loud Rabbits in our dimension and they now go to Royal Woods Elementary School.

THE END.

---

Another Fanfiction complete. White Hare was an awesome episode.

Can you imagine living with 27 kids? That would be a nightmare. No offense to you all my friends. Let me tell you though. That was a crazy episode and the Loud Rabbits had a lot of things in common and it was cool. I wanted to do this episode earlier but I had no idea how to set it up. But I just got the idea for this out of the blue. Let me know what you all think.

See you all next time.

# Angel's VS Androids

Me, Naruto and Lincoln are in the Simulator doing an exercise.

Varie, Vince, Aylene, Brittney, Nicole, Natilee, Lori, Carol, Luna, Sam, The Loud Rabbits, Linka, Sakura, Fu, Hinata, Ino, Lilly, Lana, Lola, Penny and Lisa are in the control room.

The Simulator activated and we found ourselves in the world of Dragon Ball Z during the battle with the Androids.

We saw Dr. Gero as Android 20 go into a mountain.

Me: Dr. Gero went in there. [I point to the mountain] Lets go!

Naruto: Right.

We flew into the mountain and confront him.

Me: Dr. Gero I presume?

Dr. Gero: That's right. Who are you all?

Me: My name is J.D. Knudson.

Naruto: I'm Naruto Uzumaki Namikaze.

Lincoln: And I'm Lincoln Loud.

Me: We saw you head into your lab and figured that you were about to awake Androids 17 & 18.

Dr. Gero: That's correct.

Naruto: I heard that you want to kill Goku for destroying the Red Ribbon Army. Right?

Dr. Gero: Yes. Goku destroyed the entirety of my Red Ribbon Army and I want revenge on him for that.

Lincoln: Your army was gonna destroy the world and he couldn't allow that to happen.

Me: That's right.

Dr. Gero: Well then allow me to introduce you to my androids.

Dr. Gero awokened Android 18. She was a beautiful blonde hair girl with blue eyes.

Android 18 walked out of her capsule and saw Dr. Gero.

Android 18: Well hello Dr. Gero. Nice of you to show up.

Dr. Gero: Ah yes you're still functional.

Naruto: So you are Android 18. You sure are pretty.

Android 18: Why thank you. I do have beauty and looks.

Naruto: More than that. You have awesome power as well. I'm Naruto Uzumaki Namikaze.

Android 18: It's a pleasure to meet you.

Me: Same here. I'm J.D. Knudson.

Lincoln: And I'm Lincoln Loud.

Android 18: It's a pleasure to meet you all.

Dr. Gero opened another capsule and out came Android 17. A black hair boy.

Me: Android 17 I presume?

Android 17: Yes, that is correct. And you are?

Me: I'm J.D. Knudson.

Naruto: I'm Naruto Uzumaki Namikaze.

Lincoln: And I'm Lincoln Loud.

Me: We came here to kill Dr. Gero and make sure that he pays for everything he has done.

Dr. Gero: How dare you talk to me that way!? 17, 18, kill them!

Android 17: Quiet you old fool. We're not following your orders anymore.

Dr. Gero: What!?

The Z Fighters blasted in and it was Piccolo, Krillin, Vegeta, Trunks and Tien.

Me: Nice of all to arrive. We were just about to kill Dr. Gero for you.

Piccolo: We appreciate it you three.

Vegeta saw Androids 17 & 18.

Vegeta: So these are the big bad androids you warned us about. A black haired boy with a scarf around his neck and a beautiful young girl?

Trunks: Yes. These are them.

Vegeta: They don't look that strong to…

Me: Shut up Vegeta! You're overconfident and arrogant and that will be your undoing. As far as I can tell you are nothing but a bunch of talk and that shows that you are nothing but a coward.

Vegeta was infuriated.

Vegeta: WHAT WAS THAT!?

Me: You heard me. Or are you deaf from talking your mouth off all day?

Vegeta: (ENRAGED) SHUT UP!

Vegeta fired an energy blast at me and I deflected it back at him and it hit him in the face and sent him crashing into the mountains below.

Me: Maybe that will shut him up for a while.

Android 17: You are very strong for a human J.D. How did you get this way if I may ask?

Me: (Chuckles) It's a strange story. When I was a baby I was exposed to Cosmic Radiation from outer space and it mutated me and gave me incredible power. My powers are now Omnipotent.

Android 18: That's very interesting. Cosmic Radiation has some very unpredictable capabilities and it's power is infinitely strong.

Me: That's true. Me and my friends are no strangers to this and it forever changed the dimension we came from forever.

Android 17: I can believe it.

Dr. Gero: Enough of this. These people need to be destroyed and they are responsible for destroying Android 19.

Me: So you created the Energy Absorbing model I take it.

Android 17: I was just about to say that J.D.

Me: Great minds think alike despite us both being organic and inorganic.

Android 17: Yes.

Android 18: How very interesting. You succeeded in creating the Energy Absorbing model.

Dr. Gero: Yes.

Android 18: It's a shame it didn't work out in the way you had hoped.

Me: No it didn't 18. Vegeta blew him to scrap metal.

Naruto: Yeah. Also I can tell that Dr. Gero has plagued your lives for far too long.

Me: You want us to kill him for you?

Android 17: Be my guest.

Me: With pleasure.

I fire an energy blade at Dr. Gero and it slashed off his head and his body exploded.

KABOOM!

Dr. Gero's head was still talking.

Dr. Gero: You monsters won't get away with this.

I jump up and crushed his head and killed him.

Me: He sure didn't know how to shut up did he?

Android 17: I agree but thank you.

Me: No problem. He got what he deserved in the end. Also I want to see how strong you are 17. Lets fight on someplace far away from civilized areas.

Android 17: Of course.

Me: I know just the spot. Follow me.

I use Instant Transmission and beamed us to a remote island.

Me: Here we are.

Naruto: Android 18 you want to talk while the fireworks go on?

Android 18: Sure. I want to get to know you better Naruto.

Naruto: Okay.

Naruto and Lincoln sat down with Android 18.

I was facing Android 17.

Android 17: Being mutated by Cosmic Radiation must've been a very beneficial gift for you J.D.

Me: It's a huge gift for me and with Great Power comes a Great Responsibility. Now I'm going to be fighting at full power. So brace yourself.

I unleash the full extent of my strength and power and go Super Angel 3 and the sheer ferocity of my power was causing the entire planet to shake violently and the skies darkened with storm clouds and lightning was striking everywhere. Miles away from the fight The Z Fighters felt the full ferocity of my power.

Gohan was flying Bulma back to Capsule Corp.

Gohan: Oh my gosh! What in the world is generating that enormous power?

Bulma: I don't know. I can't sense things like you can Gohan.

Gohan: It's completely unreal! I hope they are on our side.

Bulma suddenly felt a pain in her back.

Bulma: Ow!

Gohan: Are you okay Bul… (Gasp) Bulma! You have wings now!

Bulma: What!? [Bulma saw the wings and they were aqua blue] I do have wings and I can sense this incredible power!

Gohan: Your wings are very beautiful Bulma. See if you can try them out. I'll teach you how to fly with them.

Bulma: Thank you Gohan.

Yamcha was with Goku watching over him as he was fighting the Heart Virus.

Yamcha: Oh man! What is that enormous power? It's mindboggling!

Master Roshi: I have never sensed anything like this before. Whoever has this power is unlike anyone we have ever faced before.

Suddenly Goku was feeling better and in a matter of seconds he was cured.

Yamcha: Goku? You're all right!

Goku: Yeah Yamcha. I'm all better now. I don't know how this happened but I feel great.

Chi Chi: Goku!

She hugs him.

Goku: Yes Chi Chi I'm all better now. (Gasp) Whoa! What an incredible power!

Yamcha: Yeah I sense it Goku. Whoever it is has a power level unlike anything we have ever faced before.

Goku: Yeah. It's good whatever it is.

Piccolo, Tien, Trunks and Krillin were flying.

Piccolo: Holy smokes! What in the world is emitting that enormous power!?

Tien: I don't know but it's amazing!

Trunks: It's coming from the stranger we saw with the Androids.

Krillin: It's unlike anything we have ever faced before.

When I was done Android 18 was shocked.

Android 18: Wow! What incredible power. How can J.D. have all that power despite being a human?

Naruto: It's what he was gifted in. J.D.'s powers made him a god among man and he destroyed some of the most fearsome criminals and supervillains in history.

Android 18: That's amazing.

Lincoln: It sure is 18.

Me: So 17. What do you think?

Android 17: Impressive. Your power has skyrocketed dramatically. But you still can't win.

Me: You're overconfident 17 and that will be your undoing.

Android 17: We shall see.

I dash with blinding speed and punch him in the face and kick him in the back and dealt him a spinning axe kick in the air to his stomach and grab his arm and threw him in a circle and he made a huge splash in the ocean.

KERSPLAAASHHHH!

He crashed into the land on the bottom.

I land on the island with my aura ablaze and my wings spread and 17 got back up onto land and he was all soaking wet and he had bleeding wounds.

Android 17: He beat me. How? How could he beat me? I must've miscalculated somewhere.

Me: That's easy. You've completely underestimated my power and it overwhelmed you.

Android 17: Then I won't make the same mistake again.

Me: I was hoping you won't.

Android 17 flicked his left earring and he came at me with incredible speed and I grab his punch and kick him in the face and we went at eachother in a savage and brutal fistfight and kicking fight. The thunderous shockwaves from the fight were extremely powerful and the entirety of the world was feeling the sheer power of the fight. The booms were so strong that they could be heard all the way from Kame House.

Oolong: My gosh. Sounds like we have an enormous fight out there.

Puar: No kidding. It's unbelievable.

Chiaotzu: Whoever has that enormous power is an incredible fighter and has great skill. He must be fighting the Androids.

Oolong: Wow! You think it's Goku?

Chiaotzu: No it's not Goku. It's someone else.

Puar: Incredible.

Back in the fight I was fairing well against Android 17 and he wasn't even in the least bit exhausted. We fought for 1 hour and we stopped. 17 was panting hard and I wasn't even in the least bit exhausted.

Me: I will say this 17 you are one skilled fighter and you are a worthy opponent. I commend you.

Android 17: Thank you. You have given me a great fight and you too are a worthy adversary. But I'm bringing this fight to an end.

Me: Wouldn't have it any other way.

?: I would.

They turned and they saw Cell in his imperfect form.

Me: Cell. How nice of you to save me the trouble of hunting you down to kill you.

I fire an energy blast and vaporized him in an instant.

Me: That didn't last very long. Now where were we? Oh yeah.

I punch Android 17 in the face and kick him in the back and send him crashing into a mountain and I fire a barrage of energy blasts at him. Suddenly Android 17 exploded out of the ground and he was enclosed in an energy field that was protecting him.

Me: Boy you are persistent I'll give you that.

Android 17: Yes. Now lets go with all we've got.

Me: With pleasure.

Android 17 charged up a powerful energy blast and I charge up a powerful energy blast too.

Me: Here it comes. ELECTRO ECLIPSE BOMB!

I fire a black energy blast with red lightning around it and Android 17 fired a Blue Energy Blast. My technique overpowered his attack and it hit Android 17 and exploded with incredible power and completely obliterated him in an instant.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMM!

The explosion was so incredibly powerful and so devastating that it could be seen from space and it blasted a huge crater in the ocean.

When the smoke cleared Android 18, Naruto and Lincoln saw that Android 17 was completely wiped out.

Naruto: Whoa! What power!

Lincoln: Unbelievable! But J.D. won!

Android 18: He sure did. I can't believe that he has that much power. As far as I know the brother that I knew died long ago. Thank you for reminding me that I was human before I became an Android Lincoln.

Lincoln: No problem 18.

Android 18: My real name is actually Lazuli.

Naruto: I like that name Lazuli.

I power down and land by them.

Goku, Gohan, Bulma, Chi Chi, Trunks, Tien, Yamcha, Piccolo, Krillin and Chiaotzu arrived.

Goku: Hey! Are you all alright?

Tien: We saw the explosion.

Me: We're all right guys. Android 17 has been obliterated by me.

Tien: So that was your power we felt?

Me: Yep.

Goku: Whoa! That's incredible! How do you have that much power?

Me: I was exposed to Cosmic Radiation when I was a baby and it gave me omnipotent power.

Trunks: That's what we heard. So Android 17 is gone?

Naruto: He sure is Trunks. He was completely powerless against J.D. here.

Piccolo: That's incredible. How can you generate that much power?

Me: I trained for a long time since I was 3. I'm 15 years old and I have enormous power. Sorry we never introduced ourselves. I'm J.D. Knudson.

Naruto: I'm Naruto Uzumaki Namikaze.

Lincoln: And I'm Lincoln Loud.

Me: Trunks I know what went down in your future and that was absolutely horrible. That was like living in a post-apocalyptic nightmare.

Trunks: Yes it was. Thank you for your concern J.D.

Me: You're welcome.

Naruto: Also Trunks, Android 18 is here with us and her real name is Lazuli.

Tien: The Lapis Lazuli twins are androids?

Me: That's right Tien.

Yamcha: Oh man. I've heard about the Lapis Lazuli Twins. They were the most notorious delinquent siblings that ever terrorized all of

North City. But they disappeared almost 2 and a half years ago.

Lincoln: Wow! Lazuli I had no idea you were that deadly and had a fierce reputation.

Lazuli: I know Lincoln. It was no pretty picnic.

Me: I believe it.

Gohan: That was amazing how you destroyed Android 17, J.D.

Me: I know Gohan. Not to brag but Android 17 was the most amazing and most formidable opponent that I have ever faced. He put up one amazing fight and gave me an intense workout at Super Angel 3.

Goku: Super Angel 3?

Me: Yeah. It's my ultimate transformation. It's far more powerful than Super Saiyan. Let me show you.

I go Super Angel 3 and they were shocked by my transformation.

Goku: Wow! This form is incredible!

Gohan: It's completely unreal!

Tien: How can he generate that much power?

Yamcha: I know. His transformation is mindboggling.

Piccolo: Incredible.

Krillin: It's amazing!

Chiaotzu: I can't believe he has that much power.

Trunks: This form is amazing. I had no idea that you had this kind of power J.D.

Me: Not bad for a human huh?

Goku: Lets see how it compares.

Goku and Trunks went Super Saiyan and their power was amazing.

Me: Wow. Both your power is incredible. But from my standards I would say that I am far more powerful.

Trunks: Yes. You are indeed far more powerful than all of us combined together.

Me: I was surprised too. Android 17 gave me quite a fight and in the end I was the one that came out on top.

Naruto: That's right. We watched the whole fight and J.D. put on quite a show.

Me: That's right. I was facing Android 17 in my full power and he gave me quite a challenge. By my standards I would say his power level was at 11,500,000 despite being inorganic and my power far surpassed his by a long way.

Goku: Wow! No wonder you are so strong. That's incredible.

Trunks: It sure is. You destroyed Android 17 like he was nothing.

Me: He was a worthy opponent and he tested the full extent of my Super Angel 3 abilities.

Goku and Trunks powered down and I powered down.

Me: I see that Bulma has wings now.

Bulma: Yes. I don't know how this happened but I think your energy might've given them to me and I feel strong because of it.

Me: Yeah. That's what happens when some people feel the full extent of my power. They gain an incredible power boost and get winged flight as a result. They get numerous powers too.

Bulma: I wonder what powers I'll get.

Naruto: I guess we'll find out later.

Lincoln: Yeah.

Me: But Dr. Gero is dead and Cell was destroyed too. Cell was a Biomechanical Android created by Dr. Gero.

Goku: So Dr. Gero created another Android.

Lazuli: Yeah. He was an ugly monstrosity.

Me: Cell was created from your cells and genetic information.

Goku: So he was made from our cells?

Me: Yeah. He was made from Goku, Vegeta, Tien, Piccolo, and even Frieza.

Yamcha: Frieza was put into him?

Me: Yeah. He was from the future and it was an incredible task for Dr. Gero to create him. He was created for not just killing Goku but also destroying the Earth and the Entire Universe.

They gasped in shocked.

Tien: Are you serious J.D.!?

Me: Yes I am Tien. Dr. Gero created Cell in 24 years from now and this was such an enormous task that not even Dr. Gero could complete in his lifetime. So he left the project in the hands of his supercomputer to finish. Cell's main goal was to advance into his perfect form and complete his evolution. To do this he needed to absorb Androids 17 & 18.

Lazuli was shocked.

Lazuli: So I was going to be absorbed by that monster you destroyed?

Me: Yes. Unfortunately in the time Cell came from Androids 17 & 18 were destroyed by Trunks and Cell was at a major disadvantage. So he found the answer by hijacking Trunks' Time Machine. But he was too big for it and he had to regress into his Larval State and he pushed a button and arrived here four years ago. The trip however left Cell drained and he burrowed underground and hibernated where he would wait for the next four years to emerge and replenish his energy.

Gohan: It's a good thing you killed Cell before he could absorb the Androids then J.D.

Me: Yes or it would spell major disaster for the Entire Universe in general.

Yamcha: Yes. It's a good thing you destroyed him when you did.

Piccolo: That's right. It's hard to imagine that Dr. Gero would create such a terrible monstrosity.

Naruto: No kidding.

Lincoln: I can't believe that Dr. Gero was so bent on wanting to kill Goku and now he set out on wanting to destroy the entire Universe.

Me: It's horrible. Lets go back to Dr. Gero's lab and see if we can find anything else on what Dr. Gero may have been up too.

Goku: Good idea.

I beam us all to the lab with Instant Transmission and we arrive in the lab.

Me: Okay lets spread out and search.

We did so and found lots of blueprints for future Android designs, new experiments in the development stages and more.

Me: Dr. Gero sure has been busy out here. These experiments are amazing. It's a shame he couldn't use all his projects for good and further benefit all of humanity.

Goku: Yeah. What a waste of talent.

Trunks: I agree Goku.

Yamcha: There's one thing that still puzzles me Goku. You were sick with the Heart Virus on our way to Master Roshi's and you suddenly got cured before we got there. How did that happen?

Me: I think that might've been because of my energy Yamcha. My energy has incredible healing capabilities that can cure any disease.

Goku: Really? That's incredible.

Naruto: It's true Goku. It's what gave me my powers and how I became an Angel myself.

Me: That's amazing isn't it?

Trunks: Your energy is incredibly powerful J.D. It's amazing how you killed both Cell and Android 17.

Me: I know Trunks but I don't like to brag. Lets continue our search.

We did and found a ladder that leads to another room. We go in and found another lab and it had a nourishment chamber and in it was a fetal Cell.

Me: So this is Cell in his fetal state.

Krillin: I can't believe that Dr. Gero created such an evil monster.

Lazuli: That was gonna come after me and 17.

Me: No kidding. It's a nightmare 24 years in the making and it has all of your cells inside it including that of Frieza's. That means he will be a much worse terror than that of Frieza.

Trunks: Yes. I killed Frieza when I arrived here and it's hard to imagine that Frieza is that bad.

Naruto: He was a tyrant bent on ruling the Universe with an iron fist.

Piccolo: Frieza was worse than that Naruto. He wanted the entire Universe all to himself.

Lincoln: I agree Piccolo. Lets hope that Frieza never returns or it's big time trouble.

Me: Yep.

Goku: Where's Vegeta?

Me: He went on about his arrogance and I told him to shut up and how his overconfidence and arrogance will kill him one day and he got mad and fired an energy blast at me and I deflected it back at him and sent him crashing into the ground.

Trunks: It's true Goku.

Bulma: Vegeta just won't let go of his arrogance and put it aside. He's like a completely spoiled little kid.

Me: I agree with you Bulma. He will never get stronger if all he does is wanting to surpass Goku. He doesn't understand that true power comes from protecting your loved ones and friends.

Tien: That's right. Surpassing Goku has always been my goal when I started as a martial artist. Thanks to Goku I wouldn't have come this far.

Yamcha: Me neither. I was a bandit all those years ago and I was changed because of Goku.

Goku scratched his head.

Goku: Guys you're embarrassing me.

Me: You've had an incredible impact on a lot of people Goku.

Naruto: It's true.

Lincoln: I think we've gathered enough from here.

Me: Lets blast this place to oblivion.

We fire energy blasts all over the place and destroy everything around us and everything went up in flames. We destroyed Cell and obliterated him completely. The whole lab started coming down and we got out.

Me: Time to finish this lab off for good. (Cups hands to the side) KAAAA! MEEEE! HAAAA! MEEEE! HAAAAA!

I fired a Kamehameha Wave at the Lab and completely destroyed it in a tremendous explosion.

KRABBBBOOOOOOOOOOOOOOOOOOMMMMMM!

When the smoke cleared all that was left of the lab was a smoldering crater.

Me: That takes care of that.

Goku: You know the Kamehameha J.D.?

Me: I sure do and I have many powers other than that.

Krillin: Wow!

Vegeta saw that the lab was gone when he got up. He flew up to us.

Vegeta: Kakarot! Where are the Androids?

Me: I destroyed Android 17 and Android 18 here renounced her mission to destroy Goku. Dr. Gero's spree of terror had been scienced forever.

Lincoln: That's right.

Vegeta: I can't believe this! Me, a Saiyan outclassed by a human!

Me: Vegeta listen to yourself. Do you really believe that you can beat Goku with power alone? Power alone is not enough. You need to have a drive in order to get that power. Protecting your friends and everyone you love is the strongest power. When you work together with people you know and love you will get stronger no matter what. When you rely on arrogance and overconfidence and hate you will be rendered weak and powerless. When you train for yourself it will only get you so little power. When you train in fighting for protecting everyone you love and care for then you will get stronger and stronger at a powerful rate and you'll be able to do incredible things.

Vegeta started to realize how wrong he was in getting power for his own selfish reasons and he now began to realize the error of his ways.

He and Goku looked at eachother.

Vegeta: (In his head) Kakarot you've always been like this ever since the day I first met you. Always ready to meet the next challenge even if it's bigger than you are.

A flashback plays to when Goku arrived and he met Vegeta and Nappa. Their first fight was an explosive and powerful one and Goku in the end came out on top. They clashed with an energy clash with a Kamehameha Wave VS the Galick Gun and Goku won that.

Vegeta: (Narrating) It was the same on Namek. You had improved so much that it made Recoome look like he was standing still. Your power had increased so dramatically since our battle on Earth that I thought you had done it. I thought that you had become a Super Saiyan. It tore me apart. How could a low class soldier accomplish so easily what I, I had struggled my whole life to achieve.

Goku elbowed Recoome in the stomach with devastating force and brought him to his knees with absolute ease.

Vegeta: After 3 millennia it has finally happened. A new Super Saiyan has emerged and somehow I had become this pompous witness. Then at last it happened. I too transformed.

Tien, Krillin, Gohan and Tien were shocked at seeing Vegeta become a Super Saiyan.

Vegeta: After living every moment of every day for the singular purpose of surpassing you I finally became a Super Saiyan myself. The Prince had reclaimed his throne and fulfilled his destiny.

Vegeta overpowered and blew apart Android 19 with incredible ease.

Vegeta: But no matter how strong I became your power still exceeded mine. At first I thought it was your loved ones. That it was your instinct to protect them that spurred you on and pushed you beyond your limits. But I started getting a family of my own and my power still didn't increase. I used to fight for the sheer pleasure of it.

For the thrill of the hunt. Oh I had the strength unmeasureable. I sparred no one.

Vegeta ruthlessly destroyed numerous Namekian's on Planet Namek and killed them all.

Vegeta: And yet you showed mercy to everyone. Even your fiercest enemies. Even me. Yet you never fought to kill or for revenge. Only to test your limits and to push yourself beyond them. To become the strongest you can possibly be.

Goku tried to spare Frieza on planet Namek and he even sparred Dr. Gero.

Vegeta: How can a Saiyan fight like that and at the same time be so gentle that he wouldn't hurt a fly? Oh it makes me angry just thinking about it. But perhaps it is my anger that has made me blind to the truth for so long. And it is indeed my anger and my hate that has made me weak and I will never improve if I keep being angry. I see it now. This day has made it all too clear. You're better than me Kakarot. You are the best.

Me: I'm glad you agree and are finally ready to go on the path towards true power and love Vegeta. Yes I heard everything you said in your mind and I know it's a tough path. You went through a tremendous burden with the destruction of Planet Vegeta and the annihilation of the Saiyan Race done by Frieza. But Goku fights for the challenge and the protection of his loved ones and he loves his family more than life itself. Goku is a true warrior. Sure Saiyans fight and it increases their strength and power but true power comes from protecting your friends and family and challenging yourself to go beyond the limit.

Naruto: That's right Vegeta.

Lincoln: Yep.

Vegeta: Yes. I realize that now and I've been a fool for so long. You are all right. I have been acting like a complete fool and letting my arrogance and selfish desires cloud my judgement and it made me weak. Kakarot you are the best and I forever respect you.

Goku: Thank you Vegeta.

They shook hands in respect and became friends.

Me: Come on guys. Lets go home.

I merge the Dragon Ball Z Universe Earth with Earth in our dimension and it was perfect for them.

THE END.

Another Fanfiction Complete.

I wanted to do a Dragon Ball Z theme chapter for a long time and I didn't know how to do it and set it up. So I figured setting it at the Androids Saga would be perfect. Let me know what you all think.

See you all next time.

# A Fridge too Far

*[A ringing sound is heard. Cut to inside the classroom where Lincoln is looking at the clock with his mouth drooling. From his point of view, he is hallucinating the clock as a mac 'n' cheese bite.]*

**Lincoln:** *[dreamily]* "Mmm! Mac 'n' cheese bites!"

**Liam:** *[whispers]* "Hey! Psst! Lincoln! What'd you get for Number 1?"

**Lincoln:** *[dreamily]* "Mac 'n' cheese!"

**Liam:** *[jotting down]* "Thanks, bro."

**Zach:** "Really? I thought the Native Americans gave the Pilgrims corn."

**Liam:** "If Lincoln says mac 'n' cheese, that's good enough for me."

**Lincoln:** *[worriedly]* "I can't focus at all today. *[to the viewers]* Last night, Dad made his famous mac 'n' cheese bites for dinner and in order to make all that cheesy goodness last, I saved three bites for after school. But, if I'm going to get through this day without losing my mind, I'm going to have to stop thinking about them."

Me: Boy you really like your dads Mac N Cheese bites huh buddy?

Lincoln: I love them J.D.

*[Intercom buzzing]*

**Cheryl:** *[over intercom]* "The following students please report to the principal's office: Mac and Chaz."

**Mrs. Johnson:** "Alright, everyone. Pencils down and let's go over the worksheet." *[holds out the answer sheet]* "Who has the answer to Number 1"

**Liam:** *[waves his hand excitedly]* "Oh, oh, me! It's mac 'n' cheese and if I'm wrong, you can flunk me." *[winks at a worried Lincoln.]*

Mrs. Johnson: If I may ask J.D. how come you're not at high school?

Me: Oh I'm sorry. A water main broke in the school and it's under repair so the school is closed for three days.

Mrs. Johnson: That's big repairs. Well as long as you don't upset anyone.

*[Back at the Loud House, Lynn Sr. is wearing a chef's hat and is holding a bowl of foie gras foam as he enters the kitchen.]*

**Lynn Sr.:** *[singing merrily]* "Today's the big day!" *[twirls and continues singing]* "Just to chill the Duck Liver Pâté." *[places the Pâté in the fridge and mixes the bowl whilst still singing.]* "I'll show him that I'm a star with my yummy take on caviar."

**Rita:** *[enters the kitchen]* "I love that confidence, honey. When is the investor getting here?"

**Lynn Sr.:** "In a few hours. Just think, if he likes my food, I can open my own restaurant. Here, try this Foie gras foam!" *[stuffs the ladle of foie gras foam into Rita's mouth. Rita gulps it down.]* "And here's the second course" *[opens an empty jar]*

**Rita:** *[sniffs it]* "Err, this is just air… in a jar."

**Lynn Sr.:** "Lemon air in a jar. Low-end but locale."

**Rita:** "Honey, no offense, but why are you making all this showy stuff? What's your famous 'Lyna-sagna'?"

**Lynn Sr.:** "Honey, this is Timothy McCole. This guy travels all over the world tasting exciting and exotic food." *[stammering]* "I can't just shove a hunk of noodles."

**Rita:** "Well, I like the hunk who made those noodles and I think anything he cooks is delicious." *[kisses Lynn Sr. and leaves.]*

**Lynn Sr.:** "Can you say that again when he's here?"

[Later Laney is into the kitchen happily whistling]

Laney: Next stop: the Fridge. Where I have leftovers of last nights dessert! [drools] Chocolate chip pudding! [Laney walks over to the fridge and opens it] WHA?! [She is shocked to notice that her pudding is gone] My pudding! There was pudding in here last night! I put it in there!

**Lincoln:** *[enters the kitchen in a zombie-like trance.]* "Mac 'n' cheese!"

Laney: Lincoln! Do you know about the… [Lincoln walks right past her, still in a trance]

Lincoln: Mac 'N' Cheese!

Laney: No, it can't be him. Hes gone Mac 'N' Cheese crazy.

Me: Lincoln loves Mr. Lynn's Mac 'N' Cheese bites.

Lincoln: *[opens the fridge and opens the container only to find two mac 'n' cheese bites left.] [upset]* "Two bites?! I saved three!" *[growls and glares at Laney]* Laney! Did you touch my bites?

Laney: It wasn't me Lincoln. I'm just as shocked as you are. I was going for my chocolate chip pudding and it completely vanished!

Me: We have an epidemic of Food Stealing here. [Lincoln marches to the Living room]

*[The sisters, Varie, Vince, Aylene, Eddy, Kate, Janeen, The Loud Rabbits, Lazuli, my children, Naruto and the Girls, Starfire, Raven, Terra, Argent, Kole, Joan, and Lilly are in the living room when Lincoln enters.]*

**Lincoln:** *[angrily]* "Alright, which of you vultures swiped one of my mac 'n' cheese bites?! If you guys wanted one so badly, you should save some of your own."

Varie: Not me Lincoln. I only like the Shrimp Creole Mr. Lynn made.

Jared: I only eat fruits and vegetables and drink only water.

Lincoln: That's an interesting diet Jared.

Mary: I may be a lover of sweets but I didn't touch your Mac 'N' Cheese bites.

Kate: I have a salad in there.

Jessie B: I have beef stew.

Lily: I have dad's peaches and cream.

Janeen: I have Gazpacho.

Naruto: I have my own fridge in my room.

Sakura: Same here.

Fu: Me too.

Starfire: I have a fridge in my room too.

Lilly: We all have different foods we like.

Warren: We only eat carrots.

The Loud Rabbit sisters nod.

**Lana:** "I'm not saying it was me." *[burps]* "But if I did take one, I only did it because Lola ate the rest of Dad's tater tot bake. I was saving that!"

**Lola:** "I'm not copping to eating the tater tot bake but if I did, it was because Luan ate the last slice of Dad's pie, which I was saving!"

**Luan:** "Actually, I didn't eat it."

**Lola:** "Oh, my bad!"

**Luan:** "I smashed it in Lynn's face."

*[Lynn nods, confirming it.]*

Eddy: (Laughing) That is really funny Luan.

**Lola:** *[growls angrily]*

Laney: Everyone, please. I know dad's left overs are delicious but we shouldn't take and take and take without other peoples permission. Can't we just learn to share?

Lucy: Try telling that to me when I had dad's Chocolate Pudding.

Laney: [Angrily] THAT WAS YOU!?

**Lincoln:** "Guys, how do you not see this as a problem? Our fridge is like the Wild West!"

Me: More like World War II actually. Or in this case Food War II! [Rimshot]

Luan: (Laughs) Good one J.D.

Me: Thank you Luan.

**Lori:** "Look, Lincoln, nobody likes having their leftovers swiped but we're a big family. You can't expect to protect every little bite of food that you want."

**Lincoln:** *[thoughtfully]* "Oh, can't I?"

**Lori:** "No, you can't!"

[Lincoln walks off and me and Laney follow him]

Laney: What are you planning?

Lincoln: I'm planning to protect my leftovers. If you ever want some pudding again you, you do it too.

Laney: On no! I know better than to get involved in ridiculous conflicts. Besides it always ends in disaster.

Lincoln: Suit yourself. [Lincoln Leaves]

Me: Or you can do what I do Laney.

Laney: What's that?

Me: Keep your leftovers in a mini-fridge in your room.

Laney: That's a great idea J.D. Thank you. Sorry if I was overreacting to this.

Me: It's all right Laney.

Laney: Yeah. I'm sure they won't take it too far.

Me: All we can do is hope.

---

*[Later, Luan is in the kitchen and looks inside the fridge when a label from Lincoln's face and name on his container.]*

**Luan's Thoughts:** " *Hmm, I really want one of those mac 'n' cheese bites but Lincoln is gonna have a conniption. So I'll leave them alone.* "

*[Luan puts the container back but the container is attached to a string, which opens a door on the bottom, causing a watermelon to fall onto Luan's foot.]*

**Luan:** "Owww!" *[clutches her foot in pain.]*

**Lincoln:** *[from the doorway]* "That'll teach her." *[smirks before leaving]*

Luan was crying and Varie took her to my room and Eddy followed.

In my room Varie was wrapping up her leg in a cast.

Varie: So Lincoln dropped a watermelon on your foot?

Luan: (Sniffles) It was a trap he set up for protecting his Mac 'n' Cheese bites.

Eddy: I'm sorry Luan.

Varie: You all love your dad's food alot don't you?

Eddy: They do Varie.

---

[Laney looks inside the fridge and sees a leftover piece of Lasagna]

Laney's thoughts: Dad's leftover Lynn-sagna! No, I can't. This is Lucy's Leftover. But it's so good! No! I must'nt get involved in this silly feud! [Laney Struggles to resist but takes the Lasagna] I'm sure she won't mind if I take a small bite… [A bowling ball then drops on Laney and hits her over the head]

BLANG!

I saw this.

Me: Ooh! That's gotta hurt!

Laney: Uhh… Has anyone seen my… Unicorn? [Passes out and I catch her and take her to my room.

Varie saw me come in with Laney.

Varie: What happened?

Me: A bowling ball dropped on Laney's head.

Luan: Geez! That's not a good Strike! [Rimshot and Laughs] Get it? But seriously that must've hurt.

Me, Varie and Eddy laugh.

Me: (Laughs) Good one Luan. But yeah. It happened to me once too. I got hit with a bowling ball right on my head and I had an ugly lump on my head that was the size of a coconut.

Eddy: Ouch!

Varie: No kidding. Let me look at her.

Laney woke up and she had a nasty headache.

Laney: OW! What hit me?

Me: A bowling ball hit you on the head.

Laney: Ohh! That hurt!

Eddy: I got hit in the head with 2 bowling balls and a bowling pin and got buried under a bunch of junk at one time.

Laney: Ouch. That must've hurt Eddy.

Eddy: it did.

Varie was wrapping Laney's head in bandages and put an ice bag on her head.

*[Later, Luna attempts to steal another leftover, but when she lifts the lid, a paint bomb explodes, covering the kitchen and Luna in blue paint. Lynn reaches for some pudding and gets mauled by a raccoon. Next, it's Lana's turn but the drumstick she grabs is hooked up to Vanzilla. As a result, she takes a bite and yells in pain as she is electrocuted. Lori reaches into the fridge but feels something biting her hand. She pulls it out to see a snapping turtle biting it and she runs out of the kitchen, screaming.]*

* * *

**Lincoln:** *[angrily]* "That's it! You guys really crossed the line this time!" *[camera zooms out to reveal that Lincoln has been hung upside down by a snare trap.]*

Me: I'll get you down Lincoln.

I walk up to him and untie the knot and get him down.

Lincoln: Thanks J.D.

**Luna:** *[still covered in blue paint]* "I'd say that line was crossed when this happened, brah!"

Me: Geez! Let me wash you off Luna.

I fire a blast of water and get all the paint off her.

Luna: Thanks dude.

Me: You're welcome.

**Lana:** *[still burned from her shock]* "Or this!"

Me: Ooh ouch! How did that happen Lana?

Lana: I got electrocuted because someone put a cable on Vanzilla.

Me: That's insane!

**Luan:** *[with her leg in a cast]* "Or this! Lincoln I'm sorry I tried to take your Mac 'n' Cheese bites."

Lincoln: It's okay Luan.

Laney: [With bandages wrapped around her head] Or this… ow.

Lori: [With a cast on her arm] Or this!

Me: You're lucky you didn't lose your arm because of that turtle Lori.

Lynn: [Is covered in cuts and scratches and her clothes are shreded] Or this!

Me: Geez Lynn! You need to go to the doctor and get Rabies Shots.

**Lily:** *[glowing green because of radiation]* "Or this!"

My geiger counter goes crazy.

Me: Geez Lily! You look like you've been exposed to a Nuclear Reactor!

Lily: I was.

*[Me, Lori, Luna, Luan, Lynn, Laney and Lana look at Lily in shock.]*

**Lincoln:** "This is crazy! We can't go on like this! I think I have an idea."

*[Later, we are gathered in the kitchen.]*

**Lincoln:** : "I think we can all agree: basic order needs to be restored so with an assist from Lisa, J.D. and Laney, I came up with a plan."

*[Lisa wheels in a blackboard, accidentally running over Luan's injured foot.]*

**Luan:** *[gasps in pain]*

**Lisa:** "Sorry!" *[lifts the cover off her blackboard.]* "Per Lincoln's request, I calculated and upgraded the refrigerator's cubic footage and divided it into 50 equally sized zones, creating the optimal conditions for what I'd like to call: Dairy Détente."

**Lincoln:** : *[opens the door]* "Everybody gets a zone. And the genius part is that no one can mistake theirs for someone else's because they're color-coded." *[presses a button on a remote and the compartments light up in everyones respective colors.]*

Laney: The colors were my idea.

**Sisters [minus Lisa, Laney and Me]:** *[in awe]* "Oooh!"

Varie: This is genius.

Laney: Now we don't have to worry about stealing eachothers leftovers.

**Lincoln:** "Exactly Laney. All we have to do now is divide up Dad's leftovers and put them in our zones."

Lilly: It's perfect for the both of us Lincoln.

*[We look at the pile of leftovers and began fighting over it. Later, the argument is settled and the siblings have claimed their leftovers.]*

**Lori:** "I call Dad's stuffed peppers!"

**Lynn:** "And I got dibs on his fried chicken!"

Laney: I got his Lynn-sagna!

**Leni:** "I get his mine strone."

**Lisa:** "Err, Leni, it's pronounced 'Minestrone'."

**Leni:** "I call it 'Mine Strone' because it's mine!"

*[Soon, the siblings are placing their leftovers in their zones.]*

**Lincoln:** "Nice job. Thanks for the assist."

**Lisa:** "You're welcome. For payment, I will happily accept your last mac 'n' cheese bite."

**Lincoln:** "Not a chance."

---

*[Later, Lynn Sr. returns from the grocery store, humming happily.]*

**Lynn Sr.:** *[singing]* "Wait 'till he tries my Uni-surprise. This organic beet juice will open his eyes." *[Lynn Sr. is so busy singing he fails to notice the different colored zones in the fridge.] [still singing]* "That investor guy will feel like a royal when he tastes my risotto with…" *[stops singing when he notices something is missing in his bag.]* "Dang it! I forget the truffle oil!" *[facepalms himself]* "Come on, Lynn. You're better than that! *[closes the fridge and walks out of the kitchen just as Me, Luan, Laney, and Lisa enter.]*

**Luan:** "Next stop: Yellow Zone! Can't wait to dig into Dad's mashed potatoes."

Laney: You can have the potatoes. My stop is the brown zone where I will sink my teeth into that leftover Lynn-sagna!

Me: I'm gonna get me a glass of water. But I want to see our work in action.

**Lisa:** "And my destination is the Green Zone, where I intend to feast on Father's savory meatloaf." *[licks her lip in anticipation]* "Num-num!"

**Luan:** *[rushes over to the fridge and goes into her zone.]* "Eww!

Gross!" *[reaches out the packet of uni Lynn Sr. put in there.]* "Someone put something in my zone called 'Uni'. Whatever that is."

Laney: What's that?

**Lisa:** "That would be a low-fat, high-protein, globular animal in the Echinoidea class. Street name: sea urchin."

Me: Uni? It's been a long time since I've had that. I had that back when I was over in Japan 7 years ago. It's really good. The FDA discovered that it has a powerful protein that helps strengthen the immune system.

Lisa: That is correct J.D.

**Luan:** That's cool J.D. You can have it. *[gives it to me and takes her leftovers]* It's probably one of Lori's health foods.

Laney: I don't know Luan. It's not like Lori to eat something like that in her diet.

Luan: Of course it is Laney. That's why it's gross.

Laney scratches her head and she shrugs and takes her leftovers.

**Lisa:** *[reaches in her zone and takes out the beet juice.]* "Lucy's homemade blood does not belong in my zone."

Laney: Uh I don't think that's Lucy's fake blood.

Lisa: Of course it is Laney. That reddish substance was fabricated to look just like blood. Ergo, that has to be Lucy's.

I pick up the bottle.

Me: Actually Lisa this is Beet Juice.

Lisa: Beet Juice. That's loaded with special nutrients and supplemental agents; street name: Antioxidents. [Walks off with her leftovers]

Me: I don't really like beets that much except in Russian Borscht that

I've had in Russia.

Laney: Beet Juice? It does kinda look like blood. Besides, if it's not Lucy's who else could it have been? [Notices something in the fridge] Huh?

Me: What is it Laney?

Laney: [Takes out an empty jar] What's an empty jar doing in the fridge? More importantly what's it doing in my zone?

Me: It's a bad habit of some people Laney. Like with putting empty peanut butter jars back in the fridge.

Laney: I believe it. [Opens the jar and sniffs it] Mm. Lemon. Not exactly sure who this belongs to. But I know one thing, we shouldn't leave empty jars in the fridge.

Me: I agree.

Laney: [Places it on the sink] I'll just leave this here for mom to wash up later. [Leaves with her leftovers]

Me: I'll put the Uni and the Beet Juice in my mini-fridge in my room.

---

*[Later Lori opens the fridge door and sees the caviar in her zone.]*

**Lori:** "Eww! What is this black goo?" *[takes the caviar out and sniffs it.]* "Eww, smells fishy! Must be Lana's bait!"

Varie is with her.

Varie: That's caviar.

Lori: Caviar?

Varie: Yeah. [Takes the jar] It's pickled fish eggs. It's one of the most expensive luxurious ingredients in the world. The most expensive jar of caviar is Iranian Beluga Sturgeon Caviar and that sells for $34,000.00 a jar.

Lori: That is literally expensive stuff. I think I saw Mr. Knudson eating it at one time.

Varie: It's true. The filthy rich eat it all the time. I better take this with me to see who it belongs to.

Lori: Good idea.

* * *

*[Later, Lola has found the duck liver pâté in her zone.]*

**Lola:** "Duck Liver Pate? Eww! Lisa! If you want to dissect animals, don't put their icky organs in my zone!"

Vince: Actually Lola, Duck Liver Pate is a luxurious food. It's the good liver.

Lola: I didn't know that Vince.

Vince: I'll take this and give it to J.D.

Lola: Okay. [Hands Vince the Duck Liver Pate]

* * *

*[Lynn Sr. returns from the grocery store after getting the truffle oil when he notices something.]*

**Timothy McCole:** *[on his phone]* "If they can't be on time, just cancel the appointment and move my 3.15 to 3.00, my 4.15 to 4.00 and my…" *[whispers down the phone]* "manicure to 5.00."

**Lynn Sr.:** "Oh, hi, there! Lynn Loud Sr., I am so glad to meet…"

**Timothy McCole:** *[shakes Lynn Sr.'s hand]* "Timothy McCole, but call me Tim because 'Timothy' takes more time to say and time is the one thing I don't have. Now, let's see what you've got for me."

**Lynn Sr.:** "Err, don't worry, Tim. You'll be eating before you know it." *[smiles nervously]*

Me: Tim McCole. I've heard alot about you.

Timothy McCole: J.D. Knudson it's a pleasure to meet another global traveller.

Me: Pleasure to make your acquaintance.

---

*[Inside the kitchen]*

**Lynn Sr.:** *[opens the fridge door but screams in horror upon seeing his ingredients gone.]*

**Timothy McCole:** "Is everything alright?"

**Lynn Sr.:** [stutters] "Of course! I always scream when I open the fridge door. See." [opens the door and screams three times.]

**Timothy McCole:** "Okay, I guess every chef has his own special style."

**Lynn Sr.:** "Err, could I interest in a aperitif? *[laughs nervously]*

**Timothy McCole:** "Well, I'd really rather…"

**Lynn Sr.:** *[hands Timothy a juice box]* "Good. Here's a new juice box. Good and sit down." *[shoves Timothy out of the kitchen]* "I'll call you once dinner's ready." *[runs back into the kitchen and begins searching franctically for his ingredients.]* "Where are all my ding-dang ingredients?!"

*[We notice the commotion from the doorway.]*

Me: Are you okay Mr. Lynn?

**Lincoln:** *[worried]* "Dad, are you okay? We heard a woman yelling."

**Lynn Sr.:** "No, I'm not okay! There's an investor in the living room waiting to try my food and all my ingredients are gone."

**Naruto:** What ingredients are you looking for?

Lynn Sr.: My Uni, Duck Liver Pate, Beet Juice and Caviar.

Laney: Wait a minute. You mean that uni was yours?

Lynn Sr.: Yes it was!

Laney: And the Beet Juice?

Lynn Sr.: That too!

Laney: Uh guys? Isn't there something you want to tell dad?

Lori: We gave them to J.D. so he can find out who they're for.

**Lynn Sr.:** "What?! Why would you do that?"

**Luan:** "We didn't know they were yours."

Me: I put them in my mini-fridge to keep them cool until we find out who they were for.

**Lincoln:** "See, we kinda divided the fridge into zones because we'd been stealing each other's leftovers."

**Lori:** "So, when we found your stuff in our zones, we assumed someone was violating the system."

**Lynn Sr.:** "You kids know I love your creative conflict resolutions but now I have nothing to serve my investor." *[overhears slurping]* *[panics]* "And he's almost done with his juice box!"

**Lincoln:** "We're sorry, Dad. We never meant for something like this to happen."

Laney: I'm sorry too. For throwing out your lemon-smelling jar. But to be fair, you weren't supposed to put empty jars in the fridge.

**Lynn Sr.:** *[sighs]* "Well, I guess my restaurant dreams are in the toilet. I'd better go tell 'No-Time Tim' his afternoon just opened up."

Laney: Oh dad. [Gives Lynn Sr. her left over Lasagna] Here, you can have my lasagna if that makes you feel better.

Lynn Sr.: That's very nice of you sweetie. But it's not like I can serve this to my investor.

**Lincoln:** *[suddenly has an idea]* "Dad, wait! What if you served him your leftovers?" *[opens the fridge]*

**Lori:** "Yeah! That's a great idea. You can take the stuffed pepper I've been saving."

**Lisa:** "And, err, I can part with your meatloaf."

**Leni:** *[reaches for the minestrone]* "And I'll give you this soup. Mine strone is now your strone."

**Lynn Sr.:** "Oh, that's a nice thought, guys, but Tim won't want any of that. He's used to eating the most amazing food in the world."

**Lucy:** "But, your leftovers are the most amazing food in the world."

**Luna:** "Truth, Pops-star! Look what we did to keep them to ourselves."

Laney: It's true. I got hit in the head with a bowling ball. Got a bit of a concussion. [Lucy nods]

Me: Your food is awesome Mr. Lynn. Tim will love it. I guarantee it.

Varie: Me too.

Vince: Same here.

**Lynn Sr.:** *[sniffs]* "Well, I guess it's worth a shot."

---

*[Soon, Timothy is eating Lynn Sr.'s leftover lasagna whilst Me, Lynn Sr. and everyone watch nervously.]*

**Timothy McCole:** "Well, Lynn, I'm gonna give it to you straight. This is one of…" *[happily]* "… the best meals I've ever eaten."

**Lynn Sr.:** *[ashamed]* "I knew it was a dumb idea! I should have never served it! I…" *[realizes]* "Wait, what?"

**Timothy McCole:** "I've been all over the world and every chef serves me the same thing: caviar, pâté, uni. It's boring and uninspired.

Me: That can get pretty monotonous can it?

Timothy McCole: I agree J.D. and do you know at the last place I ate, the chef served 'Air in a Jar'."

Laney: [Whisper] That's what that was? What kind of restaurant serves a jar full of air?

Lincoln: Shh.

**Lynn Sr.:** *[scoffs] [laughs nervously]* "What a bozo!"

Me: Boy that is weird and dull if you ask me.

**Timothy McCole:** "I agree. [To Lynn Sr.] But, your food is classic, comforting and delicious and when you travel as much as I do, there's nothing better than food that tastes like home." *[writes a cheque]* "Oh, I want to be in the Lynn Loud business!"

**Lynn Sr.:** *[happily takes the cheque]* "Wow! Thank you, Tim! I don't know what to say." *[offers a hug to Tim who declines it.]*

**Timothy McCole:** "I don't do hugs." *[gets ready to go. Timothy and Lynn Sr. shakes hands. Then Timothy's phone rings and he answer it.]* "You got Tim." *[leaves the house]*

Me: Congratulations Mr. Lynn.

Lynn Sr.: Thank you J.D.

**Lola:** "We do hugs." *[she and everyone else hug Lynn Sr. who returns the hug.]*

---

*[Later, the siblings are washing the dishes when Rita comes home.]*

**Rita:** "So, how did it go?"

**Lynn:** "Aww, Dad kicked butt!"

Me: Mr. Lynn is on his way to fulfilling his dream.

**Lynn Sr.:** *[proudly]* "Yeah, I'm one step closer to my dream of owning a restaurant."

**Rita:** *[happily]* "I'm so proud of you, Honey. I guess he liked your uni and your lemon air."

**Lynn Sr.:** "Actually, he liked my leftover 'Lynn-sagna' just like you said."

**Lana:** "And all his other leftovers too."

**Rita:** "That's wonderful. This calls for a celebration. Who wants some of Dad's chocolate cake?"

**Sisters:** *[in unison]* "Me!"

Mary: I would like some please.

**Lincoln:** "Wait! I didn't see any chocolate cake in the fridge."

**Rita:** "Well, that's because I stashed it under the couch." *[notices everyone looking at her with astonishment, and slightly embarrassed]* "What? I can't claim any leftovers?"

**Lynn:** "I'll go score us some." *[races into the living room]*

**Rita:** *[realizes something]* "Lynn, wait!"

*[Lynn yelps as another paint bomb explodes and she re-enters the room covered in blue paint and looking annoyed, much to everyone's shock.]*

Me: No worries everyone. I've taken the liberty of building a special space for Mr. Lynn and Ms. Rita's leftovers.

I pull out a remote control and press a button and the floor opens up and a 2nd fridge rises up and opens and it has Dark Blue Green compartments on one side and Light Salmon pink compartments on the other. In Mr. Lynn's side was his Uni, Beet Juice, Duck Liver Pate, Caviar and a bunch of his ingredients that he uses.

Me: This is your fridge. You now can have your own fridge without the worry of using the fridge for us.

Rita: It's amazing. Thank you J.D.

Me: You're welcome Ms. Rita.

THE END.

Another Fanfiction Complete.

I wanted to do this episode for a while. I was surprised when I found out that Liliana Mumy's father Bill Mumy was in this episode and he was the voice of Timothy McCole. Like Father, Like Daughter as I always say. Let me know what you all think.

See you all next time.

# Shinobi of the Cosmic Storm p1

Nicole and Lincoln were in the Simulator doing an exercise. The exercise was going to start at when Naruto was saving Sakura in the park from bullies. The exercise began and Nicole and Lincoln found themselves in the Leaf when Naruto was 7-years-old.

Nicole: All right we have to find Naruto and Sakura and we're going to train them in everything we know and more.

Lincoln: Okay Nicole.

?: Look at the size of that forehead.

?: It's huge.

Nicole and Lincoln found Sakura being bullied.

Nicole: Speak of the Devil and he shall come. We found Sakura. Lets go.

Lincoln: Right.

They go to the bullies and just as a bully was about to land a punch, Nicole grabbed his hand.

Nicole: Leave her alone you little pests.

Nicole threw him far and he crashed into the bath house of the hot springs.

Lincoln: You morons better run if you know what's good for you. Unless you want this day to be the last day of your lives.

Naruto appeared.

Naruto: Yeah what he said.

The bullies ran.

Sakura: Thank you guys. That was cool.

Naruto: Thank you.

Nicole: Are you all right?

Sakura: Yes I'm all right. Thank you.

Nicole: No problem. I'm Nicole Knudson.

Lincoln: I'm Lincoln Loud.

Naruto: And I'm Naruto Uzumaki.

Sakura: It's a pleasure to meet you all. I'm Sakura Haruno.

Nicole: Lets go to Naruto's apartment so we can talk to Naruto.

Sakura: Okay.

Nicole and Lincoln took Naruto and Sakura to his apartment and revealed everything about Naruto's heritage, Jinchuriki Status, reasons and more. Naruto was shocked. Sakura was horrified. Naruto accepted why his mom and dad did what they had to to do and that they loved him.

Naruto: Well at least my parents loved me and that they believed in me. I love them with all my heart. I understand that they did what they had to do for the village and more.

Sakura: Naruto you're a hero. I can't believe that these people are just that stupid and let their ignorance cloud their minds.

Nicole: Blame the Council for that Sakura and blame the elders too. It was because of them that Naruto was hated for this whole thing. If it's all right with the two of you we would like to take you two on a training trip out of the village for the next 5 years.

Naruto: I would like that Nicole.

Sakura: Me too.

Lincoln: That's great.

Nicole: Me and Lincoln are going to train you in everything we know and more. We leave tonight. So pack your things. Sakura tell your mom that you will be back and that you're gonna be with a special sensei.

Sakura: Okay.

Nicole: Naruto. I'm going to adopt you as my little brother. I want to raise you like a member of my family.

Naruto was overjoyed and he hugged Nicole.

Naruto: Thank you sis! Thank you!

Nicole: You're welcome little brother. Now we have to leave notes for all your friends and the Hokage and let them know that we'll be back.

Naruto: Okay.

Later they left the village at 9:00 PM and set out on their training trip. Over the course of 5 years, Nicole and Lincoln trained Naruto and Sakura in everything they know in all fields. Ninjutsu, Genjutsu, Taijutsu, Sword Jutsu, Sealing Jutsu, Space-Time Jutsu, Ki, Spirit Energy, and more. They've gotten stronger and stronger at an accelerated rate with each passing minute over the course of 5 years. During the Training, Naruto awokened a powerful Kekkei Genkai called Lifewing. This gave Naruto the ability to fly with wings made of pure leaves, control plants, trees, flowers, bushes, shrubs, lichens, mushrooms, vines, and more. It also gave him the ability to call any animal in the world as well as call birds, insects and more. He even has the power to control the weather. Sakura has a unique Kekkei Genkai called Aquawing. This gave her the power to fly with wings made of pure water, create water anywhere regardless of the conditions, call forth fish and even summon mermaids. She can even control water and use it as a powerful weapon. They had to do all their training on different planets because some of their powers were incredibly destructive and they couldn't afford the risk of causing damage on a devastating scale. When the 5 years were done, they were on their way back to the Leaf.

5 Years Later.

Kotetsu and Izumo were bored out of their minds watching over the gate into the village.

Kotetsu: This is so boring.

Izumo: I know. Nothing is ever gonna happen.

But then they saw Nicole, Lincoln, Naruto and Sakura approaching the gate and with them was a girl with mint green hair and she was dressed in aqua green clothes and another girl with pink and black clothes and she had marine fin webbed ears, and a fin-tipped fish tail. Naruto was dressed in a green sleeveless battle gi and he had dark green ANBU pants and black combat boots and on the back of his gi was the Kanji for "Death to The Uchiha" and he had a tattoo on his right arm that was the Kanji for "Nature is always Beautiful". Naruto also had a strong muscular physique and he had a sword on his left hip. Sakura was dressed in a sleeveless red battle kimono and she had red ANBU pants and black Combat boots and on the back of her battle kimono was the Kanji for "The Only Good Uchiha is a Dead Uchiha" and on her left arm was a tattoo that was the Kanji for "The Oceans Beauty".

Nicole: Home sweet home guys.

Lincoln: Yep. It's good to be back after 5 years.

Naruto: You said it Lincoln. I can't wait to start being a shinobi.

Sakura: Me too. How about you Fu?

Fu: I can't wait either Sakura. I have a feeling I'm gonna like it here much better than the Hidden Waterfall. How about you Juri?

Juri: I'm excited to be a shinobi for the Leaf.

Nicole: Lets report in to the Hokage and head to the Academy.

Naruto: Okay.

They go into the village and right off the bat the girls in the village instead of hatred all had hearts and stars in their eyes for Naruto and they were entranced by how far he had come. In the Hokage's office, Lord Hiruzen Sarutobi the 3rd Hokage was deep in the Kage's ultimate enemy, paperwork. There was a knock at the door.

Lord Third: Come in.

Nicole, Lincoln, Naruto, Sakura, Fu and Juri came in and Lord Third was shocked.

Naruto: Hey grandpa. We're back.

Lord Third: Naruto! Welcome back my boy.

They hugged.

Naruto: It's good to see you Grandpa.

Lord Third: I missed you my boy. You've sure grown the last time I saw you. I got your note and we were worried about you.

Naruto: I'm sorry Grandpa. Me and Sakura were on a training trip and it was a must needed improvement.

Lord Third: (Laughs) I can believe it. My gosh look at you two. You both look like seasoned veteran Shinobi. How far have you come?

Naruto: You wouldn't believe us even if we told you.

Nicole hands him a file and it had the skill stats of Naruto, Sakura and Fu.

Nicole: Here's their skill stats Lord Hokage. Sorry. I'm Nicole Knudson. Naruto's my adopted little brother.

Lincoln: I'm Lincoln Loud. Nicole's best friend and partner.

Fu: And I'm Fu. I didn't want to be in the Hidden Waterfall anymore so I went with Nicole, Lincoln, Naruto and Sakura.

Juri: And my name is Juri. I'm a sea creature demon.

Lord Third: It's a pleasure to meet you all.

Nicole: Fu how about you tell Lord Third about your uh… Condition?

Fu: Sure. You see Lord Hokage I am the 7-Tails Jinchuriki.

Lord Hokage gasped.

Naruto: Fu had a much worse life than me when she lived in the Hidden Waterfall and on our training trip we saw her treatment there and we got her out of there.

Sakura: Yeah it was horrible. We saw her being chased by an angry mob and we rescued her.

Fu: I never want to go back to the Waterfall again.

Lord Third: I'm so sorry to hear that Fu. But it's good that Nicole, Lincoln, Naruto and Sakura arrived when they did.

Nicole: Thank you sir.

Lord Hokage looked at the skill stats and he was flabbergasted. He was also very impressed with how far Naruto, Sakura and Fu had come. They were now Super Z-Rank Shinobi and literally outrank all the most powerful shinobi over the course of history combined together a trillion times over. Naruto has an IQ of 330 and he is now the strongest and smartest Shinobi ever. Sakura has an IQ of 325 and she's the smartest and strongest Kunoichi ever. Fu now has a powerful Kekkei Genkai called Blazewing. This gives her the ability to fly with butterfly wings made of pure fire and she has one of the most powerful Fire Style Natures ever known and it's so powerful that it's gotten to the point where she doesn't need to use Chakra and she can blast her enemies with fire from her hands. She can also summon butterflies with wings made of pure fire as well.

Lord Third: This is incredible. Absolutely incredible. Naruto, Sakura, Fu, I'm very impressed and very proud of you both for becoming incredibly powerful over the course of 5 years.

Naruto: Thanks Grandpa. But we don't want to skip through the ranks. We want to work our way up through the ranks with our age group and we want to start with the Academy.

Lord Third: That's fine. [Pulls out a slip of paper for them] These will get you into your class. You have Iruka Umino as your teacher.

Naruto: I missed Iruka-sensei. How has he been?

Lord Third: He missed you alot. Everyone in your age group was wondering how you both have been.

Nicole: It'll be good to see them again for Naruto. Lets go guys.

Naruto: Okay. Also Grandpa I know about my parents and I know why you kept them hidden from me. Thank you.

Lord Hokage gasped. But he was grateful that Naruto understood.

Lord Hokage smiled.

Later in the Academy they walked in as Iruka was getting everyone ready for the Genin Test.

Naruto: Hey guys. It's been a while.

Sakura: Hello everyone.

Iruka: Naruto? Sakura? Wha? You guys look like seasoned Veteran Shinobi.

Nicole: That was Lord Hokage's reaction too. Sorry I'm Nicole Knudson.

Lincoln: I'm Lincoln Loud.

Fu: I'm Fu. I recently transferred here.

Juri: And I'm Juri.

Iruka: It's a pleasure. I'm Iruka Umino. Naruto, Sakura it's great to see you both again. You guys have changed dramatically.

Sakura: So we have heard.

Kiba: Hey guys. It's been a while.

Naruto: Good to see you again Kiba. Shikamaru, you're looking good man.

Shikamaru: What a drag but it's good to have you back guys.

Sakura: Same here. Ino it's great to see you again.

Ino: Same here Sakura. You look amazing.

Sakura: Thank you Ino.

Iruka: All right take your seats guys.

They sat down and the test was on. The Written Test was first and Naruto found a genjutsu on his test and he released it.

Naruto: (In his head) This is an ANBU Registration Form. Someone is trying to sabotage my education and I know who it is. [Naruto scanned Mizuki's mind with his telepathy]

Mizuki: (In his Head) Once I get the Demon Brat to fail I will use his to steal the Forbidden Scroll of Sealing and I will give it to Lord Orochimaru and I will be invincible.

Naruto: (In his head) Not on my watch you wont. You traitor. (Telepathically to Nicole) Sis, Mizuki is trying to get me to fail so he can get me to get the Forbidden Scroll to sell to Orochimaru.

Nicole: (In her head) I know bro. I heard everything in your head with my telepathy. Good work. I'm going to let the Hokage know.

Nicole relayed a telepathic message to the Hokage and he saw everything on the Crystal Ball.

Lord Third: Mizuki is a traitor. ANBU!

The ANBU came into the Hokage's office.

Eagle: Yes Lord Hokage?

Lord Third: Arrest Mizuki for Treason and Military Sabotage. He was gonna sabotage Naruto's test and have him steal the Forbidden

Scroll so he can give it to my wayward student Orochimaru.

Eagle: Right away sir.

The ANBU vanished.

Lord Third: (Telepathically to Nicole) The ANBU are on their way Nicole. Thank you for telling me this.

Nicole: (Telepathically) Your Welcome Lord Hokage.

After the Written Test was done the ANBU appeared and slapped the cuffs on Mizuki.

Eagle: Mizuki you are under arrest for Treason and Military Sabotage.

Mizuki: I haven't done anything.

Eagle: Shut up! Take him away.

The ANBU did so and the test continued.

In the weapons test Nicole, Lincoln, Naruto, Sakura and Fu passed with flying colors. It was then time for the Taijutsu test. The Civilian shinobi fights were more like catfights.

Nicole: This is really pathetic.

Juri: Yeah it sure is.

Fu: This is more like a Shinobi Catfight.

Sakura: I agree.

Sakura was up next and she was facing Ino.

Ino: You'll never be as good as Sasuke.

Sakura: Sasuke can go join his clan in the Netherworld. Unlike you Ino-pig, I've been training hard to get where I'm at. I was on a training trip with Nicole for the past 5 years and she is an awesome teacher.

Sakura dashed and punched Ino in the face and sent her flying and she crashed into a bunch of fangirls.

Ino: (Stupidly) Mom you make awesome cookies.

Sakura: (Giggles) I think I knocked her stupid Iruka-sensei.

Iruka looked Ino over.

Iruka: (Laughs) You sure did. Sakura wins.

Everyone cheered.

Naruto: Way to go Sakura!

Sakura: Thanks Naruto.

Naruto and Sakura kissed and surprised everyone but Nicole, Lincoln, Fu and Juri.

Juri: Naruto and Sakura are now boyfriend and girlfriend Iruka-sensei.

Iruka: I can see that. Congratulations you two.

Naruto: Thanks Iruka-Sensei. But if I ever get enrolled into the CRA or Clan Restoration Act I will always be open and I would gladly share Sakura with anyone I like. But only if it's for true love and not a loveless marriage.

Iruka: That's a very noble decision Naruto. All right. Nicole Knudson and Sasuke Uchiha.

Nicole: This is gonna be good.

Nicole and Sasuke stepped into the ring.

Sasuke: You should give up now and quit being a shinobi. There's no place for people like you. Only I have that power because I'm an elite. We are the best of the best.

Nicole: Are you finished barking your mouth off or are we gonna fight?

Nicole then dashed and kicked Sasuke in the face and sent him crashing through the wall.

CRASH!

Nicole: That was a waste of my time.

Nicole walked away and Sasuke got up.

Sasuke: You wretch! (Flies through hand signs) FIRE STYLE: FIREBALL JUTSU!

Sasuke fired a Fireball at Nicole but she deflected it right back at Sasuke.

Iruka was shocked that Nicole did that and the fireball exploded when it hit the wall.

BOOM!

Sasuke was panting in exhaustion.

Nicole: That was pathetic.

Iruka: Use of Jutsu is not allowed. Sasuke is disqualified and Nicole wins by default.

Sasuke: I will kill you for this girl!

Sasuke pulled out a kunai and charged towards Nicole. Nicole then kicked Sasuke in the crotch.

DING!

Sasuke dropped like a sack of potatoes.

Nicole: You are pathetic.

Nicole walked away.

Naruto: Nice job sis.

Nicole: Thanks little bro.

Now it was time to demonstrate some of their jutsu.

Iruka: All right if any of you have any jutsu you would like to show raise your hand.

They did so.

Nicole: I have 10 techniques I would like to show you. But some of them are incredibly destructive and they can cause a lot of people to get hurt and destroy much of the village so we'd better go to a training ground away from the village.

Iruka: Ah. Good thinking Nicole. All right class lets go to Training Ground 16.

They went to Training Ground 16 and Nicole stood ready.

Nicole: Okay here's my 1st technique. You might want to brace yourselves.

Nicole stood ready and she held her hands in front of her and an energy ball appeared.

Nicole: "'BIG BANG KAMEHAMEHA! "

Nicole fired a powerful energy blast and the level of power coming from it was incredible. It hit the ground and exploded with incredible power.

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMM

When the smoke cleared part of the training ground was now a huge smoldering crater.

Shikamaru: Whoa! What power!

Choji: That was unbelievable!

Shino: The power from that blast was so intense that it's making my insects shake with fear.

Ino: That was incredible!

Ino has an ice bag on her head and she has a nasty bruise on her.

Iruka: What was that?

Nicole: That was one of my most powerful attacks. The Big Bang Kamehameha. It's a wave of Ki.

Iruka was flabbergasted.

Iruka: But that's impossible! No ninja alive can use the Physical Component of Chakra in it's entirety.

Nicole: Not until now. Ki is far more powerful and more destructive than Chakra and it possesses enough power to completely obliterate an entire planet in the blink of an eye.

Iruka: That is incredible. I can't believe that Ki packs that much power.

Choji: Me neither. It's unbelievable.

Hinata: The power it has is amazing.

Nicole: Yeah.

Lord Hokage appeared.

Lord Third: What's going on here? Are we under attack?

Nicole: No Lord Hokage. I was demonstrating my ability to use Ki.

Lord Hokage: Ah yes. Your skill files said that you, Lincoln, Naruto, Sakura, Fu and Juri can use Ki. That is really impressive.

Nicole: Thank you sir. I'm sorry for bringing cause for alarm.

Lord Third: That's alright Nicole.

Nicole: Here's my 2nd Technique. But I don't want to hurt any of our friends so I need a different volunteer.

Lord Third: I have just the person. I'll be right back.

Lord Hokage Body Flickered to the Leaf Prison and came back with a criminal.

Lord Third: This is one of our Death Row Criminals. He is Kyoga "Wildcat" Nakamori. He is on death row for killing 50 civilians in a ruthless killing spree over the course of 2 months.

Nicole: He's perfect Lord Hokage.

Kyoga spat at them and Naruto punched him in the face.

Lord Third: Nice shot Naruto.

Naruto: Thank you grandpa.

Lord Third tied Kyoga to a post.

Nicole: All right this is gonna be awesome.

She held out her right arm and a black dragon made of pure fire appeared around it and she was in the middle of a ring of pure black fire.

Nicole: Get ready Kyoga. You're going to be pulled into Oblivion. You're about to be sacrificed to the Dragon of The Darkness Flame!

Black fire appeared all over the Training Ground and the Murderous Intent coming from it was absolutely unbelievable. It was so strong that it was making some of the weaker minded kids puke their guts out.

Lord Third: The murderous intent I'm feeling is intense. What is that?

Naruto: You'll see Grandpa. Watch.

Nicole: Here it comes Kyoga. "'DRAGON OF THE DARKNESS FLAME!"'

Nicole fired a dragon made of pure black fire and the heat coming off of it was as powerful as the heat from a nuclear explosion. It hit Kyoga and it exploded into an enormous pillar of black fire.

Naruto: Whoa!

Ino: Unbelievable!

Shino: The murderous intent from that fire was intense.

Hinata: I'm really scared.

Iruka: What was that?

Nicole: That was the Dragon of The Darkness Flame. It's a Spirit Energy Technique. I call upon the black fires of the Netherworld and it unleashes a Dragon made entirely out of black fire. These flames are hotter than the Sun and anything that it hits will be incinerated in an instant. Look.

They saw that Kyoga was completely reduced to a pile of burning ashes.

Lord Third: That is incredible. I can't believe that a technique like that can destroy someone that quickly.

Juri: That technique still scares me even after the whole Dark Tournament from a while ago.

Naruto: I know Juri.

Nicole: Here's my 3rd Technique. First is Fire.

Nicole formed a huge ball of fire in the palm of her hand and it made her look like she was holding the Sun in the palm of her hand.

Ino: Whoa! Look at the size of that fireball!

Fu: It sure is huge.

Nicole: "'FIRE STYLE: FIRE HEAVEN!"'

Nicole threw the massive ball of fire and it exploded when it hit the forest and the forest was engulfed in flames.

Iruka: That is incredible!

Juri: It sure is.

Lord Third: That has to be the strongest Fire Style Jutsu I've ever seen.

Nicole: It's not my most powerful Fire Style Jutsu ever but it's right up there. Here's technique 4. Water.

Nicole formed a ball of water in her hands by forming it out of water vapor from the atmosphere.

Nicole: "'WATER STYLE NINJA ART: TORNADO HARPOON!"'

Nicole created a tornado of pure water that shot water blasts at the burning forest and extinguished the flames.

Iruka: That was amazing!

Nicole: The Tornado Harpoon Jutsu is both a firefighting technique and an Offensive Technique. What it does is it takes water from either the water vapor in the atmosphere or a source of water and it forms a tornado made of pure water and fires numerous smaller jets of water at the target source or an enemy and they can extinguish fire or skewer through multiple enemies at once.

Lord Third: That is very impressive. That has to be one of the strongest Water Style Jutsu I've ever seen.

Nicole: I actually made that technique. Now for technique 5. Choji I'm gonna need your help on this one.

Choji: Sure thing.

Nicole formed 10 bowling pins made entirely of rock and they had faces of all the most hated ninja in the world.

Nicole: Okay Choji. Form into a ball okay?

Choji: I think I see what you're gonna do Nicole.

Nicole grew to as big as the forest and Choji became a ball. Nicole picked him up.

Nicole and Choji: "'EARTH STYLE COLLABORATION JUTSU: BOWLING FUN!"'

Nicole rolled Choji and he hit the pins and knocked them all down.

CRASH!

Nicole: STTEEEEEERIKE!

Everyone cheered.

Nicole returned to her normal size.

Iruka: That was amazing. Collaboration Jutsu and not even shinobi.

Nicole: That's not really an offensive Jutsu. It's actually a sport jutsu for fun. I got the idea for it during our return trip home.

Lord Third: (Laughs) That sounds like a fun jutsu. But it's a great Collaboration Jutsu nonetheless.

Nicole: Thank you Lord Hokage. I have more Earth Style Jutsu other than that. [To Choji] You okay Choji?

Choji: Yeah I'm fine Nicole. That was fun. [Walks back to everyone else]

Nicole: Thank you. Now here's technique 6. Lightning.

Nicole formed a ball of lightning in her hands.

Nicole: LIGHTNING STYLE: METEOR SHOWER!

Nicole fired a bolt of Lightning into the sky and it rained down thousands of stars at a huge level onto the training ground and they all exploded with the power of 2 sticks of dynamite each.

KABOOM! BOOM! BOOM! BOOM! KABOOM! KABOOM!

When it stopped the whole training ground was scarred with lots of craters.

Iruka: That was amazing!

Lord Third: Incredible.

Nicole: That was called Lightning Style: Meteor Shower. I fire a ball of lightning up into the sky and it rains down meteors that pack the explosive power of 2 Paper Bombs each. Escape from a technique like this is completely impossible. It can hit many enemies all at once. But it doesn't hit my friends and allies.

Iruka: That is amazing!

Lord Third: That could very well be one of the most powerful Lightning Style Jutsus I have ever seen. Well done.

Nicole: Thank you Lord Hokage. Here's my 7th technique. Wind.

Nicole formed a suit of wind armor around her body.

Nicole:''' WIND STYLE NINJA ART: ARMOR OF KAZEJIN!'''

Ino: That is amazing. Look at that wind around her.

Lord Third: Incredible.

Nicole: This is my Armor of Kazejin. What it does is it forms a suit of armor made entirely out of Wind Style Chakra and it defends me against all attacks and it's extremely strong and resilient. It's like you're wearing a hurricane around your body and it also strengthens my Wind Style Jutsu 10-fold.

Iruka: That's incredible!

Lord Third: I agree. Those were very impressive.

Nicole: Thank you. Here's my 8th Technique. I'm going to do some Kekkei Genkai techniques. Here's my trademark technique that got me my moniker: Nicole Knudson of The Star Dragon.

Nicole formed a ball of stars and cosmic energy in her hands.

Nicole: '''STAR STYLE: STAR DRAGONS VENGEANCE!'''

A dragon made entirely out of Cosmic Energy and Stars flew out of

Nicole's hands and went towards the forest and destroyed part of the forest that was burned earlier. When it cleared up all the stumps from the burned trees were left.

Iruka: That was incredible!

Naruto: Star Style is a powerful Kekkei Genkai Iruka-sensei. What it does is it takes energy from the deepest reaches of the vast distances of the Universe and fires it as a powerful blast of energy. Nicole is the only one in her family that has this kind of power.

Juri: I saw it in action and it's awesome.

Lord Third: I agree. In all my years I have never even heard of or have seen the Star Style Kekkei Genkai. It is an amazing sight to behold.

Nicole: Thank you. Here's the 9th Technique. Lava.

The ground shook and a torrent of lava exploded out of the ground.

Nicole: "'LAVA STYLE NINJA ART: MAGMA ARMOR!"'

A suit of armor made entirely out of magma from the planets core formed around Nicole's body and it was intensely hot. It was making everyone sweat buckets.

Kiba: Whoa! That is wicked hot!

Shino: The temperature coming off of that is so hot that it's making me sweat alot.

Sakura: No kidding! Whew! I'm sweating buckets.

Choji: Boy you can get a major heat rash from that.

Iruka: That is insanely hot.

Fu: No lie.

Nicole: Sorry guys. This suit of armor has a temperature of 15,000 degrees fahrenheit and it can burn anything from 25 feet away.

What my Magma Armor does is it takes magma from the planets core and it forms a suit of armor around me and it enhances my strength and my Lava Style Jutsus 100-fold.

Iruka: That is incredible!

Lord Third: Yes that is amazing. Not even the best known Lava Style Users are capable of doing a feat like this.

Naruto: Actually there's one person that we know of that can. His name is Roshi of the Lava Style from the Hidden Rock and he's the 4-Tails Jinchuriki.

Lord Third: Yes I've heard of him. Roshi is considered a tremendous force to be reckoned with.

Fu: He also taught me some of his moves and techniques on our training trip.

Sakura: That's right. We saw Roshi in action and he is incredible.

Nicole's armor went away and cooled down.

Nicole: Here's my final technique. Wood.

Nicole placed her hands on the ground.

Nicole: "'WOOD STYLE: MEAT TREE SMORGASBORD!"'

A bunch of trees grew out of the ground and they were growing meat on them.

All: (Flabbergasted) MEAT TREES!?

Choji went to one and picked some meat out and ate it. He went into a state of excited euphoria.

Choji: THIS IS AWESOME BARBECUE!

Nicole: It's not an offensive jutsu but it's enough to provide food.

Lord Third: (Laughs) That's true. Spectacular performance Nicole.

Nicole: Thank you Lord Hokage.

Everyone cheered for Nicole.

Naruto: Great job sis.

Nicole: Thanks bro.

Lincoln went next.

Lincoln: I have 2 Techniques to demonstrate.

Iruka: Okay Lincoln.

Lincoln spread his orange wings and fired a bolt of lightning at a crater and it exploded.

KABOOM!

Lincoln: I have lightning powers and they are strong.

Iruka: That's amazing Lincoln.

Lincoln: Thanks sensei. Here's my second technique.

Lincoln stood ready.

Lincoln: LIGHTNING STYLE: TRI-LIGHTNING DRAGON JUTSU!

Lincoln fired 3 dragons made of pure lightning at a crater and they exploded with incredible power when they hit.

KRABOOOMMM!

Iruka: Lincoln that was incredible.

Lincoln: My lightning powers enable me to use all Lightning Style Jutsu without the need for Chakra.

Lord Third: That's incredible! I can believe it Lincoln. Well done.

Naruto went next.

Naruto: Okay I have 5 techniques for you all.

Iruka: Go for it Naruto.

Naruto spread his Leaf Angel Wings and everyone but Nicole, Lincoln, Sakura, Fu and Juri were shocked.

Iruka: Naruto you're an angel.

Naruto: An angel of Nature, Iruka-sensei. It's my Kekkei Genkai called Lifewing. I have many powers that go with it. Here's my first technique.

Naruto stood ready and formed a ball of leaves in his hands.

Naruto: "'LEAF STYLE NINJA ART: SHARP LEAF CYCLONE!"'

Naruto fired a tornado made entirely out of leaves at a training post and it shreded it into sawdust.

Iruka: That was deadly. Well done Naruto.

Naruto: Thanks Sensei. I can also fly with my wings. Hinata? Wanna join me?

Naruto held out his hand and Hinata took it and Naruto and Hinata were up in the air and Naruto did all kinds of aerial stunts and tricks and Hinata was whooping and cheering and more.

Naruto landed and Hinata was in a state of excitement.

Hinata: That was amazing Naruto.

Naruto: I'm glad you had fun Hinata.

Iruka: That looked like fun guys.

Hinata went back to the crowd.

Naruto: Here's another benefit of my Kekkei Genkai. I can make any kind of plant with a touch of the ground.

Naruto touched the ground and in a split second numerous flowers of different colors grew and a massive kaleidoscope of butterflies filled the training ground.

Ino: Whoa! Naruto that was incredible!

Naruto: Thank you Ino. Another one of my Kekkei Genkai's powers is I can call any animal and communicate with them.

Naruto roared like a bear and a bear appeared and he was talking to it.

Kiba: That is cool!

Shino: Agreed. Naruto has a wide variety of powers affiliated with his unique abilities.

Naruto: That's right. I also have the ability to control the weather.

Naruto shocked the whole group except Nicole, Lincoln, Sakura, Fu and Juri by forming Aurora Borealis visible in the daytime sky. Naruto then formed a massive thunderstorm in the distance and it was surging with lightning and it put on a tremendous display.

Shikamaru: That is amazing.

Nicole: Naruto's weather control powers are practically omnipotent. He can even form weather conditions from other planets.

Naruto: Yep. Watch.

Naruto changed the sky and the clouds were yellow and lightning was flashing everywhere and the thunder was like standing next to an explosion of dynamite.

Kiba: Wow! That is loud!

Lincoln: No kidding.

Naruto: These are the storm clouds of Saturn. They have much more powerful lightning than on Earth and the thunder is much more louder than ours.

The clouds disapated.

Hinata: Wow! That's amazing.

Lord Third: Incredible. I had no idea that there were different weather scenarios on different planets.

Nicole: It's been a very famous enigma for decades Lord Hokage.

Lord Third: I can believe it.

Naruto: Here's my 2nd technique.

Naruto held his hand out and formed a ball of Chakra in his hand.

Iruka: He knows the 4th Hokage's Jutsu?

Nicole: Yes and he completed it.

Naruto: This was one of the jutsus that made my father famous.

Iruka and the class minus Nicole, Lincoln, Sakura, Fu, Juri and Lord Hokage were shocked.

Naruto channeled Leaf Style chakra into it and it became emerald green and Leaves were swirling around it.

Naruto: "'LEAF STYLE: LEAF STORM RASENGAN!"'

Naruto threw it and it exploded with incredible power and it formed into a tree that was 400 feet high and 100 feet wide.

Nicole revealed Naruto's heritage and reasons. 10 minutes later it took everyone was floored.

Lord Third: It's all true everyone. The reason Naruto's heritage was hidden was because Minato had many enemies and if they found out that Minato had a son they would try and kill Naruto to get revenge.

Naruto: That's right.

Ino: I can't believe that we didn't notice that. The resemblence is completely uncanny.

Shikamaru: What a drag.

Shino: Lord Minato had an incredible reputation and destroyed much of the Rock's forces. So it should not be surprising.

Kiba: That's incredible.

Naruto demonstrated the rest of his techniques and everyone else did so too.

Later it was time for the Ninjutsu portion.

Nicole, Lincoln, Naruto, Sakura, Fu and Juri passed with flying colors.

They had one week until team placements.

Continues in Part 2

# Shinobi of the Cosmic Storm P2

One week passed and it was time for Team Placements. Nicole, Lincoln, Naruto, Sakura, Fu and Juri were in the classroom one last time. Iruka came in.

Iruka: All right. It's now time for team placements. But first lets announce the Rookie Shinobi and Kunoichi of the Year. We have a tie. This years Rookie Kunoichi are Hinata Hyuga and Sakura Haruno.

They cheered for them.

Naruto: Way to go girls!

Sakura: Thanks Naruto.

Iruka: I agree. Now it's time for the Rookie Shinobi of the Year.

Naruto: (Whispering) Hey guys. [Shino, Shikamaru, Choji, Kiba, Sakura, Hinata, Fu, Juri, Ino, Shino, Akiko, Nicole, Lincoln and Ami came to him] I don't know who's gonna get the award but I did get word of who isn't going to get it.

Nicole: (Whispering) I have a feeling I know who it is bro.

Nicole was referencing Sasuke.

Iruka: This years Rookie Shinobi is…

Sasuke got up and walked to Iruka to accept the award but Iruka dropped a bomb.

Iruka: Naruto Uzumaki Namikaze!

Everyone but Sasuke's fangirls cheered wildly for Naruto.

Sasuke: Excuse me?

Naruto: Thank you Iruka-sensei.

Sasuke was enraged.

Sasuke: You'd better have a good reason why that deadbeat loser is Rookie Shinobi of the Year and not me!

Iruka has had enough.

Iruka: You really think I would give such a prestigious award to a '''CHEATER!?'''

Everyone but Nicole, Lincoln, Naruto, Sakura, Fu and Juri gasped.

Kiba: So that's what Naruto was talking about earlier.

Iruka: If he hinted something earlier then yes. That's what he meant Kiba.

Sasuke was given the Dead Last status and dropped out of the Rookie Shinobi of The Year awards. Sasuke was enraged.

Sasuke: (In his head) I know you had something to do with this you wretched loser. You will pay dearly for this humiliation.

Naruto heard his thoughts.

Naruto: (In his head) Your clan bites whale noses Sasu-gay!

Iruka: Now for Team placements.

Teams 1 through 6 are not important.

Iruka: Team 7 will be Nicole Knudson, Lincoln Loud, Naruto Uzumaki Namikaze, Sakura Haruno, Fu, Juri, Ami Mitarashi, Akiko Suzuki and I'm afraid you won't like this, Sasuke Uchiha.

Nicole: Oh man!

Naruto: Why do we have to have that stupid arrogant jerk on our team!?

Iruka: I know you guys don't like him and he wants to make everyone miserable but you're gonna have to put up with it.

Nicole: Well we'll do it but we won't like it. But if he tries anything it won't be pretty.

Iruka: Team 8 will be Hinata Hyuga, Shino Aburame and Kiba Inuzuka. Team 9 under Might Guy is still in circulation. Team 10 is Ino Yamanaka, Shikamaru Nara and Choji Akimichi.

Later after lunch they were waiting for their sensei to arrive. 1 hour passed.

Nicole: Guess Lord Hokage stuck us with Kakashi Hatake.

Fu: Kakashi Hatake the Copy Ninja?

Ami: That's him. Sister Anko told me a lot about his achievements.

Naruto: He's also one of my fathers students and he's a veteran of the 3rd Great War.

Juri: He must be really powerful.

Nicole: He is Juri. He's also a former ANBU Captain.

Fu: From what I remember he has an extremely annoying habit of showing up late to everything by 2 to 3 hours except on direct orders from the Hokage.

Nicole: Yeah. Also I'm willing to bet that those Civilian Council Buttfaces ordered Kakashi to train our stupid Uchiha dirthead and ONLY him and leave us trailing through the mud.

Sasuke: Shut up you stupid losers!

Fu: Go back to brooding and loathing you Vomitface!

Naruto: Nice one Fu. And I have a feeling you're right sis.

Ami: Those dumb idiots! They have taken way too much power from the Hokage and they are constantly meddling in the ways of the Shinobi and driving us nuts.

Akiko: I agree with you Ami. Those fools are abusing their power for their own selfish purposes.

Nicole: I agree Akiko and we have to stop them. I plan on sending a message to the Daimyo about this later on.

Sakura: Yeah. My mom is on the Civilian Council and she is completely against the ideas that they have been doing the past few years. I found out after I got home that mom was protecting me.

Naruto: What do you mean Sakura?

Sakura: Mom told me about your rough treatment at the hands of the village. She was protecting me to make sure that I don't endure the same thing.

Naruto: I understand Sakura.

Nicole: Ami, Akiko, do you know about Naruto's problem?

Ami: Yes. Anko told me. I can't believe that these villagers are that stupid and will believe anything and hurt a brave and awesome guy like Naruto for something he had no control over.

Akiko: I actually figured it out. Shikamaru, Shino, Choji, Tenten, Neji, myself and Hinata figured it out by your rough treatment that we saw 6 years ago and put the pieces of the puzzle together quickly. We don't think of you as the 9-Tailed Fox and we never did. You're a hero and I believe that you can master its power.

Naruto: Thanks guys. That means a lot to me.

Lincoln: The Civilian Council is nothing but a bunch of Bias-Motivated Neanderthals.

Nicole: Well said buddy.

Kakashi appeared.

Kakashi: I'm very proud of you guys.

They saw him.

Naruto: Hey brother Dog. It's been a while.

Kakashi: That it has Naruto. It's great to see you again.

Juri: Why did you call him Dog, Naruto?

Naruto: That's his codename in the ANBU. Kakashi is one of the ANBU that was looking out for me before we left on our training trip.

Lincoln: He's a good brother for you Naruto.

Naruto: Thanks Lincoln.

Kakashi: That's right. Meet me on the roof in 5 minutes.

Nicole vanished in a ball of stars, Lincoln vanished in a ball of Lightning, Naruto vanished in a ball of leaves, Sakura as a ball of water, Fu as a ball of fire, Juri as a splash of water, Ami in the traditional Body Flicker and Akiko as a Nebula Cloud. Sasuke ran to the roof.

They appeared on the roof 5 seconds later.

Kakashi: Very impressive. You all arrived in 5 seconds. Good work.

Nicole: Thanks Kakashi-sensei.

Naruto: So what were you late for brother Kakashi?

Kakashi: Oh I got lost on the Road of Life.

Naruto: I know how that feels. That road has lots of twists and turns that make it very easy to get lost.

Kakashi: I know Naruto.

Nicole: So Kakashi-sensei were you ordered by the Civilian Council to focus on only Sasuke?

Kakashi: (Sighs) Yes I was Nicole. I was ordered to pass their precious "Lord" Sasuke no matter what and train only him and leave you guys trailing.

Nicole: So my suspicions were confirmed.

Lincoln: Why can't those imbeciles leave all the Shinobi alone?

Fu: They're just that stupid.

Naruto: Yep.

Sasuke got up on the roof 3 minutes later.

Kakashi: Nice of you to join us Sasuke.

Sasuke: Whatever.

Nicole: Some greeting.

Kakashi: Okay. Lets start by introducing ourselves. I want you all to tell me your likes, dislikes, hobbies and dreams for the future.

Nicole: I'll go first. My name is Nicole Knudson. I like Rocks, Minerals, Volcanoes, Mountains, Learning about the Earth, Astronomy, Stars, Planets, Comets, Galaxies, Nebulae, and everything in the Universe. I hate everything that's evil like murderers, traitors, thieves, rapists, corruption, oppression, tyranny, and everything evil in general. My hobbies are stargazing and digging for minerals. My dream is to become the leader of my own team of shinobi.

Kakashi: Interesting dream Nicole.

Lincoln: My name is Lincoln Loud. I like comic books, manga, video games, my fiance Lilly, cooking, sports, training, my family, my friends, flying and thunderstorms. My dislikes are the same as Nicole's. I also dislike stupid sibling rivalry protocols. I don't have any hobbies at the moment. My dream is to become strong so I can protect everyone.

Kakashi: Very interesting dream Lincoln. I have a feeling you can do it.

Naruto: My name is Naruto Uzumaki Namikaze. I like reading, writing, cooking, gardening, stargazing, animals, flying, Sakura, Fu, Hinata and all my future wives. I have the same dislikes as sis and I strongly hate SASUKE! I also hate bias-motivated idiots. My hobbies are playing my banjo and cloudwatching. My dream is to become Hokage in honor of my father, have an awesome family, bring the man that killed my mom and dad to justice and usher in a new era of peace, love, unity and friendship.

Kakashi was floored.

Naruto: Yes Kakashi-sensei. I know my father was your sensei. I met him in my subconscious when I was talking to my tenant. Nicole told me everything that happened on the night I was born. Dad confirmed it for me and I know everything that went down. A rogue Uchiha killed my mom and dad on the night I was born and he forced Natsumi to go on a rampage. Natsumi is the 9-Tails real name and she was forced to attack the village against her will. I will find that masked man and bring him to justice and make him pay for his crimes.

Sakura: And we will help him. My name is Sakura Haruno. I like my mom, Naruto, cooking, gardening, swimming, flying, and the beauty of the ocean. I have the same dislikes as Naruto and Nicole. My hobbies are cloudwatching and learning about Medical Jutsu. My dream is to have an awesome family with Naruto and become one of the most powerful kunoichi in the world.

Fu: My name is Fu. I'm a transfer from the Hidden Waterfall. I like Naruto, flying, insects, butterflies, fire and my tenant. I'm actually the 7-Tails Jinchuriki. I agree with Nicole and Naruto's dislikes. My hobbies are stargazing and learning about different butterflies. My dream is the same as Sakura's.

Juri: I'm Juri. I like swimming, cooking, gardening, writing and reading. I agree with Naruto's dislikes. My hobbies are having fun in the water and talking to fish. My dream is the same.

Ami: I'm Ami Mitarashi. I like my sister Anko, Naruto, torture, being sadistic, ripping my enemies apart, sword jutsu, dango, spicy food and ramen. I agree with Nicole's and Naruto's dislikes but I also dislike Orochimaru. He makes me sick! My hobbies are tea ceremonies and trying different dango. My dream is the same.

Akiko: My name is Akiko Suzuki the Maiden of The Nebula. I like Naruto, the stars and the beauty of the Universe. My dislikes are the same as Naruto's. My hobbies are stargazing and learning about the Universe. My dream is the same.

Kakashi: Wow! You guys have very powerful dreams and motivations. Now you Mr. Sunshine.

Sasuke: My name is Sasuke Uchiha. I hate everything and I despise every single thing on this wretched miserable planet. The only thing I like is power. What I have is not a dream because I will make it a reality. I'm going to restore my clan and destroy 3 people.

Nicole: (In her head) So he wants to kill me, Naruto and Itachi. We won't let that happen.

Naruto: (In his head) He's just pure evil. It's like we're in the very presence of the Devil himself.

Sakura: (In her head) Sasuke is the ultimate true personification of pure evil. He will get what's coming to him.

Fu: (In her head) I don't know what these fools in the village see in him but he will die when the time comes.

Ami: (In her head) What a monster.

Kakashi: (In his head) I have an interesting bunch. A star warrior, a Lightning angel, Sensei's son, An Aqua Master, A nature lover, Anko 2.0, A Celestial Maiden and Mr. Evil himself. I got my work cut out for me. I'm also gonna have to have a very serious talk with Lord Hokage when I'm done here. (Out loud) All right meet me at Training Ground 7 at 8:00 tomorrow morning for what I like to call the true Genin test. Oh and my advice don't eat breakfast or you'll throw up.

Nicole: We'll be there sensei.

Kakashi vanished.

Sasuke: Just don't get in my way or I will kill you all.

Sasuke left.

Naruto: What a monster.

Nicole: In all honesty I don't know what Itachi was thinking letting him live after he killed the Uchiha. He should've killed him along with the rest of the trash.

Fu: I agree. But we'll have to clean up his mess later on.

Lincoln: Yep.

Nicole: Well we have to eat breakfast. That wasn't an order and we'll need all the energy we can to face a shinobi of Kakashi's calibur.

Naruto: Right.

Later that night as Nicole and Naruto were looking at the stars, they heard something on the wind.

?: Naruto.

Naruto: Sis did you hear that?

Nicole: I sure did. It sounds like someone is calling us.

Naruto: Yeah.

?: Naruto.

Naruto: I think the wind wants us to follow it.

Nicole: Yeah.

Nicole and Naruto followed the wind and they arrived at an abandoned training ground.

Nicole: The wind is leading us to here.

Naruto: Lets find out what's going on.

They spread their wings and jumped the fence and flew over the training ground and the moonlight revealed a trap door under all the dirt and they opened it and out of it came a foul odor.

Nicole: Ugh! That is rank!

Naruto: It smells like blood, death, chemicals and snakes.

Nicole: I think we may have stumbled on to one of Orochimaru's laboratories here. Lets go in.

Naruto: Okay.

They went down and they went into a room at the end of a corridor and it was dark.

Nicole: Now where's a light switch?

Nicole felt around the walls and found it and flicked it and the lights came on. They saw laboratory equipment and lots of chemicals and log books.

Nicole: Look at all this stuff.

Naruto: This is definitely one of Orochimaru's labs all right.

Nicole: Dad told me all about what Orochimaru was doing and that he was the genius out of the Legendary Sannin. Until he went mad with power and will stop at nothing to destroy the Leaf and rule over the world with an iron fist.

Naruto: Yeah. Jiraiya-sensei said that Orochimaru was an amazing scientist when he worked in the Leaf.

Nicole: That's what I remember. Orochimaru should be using his scientific gifts for good and further benefit the Leaf. What a waste of talent and a life.

Naruto: Yeah. Lets search all these books and experiments and find out what hes been doing in here.

Nicole: Okay.

They searched the lab and found numerous inhumane experiments that Orochimaru was doing and is gonna do. Then they made a major discovery.

Nicole: (Gasp) Bro look at this. Orochimaru found Rin Nohara and healed her.

Naruto: Let me see.

Naruto looked at a log book and read the entry.

Naruto: (Reading)

"Entry 11342345.3:

Rin Nohara was stabbed through the chest by a powerful lightning jutsu the likes of which I have never seen. I placed her in a cryogenic state of suspended animation with a powerful Sealing Jutsu that would heal her and restore her. I also have spliced her genetic structure with Phoenix DNA and it gave her the ability to fly and it enhanced her Fire Style Nature to 10,000 times its normal perameters and the experiment was a success."

(Gasp) Rin Nohara is alive?

Nicole: It would appear so. I heard from a source that her body was never recovered and she disappeared after the war was ended.

Naruto: We have to find her.

Nicole concentrated and she found her energy signal.

Nicole: She's this way. [points to a door]

They went to the door and opened it and the room was really cold.

Nicole: It's cold in here.

Naruto: It's like a fridge in here.

Nicole found a light switch and flicked it and the lights came on and they saw a huge block of ice that was perfectly clear and saw Rin Nohara fully healed and in a cryo-sleep.

Naruto: It's Rin and she's alive.

They looked her over and saw that she was restored.

Nicole: Lets thaw her out.

Nicole looked for a button or a switch and she found a button and pushed it and the tank emptied and opened up and and Rin fell out and Naruto caught her.

Nicole: Naruto, form a Shadow Clone and get the Hokage.

Naruto: Right.

Naruto formed a Shadow Clone.

HOKAGE'S OFFICE.

Lord Third was doing some late paperwork.

Naruto's clone came in.

Naruto's Clone: Grandpa. We have an urgent development at the abandoned training ground.

Lord Third: What is it Naruto?

Naruto's Clone: I'm a Shadow Clone Grandpa but we found a laboratory that belongs to Orochimaru.

Lord Third Gasped.

Lord Third: ANBU! Follow me! [to Naruto's Clone] Lead us to it.

Naruto's Clone: Okay.

Naruto's Clone took them to the Abandoned Training Ground with the Flying Thunder God Jutsu.

LABORATORY.

Naruto's Clone appeared with the Hokage and the ANBU in an orange flash.

Nicole: We're glad you arrived Lord Hokage.

Lord Third: Yes. Well I'll be. It's one of my wayward students labs all right. (Sees Rin) And Rin is alive.

Naruto: Yeah. We found Rin frozen and Orochimaru experimented on her and here's what he did to her.

Naruto handed him the Log Book and he was shocked.

Lord Third: I can't believe that Orochimaru did all this and was doing all this in secret.

Nicole: I also found a diary that belongs to Orochimaru.

Nicole handed him said book and Lord Third was floored. Orochimaru was gonna return one day and destroy the entire Leaf Village completely.

Lord Third: You both did really good in finding this place. Well done. This will be considered an S-Rank mission for the both of you.

Nicole: Thank you Lord Hokage.

Rin started waking up.

Rin: Wha? What happened?

Naruto: Rin you're awake.

Rin: Minato-sensei?

Naruto: No. I'm his son Naruto.

Rin: You look so much like Minato-sensei.

Naruto: He was my father.

Nicole: We have a lot to explain.

Back in the Namikaze Estate Team 7 minus Sasuke explained to Rin everything thats happened over the course of 13 years and Rin was horrified and she broke down crying and Sakura was comforting her.

Rin: (Crying) Minato-sensei! Kushina! Why!?

Nicole: A Rogue Uchiha did it. We now have a huge mission: To find and destroy that Rogue Uchiha.

Ami: Yeah. We won't let him get away with everything he has done to our village.

Lincoln: That's right Rin. He will pay for everything he has done and we will see to it that he does.

Nicole: Yeah. Anybody that can kill someones family like that and destroy the village as collateral damage as well is PURE EVIL.

Naruto: Yeah.

Fu: We will find him and make him pay for everything he has done to our village.

Akiko: Yeah.

Lord Third: I agree with you all. We had no idea that a Rogue Uchiha was responsible for the 9-Tails Attack and his trail went cold. He could be anywhere in the world.

Naruto: Yeah. Natsumi said he had an orange spiral mask with one eyehole and the Sharingan but that was the best description she could give.

Lord Third: That's a good description Naruto. Can any of you draw a picture of the assailant?

Lincoln: I can try.

Lincoln drew a picture and it was exactly of the Masked Uchiha.

Lincoln: Here you go Lord Hokage.

Lincoln gave him the picture.

Lord Third: Thank you Lincoln. I will send this to my student Jiraiya and have his spy network keep an eye out for him.

Nicole: Great. But we don't know what he is capable of and we have to train for when we face him.

Lord Third: That's right. Also you all will be getting S-Rank Mission credit for finding one of Orochimaru's labs. After its been searched we will destroy it.

Sakura: That's great.

Juri: Yeah. That's one problem that we won't have to worry about anymore.

Rin calmed down and she was better.

Rin: Yeah that's good. But guys I'm afraid I have a terrible thing with me. I still have the 3-Tailed Turtle inside me.

They gasped.

Naruto: You're a Jinchuriki like me Rin?

Rin: Yes but I was made one against my will. I was captured almost 14 years ago by some Mist Shinobi during the end stages of the 3rd Great War. I was forcibly made into the 3-Tails Jinchuriki and when I entered the Leaf Village I would release the Tailed Beast into the village so the Mist would destroy the Leaf.

They gasp.

Naruto: Why would the Mist do that to you?

Nicole: A Shock and Awe attack. They wanted to use overwhelming force to cripple our village and destroy our fighting spirit completely.

Lord Third: I am very familiar with that Military Rule. The question is why they wanted to do it.

Rin: I don't know myself. I told Kakashi about it and he tried to fight the Mist Ninjas and I had no other option but to die. I jumped in front of Kakashi's Chidori and he could've killed me.

Nicole: And we found you 13 and a half years later in Cryogenic Suspension in one of Orochimaru's labs.

Rin: Yes.

Naruto: Maybe me and Natsumi can talk to the 3-Tailed Turtle. I have a mark on the back of my left hand that lets Natsumi talk to me and anyone.

Sakura: That's really cool!

Lord Third: Minato always did have a knack for defying the impossible and this is a genius method for Jinchuriki to communicate with their tennants.

Fu: So that's why you have that Seal on your hand Naruto?

Naruto: Yep. Natsumi we have a problem here.

Natsumi: I heard Naruto. This is a big problem and we can ask Isobu to work with Rin.

Naruto: Okay.

Natsumi: Rin, it's great to hear your voice again. Kushina and I were very close all those years ago.

Rin: It's great to hear your voice too Natsumi. Kushina and you were like sisters.

Natsumi: I know. Me and Naruto are gonna go into your mind and see if we can talk to Isobu.

Rin: Okay.

Naruto placed his hand on Rin's head and he and Natsumi went into her mind. Her mindscape was an oceanic landscape. They swam and found Rin with Isobu the 3-Tailed Turtle.

Natsumi: Isobu.

Isobu: Natsumi it's great to see you again.

Natsumi: Same here. Rin had you forcibly sealed into her against her will and she was made into a Trojan Horse so to speak.

Isobu: Yes. I know. It wasn't the Mist Shinobi that did it. It was Madara Uchiha.

Naruto, Rin and Natsumi gasped.

Naruto: Madara Uchiha!? But that's impossible! He died during his fight with the 1st Hokage.

Isobu: No he didn't die. He survived somehow and he was the one that sealed me into Rin. He had those Mist Ninjas under his control and it was all because of him that I was sealed into Rin.

Natsumi: Madara! I can't believe this. He's a monster.

Naruto: Yeah. Madara is worse than the Devil himself. He's pure evil incarnate. The Ultimate Personification of Pure Evil in it's entirety.

Rin: Madara, I can't believe you turned me into a Jinchuriki.

Naruto: But Madara should be long dead by now. It's been 50 years since that day. How could he still be alive after all these years?

Natsumi: He's always been very crafty Naruto. No it wasn't Madara that was controling me when I was forced to attack the Leaf. It was someone that was impersonating him.

Naruto: So we have a fake Madara running amok and causing chaos and destruction to the world.

Natsumi: So it would seem. Isobu you need to work together with Rin.

Isobu: Yes I know. If this fake Madara is out there then we need all the help we can get to stop him. I will gladly help Rin.

Natsumi: Thank you brother.

Isobu: No problem sister.

Rin: Naruto thank you.

Naruto: I'm glad we could help you Rin.

They left Rin's Mindscape.

Naruto: It was a success. But I'm afraid we have even more troubling news. The Mist didn't seal Isobu into Rin. It was Madara Uchiha.

Everyone but Naruto gasped.

Nicole: Madara did this?

Sakura: But that's impossible!

Fu: I've heard about Madara. He's one of the Founding Fathers of the Leaf and he is Pure Evil.

Lord Third: Madara was a force to be reckoned with 60 years ago. He and my sensei Hashirama Senju the 1st Hokage founded the Hidden Leaf Village and when Madara Uchiha was not made the 1st Hokage he tried to rally up the Uchiha to take the village by force. But the Uchiha refused this and Madara was made a loner. He abandoned the Leaf and Hashirama-sensei and Madara fought with everything they had at the Final Valley and Hashirama won. We all thought that Madara died and now news about him being alive has made this a situation of cataclysmic proportions.

Nicole: My father told me alot about Madara. He was a very powerful shinobi and he possessed enormous fighting prowess. His Fire Style Jutsu is incredibly powerful and he was said to be completely impervious to all jutsu. He is said to be immortal like me.

Rin: It's just hard to imagine that one of our villages founding fathers was responsible for turning me into a Jinchuriki and almost got me killed.

Fu: He's dead now isn't he?

Naruto: Yes he's dead now and lets hope he stays dead.

Nicole: I also read in Orochimaru's notes that he can use the Reanimation Jutsu.

Lord Third: I can't believe he now has that jutsu in his arsenal.

Tobirama-sensei created the Reanimation Jutsu and now it's hard to imagine that Orochimaru is in possession of that technique. If he resurrects Madara then we're in serious trouble.

Sakura: I don't think he would be that desperate if he was planning an invasion. We don't even know how Orochimaru is gonna invade the village in the future. But we will be ready for him.

Rin: Yeah!

Juri: We will make Orochimaru pay for everything hes done.

Akiko: Yeah.

Lord Third: I'm proud of all of you. Your test is tomorrow morning and good luck to all of you.

Nicole: Thanks Lord Hokage.

Lord Third: You're welcome. Rin would you like to be reinstated into the Shinobi Program?

Rin: I would like that Lord Hokage.

Lord Third: That's good. Unfortunately since everyone thinks you're dead you have to start over as a genin.

Rin: I understand.

Lord Third: Okay. You are on Team 7 with with Nicole, Lincoln, Naruto, Sakura, Fu, Juri, Ami, Akiko and Sasuke.

Rin: Okay.

The next morning they arrived at Training Ground 7 at 8:00 AM as instructed after eating a hearty breakfast. Sasuke didn't eat breakfast because he took it as an order. They waited patiently. At 10:00 AM Kakashi arrived.

Kakashi: Hey guys. Sorry I'm late. A black cat crossed my path and I had to take the long way around.

Nicole: (Giggles) I didn't think you were the superstitious kind Kakashi-sensei.

Rin: Kakashi?

Kakashi saw Rin and gasped.

Kakashi: R… Rin? Is that really you?

Rin: It is me Kakashi.

Rin hugged him and was reunited with him for the first time in nearly 14 years.

Kakashi: But how? I thought I killed you.

Naruto: Orochimaru found her and healed her by freezing her in ice lined with a Sealing Jutsu. Grandpa can explain what happened.

Kakashi: That doesn't matter. What's important is that Rin is back.

Rin: I'm glad to be home Kakashi.

Nicole: She has to start over as a Genin because well you know.

Kakashi: I understand. Now lets do our test.

Nicole: Okay.

Kakashi: Now you have until noon [pulls out 8 bells from his pocket] to get these bells from me. Come at me with the intent to kill.

Nicole: No problem.

Kakashi: The test begins when I say go. Ready… Set… Go!

They hid in the trees and Naruto decided to face him.

As the Test began a miracle happened in the Leaf Hospital. A woman with long red hair woke up in a hospital bed.

?: What? (Gasp) Naruto! I have to find him.

She got up out of the bed and started walking to the Training Ground.

Kakashi: You know that you're supposed to hide right?

Naruto: I know brother. But you heard how I've progressed right?

Kakashi: I sure did Naruto. You all caused alot of damage to Training Ground 16.

Naruto: I know. Let me show you.

Naruto spread his wings and unsheathed his sword. The sword was his mothers sword Dragonstorm. It had a blue katana blade with a red dragon on the blade and it had a gold dragon hilt with green jewels and the Uzumaki Crest was made of Rubies and Sapphire.

Kakashi: That's your mothers sword Dragonstorm.

Naruto: That's right. It was my moms weapon and the Uzumaki Clan is known for being the deadliest sword jutsu users in the world.

Kakashi: That's right.

Naruto: Just a forewarning Kakashi-sensei I won't be holding back.

Kakashi: In that case. [Lifts his headband up to reveal that he had a Sharingan in his left eye] Neither with I.

Naruto: So you have a transplanted Sharingan Eye.

Kakashi: That's right Naruto.

Naruto: All right then.

Naruto dashed toward Kakashi and Kakashi stood ready and just as Naruto was about to land a blow he vanished and formed an Afterimage and Kakashi struck it and it vanished and Naruto kicked Kakashi in the back and sent a blade of green energy right at Kakashi.

Kakashi saw it coming and he Substituted.

Naruto: Substitution Jutsu.

Naruto channeled Lightning Style Chakra into his sword and stabbed the ground.

Naruto: LIGHTNING STYLE NINJA ART: WORM FLUSH!

The Lightning flushed Kakashi out and he was numb from the attack.

Kakashi: How did you know I was underground Naruto?

Naruto: I sensed your Chakra Signal underground sensei. I invented that technique to counter the Headhunter Jutsu.

Kakashi: That was genius Naruto. You definitely have Minato-sensei's knack for inventing new jutsu.

Naruto: Like father like son.

Kakashi: Indeed. Lets test out everything you learned. First Taijutsu.

Naruto: Okay. [Sheathes Sword]

Naruto and Kakashi engaged in a powerful Taijutsu match. Naruto punched Kakashi in the face, kneed him in the stomach, kicked him in the solar plexus, leg sweeped Kakashi and kicked him in the back, jumped high into the air and dealt a spinning axe kick to his stomach. Leaves were spiraling around his arms and legs and green lightning blasted out of his attacks with each impact.

Kakashi crashed into the ground.

Naruto landed and Kakashi got up and he had some nasty bruises.

Naruto: Sorry Kakashi-sensei. That was a new Taijutsu Style I invented. I call it the Dance of The Leshy. It's a similar style to the Dancing Leaf Shadow and it infuses my Lifewing Powers into it to enhance my strength and speed.

Kakashi: That's very clever and very amazing. Now lets do Genjutsu.

Naruto: Okay.

Kakashi vanished in a swirl of leaves and Naruto saw the entire village completely on fire.

Naruto: The Death Mirage Jutsu. Nice try sensei. RELEASE!

The Genjutsu vanished.

Naruto: Now it's my turn.

Naruto vanished and Kakashi found himself in a super dense forest and he saw Minato, Kushina, Obito and Rin all bleeding profusely and the Rock Ninjas that killed Obito were standing before him and they were laughing insanely.

Kakashi: (Enraged) You monsters! I will kill you!

Kakashi killed the Rock Ninjas. But they resurfaced fully restored.

Kakashi: What!? How is that… Wait this is a Genjutsu. RELEASE!

The Genjutsu vanished.

Naruto: I'm amazed you survived my Forest of Madness Genjutsu. It's a genjutsu I made.

Kakashi: That's very clever Naruto. Now for Ninjutsu.

Naruto: You got it.

Naruto flew towards Kakashi and punched him in the face. Kakashi went flying as Naruto did a jutsu.

Naruto: LEAF STYLE: TIGER LEAF WIND!

Naruto swung his arm and a huge blast of wind with a wave of Leaves flew and took the form of a tiger and it roared ferociously at Kakashi. Kakashi Substituted and Naruto unsheathed his sword.

Naruto: WIND STYLE SWORD ART: RAZOR CYCLONE!

Naruto swung his sword and a tornado enveloped Kakashi and little blades slashed Kakashi and when it died down Kakashi's clothes were shreded and he was weak.

Naruto: Now guys!

Nicole, Lincoln, Sakura, Juri, Ami, Akiko, and Rin came and overwhelmed Kakashi. He was knocked out and he and Sasuke were tied to the posts.

Kakashi woke up 30 minutes later and he saw them eating the Bento Meals he brought for them.

Kakashi: Okay guys you can untie me. You all pass. But Sasuke doesn't.

Sasuke: WHAT!?

The Woman arrived at the Training Ground 35 minutes ago and she was watching the whole fight. She saw Naruto and knew that he was her son. The woman was Kushina Uzumaki and she was alive this whole time. She walked over to the Training Posts.

Kushina: Naruto?

They turned and saw Kushina and they gasped.

Naruto: M… Mom? Is that you?

Nicole: Kushina Uzumaki!

Rin: Kushina?

Akiko: Kushina?

Naruto: It is you. MOM!

Naruto ran over and hugged her and cried hard.

Naruto: (Crying) Mom! I missed you so much!

Kushina: My sweet baby boy. You've grown into an amazing Shinobi.

Nicole: Kushina. I'm so glad you're all right.

Kushina: Thank you.

Nicole: Sorry I'm Nicole Knudson and we've been looking out for Naruto since he was 7. We have quite a story to tell.

They all revealed everything that happened and Kushina was shocked. She walked over to Nicole and hugged her and cried.

Kushina: (Crying) Nicole thank you so much for looking out for my baby boy.

Nicole: You're so welcome Kushina. Naruto is not only my best friend but he is also my little brother. I would never view Naruto as anything with ill will.

Kushina sat down with them.

Rin: Kushina. I've missed you so much.

Kushina: Rin. I thought you were dead.

Rin: It was Orochimaru that found me 14 years ago after Kakashi shoved a Chidori through my chest and I was frozen in ice and healed in a laboratory.

Kushina: That's incredible. I'm so glad you're all right. Kakashi was absolutely devastated when he thought he killed you.

Rin: That's what I've heard. But I'm glad to be home.

Lincoln: Where were you by the way Kushina?

Kushina: Well Lincoln I was in a coma. When that masked man ripped Natsumi out of me I thought I was done for but thanks to my Uzumaki Blood I survived. I wasn't sure I was ever gonna wake up. But I did.

Nicole: It's been almost 13 years since that night.

Kushina: I have a lot of catching up to do.

An ANBU appeared.

Cat: I'm sorry to bo… Kushina-sensei? Is that really you?

Cat took off her mask and it was Yugao Uzuki.

Kushina: Yugao. You sure have grown into a beautiful woman.

Yugao hugged her.

Yugao: (Crying) I have always trained hard with my sword and I never forgot what you taught me sensei.

Kushina: I'm so proud of you Yugao. I was in a coma for 12 and a half years.

Yugao: I missed you sensei.

Kushina: I missed you too Yugao.

Naruto: Anyway Yugao you were about to say something.

Yugao: Right sorry. Lord Hokage has called for you all.

Nicole: We'll be right over.

Nicole beamed them all to the Administration Building and walked in. Nicole knocked on the door and went in.

Nicole: You wanted to see us Lord Hokage?

Lord Third: Yes. Kakashi never showed up to let us know if he passed his team or not.

Nicole: Sorry Lord Hokage. We finished our test and an unexpected development happened.

Kushina: It's been a while grandpa.

Lord Third: (Gasp) Kushina.

Naruto: I have my mom back.

Sakura: I'm so happy for Naruto and Kushina.

Kushina: Thank you Sakura. It's good to be home.

At the Namikaze Estate Naruto cooked a big dinner for Kushina to help her regain her strength and she loved it. Naruto for the first time in almost 13 years was finally reunited with his mom.

Continues in Part 3

# Shinobi of the Cosmic Storm P3

Team 7 now goes by the name Team Cosmic Dragon and it was time for the incidious D-Rank Missions A.K.A. the Chores.

Sakura: These D-Ranks are nothing but a bunch of chores that lazy Civilians can do.

Nicole: I know Sakura but we're gonna have to put up with it. Luckily I have ways to make them all very exciting.

Naruto: I can't wait to see them sis.

Nicole: Okay our first mission is Gardening at a farm.

Naruto: That's one of my likes.

Lincoln: Cool.

Nicole: Lets go.

At the farm they were picking vegetables and fruit and Nicole changed the area into the town of Midwich in the 1995 movie "Village of The Damned" and they saw the children from the movie facing the people.

Lincoln: Whoa! I know this movie. We're in "Village of The Damned" and those are the Children.

Sakura: What were they known for Lincoln?

Lincoln: They were all born at the same time because of aliens from another planet and these children all have strange psychic powers and make people kill themselves and other people around them.

Nicole: That's terrible. We have to stop them. Sasuke how would you like to show them the power of an Uchiha Elite?

Sasuke: It would be my pleasure.

Naruto: Go get them!

Sasuke dashed and punched, kicked and slashed the children apart until only one of them was left. A girl was all that's left.

Nicole: That's enough Sasuke. Let me face this one.

Sasuke: She's all yours.

Nicole: Well done though.

Sasuke: Thank you.

Nicole faced the girl.

Girl: (British Accent) You have destroyed my brothers and sisters and you will pay for it.

Nicole: Oh I think not. You have terrorized this whole town and drove people to do the unthinkable and it is you that's going to pay.

Girl: I think not.

The girls eyes glowed red-orange.

Nicole: I don't think so.

Nicoles eyes glowed crimson red and they caused the girl to violently convulse and her head exploded all over the place.

Naruto: That did it!

Fu: Nicole that was incredible.

Nicole: Thanks guys.

Sasuke: Very impressive.

Lincoln: Your psychic powers destroyed hers.

Nicole: Yeah. We saved this town from the terror of the Children of Evil.

They finished the gardening and moved on to the next mission.

Nicole: Next is painting fences along the village.

They started painting fences and they were painting the fences white and the area changed into the fictitious small town of San Angelo, California and they saw huge black crystals growing at an alarming rate and the whole town was in fear.

Nicole: Oh wow! I know this movie. We're in "The Monolith Monsters" from 1957.

Lincoln: I remember this one.

Naruto: Those black crystals are amazing. How are they growing so fast?

Nicole: They were made when a meteor crashed into that valley and they absorb water and they spread very slowly. They also thrive by absorbing silicon from anything they touch and if a human is drained of Silicon they will turn to stone.

Juri: So those crystals will petrify everything that's carbon based?

Fu: That's horrible and this whole town is in danger.

Naruto: How are we gonna destroy them?

Nicole: Salt water. They disintegrate when they are exposed to Salt Water.

Sakura: But the ocean is over 100 miles from here.

Nicole: Yes. But we have powers of water. Lets do it.

Nicole fired a blast of water and it hit the salt flats and became salt water and formed a wave of water. Naruto, Sakura and Juri did the same and the huge tsunami hit the Monolith Monsters and they disintegrated in seconds.

Nicole: That takes care of that.

Naruto: Yep. We saved this whole town and maybe the world from total destruction.

Ami: We sure did.

Akiko: Yeah.

Sasuke: That was interesting.

Nicole: Well that takes care of painting the fences. Now for the next mission: Feral Pig.

They found the pig in the forest and it was a ferocious one. Nicole changed the area into a prehistoric village.

They fought the pig and defeated it and tied it to a pole. They suddenly heard drums playing and saw a few women with beautiful blonde hair about to be sacrificed.

Nicole: I know this movie. We're in the movie "When Dinosaurs Ruled The Earth" from 1970. It's a prehistoric man movie.

Lincoln: I love this movie. This was a strange one too. It's about where man lived in fear and the color of a woman's hair decided who should be sacrificed to the Sun.

Juri: That is scary.

Naruto: Yeah. But Man didn't live with Dinosaurs back then.

Sakura: What year does this movie take place?

Nicole: It said over 200,000 years ago.

Naruto: This is really strange and scary.

Fu: How can people live like this?

Nicole: During these times it was every man or woman for themselves. Prehistoric creatures and early man were in a constant battle for supremacy.

Naruto: We have to save those girls.

Nicole: Yeah. Lets go!

They rushed to the village and blasted the cave people and freed the women.

Sanna: Thank you all.

Nicole: You're welcome. Lets get them.

Sanna pulled out a dagger and Team Cosmic Dragon unsheathed their swords and formed swords of the elements and went after the villagers and killed them. Sasuke felt stronger than ever and he began to realize that the Civilian Council was using him and manipulating him in order to fulfill their own selfish desires. He decided to earn his strength and power the right way by working hard for it.

After all the evil cavemen were killed and the women were freed Nicole and Sanna were talking.

Sanna: Thank you for saving me Nicole.

Nicole: Think nothing of it Sanna. What they were doing to you all was unforgivable.

Sanna: I agree.

The area reverted back and they turned the feral pig over to the Leaf Butcher Shop.

Nicole: Okay our next mission is to… Oh no.

Naruto: What's wrong sis?

Nicole: Our next mission is to (Gulp) capture Tora.

Naruto: Tora?

Rin: Tora is the Fire Daimyo's cat and the bane of all Genin in the Leaf. She has been a huge problem for all of us. Minato-sensei gave us that mission when I first started out with Obito and Kakashi.

Naruto: That's what I was told from mom.

Nicole: It says here that Tora was last seen in the red district of the Leaf. Lets go.

They go to the red district and found Tora and hid behind the buildings.

Nicole: Cosmic Dragon here. What's your distance from the target? Over.

Lincoln: Thunderbirds Talon here. 15.7 feet. Ready to strike. Over.

Naruto: Kitsune of Nature here. Target identified as Tora and awaiting your orders. Over.

Sakura: Oceanic Cherry Blossom here. Ready. Over.

Fu: Inferno Butterfly here. Ready and waiting. Over.

Juri: Ocean Dragon Princess here. Ready. Over.

Ami: Sadistic Serpant here. Ready. Over.

Akiko: Nebula Angel here. Ready to strike. Over.

Rin: Phoenix Fire here. Ready.

Sasuke: Black Knight of Justice here. Ready and waiting. Over.

Nicole: Okay. NOW!

They pounced and Naruto trapped Tora in a cage made of vines.

Nicole: Good work bro.

Sasuke gave Tora a fish.

Nicole: Tora captured in 3 minutes and 17.2 seconds.

Kakashi appeared.

Kakashi: Great job to all of you. I was watching your missions from a distance and I am very proud of all of you for your amazing display of teamwork. I will take Tora back to the Hokage and you can continue the rest of your missions.

Nicole: Yes sensei.

Kakashi did so and left for the Hokage's office.

Nicole: Okay our next mission is to read stories to the kids at the orphanage.

Naruto: That sounds like fun.

Nicole: I have an awesome scenario for this.

They were at the orphanage and all the kids gathered.

Nicole: Okay guys we are going to be doing my favorite story from when I was a little girl: Mulan.

Nicole changed the area into the movie Mulan from 1998 and they were in the Northern Wei Dynasty from 386 to 534 A.D. and they saw Mulan in the mountains about to be executed for high treason.

Nicole: Lets go guys.

They ran down the mountain and stopped Chi-Fu from killing Mulan. Nicole grabbed his hand.

Nicole: Why don't you pick on someone your own size?

Naruto: Mulan are you all right?

Nicole threw Chi-Fu far away from the mountain.

Captain Shang: Who are all of you?

Fu: We're Shinobi and we are here to kill Shan Yu. He's still alive.

Captain Shang: What?

Chien: We saw him swallowed by the avalanche.

Naruto: No he is still very much alive and he will not stop until China is destroyed forever.

Sakura: We have to stop him now. He's about to resurface now.

Just as Sakura had surmised Shan Yu emerged from the snow and some of his men were alive too. He saw all of his men dead and he roared in fury.

They saw him alive and well and is making his way to Beijing.

Naruto: He's heading to the Imperial City of China.

Nicole: And we will stop him. Lets go.

Captain Shang: Right. Mulan you had better come with us too.

Mulan: Thank you Captain. I'm sorry for lying to you.

Captain Shang: It's all right.

Nicole: Lets go everyone.

They arrived at the city of Beijing and got to Emperor Wei and warned him of Shan Yu being alive and well and the entire palace was on full alert.

Nicole was concentrating and she sensed Shan Yu and his men in a dragon costume and she blasted it and exposed them.

Nicole: Nice try Shan Yu. Your reign of Terror is over.

Mulan and Lincoln decided to face Shan Yu.

Lincoln unsheathed his sword.

Nicole: Mulan, here!

Nicole gave Mulan her families sword and Mulan and Lincoln faced Shan Yu and they engaged in a powerful swordfight.

Nicole: Kids you want to face Shan Yu's men?

Kids: Yeah!

Nicole gave them swords, kunai, shuriken and senbon and they all went at Shan Yu's men and ripped them apart. Lincoln had lightning surging through his sword and when he and Mulan clashed with Shan-Yu, sparks were flying and setting the whole city on fire. The city was engulfed in a raging conflagration. Shan-Yu was a very formidable opponent and an extremely dangerous adversary. He was not giving up and he was getting more and more enraged by the second. But Lincoln got the drop on him and stabbed Shan-Yu through his black heart and Mulan kicked him and Mushu, her red dragon fired a giant rocket and it sent Shan-Yu flying into a tower and it exploded with incredible power and detonated all the fireworks in the tower.

Nicole: That did it!

They all cheered wildly for Mulan and Lincoln.

Nicole: Way to go buddy!

Sasuke: That was awesome.

Then Emperor Wei came.

Emperor Wei: I've heard a great deal about you Fa Mulan. You stole your fathers armor, ran away from home, impersonated a soldier, deceived your commanding officer, dishonored the Chinese Army, destroyed my palace, and… You have saved us all.

Mulan was forever hailed as a hero and the bravest woman in all of China and she was given a seat on the Emperor's council and Chi-Fu was disgraced. Mulan returned home and told her father everything she had done and he was really proud. Mulan has proven herself and was made a true hero of China.

The area reverted back and the kids cheered wildly.

Nicole: I'm very proud of all of you. You children all have amazing potential to be great ninjas and do many great things.

Their mission was complete and they left the orphanage.

Nicole: Great job guys.

Lincoln: Thanks Nicole.

Naruto: That was so awesome.

Nicole: I know. Our last mission for the day is Pick up trash by a nearby stream. I have just the scenario for that.

That went to the stream and Nicole changed the area to the world of Avatar the Last Airbender. They then saw a fiery comet blazing across the sky.

Nicole: Oh man! That's Sozin's Comet.

Naruto: This is bad. Really bad.

Lincoln: What's Sozin's Comet?

Nicole: It's a special comet named after Fire Lord Sozin, the true instigator behind the 100 Years War with the Fire Nation and the other 3 Nations. It only comes around once every 100 years and it enhances Firebending 100-fold. Fire Lord Ozai is planning to use Sozin's Comet to completely burn the world so that Fire will reign supreme and he made his mentally unstable daughter Azula his successor as Fire Lord.

Sasuke: That's crazy!

Naruto: This is a decisive factor during this war and Avatar Aang is gonna face Fire Lord Ozai and try to kill him. Zuko is gonna face Azula.

Sakura: We have to help Zuko and stop Azula from becoming Fire Lord.

Fu: Yeah. If she becomes Fire Lord she will be a merciless and ruthless tyrant.

Nicole: I know. Lets split up and take on both of them. Naruto, you will take Fu, Juri, Akiko, and Ami to where Aang is fighting Ozai. Sasuke, Sakura, Rin, Lincoln, you four will come with me and we'll go and help Zuko take down Azula. Lets go!

They were off and the battle to stop the Fire Nation is on.

Battle 1: Nicole, Sasuke, Sakura, Rin and Lincoln VS Azula.

They arrived at the Castle of The Fire Nation and saw Azula facing Zuko in a Fire Duel or Agni Kai and Azula was about to have the upper hand when Nicole swooped in and punched Azula in the face and sent her crashing into the wall.

Nicole: Azula we won't let you become Fire Lord. Your reign of Terror on this world ends now!

Azula got up.

Azula: You wretched brats! You all ruined everything!

Nicole: And we show no remorse in doing so. Time for you to die. [Chants an Incantation] "'Hisorpana Bixoerta Mortus!'"

Nicole fired a beam of purple lightning at Azula and it hit her and removed her Firebending and it split into 3 orbs. 1 went into Lincoln and the others went into Rin and Sasuke.

Azula was down and she tried to Firebend but nothing happened.

Azula: What have you done to me!?

Nicole: I used my magic to strip you of your Firebending. You are now completely powerless.

Katara then chained Azula to a water grate. Azula then released the full extent of her insane delusions in a fit of extreme rage, anguish and hate.

Nicole: You've lost Azula. Your father is about to pay the ultimate price for his crimes against this world.

Lincoln: Never again Azula.

Sasuke: You're a loser and you always will be.

Rin: Just like your wretched father.

Nicole: People like you only deserve to be in the Netherworld. After your father dies, you're next. Rogues like you deserved to be damned.

Nicole had condemned to an eternity of pain and suffering in the darkest pits of the Netherworld.

Battle 2: Naruto, Fu, Juri, Akiko and Ami were flying over the Earth Country and they saw the ferocious battle between Aang and Ozai. Aang was in his Avatar State and he was winning. Naruto swooped in and punched Ozai in the face and Aang pinned him to a rock pillar.

Aang and Several Voices: FIRE LORD OZAI, YOU AND YOUR FOREFATHERS HAVE DEVASTATED THE BALANCE OF THIS WORLD. AND NOW YOU SHALL PAY THE ULTIMATE PRICE!

Aang formed a spear made of Earth, Air, Fire and Water and aimed it right at Ozai's black heart and at the last possible second, Aang stopped his attack and landed on the pillar.

Aang: No. I'm not gonna let it end like this.

Ozai: Even with all the power in the world, you are stiil weak.

Fu: You're even weaker Ozai. [Cups her hands to her side] KAAAA! MEEEE! HAAAA! MEEEE! HAAAAAAAA!

Fu fired a Kamehameha Wave right at Sozin's Comet and it hit it and it exploded with incredible power.

KRRAAAAAABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOO

When the smoke cleared, Sozin's Comet was completely obliterated. It was gone.

Naruto: Nice shot Fu.

Fu: Thanks Naruto.

Ozai: You wretched fools! Do you have any idea what you have just done!?

Akiko: We've beaten you Ozai. Your reign of terror is over.

Aang: And I will make sure that you never hurt anymore people again.

Aang placed his fingers on Ozai's forehead and chest and suddenly a beam of Sky Blue Light erupted from his eyes and mouth and shot high into the sky. Ozai had a Red-Orange beam of light go high into the sky. Aang and Ozai became completely engulfed in powerful energy. Ozai started to overtake him and at the last possible second before he was completely overtaken, Aang overpowered Ozai and a blast of energy went into the sky and when it faded Aang was standing victorious.

Naruto: Whoa!

Ozai tried to Firebend but nothing happened and he fell back weak and exhausted.

Ozai: What? What did you do to me?

Aang: I took away your Firebending. You can't use it to hurt or threaten anyone else ever again.

Naruto: Whoa! Aang stripped him of his Firebending and rendered him completely powerless.

Fu: Yeah. His reign of terror is finally over.

Ami: After 100 years of fighting the oppression of the Fire Nation will finally be over.

Aang: Yes.

Sokka, Suki and Toph arrived.

Suki: So did you… You know finish the job?

Ozai: I'm still alive.

Naruto: Aang used Spiritual Energy and stripped Ozai of his Firebending.

Toph: Wow! Who taught you that Aang?

Aang: A giant Lion-Turtle.

Toph: You have the craziest adventures when you disappear.

Fu: Ozai has now been forever disgraced and Sozin's Comet has been completely destroyed.

Sokka: We saw the explosion and it was intense.

A beep was heard and Nicole appeared on a hologram on Naruto's device on his arm.

Nicole: Is Ozai taken care of?

Naruto: Aang used Spiritual energy to strip Ozai of his Firebending. He has been forever disgraced and rendered completely powerless.

Nicole: That's amazing. Azula has been deposed and I used my magic and stripped her of her bending and gave it to Sasuke, Rin and Lincoln.

Naruto: That takes care of her sis.

Nicole: It sure does bro. Good work to all of you. Lets rendezvous back at the Fire Nation Capital.

Nicole: Okay sis.

The device clicked off and Naruto bit his finger.

Naruto: SUMMONING JUTSU!

A puff of smoke appeared and out came a huge dragon.

Naruto got on.

Naruto: Need a ride back guys?

Sokka: Sure Naruto.

Toph, Sokka, Aang and Suki hopped on and Ozai was in the Dragons claws. They flew back to the Fire Nation Capital and landed and the Dragon vanished.

Nicole: Well done bro. Great job to all of you.

After everyone was gathered and reunions were made, Zuko was coronated as Fire Lord and the war was over at long last. A new era of peace had begun.

Nicole: We have to get back to the Leaf, Zuko.

Zuko: I understand Nicole. Thank you for your help in ending the war.

Nicole: You're welcome. Azula will be taken to the Leaf and tried for everything she has done to you all. Ozai will be imprisoned for eternity in the Moon Prison in our dimension.

Zuko: Good. I hope he gets what's coming to him.

Nicole: He will. He'll have all of eternity to think about his crimes.

Later Team Cosmic Dragon was filing their mission reports to Lord Hokage.

Lord Third: I see. I can't believe that Azula and Ozai would plunge the entire world into chaos like that. It's good that you all ended the war in that world. Well done. This will be considered a Triple S-Rank Mission and you all have set history today. You all did a fantastic job.

Nicole: Thank you Lord Hokage.

Over the course of 4 months Nicole trained them in everything she knows and they were getting stronger and stronger at an accelerated rate minute by minute. They were doing the Capture Tora Mission yet again.

Continues in Part 4.

# Shinobi of the Cosmic Storm p4

Team Cosmic Dragon was in the Forest looking for the Demon Cat Tora yet again. They were hiding in the trees.

Kakashi: Incredibly Cool Kakashi here. What's your distance from the Target?

Nicole: Star Dragons Wrath here. 15.3 feet. Ready to strike.

Lincoln: Thunderbird's Call here. Ready.

Naruto: Nature's Kitsune here. I'm Ready.

Sakura: Cherry Blossom Ocean here. I'm ready too.

Fu: Inferno Butterfly here. Ready.

Juri: Furious Sea Dragon here. Ready to go.

Ami: Serpants Rage here. Ready.

Akiko: Nebula's Star here. Ready.

Sasuke: Raven's Black Knight here. I'm Ready too.

Rin: Phoenix Talon here. So am I.

Kakashi: Okay… NOW!

They all pounce and Juri trapped Tora in a ball of Water.

Nicole: Target identified as lost cat Tora. Retrieved in 10.3 minutes.

Kakashi: Well done guys. Lets head to the Hokage.

Nicole: This is the 92nd time that Tora escaped and we had to do this mission in the course of 4 and a half months.

Naruto: Yeah. We're getting sick of this.

Lincoln: There's nothing we're gonna do.

Nicole: Yeah. But this is our 612th D-Rank mission.

At the Hokage's office Nicole was letting the Hokage know that the Capture Tora mission was done.

Lord Third: Well done to you all. Now your next mission is to pick potatoes…

Nicole: With all due respect Lord Hokage I think we have done enough D-Rank missions or chores to earn a C-Rank Mission.

Iruka: Now you guys are Genin fre…

Lord Hokage held his hand up to Iruka.

Lord Third: Now Iruka she has a good point. What do you think Kakashi?

Kakashi: I think they are ready Lord Hokage.

Lord Third: All right. I have just the mission in mind. You can come in now!

The door opened and in came Tazuna the Bridge Builder.

Tazuna: These are the people that are going to protect me? [Sees Nicole, Lincoln, Naruto, Sakura, Fu and Juri] Well I'll be. Aren't you a sight for these sore eyes. It's good to see you all again Nicole.

Lincoln: You too Tazuna. It's been a while.

Nicole: How have things been in the Land of Waves?

Tazuna: Not good Nicole.

Lord Third: How do you know Tazuna, Nicole?

Nicole: We met on our training trip. It was a year and a half ago and we saw him being harassed by bandits. We saved him and he introduced us to his family. Tazuna is an awesome bridge builder.

Tazuna: Yes. But not as awesome as you all.

They laughed.

Nicole: So what's been going on Tazuna?

Tazuna: The Land of Waves is in big trouble because of Gato.

Fu: Gato the President and CEO of Gato Shipping and Transport? From what I've heard he's one of the richest shipping magnates in the 5 Great Nations.

Tazuna: Yes Fu but that's a front. He's the meanest crime boss in the Criminal Underworld and he arrived in the Land of Waves 6 Months ago. He began taxing all the citizens to the point of poverty and captured some of our women to be sold as slaves on the Black Market. My son in law Kaiza stood up to him but he was captured by Gato's thugs and he had him executed in front of all of us. He stole all of our hope and robbed us of all of our courage. That's why I'm building a bridge to connect the Land of Waves to the Mainland.

Sakura: So it will bring Gato's empire crashing down and he sees you as a huge threat to his operation and will stop at nothing to kill you.

Tazuna: Yes. I only had enough money to afford a C-Rank mission.

Nicole: And without a doubt Gato has hired some Rogue Ninjas to serve him.

Tazuna: I have a feeling you're right Nicole.

Lord Third: Yes. I've heard about Gato's criminal activity and if he has Rogue Ninjas under his employ then this mission is now an A-Rank to low S-Rank.

Tazuna: Yes. I know it's not enough but it was all I had.

Nicole: And Team Cosmic Dragon will answer. It's time to bring an end to Gato's Reign of Terror and save the Wave.

Kakashi: Are you sure you can handle this Nicole?

Nicole: We're very sure Kakashi-sensei. We need to test all of our training and skills against high level Shinobi.

Lord Third: I have a feeling you all will succeed Nicole. But a mission like this is too dangerous.

Nicole: I know Lord Hokage. But how about a wager? If we complete this mission all by ourselves I will tell you the secret on how to defeat the ultimate enemy of all village leaders and Kage: Paperwork.

Lord Third: (Laughs) You've got a deal Nicole. All right, go get them!

Nicole: We will. Hands in guys.

They did so.

All: Team Cosmic Dragon Soar!

Nicole: We leave in 2 hours. Pack everything you all need for a long mission and meet at the gate.

Everyone: Right!

They left the office and got everything ready.

At the gate 2 hours later they were ready.

Nicole: All right here we go. Lets move out.

They walked out towards the Land of Waves. As they trekked through the Land of Fire they saw two puddles up ahead.

Nicole: Hold it. I sense two Chakra signals in those puddles.

Rin: I got this.

Rin fired a ball of fire from her hand at the puddles and it hit the ground and exploded

KABOOM!

Out of the fiery explosion arose the burned bodies of Gozu and

Meizu the Demon Brothers.

Naruto: Nice Shot Rin.

Tazuna: That was amazing!

Rin: Thank you.

Nicole: Just as we suspected. Gato did hire Rogue Ninjas. These are the Demon Brothers of the Mist, Gozu & Meizu. C-Rank Rogue Ninjas. They were wanted for a failed assassination attempt on the 4th Mizukage. And if they are here then that means Zabuza Momochi is too.

Naruto concentrated.

Naruto: You're right sis. I sense his signal in the Land of Waves.

Sakura: I sense it too. We encountered Zabuza before on our training trip and he was being attacked by Mist Hunter Ninjas and we saved him. He is a formidable ninja and he didn't earn his moniker the Demon of The Mist for nothing.

Sasuke: He must be a tough ninja.

Rin: I've heard about Zabuza. He is as tough as he is.

Lincoln: I tested my Lightning powers against him and he is a formidable adversary.

Ami: Zabuza is one of my heroes. His swordsmanship skills are the reason I wanted to become a shinobi and I know all of his moves.

Nicole: That's a big inspiration Ami and you're about to meet your idol down the road.

Tazuna: You guys have done it all.

Nicole: We sure have Tazuna. Lets press on.

They pressed on and arrived at the shore and a boat was waiting for them.

Tazuna: (Whispering) Here's our ride back to the Land of Waves.

Nicole: (Whispering) Okay. Lets get in.

Sasuke: Can't we walk on the water?

Fu: Shh. (Whispering) No Sasuke. It will alert the ninjas of our presence and we can't risk that.

Sasuke: (Whispering) Ah. Right.

The boat was being rowed to the island.

They saw a huge bridge and went under it.

Tazuna: (Whispering) There's the bridge. Isn't she a beaut?

Nicole: (Whispering) It's amazing Tazuna. We will establish a trade route and alliance with the Wave when this is over.

Tazuna: (Whispering) We would like that.

After arriving on the shore they got out and went to Tazuna's house. They were in a thick fog.

Rin: This fog is really thick.

Nicole: This is no fog. This is the Hidden Mist Jutsu. Every member of the Seven Ninja Swordsman of the Mist can use this technique.

Naruto: Yeah.

They heard rustling in a nearby bush.

Naruto went over and pulled out a white rabbit.

Naruto: It's Haku's little white rabbit.

Sakura: He sure is a cute little guy.

Nicole: So Haku is with him too.

Fu: I can feel it.

Ami: I hear something.

A whooshing sound was coming towards them.

Nicole: GET DOWN!

They ducked and saw a long cleaver sword fly over them and embed into a tree behind them. Standing on the hilt was Zabuza Momochi himself.

Zabuza: Well looks like the Bridge Builder has a bunch of kids pro… [Sees Nicole, Lincoln, Naruto, Sakura, and Fu] (Laughing) Well I'll be. I didn't know that you would be with them. It's good to see you Nicole, Lincoln, Naruto, Sakura and Fu.

Nicole: You sure have a knack for making awesome scare entrances Zabuza.

Naruto: It's been a while Zabuza.

Zabuza: So the Bridge Builder hired you to protect him huh?

Lincoln: He sure did. [To Tazuna] We also promised to help put a stop to the Bloodline Holocaust that's going on right now in the Mist.

Sakura: Yeah. The 4th Mizukage is rumored to be under the influence of someone and we are gonna help him.

Tazuna: That's a big mission.

Nicole: Yeah.

Zabuza: I wish you all luck Nicole. Who are your friends with you?

Juri: Oh we are her teammates. I'm Juri the Sea Dragon Maiden.

Ami: I'm Ami Mitarashi the Cobra Swordmistress and your biggest fan.

Zabuza: (Laughs) I'm glad I have a source of inspiration.

Akiko: I'm Akiko Suzuki the Maiden of The Nebula.

Sasuke: I'm Sasuke Uchiha.

Zabuza: An Uchiha? I heard that they were all wiped out by one of their own. Itachi Uchiha.

Naruto: That's his older brother.

Sasuke: Yes. I'm now going to kill him for killing the Uchiha.

Zabuza: I'm sorry for your loss.

Sasuke: Thank you and it's all right.

Rin: And I'm Rin Nohara, veteran of the 3rd Great War.

Zabuza: I've seen you before. You're one of the students of Minato Namikaze the 4th Hokage.

Rin: Yeah. I was supposedly Killed In Action and I was found and healed by Orochimaru and given an awesome gift.

Rin spread her wings and they were glowing with fire.

Zabuza: That is amazing. You look like a true angel of fire.

Rin: Yeah. I get that alot.

Zabuza: I heard Orochimaru is now a powerhungry madman out to destroy the Leaf.

Nicole: That's right Zabuza and he's number two on Team Cosmic Dragon's Hitlist. Our number one target is a Rogue Uchiha that caused the 9-Tails Attack on the Leaf and killed the 4th Hokage.

Zabuza: What!? A Rogue Uchiha caused the 9-Tails Attack?

Naruto: Yeah and we will make him pay for killing my father.

Zabuza: I'm so sorry for your loss kid.

Naruto: It's all right Zabuza but thank you.

Zabuza: No problem.

Fu: Is Haku here?

Zabuza: She sure is. Haku! Come on out.

Haku came out and she was dressed in a Mist Hunter Ninja uniform.

Haku: It is good to see you all again Nicole.

Nicole: You too Haku. How have you been?

Haku: I've been good. Thank you.

Nicole: We have a message that we would like you to send to Gato, Zabuza.

Zabuza: What is it?

Nicole: Tell Gato this: "Team Cosmic Dragon has come to kill you and we will make you pay for everything you've done and end your reign of terror for good".

Zabuza: I will see that he gets it. He's gonna be enraged though.

Nicole: It doesn't matter. We are ready and we will make sure that he pays the ultimate price for his crimes against the Land of Waves.

Haku: We wish you all the best and we will see you in a week.

Nicole: We will and thank you.

Zabuza and Haku left and they proceeded to Tazuna's house.

They arrived in 30 minutes.

Tazuna opened the door they went in.

Tazuna: Tsunami I'm home!

A woman came and it was Tsunami, Tazuna's daughter.

Tsunami: Dad you're home safe.

Tazuna and Tsunami hugged.

Nicole: It's good to see you again Tsunami.

Tsunami: Nicole, Lincoln, Naruto, Sakura, Fu. It's great to see you all again.

Lincoln: You too Tsunami. We were told everything thats been happening in the Land of Waves and we answered the call for help.

Tsunami: We greatly appreciate it Lincoln.

Nicole: Oh these are our teammates and we are now Team Cosmic Dragon.

Juri: I'm Juri the Sea Dragon Maiden.

Ami: I'm Ami Mitarashi the Cobra Swordmistress.

Akiko: I'm Akiko Suzuki the Maiden of The Nebula.

Rin: I'm Rin Nohara, Veteran of the 3rd Great War.

Sasuke: And I'm Sasuke Uchiha it's a pleasure to meet you.

Tsunami: It's a pleasure to meet you all. I was just about to start dinner make yourselves comfortable while I start dinner.

Nicole: Okay.

They sat at the table and Naruto decided to ask Sasuke a question.

Naruto: Sasuke I've been meaning to ask you this for a while now. Why do you want to kill your brother?

Sasuke: (Sigh) I had a feeling you were gonna ask me that Naruto. The reason I want to kill Itachi is because he killed the Uchiha Clan in one night.

Naruto: Did he say why?

Sasuke: Yes. It was to test the limits of his power. He spared me because I wasn't worth killing.

Naruto: I have a feeling that there's more to it than that Sasuke.

Itachi is a really nice guy and I've known him since I was 4.

Natsumi: Naruto. I think it's time that Sasuke knows the truth.

Naruto: Oh yeah. Sasuke we had an encounter with Itachi on our training trip and he showed me everything that happened and he didn't kill the Uchiha Clan to test the Limits of his power. That's total nonsense.

Nicole: Itachi killed the Uchiha because he was forced to.

Sasuke: What do you mean Nicole?

Nicole: The Uchiha were going to launch a revolt against the Leaf to overthrow the Hokage and take over the government. This terrible action would've plunged the Leaf into a Civil War and it would present a golden opportunity for enemy ninjas to attack the Leaf and it would start the 4th Great War. Lord Hokage tried to talk them out of it but they wouldn't listen. All the peace talks failed. The reason the Uchiha was going to launch the revolt was because a lot of people had suspected that it was an Uchiha that was responsible for the 9-Tails Attack 13 years ago. Just like we suspected all along, it was indeed an Uchiha that was behind it. Everyone persecuted the Uchiha because of it. We built that district for the Uchiha to avoid having them be attacked. Your father Fugaku was the main instigator behind the whole revolt. After all the peace talks failed there was only one option available: GENOCIDE. Here.

Nicole pulled out a mission file and gave it to Sasuke.

Nicole: Itachi gave this to me and told me to show it to you when the time was right.

Sasuke looked it over and he was shocked.

Sasuke: It's an assassination order.

Fu: Yes. Itachi was ordered by the 3rd Hokage to kill ONLY those that were going to launch the revolt and not the entire clan in general.

Sakura: Itachi was also a double agent. He was told to spy on the

Uchiha Clan for the Hokage while pretending to be a spy for the Uchiha. After the death of Shisui Uchiha, the Uchiha suspected that Itachi was responsible for his death.

Nicole: Yes. But it actually was this man that was responsible.

Nicole pulled out a photo of Danzo Shimura.

Sasuke: Who is this man?

Naruto: That's Danzo Shimura. He's an old acquaintance of Grandpa and he's one of the elders on the Council.

Ami: I've heard a lot about him from sister Yugao. He's the founder of the Root ANBU Organization and he believes that Shinobi should be used as emotionless tools of war. He's a Warmonger and he gets a sick thrill out of causing war, chaos, death, destruction, pain and suffering.

Nicole: Yeah. And he's number 3 on Team Cosmic Dragon's Hit List.

Tsunami: I've heard about Danzo. He's the Darkness of Shinobi and from what I remember he and the 3rd Hokage have had an intense rivalry for the title of Hokage.

Nicole: That's right Tsunami. He is completely bent on wanting to become Hokage and he will stop at nothing to get it. But we're getting off topic here. Danzo is the man that orchestrated the Annihilation of The Uchiha. He ordered Itachi behind the 3rd Hokage's back to kill the entire Uchiha clan completely and leave no one alive. Danzo gave this to Itachi as a fake message from the Hokage. He gave Itachi an Ultimatum: Protect the Village or Protect the Clan. When Itachi took the oath of the ANBU he swore to protect the Leaf from all threats inside and outside the village. But Itachi begged for you to be spared Sasuke. He could never bring himself to kill his little brother because he loves you more than anything. That's why you were spared Sasuke. You were to kill Itachi so he could atone for his terrible deed by dying at your hands.

Sasuke was shocked and saddened. Itachi did not kill the entire Uchiha Clan in cold blood, he killed them because of the corruption of the council. Itachi was no longer a murderer. He was a hero.

Sasuke: I see. I need some time to myself.

Sasuke got up and went outside.

Ami: Sasuke?

Nicole: Let him be Ami. He needs to be alone and digest everything we told him.

Sasuke sat on the dock looking at his reflection on the water and he suddenly broke down crying.

Sasuke: (Crying) Itachi!

At the dinner table Tsunami was shocked.

Tsunami: I can't believe that Sasuke lost his whole family due to the corruption of the council.

Naruto: Yeah. The Civilian Council and the elders Homura Mitokado, Koharu Utatane and Danzo Shimura have been responsible for alot of corruption and treachery over the years. We have no evidence to act at the moment but we are on to them.

Sakura: Yeah. My mom is on the Civilian Council and she is against all their ideals. I love my mother and she was doing her best to protect me.

Naruto: The Civilian Council hates my guts to the core and they think of me as the 9-Tails in Human Form.

Tsunami: How can they be that stupid Naruto?

Naruto: They just are Tsunami.

Lincoln: Some people are just ruled by their own fear, hate, ignorance and stupidity.

Fu: They are also a bunch of Bias-Motivated idiots with no conscience.

Nicole: Yeah.

Tazuna: I can't believe that they would be that stupid and let their own hate and fear control them like that.

Ami: Me and my friends figured out Naruto's burden as the 9-Tails Jinchuriki and we view him as a hero and a family member.

Akiko: Naruto is a very brave and amazing man and no one should ever have to suffer the way he did.

Naruto: Thanks girls. They are right. Jinchuriki are not viewed as normal people.

Fu: We are viewed as the monsters we carry. We call it "The Curse of The Jinchuriki".

Tsunami: I can't believe that some people are that stupid.

Rin: Yeah. I'm a Jinchuriki myself. But I was made one against my will.

Tazuna: How did that happen Rin?

Rin: It was back during the 3rd Great War. I was kidnapped 14 years ago and I was forcibly made the Jinchuriki of Isobu the 3-Tailed Turtle and my teammate Kakashi was sent to rescue me. He did and I told him that I was a Jinchuriki and I told him to kill me because I was made into a Trojan Horse that would unleash the beast into the village and destroy it when I enter it. Kakashi was fighting the Mist Ninjas that supposedly did this to me and I jumped in front of Kakashi's Chidori and he skewered me through my chest. I thought I was dead but Orochimaru found me and froze me in ice and healed me by splicing my DNA with Phoenix DNA and it gave me wings and enhanced Fire Powers. I was found by Naruto and Nicole 14 years later and I'm now a member of Team Cosmic Dragon.

Tazuna: Rin that is terrible.

Tsunami: It's horrifying that you've been through all that. But it's good that you're all right and are now an amazing Kunoichi.

Rin: Thank you Tsunami.

Sasuke came back in.

Nicole: Hey Sasuke. Are you feeling better?

Sasuke: Yeah I am. I now view my brother as a hero and I will now bring Danzo and the corrupted council to justice.

Naruto: Good for you Sasuke and we will gladly help you.

?: I'm home.

Tsunami: Inari welcome back.

Inari: Thank you mom. Grandpa!

Tazuna: Hey Inari.

Inari hugs him.

Inari: I'm glad you're okay.

Tazuna: Thanks to our friends here.

Inari saw Nicole and team and gasped.

Inari: Brothers Lincoln and Naruto and Sisters Nicole, Sakura and Fu?

Nicole: It's been a while little bro.

Naruto: You are sure growing fast.

Lincoln: You will be as tall as me one day.

Inari went to Naruto and hugged him and cried.

Naruto: It's all right Inari. It's okay.

Lincoln: We heard what happened to Kaiza, Tsunami and we're very sorry about your loss.

Nicole: But we promise that Gato will pay the Ultimate Price for everything he has done to the Wave and send him to the darkest pits of the Netherworld for Eternity.

Sasuke: That's right.

Naruto: Inari's about to fall asleep here. I'm going to tuck him into bed.

Tsunami: Okay Naruto.

Naruto carried Inari up to his room and put him in his bed and tucked him in.

Inari: (Crying) Bro why did Gato kill daddy!? Why!?

Naruto: Power and money are strong motivations for murder and evil Inari. Gato is a personification of evil and he will pay for his crimes.

Inari: You promise bro?

Naruto: I promise and I never go back on my word for that is my ninja way.

Inari: Thank you bro.

Inari fell asleep.

Naruto: You're welcome.

Naruto left and went back down to the kitchen.

Tsunami: Dinner's ready guys.

Nicole: Okay. We have a week before we face Gato. Me and Lincoln are gonna go to the Mist to stop the Bloodline Holocaust. I'm gonna leave some Shadow Clones behind and train you guys until then. If Inari wants to he can train with us.

Tsunami: I'm sure he would like that.

Nicole: Cool.

The next day Inari was training with Naruto, Sakura, Fu, Juri, Ami, Akiko, Sasuke and Rin and Nicole and Lincoln set out for the Mist. They flew toward the Mist and in a forest in the Land of Water they saw some Mist Shinobi attacking a Kunoichi from the Sand. She was exhausted.

Nicole: Lets go buddy.

Lincoln: Right.

They flew in.

Mist Shinobi: Now you will die Pakura of the Scorch Style.

Just as he was about to deliver the final blow Lincoln swooped in and grabbed her and saved her.

He had her in his arms bridal style and his wings were spread and flooded with lightning.

Lincoln: Are you all right?

Pakura: Yes thanks to you.

Nicole: You Mist Shinobi are really stupid aren't you? Lets see how you like spending an eternity in the Netherworld.

Nicole fired a Ki blast and vaporized the Mist Shinobi instantly.

Nicole: Bunch of stupid neanderthals.

Lincoln set Pakura down.

Pakura: Thank you both for saving me.

Lincoln: You're welcome.

Pakura: I'm Pakura of the Scorch Style.

Nicole: It's a pleasure to meet you. I'm Nicole Knudson of the Star Dragon, Leader of Team Cosmic Dragon for the Leaf.

Lincoln: And I'm Lincoln Loud of the Lightning of the Thunderbird.

Nicole: We heard about how you became the Hero of the Sand by stopping the Sand-Rock Feud.

Pakura: Yes. That is my biggest achievement.

Nicole: Why were those Mist Shinobi going to kill you?

Pakura: I was sent here as an envoy for the Sand to go to the Mist and establish an alliance. But now I see that I was betrayed and sent to my death.

Lincoln: The Corruption of The Sand Council. They must've gone behind the back of the Kazekage and gave you that fake mission.

Nicole: That is highly likely Lincoln and now we know that no village is safe from the corruption of the Civilian Councils of the 5 Great Nations. We have to stop this.

Pakura: I have a feeling you're right. I can't go back to the Sand knowing that they will find ways to kill me. I would like to seek asylum in the Leaf.

Nicole: That is your choice.

Lincoln: We're going to stop the Bloodline Holocaust in the Mist and we believe that the 4th Mizukage is doing this against his will.

Pakura: That is a very strong possibility and rumors have been flying around about that. I will gladly help you.

Lincoln: All right lets go.

Nicole, Lincoln and Pakura ran into the Mist and saw the village in total turmoil.

Nicole: This whole village is in Chaos.

Lincoln: Yeah. No kidding. I can't believe that the Mizukage is doing all of this.

Nicole: We have to look for the leader of the Bloodline Rebels Mei Terumi.

?: I can show her to you.

They saw a kunoichi.

Nicole: Where is she?

Ruka: My name is Ruka. Follow me.

Ruka lead them to a tent and they found a beautiful woman that was dressed in blue and she had long red hair.

Mei: Ruka who are these people you have here?

Ruka: My apologies Lady Mei but these people have been looking for you.

Nicole: It's a pleasure to meet you Mei. We were told by Zabuza Momochi to find you. I'm Nicole Knudson of the Star Dragon and Leader of the Leaf's Team Cosmic Dragon.

Lincoln: I'm Lincoln Loud of the Lightning of The Thunderbird.

Pakura: And I'm Pakura of the Scorch Style and former Sand Shinobi.

Mei: It's a pleasure to meet all of you. I take it that you're gonna help us stop the Bloodline Holocaust.

Nicole: Yes. We heard a lot about all things that have been happening because of it from Haku Yuki, Zabuza Momochi's adopted daughter and she has the Ice Style Kekkei Genkai.

Lincoln: We promised Zabuza that we would one day come to the Mist and stop the Bloodline Holocaust.

Mei: Well it's good you guys did. We greatly appreciate it.

Chojuro: It's an honor to have you help us. I'm Chojuro, one of the Seven Ninja Swordsman of the Mist and one of Lady Mei's bodyguards.

Ao: I'm Ao. It's an honor.

Nicole: Pleasure to meet you both. We heard rumors flying around that the 4th Mizukage is being manipulated somehow.

Mei: You heard right.

Pakura: It's not just in the Mist but all over the 5 Great Nations.

Nicole: We will gladly help you out. We're going to try and talk to the Mizukage and see if we can stop this madness and confirm our suspicions. If things start to go south launch your attack.

Mei: You got it. Be careful.

Nicole: We will. Lets go.

Nicole, Lincoln and Pakura went into the Mist Administration building and knocked on the door of the office of the Mizukage.

?: Come in.

They went in and stood before the Mizukage. It was Yagura the 4th Mizukage.

Nicole: Are you the 4th Mizukage?

Yagura: Yes I am. I'm Yagura the 4th Mizukage. It's an honor to meet you Nicole Knudson of the Star Dragon and Lincoln Loud of the Lightning of The Thunderbird and Pakura of the Scorch Style.

Nicole: It's an honor Lord Yagura. (In her Head) I sense a genjutsu on Yagura. Our suspicions are confirmed and the chakra signal is that of the Rogue Uchiha that we're going to kill in the future.

Nicole snapped her fingers and the Genjutsu was released and Yagura was confused.

Yagura: What? What happened?

Nicole: You were under the influence of a Genjutsu and it made you cause a civil war in the Mist against all the clans and shinobi that possess Kekkei Genkai.

Lincoln: We promised Zabuza Momochi a year and a half ago that we would try and find a way to stop this madness. Pakura here has been betrayed by her former village the Hidden Sand and they sent her to her death on a fake envoy mission.

Pakura: It was because of the corruption of the Sand Council.

Nicole: You were under the influence of a Mind Control Genjutsu that was from a Rogue Uchiha that was responsible for the 9-Tails Attack on the Leaf 13 years ago and he's the Number 1 Target of Team Cosmic Dragon for us to kill.

Yagura saw what has been happening and saw that Nicole and Lincoln were right.

Yagura: I have to stop this.

Yagura got on the P.A. system.

Yagura: Everyone stand down now! Gather in front of the Administration building now.

Everyone gathered in front of the Mist Administration Building.

Yagura: My people of the Hidden Mist Village. This war was a fraud. I was under the influence of a Mind Control Genjutsu from a Rogue Uchiha that caused the 9-Tails Attack nearly a decade and a half ago.

Everyone gasped in horror.

Yagura: I was forced to launch this Civil War against my will and destroy all shinobi and clans wielding Kekkei Genkai and my actions were not my own. Therefore I have decided that I have failed you all as the 4th Mizukage and have decided to step down as the Mizukage. My last act as the 4th Mizukage is for Nicole, Lincoln and Pakura. Bring out THE medals.

A ninja came and he had a box with him. Yagura took a medal out.

Yagura: Nicole Knudson of The Star Dragon, Lincoln Loud of the Lightning of The Thunderbird and Pakura of The Scorch Style on behalf of the Land of Water and the Village Hidden in The Mist I bestow upon you three our nation and villages highest honor: The Sapphire Star of the Heart of Water.

He placed the medals around their necks and everyone cheered wildly for them.

Nicole: I'm honored Lord Yagura.

Lincoln: Me too.

Pakura: Same here.

Yagura: Now I have also named my successor. Mei Terumi come up here please.

Mei Terumi came up to the balcony.

Yagura: Mei Terumi I now name you as my successor as 5th Mizukage of The Hidden Mist Village.

Yagura placed the hat of the Mizukage on Mei's head and everyone cheered for her.

Mei: Thank you everyone.

Nicole: It's an honor to be in your presence Lady Mei.

Mei: Thank you Nicole.

After the celebration Mei called Nicole, Lincoln, Pakura and Yagura into her office.

Mei: We can't thank you three enough for saving our village in a time of crisis.

Nicole: It was our pleasure Lady Mei.

Lincoln: We're glad we could help.

Mei: We would like to reinstate our alliance with the Leaf. Please give this to Hiruzen for me will you?

Mei handed Nicole an alliance reestablishment treaty.

Nicole: I will see that he gets this.

Yagura decided that he was going to seek asylum in the Leaf because he feared that the Mist would try and kill him. Mei accepted. Nicole used Instant Transmission and beamed herself, Lincoln, Pakura and Yagura to the Wave in front of Tazuna's house.

Naruto saw them.

Naruto: They're back.

Nicole's Shadow Clone dispelled and Nicole recieved it's memories.

Naruto: So how did it go sis?

Nicole: The Bloodline Holocaust is over bro.

Sakura: That's great.

Nicole: Lets go inside and tell you all about it.

They did so and revealed everything that's happened and they were shocked.

Naruto: So the Rogue Uchiha caused the Bloodline Holocaust?

Nicole: Yeah. He was controlling Yagura with a Mind Control Genjutsu and he forced Yagura against his will to launch a Civil War against all Kekkei Genkai Wielders.

Lincoln: It was horrible. We broke the genjutsu controlling him and we were given the village's highest honor for it.

Nicole: The Sapphire Star of The Heart of Water.

Akiko: I've heard of those medals. Every major village of the 5 Great Nations has medals like that. They are awarded to a Shinobi, Kunoichi or Civilian that's either from that village or outside that village for a heroic deed above and beyond the call of duty for doing a huge and major contribution for that village and land in general.

Ami: That is a huge achievement.

Naruto: It sure is and it's awesome sis.

Nicole: Thanks guys.

Lincoln: We have 5 more days until we face Gato and take him down for good.

Nicole: Yep.

Pakura: Gato will pay dearly for this.

Yagura: He sure will.

5 DAYS LATER.

Team Cosmic Dragon, Inari, Pakura and Yagura were on the bridge ready to face Gato.

Nicole: This is it team.

Naruto: Gato will pay with his life.

Lincoln: Yep.

Zabuza and Haku appeared.

Zabuza: You all arrived. Good.

Nicole: Hello Zabuza. Did Gato receive our message?

Zabuza: He sure did and he was infuriated. He's on his way now.

Sasuke: Good. He will pay with his life.

Nicole: Let him come.

2 Minutes Later Gato arrived and he had an army of Thugs with him.

Nicole: Gato. How nice of you to show up. You're gonna pay for everything you've done to the Wave. Your Reign of Terror ends right now.

Gato: I don't think so. This land is mine and you all won't stop me.

Nicole: We will.

Nicole fired an energy wave and completely vaporized most of Gato's thugs.

Nicole: That was a small taste of my power.

Gato: You wretched girl! Triple Pay! Kill them all!

Nicole: Kill them!

(CRIMSON FLAMES PLAYS)

They charged and the thugs were all killed in an instant. Inari was facing Gato and he was armed with a sword.

Inari: You will pay for killing my father Kaiza.

Gato: So you are avenging your dear daddy. Now you will join him in the Netherworld!

Inari: You're the one going to the Netherworld!

Inari punched Gato in the mouth and slashed his face. Inari kicked him in the stomach and punched him in the chest and fired a fireball from his hand and it hit Gato in the chest and exploded. When the smoke cleared Gato had a hole in his chest that left his black and evil heart completely exposed and his heart was an evil alive black heart.

Nicole saw this after killing the last of Gato's thugs.

Nicole: That is one evil heart. That heart is from the darkest pits of the Netherworld itself, A demon heart.

Nicole pulled out a pistol and fired a bullet.

BANG!

The bullet when right through Gato's black heart and out his back and Inari slashed Gato's head clean off his shoulders.

Inari: DIE YOU WORTHLESS MONSTER! THIS IS FOR MY DAD!

Nicole: People like you deserve to be damned!

Pakura threw a ball of fiery heat and Gato's body shriveled up like a raisin and was a mummified husk.

Rin fired a blast of fire and incinerated Gato's body and head into ashes in an instant.

Naruto: That takes care of Gato. Good riddance to bad rubbish.

Fu: Yep. I hope he enjoys the Netherworld because he will be there forever.

Sakura: And he will be forever damned.

Nicole: Yep. Greed is a cardinal sin and he will spend eternity in pain and torture.

Lincoln: Good riddence.

Nicole: Lets go search Gato's house and rescue all his prisoners.

Naruto: Right.

They go to Gato's mansion and after killing all his guards began searching the place. They found all the money he stole over the years and a found a major discovery. They found a huge cache of swords and weapons from various clans. Some from the Uchiha, the Uzumaki and various clans that went extinct centuries ago.

Naruto: Some of these weapons belong to my clan.

Sasuke: Yeah and these are all weapons from the Uchiha.

Fu: And some of these weapons are from extinct clans.

Rin: It's amazing.

Nicole: Yeah. How did Gato get his hands on all these weapons?

Sakura: I have no idea but he sure has been busy.

Pakura: He was probably going to sell all of these weapons on the black market.

Yagura: That is possible.

Inari: This is amazing.

?: Hello? Is someone out there?

Naruto: The prisoners are down here.

Nicole: Lets go.

They go down the hall and found a prison cell full of captive women.

Nicole: Are you all okay?

Woman 1: Yes we are. Get us out before Gato comes back.

Nicole pulled off the barred door.

Nicole: Gato is dead. We killed him.

Woman 2: He's dead?

Nicole: Yeah. We sent him off to the darkest pits of the Netherworld for eternity.

Woman 3: We're free!

They all cheered.

Nicole: We're glad we could help you all. We are Team Cosmic Dragon.

Yamiko: We've heard so many big things about you. I'm Yamiko Kaguya, the last surviving female member of the Kaguya Clan.

Naoko: I'm Naoko Kessai, Last of the Kessai Clan.

Mira: I'm Mira Ningyo, last of the Ningyo Clan.

Nicole: It's a pleasure to meet you all. I'm Nicole Knudson of the Star

Dragon, Leader of Team Cosmic Dragon.

Lincoln: I'm Lincoln Loud of the Lightning of The Thunderbird, 2nd in Command of Team Cosmic Dragon.

Naruto: I'm Naruto Uzumaki Namikaze.

Sakura: I'm Sakura Haruno.

Fu: I'm Fu.

Juri: I'm Juri the Sea Dragon Maiden.

Ami: I'm Ami Mitarashi the Cobra Swordmistress.

Akiko: I'm Akiko Suzuki the Maiden of The Nebula.

Sasuke: I'm Sasuke Uchiha the Last of The Uchiha Clan.

Rin: And I'm Rin Nohara the Phoenix Angel.

Pakura: I'm Pakura of The Scorch Style, Former Sand Shinobi.

Yagura: I'm Yagura Karatachi the former 4th Mizukage.

Inari: And I'm Inari, Shinobi in training.

Yamiko: It's a pleasure to meet you all. Thank you all for rescuing us.

Nicole: You're welcome. Now lets get you all out of here.

They went back to the Wave and everyone cheered wildly for Team Cosmic Dragon. After the bridge was finished, Tazuna held an unveiling ceremony for something.

Tazuna: It is with Great pleasure that I officially christen this fantastic bridge as the Bridge of Cosmic Hope and I graciously present this magnificent statue for the Land of Waves.

A tarp came off and revealed a gold statue of Team Cosmic Dragon standing on a Saturn Planet with jewels of each color of the rainbow held in their left hands and Gato's severed head was held in Nicole's right hand and a dragon was around them and the planet.

Nicole: Wow! What a magnificent work of art.

Naruto: It's an amazing statue.

Tazuna: Thank you. This statue is to commemorate the heroic actions you all did for the Land of Waves and freeing our land and village from the tyranny of Gato.

Everyone cheered for them.

Nicole: We're truly honored everyone. We couldn't have done all this without all of your help and with the teamwork, strength, power and support of all of you.

Tazuna: You are so welcome everyone.

Nicole: Well guys. Mission complete. This mission went from C-Rank to Double S-Rank and we have succeeded.

Kakashi appeared in a puff of smoke.

Kakashi: Hey guys.

Nicole: Hey Kakashi-sensei. Were you watching us from the shadows?

Kakashi: I sure was and I'm very proud of all of you. You all have succeeded in your first ever Double S-Rank mission.

Nicole: Thanks Kakashi-sensei. We have quite a report for when we get back. We also have some new people joining us.

Kakashi saw Yamiko, Naoko, Mira, Tsunami, Inari, Zabuza, Haku, Pakura and Yagura and he was shocked.

Kakashi: Zabuza Momochi the Demon of the Mist.

Zabuza: Kakashi Hatake of the Sharingan. I've heard so many big things about you.

Kakashi: It's mutual.

Haku: It's a pleasure to meet you Kakashi.

Later they were in the Administration Building and Nicole knocked on the Hokage Office Door. Zabuza went back to the Mist.

Lord Third: Enter.

They went in.

Lord Third: Ah Welcome back Team Cosmic Dragon. How did the mission go?

Nicole: It was a 100% success Lord Hokage. It went from C-Rank to Double S-Rank.

Lord Third gasped.

Lord Third: Please explain what went down.

Nicole: Certainly. When we left the village we had a run in with the Demon Brothers of The Mist and Rin blasted them with a Fireball and we captured them.

Lord Third: So that's what that explosion was.

Rin: Yes. Here's the scroll containing the Demon Brothers.

Rin hands Lord Hokage a scroll.

Lord Third: Thank you Rin.

Rin: When we got to the ocean we took a boat Tazuna had to the Land of Waves and we couldn't walk on the water or we would be detected. We walked to Tazuna's house and we heard some rustling in a nearby bush.

Naruto: It was actually Haku's Little White Rabbit she has with her. Zabuza's Sword the Executioners Blade flew over us after sis told us to duck and we saw Zabuza standing on the hilt. We had a reunion with him after a year and a half.

Nicole: On our training trip we saw Zabuza and Haku being harassed by Hunter Ninjas and we appeared and scared them off. Zabuza and Haku are dear friends to us and we promised that whenever we got a Mission to The Land of Waves that we would go over to the Mist and stop the Bloodline Holocaust. Oh.

Nicole pulls out the Alliance Reinstatement Treaty.

Nicole: Here's an Alliance Reinstatement Treaty from the new Mizukage Mei Terumi.

Lord Third: Thank you Nicole. It's good that the Mist now wants to reestablish our alliance with them.

Nicole: Yeah. Anyway after our reunion I had Zabuza give Gato a message from us. I told him that Team Cosmic Dragon will kill Gato and make him pay the ultimate price for everything he has done to the Wave. Zabuza left and we would see him and Haku in a week.

Fu: After we arrived at Tazuna's house we were Reunited with Tsunami here. She is Tazuna's daughter.

Tsunami: It's a pleasure to meet you Lord Hokage.

Lord Third: Pleasure's all mine Tsunami.

Naruto: We sat at the table and I asked Sasuke why he wanted to kill Itachi and we decided to reveal the truth on why Itachi killed the Uchiha that night.

Lord Third: Does Sasuke?

Nicole: Yes. Sasuke knows the truth about the massacre and he needs to have everything we told him confirmed.

Nicole pulled out the file and handed it to Lord Hokage.

Nicole: Itachi gave that file to us and told us to give it to Sasuke when the time came.

Sasuke: Is everything true Lord Hokage? Was my clan going to launch a revolt and destroy the village and was Itachi forced to kill all the Uchiha including me? And did Danzo Shimura order him to do it behind your back?

Lord Third Sighed.

Lord Third: Yes Sasuke he did and everything is true. Itachi was ordered to kill only the people that were going to launch the revolt and not the entire clan completely. Danzo's treachery completely destroyed the Uchiha and left you as the only survivor.

Sasuke: Thank you.

Sasuke left the office.

Nicole: He has to have some time to himself.

Lord Third: I understand. Please continue on Nicole.

Nicole: Right. I left a Shadow Clone behind and trained Naruto, Sakura, Fu, Juri, Ami, Akiko, Rin and Sasuke while Me and Lincoln went to the Mist to stop the Bloodline Holocaust. We saw Pakura here being attack by Mist Shinobi. The Sand Council's corruption sent her to her death.

Pakura: Yes Lord Hokage. I was sent to my death as a fake envoy by the Sand Council and Nicole and Lincoln saved my life.

Nicole: We assisted the Bloodline Rebels and went into the Mist Administration Building and met Yagura here. He was under the influence of a Mind Control Genjutsu from the Rogue Uchiha that caused the 9-Tails Attack 13 Years ago. We broke the genjutsu and Yagura stopped the Bloodline Holocaust and for our heroic actions we were award these.

Nicole, Lincoln and Pakura showed their medals.

Lord Third: The Sapphire Star of The Heart of Water. Congratulations to all of you Nicole.

Nicole: Thank you Lord Hokage. Yagura decided to step down as the 4th Mizukage and he made Mei Terumi his successor as the 5th Mizukage. We went back to the Land of Waves and prepared for the battle against Gato. We fought Gato and it was fierce. Uh.. Inari, Tsunami this part is gonna be a little gory and we don't want you two to hear this.

Tsunami: I understand.

Naruto: I'll keep you two company until we can come back in.

Naruto, Tsunami and Inari were outside the office and Nicole revealed all the gory parts and the ANBU hidden in the walls puked their guts out in the bathroom.

Nicole: I'm sorry I got you guys sick.

Lord Third: (Laughs) That's all right Nicole.

Nicole: Thank you. You can come back in now bro.

Naruto Tsunami and Inari did.

Nicole: We then raided Gato's mansion and retrieved all the money he stole and we found a huge cache of weapons from the Uchiha and Uzumaki clans and all the clans that went extinct centuries ago. We found the women Gato captured and freed them.

Yamiko: I'm Yamiko Kaguya the last female of the Kaguya Clan.

Naoko: I'm Naoko Kessai the Last of the Kessai Clan.

Mira: And I'm Mira Ningyo the Last of the Ningyo Clan.

Lord Third: It's a pleasure to meet you all. I've heard a lot about the Kaguya Clan. I am so glad that a member of the Kessai Clan is still alive. We thought we lost them after the Hidden Fire Village was wiped out.

Naruto: The Hidden Fire Village? I've heard about that village. It was destroyed by mysterious circumstances 10 years ago.

Lord Third: That's right Naruto and they were one of our most important allies. I'm also amazed that a member of the Ningyo Clan is still alive after all these years. We thought they were extinct.

Mira: I'm glad I'm all right too Lord Hokage.

Naruto: We completed the mission and we had the bridge named after us. Here's a picture of it.

Naruto handed him a photo of Team Cosmic Angel, Tsunami, Inari, Pakura, Yagura, Yamiko, Naoko, Zabuza and Haku standing in front of it.

Lord Third: Wow. That's an amazing achievement. You all have done a fantastic job and you have set history here. You became the first ever Genin Team to complete a Double S-Rank mission without the intervention of a sensei.

Kakashi: I watched their performance from the shadows and I'm very proud of them.

Lord Third: I'm sure Kakashi. Well done to all of you. You will be paid tomorrow.

Nicole: Thank you Lord Hokage and just as I promised I will tell you how to defeat the paperwork. Use Shadow Clones to Get the job done faster.

Lord Third suddenly realized that he knew the secret was right under his nose the whole time.

Lord Third pulled out a bullseye target that said "In Case of Paperwork Secret Bonk Head Here". He bonked his head repeatedly on the bullseye and said stupid over and over.

They laughed at this.

Lord Third stopped and made some Shadow Clones.

They left and went back to Naruto's house and Kushina hugged Naruto. Haku was instated as a Medic Shinobi for Team 9, Yamiko was placed on Team Cosmic Dragon, Naoko was placed on Team 8 and Mira was placed on Team 10. Inari was enrolled into the Academy.

Continues in Part 5.

# Shinobi of the Cosmic Storm p5

It was one month after the Mission to The Land of Waves and Team Cosmic Dragon was resting on the Bridge for their meeting spot and waiting for Kakashi to arrive.

Sasuke: So what does Kakashi-sensei have planned for us Nicole?

Nicole: We won't know until he gets here Sasuke.

Yamiko: If I may ask Nicole how did you come up with the name for our team?

Nicole: I got the idea for it from my moniker Nicole Knudson of The Star Dragon. I have a never before seen Kekkei Genkai called Star Style and I have a trademark technique that gave me that Moniker.

Yamiko: I see. That's very specific.

Nicole: Yeah.

Naruto: Yamiko were you looking for someone before you got kidnapped by Gato?

Yamiko: Yes I was. I was looking for my older brother Kimimaro. He disappeared 6 years ago after my clan was destroyed and I've been trying to find him ever since.

Naruto: You'll find him Yamiko. We promise you that we will find him.

Sakura: Yeah. We will find him.

Lincoln: Wherever he is, we will find him and help him.

Yamiko: Thank you guys.

Kakashi arrived.

Kakashi: Hey guys. Sorry I'm late I was helping an old lady carry her groceries to her house.

Nicole: To that house up there?

Nicole pointed to a house on a tall hill.

Kakashi: That's the one.

Naruto: That's a long way.

Kakashi: Yeah. But anyway I came to announce that there is no training or missions today. I have nominated you all for the Chunin Exams.

Nicole: The Chunin Exams. I can't believe it's that time again.

Fu: Time sure has flown by hasn't it?

Kakashi: Yes it has. The Hidden Leaf is hosting them this year so be at the Academy for the 1st test tomorrow morning.

Nicole: We'll be there sensei. Wish us luck.

Kakashi: I will.

Kakashi disappeared.

Nicole: Well guys lets walk around the village for a while.

Lincoln: Okay.

They walked around the village and discussed what the Chunin Exams were gonna bring.

Fu: I heard that there's gonna be some huge competition coming. Lots of genin from different villages are gonna attend.

Nicole: We're gonna have our work cut out for us. We met lots of ninjas on our training trip and done so much. I have a very strong feeling that something big is gonna happen later and we have to be prepared for it.

Rin: I have a feeling you're right Nicole.

Lincoln: Me too.

As they walked down the street a box-shape rock with eyeholes in it was following them.

Naruto: Hey sis don't look now but we have a pet rock following us.

They saw the "rock".

Naruto: Nice try Konohamaru but rocks aren't square and have eyeholes in them.

Konohamaru: (Laughing) You saw through my disguise again boss.

The box exploded into smoke and they heard coughing and out of the smoke came Konohamaru Sarutobi, Moegi Kazamatsuri and Udon Ise.

Naruto: Hey guys. You almost had us there but keep trying and maybe you'll get us one day.

Konohamaru: Thanks boss. Anyway you promised you would play ninja with us.

Naruto: You're right. We did didn't we? How has your training been coming along?

Moegi: Good boss. Pakura-sensei has been training us really hard.

Nicole: That's great guys. I'm glad she's teaching you unlike the closet pervert Ebisu.

Nicole pulls out a kunai.

Nicole: Go get it guys!

Nicole threw the kunai and Konohamaru, Moegi and Udon chased after it. Nicole and team chased them and Konohamaru ran into someone.

?: Hey watch where you're going you brat!

Nicole and team saw some familiar faces.

Nicole: Hey! Put him… Kankuro, Temari?

Kankuro: Nicole. It's been a while.

Temari: How have you guys been?

Nicole: We've been doing well.

Naruto: It's good to see you both again.

Kankuro: You too Naruto.

Naruto: Could you please put my friend down? He's the grandson of the 3rd Hokage.

Kankuro: Oh I'm sorry. I had no idea.

Kankuro did so.

Fu: So how have things been for you guys?

Temari: Great Fu.

Nicole: Is Gaara with you?

A swirl of sand appeared and Gaara appeared next to a tree.

Naruto: It's good to see you again Gaara.

Gaara: You too Naruto. Nicole, Sakura, Fu, it's been a while.

Sakura: That it has Gaara.

Nicole: Oh I'm sorry guys. We met the Sand Siblings on our training trip 4 years ago.

Naruto: Yeah. Gaara is the 1-Tail Jinchuriki and he has had a worse childhood than me.

Natsumi: Yes. Shukaku has always been the nutcase of the 9 Tailed Beasts and me and Naruto found out that Gaara's been having a lot of problems with him.

Gaara: Natsumi is correct. The Sealing Jutsu used to hold Shukaku into me was poorly created and faulty and I couldn't get any sleep and I was always awake all the time.

Nicole: It's true.

Sasuke: Oh man. Sorry. We're their teammates. I'm Sasuke Uchiha.

Ami: I'm Ami Mitarashi the Cobra Swordmistress.

Akiko: I'm Akiko Suzuki the Maiden of The Nebula.

Rin: I'm Rin Nohara, Veteran of The 3rd Great War.

Juri: I'm Juri the Sea Dragon Maiden.

Yamiko: And I'm Yamiko Kaguya.

Temari: Pleasure to meet all of you.

Gaara: Same here. It's an honor.

Kankuro: It's a pleasure.

Gaara: We have some disturbing information for you all. Orochimaru is coming to the Chunin Exams and he is going to be disguised as a Grass Ninja.

They gasped.

Nicole: How did you find this out Gaara?

Gaara: I have a techinique that's like a spy jutsu. I found out that Orochimaru is going to be launching a joint attack invasion with his village the Hidden Sound and the Hidden Sand Village on the Leaf during the Finals of the Chunin Exams.

Nicole: Orochimaru is coming. We knew that Orochimaru had something big planned in the future when me and Naruto rescued Rin from one of his labs but we had no idea that that's what he was planning. We appreciate this info Gaara.

Gaara: No problem Nicole.

Lincoln: We have to tell the Hokage right now!

Nicole: Right. Lets go.

In the Hokage's office, Lord Hokage was relaxing while his clones worked when Team Cosmic Dragon bursted in.

Nicole: Lord Hokage we have big problems!

Lord Third: What's wrong Nicole?

Nicole: We met our friends the Sand Siblings again and we found out from Gaara that Orochimaru is coming into the Leaf.

Lord Third Gasped.

Lord Third: Take five guys. [His clones dispelled] Orochimaru is coming?

Naruto: Yes Grandpa. Gaara said that he's going to launch a joint invasion with the Hidden Sand and his Village the Hidden Sound during the Finals of the Chunin Exams. Orochimaru is going to be disguised as a Grass Ninja so he can study all our Shinobi completely undetected.

Lord Third Gasped.

Lord Third: This is bad. I knew he was going to destroy the Leaf but I didn't think that he was gonna be doing something big like this. ANBU!

The ANBU arrived.

Eagle: Yes Lord Hokage?

Lord Third: We have a Triple S-Rank Emergency on our hands. My wayward student Orochimaru is going to invade the Village with a combined attack from the Sand and Sound Villages during the Finals. Recall all of our Shinobi and tell them to return to the Leaf immediately. Also when the Exams begin keep a strong eye on all Grass and Sound Shinobi and do not let any of them out of your sights.

Eagle: Right away sir!

The ANBU vanished.

Lord Third: Thank you for telling me this guys.

Nicole: You're welcome Lord Hokage. Also I'm willing to bet 1,000 bowls of Ramen that Orochimaru is here to get Sasuke into his pedophilic clutches and steal his body for the Sharingan.

Lord Third: I have a feeling you're right Nicole. I will call back my student Jiraiya and let him know.

Nicole: Okay. Also we can now destroy Orochimaru for good this time. We're going to face Orochimaru and make him pay for everything he has done. He's number 2 on Team Cosmic Dragon's hit list and he will be the perfect target to test the full extent of our skills.

Lord Third: I have a very strong faith that you can do it. This will be your ultimate test. It's a Triple S-Rank Mission and your mission is to kill Orochimaru.

Nicole: Affirmative Lord Hokage.

Naruto: We won't let you down grandpa.

Lincoln: You can count on us sir.

Nicole: Hands in. [They put their hands in]

ALL: TEAM COSMIC DRAGON SOAR!

Nicole: All right lets prepare for our mission.

Naruto: Right.

They got ready for the Chunin Exams. The Chunin Exams began and the first test was in the Academy.

Nicole: So the first test is at the Academy.

Naruto: Yep. It's been a while since we've been back here.

Fu: It sure has.

Juri: The first part of the exam is in Room 303 on the third floor.

Lincoln: I sense Orochimaru's presence here. We can't let him affect us in any way.

Nicole: Yeah. Orochimaru has been known to be a talker and he likes to mess with your head. So if he talks don't listen to him.

Sasuke: Right.

Sakura: We heard about that.

Rin: We will make him pay for his crimes.

Nicole: Yeah.

They saw a hallway and it had a genjutsu around it. It was made to look like the third floor. Neji, Tenten, Lee and Haku were there.

Nicole: It's a genjutsu created to weed out the weaker contestants. I got this.

Nicole walked up to the illusion.

Nicole: Neji, Tenten, Lee, Haku how are you all doing?

Neji: We're fine Nicole. Thank you.

Tenten: It's been a while hasn't it?

Nicole: It sure has. I got this.

?: Turn back now. In these exams lots of people have died and never made it back.

Nicole: I know what you're trying to do and it won't work now drop the genjutsu [Forms a Ball of Ki in her hand] or I'll blast the door and you.

They were scared and the genjutsu dropped.

Lee: That was youthfully clever Nicole.

Nicole: Thanks Lee.

Naruto: That was to weed out the weaker contestants.

Nicole: I know but what fun would this be if we didn't have a lot of competition?

Naruto: You have a point there.

Nicole: Well lets continue up to the third floor.

They walked up the stairs.

Nicole: So how's your training under Guy-sensei going Lee?

Lee: It's been going good Nicole. Guy-sensei is the most amazing and most Youthful sensei ever.

Naruto: I believe it.

Sakura: Me too.

They got to the classroom they were told to go to.

Nicole: This is it. Room 303. The exam doesn't start for 20 minutes so we'll wait.

They sat down in some chairs and began talking. Numerous genin from different villages came and some of them they knew. It was quite a reunion. Genin from the Rock, Mist, Cloud, Sand, Grass, Sound, Star, Waterfall, Rain and Lock villages were all there.

Nicole: Wow. We have a huge amount of competition this time. This is perfect.

Naruto: It sure is.

Lincoln: Lets scan some of their minds and see if any of them need help or more.

Nicole: Good thinking Lincoln. We learn more about them and we find who is in trouble and we can find Orochimaru in the process as well.

Nicole scanned them with her Telepathy and found some shinobi with very disturbing pasts and she found out some terrible things about a girl from the Sound. She scanned a particular Grass Ninja and she saw Orochimaru in disguise.

Nicole: Guys huddle.

They huddled.

Nicole: (Whispering) I found Orochimaru. He's that Grass Ninja right there.

Nicole pointed to the Grass Ninja.

Naruto: It's him all right. I can sense his evil Chakra.

Sakura: How are we gonna kill him?

Nicole: We're gonna have him come to us and trap him and then we're gonna kill him in Space.

Akiko: Oh I get it. Leave that to me.

Nicole: Bingo. Here's what we do.

Nicole whispered her plan and it was a genius one.

Ibiki Morino appeared.

Ibiki: All right maggots into the classroom.

They went in and the Written Test began. Team Cosmic Dragon finished 2 minutes in.

Naruto helped the Sound Kunoichi by sending her the answers telepathically. She smiled at him and thanked him with a wink.

Naruto saw a girl with red hair and red eyes. She was an Uzumaki.

After the test was done Ibiki played mind games with them. But

Nicole and Team Cosmic Dragon were not going to let them affect them.

Nicole: Can the Mind Games Scarface! We know what you're trying to do and it won't work. I have a mind game for you: WELCOME TO YOUR WORST NIGHTMARE!

Nicole's eyes glowed red and Ibiki suddenly found himself in a nightmare universe of horrific proportions. Ibiki was being tormented by evil monsters, goblins, demons, souls from the Netherworld and creatures of such indescribable horror that he was screaming like a little girl.

In the real world Ibiki was shaking in fear in a fetal position and foaming at the mouth and he was completely paranoid.

Naruto: I think you broke him sis.

Nicole: I know. But it turns out he's all talk and no action.

Anko came in with one of her entrances.

Anko: HERE'S THE SEXY AND SINGLE ANKO MITARASHI! READY TO GIVE YOU YOUR SECOND TEST!

Nicole: Nice entrance Anko-sensei.

Anko: Thank you Nicole. [Sees Ibiki shaking in fear] What happened to Ibiki?

Nicole: He was playing his mind games on us and I was too smart for him. I used a deadly genjutsu on him that destroys the targets sanity with pure fear. My big brother Jared made this technique and me and my siblings learned it from him. It's called Malevolent Insanity.

Naruto: It's true Sister Anko. Nicole showed us this power and it is horrifying. When the target looks right into Nicole's eyes they get taken to a Nightmare Universe that is really horrifying and it is not pretty. The target is trapped in this universe for however how long the user decides and it completely destroys the targets sanity with fear and their worst nightmares come to life.

Everyone gasped in horror.

Kiba: That sounds like a jutsu of incredible fear.

Ino: No kidding.

Fu: It's true guys. Nicole showed us the Universe that it takes the target to and it is horrifying.

Anko: I must admit Nicole that is really sadistic. I like it. I'm very impressed.

Nicole: Thanks Anko. Oh. [She gives Anko a message] Could you give this to Lord Hokage for us?

Anko: Sure Nicole. [Takes the message] All right maggots your 2nd test is at training ground 44. Meet me there in 1 hour. Don't be late.

Anko left through the window.

Later they were walking towards Training Ground 44 and they arrived in 45 minutes.

Nicole: The Forest of Death. I had a feeling that Anko would hold the 2nd Test here.

Ami: Anko lives here and I know this forest like the back of my hand.

Naruto: We all do Ami. Team Cosmic Dragon has been in here before.

Nicole: Yep. This is gonna be sweet.

Anko arrived.

Anko: You guys are early.

Nicole: Being early is a key variable to being a shinobi.

Anko: Well said Nicole.

Naruto: How's the fresh meat in bandits and criminals we brought for you Anko?

Anko: Delicious Naruto. Their blood was tasty.

Fu: Good. Eat their legs off for us.

Anko: Oh I will. Now it's time for your 2nd test. Welcome to Training Ground 44 or as I like to call it The Forest of Death - my own little playground.

Sasuke: This is gonna be interesting for all of us.

Anko: I know.

Anko went over the rules of the test and gave each team a scroll. She gave them either a Heaven or Earth Scroll.

Team Cosmic Dragon had a Heaven Scroll.

The test began and Team Cosmic Dragon was dashing through the forest. They encountered a Rain Ninja Team right off the bat and beat them and found the scroll they needed: The Earth Scroll. When they left they heard malevolent laughter.

Nicole: (In her head) Right on schedule.

Out of the trees came Orochimaru disguised as a Grass Shinobi.

Orochimaru: Well hello there. It's nice to finally meet you all.

Nicole: It's mutual Orochimaru of the Sannin.

Orochimaru revealed himself and Akiko activated her Nebula Transmorgrification abilities and the area turned into the Carina Nebula in the Constellation of Carina the Stern.

Nicole: (Echoing) Wow!

Naruto: (Echoing) Where are we?

Nicole: I know this Nebula. It's the Carina Nebula. One of the most productive star-producing nebulae in the galaxy.

Akiko: (Echoing) Yes. I figured it would be perfect for our trap.

Orochimaru: (Echoing) You tricked me!

Nicole: You fell right into our trap Orochimaru and our mission is to kill you.

Sasuke: (Echoing) You plagued the 5 Great Nations for far too long.

Fu: (Echoing) And now it ends.

Nicole: It's time for you to die.

Nicole then went Super Angel 3 and they spread their wings and savagely overwhelmed Orochimaru with incredible ferocity and power. Akiko's Nebula Transmorgrification abilities completely neutralized Orochimaru's Chakra and made him unable to use any jutsu. Orochimaru was completely powerless against them.

Nicole: All right guys I think I'll have some fun with him before I kill him.

Naruto: Go for it sis.

Sakura: (Echoing) Show no mercy.

Nicole: I don't intend to.

Nicole punched him in the face and knocked out some of his teeth.

Nicole: Has anyone ever told you that you put on Tsunade's make up to make yourself look pale?

Orochimaru: Why you?!

Nicole: I struck a nerve didn't I? (Taunting) I can understand why you're a gay homicidal megalomaniacal pedophile that loves little boys.

Orochimaru was infuriated and he tried to punch and kick Nicole and she kneed him in the stomach.

Nicole: Your breath is terrible Orochimaru. What did you do get a drink out of a toilet that hasn't been cleaned in over 20 years?

Orochimaru was getting madder and madder by the second. Nicole kicked him in the back of the head.

Nicole: How do you sleep every night Orochimaru? Do you sleep with a nightlight and a teddy bear?

Lincoln, Naruto, Sasuke and the girls were laughing like crazy.

Nicole punched him in the nose.

Nicole: I checked your Blue Book value on your brain Orochimaru and it said that it's worthless and you're in need of a brain transplant.

Nicole got behind him and channeled lightning into her fingers.

Nicole: LIGHTNING STYLE LEAF VILLAGE SECRET FINGER JUTSU: 1000 SHOCKING YEARS OF DEATH!

Nicole jabbed him in the butt and sent him flying and he was electrocuted. Orochimaru was floating in space.

Nicole: Has anyone ever told you that you wet the bed?

Orochimaru was completely humiliated and made into a total laughingstock. He got himself together and he was completely enraged.

Orochimaru: YOU HAVE SOME NERVE MAKING ME INTO A JOKE! I'LL DESTROY YOU! I SWEAR IF IT'S THE LAST THING I DO! I AM NOT YOUR ENTERTAINMENT!

Nicole smiled with a malicious look.

Orochimaru was about to attack when Nicole went toward him at a blazing speed and she kicked him in the stomach with devastating force. The force of the kick was so strong that it damaged Orochimaru badly. Akiko deactivated her powers and the area reverted back. Orochimaru was really damaged and he was starting to get really sick.

Orochimaru: What have you done to me?

Orochimaru started inflating and he looked like he was gonna throw up.

Naruto: Oh man. Look.

Rin: Something is happening to Orochimaru.

Sasuke: He's sick.

Orochimaru was getting bigger and bigger and he was in a lot of pain.

Juri: Orochimaru's life force is draining fast and I sense something about to come out.

Sasuke: How can you tell Juri?

Juri: Watch.

Orochimaru suddenly puked with explosive power and out of him came 3 bodies and his sword.

Nicole: Blech! That was disgusting. Naruto, Sakura, Rin, get them to safety!

Naruto: Right.

They got the bodies away from the fight and Orochimaru started changing.

Fu: What's going on?

Orochimaru's hair became white as a ghost and his body became wrinkly and he aged rapidly and he looked like he was over 150,000 years old.

Sasuke: Whoa! Look at Orochimaru! He looks really old.

Naruto: Yes. We have won. Orochimaru was no match for our power.

Rin: Unbelievable.

Orochimaru looked at Nicole with extreme rage and unbelievable fury.

Orochimaru: GIRL! YOU WRETCHED INSECTS! YOU ALL MADE A FOOL OF ME!

Nicole: And we show no remorse in doing so. Time to die. Everyone together!

(Lion King's The Rightful King Music plays)

They savagely overwhelmed Orochimaru and he was completely powerless against them as the ferocious Fires of the Netherworld raged in the background and the fight was so explosively intense that it shook the entire fabric of the Universe to the very core and the entirety of the 5 Great Nations was feeling the sheer ferocity and viciousness of the fight. Lightning flashed in the storm clouds that built up over the forest and the Land of Fire and the power of the storms was incredible. The fight was so ferocious and explosive that it was unbelievable as massive explosions descimated the forest around them and thunderous shockwaves blasted apart the landscape with powerful force. They were going to make sure that Orochimaru pays the full extent of the ultimate price 100-fold for everything that he has done to the planet and send him off to the darkest pits of the Netherworld for all Eternity. Numerous Shinobi and Kunoichi from all over the Forest of Death arrived and watched the fight and everyone couldn't believe what they were seeing. Orochimaru the most dangerous Shinobi in the world and the greatest traitor since Madara Uchiha was being completely overwhelmed by 11 genin of incredible power. They stopped and Orochimaru was on his last legs.

Nicole: This is it Orochimaru. Now you die.

And then they fired a powerful energy blast and completely obliterated him in an instant.

Nicole: Have a fun time in the Netherworld Orochimaru. People like you deserve to be damned.

Naruto: Yep. Orochimaru got what he deserved.

Sakura: He sure did.

Suddenly Orochimaru's spirit appeared and Nicole pulled out a dark book. It was the Book of Vile Darkness.

4,000 years ago in the world of Dungeons & Dragons, Nhagruul the Foul, a malevolent sorcerer who got an extreme sick thrill out of causing death, destruction, pain and suffering was nearing the end of his life. He was completely consumed with hatred for all living things and he sold his soul to the demon lords of the abyss so that his Malevolent Spirit would survive after his body died. In an excruciating ritual his skin was flayed into pages, his bones were hammered into a cover and his diseased blood was transformed into the ink to pen the book that Nicole has. All those exposed to the book were driven insane and were corrupted by the wicked knowledge inside that they were forced to turn evil. The Book of Vile Darkness is an artifact of doom and it brought misery and bloodshed with it. Nicole was in the world of Dungeons & Dragons and she became a member of a powerful group of warriors. The warriors were called The Knights of The New Sun and they swore an oath to resurrect all hope in the land. The purity of their hearts was so powerful and great that Pelor the God of Light granted them powerful amulets with which to channel his righteous power of light. This pierced the shadow that had plagued the land for 1,200 years and cast it asunder. Nicole found the Book of Vile Darkness during the battle and her power completely destroyed Nhagruul's Evil knowledge in it and completely wiped the book clean of info. Nicole would use the book to capture the Universe's most evil villains and imprison them in the book forever.

Nicole: You are forever cursed to this book. [Chants an Incantation] "' **Aldruon Enlenthranel Vosolen Lirus-nor** !"'

Orochimaru's evil spirit went into the book and he was now forever trapped in it for all eternity. All the information on everything he has done, where his hideouts were located at, all the experiments he was doing over the years and more was written in it. Orochimaru's death was felt all across the 5 Great Nations like wildfire and the Curse Marks he gave to the people under his influence were completely destroyed. Orochimaru's reign of terror had been silenced forever and he is now paying for it in the Book of Vile

Darkness as his evil spirit had been consumed forever and he will never terrorize the world again.

It began to rain as if the skies were mourning the man Orochimaru once was.

Nicole: Come on guys. Lets head to the tower and round up any shinobi that need our help.

They left and they found the Uzumaki girl being attacked by a giant bear and Naruto swooped in and saved her. They also found the Sound Girl being assaulted by her teammates and Sakura saved her. They went to the tower and got there with only 4 and a half days to spare. They got in the Tower and the Uzumaki Girl, the 3 bodies and the Sound Girl were rushed to the infirmary. Sasuke kept Orochimaru's sword for his own.

In the Hokage's office they gave their report.

Nicole: And that's it sir.

Lord Third: Amazing. Absolutely amazing and incredible. Orochimaru was completely powerless against you all. Outstanding job to all of you. Well done to all of you.

Nicole: Thank you Lord Hokage. We still have all of his mess to clean up.

Lord Third: Yes I know. Now get some rest all of you. You all earned it.

Nicole: Thank you sir.

They left the office and Lord Hokage rested knowing that Orochimaru is gone and he will never terrorize the world again.

Continues in Part 6.

# Shinobi of The Cosmic Storm P6

4 Days passed and it was time for the Chunin Exam Preliminaries. Hayate Gekko was the proctor for this and he went over how the Preliminaries go down. A screen was brought in and it was gonna pick the people fighting who.

Battle 1: Nicole Knudson VS Zaku Abumi.

Nicole was in the arena facing Kin Tsuchi's former Teammate Zaku Abumi.

Nicole: So my opponent is gonna be you Zaku.

Zaku: Yes. You are gonna pay for killing Lord Orochimaru!

Nicole: Orochimaru got what he deserved and he is now forever damned just like you will be.

Zaku: No one is a match for the Sound!

Nicole: We shall see.

Nicole then snapped her fingers and the arena became two tall hills and on top of them were houses and they were firing bullets at eachother.

Lincoln saw this.

Lincoln: Whoa! I know this event. Nicole put us right in the middle of the Hatfields and McCoy's Feud.

Sakura: Hatfields and McCoys?

Lincoln: Nicole's sister Jessie is the history whiz of the family. She taught me and my family alot about history.

Sasuke: That's amazing Lincoln. What is this feud?

Lincoln: It happened from the year 1881-1889 and the Hatfields and

McCoys were hillbilly families that lived on the West Virginia-Kentucky Border in the United States of America and they were known for having the most brutal family feud in the history of the world.

Sakura: Boy these people must've hated eachothers guts with a terrible vengeance.

Fu: That is horrible. What caused this feud?

Lincoln: From what I was told, they were fighting because of the American Civil War, Land Desputes and Revenge killings. It ended with most of the Hatfields being imprisoned for life and one of them was condemned to be executed by Capital Punishment.

Rin: That feud was brutal.

Ami: No kidding. I may be sadistic and love seeing people suffer but this is more than just a feud. I would call it a massacre.

Sasuke: No kidding. They have to stop fighting or both sides will die.

Lincoln: They stopped in 1889 but they don't fight physically anymore. Their descendents made up in 1971.

Naruto: Well that's good. As long as they made up.

Fu: Yeah.

Naruto: I think I know what Nicole is gonna do. She's gonna beat her opponent first and then go into the event that she took us to.

Juri: That could be the case Naruto. Lets watch and see.

Nicole dashed and kneed Zaku in the crotch and punched him in the face and knocked him out.

Nicole: That was a waste of my time. Now to stop the Hatfield's and McCoy feud.

Nicole pulled out a scroll and she unsealed an Elephant gun. It was a modified Winchester 1901 rifle made into an elephant gun.

Nicole: I've always been a master sharpshooter with this.

Nicole loaded it and aimed it at the Hatfield's house.

Nicole: (Imitating Clint Eastwood) Go ahead. Make my day.

Nicole fired.

BANG!

The bullet blew a hole in the side of the Hatfield's cabin.

Naruto: Nice shot.

Nicole flew up to the Hatfield's House and the Hatfields saw Nicole pointing the gun at them.

Nicole: I am your Angel of Death here to deliver a warning. You all stop this brutal feud right now or you all will pay the Ultimate Price. (Cocks Gun)

William Hatfield: You don't scare us stupid girl!

Nicole: Oh no?

Nicole fired the rifle and it blasted off a Hatfield's leg.

BANG!

Nicole: Do I look like I'm scaring you?

The Hatfields were scared and they waved a white flag of truce and the Hatfields and McCoys were friends forever.

Nicole: That's better. Now shake hands.

They did so.

Nicole: Now hug.

They hugged.

Nicole: Thank you. Now never fight again (THREATENING) or

ELSE.

Nicole went down the hill and saw that Zaku was starting to get up.

Zaku: You wretch! I will kill you.

Nicole: I don't think so.

The arena reverted back and Nicole fired an energy blast and vaporized him in an instant. All that was left of him was his Sound Headband and Nicole slashed through the symbol and kept the headband as a trophy.

Nicole: For your crimes on this world you are sure to be damned.

Hayate: (Coughs) Nicole wins!

Everyone cheered.

Naruto: Way to go sis!

Nicole: Thanks bro.

Lincoln: You were awesome Nicole.

Luckily this was an alternate time and not the real thing.

Battle 2: Lincoln Loud VS Kankuro.

Lincoln was facing Kankuro.

Lincoln: Lets give them a good fight Kankuro.

Kankuro: I intend to Lincoln.

Nicole: I have just the event in history for this match.

Nicole snapped her fingers and the arena changed into the Siege of Yorktown during the American Revolutionary War.

Lincoln: I know this battle. This is the Siege of Yorktown during the American Revolutionary War in the 18th Century.

Kankuro: What was this battle known for Lincoln?

Lincoln: It was the final battle during the American Revolution. It took place in Yorktown, Colonial Virginia and it was the decisive battle that would decide if America would be free or forever part of British rule. This battle was in 1781 and we had the British outnumbered. Our troops were lead by General George Washington who would later become our great nations 1st President and one of the Founding Fathers of our country. The British couldn't go anywhere because the French Navy blocked off the coast leading in and out. The French decided to help us win the American Revolution because they hated England for the humiliating defeat they dealt them in an event called the Seven Years War in the 1750's. The French Navy blocked off the coastline and prevented the British from getting in or out and this lead to the Brittish surrendering back on October 19th, 1781.

Kankuro: Wow. That sounded like a tough battle.

Lincoln: Yep. But it was the battle that brought an end to the American Revolution and gave America its Independence.

Kankuro: That's amazing. I had no idea all this happened where you're from Lincoln.

Lincoln: It is cool huh? Lets show them a fun fight.

Kankuro got his puppet out and it was a cool one.

Lincoln: Awesome puppet Kankuro.

Kankuro: Thank you Lincoln. His name is Crow and the Hidden Sand is known for using them when we fight.

Lincoln: That is cool.

Lincoln spread his wings and flew into the air and fired lightning at Kankuro. Kankuro had Crow fly into the air and Lincoln and Crow got into a powerful fist and wood fist fight. Lincoln was blocking and dodging all of Crow's controlled punches and kicks and he was using Lightning fast speed and reflexes. They stopped 20 minutes later and Lincoln was still standing ready and Kankuro was getting exhausted.

Lincoln: You're good Kankuro. You have amazing control over your puppet and it is an amazing fighter. I have a cool trick for you.

Lincoln pulled out a flute and began playing Adrian Von Ziegler's Wolf Blood and Kankuro was feeling sleepy.

Kankuro: I'm feeling sleepy.

Kankuro fell asleep and the arena reverted back and Hayate checked him.

Hayate: Lincoln wins.

Everyone cheered for him and Lincoln went back up to the balcony.

Nicole: Great job buddy.

Lincoln: Thanks Nicole.

Fu: You were awesome Lincoln.

Lincoln: Kankuro's puppet gave me an amazing workout.

Naruto: It sure did.

Battle 3: Nicole and Naruto VS Mystery Opponent.

Nicole and Naruto were in a 2 on 1 battle against a mystery opponent wearing a cloak.

Nicole: I've got a very bad feeling about this guy bro. I'm sensing an enormous evil power on this guy.

Naruto: Yeah. I sense it too sis.

?: You should know who I am [Takes off his cloak] LOSER!

They saw that the mysterious stranger was an EVIL SASUKE! They gasped in horror.

Nicole: Sasuke?

Naruto: Sasuke?

Sasuke: Is that me?

Lincoln: This is the living embodiment of all of the evil that was inside your heart Sasuke.

Sasuke: How can that be Lincoln?

Lincoln: Remember how you were when we met?

Sasuke: Yeah. That was before I realized what I had become and learned the truth.

Lincoln: Yeah. You must've separated somehow without us knowing about it and this became an evil version of you.

Sasuke: That's a very strong possibility. I can't believe I was that evil and this is the monster I was.

Sakura: Yeah. But it's good that we helped you realize the error of your ways because of those doo-doo brains on the Civilian Council.

Fu: So those stupid Civilian Council Buttfaces now have a new toy.

Juri: Looks like it. The Hokage needs to get rid of those clods for interfering in our business.

Ami: Yeah. Some scum just will never learn.

Akiko: Can't argue with that.

Rin: Yeah. They just will never quit until they got what they want.

Back in the match Nicole and Naruto stood ready.

Nicole: So the beast has separated from it's master.

Naruto: Yep. Sasuke's evil is now on the outside for everyone to see.

Evil Sasuke: Shut up! You took everything away from me! I am the elite and the best there is and you took it all away from me!

Nicole: You had that coming to you because you're a cheater. You brought all that on yourself.

Naruto: That's right. You were made the dead last as a result of your own arrogance, greed, and delusional selfish ambitions.

Evil Sasuke: I am a weak loser now because of you and I will make sure that you suffer a thousand deaths for that!

Nicole: You're still as weak as you were in the Academy when I beat you and me and Naruto are now far more powerful than we were back than.

Naruto: That's right and we have a quality that you will never have.

Evil Sasuke: And what is that?

Nicole: The love and support of our friends and loved ones. That is true power. You will never have that because your heart is as black as that of evil in its purest form.

Evil Sasuke: HOW DARE YOU!? I AM YOUR SUPERIOR AND YOU WILL DO AS I COMMAND YOU! YOU WILL GIVE ME YOUR POWER AND TECHNIQUES NOW!

Nicole: We don't take orders from a pathetic has-been like you Sasu-gay! It's time to bring you down a huge number of pegs.

Naruto: Yeah.

Nicole snapped her fingers and the arena changed to the surface of the Volcano planet Mustafar.

Naruto: Whoa! What is this place?

Nicole: This is the planet Mustafar.

Naruto: The place where Jedi go to die in Star Wars?

Nicole: The very same place.

Naruto: Whoa! This planet looks incredibly hostile and inhospitable.

Nicole: It is. Now lets get him bro.

Naruto: Lets.

Nicole went Super Angel 4 and Naruto spread his wings and Leaves swirled around him.

Nicole: Lets dance Sasu-gay.

Disturbed Down With The Sickness Plays

Nicole and Naruto dashed and punched Evil Sasuke in the face and stomach and Naruto kicked him in the back and sent him into the air. Nicole teleported and dealt him a spinning axe kick to his stomach and Naruto fired an energy blast at his back and it exploded when it hit and burned Evil Sasuke bad as he fell and crashed into the ground with incredible power.

KABOOM!

Evil Sasuke got up and they saw that he had the Curse Mark from Orochimaru.

Nicole: So you got the Curse Mark from that homicidal megalomaniacal pedophile Orochimaru.

Evil Sasuke: I did and this power is great! I will now kill you for robbing me of my birthright!

Nicole: Come.

Nicole and Naruto punched him in the face and Naruto fired a blast of leaves at him and Evil Sasuke was in a tornado of leaves and they were cutting him up.

When it faded Evil Sasuke was a bleeding mess.

Evil Sasuke: YOU WRETCHED LOSERS! [Dashes away and flies through handsigns] FIRE STYLE: FIREBALL JUTSU!

Evil Sasuke fired a fireball at them and Nicole swatted it up into the air.

Nicole: My turn. [Forms a huge fireball in her hand] FIRE STYLE: FIRE HEAVEN!

Nicole threw a huge ball of fire at Evil Sasuke and he dodged it and the fireball exploded and engulfed much of the land in fire.

Naruto kicked Evil Sasuke in the stomach and punched him in the back of the head and he belched out a huge amount of blood. Naruto kicked him in the face and sent him flying and he crashed into a mountain and it buried him.

Evil Sasuke exploded out of the rubble enraged.

Evil Sasuke: I WILL NOT BE HUMILIATED LIKE THIS! MY SHARINGAN CAN FOLLOW ALL OF YOUR MOVES AND YOU WILL NOT STOP ME!

Nicole: Read this! KAIO-KEN TIMES 10!

Nicole was in a red aura and she dashed at a blazing speed and kicked Evil Sasuke in the face with devastating force and punched him in the stomach numerous times and kicked him in the crotch and he dropped like a sack of potatoes.

Nicole stopped and powered down the Kaio-Ken and Evil Sasuke was getting madder and madder by the second and his Curse Mark was spreading fast.

Nicole: Your Sharingan is completely useless against us. Our energy blocks the Sharingan's powers and renders us immune to it. Your precious eyes can't save you.

Naruto: That's right Sasu-Gay. You've lost.

Nicole and Naruto powered down.

Nicole: You've lost Sasuke. We're far more powerful than you ever will be in 10 million lifetimes and you never will match up to our power. Your good self has far more power than you.

Sasuke: That's right.

Sasuke came up to Evil Sasuke.

Evil Sasuke: You're me!

Sasuke: Not anymore. You were me before I realized the error of my ways. I was manipulated and pandered by those monsters on the Civilian Council and I want them to pay for using me like that. You, my evil self have disgraced the Uchiha Clan and completely ruined the good Shinobi name and tarnished everything a Leaf Shinobi stands for.

Nicole: That's right. [Walks up to Evil Sasuke and rips off his headband] You don't deserve to wear this.

Nicole placed it on the ground and fired a laser and burned a gash through the Leaf Symbol. The Arena reverted back and the ANBU came down and arrested the Evil Sasuke.

Nicole: Get him outta here.

Evil Sasuke: You will pay dearly for this Nicole! YOU ALL WILL PAY FOR THIS! I WILL KILL ALL OF YOU AND DESTROY EVERYTHING! DO YOU ALL HEAR ME!? YOU'RE ALL FINISHED!

Nicole: That will be the day.

Naruto: You will be dead long before we let you do that Sasu-Gay.

Hayate: Winners Nicole and Naruto.

Everyone cheered wildly for them and they walked up to the balcony.

Sasuke: Great job guys.

Nicole: Thank you Sasuke.

Sasuke: I can't believe I was like that. I was a total powerhungry megalomaniacal monster.

Naruto: That creature may be you but you will always be my bro and best friend.

Sasuke: Thanks Naruto. That means alot to me.

Battle 4: Sakura VS Ino.

Sakura was facing Ino in the fourth match.

Sakura: I never expected to face you Ino.

Ino: Me neither Sakura. Lets show them what we have learned.

Sakura: Wouldn't have it any other way.

Nicole: This is a battle between best friends guys. Ino and Sakura have known eachother since the Academy and they have a sister bond.

Naruto: Yeah. This is gonna be rough.

Lincoln: We'll find out who is stronger and who is a better friend.

Nicole: It's not gonna work like that but we'll find out shortly. I have the perfect planet for this. (Snaps Fingers)

The Arena changed into a beautiful swamp planet with a unique structure.

Sakura: Whoa! What is this place?

Nicole: This is the Alien Planet Meyphon VI located in the Cartwheel Galaxy 500 Million Light Years away from Earth. As you can see this planet is a swamp planet.

Ino: Wow! It's amazing. I had no idea that there's life on planets other than our own.

Sakura: I was shocked at first too Ino. One of Humanity's biggest mysteries was if we are the only planet in the Universe that has life on it and the answer is no we are not.

Ino: I believe it. These plants are amazing. They are unlike anything I've ever seen before.

Sakura: They are amazing huh? Now. [Spreads her wings of water]

Lets show them a good match.

Ino: Lets.

Sakura and Ino dashed and they engaged in a powerful taijutsu fight and Ino got punched in the face and went flying and she skidded on the water and rebounded and tried to punch Sakura. But Sakura punched Ino in the stomach and kicked into the air and Sakura flew up to her. Ino was in the sky and she regained her composure.

Ino: Take this Billboard Brow! [Forms a Handsign] Ninja Art: Mind Transfer Jutsu!

Ino tried to go into Sakura's Conciousness but Sakura's power was far too strong for her technique as a pink aura shielded her from the technique and sent a powerful mental backlash and it gave Ino a dizzying headache and Sakura grabbed her and threw her into the water.

SPLASH!

Sakura landed on the water and Ino surfaced.

Sakura: Are you all right Ino?

Ino: Yeah. Whoa! I have a tremendous headache and the area is spinning.

Sakura: Oh man. I have a powerful defensive aura that shields me from all the techniques of the Yamanaka Clan and renders me immune to them.

Ino: I had no idea that you were capable of doing that.

Sakura: Yeah. [To Hayate] I think Ino is too dizzy to continue.

Hayate: (Chuckles) Yeah you may be right Sakura. (Cough) Sakura wins!

The arena reverted back and Sakura walked Ino up to the balcony and sat her down. Rin was looking her over.

Rin: She's gonna be okay. She's got a headache from a powerful mental feedback spike from your aura Sakura.

Sakura: That's a relief.

Ino: Thank you Rin.

Naruto: You were amazing Sakura.

Sakura: Thank you Naruto.

Battle 5: Fu VS Dosu.

Fu was facing Dosu Kinuta.

Dosu: You will pay for killing Lord Orochimaru.

Fu: Orochimaru got what he deserved just like you are going to.

Fu spread her Fire Butterfly Wings and she held out her hand and a kaleidoscope of Firewing Butterflies appeared.

Fu: This is your death.

Fu sent the flaming butterflies and they swirled around Dosu and then without warning he was enveloped in a tornado of pure fire and he screamed as he was incinerated in an instant. When it faded all that was left was his charred skeleton.

Naruto: Whoa!

Juri: Unbelievable!

Ino: That was amazing.

Shino: Fu's Blazewing Kekkei Genkai is an amazing force to be feared.

Hayate walked over to the charred skeleton.

Fu: He's dead Hayate-sensei.

Hayate: You're right Fu. Fu wins.

Everyone cheered for her.

Battle 6: Hinata VS Neji.

The screen showed the next match: Hinata Hyuga VS Neji Hyuga.

Nicole: Oh man. This is bad.

Naruto: Yeah. Neji is full of hatred towards the Main House of the Hyuga Clan for the death of his father.

Lincoln: Why would he hate them like that?

Naruto: Neji thinks that Hiashi sent his brother Hizashi Hyuga who is his father to his death during the Hyuga Affair 9 years ago. A phony ambassador from the Cloud was sent by their corrupted Council to abduct Hinata so the Cloud can acquire the Byakugan. This was my first ever mission that I have done and I rescued Hinata and saved her from a fate worse than death.

Nicole: You told me about that Naruto. That was very heroic of you.

Naruto: Thanks sis. After the Cloud found out about this they demanded a member of the Hyuga be sent to the Cloud. Hizashi volunteered to take Lord Hiashi's place. And when a branch member of the Hyuga Clan dies, the Caged Bird Seal emblazened on their foreheads seals away the Byakugan forever to make sure that it doesn't fall into enemy hands to exploit for their own selfish purposes.

Nicole: That is an incredibly huge act of sacrifice for the Hyuga. But it made Neji an extremely hateful person towards the main house of the Hyuga Clan. And I'm willing to bet 15,000 bowls of ramen that those stupid old codgers on the Hyuga Council ordered Neji to kill Hinata and make Lord Hiashi suffer a crippling and humiliating blow.

Kakashi: I have a feeling you're right Nicole. But we don't have any evidence to act at the moment. By the way Naruto how did you know about the Hyuga Affair in all the details?

Naruto: Hiashi told me so himself. He was on Jiraiya-sensei's genin team with my father when he was a genin and my dad treated Hiashi like an older brother. Plus I warned Hiashi about it.

Kakashi: How did you do that Naruto?

Naruto: I overheard the Corrupted Hyuga Council talking and I saw and heard their whole conversation to Neji while transformed as a common housefly. I hid myself in the shadows of the Hyuga Clan compound and listened and watched. I immediately went to Uncle Hiashi and warned him about it.

Kakashi: That was very sneaky Naruto. You really are an amazing and completely unpredictable shinobi.

Naruto: Thanks brother Kakashi. I plan to reveal everything to Grandpa after the Preliminaries.

Nicole: Good thinking bro.

In the match Neji was looking at Hinata with extreme hate.

Neji: Lady Hinata you are not worthy to be a kunoichi or clan heiress. You are always fated to be a loser and a disgrace to the Hyuga Clan.

Naruto: Neji shut up! You don't have any idea what you are talking about. Your hate towards the entirety of the Main House of The Hyuga blinds you to the truth. [To Hinata] Hinata don't listen to his delusional taunts. He was ordered by those dumb idiots on the corrupted Hyuga Council to kill you. Let me show you.

Naruto's eyes glowed and showed everyone the corruption of the Hyuga Council and that they ordered Neji to kill Hinata and make Lord Hiashi suffer.

Naruto: This was taken from my point of view and I spied on the corrupted Hyuga and everything is legit.

Lord Third: So it is. Well done Naruto. I'm amazed you can do that.

Naruto: Me too Grandpa. I discovered on our training trip that I have telepathic powers.

Kakashi: That's incredible Naruto.

Lord Third: I agree Kakashi. Naruto you will be given S-Rank mission credit for exposing the treachery and corruption of the Hyuga Elders. ANBU!

The ANBU appeared.

Eagle: Yes Lord Hokage.

Lord Third: Arrest the Hyuga Council for Corruption, Attempted Murder, High Treason and Conspiracy.

Eagle: Right away sir.

Everyone cheered for Naruto.

Nicole: Well done bro.

Naruto: Thanks sis.

Sasuke: You have an amazing talent in exposing corruption Naruto.

Naruto: I don't know about that but thanks Sasuke.

Neji: Yes I was ordered by the elders to kill Lady Hinata and demoralize Lord Hiashi and make him suffer. I was fated to this.

Nicole: Fate is a meaningless menace Neji. Hinata, show him that everyones fate is never set in stone.

Hinata: Right! Neji it's time I show you just how wrong you are cousin.

Hinata dashed and used the Gentle Fist on Neji's face and kicked him in the stomach and hit his arm. This sent him crashing into the wall. Neji was buried under some rocks. Suddenly Hinata felt a massive power spike.

Nicole sensed it.

Nicole: Whoa! I sense an incredible power increase coming from Hinata. It's amazingly strong.

Naruto: What do you think it is sis?

Nicole: I don't know but it's going to make sure that Neji doesn't win.

Hinata's Byakugan became an advanced stage of the Byakugan and suddenly wings sprouted from Hinata's back and they were Indigo color.

Nicole: Whoa! Hinata is now a true angel!

Naruto: Incredible! Her Chakra Levels skyrocketed dramatically.

Sakura: Unbelievable!

Kakashi: I've only heard legends about this. Whenever a member of the Hyuga Clan has a pure heart and shows nothing but kindness and purity they gain an advanced form of the Byakugan called the Tenshi Byakugan and sprout a pair of Angel Wings.

Nicole: The Angelic White Eye. Incredible. I have an idea. [To Hayate] Hayate-sensei. Can Naruto join in the fight and help Hinata fight Neji?

Hayate: That would be an interesting match. (Coughing) What do you think Lord Hokage?

Lord Third: (Laughs) I think it would show that love is far stronger than hate. Go for it.

Hayate: All right.

Naruto came down and spread his wings.

Nicole: Go get them you two!

Naruto: We will. [To Hinata] Lets show Neji the power of Angels.

Hinata: Yes.

Neji got up and he was enraged.

Neji: You are both within my range.

Neji got into the Eight Trigrams stance.

Neji: EIGHT TRIGRAMS 64 PALMS!

Neji dashed and Naruto and Hinata blocked every single one of his strikes. Hinata's new powers enabled her to read Neji's mind and know where he's going to strike and Neji was powerless against their defense.

Naruto: Hinata lets show them a new technique I know with you.

Hinata: Right.

Naruto and Hinata held hands and he transferred his chakra and they flew into the air and became a phoenix.

Nicole: EVERYONE GET DOWN!

They all duck and covered and Nicole protected everyone in a powerful force field.

Naruto and Hinata: PHOENIX RASEN TWIN LION FISTS!

Naruto and Hinata smashed into Neji and it exploded into a swirling dome explosion of incredible power.

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOMMMMMMMMM!

Naruto and Hinata got out from the explosion safely and when the explosion cleared away Neji was on the ground weak and badly broken.

Nicole and everyone got up.

Nicole: That was a close one. Is everyone all right?

Sakura: Yeah. We're okay. That was intense.

Fu: That was unbelievable.

Rin: No kidding. Look at Neji.

Neji was in a crater bleeding profusely and had a bunch of bone protuding from his legs, chest, arms and hands.

Rin: That explosion did all that to him? How horrifying.

Sasuke: That was incredible.

Nicole: Yeah. What power!

Rin went down to Neji and gave him medical aid.

Rin: Neji took an unbelievable beating. Get a stretcher in here now!

A stretcher came and Neji was taken to the hospital. Rin went back to the balcony.

Hayate: Naruto and Hinata win!

Everyone cheered wildly for Naruto and Hinata.

Naruto: Hinata you were amazing.

Hinata: Thank you Naruto. I owe it all to you.

Naruto: You're welcome.

Hinata giggled and she fell over exhausted.

Naruto: [To Hayate] She's okay. She's just exhausted. I'll take her to the hospital for Chakra Exhaustion rest.

Hayate: Okay Naruto. Great job today.

Naruto: Thank you sensei.

Naruto vanished in an Orange flash with the Flying Thunder God Jutsu.

Battle 7: Juri VS A Waterfall Shinobi.

Juri was facing a Waterfall Shinobi named Kito.

Juri: Lets give them a good fight and you're gonna pay for abusing Fu.

Kito: That demon insect is a monster that will never be good at anything.

Juri: I'm gonna make you eat those words.

Juri dashed and punched Kito in the face and he went flying.

Juri: TIDAL WAVE DRAGONSTORM!

Juri fired a Dragon made of pure water and it went at Kito and it hit him with the force of a tremendous megatsunami. When it cleared Kito was nothing more than a pile of blood and guts smeared all over the floor.

Nicole: That was unbelievable! Kito has been slaughtered.

Fu: No kidding but he sure got what he deserved.

Sakura: Yep. That's one less Bias-Motivated Dirtbag to worry about.

Rin: Yep.

Hayate: Juri wins!

Everyone cheered for her.

Juri walked up to the balcony.

Nicole: Great job Juri.

Juri: Thank you Nicole.

Nicole: That technique was very similar to the Dragon of The Darkness Flame except it was made of pure water.

Juri: That's right. Tidal Wave Dragonstorm is very similar to it and it hits the target with the power of a 10,000 foot megatsunami wave.

Nicole: That is intense power.

Fu: No kidding.

Battle 8: Rin VS Kurotsuchi.

Rin was facing Kurotsuchi the granddaughter of the 3rd Tsuchikage.

Rin: It's been a while Kurotsuchi. Last time we saw eachother was when we were delivering a letter to Lord Onoki.

Kurotsuchi: Time sure flew by didn't it.

Rin: How's your grandpa doing?

Kurotsuchi: His back is still hurting him but he is very strong and resilient.

Rin: That's good. I heard that he's coming to the Finals to watch.

Kurotsuchi: That's right. Lets give them a good show Rin.

Rin: Lets.

Nicole: I have just the planet for this fight.

Nicole snapped her fingers and the arena changed into the desert planet Tatooine.

Naruto just got back after Juri's match.

Naruto: I know this planet. It's Tatooine from Star Wars.

Sakura: This world is an endless desert and it's really hot.

Fu: It sure is. I will never forget seeing Tatooine's two suns. It's incredible.

Rin: This world doesn't look too friendly.

Ami: Yeah.

Nicole: Tatooine is home to some of the most dangerous cartels in the Star Wars Galaxy and the most notorious of them all was Jabba the Hutt.

Naruto: Oh yeah. I know him. He was terrible.

Sakura: Yeah. He sure was.

Akiko: I can believe it. Lets hope we don't meet him.

Nicole: Yeah but not only that we have to watch out for Tusken Raiders or Sand People. They don't like strangers and they are very primitive.

Naruto: I remember those guys and they are dangerous. They sound like Tatooinian Cavemen.

Fu: That's the right way to describe them. That warcry they have is really menacing.

Nicole: You're telling me.

Kurotsuchi: Are those the Tusken Raiders?

They saw a bunch of Tusken Raiders heading towards them and they did their warcry.

Nicole: That's them. Lets get them!

They went at the Tusken Raiders and fought them. They were strong and powerful but the Shinobi of Earth were proving to be too strong for them.

They overpowered the Raiders and Kurotsuchi was exhausted already.

Rin: Kurotsuchi are you okay?

Kurotsuchi: I'm really tired.

She collapsed from exhaustion.

Rin looked her over.

Rin: She's all right. She's exhausted from the fight.

Hayate: That's all right. Rin Wins.

The arena reverted back and everyone cheered for Rin.

Battle 9: Ami VS Karui

Ami was facing Karui.

Ami: It's been a while since we had a good spar Karui.

Karui: That it has Ami. Lets give them a good fight.

Ami: Lets.

Nicole: I have just the planet for this.

Nicole snapped her fingers and the arena changed into the planet Naboo.

Naruto: The planet Naboo. Amazing world.

Sakura: Oh yeah. It's also where Obi Wan Kenobi and Qui Gon Jin faced Darth Maul.

Nicole: That's right and there is Darth Maul.

They saw Darth Maul from Dantooine.

Nicole: Darth Maul. So we meet at last. My father told me all about you.

Maul: Yes and now you will feel the full extent of my wrath ten-fold!

Nicole: Your hate and evil blinds you completely. I got this guys.

Nicole pulled out a lightsaber and it had a purple blade.

Maul: Now you will die a horrible death by my hate.

Nicole: Your hate only makes me more powerful.

Darth Maul ignited his double bladed red lightsaber and they clashed and sparks were flying everywhere with each strike. Nicole fired Force Lightning from her fingers and it was purple lightning. The Force Lightning was deflected back to Nicole and she deflected it away.

Darth Maul: How can you use Force Lightning?

Nicole: I'm a Grey Jedi like my father.

They continued clashing and the whole palace of Naboo was getting set on fire. Their fight was rattling the very foundation of the planet Naboo to the core and the starfighters in Naboo were feeling it.

They stopped twenty minutes later.

Nicole: It's over for you Maul. You've lost.

Darth Maul: I will not lose to you filthy Jedi Scum and you will die!

Nicole: You're a monster Maul. People like you deserve to be forever damned.

Nicole then fired a Force blast and it sent him crashing into the wall and Nicole slashed him in half right down the middle and killed him.

Nicole: Never again Maul.

Ami was overwhelming Karui and she won her match.

The arena reverted back. After all the other matches everyone was given 2 months to practice and train and do all their everyday activities.

Continues in Part 7

# Shinobi of The Cosmic Storm P7

Team Cosmic Dragon was training vigorously at Training Ground 7 in all fields and more. During their training Nicole sent a letter to Itachi and the Daimyo about the corruption of the Civilian Council minus Sakura's mom and also the truth about the Uchiha Massacre.

Nicole: Great job everyone. Lets take a break for lunch.

Lincoln: Okay Nicole.

Naruto: Right sis.

They sat by a tree eating lunch.

Nicole: You guys are doing great. We have 6 more weeks until the Finals.

Sakura: You are an awesome teacher Nicole.

Nicole: Thanks Sakura.

An ANBU appeared.

Shark: Team Cosmic Dragon you have a letter from the Fire Daimyo.

Nicole: Thank you Captain Shark.

Shark: He's on his way and he will be here in half an hour.

Nicole: Thank you. Now we can expose the corruption and treachery of the elders and that of the Civilian Council.

Shark: I have a feeling that you can do it Nicole. They have abused their power for far too long. Go get them.

Naruto: We will. Thank you.

Shark: No problem.

Shark vanished.

Nicole: Well guys we got some traitors to expose.

Sasuke: We sure do.

Yamiko: Lets make them pay.

Rin: With pleasure.

Council Chambers.

Team Cosmic Dragon was in the Council Chambers with Lord Hokage and the Shinobi Council.

Hiashi: Nicole I heard that Hinata has beaten Neji. Is that true?

Nicole: It is Lord Hiashi. She awokened a powerful Kekkei Genkai called the Tenshi Byakugan and she and Naruto overpowered Neji.

Sakura: Two angels working together.

Hiashi was shocked and that shock turned into tears of happiness.

Hiashi: Hinata. I'm so proud of you.

Lord Third: It's all true Hiashi. Neji was beaten in the Preliminaries by Hinata and Naruto.

The doors opened and in came the Fire Daimyo.

Nicole: Welcome my Lord.

Fire Daimyo: Thank you Nicole. Glad to be here.

Naruto: Hello my Lord.

Fire Daimyo: Naruto it's been a long time. How have things been with you?

Naruto: Improving slowly but getting there.

Fire Daimyo: That's good.

Lord Third: Welcome my Lord.

Fire Daimyo: Hello Hiruzen.

Lord Third: We will begin as soon as the Civilian Council, Danzo, Koharu and Homura get here.

Fire Daimyo: Of course.

20 minutes later the Civilian Council, Danzo, Koharu and Homura arrived.

Mebuki: Hello everyone.

Koharu: We received word about the meeting.

Naruto: No problem.

Civilian 1: What is that THING doing here?

Nicole shot powerful murderous intent at him.

Nicole: That "THING" is my brother and you will not address him in a terrible way.

The Shinobi Council and Mebuki snickered.

Lord Third: Now let us begin this meeting.

Nicole: Okay. Now I apologize for calling you all here on such short notice.

Choza: No problem Nicole.

Nicole: The reason I called you all here is because we have reason to believe that for the past 35 years there have been traitors in our midst.

Everyone gasped as they fell under a cloud of suspicion.

Nicole: I know this is a very powerful accusation but I assure you that I would never accuse someone unless I had proof to back it up. And I assure you I do have the evidence to prove it. Just recently in the Forest of Death, Orochimaru of The Sannin the most dangerous, notorious and greatest traitor since Madara Uchiha has been destroyed by us and I have the evidence in my book right here.

Nicole pulled out the Book of Vile Darkness.

Shikaku: That sure is a scary looking book.

Nicole: I know it's scary Mr. Nara but in here is all the information you need on everything that Orochimaru has done.

Nicole opened the book and showed it to the Daimyo and the Shinobi Council. They found out that Danzo Shimura was in cahoots with Orochimaru and was providing him with information on the Leaf's tactics, defensive capabilities and more.

Nicole: Also Danzo Shimura here forgot one important factor.

Nicole walked up to Danzo and placed her hands on his head and displayed his memories through a projection from her eyes.

They saw that Orochimaru had given Danzo a brand new right arm crafted from the DNA and Cells of Hashirama Senju and that Danzo had murdered Shisui and stole his left eye as well as order Itachi to kill the entire Uchiha Clan minus Sasuke and make Itachi a false Rogue Ninja. He also did a number of terrible crimes. He started the 3rd Great War, Manipulated Hanzo of The Salamander, failed and refused to disband ROOT and more. Danzo Shimura the Darkness of Shinobi was the ultimate traitor and Sower of Discord.

The ANBU saw this and after Nicole let go they put the cuffs on Danzo.

Kushina: You monster! You killed Mikoto!

Sasuke: You were right Nicole. He did all that and framed Itachi.

Nicole: Yes.

Fire Daimyo: Danzo Shimura you are under arrest for High Treason, Conspiracy, Terrorism, Failure to Follow Orders, Murder, Genocide and Corruption.

Danzo: You can't do this to me! Everything I've done has always been for the good of the village!

Nicole: Good of the village my butt. All you have done is lie, cheat and tarnish the Leaf's reputation and disgraced the Will of Fire. All you've done is make things worse because of your own greed and selfishness.

Lincoln: People like you are the true monsters.

Nicole: That's right buddy and it's people like him that deserve to be damned.

Lord Third: I agree Nicole. Take him away and prep him for execution.

The ANBU did so.

Fire Daimyo: Well done Nicole.

Nicole: Thank you my lord. But there are more traitors to expose. Koharu. Lets see what you are hiding.

Nicole walked up to her and placed her hands on her head and projected her memories. They saw that Koharu was responsible for manipulating the Cloud, Mist and Rock Shinobi into launching a joint assault on the Hidden Eddy Village and resulting in it's destruction. Scattering the Uzumaki throughout the world. She also placed a contract kill out on Lady Tsunade for failing to heal her son and it resulted in Dan Kato taking the blow and her leaving the village.

Kushina: (Enraged) YOU MONSTER!

Kushina lunged at Koharu but Naruto held her back.

Naruto: Mom calm down! You have every right to be angry at her, but I promise you that Koharu will pay for her crimes in full and we will make sure that she does.

Sakura: Yes Kushina.

Kushina calmed down.

Kushina: You're right. But I want to be the one that delivers the fatal cut.

Lord Third: And you will Kushina.

Nicole stopped and the ANBU arrested Koharu.

Lord Third: I can't believe that you would do all this Koharu. Prep her for execution.

ANBU: Yes sir.

Nicole: Now for you Homura.

Nicole put her hands on Homura's head and projected his memories. They saw that Homura had hired a Rock Ninja from the shadows to kill Nawaki Senju - Lady Tsunade's little brother for a joke he did to him.

The ANBU arrested Homura.

Lord Third: I can't believe you did this Homura.

Fire Daimyo: Indeed. Homura Mitokado you are under arrest for murder and High Treason.

Lord Third: Prep him for execution.

They took him away.

Nicole: And last but not least we have the peanut gallery AKA the Civilian Council. Sorry Mebuki.

Mebuki: That's all right Nicole.

Nicole: I know for a fact that you hate Naruto's guts because he's the 9-Tails Jinchuriki.

Merchant: That "Boy" is not a human. He is a demon reborn in human skin.

Naruto: Really? For your information you peanut brain blockheads, me and Natsumi are two separate beings. [Naruto pulls out a scroll and a kunai] I have here a scroll and a kunai. If I were to seal the Kunai into the Scroll does the scroll become the Kunai?

The Civilian Council didn't answer.

Naruto: No it does not. Now every one of you minus Mebuki have treated me like I was a plague in the village and you made my life a living nightmare. The reason was that you have been treating the son of your savior as a pariah.

Civilian 2: What do you mean?

Naruto: My real name is Naruto Uzumaki Namikaze, Son of Minato Namikaze the 4th Hokage and Kushina Uzumaki Namikaze the Leaf's Red Death.

The council gasped in sheer shock.

Civilian 3: There's no way that you are the son of the Fourth Hokage! It can't!

Sasuke: It's all true you fiends!

Shikaku: Now that you mention it Naruto you look just like Minato.

Inoichi: The resemblence is completely uncanny.

Naruto: Yes. And I'm proud to be the son of The 4th Hokage and Kushina Uzumaki. When I was born Natsumi was attacking yes. But there's a reason why she attacked. I'm going to free her and let her explain everything.

Nicole: Don't be frightened. Naruto and Natsumi are very close like she and Kushina were.

Naruto: SEAL RELEASE!

A blob of red came out of Naruto's back and materialized in the form of a beautiful woman with red hair and she had fox ears and 9 red tails, red eyes and black and red clothes and she looked like a goddess.

Natsumi: (Inhales) Ah. It feels good to be on the outside again. Thank you Naruto.

Naruto: You're welcome Natsumi.

Kushina: Natsumi.

Natsumi: Kushina.

They hugged.

Kushina: It's good to see you again.

Natsumi: Same here Kushina. I thought I lost my sister when I was ripped out of you.

Kushina: You didn't ya know.

Natsumi: I'm glad we're together again. [To the crowd] Hello everyone. My name is Natsumi and some of you know me as the 9-Tailed Fox. But there is a reason why I attacked the village. On October 10th the night Naruto was born a Rogue Uchiha wearing a black cloak and a spiral orange mask with one eyehole in it appeared and held Naruto hostage so he can rip me out of Kushina. He released me in the Leaf and put me under a genjutsu with his Sharingan and I went on a rampage and killed so many shinobi and kunoichi and children and I'm sorry for all that but I did all that against my will.

Mebuki: I understand Natsumi and I forgive you.

Natsumi: Thank you Mebuki. Now I couldn't stop myself and continued my rampage and Minato had no choice but to seal me into Naruto at the cost of his own life. Also I heard Minato's last wish. He wanted Naruto to be seen as a hero for keeping me at bay. But Lord Hokage was supposed to keep it a secret. But someone got ahold of this information and leaked it to the public and fabricated those lies about him being me "Reincarnated" and all that nonsense. How can these people be that stupid? You Civilian Council Buttfaces minus Mebuki were supposed to see the son of your savior as a hero and you spit in his face and treated him like dirt and tried to break him and make him into a weapon for your own selfish purposes. You kicked him out of the orphanage when he was three years old, denied him service at restaurants and stores and overcharged him on expired food, assaulted him by throwing stuff at him and call him names and ostracize him from your lives and you made up lies about him. You people disgust me and if any people are monsters around here it's you minus you Mebuki. And to make matters worse you all attacked him in all those angry mobs and even hired ninjas from outside the village to try and kill him.

Fire Daimyo: I agree. ANBU arrest the Civilian Council minus Mebuki for corruption, assault and battery, treason and conspiracy.

The ANBU arrested the Civilian Council except for Mebuki and prepped them for execution.

Civilian 4: You can't do this to us! Lord Sasuke help us!

Sasuke: Stop calling me that! I don't want to be your toy for your own selfish purposes anymore. You have pandered to my every whim for far too long and you poisoned my mind with evil and nearly sent me down a path of pure evil.

Nicole: That's right. Get them outta here.

In the Chunin Exams Stadium it was packed to the rafters and everyone was wearing red. This is because it's a tradition. Red means that traitors are about to be executed. Team Cosmic Dragon was in the arena and Lord Hokage and the Fire Daimyo were coming out to the floor.

Lord Third: People of the Leaf. Today is a day of retribution for all of us. For the past 35 years there have been traitors in our midst. Bring them out.

The ANBU had Danzo, Koharu and Homura and the civilian council in chains and they were headed to the chopping block.

Everyone was shocked that the elders and former Civilian Council were branded as traitors.

Lord Third: Now I'm sure that many of you are wondering why they are here. Today is a day of retribution, a day of justice for you have all been notified of the action of the traitors Danzo Shimura, Koharu Utatane, Homura Mitokado and the Civilian Council heads. [To Koharu] Koharu Utatane you have been found guilty of Treason, the Murder of our own Dan Kato, the Attempted Murder of our own Tsunade Senju, breaking the 3rd Hokage's Law, Conspiracy, genocide in the destruction of the Uzumaki clan and corruption. Because of this you have been sentenced to death. Do you have any last words you wish to say?

Koharu: You are an idiot Hiruzen. That so-called boy is dangerous and soon you will all be killed along with the rest of this village without us. That is all I have to say to you.

Lord Third: Very well. Kushina execute her.

Kushina: With pleasure.

Kushina took a sword and cut her head off and killed her instantly.

Nicole: For your crimes on this planet Koharu you are sure to be damned.

Lord Third: Homura Mitokado you have been found guilty of treason, the murder of our own Nawaki Senju, breaking the Third Hokage's Law and Conspiracy. Because of this you have been sentenced to death. Do you have any last words?

Homura: I have nothing to say but this… The Leaf will fall without our advisement. You are too soft Hiruzen. And that is your weakness.

Naruto: Not likely.

Lord Third: Naruto execute him.

Naruto unsheathed his sword.

Naruto: Have fun in the netherworld monster.

Naruto slashed his head off and Homura was dead.

Nicole: For your crimes on this planet Homura you are sure to be damned.

Lord Third: Danzo Shimura, you have been found guilty of Conspiracy, kidnapping, murder, interference with village affairs, allying yourself with the S-Rank International Criminal Orochimaru, illegal use of Forbidden Jutsu, sealing jutsu, and of a disbanded faction, terrorism, genocide and the wrongful exile of a Leaf Shinobi Hero. Do you have any last words?

Danzo: So it has come to this eh Hiruzen. I never did become Hokage at all. It was my dream to become the leader of this village. But… now I am discredited. You have won Hiruzen Sarutobi. You are truly the professor, but peace will not help you win your battles.

Lord Third: Danzo, you were a good rival to me. We both had different views on running the Leaf. War and absolute dictatorship will not win battles, but spread death and destruction. Peace can't stop battles either, but it will give us time to have composure together and live in harmony.

Danzo: You are a fool then Hiruzen. One of these days you are going to die without a successor.

Lord Third: After the Chunin Exams I have already chosen my successor. Tsunade is gonna take my place as Hokage.

Danzo: You are bluffing. Tsunade has not set foot in this village. She swore that on the graves of her brother and lover.

Fu: I think not. We met Lady Tsunade on our training trip and we promised that when we exposed you and the elders and Civilian Council as traitors and that we would destroy you, she would come home.

?: That's right.

Everyone saw Lady Tsunade in the flesh standing on the arena floor.

Kushina: Tsunade-sensei!

Lady Tsunade: Kushina you little fireball.

They hugged.

Kushina: I missed you sensei.

Lady Tsunade: You too Kushina. You haven't changed at all since I saw you last.

Nicole: Glad you got our letter Lady Tsunade. It's good to see you again.

Lady Tsunade: You too Nicole. May I execute Danzo myself?

Nicole: I don't see why not but it's up to Lord Hokage.

Lord Third: Tsunade welcome home.

Lady Tsunade: Thank you sensei.

Lord Third: You can help Sasuke here execute Danzo.

Lady Tsunade: With pleasure.

Lady Tsunade and Sasuke stood at both sides of Danzo.

Sasuke: Lady Tsunade it's an honor to meet you.

Lady Tsunade: Same here Sasuke. I heard what happened to your clan and you have my condolences.

Sasuke: Thank you. [To Danzo] This is for my clan you monster!

They both slashed Danzo's head off and he died instantly.

Nicole: For your crimes on this planet Danzo Shimura you are sure to be damned.

Then the spirits of Danzo, Koharu and Homura appeared.

Nicole: The Netherworld is too good for you 3. [Pulls out the Book of Vile Darkness and Chants an Incantation] ***Aldruon Enlenthranel Vosolen Lirus-nor!***

Nicole sealed them into the Book of Vile Darkness and it revealed some more disturbing and dark info about them and found Danzo's ROOT Base and more.

Nicole: This is bad. But first lets finish off the Civilian Council.

Naruto: You got it sis.

Lincoln: Lets get them.

Nicole: But first I think I'll have someone say hello to them. [Kneels and prays] Lord Shinigami, may we please have Minato Namikaze come to the world and see us execute these traitors that have wronged him over the course of 13 years?

Her prayer was answered and a shadowy figure came out of the ground. It was the Death God himself.

Shinigami: (As Tony Jay) **I have heard your prayer young Nicole and I shall grant it.**

The Death God held out his hand and Minato Namikaze appeared in it and he was on the ground.

Minato: What happened? I thought I was dead.

Nicole: You are dead Lord Minato. But I requested for you to be brought here so you can witness the execution of the people that wronged you.

Minato saw Nicole.

Nicole: It's a pleasure to meet you Lord Minato. I'm Nicole Knudson.

Minato: It's a pleasure to meet you too Nicole.

Naruto walked up to him and Minato saw him.

Minato: Wait a sec. Naruto?

Naruto: Hey dad. It's nice to finally meet you.

Minato: Naruto my son you sure have grown. How long has it been?

Naruto: 13 years dad. I know why you did everything you did and I thank you. You were doing what you were supposed to do as Hokage and a loving father.

Minato: Thank you son.

Kushina: Minato!

Minato: Kushina.

Minato and Kushina hugged for the 1st time in 13 years.

Kushina: (Crying) I missed you so much!

Minato: I missed you too my habanero.

Nicole: We have quite a story for you Minato.

Team Cosmic Dragon revealed everything that's happened and Minato was horrified.

Minato: I put too much faith in the village.

Nicole: It's not your fault Minato. If anyone is to blame it's Danzo, Koharu, Homura, the Civilian Council and that Rogue Uchiha that killed you.

Sakura: That's right Minato. We will find that Rogue Uchiha and make him pay for this.

Rin: Yes sensei. We won't let him get away with this.

Minato: I know you will succeed.

Shinigami: **Just when you think you know alot of people. It appears that all these people getting executed are the true demons for letting their own fear, hate and ignorance control them.**

Minato: I agree Lord Shinigami.

Lord Shinigami: **Yes. Also that Rogue Uchiha is actually Obito Uchiha.**

Everyone gasped in sheer horror.

Rin: Obito is alive?

Nicole: Of course. I completely forgot about this. My father told me about this. Obito is the true mastermind behind not only Natsumi's rampage but also the Bloodline Holocaust. He's also the main mastermind of an evil organization that poses a cataclysmic threat to the whole planet.

Shinigami: **Yes. He plans to capture all 9 Tailed Beasts and resurrect the 10-Tailed Beast so he will become its Jinchuriki. He plans to reflect the creatures eye off the moon and plunge the world into an eternal Super Genjutsu: Infinite Tsukuyomi. But it will also trigger a chain reaction that will destablize the planets core and cause the entire planet to explode. Obliterating everything.**

Everyone gasped.

Nicole: So the entire planet is in grave danger?

Shinigami: **Yes. And everything will be destroyed if we don't stop them.**

?: I agree my brother.

They then saw Kami the Goddess of Life and Light stand before them.

Nicole: Lady Kami. It's an honor.

Kami: The pleasure is mine Nicole. Yes my brother is right. Obito claims that it will bring an eternal peace and end all war and fighting.

Nicole: That's not true peace. That's Total Annihilation!

Naruto: We have to stop this organization.

Nicole: Yeah. What's the name of this organization?

Kami: It's called Akatsuki and they wear black cloaks with red clouds on them and they have gashes through their village symbols on their headbands.

Nicole: Red Dawn. Good name for them.

Rin: So they're an organization of Rogue Ninjas?

Nicole: Yes and by the looks of things powerful ones and we have to stop them at all costs or the world has no future. [To Kami] How much time do we have before they begin their plan?

Kami: 3 and a half years.

Nicole: That's perfect. We have just enough time to prepare for them.

Kami: Yes. I will gladly help you all out.

Nicole: We greatly appreciate it Lady Kami.

Naruto: Yes. Thank you.

Kami: You're welcome. Minato how would you like to be given a second chance?

Minato: I would be honored Lady Kami.

Kami fired a beam of light and fully resurrected Minato and he was given his life back.

Nicole: Welcome back Minato.

Minato: Thank you Nicole and thank you again for looking out for my son.

Nicole: You're so welcome. Naruto is my little brother and I would gladly watch over him like he were my own.

After they killed the Civilian Council they went to the Hokage's office and revealed everything about what the Akatsuki has planned and who the members of the Akatsuki were. Jiraiya and Tsunade were with them. They now know the members of the Akatsuki and what they are capable of. Orochimaru was once in the Akatsuki and now that he's dead they have 10 more members to destroy. Nicole laid out a map of where the Akatsuki are gonna go in order to capture the Jinchuriki and explained who is gonna go after who. Messages were sent to everyone in the 5 Great Nations and everyone was all put on alert and on guard.

Continues in Part 8

# Shinobi of The Cosmic Storm P8

The Finals of the Chunin Exams had arrived and Team Cosmic Dragon was excited to begin.

Nicole: This is it team. Today is the Finals and it's time we show them the full power of everything we have learned and more.

Naruto: You said it sis.

Lincoln: I can't wait to put everything that I've learned to the test.

Sakura: This is gonna be awesome.

Fu: I know Sakura. I can't wait.

Rin: Me too.

Juri: Lets hope we all make Chunin and show everyone how powerful we all are.

Nicole: Lets not get ahead of ourselves Juri. We may have come a long way but we can't let overconfidence cloud our judgement.

Sasuke: That's right.

Ami: We have a huge journey ahead of us after today and we have a powerful enemy we must face in order to save the world.

Akiko: That's right. Obito will pay for everything he has done.

Yamiko: He will pay.

They walked up to the entrance to the stadium.

Izumo: Go get them Team Cosmic Dragon.

Kotetsu: Good luck in there guys.

Nicole: Thanks you two.

They walked in and the stadium was packed and everyone was cheering as they came in.

Nicole: Wow! Everyone turned out for this.

Lincoln: No kidding. It's like everyone from the 5 Great Nations came for this moment.

Naruto: They sure have.

They joined the combatents and Lord Third came out and gave his welcoming speech.

Lord Third: Welcome everyone from the 5 Great Nations. Today is a momentus day for you all and we have a very special treat for you. It's the Finals of The Chunin Exams. Now two months ago we have had an astounding series of events befall our great nation of ours. Our very own Team Cosmic Dragon consisting of our own Nicole Knudson, Lincoln Loud, Naruto Uzumaki Namikaze, Sakura Haruno, Fu, Juri, Ami Mitarashi, Akiko Suzuki, Sasuke Uchiha and Yamiko Kaguya have killed S-Rank Criminal Orochimaru.

Everyone cheered for them and Nicole and team waved to them.

Nicole: Thank you everyone! But we had to do what was needed for the safety of the 5 Great Nations and ensure that Orochimaru's reign of terror was ended forever.

Lincoln: Yes. Orochimaru was a danger to everyone on this entire planet and he had to pay for his crimes in full.

Lord Third: (Laughs) You're too modest. Now we have also found out recently that my successor Minato Namikaze has just returned from the dead because of special circumstances and we are honored to have him back after everything that has happened.

Minato: Yes. It's good to be home Hiruzen.

Naruto: I'm glad to have you back dad.

Minato: Me too son.

Lord Third: (Laughs) Yes. Now without any further delays let the Finals of The Chunin Exams commence!

Everyone cheered.

Genma Shiranui was the proctor for the Finals.

Naruto: Genma-sensei. It's been a while.

Genma: That it has Naruto. Wow! You look so much like your father. I can't believe that some people are just that stupid and would believe anything.

Naruto: I know sensei. But we no longer have to worry about the disgraced Civilian Council meddling in our business again.

Genma: That's true. I'm glad they're gone. [To everyone] All right now would everyone but Nicole Knudson and the five mystery opponents leave the arena.

Nicole stayed on the arena and she was facing 5 mystery opponents in black cloaks.

The Finals began.

Battle 1: Nicole VS Mystery 5

Nicole: Lets give them a good fight. But first would you all reveal who you are?

?: Certainly.

They revealed themselves and it was the Sound 5, Orochimaru's Elite Bodyguards.

Nicole: The Sound 5! So you all are my opponents.

Tayuya: That's right. I'm Tayuya of the North Gate.

Kidomaru: I'm Kidomaru of the East Gate.

Sakon: I'm Sakon of the West Gate

Jirobo: I'm Jirobo of the South Gate.

Kimimaro: And I'm Kimimaro Kaguya, Leader of the Sound Four.

Nicole: Pleasure to meet you all. Kimimaro we have been looking for you.

Kimimaro: Why is that?

Nicole: 3 months ago we found a member of your family that was kidnapped by Gato to be sold on the Black Market.

Yamiko came out.

Yamiko: Kimimaro.

Kimimaro: Yamiko? It is you. I thought you were dead.

Yamiko: Kimimaro!

They hugged for the first time in almost a year.

Kimimaro: Nicole I am forever grateful that you found her.

Nicole: It was my pleasure Kimimaro. But also you don't look very good.

Kimimaro: Yes. I have a terminal unknown disease that is gonna kill me.

Nicole: Let me see if I can cure you.

Nicole fired a stream of water and wrapped Kimimaro in it and found a shocking discovery.

Nicole: That's no disease he has. It's a lethal poison. Orochimaru gave it to him.

Nicole pulled the poison out of him and Nicole put it in a jar. It was a purple liquid. The water healed his lungs.

The water splashed away and Kimimaro could breathe right again.

Kimimaro: I'm cured. But how?

Nicole: This was the cause of your disease Kimimaro. You had a lethal poison in you that was destroying your lungs. Had you not gotten rid of this it would've killed you in less than 12 hours.

Nicole handed him the jar.

Kimimaro: Thank you Nicole. I am forever in your debt and I will go to the Leaf and tell you everything you need to know about Orochimaru.

Nicole: You're welcome Kimimaro. You're welcome to join us. But we already know everything about what Orochimaru was doing so that won't be necessary.

Kimimaro: Of course. I better go. This is gonna be rough. Yamiko we have a lot to catch up about.

Yamiko: Yes. Nicole thank you.

Nicole: You're welcome Yamiko.

Kimimaro and Yamiko left.

Nicole: Sorry about that.

Sakon: No worrys. I can tell that they were family. Now lets do this while were young.

Nicole: Oh I plan to.

Nicole then went Super Angel 4 and she was ready.

Nicole: Lets dance.

Nicole changed the arena to when Earth was in its infancy.

Tayuya: Where the crud are we?

Nicole: This is what Earth looked like back 3.6 Billion years ago. Earth was still too hot to support life and the atmosphere was too poisonous. The oceans are starting to form and the water is scalding hot and exploding volcanoes erupted everywhere on the surface.

Sakon: This is amazing. I had no idea Earth was like this.

Jirobo: It is very interesting. I don't think any of us knew about all of this.

Nicole: Yeah. I have us protected in a powerful force field that prevents the poisonous air and blazing temperatures from getting in.

Tayuya: Good thinking. But there is no (Censored) way that you can win against all four of us you (Censored)

Jirobo: Tayuya watch your language.

Tayuya: Oh shut up fatso!

Nicole: Sheesh do you kiss your mother with that mouth?

Nicole dashed and punched all four of them in the face with blazing speed. She fired an energy blast and they all substituted and appeared behind her.

Jirobo: EARTH STYLE: SPHERE OF GRAVES!

Jirobo threw a huge rock at Nicole and she grabbed it and threw it back to him and it went faster than a bullet fired from a gun. It hit him and he crashed into a rock with tremendous force.

Naruto: Whoa! That was incredible.

Sakura: That's one down.

Naruto: No. I can still sense his energy signal.

Tayuya: Crud! Use the Curse Mark!

They went into Stage 1 of their Curse Mark Forms.

Nicole: Well then it's time to kick it up.

Nicole released more of her power and Jirobo exploded out of the ground and she dashed and pulverized all of them.

Nicole: If this is all the Sound 4 are made of it's pathetic.

They got enraged and went into their Level 2 Curse Mark Forms.

Nicole: Impressive. So these are your Curse Mark Forms.

Kidomaru: Yes and in these forms our power is enhanced ten-fold.

Sakon: This is a great gift courtesy of Lord Orochimaru.

Nicole: Your energy levels have risen powerfully and Sakon I see that you have a twin brother.

Sakon: Yes. Say hello Ukon.

Ukon: Hello to you Nicole.

Nicole: Pleasure to meet you. Lets see how they fair.

Nicole and the Sound 4 charged at eachother and they clashed in a tremendously powerful thunderous shockwave that produced a powerful gust of wind that was incredible.

THOOOMMMM!

DISTURBED THE GAME PLAYS

Nicole and the Sound 4 were really going at it and thunderous shockwaves with every punch and kick were emitted and they rattled Prehistoric Earth to the core and massive explosions rang out as massive towering flames roared all over the planet and torrents of lava blasted high into the sky and the entire planet was shaking ferociously under the sheer magnitude of the fight. The fight was so explosive and so extremely ferocious that it was unbelievable.

They stopped 3 hours later and Nicole wasn't even in the least bit exhausted and the Sound 4 was panting heavily.

Nicole: You all have given me an incredible challenge and I commend you.

Jirobo: We appreciate it Nicole but we haven't even begun to fight.

Nicole: How so?

Sakon: You see our loyalty to Lord Orochimaru gave us another unique gift. After you killed him Kabuto made us a promise long ago and this is the result of that.

Nicole: Humor me.

Sakon: Standing at Lord Orochimaru's side we have been witnessed to many jutsu. But the ultimate is the Reanimation Jutsu.

Nicole: The Reanimation Jutsu? Don't tell me. Orochimaru killed all four of you and gave you a whole new level of power in the Curse Mark?

Sakon: Yes you are correct.

In a flashback Kabuto told the Sound 4 about how we had killed Orochimaru and how to harness a level of power in the Curse Mark unlike any before.

Kabuto: Blast that Team Cosmic Dragon! They killed Lord Orochimaru! I will make them pay dearly for this and send them all off to the Netherworld! How dare they!?

Sakon: We want to get revenge on them for killing him Master Kabuto.

Jirobo: Yes. We want power. Power as a shinobi.

Kabuto: So it shall be. Impressive for all of you. To access the next level of power within you you will need a vengeful heart. Possessing an extreme desire for revenge will rapidly increase the power of the Curse Mark.

Kidomaru: What's the connection between that and the Reanimation Jutsu?

Kabuto: The emotions you four learned from overcoming the fear of death at that laboratory are resentment and hatred towards Lord Orochimaru. No, an even stronger feeling. I'm sure that you swore to get back at Lord Orochimaru one day even if you were killed in the process. That emotion when you can hate someone as strongly as that. Once you're actually killed you take it with you. That hatred toward the one who put you to death. You die thinking that if you could be resurrected it would be to only seek revenge. Through the Reanimation Jutsu you will return as one seeking vengeance. You will attain power unlike anything you have ever had before. The source of your newfound strength will be your consuming desire for Vengeance. Embrace that power. Take pleasure in it. Revel in its might.

Flashback ends.

Sakon: Today just as in the past, we belong to Lord Orochimaru.

A huge blast of wind blew at Nicole and she sensed their energy levels skyrocketing.

Kidomaru: We are Lord Orochimaru's very own seekers of Vengeance!

All four of them glowed in malevolent purple auras of pure evil.

Jirobo: The intense hatred and resentment that we harbor towards you for killing Lord Orochimaru will allow us to unleash the full depths of our power!

Ukon: The way it stands now no one can stop us. Not even you!

Tayuya: And don't you even dare to think of lumping us in with all the other people you killed you filthy piece of trash!

The skies darkened with storm clouds and lightning struck everywhere as their power was felt throughout the land. Nicole wasn't even moved and she was ready to face them and her aura was stronger than ever.

Nicole: So Kabuto killed you and resurrected you with the Reanimation Jutsu to get revenge against Team Cosmic Dragon for killing Orochimaru. You guys are all seriously insane. Now it's time for me to kick it to the extreme.

Nicole's power skyrocketed even more and then a dome of stars and cosmic energy appeared around her and it exploded in a massive explosion of stars and cosmic energy. Nicole was forever changed. She had long black hair that went down to her legs, black and purple clothes, Purple angel wings, and purple eyes with sclera that had the endless voids of space in them. She had a symbol emblazened on her forehead in the shape of a dragon with a star in its claws. She was now a Super Angel 10,000 Star Dragon.

Nicole: Lets see how you fair against me as a Super Angel 10,000 Star Dragon, my most powerful transformation.

Nicole dashed and fired an energy blast and vaporized Jirobo, Sakon & Ukon and Kidomaru instantly.

Tayuya saw this and she was completely scared by Nicole's power.

Nicole resurrected her and she teleported behind her and placed her hand on the back of her neck.

Nicole: SEAL PURIFICATION!

Nicole sent some of her energy into the Curse Mark on Tayuya and it went in and completely destroyed Orochimaru's evil power inside of her and erased all the evil inside her. It turned from black to blue and Tayuya fainted.

The arena reverted back and the spirits of Kidomaru, Sakon & Ukon and Jirobo appeared and Nicole pulled out the Book of Vile Darkness.

Nicole: You three are damned and cursed for eternity. [Chants an incantation] ***Aldruon Enlenthranel Vosolen Lirus-nor!***

Nicole sealed them into the Book of Vile Darkness and their information revealed terrible backgrounds plagued with evil from the very beginning.

Nicole carried Tayuya back to the lobby and she had won her match and everyone cheered wildly for her.

Kin Tsuchi came and she saw Tayuya.

Nicole: I take it you know her Kin?

Kin: Yes. She's my very best friend and I thought Orochimaru killed her. (Crying) That monster lied to me! I'm so sorry Tayuya! I thought I lost you forever!

Tayuya woke up.

Tayuya: What happened?

Kin: Tayuya!

Tayuya: (Gasp) Kin!

They hugged and were reunited.

Nicole: Tayuya. I destroyed Orochimaru's evil inside you with my power and purified the Curse Mark. You can now use the Curse Mark on you without any negative repercussions.

Tayuya: Thank you Nicole. I'm so sorry I tried to kill you.

Nicole: It's all right. Orochimaru was an evil menace to this entire planet and he needed to be destroyed. He was number 2 on Team Cosmic Dragon's hitlist.

Kushina: That's right. Wait a minute. Tayuya what were your parents names?

Tayuya: Takeo and Harumi Uzumaki.

Kushina: I thought so. You look so much like your mother. Harumi was my older sister. She and her husband left the Hidden Eddie to go visit friends when the Eddie was destroyed.

Naruto: So I guess we're cousins Tayuya?

Tayuya: It would appear so Naruto. I'm glad I have my family again. Orochimaru killed them and poisoned my mind with so much evil. I was a monster.

Nicole: It's not your fault Tayuya. Orochimaru is to blame for everything he did.

Tayuya: I owe you my life Nicole.

Nicole: A life is never owed when saved out of friendship. That's what I learned from my father.

Naruto: That's right.

Lincoln: Yep.

Tayuya: By the way Nicole is Karin here?

Nicole: Yes. She is now a Leaf Ninja and she's here with us.

Karin: I'm glad you're okay Tayuya. I knew there was good inside you.

Tayuya: Thank you Karin. All I needed was a little help.

Nicole: That's right.

Battle 2: Naruto VS Gaara

Naruto was facing Gaara in the 2nd match.

Naruto: Lets give them a good fight Gaara.

Gaara: Wouldn't have it any other way Naruto.

ADRIAN VON ZIEGLER'S WOLF BLOOD PLAYS

Naruto spread his wings and fired an energy blast at Gaara and it hit the ground by him and exploded and Naruto used the dust as a smokescreen and punched him in the face. Gaara went flying and crashed into the wall.

BLAM!

Gaara was knocked out with just one punch.

Naruto: Wow! That was short.

Genma looked over Gaara.

Genma: Naruto wins!

Everyone cheered wildly and Gaara was rushed to the infirmary.

Suddenly without warning Feathers fell from out of the sky.

Naruto: The Temple of Nirvana Genjutsu! RELEASE!

The genjutsu dispelled and explosions rattled the village.

Nicole: It begins! LEAF VILLAGE PREPARE FOR WAR!

The Invasion has Begun!

Continues in part 9

# Shinobi of The Cosmic Storm P9

(Forsaken By Within Temptation plays)

Nicole: COME ON YOU APES! YOU WANNA LIVE FOREVER!?

Team Cosmic Dragon went out to defend the Leaf during the Invasion. The Sound Village and the Sand Villages were joining forces to destroy the Leaf. The invasion was a savage and fierce battle.

Nicole: I have to take the fight away from the Leaf.

Nicole snapped her fingers and beamed the whole fight to the Volcano Planet Mirmag.

Planet Mirmag is a Volcano Planet located in the galaxy M98 approximately 45 million light-years from Earth in the constellation of Coma Berenices, Latin for Berenice's Hair. It is an inhospitable volcano world loaded with volcanoes that erupt all the time, canyons are very deep and the temperature of the surface is 792 degrees fahrenheit. It orbits a White Supergiant star and is the 1st planet of it's system. The planet is constantly ravaged by extremely powerful thunderstorms with incredibly powerful lightning and fire tornadoes scar the surface. The planet takes 125 days to make a full orbit around its parent star. The planet is inhabited by awesome fire creatures and a race of shapeshifting fire humanoid warriors call the Ignivi. They are a powerful warrior race with the strongest fire powers in the universe and are very friendly to anyone willing to protect their kind.

Naruto: I don't like this planet sis.

Nicole: It's the planet Mirmag. It's a volcano planet and I figure we could take the fight away from the Leaf to avoid having everyone get hurt.

Sasuke: Good thinking. Lets get rid of the hostiles.

The battle for the Leaf had begun. One by one Team Cosmic Dragon destroyed numerous Sound Shinobi and picked them apart until they were dead and Nicole sealed them all into the Book of Vile Darkness. The Sound Ninjas were persistant and they weren't giving up without a fight. Team Cosmic Dragon had the Sound on the run. They found Kabuto Yakushi and he was responsible for the invasion.

Nicole: Kabuto. I knew you were a traitor working for that scumbag Orochimaru!

Kabuto: Yes. You killed Lord Orochimaru and you destroyed everything that we were trying to accomplish.

Nicole: I show no remorse in doing so. You will soon join him in the darkest pits of the Netherworld for all eternity.

Kabuto: I don't think so.

Kabuto smiled maliciously.

Nicole: People like you deserve to be forever damned.

Nicole pulled out a Luciendar hilt. But this one had special quality.

Nicole: Lets see how you handle a sword of the elements.

Nicole channeled Fire Style Chakra into the hilt and formed a blade of fire.

Kabuto formed a blade of pure chakra.

Kabuto: You will pay for killing Lord Orochimaru!

Then they clashed and sparks flew from their swords.

Massive lightning strikes illuminated the searing clouds in the sky and it was intense. The thunder was loud. A fire tornado cut through the fighting Sound Ninjas and incinerated them.

Naruto was killing lots of Sound Shinobi and the number of bodies piled up among the Sound Shinobi.

Sakura, Fu, Juri, Ami, Akiko, Sasuke, Rin, Yamiko and Tayuya were producing more Sound Ninja corpses.

As the fight raged on a bunch of fire angels flew in and slashed apart the Sound Shinobi.

Naruto: Thanks alot.

Ignivi 1: No problem.

Nicole and Kabuto were really going at it and they were producing sparks with every clash of their sounds. Nicole saw a Fire Tornado coming towards her and she smiled.

Kabuto: Why are you smiling Nicole? Are you smiling because you are about to die?

Nicole: Nope. I'm smiling because you're going to right now!

Nicole flew away and the Fire Tornado incinerated Kabuto without warning and he was dead.

His spirit was standing in front of her.

Nicole: Now you are forever damned. [Pulls out the Book of Vile Darkness and Chants an Incantation] **Aldruon Enlenthranel Vosolen Lirus-nor!**

Kabuto went into the Book of Vile Darkness and his information revealed a huge number of atrocities commited with Orochimaru. It also revealed everything about the Curse Mark and what it is capable of and how it is given to the victim.

Nicole: This is horrible. Now we have everything about what Kabuto and Orochimaru did and more. They both can burn in the Netherworld for all eternity. Now I better head back to help the others.

Nicole flew towards the continuing fight. The fight was a complete and total annihilation. The Leaf won against the Sound and all their spirits stood before them.

Nicole: It's time for you all to be forever damned! (Chants an Incantation) **Aldruon Enlenthranel Vosolen Lirus-nor!**

Nicole sealed all the Sound Shinobi spirits into the Book of Vile Darkness and the information it revealed on all of them was frightening and horrifying.

Temari was facing Chiyo, the Elder Leader of the Puppet Brigade for the Sand.

Temari: You heartless witch! You killed my mother and manipulated father into turning Gaara into a weapon for your own selfish ambitions!

Chiyo: That worthless woman got what she deserved and she was a pawn in our plan to strengthen the village!

?: How about you say that to my face Chiyo!?

Temari saw her mother Karura alive and well and she has wings entirely out of pure fire and her eyes are glowing orange.

Chiyo: It's not possible! I killed you!

Temari: MOM!

Temari ran and hugged her and cried.

Temari: (Crying) I thought you were dead!

Karura: Oh Temari. You have grown into a beautiful young woman. I'm so proud of you. We'll catch up later. Lets kill this old witch.

Temari: Right.

Karura: You tried to kill me Chiyo and I will never forgive you for your treachery. You poisoned me and I had no choice but to deliver Gaara early. Afterwhich I was teleported by an unknown assailant to this planet and I was saved by the Ignivi. They nursed me back to full health and imbued me with their fire powers and their fire wings. I prayed that I would one day be found and hope to go back home.

Chiyo: This time I will finish what I started!

Karura: Not this time you traitorous old hag!

Karura fired a fire blast at Chiyo and completely incinerated her in an instant.

Nicole appeared by them and saw Chiyo's spirit.

Nicole: You are forever damned Chiyo. Pay for your treachery. (Chants an Incantation) Aldruon Enlenthranel Vosolen Lirus-nor!

Chiyo's spirit went into the Book of Vile Darkness and the info it had on her was terrifying. She was the source behind all the corruption in the Sand and she executed Rasa the 4th Kazekage for treason. She fabricated numerous lies that he was a malevolent tyrant that abused his power and she fabricated all those lies about Gaara and more.

Nicole: Chiyo you are another Sower of Discord. You destroyed the Sand in its entirety. [To Karura] Karura thank goodness you are okay.

Karura: I'm glad too and you are?

Nicole: I'm Nicole Knudson, leader of Team Cosmic Dragon.

Temari: That's right mom. Nicole has helped me, Kankuro and Gaara figure out why Gaara was made the 1-Tail Jinchuriki and how the Corruption of the Council was ruining the village.

Karura: I have a lot of catching up to do. I was on this planet for 13 years.

Nicole: How did get to the planet Mirmag?

Karura: I have no idea myself. I was dying and was healed by the Ignivi.

Nicole: I'm glad you're all right Karura. I saw Rasa in a lot of pain when he lost you. The Sand and Sound launched an invasion against the Leaf. This was originally Orochimaru's plan but Kabuto

Yakushi somehow decided to finish what he was gonna do.

Karura: That's horrible.

Temari: We have a lot of catching up to do mom. But lets join the fight and destroy the Sound Ninjas. I'll go help the Sand Village Shinobi and tell them to stop.

Nicole: Okay.

They flew toward the fight and finished the Sound Shinobi off and Temari got the Sand Shinobi to Double Cross the Sound Shinobi and they killed them and Nicole sealed the Sound Shinobi into the Book of Vile Darkness.

The area reverted back to the Leaf and Karura for the first time in 13 years was back in the World of Shinobi.

Back in the Hokage's office Team Cosmic Dragon, Temari, Kankuro and Gaara were filing their report.

Nicole: Kabuto went with the Invasion just as we anticipated and we won the fight. To avoid causing extensive damage to the Leaf I changed the area to the Volcano planet Mirmag.

Lord Third: So that's what that Volcano Planet was called. Incredible.

Naruto: Yeah. It was amazing Grandpa.

Lord Third: (Laughs) I believe it Naruto.

Nicole: I faced Kabuto and it was a powerful clash. I formed a blade of fire on my sword hilt and we clashed with pure fire and pure chakra. Kabuto was incinerated by a fire tornado on the planet and I sealed his soul into the Book of Vile Darkness. Here.

Nicole handed him the book and revealed the info on him. Lord Hokage read it and he was shocked.

Lord Third: So Kabuto was indeed Nono Yakushi's biological son. She never knew about him this whole time. He killed her by accident during the 3rd Great War and we were told she commited suicide.

Sasuke: No doubt one of Danzo's tricks I'll bet.

Nicole: That was my first thought too Sasuke.

Lord Third: I have a feeling that you're right Sasuke. Continue on.

Nicole: We killed all the Sound Shinobi and totaled up 375 Sound Shinobi. All their info is in the book. That's not the worst part we found out.

Lord Third: What do you mean?

Nicole: We found out that Chiyo, the Leader of the Sand's Puppet Brigade was a Traitorous Witch. Here's what we found out.

Nicole turned the pages to Chiyo's info and Lord Hokage found a horrifying revelation. Temari, Kankuro, Gaara and Karura were shocked about this. Karura and Temari broke down crying and Kankuro punched the wall in rage.

Kankuro: That witch! She killed father in cold blood!

Naruto: I can't believe that Chiyo was that heartless. She had absolutely no value for her village or any of her teammates. Her soul was as black as the pits of evil itself.

Sasuke: Unbelievable.

Naruto: I'm so sorry Gaara.

Gaara: It's all right Naruto. I always knew that Father was being manipulated by Chiyo somehow. Now I know that he was coerced into doing everything he was doing to me against his will.

Nicole: I can't believe that Chiyo was that evil. She let her own greed and selfishness in making the Sand a strong force cloud her mind completely.

Lord Third: I agree Nicole. Chiyo is now a traitor to the Sand and she will be treated like such for them. Karura I'm so glad you're all right. Rasa was devastated when he thought you died.

Karura: (Calms down) I know Lord Hokage. It's all Chiyo's fault. She tried to kill me and use Gaara for her own selfish purposes.

Temari: I don't think we can trust the Hidden Sand anymore after everything that's happened and I don't think we can go back.

Lord Third: Well I'm more than happy to give you all asylum here in the Leaf.

Kankuro: Thank you Lord Hokage.

Gaara: I'm honored to be a Leaf Shinobi Lord Hokage.

Lord Third: You're welcome. Now Team Cosmic Dragon, because the invasion cancelled the Chunin Exams and because of your tremendous demonstration in skills, leadership in battle and Valor in battle and protection of your friends and helping the Leaf Triumph into Victory I hereby award you all the rank of elite Chunin.

Team Cosmic Dragon cheered.

Nicole: Thank you Lord Hokage. We are truly honored.

Lord Hokage gave them special purple Chunin Flak Jackets with the symbol of Team Cosmic Dragon on the back.

Nicole: Thank you Lord Hokage. We will wear these vests with honor and diligence.

Lord Third: Take 2 weeks off and rest for a bit. I also have another announcement. I am going to step down as the 3rd Hokage.

Nicole: Lord Hokage you still have enough fight in you.

Lord Third: Thank you for that Nicole. But I'm getting old and I have already announced my successor. I'm appointing Tsunade as the 5th Hokage.

Nicole: Wow! That's a big jump for her. It was an honor to serve you as the 3rd Hokage Lord Sarutobi.

Lord Third: Thank you Nicole. Thank you Team Cosmic Dragon for your outstanding performances over the last 6 months.

Naruto: Anytime Grandpa.

Afterwhich Lady Tsunade was officially coronated as the 5th Hokage. She was given the secret to the paperworks defeat and she now can run the hospital and has alot of free time. Kushina was now her right hand woman.

Later as Team Cosmic Dragon was resting in the Namikaze estate Nicole sensed something.

Nicole: Whoa! I sense two huge energy signals coming.

Lincoln: Can you identify them Nicole?

Nicole concentrated and she gasped.

Nicole: It's the Akatsuki. Kisame Hoshigaki and Itachi Uchiha.

Naruto: They must be coming for me, Fu, Gaara and Rin. But they think that Yagura is the 3-Tails Jinchuriki.

Natsumi: That's probably the cause.

Nicole: Lets go meet them.

They ran to the north edge of the village and met Itachi and Kisame in the flesh. They were wearing Black Cloaks with red clouds on them.

Nicole: Itachi Uchiha and Kisame Hoshigaki.

Kisame: Team Cosmic Dragon. We've heard so many big things about all of you. We also heard that you killed that traitor Orochimaru.

Nicole: Word sure travels fast doesn't it?

Yamiko: Captain Kisame. It's been a long time.

Kisame: Yamiko Kaguya. I haven't seen you since you were a little girl. You sure have grown.

Yamiko: I know. I found my brother Kimimaro and we are together again.

Kisame: I'm happy for you Yamiko.

Itachi: It is good to see you again Nicole.

Nicole: You too Itachi. It's been 5 years since we last saw eachother.

Rin: Itachi you sure have grown the last time I saw you.

Itachi: Rin? I thought you died.

Naruto: Orochimaru found her 14 years ago and healed her by freezing her in a block of ice.

Rin: And I had some bonuses as a result because of it.

Nicole: Itachi we have some news for you but Sasuke would like to talk to you.

Sasuke: It's been a while big brother.

Itachi: I don't hear any hate in you.

Sasuke: Itachi I know everything about the Massacre and why you did it. It was because of the corruption of the Elders and the Civilian Council. Danzo, Koharu, Homura and the Civilian Council made you kill the Uchiha Clan against your will. They were executed for their treachery.

Nicole: It's true Itachi. Everyone knows all about the Massacre and that the Corruption of The Council destroyed the Uchiha. They now view you as a hero instead of a traitor.

Itachi was shocked.

Itachi: I thank you for telling me this. And Sasuke I am so sorry that I put you through everything.

Sasuke: I know big brother. You did what you had to do for the village and you are my hero.

Itachi: (Chuckles) I'm glad. Now Nicole let us talk.

They were in the Tsukuyomi Realm.

Nicole: Whoa! I completely forgot how wicked the Tsukuyomi Realm was.

Itachi: Yes. We can talk in here.

Nicole: I'm afraid the news is grim. During our match in the Chunin Exam Preliminaries me and Naruto faced an evil Sasuke.

Sasuke: This version of me is evil in its purest form and he is an arrogant and extremely ruthless monster.

Naruto: He has a massive superiority complex that is as big as the biggest star in the universe and it completely consumed him beyond all known levels of human comprehension. He claims to be the strongest of the strong and the best of the best.

Lincoln: He is what Sasuke was before we set him straight during our mission to the Land of Waves.

Fu: He is now on probation and the civilian population fears him instead of worshiping the very ground he walks on.

Rin: We also have a very strong feeling that the Evil Sasuke is going to go rogue in the next couple of days.

Itachi: How bad is this feeling?

Nicole: 99.8% and when we beat him we stripped him of his right to be a Leaf Shinobi completely and he vowed to completely destroy the entirety of the Leaf Village and kill everyone and destroy everything.

Itachi gasped in horror.

Itachi: I've created a monster.

Nicole: No it's not your fault Itachi. It's Koharu's fault. She created a Blood Clone with Sealing Jutsu and infused it with Sasuke's DNA and blood and made him into a ruthless monster.

Itachi: It's good she's dead. I can't believe that this Sasuke is gonna destroy us all.

Yamiko: We won't let him do it Itachi.

Ami: He will pay with his life if the need arises.

Akiko: And we won't let his reign of terror come into being.

Itachi: Thank you all. I am eternally grateful.

Nicole: We also know what the Akatsuki is planning to do and it will destroy the entire planet if we don't stop them.

Itachi: So the Akatsuki are gonna destroy the world?

Naruto: Yeah. The Infinite Tsukuyomi will cause the entire planet to explode and annihilate everyone and everything.

Lincoln: It'll be the end of the world and we can't let that happen.

Fu: Yeah.

Itachi was horrified. He was working for an evil organization that was gonna destroy the entire planet and kill everyone.

Itachi: Thank you all for telling me. How did you acquire this info?

Nicole: During the execution of Danzo, Koharu and Homura, Lady Kami herself appeared and revealed everything. She's gonna help us destroy the Akatsuki and prepare for them.

Itachi: That's incredible. Thank you for telling me this. Now I know what I must do. I have to tell Lord Hokage about this.

Nicole: He already knows and everyone in the 5 Great Nations knows and everyone is now on high alert for the Akatsuki and they know the threat that they pose to the entire planet.

Naruto: The whole world is in grave danger Itachi and we have to stop the Akatsuki at all costs.

Itachi: Yes. It's good they know.

Nicole: Orochimaru is dead too. We were prepared for him and we killed him and the Sound Village took a devastating and extremely crippling blow.

Itachi: That's what we've heard. I'm glad he's dead.

Akiko: We are too. He got what he deserved in the end.

Nicole: Yeah.

Sasuke: Orochimaru was after the power of the Uchiha and he was after my body for the Sharingan and we found out that he tried to take you.

Itachi: Yes. He did Sasuke. But I stopped him.

Nicole: That's good.

The Tsukuyomi Realm vanished.

Nicole: Whoa! I forgot how much of a headache the Tsukuyomi does to you.

Naruto: Yeah.

Itachi: Kisame tell the Akatsuki Leader that I won't be coming back.

Kisame: Certainly Itachi. I understand.

Itachi: I had a…

Evil Sasuke: ITACHI!

They saw Evil Sasuke ready to face Itachi.

Nicole: Speak of the Devil and he shall come. What are you doing here Sasuke 2?

Evil Sasuke: Itachi! I've done exactly as you've said and did as you've asked. I have saved my hatred for you and ONLY YOU! AFTER I KILL ITACHI YOU'RE ALL NEXT TEAM COSMIC DRAGON! NOW ITACHI! YOU'RE DEAD!

Nicole: (In her head) Don't push your luck Sasu-gay.

Itachi: (In his head) Nicole is right. There is an evil version of Sasuke.

Evil Sasuke charged up a Chidori to maximum power and he went at Itachi.

Naruto: (In his head) He stole Kakashi-sensei's Original Jutsu!

Rin: (In her head) That little thief!

Sasuke: (In his head) He just continues to disgrace the Uchiha even more.

Itachi swat away the Chidori like it was nothing and he beat Evil Sasuke mercilessly and pinned him to a tree.

Itachi: You're still too weak. You don't have enough hate. And you know something, (Whispers into his ear) You never will.

Itachi put Evil Sasuke under the Tsukuyomi and tortured him psychologically.

Later Itachi went with them into the Leaf and reported everything. Itachi was pardoned for his crimes and Sasuke and Itachi were reunited. Itachi found out that Orochimaru poisoned him when he was in the Akatsuki and Lady Tsunade cured him.

Evil Sasuke was in the Hospital in a coma and Nicole was by him.

Nicole: You brought all this on yourself Sasuke 2. Now you will pay for everything you've done. (Nicole's Eyes glowed Crimson Red) Welcome to your Worst Nightmare!

Nicole casted the Malevolent Insanity jutsu on him and Evil Sasuke was in the Nightmare Universe.

The Malevolent Insanity Jutsu takes the target into a Nightmare Universe of unimaginable horror. It's actually a Universe where the Very Physical laws of Nature do not apply and it brings all your worst fears to life and tortures the target psychologically and mentally to the power of 100,000. It destroys the targets sanity beyond that of all medicinal and theraputic repair. It even has the power to plague their mind with extreme delusions of weakness by showing the source of their pain amplified times 1 million.

Nicole: Enjoy your torture Sasu-gay because it will haunt you for the next 7 days.

Nicole left and whistled and suddenly Evil Sasuke screamed in fear.

Nicole: I love torturing Evil Sasuke's.

Nicole knew that the Tsukuyomi Jutsu combined with the Malevolent Insanity Genjutsu would completely destroy his sanity forever and it would make sure that he suffers forever.

Continues in Part 10.

# Shinobi of The Cosmic Storm P10

Here is the part you've all been waiting for.

---

The Malevolent Insanity Jutsu and the Tsukuyomi Genjutsu were done on Evil Sasuke. He was filled with so much hate and evil that it was completely unfathomable beyond all forms of Human Comprehension. He was being plagued by horrific hallucinations of Nicole and Team Cosmic Dragon ruining his life and more. They belittled him and made fun of him and called him bad names and more. He was even plagued by hallucinations that his own family over the centuries has turned against him. That's not the worst part. He is also suffering hallucinations that the whole village and world has turned against him and more. His defeat at the hands of Itachi infuriated him and he was being destroyed by Team Cosmic Dragon's words.

Nicole: (Echoing) How does it feel to be a worthless loser and a pathetic disgrace? That's all you are Sasu-gay.

Lincoln: (Echoing) You will never be good at anything. All you are is a coward and a worthless thief.

Naruto: (Echoing) I'm glad Itachi killed your family and they can burn in the Netherworld.

Sakura: (Echoing) You will never be a challenge to us Sasu-gay. Go kiss more boys.

Fu: (Echoing) You will never have friends or a loving family. You're a disgrace and a worthless loser you dead last scum.

Juri: (Echoing) How does it feel knowing that you will never match up to us Sasu-gay?

Ami: (Echoing) I don't know what I ever saw in you. All you are is a demon in human skin.

Akiko: (Echoing) Naruto is a much greater shinobi than you ever will be in a trillion lifetimes.

Sasuke: (Echoing) You have disgraced the Uchiha name and you are no longer fit to be a member of my family.

Rin: (Echoing) You are a worthless loser and Naruto is a far greater shinobi than you ever will be.

Yamiko: (Echoing) You are a total failure Sasu-gay.

Itachi: (Echoing) You're still too weak. You don't have enough hate. And you know something, You never will.

Evil Sasuke was so enraged that he clenched his fist tight and blood gushed out of his hand and he screamed in so much rage and punched through the wall.

Evil Sasuke: (Enraged Screaming) IT'S NOT FAIR! WHY!? WHY!? WHY!? WHY CAN'T I GET STRONG!? I'M AN ELITE AND THE STRONGEST!? I HATE YOU TEAM COSMIC DRAGON! YOU ALL RUINED MY LIFE!

It was then that he decided that he was gonna leave and get stronger from an outside source.

He was free to leave the hospital.

---

Later that night Team Cosmic Dragon was on their way back to the Namikaze estate after having a snack at the Dango Stand.

Nicole: Well another mission another dollar as I always say.

Lincoln: You said it Nicole.

Naruto: Being a Chunin is awesome. We got to go on border patrol and we stomped out a bunch of bandit camps and more.

Sakura: Lets not overestimate our skills everyone.

Sasuke: Sakura's right guys. We have to be prepared for anything now that we're Chunin.

They saw Evil Sasuke with his backpack on and he was heading to the gate.

Nicole: Is that Sasuke 2?

Naruto: Yeah that's him.

Lincoln: Lets go see what he's up to.

They went to him.

Nicole: Going somewhere Sasu-gay?

Evil Sasuke saw Team Cosmic Dragon.

Evil Sasuke: This is none of your business losers.

Nicole: We're making it our business Uchiha and from the looks of it you're planning on leaving the village without permission.

Naruto: As Elite Chunin of the Leaf we won't allow that.

Evil Sasuke: (ENRAGED) THEY MADE YOU ALL ELITE CHUNIN!? (Calms down) Then that makes my decision all the more clear. This village has been holding me back and has not been giving me the power I need for my objectives. I'm leaving the Leaf Village and I will one day return and destroy everything and kill all of you.

Nicole: We won't let that happen Sasu-gay.

Sasuke: You've brought so much shame and humiliation to my family and you don't deserve to be a member of my clan anymore.

Nicole: You brought all this on yourself and we won't let you leave. The only place you're going is prison for eternity.

Evil Sasuke: WE'LL SEE ABOUT THAT!

Evil Sasuke charged and flared up his Chakra and Naruto chopped him on the head and knocked him out.

Lady Tsunade appeared.

Lady Tsunade: What's going on here?

Nicole: Our evil Sasuke here was going to leave the village without your permission Lady Hokage. My guess is that he was gonna find Orochimaru's old labs and strengthen his Curse Mark for power. He was gonna come back and destroy the Leaf and kill everyone.

Lady Tsunade: He sure is a nuisance isn't he? Arrest him.

The ANBU arrested the Evil Sasuke. 2 Weeks later Evil Sasuke was being taken to the Blood Prison where he will stay for eternity. He was being shown that it doesn't matter who you are, what you are, or what clan you are from no matter how powerful or prestigious it is that you can't do whatever you want in the village.

Rabbit: Any last words Sasuke 2?

Evil Sasuke: Yes. I decided that not only will I get my revenge on you Leaf Village but this entire miserable planet as well. I will destroy everything and kill everyone and reduce this whole planet to dust! DO YOU HEAR ME EVERYONE!? YOU ALL WILL DIE AND GO TO THE NETHERWORLD! I SWEAR IT!

Nicole went Super Angel 10,000 Star Dragon and Lincoln went Super Angel 2 and Team Cosmic Dragon spread their wings.

Nicole: It will be a cold day in the Netherworld before we let that happen Sasu-gay. Let me warn you. If you ever escape from the Blood Prison I will look for you, I will find you and I will kill you.

Lincoln: That is a promise.

Lady Tsunade: I agree and you will be forever damned with the rest of your family.

Frog: Is that all?

Evil Sasuke: Yes. That's all.

They took him away and he was never going to be seen again. The

Blood Prison is like Alcatraz in San Francisco, California and it is a million times worse than 1,000 Alcatraz's put together. The prisoners there hate the Uchiha with a terrible vengeance and they will probably kill them when he gets there. To make matters worse, Evil Sasuke was stripped of all of the Jutsu he stole as well as all the fighting styles he has and his chakra was forever sealed. He will also be marked as a Triple S-Rank Rogue Ninja with a Kill on Sight Order should he ever escape.

Nicole: Well that takes care of that wretch. Now we have work to do. Lady Hokage, we would like to go and clean up all of Orochimaru's mess.

Lady Tsunade: I think I know what you're about to do Nicole. All right you leave on your first mission in 2 days. Be ready by then.

Nicole: Yes milady. We'll call this mission the Great Orochimaru Purge. Hands in team.

They did so.

All: TEAM COSMIC DRAGON SOAR!

Lady Tsunade: Good luck to all of you and Jiraiya will go with you.

Naruto: Okay godmother.

---

2 days later it was time for them to head out.

Jiraiya: So we're heading out to eliminate all of Orochimaru's experiments huh?

Nicole: That's right Master Jiraiya and we're gonna make sure that all traces of his activity are gone for good.

Naruto: Trust me Jiraiya-sensei we have to do this to make sure that Orochimaru can't be resurrected or worse.

Jiraiya: I hear ya kid.

Nicole: Lets head out team.

---

## THE GREAT OROCHIMARU PURGE PART 1: FUMA CLAN

Team Cosmic Dragon was walking through a run down town in the middle of the Land of Rice Patties. They saw that all the buildings were old and broken.

Yamiko: Where is everybody?

Nicole: I sense everyone but they are really good at hiding.

Naruto: This place is filled with the smell of snakes. Orochimaru was here all right.

Natsumi: I sense remnants of his evil Chakra here too. Even though he's dead.

Nicole: Lets keep going.

Then a figure came out and it was a girl dressed in grey clothes and her face was covered and she charged at them.

Nicole: Heads up!

Nicole kicked her and knocked her out.

Nicole: Lets take her to that cabin up there.

Nicole pointed to a cabin on the hill and they took her there.

Once inside they took off her face cover and saw that she had pretty orange hair. She woke up when she saw them.

Nicole: It's all right. We mean you no harm.

?: Who are all of you?

Nicole: It's customary to have you tell us your name first.

?: Sorry. I'm Sasame Fuma. One of the Fuma Clan.

Nicole: Pleasure to meet you Sasame. We are Team Cosmic Dragon. I'm Nicole Knudson of The Star Dragon, the Leader.

Lincoln: I'm Lincoln Loud of the Thunderbird.

Naruto: I'm Naruto Uzumaki Namikaze of the Lifewing.

Sakura: I'm Sakura Haruno of the Oceanwing

Fu: I'm Fu of the Blazewing.

Juri: I'm Juri the Sea Dragon Maiden.

Ami: I'm Ami Mitarashi the Cobra Swordmistress.

Akiko: I'm Akiko Suzuki the Maiden of The Nebula.

Sasuke: I'm Sasuke Uchiha the Knight of The Raven.

Rin: I'm Rin Nohara of the Phoenix Wing, Veteran of the 3rd Great War.

Yamiko: I'm Yamiko Kaguya the Bonemancer.

Jiraiya: And I'm Jiraiya of the Sannin.

Sasame: I've heard so much about you all. You all killed Lord Orochimaru.

Nicole: Orochimaru was a menace to the entire world and he destroyed many peoples lives.

Sasame: You don't understand. Lord Orochimaru was the key to our clans salvation. He was gonna give our clan a second chance to shine in the sun again.

Naruto: Sasame you don't know how wrong you are. Orochimaru was an evil man. He was gonna destroy the Leaf and rule over the 5 Great Nations with an iron fist. We killed him and put an end to his reign of terror and sent him off to the darkest pits of the Netherworld forever.

Nicole: Here. Read this.

Nicole showed the information Orochimaru had on him in the Book of Vile Darkness and when Sasame was finished reading it she was horrified.

Sasame: We were lied to. Orochimaru, (Crying) you monster!

Sasame broke down crying and Sakura comforted her.

Jiraiya: It's all right Sasame. Orochimaru was my teammate and he betrayed our village 14 years ago. He has been doing all sorts of crazy and evil experiments to many people over the years and poisoning their minds with lies and evil.

Naruto: We had to kill him and make sure that he paid for everything he has done to the world.

Nicole: Yeah. He is now forever imprisoned in the Book of Vile Darkness. He will never again torment the 5 Great Nations ever again. You have to understand Sasame. I don't know what Orochimaru promised you all when he came to you but he is evil in its purest form. He will never live up to his end of the bargain and he disposes of his followers for even making the smallest of mistakes.

Sakura: That's right. You all were pawns in his evil plans.

Sasuke: He was after the Uchiha for the Sharingan so he can learn all the Jutsu in the world. He also uses a Forbidden Immortality Jutsu by leaping from one body to another every three years. He acquires that persons abilities and powers in that body.

Fu: Orochimaru was responsible for an invasion with the Sand and Sound villages on our village 2 weeks ago and we took the fight to another planet and killed all the attacking Sound Shinobi. The Sand double-crossed the Sound and helped us win the fight.

Ami: You see Sasame, making a deal with Orochimaru is like making a deal with the devil. He was the Devil Incarnate.

Akiko: That's right. We couldn't let him get away with everything he did.

Sasame started to feel better.

Sasame: You're right about all that. But we have to find my cousin Arashi.

Nicole: Where did you see him last?

Sasame: He was at an old temple to the north. I'll lead you to it.

Nicole: Okay.

Sasame lead them to an old temple and it looked very eerie.

Nicole: This it?

Sasame: Yes. Arashi is in here.

Naruto: I can sense it. He's in there.

Nicole: All right. Lets go.

They all went into the temple and it was creepy. They then found Arashi.

Nicole: Arashi I presume?

Arashi: That's right.

Sasame: Arashi! (Hugs him) Thank goodness you're okay.

Arashi: You're mistaken Sasame. I am not the Arashi you knew.

Then Arashi started to change and he underwent a gruesome transformation.

Nicole: What the?

Naruto: What's happening to him!?

Sakura: I don't know.

Arashi became a gruesome monstrosity.

Nicole: Oh man! I've read about this. This is Ninja Art: Cadaver Puppets. It's a Forbidden Jutsu that Orochimaru created and what it does is it molds the bodies of dead shinobi into the user and they get their Chakra, abilities and Kekkei Genkai. But it warps the users mind and makes them completely unstable.

Lincoln: So the only way to save him is to sever those puppets.

Nicole: Yes. Lets power up team!

Nicole went Super Angel 2, Lincoln went Super Angel, and everyone spread their wings.

Arashi: So you're Team Cosmic Dragon. I heard you all killed Lord Orochimaru.

Nicole: That's right. And you will be joining him if you don't wake up.

Arashi: We shall see.

Nicole: Yes we will. STAR STYLE: STAR DRAGONS WRATH!

Nicole fired her trademark technique at Arashi and it vaporized one of the corpses and he was half way back to normal. But the technique hit the wall and caused a huge explosion.

KRABBOOOOOOOOOOMMMM!

Arashi: You pests. I will make you pay for this! (Goes through numerous hand signs) Fuma Clan Ninja Art: Spell of The Mandala!

He fired a crystal structure and it encased Yamiko and he was contracting his hands and he was causing the structure to crush her. But Yamiko was too strong and she was gonna break out and Nicole sensed something.

Nicole: That thing is gonna blow! Everyone take cover!

They did so and Yamiko broke out of the structure and it exploded with incredible power.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOM

The explosion was so devastating that it destroyed much of the temple and reduced it to rubble on the inside. The shrapnel from the structure severed both the corpse puppets and Nicole grabbed Arashi and saved him.

Jiraiya: SUMMONING JUTSU!

Jiraiya summoned a huge toad.

Jiraiya: Lets get out of here guys. This whole place is gonna collapse.

Nicole: Right Master Jiraiya.

Arashi: Nicole. Let me tell you about the mission that Lord Orochimaru gave us. Should he ever got Sasuke he wanted to make sure that nobody from the Leaf ever came and got him. So he called on us to make sure that he doesn't go back to the Leaf no matter what.

Nicole: I understand. Then you must've heard.

Arashi: Yes. I'm glad Orochimaru is dead and you were right. He was a menace to everyone in the 5 Great Nations.

Nicole: That's just the least of our problems Arashi. An evil Organization of Rogue Ninjas is now the main threat. They're going to destroy the entire planet if we don't stop them.

Arashi: Yes. The Akatsuki pose a tremendous threat to our planet. News has been spreading about that.

Naruto: Yeah. We got to go guys. This whole place is gonna collapse.

Jiraiya: Lets go Gama Tora.

They left the temple as it collapsed.

Nicole: That's it for that hideout. We still have a long way to go.

After the temple was destroyed they gathered the Fuma Clan together and revealed the full extent of Orochimaru's crimes and more and the Fuma Clan realized that they were all pawns in Orochimaru's diabolical ambitions. They decided to move to the Leaf and start their lives anew. Team Cosmic Dragon filed their report and Lady Tsunade gave them S-Rank Credit for saving the Fuma Clan from a path of destruction.

THE GREAT OROCHIMARU PURGE PART 2: MIZUKI STRIKES BACK.

---

It was a peaceful day in the Leaf. Team Cosmic Dragon was visiting Neji in the hospital.

Nicole: So how are you feeling Neji?

Neji: Still sore from that beating I got from Naruto and Hinata.

Naruto: Sorry Neji but you deserved it for belittling Hinata and spouting on and on about fate.

Neji: You're right Naruto. I did deserve it.

Lincoln: Well the good news is that Lady Tsunade said that you'll be out of here in 3 more weeks.

Sakura: Well now that the Hyuga Council has been executed for treason and the use of the Caged Bird Seal has been abolished, Hinata has united the clan into one and she is gonna make sure that no more corruption like this will ever happen again.

Neji: That's good. I'm glad that Lady Hinata is doing good.

Naruto: Well get some rest Neji. We should have a rematch one of these days when you're cleared to go back to the Shinobi Corp.

Neji: Thank you Naruto. I will.

They leave the hospital and as they walked down the street they saw Chunin and Jonin heading to the Prison.

Nicole: Sounds like there's trouble at the Leaf Maximum Security Prison! Lets go!

They rush over there and they saw a prison riot and lots of Chunin and Jonin were fighting the inmates.

Nicole: Looks like we've got a riot in progress.

Naruto: Some of these criminals I know and locked up in here.

?: So you've finally come Demon Fox.

They saw Mizuki waiting for them.

Nicole: Mizuki. Long time no punch.

Naruto: So you are the main force behind this prison riot.

Mizuki: Yes and I did it to get my revenge on you demon brat.

Lincoln: You were the main reason why you wound up in here.

Naruto: I saw you give Sasuke prewritten tests and it was because of that that you were branded as a traitor.

Nicole: We knew that you were going to steal the Forbidden Scroll of Sealing and give it to Orochimaru.

Mizuki: You ruined my quest to get power from Lord Orochimaru! I will kill you all for it and make sure you suffer for that too!

Nicole: Sorry to disappoint you Mizuki but Orochimaru is dead and you will joining him in the darkest pits of the Netherworld.

Mizuki: You lie! Lord Orochimaru can't be dead!

Sasuke: Orochimaru was killed by all of us and he got what he deserved. Just like you are going to Mizuki.

Mizuki: Lord Sasuke how can you say that to me? Haven't you always wanted to be the greatest shinobi in the world and the best of the best?

Sasuke: No. I want to earn my power and work for it the right way. You gave me shortcuts and that made me a powerhungry megalomaniacal arrogant coward. It's because of you that I was alienating myself and became an antisocial monster that only cared about no one but me. It was thanks to Nicole and my team that I realized the error of my ways and became a powerful force for good.

Mizuki: So you know the truth. Well I will make sure that you die with the rest of your family.

Sasuke: I don't think so.

Nicole: Lets take this mad man down for good.

Naruto: Yeah. This dirtbag has plagued my life for far too long.

Lincoln: All he has is nothing but a big mouth that needs to be shut up permanently.

Fu: I agree.

Rin: Lets get him.

Nicole went Super Angel 2, Lincoln went Super Angel 2 and everyone spread their wings.

Naruto: I don't know what Iruka-sensei ever saw in you as a friend Mizuki. But people like you give Chunin and teachers everywhere a bad name.

Mizuki: Powerful words Demon Fox. Lets see you back them up.

POW!

Naruto punched Mizuki in the face and Sakura kicked him in the back with devastating force and a snap sound was heard.

Mizuki: What have you all done to me? I can't feel my legs!

Nicole: Sakura kicked you in the back and severed your spine. You are now forever crippled.

Mizuki: Don't count me out yet. I have a new improvement.

Mizuki had bulked up and he was back on his feet and he had a Tiger Appearance.

Nicole: Impressive. So this is your Curse Mark Form. The Tiger is a fitting animal for you.

Mizuki: Yes thank you and now I will make you suffer.

Nicole: I don't think so.

Nicole then went Super Angel 4 and Mizuki dashed towards her and Nicole ducked under a punch and she punched Mizuki in the chest so hard that her fist went all the way through him and out the other side through his back. Mizuki was dead in an instant as Nicole was holding Mizuki's black heart in her hand.

She pulled out her hand and Mizuki fell to the ground and Mizuki's heart was still beating in her hands.

Nicole: Never again Mizuki.

Mizuki's spirit appeared before them.

Nicole: Now you can join Orochimaru in the Netherworld for all eternity. [Pulls of the Book of Vile Darkness and Chants an Incantation] **Aldruon Enlenthranel Vosolen Lirus-nor!**

Mizuki went into the Book of Vile Darkness and his info revealed a shocking revelation.

The Curse Mark Mizuki had on his right arm was actually a special set of instructions on how to obtain the Animal Curse Mark and it had a formula and list of ingredients on how to make it.

Nicole: Look at this team. Mizuki got the Animal Curse Mark 1 year before we came back from our training trip. It's actually got a special set of instructions on how to get it.

Naruto: So that's what that ugly skull-shape mark is. Orochimaru must've used him as a guinea pig for this.

Sakura: So it would appear. He was nothing more than another pawn to Orochimaru.

Ami: Another waste of a life in his diabolical ambition.

Fu: What's this list of ingredients here?

Nicole: Looks like a chemical formula designed to give him the Curse Mark. We'll talk about that later. Lets help round up all the prisoners and take any Chunin or Jonin to the hospital for treatment.

Sasuke: Right.

They did so and got all the prisoners all back in their cells and placed powerful electric barrier sealing jutsu on them and they were surging with 1 billion volts of electricity. They rounded up 20 shinobi and kunoichi and Kurenai Yuhi was among them.

Nicole: Kurenai-sensei is here. Lets go.

They took them to the hospital and reported to Lady Tsunade. They arrived at the door and knocked.

Lady Tsunade: Come in.

They went in.

Nicole: Lady Hokage the Prison Break at the Leaf Maximum Security Prison has been stopped by us.

Lady Tsunade: Good work. Do you know who was responsible for it?

Naruto: Yes godmother. It was Mizuki that instigated it.

Sakura: We saw a bunch of Chunin and Jonin heading there after we visited Neji in the hospital and rushed over to help out.

Lincoln: But it turns out that it was all set up by Mizuki so he can get revenge on us for locking him up.

Nicole: We found out during our fight that he got a curse mark from Orochimaru. Here's what we found.

Nicole handed the Book of Vile Darkness to Lady Tsunade and what she found out was awful.

Lady Tsunade: So that's what that mark is. (Sighs) That stupid Orochimaru.

Naruto: Yeah. Orochimaru used Mizuki as another one of his pawns.

Rin: That Curse Mark formula is totally unstable and it would destroy Mizuki's body had he made it. Which from the looks of it he did.

Lady Tsunade: You're right Rin. It would've ended his days as a Shinobi regardless.

Nicole: Yeah. We killed Mizuki and I imprisoned him in the Book of Vile Darkness. We rounded up all the prisoners and made sure that they stay there by putting Lightning Barrier Sealing Jutsu on the cells. 20 Shinobi and Kunoichi were injured and are in the hospital as we speak. We brought them there after we thwarted the attempted Prison Break.

Lady Tsunade: I see. Good work to all of you. You will receive S-Rank Mission credit for a job well done.

Nicole: Thank you milady.

The door opened and in came Mizuki's fiance Tsubaki.

Tsubaki: Lady Hokage. Is what I heard true?

Lady Tsunade: I'm afraid so Tsubaki.

Nicole: Tsubaki. I'm very sorry about Mizuki. I know how much you cared about him but he was one of those people that would never change.

Tsubaki: Yes. I realize that now. Thank you Nicole. Also I have to atone for what I have done.

Naruto: You were keeping quiet about the Forbidden Scroll fiasco because Mizuki threatened you somehow.

Tsubaki: That's right Naruto. How did you know that?

Naruto: I had this feeling. [To Lady Tsunade] Godmother if I may.

Have Tsubaki here atone for this by working in the Academy with Iruka-sensei. After Mizuki was arrested when we got back from our trip he had no assistant and Tsubaki would be perfect for it.

Lady Tsunade: That's a good thought Naruto. All right I will allow it.

Tsubaki: Thank you milady.

Juri: Tsubaki I'm sorry about Mizuki.

Tsubaki: It's all right. Thank you Juri.

Later they came out and headed to Ichiraku Ramen for a snack.

Nicole: Great job everyone. Another victory for Team Cosmic Dragon and another minion of Orochimaru destroyed.

Lincoln: That's right. But we still have a long way to go in cleaning up his mess.

Naruto: We will help everyone whose lives hes destroyed over the years and erase the scar that he has inflicted upon the land.

Sasuke: That's right.

Yamiko: Orochimaru will be erased forever and we will make sure of it.

Nicole: That's right.

The Great Orochimaru Purge was in full swing.

THE GREAT OROCHIMARU PURGE PART 3: DESTROYING THE NORTHERN HIDEOUT

Team Cosmic Dragon was walking through the Land of Grass towards Orochimaru's Northern Hideout. With them was Kimimaro, Tayuya and Karin and they were going to destroy the hideout and see if they can help a certain man.

Nicole: We should be approaching the Northern Hideout team.

Lincoln: I heard that this is where Orochimaru kept all his most dangerous and volatile experiments.

Karin: That's right Lincoln. Orochimaru's most dangerous experiments reside at this hideout.

Tayuya: From what I remember Orochimaru keeps a man named Jugo here.

Sasuke: Jugo? Who is he?

Kimimaro: Jugo is my best friend Sasuke. 3 years ago Orochimaru sent me to get him for him. Jugo comes from a clan that has a terrible power that causes him to go berserk after absorbing Nature Energy.

Naruto: I was told that Orochimaru created the Curse Mark Transformations we saw from an enzyme in Jugo's blood.

Tayuya: That's right Naruto. It was with this enzyme that we got our Curse Mark Transformations at the cost of our sanity.

Nicole: So that's why Orochimaru recruited him. He needed Jugo's blood and that is the catalyst for his experiments.

Karin: That's right Nicole.

Sakura: That's awful. I can't believe that Orochimaru would be that evil and diabolical.

Fu: Well we made sure he got what he deserved and more. Now he's imprisoned in the Book of Vile Darkness for all eternity.

Yamiko: Yeah. Good riddence.

20 minutes later they all arrived at the Northern Hideout.

Nicole: This must be it.

Lincoln: It is. I'm sensing huge power signals in there and there are a bunch of fading ones.

Naruto: And I know where they're coming from. Look!

Naruto pointed to a bunch of Curse Mark experiments.

Nicole: These must be all the people that are dangerous.

Rin: Yeah. Their Curse Marks are all unstable. I can sense it.

Nicole: Lets get them.

Nicole went Super Angel 2 and they fired a combined Ki blast and obliterated them completely.

Nicole: That's it for them. They were dead already to begin with.

Sasuke: Yeah.

They went into the hideout and saw all the guards dead.

Nicole: Looks like a riot broke out.

Ami: Was this Jugo's doing?

Karin: No. Jugo is still locked up. I can sense him. (Shudders)

Naruto: It's all right Karin. I have a Seal prepared for him.

Nicole: Okay. Lets go.

Karin found the keys and handed them to Nicole and they arrived at a big steel door.

Nicole: This must be Jugo's cell. All right everyone stand back.

Nicole flared up her Super Angel aura and began unlocking the door.

Jugo: Someone's here.

Nicole opened the locks.

Nicole: Here we go.

Nicole began to open the door.

Jugo: A woman. If a woman comes I'll kill her.

Nicole opened the door and Jugo saw her.

Jugo: BINGO! YOU'RE DEAD!

Jugo Charged and Nicole fired a Force blast and Naruto tied him up and slapped a seal on his forehead.

Naruto: SEALING JUTSU: BIPOLAR SEAL!

The Seal activated and embedded into his forehead and Jugo returned to normal.

Karin: That was amazing.

Jugo: I feel okay.

Naruto: I used a special seal to correct your destructive nature. You should be able to control your cursed change at will now without losing your sanity.

Kimimaro: Jugo I'm glad you're all right.

Jugo: Kimimaro, Karin, Lady Tayuya. Thank goodness you're all right.

Kimimaro: It's good you're all right Jugo.

Karin: Same here.

Tayuya: Glad you're all right big guy.

Nicole: Jugo it's a pleasure to meet you. We are Team Cosmic Dragon. I'm Nicole Knudson of The Star Dragon. The Leader.

Lincoln: I'm Lincoln Loud of the Thunderbird.

Naruto: I'm Naruto Uzumaki Namikaze of the Lifewing.

Sakura: I'm Sakura Haruno of the Oceanwing.

Fu: I'm Fu of the Blazewing.

Juri: I'm Juri the Sea Dragon Maiden.

Ami: I'm Ami Mitarashi the Cobra Swordmistress.

Akiko: I'm Akiko Suzuki the Maiden of The Nebula.

Sasuke: I'm Sasuke Uchiha the Knight of The Raven.

Rin: I'm Rin Nohara of the Phoenix Wing, Veteran of the 3rd Great War.

Yamiko: And I'm Yamiko Kaguya the Bonemancer.

Jugo: It's a pleasure to meet you all. I've heard so much about you.

Kimimaro: Jugo that Disease I told you about. It was actually a lethal poison given to me by Orochimaru.

Nicole: Jugo, Orochimaru never intended to cure you of your destructive urges at all. He only planned on using you for his own sick and diabolical ambitions.

Jugo: So Lord Orochimaru was only going to dissect me?

Naruto: That's a bit extreme but that's the best way to describe it.

Nicole: You probably don't know this but Orochimaru is dead and we killed him.

Jugo was shocked when he heard that.

Kimimaro: Yes. Orochimaru was a monster. He ruined so many lives and destroyed numerous people.

Karin: Yeah. He was a devil in human skin and he needed to be destroyed and sent to the Netherworld for all eternity.

Tayuya: That's right. Orochimaru poisoned my mind with so much evil that it was unbelievable. I was a monster and a murderous fiend because of him.

Jugo: I see. I can't believe this. But after you all helped me I am forever in your debt.

Nicole: We're glad we could help you Jugo. Lets get you out of here and get you some brand new clothes.

Jugo: Yeah.

Nicole cut his leg free from the ankle weight and Naruto used his Clothes Ray and gave him a different version of his cloths. They were yellow and orange.

Judo: These clothes are awesome. Thank you Naruto.

Naruto: You're welcome Jugo. Lets get out of here and destroy this whole place.

They got outside and Nicole cupped her hands to her side.

Nicole: Never again Orochimaru. KAAAA! MEEEE! HAAAA! MEEEE! HAAAAAAAAAAAAA!

Nicole fired a Kamehameha Wave and the entire hideout exploded with incredible power and completely destroyed it.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOM

When the smoke cleared all that was left of the hideout was a smoldering crater.

Back in the Leaf, Team Cosmic Dragon reported to Lady Tsunade.

Lady Tsunade: I see. Great job to all of you.

Nicole: Thank you milady. We are one step closer to eliminating Orochimaru from memory forever.

Jugo: Yes. I'm glad that I am now cured and I would like to become a Leaf Shinobi so I can redeem myself for my crimes.

Lady Tsunade: Very well Jugo.

Later they celebrated at the Dango Shop and Jugo was placed on team 10.

## THE GREAT OROCHIMARU PURGE PART 4: DESTROYING THE SOUTHERN HIDEOUT

---

Team Cosmic Dragon, Karin, Tayuya and Kimimaro were walking on the ocean to the Southern Hideout in the Land of Fangs.

Nicole: So the Southern Hideout is actually a prison?

Karin: Yeah. It's also used for Orochimaru's moderate experiments.

Kimimaro: Karin was gonna be warden of this hideout when the time came.

Lincoln: That's interesting info Kimimaro.

Tayuya: I agree.

Naruto: All we have left is to destroy this hideout, the Eastern Hideout and Orochimaru's island Laboratory.

Nicole: That's right bro.

They arrived at the hideout and it was an island hideout.

Nicole: It's in a mountain island that sticks out like a sore thumb.

They got to the hideout and in front of the door.

Nicole: I don't see a doorbell anywhere so we'll have to blast our way in.

Nicole fired an energy blast and blew the door apart and they went in.

They saw numerous prisoners in the cells.

Nicole: Looks like we arrived just in time.

Naruto: No kidding.

Kimimaro: Are you all okay?

Prisoner 1: Kimimaro? We thought you were dead.

Prisoner 2: Tayuya? Where's Orochimaru?

Nicole: He's dead and you're all looking at his killers. We're Team Cosmic Dragon.

Prisoner 3: Oh man! If you're all here then it must be true! Orochimaru is dead!

Prisoner 4: We're free!

Nicole: Lets get you all out of here.

Nicole snapped her fingers and beamed all the prisoners back to their respective villages.

Nicole: Lets search this hideout and find anything that might be of use.

Lincoln: Okay.

Fu: Lets go.

They searched the whole hideout and found numerous jutsu scrolls and books as well as a bunch of files and more. They sealed the materials into scrolls.

Naruto: That's everything sis.

Nicole: Okay. Lets get out of here and destroy this hideout.

They ran outside and Nicole stood ready.

Nicole: Never again Orochimaru. (Cups hands to the side) KAAAA! MEEEE! HAAAA! MEEEE! HAAAAAAAA!

She fired a Kamehameha Wave and completely destroyed the hideout in a powerful explosion.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMMMM

When the smoke cleared a crater was left and the ocean filled it up.

Nicole: All right lets head to the Eastern Hideout.

Sakura: Okay.

---

# THE GREAT OROCHIMARU PURGE PART 5: DESTROYING THE EASTERN HIDEOUT

---

Team Cosmic Dragon, Kimimaro, Karin and Tayuya were in the Land of Grass.

Naruto: So the last hideout is the Eastern Hideout.

Nicole: That's what it says and we have Orochimaru's main Island Laboratory in the Land of Claws to go to.

Kimimaro: I know that place.

Tayuya: That's where I was held to see if we were worthy of being a member of the Sound 4.

Fu: That's awful.

Ami: No kidding.

Akiko: We're almost done with the Great Orochimaru Purge then.

Nicole: Not quite. Lets get moving.

They arrived at a hole and it was the entrance into the Eastern Hideout.

Nicole: This must be it.

They climbed down and went into the hideout. They went down some hallways and found that it was deserted.

Naruto: Nobody's here.

Nicole: I sense some chakra signals but they're hard to make out.

They searched and found some stuff that provided info on what Orochimaru did in this hideout. Nicole came across a tank full of water.

Nicole: I sense a chakra signal in this tank. Hello?

?: Hello. So what brings you into this place?

Nicole: We're here to destroy all of Orochimaru's hideouts. I take it you are Suigetsu Hozuki?

Suigetsu: That's right. And you are?

Nicole: I'm Nicole Knudson. Lets talk face to face.

Nicole shattered the tank with a telepathic blast and the water poured out. Out of the water arose Suigetsu Hozuki and he didn't have any clothes on.

Suigetsu: (Exhales) Free at last. Thank you Nicole.

Nicole: No problem Suigetsu. Now please get dressed.

Suigetsu: How did you find me?

Nicole: In Orochimaru's info after we killed him.

Suigetsu: So Orochimaru is dead?

Nicole: That's right. Now please get dressed.

Suigetsu got dressed.

Nicole: We have a lot to tell you after we destroy this hideout. Also Mei Terumi the new 5th Mizukage would like to meet you after so long.

Suigetsu: So Mei Terumi is now the 5th Mizukage?

Nicole: That's right.

After they regrouped and got outside Nicole stood ready.

Nicole: Never again Orochimaru. (Cups Hands to the Side) KAAAA! MEEEE! HAAAA! MEEEE! HAAAAAAA!

Nicole fired a Kamehameha Wave into the Hideout and it exploded with incredible power and completely destroyed it.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMM

When the smoke cleared all that was left of the hideout was a huge crater.

---

They set up camp and revealed everything to Suigetsu. When it was done he was shocked.

Suigetsu: So the Bloodline Holocaust is over, Yagura was being controlled by a rogue Uchiha that is the Leader of an Organization that's going to destroy the entire planet, Orochimaru and Kabuto were killed by all of you, and Captain Kisame is a member of this Organization?

Nicole: That's almost the gist of it.

Suigetsu: This is a lot to take in.

Naruto: We also met on our first mission out of the village Zabuza Momochi.

Suigetsu: Captain Zabuza huh? You guys have been busy.

Sasuke: We sure have.

Rin: It's hard to imagine huh?

Kimimaro: I've already sent a letter to Lady Mei and got a response back 20 minutes ago. She's coming to the Leaf tomorrow.

Nicole: Okay. Lets head back to the Leaf first thing tomorrow morning.

Naruto: Okay sis.

Lincoln: Lets get some sleep for the night.

The next morning they beamed back to the Leaf with Instant Transmission and filed their report with the Hokage. Mei Terumi met with them and Suigetsu was honored to meet Mei and he was told everything that went down and he got his answers. Team Cosmic Dragon was given S-Rank Mission Credit for blowing up two more hideouts.

THE GREAT OROCHIMARU PURGE PART 6: DESTROYING THE ISLAND LABORATORY.

---

Team Cosmic Dragon was over at the ocean in the Land of Water. They're on their way to destroy the island laboratory.

Lincoln: So this island laboratory is Orochimaru's main laboratory?

Nicole: That's what it says according to his info in the Book of Vile Darkness.

Naruto: We just have this to destroy this and Orochimaru is gone forever.

Sakura: That's right.

Nicole: There are still some of Orochimaru's experiments running about and we have to either help them or destroy them.

Lincoln: That's right.

Nicole: We have arrived everyone.

They arrived at an island with a huge building in the rocks.

Nicole: This is it all right.

Naruto: Yep. The scent of snakes is everywhere.

They went in and saw a huge laboratory.

Naruto: This lab is huge!

Fu: No kidding. Look at all this science stuff.

Juri: Orochimaru sure was busy with all this.

Nicole: I agree. Lets search this place and see what we can find.

They searched the whole lab from top to bottom and found all sorts of inhumane experiments and log books. They sealed them into scrolls for the Leaf to analyze.

In one particular room Rin found a huge discovery.

Rin: Hey guys come here!

They ran to her.

Nicole: What's up Rin?

Rin: Look at this!

In a giant tank they saw a huge horn.

Naruto: That is one big horn!

Natsumi: That's Gyuki's horn. Where did Orochimaru get that?

Nicole looked at a log book and saw a horrifying discovery.

Nicole: Orochimaru made the 8-Tailed Beast attack the Cloud by giving his Jinchuriki Blue B Genjutsu-Inducing Pills while posing as his doctor. He used the 5-Elements Unseal to cause the Tailed Beast to Run amok and the 3rd Raikage sealed the beast away which resulted in Blue B's death.

Naruto: That's horrible. So Orochimaru was trying to harness the power of the Tailed Beasts for his experiments somehow.

Fu: That could be the reason. People often view Jinchuriki as weapons of destruction or use them for their own personal pleasures.

Nicole: Yeah. Orochimaru is now worse than the Devil and he makes him look like a tame kitten compared to him.

Ami: I can't believe that Orochimaru became that evil. He's now like Madara Uchiha.

Sasuke: No Ami. Madara Uchiha is the worst of the worst and he makes even Orochimaru look like a kitten compared to him. Madara wants to destroy the planet where Orochimaru wanted to rule the world with an iron fist.

Akiko: Well it's a good thing Orochimaru is dead and he will never terrorize the world again.

Nicole: Yeah. Orochimaru is the ultimate evil and more. Lets seal the horn in a scroll. We're going to the Cloud after this.

Naruto: Okay.

They drained the tank and Naruto sealed the horn into a scroll. They continued their search and came across a bunch of prison cells.

Nicole: This must be where Orochimaru has all his prisoners.

Lincoln: Yeah.

?: Hello? Is anyone out there?

Nicole: We hear you. Where are you?

They saw a hand poking through a cell.

Nicole: Lets go.

They ran and saw in the cell a bunch of people with Scarlet Red Hair.

Naruto: (Gasp) You're all from the Uzumaki Clan.

?: Yes that's right.

Nicole: Orochimaru got some of the Uzumaki Clan for his sick experiments.

?: That's right. I'm Akira Uzumaki and these are my children Uzuki and Suki.

?: I'm Takeo Uzumaki.

?: I'm Harumi Uzumaki.

?: I'm Akare Uzumaki and these are Hiro, Tsume and Kazuma.

Nicole: It's a pleasure to meet you all. We are Team Cosmic Dragon. I'm Nicole Knudson of the Star Dragon the Leader.

Lincoln: I'm Lincoln Loud of the Thunderbird.

Naruto: I'm Naruto Uzumaki Namikaze of the Lifewing.

Sakura: I'm Sakura Haruno of the Oceanwing.

Fu: I'm Fu of the Blazewing.

Juri: I'm Juri the Sea Dragon Maiden.

Ami: I'm Ami the Cobra Swordmistress.

Akiko: I'm Akiko Suzuki the Maiden of the Nebula.

Sasuke: I'm Sasuke Uchiha the Knight of the Raven.

Rin: I'm Rin Nohara of the Phoenix Wing, Veteran of the 3rd Great War.

Yamiko: I'm Yamiko Kaguya the Bonemancer.

Natsumi: And I'm Natsumi the 9-Tailed Kitsune.

Akira: It's a pleasure to meet you all.

Naruto: Same here. My mother is Kushina Uzumaki the Leaf's Red Death.

Akira: We know Kushina. But we heard that she was dead.

Nicole: No Akira. She is very much alive. She was in a coma for 12 years after Natsumi was forced to attack the Leaf Village because of a Rogue Uchiha.

Takeo: Oh man. That's terrible. But we're grateful she's okay.

Naruto: Also Uncle Takeo we found your daughter Tayuya. She was brainwashed by Orochimaru and turned into one of the most evil monsters ever.

Nicole: Yeah. But I saved her during my match in the finals during the Chunin Exams.

Takeo: Tayuya is all right?

Nicole: She is. I returned her to her normal self.

Harumi: Thank goodness.

Naruto: Lets get you all out of there.

Nicole broke the bars off and freed them.

Akira: Thank you Nicole.

Nicole: You're welcome Akira.

Akira: There's also an Uchiha here. Orochimaru kept him here because his Sharingan wouldn't activate.

Sasuke: Where is he?

Akira: This way.

Akira lead them to a cell 3 doors down and the Uchiha had blue and green clothes and had a black mullet and black eyes.

Sasuke: So you are an Uchiha?

?: That's right. I'm Saiga Uchiha.

Sasuke: It's a pleasure to meet you Saiga. I'm Sasuke Uchiha. It's nice to meet another family member.

Saiga: Likewise Sasuke.

Sasuke: Let me get you out of there.

Sasuke ripped the door down and freed Saiga.

Saiga: Thank you Sasuke.

Sasuke: No problem.

Nicole: It's a pleasure to meet you Saiga.

Saiga: Same here Nicole. I've heard so much about all of you.

Naruto: News sure travels fast doesn't it.

Saiga: It sure does.

Nicole: Change of plans guys. We'll call the Raikage down to the Leaf and give him Gyuki's horn. We'll report back to the Leaf and tell Lady Tsunade and the Shinobi Council about our findings.

Naruto: Okay.

Lincoln: Good idea.

Nicole: All right.

They went outside and Nicole stood ready and cupped her hands to the side.

Nicole: Never again Orochimaru. KAAAA! MEEEE! HAAAA! MEEEE! HAAAAAAAAAA!

Nicole fired a Kamehameha Wave and the entire Island Lab exploded with incredible power.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

When the smoke cleared all that was left of the island was a crater that was filled by the ocean.

Nicole: That takes care of that. Lets head back.

Nicole used Instant Transmission and they beamed back to the Leaf. They appeared in front of the gate and they ran into the village towards the Administration building.

In the Hokage's Office Kushina and Shizune were helping Lady Tsunade with the paperwork when there was a knock at the door.

Lady Tsunade: Come in.

In came Team Cosmic Dragon.

Nicole: Lady Tsunade we have successfully destroyed the Island Laboratory but we've had a surprising development along the way.

Shizune: What happened Nicole?

Nicole: Well it's a big surprise. You can come in.

In came Akira and the Uzumaki. Kushina gasped in shock.

Kushina: Akira, Takeo, Harumi! You're all okay!

Kushina hugged them and it was a joyous reunion.

Nicole: We found more of the Uzumaki Clan imprisoned in the Island Laboratory and it turns out Orochimaru was gonna try and get the Uzumaki's most treasured Kekkei Genkai - the Chakra Chains.

Naruto: We also found a member of the Uchiha Clan among them. Saiga here.

Lady Tsunade: This is amazing. Takeo, I'm so glad you and Harumi are safe.

Takeo: Me too Tsunade. It's great to see you again.

Harumi: Same here.

Naruto: Also I think Tayuya needs to have some catching up with her parents.

Lady Tsunade: That's a great idea. ANBU send for Tayuya please.

Tayuya was called in and she appeared 20 minutes later.

Tayuya: What's up guys?

Nicole: Tayuya we have had a surprising development happen on our mission to destroy the Island Laboratory and well…

Nicole turned her face and Tayuya gasped when she saw Takeo and Harumi. She had tears of joy stream down her face.

Tayuya: Mother? Father?

Takeo: Tayuya. We've missed you.

Tayuya hugged her parents and cried hard into them.

Tayuya: (Crying) I thought I would never see you again!

Nicole: Lady Tsunade I think everyone needs some time to catch up.

Lady Tsunade: I agree. Kushina you can take the rest of the day off to see your family again. Everyone but Nicole please leave and take this time to catch up with your family.

They left and Nicole filed her report.

Nicole: So Lady Tsunade we found a bunch of experiments that Orochimaru was working on and we have another major discovery. We need to call the Raikage down to the Leaf. We found the severed horn of Gyuki the 8-Tailed Beast in the Island Laboratory. It's here in this big scroll I have on my back.

Lady Tsunade: I see. I'll send a message to him right away. Please continue.

Nicole: Right. We found a terrifying discovery that went with it and Lord A is not gonna like it. After we cleared out all the experiments for you and Master Jiraiya to examine we found the Uzumaki and Saiga Uchiha in the prison cells in the lab and we were shocked to discover them. Orochimaru was after the Uzumaki's Chakra Chain Kekkei Genkai and he kept the Uchiha because his Sharingan didn't activate. We freed them and destroyed the Laboratory. After we destroyed the lab we beamed back here. Our original plan was to deliver the Horn of Gyuki to the Raikage and tell him in person at the Cloud but the finding of the Uzumaki and Saiga changed that.

Lady Tsunade: I see. Well done to you Nicole. You will be given Triple S-Rank mission credit. I will call a council meeting and instate the Uzumaki into the Leaf.

Nicole: After everything the Uzumaki went through I'm sure they would love being in the Leaf.

Shizune: I agree. The destruction of the Eddie left the Uzumaki in tatters.

Nicole: You'll get no argument from me Shizune.

Lady Tsunade: Yes. You're dismissed Nicole.

Nicole left and went to the Namikaze estate and they were catching up with everyone. Sasuke and Itachi were catching up with Saiga. Saiga was shocked when he found out that the Clan was destroyed because of the corruption of the Elders and the Civilian Council. But he was happy to be home nonetheless. A council meeting was called and the Uzumaki and Saiga were instated into the Leaf.

Lord A the 4th Raikage got the message and arrived in 2 days and he was horrified to know that Orochimaru was responsible for the death of Blue B when his father was the 3rd Raikage. Lord A was grateful knowing this and that the horn was returned to the Cloud. Orochimaru was now officially declared the Ultimate Evil of The 5 Great Nations.

## THE GREAT OROCHIMARU PURGE FINALE: THE DEMON OF THE OCEAN

---

It was a dark and stormy night. Anko was in her apartment and she was having a bad nightmare. She was in an unknown area and she was running from something. Her Curse Mark was acting up and she woke up covered in sweat.

The following morning Team Cosmic Dragon was having breakfast with Kushina, Minato and the Uzumaki's.

Nicole: So are you fully caught up with Harumi, Kushina?

Kushina: I am. I'm so happy to have my sister back Nicole.

Naruto: I'm glad mom.

A swarm of bugs came in. It was Shino.

Shino: Team Cosmic Dragon.

Naruto: Shino. What's up?

Shino: I was told by Lady Hokage to come and fetch you. She wants to see Team Cosmic Dragon right away.

Nicole: We're on our way.

At the Hokage's office Anko was there.

Anko: What kind of crisis?

Lady Tsunade: Not sure. Some kind of creature has been terrorizing our neighbor, the Land of The Sea.

Team Cosmic Dragon arrived in Body Flickers.

Nicole: You called for us Lady Tsunade?

Lady Tsunade: Yes. Perfect timing for all of you.

Nicole: So you'll be coming with us Anko?

Anko: You know it Nicole.

Naruto: How are those body parts I gave you Anko? Was their blood tasty?

Anko: Oh you know it kid.

Lady Tsunade: Shizune, give them the run down.

Shizune: Right.

Shizune pulled down a map of the Land of The Sea.

Shizune: The Land of The Sea is a series of islands with no major village of its own. Recently their cargo lines have been coming under attack. Their cargo plundered.

Lady Tsunade: We don't know what's going on but the Land of The Sea is being terrorized by something called the Demon of The Ocean.

Nicole: Sounds like some ninja are doing some piracy with Genjutsu at their disposal.

Shizune: That could be.

Lady Tsunade: Yes. The latest cargo ship was attacked by the Demon of The Ocean as well.

Naruto: This sounds like something of Orochimaru's doing.

Nicole: It could very well be. Let me check here.

Nicole looked in The Book of Vile Darkness and found a horrifying discovery.

Nicole: It is Orochimaru's doing. He has a top scientist out there named Dr. Amachi who specializes in creating the ultimate shinobi that can live, breathe and fight underwater. He does this by infusing his experiments with the components of fish and it turns them into people that are half human and half fish.

Juri: That doesn't sound very good. I may be a Sea Demon but this is taking things too far.

Nicole: No kidding.

Lady Tsunade: (Sigh) That Orochimaru. Even in death he continues his diabolical plans.

Nicole: Not while we're present he won't. You've called the right people milady.

Lady Tsunade: Good. Your mission is to defend the latest cargo and take out Dr. Amachi and his experiments.

Nicole: Affirmative.

Anko: We'll get right on it milady.

Lady Tsunade: Your support team is assembled. Nicole will be leading this mission.

Nicole: Okay.

There was a knock on the door.

Lady Tsunade: Enter.

In came Ino, Shino, and Jugo.

Nicole: Ino, Shino, Jugo. So you guys are our support team.

Ino: This is gonna be awesome guys.

Jugo: It's gonna be amazing working with you Nicole.

Nicole: I'll explain the mission at the gate. I'm leader of the mission. Meet us there in 10 minutes.

Ino: Right.

Shino: We'll be there.

Jugo: We'll be there.

---

10 Minutes Later Ino was reading the mission file.

Ino: "Demon of the Ocean. Has traits both human and fish like"

Jugo: Orochimaru was working on something like that. I overheard him talking with someone about that.

Nicole: That's right Jugo. Lets go.

They were off to the Land of the Sea. They arrived in 30 minutes. They saw the Land of the Sea. It was beautiful.

Nicole: The Land of The Sea.

Ino: It's beautiful. That must be Mother Island.

Naruto: It is. We've been here on our training trip. The Land of The Sea is one of the 5 Great Nations most important fishing ports.

Anko was suddenly in a trance as she was having a memory relapse. Her Curse Mark flared up.

Nicole sensed this.

Nicole: Anko-sensei that Curse Mark is flaring up.

Nicole used her Seal Purification technique on Anko and destroyed the evil inside her.

Nicole: There.

Anko: Thank you so much Nicole.

Nicole: No problem.

Naruto: If we're gonna find Dr. Amachi and the Demon of The Ocean we'd better ask around.

Nicole: Good idea.

Lincoln: Lets do it.

They all went into town and at a local restaurant they asked a man.

Man: No we haven't heard anything.

Nicole: Oh. Thank you for your time sir.

They then saw a girl with an aqua blue dress and she had bandages on her face and her arm.

Fu: I sense that girl is in pain.

Nicole: How can you tell Fu?

Fu: Her eyes show that she has been through the same treatment as a Jinchuriki.

Naruto: Oh man.

Ino: Poor girl.

They saw some kids playing and the girl approached them.

Kid 1: It's the monster!

Naruto: That is just like a Jinchuriki.

Natsumi: I don't sense any of my siblings inside her. This is definitely Orochimaru's handywork on that girl.

Nicole: Lets go.

They ran up to her.

Nicole: Excuse me. Are you okay?

?: Yeah. I'm fine.

Kid 2: Get away from us monster!

A kid threw a rock at her and Naruto stepped in and caught the rock.

Naruto: What the heck is wrong with you brats!?

Kid 2: That girl is a monster and she needs to be destroyed.

Nicole: You little parasites! This girl has done nothing wrong to you and you treat her with such disdain! People like you make me sick!

Fu: Yeah.

Sakura: Me too.

Sasuke: You people are the true monsters and people like you have no right to call yourselves human.

Nicole: I agree.

The kids ran home crying.

Nicole: Little parasites. They're just a bunch of bias-motivated idiots. [To the girl] You're not hurt are you?

?: No. Thank you for helping me. Sorry I'm Isaribi.

Nicole: It's a pleasure to meet you Isaribi. We are Team Cosmic Dragon.

Isaribi: I heard about you all. Rumors have been flying around that you killed the Snake Sannin Orochimaru.

Nicole: That's right. I'm Nicole Knudson of the Star Dragon. The Leader.

Lincoln: I'm Lincoln Loud of the Thunderbird.

Naruto: I'm Naruto Uzumaki Namikaze of the Lifewing.

Sakura: I'm Sakura Haruno of The Oceanwing.

Fu: I'm Fu of the Blazewing.

Juri: I'm Juri the Sea Dragon Maiden.

Ami: I'm Ami Mitarashi the Cobra Swordmistress.

Akiko: I'm Akiko Suzuki the Maiden of the Nebula.

Sasuke: I'm Sasuke Uchiha the Knight of The Raven.

Rin: I'm Rin Nohara of the Phoenix Wing, Veteran of the 3rd Great War.

Yamiko: I'm Yamiko Kaguya the Bonemancer.

Natsumi: I'm Natsumi the 9-Tailed Kitsune.

Anko: I'm Anko Mitarashi, Jonin of the Leaf.

Ino: I'm Ino Yamanaka.

Shino: I'm Shino Aburame.

Jugo: And I'm Jugo. It's a pleasure to meet you.

Isaribi: Same here. It's a pleasure and an honor to meet you all.

Nicole: Same here. Lets go to a hotel so we can talk.

Isaribi: Okay.

* * *

At a local hotel they were learning alot about Isaribi. Turns out she has a very dark past.

Isaribi: Dr. Amachi was the man who cared for me all my life. He also was the man that was going to cure me of my condition.

Nicole: Condition?

Isaribi took off her bandages and they revealed that she had patches of fish scales on her.

Naruto looked closer.

Naruto: Those are fish scales.

Isaribi: Yes and this is what is wrong with me.

Isaribi then transformed into a fish monster.

They gasped in sheer horror.

Nicole: Isaribi. What happened to you?

Isaribi: I was given this horrific transformation and everyone now looks at me as a freak. A monster. I joined Dr. Amachi so I can try to get cured. But I realized that he was using me to plunder all those ships this whole time and that he had no cure. So I ran away and hid from him.

Nicole: That is horrifying!

Naruto: Isaribi I'm so sorry that you've been through such a horrific ordeal. Like you I too have a bad background.

Isaribi turned back.

Isaribi: How so Naruto?

Naruto: Have you ever heard of the 9-Tails Attack on the Leaf?

Isaribi: Yes. I've heard about that.

Naruto: I was born on that night and a Rogue Uchiha named Obito Uchiha appeared and held me hostage to get my father away from my mother who was Natsumi's Jinchuriki before me. Obito forced Natsumi to go on a rampage in the Leaf Village against her will. We lost many shinobi. My father Minato Namikaze the 4th Hokage decided he had no choice but to seal Natsumi into me at the cost of his own life.

Natsumi: That's right Isaribi. Naruto was made the 3rd Jinchuriki of me. His life from day one has been a nightmare ever since that tragic day. You've heard of the Jinchuriki?

Isaribi: Yes. I've heard of the Lifestyle they have and the things they have to endure.

Fu: Yes. We are not viewed at as normal people. We are only viewed as the monsters we carry. No offense.

Natsumi: None taken.

Naruto: Yes. It was because of the Council of my villages corruption that I was viewed and treated like an outcast. My Jinchuriki Status was supposed to be kept a secret.

Nicole: Yeah. But the elders of the Leaf Council got ahold of this information and fabricated all those lies about him being the "9-Tails Reincarnated". It's been one terrible deed after another in Naruto's life.

Naruto: Yeah.

Fu: I was forcibly made the 7-Tails Jinchuriki at 5 years old when I lived in the Hidden Waterfall. The Waterfall Council killed my mother and forcibly made me a Jinchuriki so the Village could have a weapon.

Rin: I was forcibly made the 3-Tails Jinchuriki during the end of the 3rd Great War. But I was declared MIA 14 years ago. So I never endured the terrible life of a Jinchuriki.

Isaribi: That's horrible.

Anko: Yeah. Everything they have said is correct Isaribi. Naruto and Fu have had to endure a horrific life because of the Council's Corruption. They're a bunch of worthless Bias-Motivated idiots as they were called.

Naruto: Yeah. Anko has had a similar lifestyle.

Anko: That's right kid. I was once Orochimaru's student when he became the most dangerous traitor in the world. Everyone hated me for being the student of a traitor.

Nicole: Practically everyone we have encountered over the course of 5 years has had a tremendously dark background.

Sasuke: Yes. My whole clan was killed by my brother Itachi because of the Council's Corruption. I was an evil monster who didn't care about wanting friends at all and I wanted nothing more than to see the world burn. But Nicole and my team changed me and I realised the error of my ways when I saw them in action together.

Nicole: Yeah.

Isaribi: That's so awful. You guys have been through so much.

Natsumi: Yeah. But let me see if I can help you Isaribi.

Natsumi placed her hand on her and channeled her chakra into her and it healed her and gave her her human appeared back.

Nicole: Isaribi! You're healed! Look!

Nicole formed a mirror and Isaribi's scales were gone.

Isaribi: I'm human again! How?

Natsumi: My chakra did it. Try transforming.

Isaribi: Okay.

Isaribi transformed into her sea creature form.

Natsumi: See if you can change back.

Isaribi: Okay.

Isaribi changed back and she discovered that she can do it at will.

Naruto: You can now change at will.

Isaribi: I can. Thank you Natsumi.

Natsumi: No problem Isaribi.

Nicole: All right. We're gonna take the fight to Amachi and make him pay for everything he has done here.

Isaribi: Lets get him. I also want to become a ninja and help the

Leaf.

Naruto: Okay.

Nicole: All right. We attack in 3 hours.

---

3 hours later they set out for Demon Island and they all confronted Dr. Amachi. With him were two familiar faces that they knew.

Nicole: Dr. Amachi I presume?

Amachi: That's right. Team Cosmic Dragon. I heard that you all killed Lord Orochimaru.

Nicole: That's right. He deserved it and he is forever damned like you are going to be.

Naruto: Wait a second. I know you two. Yoroi Akado and Misumi Tsurugi.

Yoroi: Naruto Uzumaki Namikaze. Surprising to see you here.

Sasuke: Why are you all here?

Misumi: We were given a good job here in the Land of The Sea.

Nicole: Surprised to see you two here. Kabuto Yakushi is dead too.

Misumi: That's what we heard too.

Amachi: So you all know eachother.

Nicole: Yeah. We fought in the Preliminaries of the Chunin Exams. It was 3 months ago.

Amachi: Interesting. Isaribi kill them and I will cure you.

Isaribi: No! I'm through with you.

Nicole: You're a monster Amachi and people like you deserve to be forever damned.

Amachi: You're right. I am a monster.

Amachi then transformed into his Ocean Demon Form.

Nicole: Impressive. So you're an Ocean Demon and also the True Mastermind behind not only all of Isaribi's Suffering but also this whole Piracy Operation.

Naruto: You are really ugly Amachi.

Nicole: I agree. Lets get them guys!

They split off and faced all three of them. Nicole faced Amachi and the rest faced Yoroi and Misumi. Yoroi and Misumi were captured and tied up.

Nicole was fairing well against Amachi and she overpowered him. But Amachi summoned a terrifying creature. It was Umibozu a Water Elemental.

Nicole: So you brought a water elemental into this. Two can play at this.

Nicole raised her hand up and a huge explosion of fire exploded out of Demon Island and went high into the sky and began taking a form. When the fire faded there was King Ghidorah ready to fight.

Nicole: You're in for it now.

King Ghidorah fired his Gravity Lightning and Umibozu was completely vaporized in an instant.

Nicole: That takes care of him. Now Amachi. You're going to be taken to the Leaf and tried for all the terrible crimes you've done out here.

Amachi: I don't think so. Isaribi finish them.

Isaribi: No! I'm through with you. If I continue working with you I will be nothing but a monster at heart.

Amachi then started laughing insanely.

Amachi: You're neither human nor fully integrated like I am. The best you can do is to wander this Earth as a freak. The problem is I never gave interest in reversing your condition in the first place. The only reason I kept you around was to dissect you.

Naruto: YOU ROTTEN PIECE OF GARBAGE! HOW MUCH LOWER CAN YOU GET!?

Nicole: A whole lot lower.

Nicole punched Amachi in the face and knocked him out and it gave him a huge black eye.

POW!

Nicole: That oughta shut you up until we get back. And Anko and Ibiki are going to enjoy tearing you apart.

Anko: You know it Nicole.

Nicole: Mission complete guys. Lets head home.

Nicole beamed them over to the Leaf with Instant Transmission. They arrived in the Leaf and went to the Hokage's Office and filed their report. Isaribi was instated as a Leaf Shinobi and placed on Team Cosmic Dragon.

# Shinobi of The Cosmic Storm P16

Team Cosmic Dragon, Neji, Tenten, Lee and Haku were dashing through the woods towards the Land of Bears. Their mission was to head to the Hidden Star Village and protect a powerful artifact in their possession.

They arrived and were in the office of the Hoshikage and they met Akahoshi.

Akahoshi: I am Akahoshi, the Deputy Hoshikage.

Nicole: Pleasure to meet you sir. We are Team Cosmic Dragon. I'm Nicole Knudson of the Star Dragon. The Leader.

Lincoln: I'm Lincoln Loud of The Thunderbird.

Naruto: I'm Naruto Uzumaki Namikaze of the Lifewing.

Sakura: I'm Sakura Haruno of The Oceanwing.

Fu: I'm Fu of the Blazewing.

Juri: I'm Juri the Sea Dragon Maiden.

Ami: I'm Ami Mitarashi the Cobra Swordmistress.

Akiko: I'm Akiko Suzuki the Maiden of The Nebula.

Sasuke: I'm Sasuke Uchiha the Knight of the Raven.

Rin: I'm Rin Nohara of the Phoenix Wing, Veteran of The 3rd Great War.

Yamiko: I'm Yamiko Kaguya the Bonemancer.

Natsumi: I'm Natsumi the 9-Tailed Kitsune.

Isaribi: And I'm Isaribi the Hydromancer.

Neji: Pleasure to meet you. I'm Neji Hyuga.

Tenten: I'm Tenten Higurashi.

Lee: I'm Rock Lee.

Haku: And I'm Haku Yuki.

Akahoshi: It's a pleasure. We've all heard so many rumors flying around about you. We heard that you all killed Orochimaru of the Sannin.

Nicole: Not to brag but what you've heard is all true. Orochimaru was killed by us.

Akahoshi: Congratulations to all of you. Orochimaru was a danger to the world in its entirety.

Lincoln: Thank you Lord Akahoshi.

Nicole: We received your mission request and if it's possible we would like to see the Star so we can know what it is that we were called to protect.

Akahoshi: Of course. Right this way.

They were lead to a hut in a crater and they went in and they saw a meteorite glowing a purple-pink energy.

Nicole: So this is the meteorite. Wow! The energy I'm sensing off of it is absolutely incredible.

Akahoshi: Yes. It's our village's most prized item.

Lincoln: It's amazing.

Nicole: Let me see here.

Nicole used her finger computer and did an analysis on the Star and it revealed a shocking and surprising set of information.

Nicole: This Star is from an alien gas giant planet that is flooded with a powerful radiation that enhances the Spiritual Energy in Chakra.

Naruto: That's amazing. What planet is it from?

Nicole: The data said it's from a planet called Cicea. It's located 75,000 light-years away from here and the Radiation from the planets atmosphere floods the rocks in its rings with this energy. My guess is it must've been blown out of the rings of the planet by a blast wave from a Supernova Explosion and sent it towards us millions of years ago and it crashed here 200 years ago.

Akahoshi: Hmm. That's a very powerful and compelling hypothesis Nicole. You might be right.

Sakura: It's all very interesting. We've been to different planets across the Universe and it was an awesome and invigorating experience.

Akahoshi: I believe it.

Suddenly a figure swooped in and swiped the Star and took off. They heard a Peacock Call and the figure sprouted wings made of purple-pink chakra and Akahoshi left.

Nicole: We'll get the Star back. Neji, Tenten, Lee, Haku you stay back and get any info on what's going on here.

Neji: Right.

Nicole: Lets go guys.

They followed the thief to an isolated area in a rock.

In a cave they found a woman with Magenta hair. It was Natsuhi, a Star Jonin.

Nicole: Give us the Star and we'll let you go.

Natsuhi: No please. Let me explain my reasons.

Nicole: Okay.

Natsuhi: I'm sorry for this. My name is Natsuhi and that man Akahoshi is an evil traitor.

Naruto: What do you mean?

Natsuhi: You see I am one of the successful people that has completed the Star Village's Star Training. Many of our villages Shinobi and Kunoichi trained under this regiment but they all died because of poisoning from the Star's Radiation.

Sakura: They died?

Natsuhi: Yes. Me and my husband Hotarubi notified the 3rd Hoshikage and he immediately ordered for the Star Training to stop. Akahoshi was told about this and he tried to convince the 3rd Hoshikage to resume the training for the good of the village. But he refused and Akahoshi killed the 3rd Hoshikage.

They gasped.

Nicole: So Akahoshi is a traitor and he resumed the Star Training.

Lincoln: And he's been poisoning all of the genin here with the Alien Chakra.

Natsuhi: That's right.

Nicole: We've got a traitor to stop and end.

Naruto: Yeah. Natsuhi would you like to help us take down Akahoshi?

Natsuhi: I would be honored Naruto. Here Nicole.

Nicole was given the Star.

Natsuhi: Hold on to the Star for me.

Nicole: All right.

Natsuhi: I sense Akahoshi.

Natsuhi's eyes glowed neon purple.

Natsuhi: He's coming.

Nicole: Stay close to me.

Nicole used Instant Transmission and beamed everyone to the Star Village hospital.

Nicole: How are they Neji?

Neji: Not good Nicole. The chakra from the Star is poisonous to humans and it's destroying their Chakra Coils at a fast rate.

Natsumi: This is not good. Natsuhi you are right.

Tenten: What's going on guys?

Nicole: I'm afraid the situation is very grim guys. Akahoshi is responsible for assassinating the 3rd Hoshikage in order for the Star Training to continue.

The kids gasped in horror.

A girl named Hokuto was horrified.

Hokuto: I knew Akahoshi was a bad criminal.

A boy named Mizura was in bad shape.

Mizura: My heart is full of pride for the Star Village. But I knew that the Star Training was a bad thing.

Neji: Mizura here has Star Chakra Poisoning.

Nicole: This is really bad. Maybe we can show this to everyone.

Fu: Good idea.

Nicole: All right. We have a traitor here in the Star Village. Akahoshi has been poisoning everyone with Cicean Chakra. The Star comes from the Alien Gas Giant planet Cicea.

Hokuto: That is strange.

Naruto: Hokuto can you use the Star's Chakra well?

Hokuto: Yes. My powers are at High Chunin at best.

Sakura: That's really good.

Hokuto: After everything that we've learned I can't go back to the Star Village after everything that's been happening.

Natsuhi: Me too.

Nicole: You are more than welcome to join the Leaf if you want to.

Hokuto: Thank you Nicole.

Nicole: You're welcome. Now we have a traitor to take down. I have a plan.

Nicole told her plan to everyone.

Later that night Akahoshi and his men and the villagers were following Natsuhi into a building. She locked the door.

Akahoshi: Burn the building!

Hokuto: STOP!

They all saw Hokuto and the Children standing with Team Cosmic Dragon.

Nicole: You've all been lied to. Akahoshi is a madman responsible for all the terrible events that have befallen the Star Village. Mizura show them.

Mizura: Right.

Mizura opened his shirt and he had ugly glowing purple patches on his body. The Star Shinobi were all horrified.

Genin 1: What is all that?

Genin 2: What happened to him?

Nicole: This is the consequence of the Star Training and this is why the 3rd Hoshikage stopped the Star Training from continuing. The

Alien Chakra from the Star is poisonous and it's like a cancer.

Naruto: That's right.

Mizura: As you all know, my heart is filled with pride for the the Star Village. But this training is destroying us.

Akahoshi was infuriated.

Akahoshi: You weak little loser. Your lies will cause the downfall of this village!

Akahoshi grabbed a crossbow and was about to fire at Mizura.

Jonin 2: No Lord Akahoshi don't do it!

Jonin 3: Those kids aren't traitors sir!

Nicole: Akahoshi we know that you are responsible for killing the 3rd Hoshikage. Natsuhi here told us everything and how you did it because of your own greed and selfishness.

Jonin 1: What does she mean by that?

Akahoshi: We should take pride in our Star. It sets us apart from all others! I couldn't stand by and let some foolish leader deprive us from using our villages strongest weapon!

Jonin 1: You mean? So you killed the 3rd Hoshikage?

Jonin 2: Of course! That explains the mysterious circumstances around his death.

Nicole: Yes. He killed the 3rd Hoshikage in order to keep the Star Training going. But in the process he was poisoning all of you with Alien Chakra.

Jonin 1: What do you have to say for this accusation? Answer the charges and then accept your fate!

Akahoshi: (Laughing Maniacally) Yes it was the three of us that assassinated the 3rd Hoshikage! We had to do it. It was the only way we could save the village.

Nicole: Bingo.

Jonin 2: You've gone mad!

Jonin 3: You're the ones who've betrayed us!

Naruto: It's over Akahoshi. You're an international criminal now and you don't deserve to be a shinobi or ever be alive.

Natsuhi: You also killed my husband and tried to kill everyone in the village.

Nicole: Because of your own greed and selfishness you've nearly killed this whole village and had we not arrived it would've been gone in less than a year.

Natsuhi: I agree.

Nicole: You're finished Akahoshi.

Nicole went Super Angel 4 and everyone was amazed by Nicole's power.

Hokuto: Whoa! So this is your Super Angel transformation Nicole.

Nicole: That's right Hokuto. Come on team. Lets show these three bozos the Power of Team Cosmic Dragon.

Naruto: You got it sis.

Lincoln went Super Angel 2 and everyone else spread their wings. Isaribi's wings were aqua blue and the feathers were made of pure water.

They dashed and Nicole punched Akahoshi in the face and everyone tied up his henchmen.

Nicole teleported and kicked Akahoshi in the back and punched him in the back of the head.

Akahoshi fired a tiger made of Cicean Chakra and Nicole fired an energy blast and it destroyed it and the blast went all the way through his stomach and killed him in an instant.

His spirit stood before them.

Nicole: You're forever damned Akahoshi. [Pulls out the Book of Vile Darkness and Chants an Incantation] **Aldruon Enlenthranel Vosolen Lirus-nor!**

Akahoshi went into the Book of Vile Darkness and his info was much more evil than what they all first anticipated. Akahoshi has been responsible for a huge number of atrocities in the Star over the course of 30 years. He was another Sower of Discord.

Nicole: Another Sower of Discord. Good riddence to bad rubbish.

Juri: You said it.

Isaribi: I'm glad he's gone.

Lincoln: Me too. I hope he has a lot of fun in the darkest pits of the Netherworld.

Nicole: You said it buddy.

Back in the Leaf Village they were filing their report.

Nicole: So you see Lady Tsunade, Akahoshi killed the 3rd Hoshikage to continue the Star Training which was poisoning all of the Star Shinobi with Alien Chakra that is poisonous to humans. We set up a trap and got Akahoshi to spill the beans in front of everyone.

Naruto: I used a Shadow Clone transformed as Natsuhi here to draw them in and we would explain what she had told us.

Nicole: I killed Akahoshi and sealed him into the Book of Vile Darkness. Here's what we found out.

Nicole handed her the book and Lady Tsunade was horrified when she read Akahoshi's info.

Lady Tsunade: This is a disaster.

Shizune: I can't believe Akahoshi was that evil and he was willing to kill the Star Village because of his own selfishness.

Nicole: Yeah. He was a traitorous Sower of Discord.

Lady Tsunade: That's true. Well done to all of you.

Naruto: Thank you godmother.

Nicole: Also Natsuhi and Hokuto here have a request.

Hokuto: Lady Hokage after everything that has happened we can't trust the Star anymore. It nearly killed us and we would like to become Leaf Shinobi.

Lady Tsunade: I understand. You 2 are now Leaf Shinobi. Hokuto you will be placed on Team Cosmic Dragon.

Nicole: Welcome to the team Hokuto.

Hokuto: Thank you Nicole. It's an honor.

Nicole: By the way Lady Hokage how are Mizura and all the Star genin doing?

Shizune: They have been fully healed and are on their way home.

Nicole: That's great news. I'm so happy.

Naruto: If it's all right with you godmother we would like to set up a trade route and alliance with the Star.

Lady Tsunade: That's a great idea Naruto. You all will be getting S-Rank mission credit for a job well done.

Nicole: Thank you Lady Hokage.

Team Cosmic Dragon had done it again.

# Shinobi of The Cosmic Storm P17

Monster from the Ido

---

Naruto was relaxing on a hill enjoying the scenery and view of the clouds.

Naruto: So far things have been very quiet.

Naruto heard scraping and he saw a girl on the hill painting a picture. He went to go see.

Naruto: That's a pretty picture you're doing. Hmm. It's of the Hokage Tower in a thunderstorm.

Naruto saw no storm clouds in the area. Suddenly Storm Clouds came in out of nowhere.

Naruto: That's weird. The weather forecast didn't call for Storms today.

Naruto saw the storm clouds crackle with lightning. Then he sensed what was about to happen next.

Naruto: Oh no! WATER STYLE: TSUNAMI SHIELD!

A huge wall of water appeared behind the Hokage Tower and protected it as a huge bolt of lightning was about to strike. The Lightning hit the wave and went into the ground.

Naruto: That was a close one. What was… Huh?

Naruto spread his wings and found the girl walking back somewhere. Then she was ambushed by the Leaf Medical Corp.

Naruto swooped in and grabbed her as they were about to knock her out.

Naruto: What is your problem? Why were you trying to attack this girl?

An ANBU came out.

Goat: This is none of your concern Naruto. Give her back, leave and forget everything you've seen.

Naruto: Sorry but this just became my concern when I saw the Hokage Tower about to be hit and I figured that she caused it. So I'm gonna get to the bottom of this.

Medic: You have no idea what you're getting yourself into Naruto. Yakumo there is unstable and she's very dangerous.

Naruto: Sorry but she looks like a beautiful girl to me and I have a very strong feeling that she needs help. [To Yakumo] Yakumo my name is Naruto Uzumaki Namikaze of the Lifewing and I'm gonna help you.

Naruto met Yakumo Kurama.

Yakumo: It's a pleasure to meet you Naruto. I'm Yakumo Kurama.

Naruto: It's a pleasure. I've heard about the Kurama Clan. They are a very talented clan of Genjutsu Users that live in the southwest quadrant of the village.

Yakumo: Yes. That's right.

Medic: Give her back Naruto. She's very dangerous.

Naruto: No. Me and Team Cosmic Dragon are gonna help her. She's a fellow Leaf Kunoichi in trouble and she needs our help.

Naruto flew off with Yakumo.

---

He arrived at the Namikaze Estate and put her on the couch. He called Team Cosmic Dragon and they came in.

Nicole: What's going on bro?

Naruto: Yakumo here is a Leaf Kunoichi in trouble and the Hokage Tower was about to be struck by lightning because of her. I found her about to be knocked out by the Medical Corp. I made it my mission to help her. They called her unstable and very dangerous.

Lincoln: It's good you found her Naruto. There must be a reason why she attacked the Hokage Tower.

Nicole: Lets ask.

Nicole and Team Cosmic Dragon were with her.

Nicole: Yakumo Kurama. It's a pleasure to meet you. We are Team Cosmic Dragon. I'm Nicole Knudson of the Star Dragon. The Leader.

Lincoln: I'm Lincoln Loud of the Thunderbird.

Sakura: You already know Naruto. I'm Sakura Haruno of the Oceanwing.

Fu: I'm Fu of the Blazewing.

Juri: I'm Juri the Sea Dragon Maiden.

Ami: I'm Ami Mitarashi the Cobra Swordmistress.

Akiko: I'm Akiko Suzuki the Maiden of The Nebula.

Sasuke: I'm Sasuke Uchiha the Knight of The Raven.

Rin: I'm Rin Nohara of the Phoenix Wing, Veteran of The 3rd Great War.

Yamiko: I'm Yamiko Kaguya the Bonemancer.

Natsumi: I'm Natsumi the 9-Tailed Kitsune.

Isaribi: I'm Isaribi of the Ocean.

Hokuto: And I'm Hokuto of the Star Aura.

Yakumo: It's a pleasure to meet all of you and it's a great honor. I heard that you all killed the traitorous Orochimaru.

Nicole: Yes we have. Yakumo we have to know so we can help you. Why did you attack the Hokage Tower?

Yakumo: It was because the 3rd Hokage ordered my teacher Kurenai Yuhi to kill me.

They gasped.

Naruto: Why would you believe that Yakumo?

Yakumo: I overheard Kurenai-sensei talking to the 3rd Hokage and I figured that he was telling her to kill me.

Lincoln: I don't think the 3rd Hokage would tell Kurenai-sensei to do that Yakumo.

Nicole: I agree. There has to be more to it than that and there has to be a reason why.

Fu: I agree. How about you tell us what happened and your story.

Yakumo: Okay. I come from the Kurama Clan. A clan of powerful genjutsu users as Naruto deduced. I wanted to be a powerful kunoichi that only uses Genjutsu. Just like Rock Lee is a shinobi that only wants to use Taijutsu. I couldn't attend the Academy because of my frailty. The 3rd Hokage assigned Kurenai-sensei to be my tutor. But tragedy struck about a year ago. My parents died in a tragic fire that burned my home to the ground.

They gasped in horror.

Nicole: Yakumo that's horrible.

Sasuke: You have our sympathies and condolences Yakumo.

Fu: Yes. We're very sorry that happened to you.

Yakumo: Thank you. I think it was the Third Hokage that ordered it and he killed my family.

Naruto: I don't think so Yakumo. I'm gonna go ask grandpa.

Nicole: Okay Naruto.

Naruto left for the Sarutobi Compound.

Nicole: Yakumo the 3rd Hokage would never authorize such a terrible thing to happen. There has to be more to it than that.

---

Naruto arrived at the Sarutobi complex and knocked on the door. Konohamaru answered it.

Konohamaru: Oh hey big bro.

Naruto: Hey Konohamaru.

Konohamaru: You come to play ninja with me?

Naruto: Actually I came to talk to your grandpa. Is he there?

Konohamaru: He is. Come on in.

In the complex he found Lord Third and Asuma playing Shogi.

Konohamaru: Grandpa. Naruto is here to see you.

Naruto: Hey Grandpa. Asuma-sensei.

Lord Third: Naruto my boy how have you been?

Naruto: Good. Grandpa I need to talk to you.

Lord Third: Okay.

Asuma and Konohamaru left and Naruto sat down.

Naruto: Okay. Grandpa the Hokage Tower was attacked by a freak lightning storm that I believe was caused by a genjutsu created by a girl named Yakumo Kurama. I saved her from the Medical Corp and they told me she was unstable and very dangerous. Yakumo thinks you ordered Kurenai-sensei to kill her and her family. But I have a very strong feeling that there's more to it than that.

Lord Third: (Laughs) Naruto you are so much like your father. All right. What I'm about to tell you is an S-Rank Secret. Yes. I assigned Kurenai Yuhi to Yakumo Kurama so she can help her because she has a dangerous power inside her. The Kurama Clan has a very powerful Kekkei Genkai that enables them to utilize genjutsu and it enables the Genjutsu to actually deal physical damage to their target.

Naruto gasped.

Naruto: That's incredible grandpa. I had no idea that they had this kind of power.

Lord Third: Yes. But Yakumo has an extremely dangerous persona inside her and it poses a tremendous threat to the entire village should it ever gets out. We had no choice but to Seal Yakumo's powers.

Naruto: Do you know what this evil persona is grandpa?

Lord Third: Yes. Her uncle Unkai Kurama told me all about it. ANBU!

An ANBU came in.

Eagle: Yes Lord Third?

Lord Third: Please bring me Unkai Kurama.

Eagle: Right away sir.

5 Minutes later Eagle came back and with him was Unkai Kurama.

Naruto: You must be Unkai Kurama. It's a pleasure to meet you.

Unkai: Same here Naruto. You look so much like your father. The resemblence is completely uncanny.

Naruto: I get that all the time.

Unkai: I believe it.

Lord Third: Unkai. I'm sorry to call you here but Naruto is curious about the evil power inside Yakumo.

Unkai: I see. Yakumo wanted to be a kunoichi that utilises Genjutsu. But Kurenai tried very hard to work with her and she failed and told her to end her training. Yakumo returned to her parents completely disspirited and my brother Murakumo and sister-in-law Uruko tried to console her. That's when tragedy struck. The Kurama residence burned to the ground and I saw Yakumo standing in front of the house in a daze. But in the flames I saw a horrific monster looking at us and smiling. When I found out what it was, I became frozen with terror.

Naruto: What was this creature?

Unkai: We wanted to find out what caused the tragedy. So we ordered a complete medical examination on Yakumo.

A flashback showed Yakumo hooked up to all kinds of brain scan machines and the results revealed a horrific sight.

Unkai: (Narrating) They arrived at the conclusion that the creature which appeared at the fire came from Yakumo's deep subconscious. In other words it was a manifestation of her Ido.

A ghostly vicious figure appeared on the screen and the medics were horrified.

The flashback ended.

Naruto: An Ido Monster? I've read about those. They are the monsters from the deepest parts of the Human Subconscious and they are the living embodiment of our evil desires.

Unkai: That's right. I immediately went to Lord Third here and asked for guidance.

Another flashback showed Unkai in Lord Third's office.

Unkai: Ultimately the girl was unable to endure the physical expectations that the village placed on her and soon her subconscious cracked under the pressure. To protect itself it released her pent up fury. Sir, we do not believe that Yakumo's Ido Monster is finished. It will keep going until the whole Kurama Clan is decimated and then the entire Hidden Leaf Village.

Lord Third: I understand the risk. But I refuse to authorize any violence. Yakumo isn't even aware that this evil power exists inside of her and this village does not take innocent life.

Unkai: But Lord Hokage once her subconscious completely awakens there will be nothing we can do to stop it.

Lord Third: In that case we'll have to work with Yakumo until she can learn to control the power by herself. And if that's not possible then we'll have to seal her genjutsu.

Unkai: How can we?

Lord Third: It's slightly different but there has been one precident. In a similar situation the spirit of the 9-Tailed Fox was sealed away inside the body of a newborn.

Unkai: That's absurd. There isn't a ninja alive strong enough to seal away the immense power that Yakumo possesses.

Lord Third: Actually there might be one person I know of that fits the bill. However the mission will be brutal. I pray that this person can teach Yakumo how to control it. I pray that this person will bear Yakumo's resentment. And if that's not possible, we will erase all the good Yakumo could have accomplished in her life and attempting to end the lineage of the Kurama Clan's powers.

The 3rd Hokage wept when this was gonna happen.

The Flashback ended.

Unkai: Then Lord Third lowered his head and wept.

Naruto: So Kurenai-sensei was given this incredible mission and shouldered a powerful burden.

Lord Third: Yes. This is Kurenai's most difficult mission.

Naruto: I believe it grandpa. Yakumo is going through a lot of pain because of her resentment towards Kurenai-sensei because she believes that you ordered her to kill her and her family. But now I see what's going on. You told her to kill the Ido Monster inside her.

Lord Third: That's right. This evil power Yakumo has poses a big danger to the village and we have to stop it at all costs.

Naruto: I agree grandpa. Yakumo is a Leaf Kunoichi in trouble. When she attacked the Hokage tower with a genjutsu, I knew she was going through some hard times. Unkai can you meet us at the Namikaze estate and have Kurenai-sensei come with?

Unkai: Okay.

Naruto: Thank you for telling me this. Now we know what we're up against.

Later Naruto and Team Cosmic Dragon regrouped and Unkai, Kurenai, Lady Tsunade and Shizune were with them.

Naruto: I found some interesting developments with Yakumo.

Naruto revealed everything and everyone was shocked.

Nicole: An Ido Monster killed her family and is now gonna destroy the Leaf? That's horrible.

Sasuke: I don't know much about this kind of thing. But from the way this looks this Ido Monster sounds like it poses a tremendous danger to the Leaf.

Sakura: Yeah.

Rin: I've heard about Ido Monsters and how dangerous they are. But I never knew that Yakumo was going through all this.

Fu: I've read about this and this is bad.

Hokuto: This is really bad. If Yakumo's Ido Monster awakes then we are in serious trouble.

Isaribi: Yeah.

Nicole: But I have an idea. We'll fight Yakumo's Ido Monster on a distant planet away from the Leaf and this way no one is gonna get hurt.

Kurenai: That's a great idea Nicole. But how are we gonna get Yakumo to awaken her Ido Monster?

Nicole: I have an idea.

---

At the safehouse on Satome Hill they went into Yakumo's art room and saw numerous paintings.

Nicole: This paintings are amazing Yakumo.

Yakumo: Yes. They are pictures of my memories.

Lincoln: My sister Laney would love your pictures Yakumo. She and you would be great friends.

Yakumo: I'm sure. Thank you Lincoln.

Lincoln: You're welcome.

Nicole: Okay Yakumo you know what to do.

Yakumo: Okay.

Yakumo called forth the Ido Monster by faking a suicide attempt and a painting of herself grabbed her arm.

Painting: **Why? Why do you do this to yourself when you are not to blame. The ones who must be crushed are those who imposed such a heavy burden on your psyche. Those who tried to get rid of me just as you are reaching your full potential.**

Yakumo: Who are you?

Ido: **I merely crept into a fracture in one corner of your mind and there I was nurtured. My name is Ido.**

A hideous figure emerged from the painting and it's eyes were glowing red with Pure Evil. Yakumo's Ido Monster HAS BEEN UNLEASHED!

Sasuke: What is that thing!?

Nicole: This must be Yakumo's Ido Monster. It's power is unreal. He makes even Orochimaru look like a tamed kitten.

Natsumi: No kidding. The level of evil coming off of him is unbelievable.

Kurenai: Yes. You all are right. The 3rd Hokage didn't order me to eliminate Yakumo. I was to kill this monster within her.

Naruto: I knew it.

Yakumo: You were right guys. All of you.

Nicole: But it doesn't know the true power of Team Cosmic Dragon.

Nicole snapped her fingers and the area changed into the planet Tuitan.

Planet Tuitan is a mountain desert planet located in the Andromeda Galaxy 2.3 million light-years away from Earth in the constellation of Andromeda the Princess. It is covered with mountains, deserts and sandhills and it has a surface temperature of 86 degrees fahrenheit. It has 4 moons and it orbits a Yellow Dwarf star. Violent dust storms and sandstorms ravage the surface and they are more violent than those on Mars or Earth. The planet is home to a race of Centaur creatures that have a similar lifestyle to the Native American Indians of the Old West. They are very peaceful and treat everyone like family.

Ido: So you planned all this. But I will still settle the score for good.

Nicole: I don't think so.

Nicole went Super Angel 4, Lincoln went Super Angel 2 and everyone spread their wings.

Naruto: Natsumi can I have 3 tails of Chakra?

Natsumi: Coming at you Naruto.

Naruto was enveloped in a Red Chakra Cloak with 3 Tails.

Naruto: This is gonna be awesome.

They went at the Ido Monster and it erupted into an extremely savage and ferocious fight. Massive explosions of fire destroyed much of the land and thunderous shockwaves from their punches and kicks were blowing the sand around and forming craters everywhere. Yakumo was watching the fight in utter disbelief. She had never seen a fight of such explosive power.

Nicole: You killed Yakumo's parents and ruined her life. You will now pay for everything you've done to her.

Naruto: I agree.

Naruto fired a stream of fire at Ido and burned him.

Akiko used her powers and the area became the Witch Head Nebula.

Nicole: (Echoing) Wow! The Witch Head Nebula in the constellation of Eridanus the River.

Lincoln: (Echoing) It's beautiful.

Yakumo: (Echoing) Where are we?

Kurenai: (Echoing) Akiko has the power to transform the land into a Nebula from another part of the galaxy. Her powers are what gave her the Moniker Akiko Suzuki the Maiden of The Nebula.

Yakumo: That's incredible.

The Ido Monster was not having a very good day. He was being pulverized all over the place. Naruto was slashing it apart with such extreme ferocity that it was unbelievable.

Yakumo: Why is Naruto enveloped in a cloak of chakra?

Kurenai: Naruto is the Jinchuriki of the 9-Tailed Fox that nearly destroyed our village 13 years ago. He was hated and scorned by the village because of our council's corruption and their bias-motivated ambitions and lies. When Nicole came she adopted him as her little brother and took care of him. Naruto and Natsumi have a powerful bond and partnership and they work together in battle. They are very strong together.

Yakumo: That's incredible. Naruto has been through so much.

Kurenai: That's right Yakumo. You can help them as well.

Hokuto formed a whip of pure Alien Chakra and lashed the Ido Monster. She was now flying with glowing purple-pink Angel Wings and she has a full mastery over the Alien Chakra from the Cicean Meteorite.

Yakumo: How can I help them?

Kurenai: Inside every one of us Yakumo is a fanged beast that exists within the very depths of our minds. It lies there in wait in the very reaches of a persons soul and appears when they are most vulnerable. And when the beast awakes, it is impossible to control.

Sasuke formed a sword made of the Black Fires of Amaterasu and slashed the Ido Monster in the face and back.

Kurenai: You can even end up hurting those that are closest to you. But if the monster can be tamed, reigned in with the strength of your own will it can become a magnificent power and can even make your own dreams a reality. Now you must fight it! Obliterate the monster that the depths of your own mind created!

Yakumo: I don't know how.

Kurenai: Yakumo, you are the only one who can finish this.

Ami slashed the Ido Monster in the leg and kneed it in the face.

Yakumo saw a paint scraper on the floor and she knew what she had to do.

Yakumo: I'll beat the darkness in my mind!

She took the paint scraper and the blade glowed white and she dashed toward the Ido Monster and appeared in front of it and stabbed it in the face.

The Ido was dying.

Ido: (Weakly) **But why? I did my best to serve you. I only wanted what's best for you.**

Nicole: You're an evil monster that deserves to be forever damned. Enjoy the darkest pits of the Netherworld.

Ido's face came off and revealed a glowing purple face of Yakumo with glowing red eyes and it inflated and disintegrated into nothing.

The area reverted back and Yakumo collapsed because of mild chakra exhaustion and Naruto caught her.

Naruto: You were amazing Yakumo. You did it. You defeated the darkness in your soul.

Yakumo: Thank you all. Thank you.

Lady Tsunade: Great job today Team Cosmic Dragon.

Nicole: Thank you Lady Hokage. We'll take Yakumo to the hospital to rest and I'll be by later to file my report.

Lady Tsunade: Okay.

They dropped Yakumo off at the hospital and they promised to help Yakumo with her condition. Her stamina was poor and she needed a lot of help. So when the time comes she will become a member of Team Cosmic Dragon.

Continues in Part 18

# Shinobi of The Cosmic Storm Finale

3 Years passed and Team Cosmic Dragon has done it all. They destroyed the Kurosaki Family, restored Tanuki Village to it's former glory, stopped Gemno from destroying the Leaf with a 30-Year-old bombing trap, saved the Tsuchigumo Clan from destruction, and their biggest achievement was building a safehouse for the Jinchuriki. The Namikaze Estate now has a special guesthouse that's being used for it. Han the 5-Tails Jinchuriki, Utakata the 6-Tails Jinchuriki and Yugito Nii the 2-Tails Jinchuriki were now living there until the Akatsuki are destroyed. Naruto decided that that they should work together to destroy the Akatsuki once and for all.

Nicole had been training everyone over the course of 3 years in all fields and more. Hotaru Tsuchigumo, Ameno, Shizuka of Nadeshiko Village, and many shinobi and kunoichi were recruited into the village. When their training was complete it was time to fight the Akatsuki. Team Cosmic Dragon now had Yakumo Kurama on the team.

Nicole: All right team this is it. It's time to destroy the Akatsuki once and for all.

Lincoln: We're gonna take them down 2 at a time and minimize their forces.

Naruto: That's right. Their first target is Han the 5-Tails Jinchuriki in the Hidden Rock.

Nicole: That's right and according to my new star drone the members going after him are Sasori of The Red Sand and Deidara The Mad Bomber.

Kujaku: This is gonna be awesome.

Hotaru: We can't let the Akatsuki destroy the planet.

Naruto: That's right. We won't let them do anything they want and destroy our planet.

In the Land of Earth they saw two figures heading into a mountainous area.

Nicole: Targets have been found. Lets get them!

They charged and Nicole kicked Deidara in the back of the head and a Destructo Disk slashed Sasori in half.

Deidara was sent crashing into a mountain and he emerged from the rubble and was riding a clay dragon.

Nicole and Kurotsuchi spread their wings and Nicole fired an energy blast and the dragon exploded. Kurotsuchi formed a fist of pure lava and punched Deidara in the face and he screamed in excruciating pain.

Deidara was on the ground and he was holding his face in agony.

Natsumi: I'll make the pain go away.

Natsumi fired an energy blast and vaporized Deidara instantly.

Sakura punched Sasori in the face and knocked his head off and Fu slashed it apart and reduced it to sawdust.

Shizuka and Kujaku fired a blast of wind and it obliterated his heart in a scroll.

Their spirits appeared before them.

Nicole: You two are forever damned. [Pulls out the Book of Vile Darkness and chants an incantation] Aldruon Enlenthranel Vosolen Lirus-nor!

They went into the Book and their info was absolutely horrifying.

Nicole: They sure got what they deserved. But the war is not over yet. We still have 7 more members to destroy.

Lincoln: Yep. These two were easy.

Naruto: Lets not get overconfident Lincoln.

Nicole: I sense another member nearby.

Nicole fired an energy blast at a tree and it exploded with incredible power.

A spirit came and it was Zetsu.

Nicole: Zetsu. How nice of you to save us the trouble of hunting you. [Chants an Incantation] Aldruon Enlenthanel Vosolen Lirus-nor!

Zetsu went into the Book of Vile Darkness and the information it had on Zetsu was absolutely horrifying. 1,000 years ago, Zetsu set all the events into motion after Hagoromo Otsutsuki, the Sage of The Six Paths banished his mother into the Moon for all eternity. He manipulated Indra Otsutsuki the eldest son who became the progenitor of the Uchiha Clan and told him that power is better and this is what lead to the creation of the Uchiha's Curse of Hatred that flooded it with pure evil. He also was responsible for a number of catastrophic calamities over the course of 1,000 years and he was ensueing chaos, death, destruction, pain and suffering for one purpose: to Resurrect the Mother of All Chakra, Kaguya Otsutsuki. Even if it meant destroying the entire planet in the process. He was going to resurrect Kaguya so she can rule over the entire planet with an iron fist.

Naruto: Zetsu was going to resurrect Kaguya so she can rule over the world!? That's madness!

Nicole: And it would cause the entire planet to explode.

Sakura: I can't believe that Zetsu was causing all those evil events that had happened so he can destroy the planet.

Sasuke: And he's also the reason why the Uchiha Clan was poisoned with evil from the start.

Ameno: That's horrible. I can't believe that Zetsu is the true mastermind behind everything that went down.

Nicole: The Akatsuki were going to use the Moon to resurrect Kaguya and we can't let them do that.

Naruto: So the only way to make sure that the Akatsuki don't succeed in their diabolical planet-destroying plan is to blow up the Moon.

Nicole: As reprehensible as that may be, we'll cross that bridge when the time is right.

Lincoln: That's right.

Nicole: Lets continue on our mission.

Their journey continued on and they took down Hidan of Jashin, Kakuzu of the 5 Hearts, Kisame Hoshigaki and Nagato and his 6 Paths. Konan defected from the Akatsuki and decided to join the Leaf. The only one left was Obito Uchiha. At the 5 Kage Summit he approached the 5 Kage and declared war. The 4th Great Ninja war has begun.

They prepared for battle and 3 months later WAR BEGAN!

The Battle that Will decide the Fate of the World had begun. Obito had used the Reanimation Jutsu on many shinobi both good and evil. Team Cosmic Dragon was helping the Allied Shinobi Forces kill all the reanimated ninjas and the evil shinobi were sealed into the Book of Vile Darkness. Natsumi retrieved the full extent of her Chakra when the Gold & Silver Brothers were destroyed. Luckily all the Akatsuki members that were killed couldn't be resurrected because they were bound to the Book of Vile Darkness. With all the Reanimated Shinobi either resurrected completely, Sealed into the Book of Vile Darkness or destroyed and sent back to the Netherworld forever, they all went after Obito who was in the Mountain Graveyard. They found him and the battle for the world was on.

Obito: So nice of you all to come. Where are all the Jinchuriki?

Nicole: In a place where you'll never find them. Now take off that mask Obito Uchiha.

Obito revealed himself.

Nicole: So we finally meet Obito Uchiha.

Obito: Yes. How did you know it was me?

Kami: I told Nicole and Team Cosmic Dragon about what you're gonna do and we've been preparing for this moment. The moment when we send you to your death.

Nicole: It's over Obito. We played all your diabolical games and brought the pain to your minions. Now all that's left is to kill you and make sure that you pay the ultimate price for your crimes.

Obito: I will not stop until this world is at peace.

Nicole: Your version of peace is one of total destruction. It will destroy the entire planet and kill everyone.

Kakashi: That's right Obito. I can't believe that this is what you have become. My best friend is now nothing more than a heartless and remorseless monster bent on destroying the world.

Rin: And the man that loved me is now a pitiless cretin with no love in his heart.

Obito was shocked when he saw Rin.

Obito: Rin? You're alive!

Nicole: Orochimaru found her 18 years ago and healed her by freezing her in ice.

Obito: It doesn't matter. I will create a new world where peace reigns supreme and there will be no more war and fighting.

Nicole: I don't think so you monster.

Nicole fired an energy blast at him and just as it was about to hit him it redirected and went high into the sky towards the Moon.

Obito: What? No!

The Energy blast hit the Moon and it exploded with incredible power and completely obliterated it.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOM

When the smoke cleared the Moon was completely gone.

Nicole: As reprehensible as that was it was the only way to make sure that the Infinite Tsukuyomi can never happen again. It's over Obito. You're finished!

Nicole went Super Angel 10,000 Star Dragon, Lincoln went Super Angel 3 and Team Cosmic Dragon Spread their wings.

Obito was enraged and he screamed in so much rage that it was unbelievable. They charged and when they hit they clashed in a thunderous explosion of incredible power.

THHHOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMMMM

The fight was so incredibly ferocious and brutal that it was unbelievable. It shook the entirety of the Universe to the very brink. Massive fiery explosions blasted apart the landscape with incredible power and thunderous booms and shockwaves were heard and felt from the fight. Nicole fired an energy blast at Obito and he dodged it and it hit the ground in a huge explosion.

KRABBOOOMMM!

Lincoln fired multiple streams of lightning and Obito dodged them and got hit by one in the leg. Lincoln punched him in the face and kicked him in the stomach.

ZAP! POW! BLAM!

Naruto slammed a Rasengan into his back and it exploded and sent him crashing into the ground.

KABOOM! CRASH!

Sakura punched Obito in the face and dealt him a powerful uppercut that sent him flying into the sky and she fired a blast of high power water at him and it went through him and skewered him.

KRABLAM! POW! WHOOSH! SHING!

Obito regenerated himself and Fu fired a blast of fire at him and burn his leg off.

WHOOSH!

Obito regenerated his leg.

Juri: TIDAL WAVE DRAGONSTORM!

Juri fired her water Dragon and it hit him and sent him crashing through 5 hills.

Ami slashed off both his arms off and Akiko fired a stream of Solar Plasma at him and burned his legs off.

They were all gonna make sure that Obito pays the ultimate price for his crimes.

Nicole: It's over Obito. Never again.

Nicole raised her hands into the air.

Nicole: Everyone in the galaxy, share your energy with me!

Lincoln: The Spirit Bomb! Lets raise our hands.

Everyone did so and everyone all over the galaxy shared their power with Nicole. Streams of energy from all over the entire galaxy poured into the Spirit Bomb and the massive ball of energy was as big as the planet Mars.

Nicole: Obito, this ball of energy I have here is your ultimate path to eternal Damnation. It's time for you to feel the power of everyone working together and perish. You have caused great pain and suffering and you and your forefathers have brought nothing but chaos, death and destruction to this world. There is a punishment worse than eternal damnation for people like you and people like you will never go to Heaven.

Obito for the first time in 18 years experienced fear and he knew he was gonna die.

Nicole threw the Spirit Bomb and Obito regenerated his limbs and tried to push it back.

Nicole: This is the end of the road for you Obito Uchiha. It's a darn shame. When Kakashi-sensei first met you there was good in you. You were a goofball idiot who was always late to everything and you came up with those silly excuses. You had a strong love for your teammate Rin and she cared about you and Kakashi at the time. You even had a dream about wanting to become the Hokage. But then the 3rd Great War reared its ugly head and you were supposedly killed by some Rock Shinobi and Madara Uchiha fixed you and nursed you back to health. Then Kakashi-sensei supposedly killed Rin and after that you became different. The evil Curse of Hatred of the Uchiha changed you forever and the darkness overpowered the light. You were a ruthless nightmare. You delighted in causing nothing but chaos and destruction. You forced Natsumi to attack the Leaf Village, killed all the Uchiha Clan, caused the Bloodline Holocaust and now you were going to destroy the planet for your own sick and twisted ambition. You didn't even show a single shred of decency or mercy and remorse towards anyone. You only thought about no one but yourself and your own delusional ambitions and that's why it has to end like this for you. You are now gonna learn the hard way and know what it feels like to have your life taken away against your will. It's wrong!

A flashback showed Obito in everything that's happened to him and all the terrible deeds he has done.

Nicole: Maybe you'll come back someday as a better person I hope. I'd like that. We all would. [Nicole saluted him] Adios. Enjoy your time in the Netherworld Obito Uchiha!

The Spirit Bomb intensified.

Lincoln: Nicole!

Naruto: Sis!

Sakura: Nicole!

Fu: Nicole!

Juri: Nicole!

Ami: Nicole!

Akiko: Nicole!

Sasuke: Nicole!

Rin: Nicole!

Natsumi: Nicole!

Yamiko: Nicole!

Isaribi: Nicole!

Hokuto: Nicole!

Kujaku: Nicole!

Yakumo: Nicole!

Hotaru: Nicole!

Pakura: Nicole!

Multiple Shinobi and Kunoichi appeared in a broken glass animation.

ALL: DO IT!

Nicole: HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

The Spirit Bomb intensified to incredible power and it swallowed Obito and completely obliterated him in an instant and it went out into space and exploded with incredible power.

KRABOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nicole powered down and landed by them.

Nicole: At last. It's over. His energy signal has completely disappeared. Obito is dead.

Everyone cheered wildly for Team Cosmic Dragon and hoisted them up in a mesh net. They chanted Team Cosmic Dragon and they were all hailed as the ultimate heroes of the planet. The war was over.

Back in the Leaf, Nicole and Team Cosmic Dragon were in the Chunin Exams Stadium for a special ceremony. They were standing before all of the 5 Kage.

Lady Tsunade: Nicole Knudson and Team Cosmic Dragon you all have done a magnificent performance and have done a tremendously great service to the entire planet. By killing Obito and saving the entire planet from total destruction we as the 5 Kage proudly award you for the first time in history the highest honor of the 5 Great Nations: The Elemental Star of Supreme Valor.

They had medals that were stars and each side was a different color that showed that Elemental Force of Nature and the Village Symbols were on it. This medal was the highest honor in the history of the 5 Great Nations and it was never before given to anyone. The medals were placed around their necks and they stood up.

Nicole: We are truly honored. We had to do what was needed to be done in order to save the entire planet from doom.

Lady Tsunade: You are so welcome Nicole. We all owe you our lives and we can't thank you enough.

Lincoln: We're glad we could help you milady.

BON JOVI'S IT'S MY LIFE PLAYS.

A huge party was thrown and it was a wild celebration. A massive display of fireworks was launched and it was a dazzling display. They spelled a message in the sky. It said "Thank you Team Cosmic Dragon!" It even had the symbol of Team Cosmic Dragon appear. Nicole then merged everyone with their counterparts in our dimension and the exercise ended. They went on the couch to rest.

Nicole: Whoo! What an adventure.

Lincoln: You said it Nicole.

Nicole: I'm very proud of you buddy. You have now become a strong shinobi unlike any before.

Lincoln: Thank you Nicole.

THE END.

Another Miniseries complete.

WHOO-WEE! This one was a sheer doosey. Nicole and Lincoln had an awesome adventure in this one. I wanted to incorporate some elements from Dragon Ball Z and Yu Yu Hakusho into this and follow all the Arcs of the first part and Shippuden. I also wanted to put some of the battles on different events in history from over the centuries and even some different planets. The Star Arc in Naruto was a strange one. But it was really cool and I made up the name for the planet Cicea in my books I write at home. I followed some the Arcs in the styles of my books from home. I also included the use of the Book of Vile Darkness to it. I got the idea for it from Dungeons & Dragons. Just so you know Naruto is in the CRA or Clan Restoration Act in this one. This was an awesome adventure for all of the Leaf, Nicole and Lincoln. Let me know what you all think.

See you next time.

All elements and songs belong to their respective owners.

# Interstellar Babysitting

It starts in Lincoln and Linka's room.

Lincoln: Ah Sunday mornings. My homework's done, my chores are complete and I'm looking forward to a whole day of freedom!

Me: You said it buddy!

Linka: This is gonna be awesome!

Janeen: You said it.

We were dancing and looking foreward to this. But it was cut short when we heard Ms. Rita.

Rita: (offscreen) RISE AND SHINE KIDS! WE'RE GOING TO AUNT RUTH'S TODAY! YAAAY!

Me: It's time for Aunt Ruth. My sister Jayme is gonna babysit today.

Lincoln: Your sister is awesome.

Me: I'm gonna stay back and show her the ropes.

Varie: That sounds like a plan.

---

At the front door the Loud Siblings were getting ready.

Me: Okay. My sister Jayme is gonna babysit Carol, Yuko, Leni, Luan, Lynn, Shannon, Linka, Lilly, Laney, Lana & Lola, Penny, Lisa and Lily.

Laney: This is gonna be fun.

Carol: I know.

Leni: Totes.

The doorbell rang and I answer it. It was Jayme Hammond my big sister.

Me: Hey sis.

Jayme: Hey bro.

Me: Thank you for coming.

Jayme: I wouldn't miss this for the world.

Me: I know. I'm gonna help you go through the ropes.

Jayme: Sounds like a plan.

Lori: I wish we literally can stay back and have fun with you Jayme.

Jayme: I know Lori. But next time I babysit you'll be with me.

Lori: That's cool.

Lynn Sr.: Have fun guys.

Varie: We'll try to stay sane.

They left and Vanzilla 2.0 drove away.

Me: Okay sis. We start off with a fun 1st activity.

The doorbell rang and I answer it. It was Eddy.

Eddy: Hey J.D.

Me: Hey Eddy.

Luan: Hey my King of Comedy

Eddy: Luan my Angel Queen of Comedy.

They kiss.

Jayme: You two are made for eachother.

Eddy: I know Jayme.

Me: Okay sis. You pick the activity.

Jayme: Okay. Lets do a fun game I call underwater adventure.

Lily: I know just where to go for that.

---

We went into Lily's aquarium room and Lily opened up a hidden panel and pressed a series of buttons. A hidden wall opened up and it revealed a special portal that lead into the bottom of the Atlantic Ocean.

Me: Oh that is so cool!

Jayme: I didn't know you had this Lily.

Lily: I used my water powers to create a doorway that can lead to any part of the oceans around the world.

Leni: But I don't have my swimsuit on.

Me: Go get it on then.

Leni left and came back two minutes later in her swim clothes.

Yuko: My clothes are all weather and they can handle water.

Jayme: Cool. Are we all ready?

We were ready and we dove in and we were on the bottom of the Atlantic Ocean 12,514 feet down. I used my magic to give Leni, Eddy, Penny and Yuko a breathing mask.

Me: Wow!

Yuko: It's really dark down here.

Linka: It's the bottom of the Atlantic Ocean.

Lilly was in her mermaid form.

Lilly: This is amazing. I had no idea that it was this dark down here.

Me: Me neither. But look at all the beautiful fish.

Jayme: It is beautiful huh?

Laney: I didn't know that different kinds of fish could live down here at such depths.

Lana: It's amazing.

Lola: It sure is.

Penny: What pretty fish.

Lisa: Indeed Penny.

A dragonfish swam by us and it was a beautiful sight.

Lisa: (Gasp) That's an Idiacanthus Atlanticus.

Me: A Black Dragonfish. What a sight to behold.

But then we came across a shipwreck. But this wasn't just any shipwreck. This was the wreck of the Titanic.

Me: Oh wow! It's the wreckage of the Titanic.

Yuko: The ship that sank in 1912?

Laney: That's the very one. That was a horrible tragedy back 105 years ago.

Jayme: Yeah. 1,500 people lost their lives on April 15th, 1912 when the Titanic hit an iceberg and sunk into the freezing cold of the Atlantic Ocean. 720 people survived that night but the rest died from freezing to death because of the cold water.

Linka: That was horrible.

Lilly: No kidding. What an awful night that was.

Me: Yeah. And now here she is 105 years later on the bottom of the

Atlantic Ocean 12,514 ft down and dissolving because of the salt water.

Leni: That was horrible.

Yuko: Yeah.

Lisa: Affirmative.

We went into the wreck and searched around it.

We saw the grand staircase inside the wreck.

Lola: This must be the grand staircase.

Luan: I've seen it in the books. It was beautiful.

Eddy: It sure was Luan.

Jayme: I've always liked the architecture of the ship before it sank.

Laney: Me too Jayme. The Titanic was beautiful.

Lana: Were any bodies recovered from the wreck down here?

Lisa: That would be improbable. The Water pressure down here at this depth and the salt content plus the scavenger fish would dissolve any and all traces of human remains.

Me: Yeah.

Laney: Hey guys look at this.

We saw Laney with an old pocket watch from 105 years ago. I look at it and it was an old Ingersoll Yankee Pocket Watch.

Me: We don't use these watches anymore.

I look it over and found initials on it.

Me: T.A. (Gasp) Thomas Andrews.

Linka: He was the man that built the ship wasn't he?

Lisa: Correct Linka. He was the engineer of the ship. He built the R.M.S. Titanic on March 31st, 1909.

Jayme: Wow! Laney you found a piece of history.

Laney: It's a priceless artifact from 105 years ago.

Lola: This watch definitely belongs in a museum.

Luan: This is something to Watch over! (Rimshot) (Laughs) Get it?

Me, Jayme, Yuko, Leni and Eddy laugh while everyone else sighed.

Me: (Laughs) I get it. Good one Luan.

Luan: Thank you.

Eddy: I heard that there are no survivors of the Titanic left.

Me: You heard right Eddy. The last survivor of the Titanic died on May 31st, 2009 and there are no more survivors of the Titanic.

Lilly: Oh wow.

Jayme: Lets keep looking around.

They did so and they found a cool suite room.

Me: I wonder whose room this is.

Jayme: I don't know. But it was beautiful.

Lola: (Gasp) I know this room. This is Rose Dewitt Bukater's room.

Me: From 1997's Titanic?

Jayme: So Rose was real?

Laney: It would appear so.

Lana: But I thought she was in the movie.

Lily: She must've been teleported here somehow.

Lisa: That is my theory too.

Me: Then that must mean that Jack Dawson is real too.

Lisa: It is highly plausible. But according to the historical records Jack Dawson was nowhere to be found when he was on the Titanic. No one even knows about him according to the 2017 historical archives.

Me: That's weird.

We searched outside the ship and dug around the sea bed and found something sparkling. It was a blue heart diamond necklace.

Jayme: It's the Heart of The Ocean. We've been trying to find it for almost 20 years now.

Me: Oh wow. It's beautiful.

Lola: It sure is. I thought this was only in the movie.

Jayme: I've been thinking the same thing Lola.

Penny: How was this diamond down here?

Lana: Rose was 100 years old in the movie and she had the Diamond with her the whole time and on an expedition to find it she threw it into the ocean.

Me: That's right. She died in 2002. Her ex-fiance Cal commited Suicide when the stock market crashed in 1929 and started the Great Depression.

Jayme: He took the cowards way out.

Me: My thoughts exactly.

We continued searching and we found an incredible discovery. It was a block of ice down at the bottom of the Atlantic Ocean and in it was a person completely frozen.

Me: (Gasp) This man is frozen.

Laney touched the ice and felt a life sign.

Laney: He's still alive!

Lily: Can you make out who it is?

Laney felt the ice and she gasped in astonishment.

Me: What is it Laney?

Laney: It's Jack Dawson! He's been frozen alive.

We all gasp.

Jayme: But that's impossible! Jack Dawson died 105 years ago.

Me: It looks like he was cryogenically frozen in time and the quick freeze down here at the bottom of the Atlantic Ocean miraculously kept him alive. Now here we are 105 years later.

Lisa: That is a very plausible theory J.D. The temperature down at this depth is -10.2 degrees fahrenheit.

Me: Brr. That is cold.

Jayme: No kidding. Lets get him out of here and thaw him out.

Me: Okay.

We lift the block of ice up and Lily created a portal that lead back and we arrived back in Lily's room and we were soaked.

Me: Whoo! That was cold and fun.

Jayme: It sure was.

Lola: It was so cool being in the wreck of the Titanic. I never even knew that everything from the movie was real.

Lana: Me neither.

Yuko: It was an awesome adventure. But lets take a shower and get clean.

Me: Good idea.

We shower up and got into our clothes and in Lisa's Laboratory we thawed Jack out. He was still in his clothes from 105 years ago.

Jack: What happened?

Me: It's all right Jack. We found you on the bottom of the Atlantic Ocean where the Titanic sank.

Jack: How did I get here?

Me: Me, My sister and my friends here brought you here. We should introduce ourselves. I'm J.D. Knudson.

Jayme: I'm Jayme Hammond. J.D.'s sister.

Carol: I'm Carol Pingrey Loud.

Leni: I'm Leni Loud.

Luan: I'm Luan Loud.

Eddy: I'm Eddy. Luan is my girlfriend.

Lynn: I'm Lynn Loud Jr.

Shannon: I'm Shannon "Gaz" Loud.

Linka: I'm Linka Loud.

Lilly: I'm Lilly.

Laney: I'm Laney Loud.

Lana: I'm Lana Loud.

Lola: I'm her twin sister Lola Loud.

Penny: I'm Penny Loud.

Lisa: Greetings. I'm Lisa Loud.

Lily: And I'm Lily Loud the youngest.

Yuko: I'm Yuko Tani.

Jack: It's a pleasure to meet all of you. What happened?

Me: Like I said, we found you frozen in a block of ice at the bottom of the Atlanic Ocean near the wreck of the Titanic and we thawed you out. You've been frozen in that block of ice for 105 years.

Jack: 105 years!? What year is it now?

Jayme: You're in the Year 2017.

Me: I know this is a big shock for you, but you are in a completely different world than what you knew more than a century ago.

Jack: Where is Rose?

Me: (Sigh) I'm sorry Jack. She died in the year 2002. You are now the only survivor from the Titanic.

Jayme: We found her necklace.

Jayme showed him the Heart of The Ocean.

Jack: I remember this necklace. Rose wore it when I drew her.

Me: I remember that and alot of stuff has happened since you were on the Titanic. It's gonna take some time for you to adjust.

Jack: I will have to get used to it. But I'm glad you all found me.

Jayme: We are too.

In my library in my mansion we showed Jack numerous books on all the events in history from over the course of 105 years.

Jack: So the Crash of 1929 ruined alot of lives that day?

Me: It sure did. You remember Rose's ex-fiance Cal?

Jack: I sure do. He chained me to a pole while the ship was going down. He then tried to kill me in a jealous rage.

Jayme: That was awful.

Me: I know. But lets just say that after the crash Karma bit him hard. He lost all his money and he commited suicide.

Jack: That's awful.

Me: Yeah. But I would say it was an act of cowardice.

Linka: Jack what was it like on the Titanic when it was going down?

Jack: It was awful. The Titanic hit an iceberg and we were loading the lifeboats with the women and the children only.

Jayme: That was not enough.

Lola: I agree. In a situation like that it should be every man for himself.

Jack: Yeah. How many people died that day?

Me: 1,500. They all froze to death in the frigid water.

Lisa: Affirmative. The water temperature back then was 28 degrees fahrenheit which would give you only 90 minutes to live in that cold water.

Jack: That would be about right.

Jayme: Here's another event that my grandpa fought in.

Me: World War II. It lasted from September 1st, 1939 to September 2nd, 1945.

Jack: That was horrible. What was the cause of this war?

Me: An evil dictator was going to conquer the world and rule over it with an iron fist. It was a German Dictator that was the worst of the worst. His name is evil in its purest form and even saying it strikes fear into the hearts of man.

Jack: I take your word for it. I have so much to learn now that I'm here in the 21st century.

Me: I know. Did you have any family in America when you left on the Titanic?

Jack: No I didn't.

Me: Oh man. I'm sorry Jack.

Jack: It's all right J.D. But I greatly appreciate it that you are going to help me.

Me: You're welcome Jack. After Jayme is done babysitting my friends here I'm gonna call a press conference in Washington D.C. to let everyone around the world know that we found you and maybe some of your descendents will come from Europe or here and help you.

Jack: Thank you J.D.

Jack is staying in one of the guest houses for the time being and my brother-in-law Jordan is taking care of him.

Jayme: Okay our next game is Princess Rescue.

Lola: That's my all time favorite.

Me: I remember Lola. We go to the simulator to do it sis.

We go into the Simulator and Lola goes in and I choose a perfect scenario.

The Simulator activated and Lola found herself in Paris, France in the 1996 Disney movie "The Hunchback of Notre Dame".

Lola: (Gasp) I'm in The Hunchback of Notre Dame! One of my favorites.

Lola was in Paris, France in the year 1502 and she saw the evil Judge Claude Frollo about to burn Esmeralda at the Stake for heresy.

Frollo is by far the worst Disney Villain of all time. He is also the biggest sinner in the world. He persecuted the people of Paris, destroyed much of the city and has even took God's laws into his own hands for his own twisted goals.

Frollo: For justice and for her own salvation it is my sacred duty to send this unholy demon back where she belongs!

Frollo lit the wood.

Lola: I don't think so!

Lola spread her wings of fire and her clothes changed into a version of Krillin's clothes and she flew towards the stake and cut Esmeralda free and she punched Frollo in the mouth and sent him into the crowd and she flew up to the cathedral with Quasimodo. Lola cut Quasimodo free and they all stood near the edge of the cathedral.

Lola, Esmeralda and Quasimodo: SANCTUARY! SANCTUARY! SANCTUARY!

Frollo got up and he was enraged.

Frollo: That little brat! Captain!

Captain: Sir.

Frollo: Seize the Cathedral.

Quasimodo put Esmeralda in a safe room.

Quasimodo: Don't worry Esmeralda. You'll be safe here.

Captain: Charge!

Lola: I'm going down to fight.

Quasimodo: Okay.

Lola flew down and fired a stream of fire and a wall of fire was formed and it blocked all the troops from getting in. Quasimodo picked up a wood beam and it crashed onto Frollo's carriage.

Lola punched a man in the face and took his sword.

Lola: Frollo!

Frollo saw Lola ready to fight and she had her wings of fire spread.

Lola: It's over Frollo.

Phoebus grabbed a guard in a chokehold.

Phoebus: Alone at last.

He bashed his head and knocked him out and took his keys.

He got out and rallied the people together.

Phoebus: Citizens of Paris, Frollo has persecuted our people, ransacked our city and now he has declared war on Notre Dame herself! Will we allow it?

The Paris citizens have had enough of Frollo and everyone was freed and a huge fight broke out.

Lola: You are finished Frollo. You took God's Law into your own hands and destroyed many lives here.

Frollo: I did what I had to do for the city of Paris. Gypsies are vermin and they only deserve eternal damnation.

Lola: The only person who deserves eternal damnation is you Frollo. You have broken every commandment in God's Book and more. You are just as bad as the Devil!

Frollo: How dare you!?

Frollo was enraged and he and Lola got into a savage swordfight. Sparks were flying everywhere and all the buildings in Paris were set on fire. The fight escalated rapidly into an all out war and an epic conflagration that made the Great Chicago Fire seem like a small campfire in comparison. The fire was so strong that it turned all of Paris into a raging firestorm. Frollo was putting up one amazing fight and Lola was fairing well. Then Lola slashed Frollo's face.

Lola: That was for killing Quasimodo's mother 20 years ago!

Lola punched him in the stomach and kicked him in the face. Lola then headbutt him and sent him crashing through the door of the cathedral as a deluge of molten copper poured from the cathedral. Lola flew onto the Cathedral and warned Quasimodo of Frollo in the church.

Archdeacon: Frollo have you gone mad!? I will not tolerate this assault on the house of God!

Frollo: Silence you old fool! The hunchback and I have important business to take care of. And this time you will not interfer.

Frollo locked the door and went up the stairs.

Lola: Lets go you two.

Lola got them down the Cathedral and returned to the tower and faced Frollo.

Lola: It's over Frollo. Your reign of terror ends now!

Frollo: You ruined everything you wretched girl. That Gypsy is still alive because of you!

Lola: She has a right to live and protect her friends for the greater good and that's something a warped freak like you can never understand!

They clashed again and their fight was intense. Lola had Frollo cornered as he was standing on a gargoyle. He found Quasimodo on the ground with Esmeralda and he was about to jump.

Frollo: (Echoing) And he shall smite the wicked and plunge them into the fiery pit!

The gargoyle cracked and Frollo saw the gargoyle come alive and he screamed as he fell and he fell into the fire below and was killed instantly.

Lola: Such a waste of a life. I would say may the lord have mercy on his soul but Frollo has no soul at all to save. I hope he finds the Netherworld a more enjoyable place. You brought all this on yourself Frollo.

All of Frollo's men were killed or captured and Lola put all the fire out. Quasimodo was now a hero and Lola was too.

The exercise ended and we all cheered for Lola.

Me: Great job Lola.

Jayme: It was a fantastic performance.

Lola: Boy I was like a true Angel of Justice in that fight.

Linka: You sure were Lola.

Lana: You were awesome sis.

Lola: Thanks Lana.

Lana: It's my turn.

Lana went into the Simulator and it activated and Lana found herself in the frozen kingdom of Arendelle in 2013's Frozen.

Lana: Awesome! I'm in Frozen. And from the looks of things Anna and Elsa are in trouble.

Lana ran onto the frozen water and she saw Hans talking to Elsa.

Lana: I don't think so you monster!

Lana spread her ice wings and she had a uniform similar to Trunk's and she flew toward Hans and kicked him in the face and sent him crashing into a boat and took his sword.

Lana: Elsa don't believe that man. Anna is still very much alive and she doesn't have much time left. But we can still help her.

Anna: (Weakly) That's right.

Anna now had blonde hair and she was so cold.

Lana: Anna. Let me help you. [Chants an Incantation] Gurosiga Ulandian Mestioxa!

Lana fired a healing laser at Anna and it fully cured her and restored her memory on what happened when she got hit with Elsa's powers.

Lana: Elsa. You have amazing powers and you're letting your emotions get the better of you. Your hate and fear is making you lose control of them. Love is far more powerful than hate and love, kindness and friendship can help thaw a frozen heart of ice.

Elsa began to realize that her powers were a gift to her and that Lana was right. She removed all the snow and ice and returned Arendelle to it's great glory once again.

Lana, Elsa and Anna were on a boat and Hans got up.

Lana: I got this.

Lana walked up to him and punched him in the face and sent him into the water.

After everything was restored Hans was taken back to his land and as punishment for his crimes he was disinherited and demoted to a stable boy for life. Kristoff was made the royal sled man and Olaf was made a permanent resident.

Elsa: Lana I can't thank you enough helping me and Anna. You also have saved all of Arendelle from total destruction.

Lana: I'm glad I could help you Elsa.

Anna: You are an amazing girl Lana. Thank you for bringing my sister back to me.

Lana: You're welcome Anna.

I beam Arendelle over to a beautiful part of Norway and set up a trade route for it. Lana was made Ambassador for Arendelle.

Lana came back and we cheered for her.

Me: Great job out there Lana.

Lana: Thanks J.D. Hans was an evil man wasn't he?

Me: He sure was.

Yuko went next and the Simulator took her to cool scenario. She found herself in the movie Pocahontas.

Yuko: Oh wow! I'm in the movie Pocahontas. This is all based on a historical event in the year 1610 in America. I have to help Pocahontas.

Suddenly storm clouds made of of pure fire appeared out of nowhere and a tornado of pure fire hit Yuko and she was in a tornado of fire and snakes made of fire encircled her.

Laney: We have another elemental choosing in progress.

Me: This is an unusual one.

When it faded Yuko got up.

Yuko: I feel weird. What happened? (Gasp) Wait a second.

Yuko held out her hand and she fired a blast of fire from her hand and it burned a tree down.

Yuko: I have fire powers like Lola.

Then she felt a sharp pain in her back.

Yuko: Ouch! What the?

Yuko saw that she had wings made of pure fire and the feathers were orange and glowing incandescent red.

Yuko: Whoa! These wings are awesome.

She then saw Pocahontas running and she saw that Chief Powatan was about to execute Captain John Smith. Pocahontas stopped it and showed him the error of his ways and then Yuko flew in and kicked Governor Radcliffe in the face and revealed the full extent of his lies.

Tom: I can't believe that we were that gullible.

Yuko: I know.

Radcliffe: You wretched girl! I will hang you for this!

Yuko: Try it you liar!

Yuko fired a fire blast at him and killed him.

The exercise ended and Yuko was back in the control room.

Me: You were awesome Yuko.

Yuko: Thank you J.D.

Laney: Those fire powers were incredible.

Lynn: Yeah. They were awesome.

Me: Let me see here.

I pull out my Legends of The World Book and I made a shocking discovery.

Me: Yuko you were given Fire Powers because of the Storm of Xiuhcoatl, the Snake God of Fire in Mayan Mythology. Once every 750 years, Xiuhcoatl grants his powers over snakes and fire to a worthy person with an overwhelming sense of justice and determination. They have a fire snake symbol emblazened on their foreheads as a result and they have cosmic pyrokinesis, cosmic thermokinesis, invincibility, immortality and the ability to resurrect the dead.

Yuko: That's incredible.

Laney: Unbelievable.

Lana: This must be an amazing change for you Yuko.

Yuko: It is. I have a lot to learn now that I have powers like you guys.

Linka: You sure do.

---

It was now lunchtime.

Jayme: Okay now. What do you all want for lunch?

Lily: Well J.D. gave us pizza, Varie gave us Spaghetti and Vince gave us burgers.

Lisa: How about something sophisticated like bouillabaisse?

Jayme: Great choice Lisa. Bouillabaisse it is.

Jayme got cooking and she made an awesome huge pot of bouillabaisse with Uni, King Crab, Mussels, Clams and shrimp.

Jayme: Here we are guys.

We dig in and ate it and it was really good.

20 minutes later we were stuffed.

Me: Boy that was awesome sis.

Laney: (Burp) Excuse me. I never had bouillabaisse before. It was delicious.

Lola: You said it.

Lana: I loved the king crab in it.

Luan: It sure made us Crabby. (Rimshot) (Laughs) Get it?

Me, Jayme, Eddy, Yuko, Lilly and Leni laughed while the others sighed.

Me: (Laughs) Good one Luan. That was funny. Lets make some of this for everyone when they get back.

Jayme: Good idea bro. I heard that Aunt Ruth makes everyone eat moldy pudding from the 1950's and that is gross.

Me: No kidding. It's a miracle everyone hasn't gotten botulism because of it.

Later at 3:00 as we were watching TV, Reading Books and playing board games Vanzilla came back.

Jayme: Oh they're back. Lets get cooking for them.

Me: Okay.

They came in and they saw the dinner table prepared.

Lynn Sr.: What's all this?

Lisa: This father would be Bouillabaisse. We made it for lunch and made it for all of you when you got back.

Lincoln: It looks delicious guys.

Luna: It sure does dudes.

Lucy: How was Jayme guys?

Lynn: She is an awesome babysitter. We went underwater and made an incredible discovery.

Me: You'll hear all about it in a press conference we're gonna have in 1 hour in Washington D.C. We're off now.

Vince arrived.

Vince: I wonder what it will be on.

Laney: You'll find out in a few Vince.

After we arrived in Washington D.C. the Press Conference was on. It was being broadcasted in Europe and Asia.

Me: Good afternoon everyone. I'm sorry for interrupting your afternoon time, but 6 hours ago me, my sister and my friends here made an incredible discovery near the wreckage of the sunken ship the Titanic. As you all know 105 years ago on April 15th, 1912 the R.M.S. Titanic hit an iceberg and sunk in the Northern Atlantic

Ocean and resulted in the deaths of 1500 people. It was truly a terrible tragedy. Also as you all know there are no survivors of the Titanic left as of 2009. But that is where you are wrong. 6 hours ago we made an incredible discovery at 12,514 feet down. We found here Jack Dawson who was presumed deceased 105 years ago when the Titanic sunk. But miraculously he lived. We found him cryogenically frozen in a block of ice at the bottom of the Atlantic Ocean near the wreck of the Titanic. We thawed him out and here he is 105 years later alive and well. The cold down at the bottom of the Atlantic Ocean froze him in time in ice and miraculously kept him alive for 105 years. If any of you from either Europe or any part of the United States know Jack here from your family history please do not hesitate to come forward and speak to him and do everything you can to help him. Jack here is a man who has been through a terrible ordeal on the Titanic and he is in a completely different world than what he was in more than a century ago.

The whole world was shocked by this and it was an amazing find. 6 days later a woman from Maine came and it was Jack's great granddaughter Rose Dawson II and she was so happy to have Jack alive. We were hailed as heroes to her family. The Heart of The Ocean Necklace was placed on display in the Smithsonian Institution and it is priceless.

This was a babysitting adventure unlike any other.

Back at the Knudson-Loud-Anderson house we were watching TV.

Lori: J.D. that was amazing how you guys found Jack.

Me: I know. We were shocked that he was alive all this time. I'm glad he's back with his family and he can start learning to adapt to living in the 21st Century.

Luna: That's true dude.

Lucy: It's just hard to imagine that he survived the sinking of the Titanic.

Shannon: I know. That was a horrifying ordeal 105 years ago.

Rita: I agree.

Me: Well I'm glad Jack has his family again. Despite being from different time periods.

Jayme: I agree bro. It was really cool babysitting you guys.

Lola: You are an awesome babysitter Jayme.

Jayme: Thank you Lola.

Me: It's my turn again next time.

Varie: And we can't wait to see what adventures lie in wait.

THE END

Another Fanfiction Complete.

I got the idea for the finding of Jack from a fan created trailer on Youtube called Titanic 2: Jack's Back. That was a strange Trailer for it. But it was really cool. What happened on the Titanic 106 years ago this month was absolutely horrible. 1,500 people were lost to the frigid waters of the Northern Atlantic Ocean and the Titanic is sitting on the bottom of the Atlantic Ocean at 12,514 feet down to this day. It will be completely destroyed because of the Salt Water in the next 10 years. Leonardo Dicaprio and Kate Winslet did an amazing job in the Titanic Movie from 1997 and that movie is one of the top three biggest movies of all time. Avatar, Titanic and Star Wars VII are the 3 movies that made more than $2 billion in the box office. James Cameron did a spectacular job directing Titanic as well. Celine Dion's song for that movie My Heart Will Go On was awesome. The Hunchback of Notre Dame from 1996 is an awesome Disney Movie and Frollo is by far the worst Disney Villain ever created. He was the ultimate sinner. 2013's Frozen is an awesome movie and it gave everyone a scorching case of Frozen Fever. Pun Intended. Also there's a sequel for it coming out in 2019 and I can't wait. Pocahontas from 1995 was awesome too. It's actually based on a real event in American History from the 17th Century in 1610. This was a great babysitting chapter for me. Let me know what you all think.

RIP Titanic - April 15th, 1912.

See you all next time.

Hunchback of Notre Dame, Frozen and Pocahontas belong to Disney.

Titanic from 1997 belongs to James Cameron.

# End of A Buzzard

It starts with me, Varie, Lincoln and Lilly and Woody watching TV and Laney was reading a book in the Living Room. We were watching funny cartoons.

BONK!

We laughed at the Coyote getting hit with an anvil.

Me: Oh that Coyote is always getting hurt.

Woody: Yeah you said it.

Then the TV was interrupted.

Announcer: We interrupt our regularly scheduled program to bring you this special report.

News Reporter: Buzz Buzzard, notorious con man and vicious criminal has escaped from the Indiana State Prison. He was convicted of numerous counts of fraud, theft, and numerous other crimes.

Woody: Buzz Buzzard escaped from prison!?

Me: I thought he was locked away for good.

Woody: He was. It was one year before I was kicked out of my neighborhood.

Flashback shows Woody walking down the street to get a bite to eat and he saw Buzz Buzzard and his accomplice Tweaky heading into a back to rob it.

Woody: (Narrating) I saw him about to rob a bank and I called the police and got him arrested for it. He was sentenced to 340 years in prison without parole and was declared a habitual offender.

Flashback ends

Laney: And now he busted out of jail and is probably out to get revenge.

New Reporter: Buzz Buzzard and his accomplice Tweaky are said to be out to get revenge on local resident Woody Woodpecker for putting him in prison and foiling all his crimes. A reward of $250,000,000.00 will be given if he is brought back dead or alive. Another $250 Million will be given if Tweaky is captured too.

Woody: $500 Million?! That's for me!

Me: And we'll help you get that reward money buddy.

Lincoln: I've always hated Buzz Buzzard on your show Woody. He makes all other criminals look like tame kittens compared to them.

Laney: Yeah. He makes even convicted Ponzi Schemer Bernard Madolf look like a joke.

Me: Well one thing is for sure. We have to stop him for good this time and make him pay for his crimes.

Woody: Yeah. Lets get him!

We set out to find him and sure enough he was in Woody's old neighborhood in Indiana.

Woody: Hello Buzz.

They saw Buzz Buzzard himself.

Me: Buzz Buzzard in the flesh. Uh… in the feathers rather.

Buzz: Woody Woodpecker. Just the guy I was looking for and I see you have J.D. Knudson the famous multi-billionaire hero with you.

Me: Nice to know we've made an impression on you.

Buzz: Hey Woody what happened to your house? There's a stump where your tree was.

Me: You didn't hear about this but Woody's landlady Ms. Meany kicked him out of his home and forced him onto the streets and we found him in Michigan less than a year ago.

Buzz: Ms. Meany?

Tweaky: Yeah boss. She was that mean red hair woman with a nasty temper and she hated Woody with a terrible vengeance.

Buzz: Oh yeah. I heard she disappeared somehow.

Lincoln: I fought her and banished her into the Spirit Realm for eternity.

Buzz: I know you. You're the famous Lincoln Loud. You sure gave Meany a run for her money.

Lincoln: That's right.

Tweaky: I know you. You're Laney Loud. I heard you killed a kid that was a terrorist in the making.

Laney: That's right Tweaky. His name was Chandler Henderson and he was an evil psychopathic lunatic.

Woody: We didn't come here to brag about our achievements. We came to bring you back to prison so we can collect a bounty on both your heads.

Varie: We've had it with the both of you and you're going to the Netherworld for eternity.

I fired 3 energy rings at Tweaky and tied him up and Lincoln and Woody went at Buzz and punched him. Woody pecked Buzz in the head.

---

Lincoln fired a stream of lightning at Buzz and it set his butt on fire.

ZAP! WHOOSH!

Buzz: YEEEOOOOWWWWW! MY BUTT IS ON FIRE!

Woody brought him a bucket and he put his butt in it. But what he didn't know was that the bucket was full of Kerosene. It exploded and burned his butt bad.

BOOM!

Woody: Guess who? (Trademark Laugh)

Wally Walrus came out and he saw Woody and Lincoln fighting Buzz Buzzard.

Wally: (Swedish Accent) Voody and Lincoln are back and they are fighting Buzz Buzzard?

He saw me, Varie, Lilly and Laney sitting in Lounge Chairs and he decided to sit back and watch.

Lincoln: This is for conning Woody during a bowling game!

Lincoln fired a blast of Lightning at Buzz and kicked him in the beak and knocked out all his teeth.

Woody: This is for trying to steal my wallet with a phony baseball game!

Woody punched Buzz in the stomach and pecked him like a jackhammer.

Wally: Boy oh boy! This is a fun show ya?

Me: You said it Wally.

Lincoln kicked buzz in the back and picked him up and slammed him onto the ground on both sides of him. Lincoln then took out a bottle and it was hot sauce. But this was my newest hottest hot sauce in the world. It's called EVIL NIHILISTIC OBLITERATOR DEATH SAUCE. It's made with capsaicin extract from the hottest peppers in the world and even the hottest peppers in the entire Universe and even some ingredients that chefs would consider stronger and more powerful than Plutonium. The label on the bottle was a picture of an evil skull with glowing eyes made entirely out of fire and it had the Star of Satan in the middle of it's forehead with a pepper in it's mouth that had a skull and crossbones on it.

Lincoln: Have a drink buzz.

Lincoln shoved the bottle into Buzz's mouth and he drank the whole thing. Suddenly he exploded in a huge jet of fire that went high into the sky and exploded into a fiery explosion that can be seen from space.

Buzz came back down and he was now a deep fried mess. He was a turkey with an apple in his mouth with lettuce and gravy.

Lincoln: (Italian Accent) That's a Spicy Meat-a-ball!

Woody: (Trademark laugh)

Tweaky: BOSS! He's dead.

Me: You're under arrest Tweaky.

They both were brought back to the prison.

Officer: Good work you two. You will get the $500 million reward.

Woody: Thank you officer.

Later back at the Knudson-Loud-Anderson estate we revealed everything that went down.

Lori: Wow! Buzz Buzzard literally didn't stand a chance against you two.

Lincoln: He sure didn't Lori. He got what he deserved big time.

Luna: But aren't you upset that you made your first kill bro?

Lincoln: No. I'm a shinobi and I have done it before. It's part of my job and it's what I have to do to protect everyone that I love.

Laney: That's right Lincoln. It's a tough job.

Leni: Totes. But I'm glad Buzz got what was coming to him.

Lilly: Me too guys. Linky you were awesome out there.

Lincoln: Thanks Lilly.

Woody upgraded his tree house into a tree mansion and it was a luxurious house. Woody is now sitting in the lap of Luxury. But he didn't let it go to his head. He invited Winny, Knothead and Splinter to live with him.

THE END.

Another Fanfiction complete.

VinJedi1995 gave me the idea for this chapter. Thanks man. Buzz Buzzard is a stupid con bird that will never learn. But let me know what you all think.

See you next time.

# Sam Strikes Back

WARNING: This Chapter is very dark.

---

It was a dark and stormy night at the Knudson-Loud-Anderson estate and everyone was asleep. At 1:45 AM there was a knock on the Loud Door. Lynn Sr. woke up, put on his bathrobe and went to the door.

Lynn Sr.: Who could be knocking at this time of night?

Lynn Sr. Opened the door and he found Sam Sharp and she was a mess. She had shredded clothes, nasty bruises and cuts, a black eye and blood on her clothes and she was crying her eyes out.

Lynn Sr.: (Horrifying Gasp) Sam! What happened to you!?

Sam: (Crying) My parents did this to me!

Lynn Sr.: Oh you poor thing. Come on in.

Sam came in and they put her on the sofa.

---

In my room as I was sleeping I got a call on my cell phone.

Me: (Groggy) Huh? (I answer my phone) Hello?

Lynn Sr.: J.D. it's Lynn Sr.

Me: Mr. Lynn. What's up?

Lynn Sr.: Luna's girlfriend Sam is here and she is in trouble.

Me: What!? What happened?

Lynn Sr.: Her parents beat her up bad and she ran away from her

home.

Me: (Gasp in Horror) We'll be right down! (Hangs up) Varie! Wake up!

Varie: What's wrong J.D.?

Me: Sam Sharp is hurt because of her parents. We have to help her.

Varie: Oh man!

We slide down to the living room and found Sam crying and Lynn Sr. and Rita are comforting her.

Me: Sam! Oh my gosh! What happened to you?

Sam: (Crying) My parents beat me up and hurt me!

I sit with her and comfort her.

Me: Oh man. Sam I'm so sorry.

Varie: These injuries are bad.

Varie starts healing her up.

Me: I'll go get Luna and Lincoln.

Lynn Sr.: Okay.

I rush upstairs and went into Luna's room.

Luna: (Groggy) Huh? J.D.?

Me: Sorry to wake you Luna but your girlfriend Sam is hurt and is in trouble.

Luna: What!? Where is she?

Me: She's in the living room and Varie is healing her now.

Luna: Thank you J.D.

Luna rushed down to the living room and I went to go get Lincoln.

I opened Lincoln's door and Lincoln woke up.

Me: Lincoln. Sorry to wake you but Luna's girlfriend Sam is here and she's hurt. Bad.

Lincoln: What!? What happened to her?

Me: I don't know. But she's in the living room.

Lincoln: Okay. Lilly come on we have to help my sister's girlfriend.

Lilly: Okay.

Linka: Let me help her too.

Me: Okay.

We ran down to the Living Room and Luna was comforting Sam and we sit by them.

Me: Sam how about you start at the beginning and tell us what happened?

Sam: (Sniffles) Okay. I'll try. It was shortly after I got home from a concert with my friends.

Flashback.

Sam: **(Narrating) I got home 5 hours ago and my parents were not very happy to see me. My parents have always hated me ever since five years ago. My mom became a drug user and my dad became a raging alcoholic. They hate me and think of me as nothing more than a monster.**

Mr. Sharp: Where we're you monster!?

Sam: I was at a concert you fiend!

SLAP!

Mr. Sharp slapped Sam in the face.

Mr. Sharp: You are not allowed to leave this house! You are mine for my own pleasures!

Sam: I was never your daughter you heartless monster!

Sam: **I Ran up to my room. At 11:30 they got into a nasty heated argument and I went down to see and then they came after me and did some horrible things to me.**

WARNING: THIS PART IS GRUESOME.

Sam: **They held me down and punched me in certain places and cut me in the face with a knife and stabbed me in the arm, and worse, (Crying) they raped me!**

Flashback ends.

Me, Varie, Luna, Lincoln, Lilly, Linka, Lynn Sr. and Rita were horrified.

Sam: (Crying Hard) So I ran away to find you guys!

Me: Those monsters!

Lincoln: Sam I'm so sorry they hurt you like that.

Lilly: Me too Sam.

Rita: Sam you did the right thing to come to us and we'll take care of you.

Sam: You will Mrs. Loud?

Rita: Sure Sam. You are my daughter's girlfriend and you deserve much better treatment than at your home.

Me: I agree. We'll make those monsters pay for this.

Luna: Yeah dudes!

Lynn Sr.: As much as I agree with you all on this but it's the early morning and we'll worry about it later. So lets all go back to sleep.

Luna: Yeah. You're right pop star. Sam you can sleep in my room and I'll make sure that you're okay.

Sam and Luna went up to Luna's room and Sam was crying hard. The other siblings heard it and they were worried.

Lori: Sam? What happened to her Luna?

Luna: She had a horrific night Lori. She'll tell you all later.

Leni: Oh man.

Luan: Poor Sam. What happened to her?

Me: She got viciously assaulted by her monster parents and she ran away to our house.

Laney: Oh man! That's horrible.

Lola: Why would her parents treat her like that?

Varie: Drugs and alcohol abuse. They savagely beat her and raped her.

They all gasped.

Me: Yeah. We'll worry about this later. Lets get some more sleep.

Carol: Good idea J.D.

They all went to sleep and the next morning at breakfast we sat at the table and comforted Sam.

Shannon: It's all right Sam. We'll make sure that those monsters that are your parents pay dearly for this.

Sam: I appreciate it guys. Thank you.

Kate: I'm so sorry this happened to you Sam.

Sam: Thanks Kate.

Kate: What happened to you should've never happened at all. Just like what I have gone through in Antarctica.

Sam: I know but it happened.

Lana: Sam you have our sympathies as girls for everything that happened to you.

Sam: Thanks Lana.

Lisa: Affirmative. Your parents don't deserve to even call themselves human.

Laney: Yeah. I would rank them as Level 17 on the Scale of Evil.

Sam: What's the Scale of Evil?

Laney: It's a tool used in forensic psychology that's used to determine the mind of a Psychopathic Killer. It's ranked from 1 to 22.

Me: Yes. It was created by Forensic Psychologist Dr. Michael Stone of Columbia University. There are 22 levels on it. 1 is the lowest. This is for people that have killed in Self-Defense. Level 22 is the worst. This is for people that have become homicidal and commited torturous acts of evil done to multiple people. They are called Psychopathic Torture Murderers. These are the people that are serial killers and on death row.

Sam: I never even knew such a tool even existed.

Lynn: Me neither.

Leni: This is interesting.

Carol: I agree.

Me: There's also a level 23 but that's only reserved for the fictitious universe. Like in the monsters of Science-Fiction and horror and all that.

Dawn: So how are we gonna get Sam's evil parents?

Aylene: Well before we do that we have to figure out more about them and see if they have any hidden dirt on them.

Lucy: She's right. We have to figure out if they have any criminal history or worse.

Lisa: Affirmative my fellow siblings and friends.

Lori: Guys! I found something. Here.

Lori hands me a background check and rap sheet and the results were horrifying.

Me: Whoa! Sam your parents are worse than what we first thought and they've been harboring some incredibly dark secrets while posing as law abiding citizens.

Sam: What do you mean?

Me: It says here that they have an extremely long history of violence and are on the FBI's Most Wanted List. They were thrown into prison on multiple counts of assault & battery, arson, theft, rape and burglary. They were sentenced to 392 years and 6 months for these crimes. 16 years ago they met while incarcerated in prison on assault & battery and rape charges. They escaped from prison and went into hiding. Their real names were changed to avoid having them be identified and they had plastic surgery on their faces to change their appearences. Sam what are your parents names?

Sam: Tony and Amanda Sharp.

Me: Well it says here that their real names are Michael and Michelle Malloy. They are also the most dangerous serial killer couple in the country. They were awaiting trial for the murders of 15 people in 10 states. They killed 15 people in Arizona, Alabama, Arkansas, Colorado, California, Florida, Texas, Louisiana, Georgia and North Carolina. These are all states that have the Death Penalty. The killings spanned from 1991 to 2000. An anonymous tip in Iowa is what brought them in.

Everyone gasped.

Sam: So I'm the daughter of an escaped inmate family that killed lots of people?

Varie: That's horrible.

Lori: Sam you are literally not like your parents and you are not a murderer.

Sam: Thanks Lori. That means a lot to me.

Rita: We have to stop them at all costs.

Luna: How did they escape from prison?

Me: It says here that they busted out by ensuing a prison riot at the Perryville State Prison in Arizona and while all the guards were distracted they cut a hole in the prison recreation yard fences and ran.

Lily: That is clever.

Lincoln: It sure is. I can't believe that they are that dangerous and capable of such violence.

Lilly: Yeah.

Laney: They are worse than Level 17. I would rank them as Level 22 on the Scale of Evil for Psychopathic Torture Murderers.

Me: Me too Laney. These people are monsters. They have absolutely no regard for human life and deserve to be sent to the darkest pits of the Netherworld for all eternity. Now we know who we are dealing with. We have evil monsters that broke out of prison in our midst.

Sam: Yeah. And those monsters are my former parents. I'm gonna sever my ties to them and send them back to prison and if it's possible I would like to execute them myself when they get the needle.

Me: You'll get your wish Sam. And remember? You were given powers.

Sam: (Gasp) I completely forgot about that. Now it's personal.

* * *

Later we went to Sam's parents house and it was a total dump.

Me: You lived here Sam? This is a total dump.

Sam: Yeah.

Me: These living conditions are absolutely appalling.

I pull out my cell phone and call the police and the FBI.

5 minutes later.

Me: The Police and FBI are on their way.

Sirens were heard and multiple cars arrived 2 minutes later.

Me: Wow. That was fast.

They got out and prepared.

Agent Waco: J.D. Knudson.

Me: Agent Waco. Good to see you again.

Agent Waco: So you found Michael and Michelle Malloy?

Me: That's what we believe.

Sam: They are my parents and they did all kinds of horrible things to me.

Me: Yeah.

Agent Waco: I see.

Sam: Let me face them and make sure that you guys get them.

Me: Okay Sam. Go get them.

Sam spread her wings of fire and stood outside the house.

Sam: Mom! Dad! Come out here and fight!

Michael and Michelle came out and they saw the police standing behind her and her wings were spread.

Michelle: Sam! What are you doing out here?

Sam: I am not your daughter anymore Michelle Malloy! I know everything about your dark secrets and your habits. You made my life a living nightmare when I turned 10 and now I will see that justice is served.

Agent Waco: Michael and Michelle Malloy you're both under arrest!

Michael: You called the cops on us?

Sam: We did you monster pig!

Michael: You will not talk to me like that! I am your father!

Sam: My father died when you tried to kill me all those times and killed all those people in 10 states. The way I see it, you two are not my parents but a couple of psychopathic homicidal maniacs with absolutely no regard for human life and don't care about anyone but themselves.

Me: Yeah! You guys are evil in its purest form and you both don't deserve to be on this earth anymore and only deserve eternal damnation in the darkness of the Netherworld.

Sam: So before you go to prison, it's payback time.

Sam dashed and punched Michael in the stomach and kicked Michelle in the face and knocked them out.

The cops slapped the cuffs on them and they were arrested. The cops drove away with them.

Me: That takes care of those monsters.

Varie: Yep.

Lynn: Good riddance to bad rubbish.

Penny: Lets hope they don't do get out of prison this time.

Me: With 2017s current prison architecture and anti-escape abilities that's not gonna happen this time.

We went into the house and saw that the living conditions were horrible. The master bedroom was completely covered in drug paraphernalia. Heroin syringes, millions of dollars in cash stolen from banks all over Detroit and Michigan, hundreds of kilos in Ecstacy, Cocaine and Meth, Marijuana Plants and more. There was blood spatter all over the walls and on the floor. Everything.

Me: Geez! Look at all this stuff.

Agent Waco: No kidding. There's drug paraphernalia everywhere.

I counted all the money that was stolen.

Me: There's $60,000,000.00 in stolen cash here.

Agent Waco: It's from all those banks that were robbed.

Lisa: I've counted up 5,212.42334 kilograms of 3,4-Methylenedioxymethamphetamine; street name: Ecstacy.

Me: That's a lot of Ecstacy.

Lisa: There's also 2,140.534 kilograms of Heroin, 2,134.812 kilograms of Cocaine, and 450 pounds of Cannabis Indica.

Varie: Boy, they had every illegal drug all across the board.

Me: No kidding.

Lola: Guys I found something in the basement.

We went downstairs and saw a laboratory.

Me: It's a laboratory.

Varie: Probably used for making Methamphetamine.

We found all the ingredients used to make Meth.

Me: This is a meth lab.

Sam: I had no idea that my former parents were doing all this.

Lucy: This is all not good indeed.

Shannon: No kidding Lucy.

Lana: Hey guys! I found something in the garage and you're not gonna like it.

We go into the garage and saw a terrifying sight. It was another lab and it had different chemicals and more.

My geiger counter was clicking.

Me: Radiation?

We found a manual on how to make a bomb. There was uranium, plutonium, all kinds of explosive materials and all kinds of Nazi Paraphernalia.

Me: This is all Nazi paraphernalia. These guys were Anti-God.

Varie: Anybody that follows THAT man is a desciple of the Devil himself.

Laney: No kidding.

Lana: What is all this stuff?

Me: This is all stuff used to make a dirty bomb. Michael and Michelle were out to do a terroristic plot against the country. They were probably going to either assassinate the president and kill thousands of innocent people or maybe kill all the people that are LGBT.

Laney: That could be the case. This is complete and total hate and racism to the power of ten.

Varie: No kidding. What a couple of monsters.

Sam: My former parents hatred towards me and Luna being together has reached a whole new height of evil.

Aylene: This is absolutely horrible.

Me: Agent Waco, were all the victims Michael and Michelle killed LGBT or anything else?

Agent Waco: Yes. We believe that all their crimes were all bias-motivated.

Me: Their crimes were all done out of hate. I'm an advocate and huge supporter of same sex rights and these people are soiling their nature and good name.

Sam: This is madness.

Varie: No kidding. They give all humans everywhere a really bad name.

Lori: These people are literally the ultimate definition of evil.

Carol: I agree.

After the investigation was finished, Michael and Michelle went to trial and were found guilty of Capital Murder, Attempted Terrorism, Armed Robbery, Drug Production and Possession, Child Abuse, Rape, and Hate Crimes. They were sentenced to death. They were executed by Sam the next day by Lethal Injection and she burned their dead bodies by firing a blast of fire at them and incinerating them. We threw their Evil ashes into the Sun. Sam cried hard and Luna comforted her. Sam was given a permanent home in the Knudson-Loud-Anderson estate. Sam was now finally free of her evil former parents and her nightmare was finally over.

THE END.

Another Fanfiction Complete.

This was a really dark chapter. I got the idea for this from Immortal Starscreams fanfiction for the Loud House "It's Sam's Life". I'm sorry if this chapter scares you all to a certain degree. But I wanted Sam to become a permanent member of the Loud Family. I call this chapter for Sam poetic justice because Sam got justice on her evil monster parents. Sam's life in this chapter was horrible. But this chapter will probably show everyone that crime doesn't pay and never will. Also hate will only give you nothing but death and eternal damnation in the end. Let me know what you all think and again I'm sorry for scaring you all with this chapter.

See you all next time.

# No More Evil Babysitters

In the Living Room me, Varie, Vince, Aylene, Woody, Riley, Yuko, Star, Marco, Dawn, Jessie B., Naruto and the girls, Lilly, Eddy, Kate, Starfire, Raven, Terra, Volcana, my children, Janeen, and the Loud Kids were watching TV and reading books when a new report came on.

News Announcer: We interrupt our regularly scheduled program to bring you this special report.

News Reporter: Last night notorious evil babysitter Icky Vicky has escaped from Dimmsdale Maximum Security Prison. She was found guilty of murdering 20 people, attempted murder and assault and battery and was sentenced to 20 life sentences without parole plus 923 years for her crimes. She is an evil babysitter to the core and has been known to abuse and kill small children under the age of ten. She ruled over her family with fear and wants to rule over the world with an iron fist. We believe that she is heading north towards the Canadian Border. She is considered to be extremely dangerous. A reward of $200,000,000,000.00 has been offered for her capture.

Me: Oh man! I've heard about Icky Vicky. She is a sour sweet sixteen from the darkest pits of the Netherworld in its entirety.

Lincoln: She's a monster!

Linka: Why is she that evil?

Varie: She was born completely evil and she hates all kids and wants nothing more than to see the world burn.

Shannon: I know evil like the back of my hand and she is worse than the Black Daffodil Gang in its entirety.

Naruto: She's like an evil Sasuke to the power of 100.

Sakura: Yeah. She makes even the Devil himself look like a saint compared to her.

Fu: We have to stop her and send her back to prison.

Lucy: And that's what we're gonna do.

Me: Lets go get her.

And we were off. We arrived in Dimmsdale. California.

Me: Dimmsdale, California. This city is full of silly people.

Varie: It sure is.

Aylene: Looks like a nice place.

Jessie B: It sure does.

Brittney: This is a cool town.

Jared: It sure is.

Haiku: Why would Vicky escape from prison in the first place?

Me: My guess is she wants to get revenge against a certain kid for putting her in prison forever. That kid is Timmy Turner. He has Fairy Godparents named Cosmo and Wanda and their new son Poof.

Naruto: Oh wow.

Sakura: I heard about this a while back. After Vicky was thrown into prison, a special alliance was formed between Fairy World and Earth and now Fairy Godparents and Humans are living together. The secret is now out and the worlds have both been joined together.

Aylene: That's amazing.

Riley: Yeah.

Sakura: Also after Vicky was thrown in prison they put an eternal ban on her. Look at the welcome sign. [Points to the sign]

We saw under the "Welcome to Dimmsdale" a sign that was a no sign over Vicky's face and it said "No Icky Vicky's Allowed" along with "Not Welcome", "Go Away Vicky", "Get Outta Here Vicky" and "DIE VICKY".

Me: Whoa! The people of Dimmsdale absolutely despise Vicky with a terrible vengeance.

Naruto: They banished her from town essentially.

Lincoln: Lets find Timmy and warn him about Vicky.

Me: Okay.

We were in town and it was a busy metropolis.

Me: Wow. What an awesome town.

Aylene: I can't believe that Vicky would torment the children of such an amazing city.

Leni: Totes. These shops are amazing.

Lori: They are literally fun.

Luna: So where does Timmy live dudes?

Me: It's right around here.

We walk up a street and found the Turner House.

Me: There it is.

Naruto: Nice pad.

Fu: It sure is.

Yuko: It's almost as big as the Loud House before it was expanded.

Lynn: It sure is.

Luan: This is one House of A Different Color. (Rimshot) (Laughs) Get it?

Me, Varie, Vince, Aylene, Jessie, B., Naruto and the Girls, Yuko, Eddy, Janeen, Woody, Riley, Lincoln, Linka, Lilly, Terra, and my kids laughed while everyone else sighed.

Me: (Laughs) Good one Luan.

Varie: That was a good one.

Me: Lets go.

We walk up and I knock on the door.

The door opened and Mr. Turner stood in the doorway.

Mr. Turner: Yes?

Me: Hello. Are you Timmy Turners dad?

Mr. Turner: Yes I am.

Me: Pleasure to meet you.

We introduce ourselves.

Mr. Turner: It's a pleasure to meet you all.

Me: We would like to talk to you about a certain evil babysitter.

Mr. Turner: What happened?

Me: I'm afraid we have bad news. Vicky escaped from prison and we think she's coming to get revenge on Timmy.

Mrs. Turner came.

Mrs. Turner: That evil witch escaped!?

Varie: We're gonna protect Timmy and make sure she pays for her crimes.

Mr. Turner: Ooh. Thank you. But how are you gonna do it?

Me: I have an idea. May we come in?

Mrs. Turner: Sure.

We go in and we met Timmy Turner and his Fairy Godparents Cosmo, Wanda and Poof along with his friend Chloe Carmichael and his girlfriend Tootie.

Chloe: It's an awesome honor to meet all of you.

Me: Thank you Chloe.

Timmy: So Icky Vicky escaped from prison and is out to get revenge?

Me: I'm afraid so Timmy.

Tootie: My sister just doesn't know when to stop.

Wanda: It's hard to imagine the horror that Vicky is capable of. She is evil in its purest form to the power of 100.

Me: That's just what I was thinking Wanda.

Poof: Poof, Poof.

Yuko: Evil will never rest.

Woody: We have to stop Vicky at all costs.

Vince: Vicky is a huge danger and a catastrophic threat to all the children around the world.

Carol: Yeah.

Me: All right. Here's what we do.

My plan was to have Mr. and Mrs. Turner call Vicky for a Babysitting Job like always and we ambush her.

At 3:00 PM Timmy's parents left and Vicky came in.

Vicky: Hello? Twerp?

Timmy: Hello Vicky.

Timmy had a look of justice on his face.

Vicky: Now I'm gonna destroy you and get my revenge for sending me to prison.

Me: (Offscreen) I don't think so!

We dogpile on Vicky and she was struggling.

Vicky: Get off of me!

Me: Icky Vicky you are under arrest again.

Vicky: I'm not going back to prison without a fight!

Lori: You'll get one. I'm literally gonna turn you into a human Pretzel and pulverize you into oblivion you wretched monster!

Me: Go get her Lori!

Lana: Yeah! Tear her apart Lori!

Lola: Show no mercy on that witch!

Laney: Yeah!

Luan: Show her a good punchline! (Laughs) Get it? But seriously rip her apart and massacre her!

I pull out my laptop and call Bobby on a video call and he answered.

Bobby: Hola?

Me: Bobby compadre.

Bobby: Hola J.D. What's up amigo?

Me: We're over in Dimmsdale and Lori is about to fight the evil babysitter Icky Vicky.

Bobby: That evil babysitter teenage menace that escaped from prison?

Me: That's her. Lets watch.

I turn the screen and we saw Lori fight Vicky and she was destroying Vicky. Lori punched Vicky in the face.

POW!

Timmy bit Vicky in the butt.

CRUNCH!

Vicky: YEOWCH!

Lori slapped Vicky in the face.

SLAP!

Luan joined in and slapped Vicky in the face, bonked her head, poked her eyes, and punched her in the face.

SLAP! BONK! POKE! POW!

Lori bit Vicky in the nose.

CRUNCH!

Chloe headbutt Vicky in her face.

CRACK!

Tootie grabbed a piece of wood and slammed it onto Vicky's head and it broke.

SMASH!

Vicky: OW! You guys will pay for that!

Luna: I think it's time to call in the special forces bro.

Lincoln: I agree Luna.

Luna and Lincoln put on their R rings.

Luna & Lincoln: IT'S RIPPING TIME!

A portal appeared and the Ripping Friends came out.

Crag: Hey Luna, Lincoln. What's up?

Luna: We have an evil babysitter that escaped from prison earlier and we're pulverizing her before arresting her.

Rip: We would be happy to help out.

Crag: Right. Come on guys.

Crag, Rip, Slab, Chunk, Luna and Lincoln: IT'S RIPPING TIME!

They all pulverized Vicky.

POW! CRACK! CRUNCH! CHOMP! BIFF! KATOW! BLAM! WHAM! THWACK! ZONK! SMASH! CRASH!

Janeen: What a fight!

Bobby: Yeah!

When the fight was over Vicky was on the floor hogtied and she had lots of bad bruises and bite marks. Stars, birds and more were spiraling around Vicky's head and all of her teeth were knocked out and her leg bones were sticking out of her legs.

Luan: Success!

Lori: Yeah!

Lincoln: Way to go guys!

Bobby: That was awesome guys!

Lori: Thanks Bobby Boo-Boo-Bear.

Bobby: You were awesome babe.

Lori giggled.

Me: I called Bobby because I wanted him to see you in action Lori.

Lori: That was sweet of you J.D.

Timmy: You guys are amazing.

Chloe: No kidding. This fight was amazing.

Tootie: It sure was.

Lincoln: Thanks for your help guys.

Crag: No problem Lincoln.

Chunk: We're always ready to help you and Luna bro.

Luna: Thanks dude.

The Ripping Friends went back to their dimension and the police arrived and rearrested Vicky. The $200 Billion reward was given to Timmy, Tootie and Chloe and I offered to have Timmy and his family, Chloe and his family and Tootie live in Royal Woods and they accepted. Vicky was transfered to the Moon Supermaximum Security Prison and placed in the Triple Max section in the Core of the Moon. She was placed under 24/7 watch. I hope she likes prison because that's where she's gonna be for a very long time and with a curse. She was given a fate worse than death: Eternal Life Without Eternal Youth. She now looks like a 100-year-old lady and she had an additional 420 life sentences plus 20,763,223 years added to her sentence for a grand total of 440 Life Sentences plus 20,764,146 years in prison. She was also ordered to pay Timmy, Chloe and Tootie $800 Billion in restitutions. One thing is for sure, People like Vicky deserve to be forever damned.

Vicky's name was now mud and she will never get out of prison. Timmy, Chloe and Tootie live in a luxurious multi-million dollar mansion on our block. Cosmo, Wanda and Poof live their mansion too.

THE END.

Another Fanfiction Complete.

I wanted to do a Fairly Oddparents themed chapter for a while now. Vicky was voiced by Grey Griffin before the Loud House. She did many characters on different shows. She's known as the Woman of 1000 Voices. I love her voice work. I hate Vicky on The Fairly Odd Parents. She gives babysitters and humans everywhere a bad name. Now Vicky will have all the time in the Universe to think about all the crimes she has done. I hate Vicky, Francis and even Mr. Crocker. I also don't like the Pixies in Fairly Odd Parents. They were voiced by Ben Stein and it's amazing how he doesn't show any emotion at all. He did a fantastic job. So did Adam West when he played Catman. I did this chapter to also pay tribute to the Great Adam West. He was awesome when he played as the original Batman. GREAT SCOTT! HA! Sorry I couldn't resist. I got the idea for the Alliance between Fairys and Humans from the fanfiction "Unforgivable" where Timmy gets revenge on Vicky for killing his friends and Tootie. That was a tragic story. But Vicky got what she deserved in the end. Butch Hartman is leaving Nickelodeon and we don't know what he has in store for Fairly Oddparents. We'll miss you Butch. Thank you for giving us great cartoons. Let me know what you all think.

RIP Adam West, September 19, 1928 to June 9, 2017.

Long live the great Batman. Great Scott!

See you all next time.

Fairly Oddparents belong to Butch Hartman and Nickelodeon.

# The Sky Fell

In Dallas, Texas everyone was having a quiet night when suddenly without warning small meteors rained down on the city and destroyed much of the city.

The people were running for their lives as the city was being destroyed. Then the biggest meteor fell and it hit and destroyed much of Dallas with devastating power.

KRAAAABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMM!

The entire city was completely destroyed and all the houses in the blast radius were completely leveled.

In Royal Woods, Michigan at the Knudson-Loud-Anderson estate Me, Varie, Vince, Aylene, Naruto and the Girls, Jessie B., Yuko, Kate, Janeen, My children, Sam, Jeri, Joan, the Loud Rabbits, Riley, Matilda, Timmy, Chloe, Tootie, Starfire, Raven, Terra, Argent, Volcana, the Loud Siblings, Lilly, Ed, Edd and Eddy were relaxing in the living room when we suddenly felt a powerful earthquake.

Me: Whoa! Hang on everyone!

It went away 10 seconds later.

Me: That was intense. Is everyone okay?

Lori: Yeah. We're okay.

Varie: That's good.

We watched TV and saw a very big news report.

Reporter: The Asteroid has hit. We repeat it has hit. Satellites indicated the fragment landed in the vicinity of - Dallas, Texas.

We gasp in sheer horror.

Me: An Asteroid crashed into Dallas!?

Varie: That's horrible!

Luan: How did that happen?

Lisa: The space scanners saw that the Eros asteroid had been diverted and sent on a collision course towards Earth.

Nicole: How did that happen?

Lisa: It was because of the Comet Hale-Bopp.

Nicole: So that's it.

Terra: We have to go to Dallas and help all those people.

Me: Right.

Warren: Can we come too?

Me: No guys it's too dangerous. We can't let any one of you guys get hurt.

Betty: You're right J.D. Thank you for caring about our safety.

Me: You're welcome Betty. Lets go guys!

We all flew out to Dallas and we arrived in 2 hours. We saw the city completely in flames and smoke. Damages were estimated to be in the tens of trillions of dollars.

Me: Whoa!

Luna: This is horrible dudes.

Lincoln: This whole city has been completely destroyed.

Carol: Unbelievable.

Linka: That asteroid destroyed this whole city.

Lilly: This is horrible.

Me: All right everyone. Lets split up to cover more ground and find any survivors and help any people in the rubble. Lets go.

We all split up and searched through the entire metropolitan area from top to bottom and found numerous people, dead bodies, and more. Thousands of people were dead and hundreds of thousands more were homeless and severely injured. Everything was on fire and explosions blew up all over the city. A raging oil field fire was burning outside of Dallas and Lola went out to stop that by absorbing all the fire. Firefighters, paramedics, doctors and rescue units from all over the country responded to this horrific scene. FEMA and the Red Cross were there and the National Guard was called in. We all searched tirelessly all over the ruined city and got all the people that were hurt, wounded or dead out.

Me, Varie, Nicole and Lisa were searching on the north side of the city and we saw a man from the military and a woman looking at something and we walk up to them.

Me: Excuse me.

They saw us.

Me: We responded to the asteroid impact and we're helping out as much as we can.

?: Oh good. My dad is down there.

Me: I know you. You're Dr. Lilly McCee the director of the Boulder, Colorado National Observatory.

Dr. McCee: Yes. It's a pleasure to meet you.

Me: Same here. Sorry I'm J.D. Knudson.

Dr. McCee: The famous multi-billionaire hero.

Me: Yeah. What happened?

Dr. McCee: My dad fell down there and he's pinned under that beam.

Me: What's his name?

Dr. McGee: Charles Napiar.

Me: We'll get him out.

Me and Varie flew down and Lift the concrete beam off of him and carry him up. I set him on the ground and Lisa looked him over.

Lisa: It appears that both of his legs have suffered a severe compound fracture and he needs to have them both reset. His right wrist suffered a hairline fracture.

Nicole: Whoa. It's a miracle that he's gonna be all right.

Me: Yeah.

Varie: Dr. McCee. It's a pleasure to meet you. I'm Varie Knudson, J.D.'s Fiance.

Lisa: I'm Lisa Loud. Scientist.

Nicole: And I'm Nicole Knudson. One of J.D.'s daughters.

Dr. McCee: It's a pleasure to meet you all. I'm out here looking for my son Elliot. He and dad were here in Dallas when the pieces of Eros hit.

Me: That's horrible. We're helping as many people as possible all over the Dallas area and doing as much as we can to help everyone here.

Dr. McCee: You all arrived just in time. I need to find Elliot.

Varie: Okay. Where was he staying at when the asteroid hit?

Dr. McCee: He and dad were staying at Highland Park. 25 miles from here.

Me: That's a long ways from here. If your dad was here then Elliot can't be far away. You better come with us so we can help you.

Dr. McCee: Okay.

We walked and found a huge hill and climbed up it. When we got to the top we saw that it was the impact crater from the Asteroid. It was 1 mile wide and everything around it was on fire and explosions were blowing apart the buildings around it and inside it.

We gasped in sheer horror.

Dr. McCee: 15 Billion miles and it landed here.

Me: This is unbelievable.

Varie: I can't believe that it packed this much destructive power when it hit.

Nicole: The Eros asteroid hit with the force of 200 atomic bombs and destroyed everything in a 200 mile radius.

Lisa: This is a catastrophe.

I pull out my radio.

Me: Lisa what is our position?

Lisa: 32.785060 by -96.800931.

Me: Everyone regroup by my position on this tramsmission.

Lincoln: We're on our way J.D.

Everyone arrived in 2 minutes.

Lincoln: Whoa! This must be the impact crater.

Eddy: This is unbelievable.

Edd: It is.

Ed: How did that asteroid cause all this damage?

Me: It's just that powerful Ed. Terra can you lift up the Asteroid with your powers?

Terra: I can try.

Terra's eyes glowed yellow and her hands glowed and the ground started shaking violently.

Varie: I see something on that collapsed building.

Dr. McCee: Elliot!?

Elliot: Mom!

Dr. McCee: Hang on we're coming down!

Me: Lily go get him!

Lily: Right!

Lily spread her glowing blue water wings and flew down grabbed him and carried him back to Dr. McCee.

Elliot: Mom!

Dr. McCee: Oh honey!

Terra: Here it comes.

Out of the crater came a huge mound and all the dirt came off it and revealed a huge rock.

Lynn: Look at the size of that rock!

Anna: That thing is huge!

The asteroid was as big as a 5 story apartment complex. Terra set it on the ground behind the crater and me and Varie used our water powers to cool it down.

Me: That should cool it down.

I tap it and it was made of a hard metal.

Me: It's made of solid iron.

Dr. McCee: The infrared said it was made of solid nickel.

Nicole: That's amazing.

Jared: This thing is huge.

Me: No kidding son.

Lola: How heavy is this big rock?

Lincoln: I don't think we can lift this thing up. It must weigh tens of thousands of tons.

Me: Lisa do you have a special scale for this?

Lisa: Affirmative J.D.

Lisa pulled out a rolled matt and I lift up the asteroid and Lisa unrolled it.

Lisa: This is my electronic scale sheet. Just place the asteroid on it and it will show the weight.

Me: Okay.

I gently place it on the pad and the weight was astonishing.

Lisa: (Gasp) Sweet mother of all science! It weighs 120,342 tons!

Me: Whoa!

Lynn: That's incredible!

Nicole: That's an amazing amount of weight!

Me: That's over 240 million pounds.

Nicole: That's unbelievable. When it entered the Earth's atmosphere it came in at over 35,000 miles per hour.

Me: So it was a light impact. But it was enough to destroy much of Dallas and kill thousands of people.

Lana: This is unbelievable.

Laney: No kidding.

Riley: It's absolutely amazing that an asteroid impact can pack that much destructive power.

Naruto: No kidding. But I'm glad we responded to this catastrophe.

Sakura: I found a bunch of smaller pieces in the destroyed buildings and in the roads and figured that they were from the same asteroid.

Sakura pulled out a scroll and unsealed a bunch of smaller asteroids that were the size of hands, cars and beach balls.

Me: These are amazing. Some of these must weigh hundreds of pounds.

I picked one up and it weighed over 200 pounds.

Me: This is heavy.

Lisa pulled out a scale. I put it on and it weighed 249 pounds.

Me: 249 pounds!? That is heavy.

Varie: It sure is.

Lori: This is literally amazing. I can't believe that asteroids weigh this much and can pack so much destructive power when they hit.

Luna: No kidding dudes.

Sam: It's all incredible.

Janeen: It's all absolutely amazing. Great job Sakura.

Sakura: Thanks Janeen.

Luan: This is all an ASTEROID of Wonder! (Laughs) Get it? But seriously this is all an incredible thing.

Me, Varie, My Children, Vince, Aylene, Ed, Edd & Eddy, Naruto and the girls laughed.

Me: Good one Luan. You're right though. I also saw on the internet that asteroids sell for thousands of dollars online.

Lori: That's alot of money!

Lola: No kidding.

Penny: What do you think an asteroid like this would be worth?

Me: By our standards it would be priceless.

Lisa: Affirmative J.D.

Starfire: An asteroid of this kind belongs in a museum.

Raven: Starfire is right. We should give this to a museum so we can further study it and prepare all of mankind in case an event happens like this again.

Me: I agree.

Lucy: I agree too.

Shannon: Same here.

Brittney: But this asteroid is so big. We would have to build an exhibit as big as a football stadium for it.

Allie: I agree sis.

Dr. McCee: This asteroid would help further benefit all of humanity to be further prepared and help us get ready.

Me: Yeah. Lets call a press conference in Washington D.C. and tell everyone what we found out and did after we help everyone here.

Lori: Okay.

We helped everyone around Dallas and healed all the wounded. We assessed the damaged around all of Dallas to be worth $582,399,742,812,345.00, 25,214 people were dead and 2.3 million people were rendered homeless, wounded and severely injured. Me, Varie and my friends responded and helped out with this horrible disaster. It was a terrible event. This was worse than any hurricane, volcanic eruption, tornado, flood, Terrorist attack or natural disaster to ever befall any place on the planet.

In Washington D.C. we held a press conference on the steps of Capital Hill.

Me: Good Morning everyone. Less than 5 days ago fragments of the Eros asteroid rained down on parts of the world. But the area that was affected the most was Dallas, Texas. A huge fragment of said asteroid as big as a 5 story apartment complex slammed into the north side of Dallas.

The camera zoomed out and revealed the huge fragment. The entire country was amazed and horrified at the same time.

Me: This very fragment slammed into Dallas with the force of 200 atomic bombs and destroyed everything within the city perimeter. We all dug it out of the crater in Dallas and it is made of solid iron and nickel. It weighs over 240 million pounds. All the houses, businesses and small buildings in Dallas were leveled and $582 trillion+ in damages were dealt, 25,000+ people were killed, and 2.3 million people homeless, wounded and severely injured. 85% of the city of Dallas was completely leveled and destroyed. Most of it was all homes and businesses. But thanks to our rescue efforts we managed to minimize the huge death toll that would've followed had we not arrived. Numerous people from the firefighters, paramedics, doctors, FEMA, The Red Cross and the National Guard arrived and assisted us in this event. This whole catastrophe showed that we are strong even in the face of danger and we are brave in the face of adversity and we must remain vigilant. We need to be more prepared in case another catastrophic event like this ever happens again. We have to learn from what happened almost 120 hours ago. We have to be ready for anything like this should it ever come again.

Back in Royal Woods we were at the dinner table eating a huge feast.

Me: Guys you were amazing out there. I'm very proud of all of you.

Vince: Thanks partner.

Aylene: We had to do what was needed for the people of Dallas.

Lincoln: This whole event really taught us that we are all strong when in the face of danger.

Lori: It literally did Lincoln.

Leni: Totes. We managed to save lots of lives.

Jessie K.: We sure did.

Natilee: And we helped lots of people that were forever scarred by this horrific event.

Lilly: We're happy to help out.

There was a knock at the door and I answered it. It was the United States General of The Joint Chiefs of Staff.

Me: The General of The Joint Chiefs of Staff. What can we do for you?

General: The President of The United States has called you all down to the White House for a special ceremony.

Me: We'll be right down sir.

In Washington D.C. at the White House we were dressed in nice clothes and the President of The United States awarded us with the nations highest honor for Civilians and Military: The Presidential Medal of Freedom.

My mom and dad and family, Mr. Lynn, Ms. Rita, Albert, Aunt Ruth and our friends from school were proud of us and weeping tears of joy.

We went back to Royal Woods after having dinner with the President and the First Lady. Lincoln told the President and the first Lady about his birth and he was glad that he knew.

THE END.

Another Fanfiction Complete.

I wanted to do this one for a while. I saw the movie Asteroid as a 2-Part TV movie back in 1997 and it was intense. Annabella Sciorra did a fantastic job in that movie. She also did a fantastic job in the Box Office bomb What Dreams May Come with Robin Williams and Cuba Gooding Jr. Can you imagine an asteroid slamming into Dallas? That would be an awful event. But I wanted to do a chapter where we help out lots of people after a terrible event like that. Let me know what you all think.

See you Next Time.

Asteroid is owned by NBC Studios.

# Planets VS Evil P1

Shanan Abigail Knudson, The Sailor Soldiers, Fu, Lincoln, Lilly, Laney, Lana, Lola and Penny were in the Simulator for an exercise. It was gonna be a long one. It's going to follow the adventures of the Sailors at the start. It's going to start with Sailor Moon's first fight.

The Simulator Activated and they found themselves in Tokyo, Japan.

Shanan: Tokyo, Japan.

Sailor Moon: Yep. This is where I lived.

Sailor Mars: I can't believe that Molly's mom was actually a minion of Beryl in disguise.

Shanan: Yeah.

Lincoln: And it looks like we are at the Jewelry Store owned by your mom Sailor Earth.

Sailor Earth: That's the one.

Laney: And it's under attack like when we first came here.

Fu: I remember that.

Shanan: Lets go.

They entered the shop and they saw Morga with Molly in a stranglehold.

Shanan: Morga.

Morga saw them and let Molly go.

Morga: **Who are all of you?**

Shanan: Your worst nightmare.

Fu: I can't believe how ugly you look in reality.

Shanan: Morga is a Rubberite from the planet Elasmita Prime. It's located 39,000 light-years away from Earth and they are extremely ruthless. They have the power to stretch their limbs a long distance.

Morga: **Impressive. I'm glad you know all about the planet I came from and what I am capable of.**

Shanan: I have an extensive knowledge of many planets in the Universe.

Lincoln: There's gonna be one less Rubberite in the Universe when we're through with you.

Shanan: Lets get her!

Shanan fired a green energy ball at her and it blew her legs off.

KABOOM!

She was oozing out green blood.

Sailor Mars: I got this. MARS FLAME SHOOTER!

Sailor Mars fired an arrow made of pure fire and it incinerated Morga and obliterated her.

Sailor Mercury: That takes care of her.

Laney: Yep.

Lana: She sure was ugly and she made all beauty pageant girls look hideous. No offense Lola.

Lola: None taken Lana.

Shanan: But that was just the start. We have alot of villains to destroy before we face Queen Beryl.

Sailor Saturn: Yeah. We won't let her get away with everything that she has done to the Moon Kingdom.

Sailor Uranus: We will avenge you Queen Serenity.

Sailor Neptune: And Queen Beryl will pay dearly for her crimes against the Universe.

Shanan: That's right.

The next day they were over at a strange fortune-teller club called the House of Fortune.

Shanan: I sense evil in there. Lets go.

They went in and they saw a fortune teller draining energy from a young girl.

Lincoln: Oh no you don't!

Lincoln fired a bolt of lightning at the fortune teller and electrocuted her. Which revealed her true form: Balm.

Shanan: Balm. A Hypnonian was doing all this.

Laney: What's a Hypnonian?

Shanan: Hypnonian's are a race of magic creatures that feed on the good emotions of other creatures and leave only the evil emotions behind. They use hypnosis to further feed their goals. They come from the destroyed planet of Hypina VII located 12,000 light-years away from Earth.

Balm: Yes. That's correct. I'm impressed you know all that.

Shanan: You would be amazed at what I know about all of the Galaxy and beyond.

Laney: You're through Balm.

Laney fired poison barbs covered in Strychnine Omega and they hit Balm and poisoned her. Killing her in seconds.

Sailor Jupiter: Nice shooting Laney. I'll finish the rest. JUPITER OAK EVOLUTION!

Sailor Jupiter fired leaves made of lightning at Balm and obliterated her instantly.

Shanan: Nice shot Sailor Jupiter.

The House of Fortune vanished.

Lola: So the House of Fortune was a front.

Penny: Yeah.

Fu: I'm glad that stopped and Beryl is not getting any energy today.

Sailor Earth: Yep.

Shanan: But we have to stay strong guys.

Later another Negaverse disturbance was felt at Tokyo Radio Tower and Team Universe was responding.

They arrived and went into the radio tower and saw a woman sucking in energy.

Fu fired a blast of lightning at her and electrocuted her.

Fu: Not this time you freak.

The monster was revealed. It was Flau.

Shanan: Flau. I had a feeling a Necmona was behind this.

Lincoln: What's a Necmona?

Shanan: They are from the dark planet Necmo VIII. It's located in the same system as Morga's planet Elasmita Prime. Necmona's have the power to shoot breath blasts of dark energy that explode on contact and they are very skilled warriors.

Flau: **That's right. Now you all die.**

Flau fired a blast of dark breath and it hit a wall and exploded in a fiery explosion.

KABOOM!

Shanan fired a blast of energy at her and obliterated her.

Shanan: That takes care of another bad alien.

Fu: Yep.

They went back to Sailor Moon's house and set up a clubhouse in a giant tree and made that their base of operations for the time being. The battle has just begun.

# Planets VS Evil P2

Tokyo was bustling with activity and more.

Shanan: Lets hope the Dark Kingdom doesn't attack soon. But we're ready for them.

Sailor Mercury: The Dark Kingdom is a very persistent force Shanan. I wouldn't count them out yet.

Lincoln: I agree.

Fu: We have to be ready for anything guys.

Laney: Yeah.

Shanan suddenly sensed something.

Shanan: I sense an evil presence.

Shanan concentrated and found it coming from a local gym.

Shanan: There's a disturbance at a local gym. Lets go.

They all went to the gym and saw a bunch of kids drained.

Shanan: These kids have been drained. This place is filled with evil.

Sailor Jupiter: We have to find the source of this and destroy it.

?: I don't think so Sailor Girls. Get them.

The exercise coaches were mindless slaves and they went at them.

Shanan: Lets get em!

They punched and kicked them and knocked them all out.

In a room in the basement they saw a series of strange pods that were unlike anything before.

Shanan: This must be the source of the disturbance.

Sailor Uranus: Lets destroy this.

Lincoln: I got it.

Lincoln fired a blast of lightning at the core of the pods and destroyed them in a fiery explosion.

KRABOOM!

The Life Energy stolen from the kids returned to them.

Shanan: That takes care of that.

The next day a disturbance was felt at a radio broadcasting studio.

Shanan: There's a disturbance at a radio studio. Lets move.

They all went into the radio studio and saw all the staff laying on the floor. Drained of their energy.

Laney: These people have been drained.

Sailor Pluto: The Dark Kingdom is here.

Lana: I can feel it.

Lola: Me too.

?: How nice of you to come. To your demise!

They saw a woman and she transformed. She was really Kyurene!

Shanan: Kyurene. A Vampiran is behind all this.

Kyurene: That's right. I'm impressed that you know my kind.

Lola: What's a Vampiran?

Shanan: They are a race of Vampire Warriors from the distant planet of Transyl X. It lives in a system located 95,000 light-years away from Earth on the distant edge of the galaxy. It orbits around a black dwarf star and the planet is a dark planet that has no light. They fight using sound emitted from their wings and the sound is powerful enough to shatter all the glass within a 5 mile radius.

Penny: That is wicked.

Kyurene: That's right Shanan. I'm impressed you know all that.

Shanan: You would be amazed at what I know about the entire galaxy.

Sailor Mercury: I believe it.

Lincoln: My little sister Lucy would like you Kyurene. She's into Vampires and is a master of the darkness.

Kyurene: Thank you Lincoln. I'm sure she would.

Lucy suddenly appeared out of nowhere.

Lucy: Hey guys.

We jumped and a pipe organ played as we got scared.

Laney: Lucy? How did you get here?

Lucy: Lincoln was talking about me and I saw you guys about to fight this creature.

Shanan: You arrived just in time Lucy.

Lucy: I have a knack for doing that. Let me take a crack at her.

Shanan: Go for it Lucy.

Lucy walked up to Kyurene.

Kyurene: So you are Lucy. Lincoln was right. You really have a dark personality.

Lucy: I know Kyurene. The Darkness is what I have been born from and learned to love it. You're fighting for the wrong purpose. You are being used in a terrible plot that will destroy the entire universe.

Queen Beryl is using you for her own selfish purposes and her motives are ones of pure evil.

Kyurene started to realize what she was doing and she broke down crying. Lucy then touched Kyurene's head and absorbed all the negative energy inside her and it made her dark powers stronger.

Kyurene: Thank you for saving me from a path of evil Lucy. I am forever in your debt.

Lucy: You're welcome Kyurene.

Kyurene was redeemed and a sword of dark magic appeared in front of Lucy.

Lucy: Gasp. That is an amazing Dark Sword.

Lucy picked it up and she felt an incredible power surge.

Her powers had gotten stronger and so did her magic and more.

Lucy: I feel incredible. Kyurene this sword will allow me to summon you should the need arise.

Kyurene: Thank you Lucy. I would be honored to help you, Shanan, your siblings and the Sailors.

Lucy: Welcome to the team.

Kyurene went into the blade of the sword.

Shanan: Lucy that was amazing.

Lucy: Thank you Shanan. If it's all right with you I would like to help you all.

Shanan: What do you think guys?

Lincoln: Lets have her help us.

Laney: Yeah. She deserves to be a part of the team.

It was unanimous.

Lincoln: Glad to have you with us Lucy.

Lucy: Thank you Lincoln.

Shanan: By the way Lucy how did you know that Kyurene was a pawn in Queen Beryl's evil plot?

Lucy: My powers can tell me if they can be redeemable through their hearts.

Sailor Moon: That is really amazing.

Sailor Venus: It sure is. I never knew that Lucy had this kind of power.

Sailor Saturn: It is really impressive.

Shanan: Yeah.

The next day there was another disturbance at an auditorium.

Shanan: There's a disturbance at the school auditorium. Lets go.

They went to the school and found a girl stealing life energy while using a talent show as a front.

Sailor Mars: I sense the Dark Kingdom at work here.

Shanan: Me too.

Lola fired a fireball at the girl and blew her into the curtain.

Lola: Give these people back their energy you monster!

The girl was revealed to be Derella.

Shanan: Derella! A Cryobindite was behind this phony talent show.

Derella: That's right Shanan. I'm impressed you know about my kind.

Shanan: I get that all the time whenever we encounter one of the Dark Kingdom's minions.

Lincoln: What's a Cryobindite?

Shanan: Cryobindite's are a race of shape-shifting ice warriors that can assume any form just by touching their target. They come from the ice planet Hyobin XII. The farthest planet in it's solar system. It's 79,000 light-years away from Earth and it is a planet of extreme cold. They have the ability to freeze their targets with tendrils of ice and keep them in a state of suspended animation. And they can bind their targets by firing a rope like substance from their mouths.

Sailor Mars: That's very unusual.

Lola: Lets thaw this monster out.

Lola fired a stream of fire and completely incinerated Derella in an instant.

Shanan: Good work Lola.

Lola: Thank you.

The energy that was stolen was given back to the people.

More adventures and more battles await.

# Planets VS Evil P3

Disturbances were being found in a computer club in Sailor Moon's school and Shanan, The Sailors, Lincoln, Fu, Lilly, Lucy, Laney, Lana, Lola and Penny were on their way to find out what is causing it.

They arrived at the door to the computer club and found a woman instructor and the students were looking tired and drained.

Lilly: This is bad guys. Beryl is behind this.

Shanan: Yeah. I feel it too Lilly.

Lincoln: I got this.

Lincoln fired a blast of lightning at all the computers and they all shorted out and exploded.

BOOM!

Lucy: This whole computer seminar is a ploy. Run. Now!

The students ran.

The woman became a nasty monster. It was Garoben.

Shanan: Garoben. An Axenonan was behind all this.

Garoben: That's right Shanan. I'm impressed you know all about my kind.

Shanan: I know all sorts of creatures from all of the galaxy and beyond.

Lincoln: What's an Axenonan?

Shanan: Axenonans are one of the most dangerous warrior races in the galaxy. They come from the planet Axnos. It's a primitive city planet that is completely wartorn and the system is 49,000 light-years away from Earth. They have been at war with their sister planet Uminon Prime for centuries. The war is still going on to this day. They have axes for their right arms that they use as their weapon of choice.

Lana: That is absolutely crazy!

Garoben: That's right Shanan. My race has always been at war with Uminon Prime for as long as I can remember. It's a nightmare unlike any other.

Lincoln: I'd like to face you and test myself against you. You have more fighting experience than I do and I want to see how I measure up.

Garoben: Lets go outside and do it Lincoln.

Shanan: Good thinking.

Out on the track Lincoln and Garoben stood ready.

Lincoln had his sword of lightning ready.

Garoben: This is just like home Lincoln.

Lincoln: Glad I could help you reminisce about it.

They then clashed and it was a savage and fierce sword and axe battle. Blasts of blue and black lightning were flying everywhere. Lincoln was getting an intense workout and he and Garoben were working up an intense sweat. When they stopped 45 minutes later they were panting and sweating hard.

Lincoln: You definitely live up to your race Garoben. You are a skilled and fierce warrior.

Garoben: Thank you Lincoln. You are a truly worthy adversary.

Lincoln: If I may ask why do you serve a monster like Queen Beryl?

Garoben: I wanted to find a way to stop our planets from fighting for so long. I was fed up with both our planets fighting for too long that it tore my mind apart. Queen Beryl recruited me to do her bidding because she promised me that she would help me stop the fighting.

Lincoln: And you believed her?

Garoben: Yes. Now I see that all this time she was using me after all these years. You fighting with me made me realize that and I am forever in your debt Lincoln Loud.

Lincoln: I'm glad I could help you Garoben. Would you like to help us take down Queen Beryl?

Garoben: I would be honored Lincoln.

Garoben became a rune on Lincoln's sword and this meant that Lincoln would call on her when the time is right.

Lola: Great job Linky.

Sailor Venus: Yeah. That was amazing.

Lincoln: Thanks girls.

Shanan: All that training under my sister Nicole really helped you buddy.

Laney: It sure did.

?: Soon it won't matter when you all die.

They saw Jadeite.

Sailor Moon: Jadeite.

Shanan: Jadeite. So you are the one that's been trying to steal all the energy of these innocent people for Queen Beryl.

Jadeite: That's right.

Lucy: Your heart is as black as the Darkness.

Laney: You are evil in its purest form.

Shanan: We will fight you when you are ready Jadeite. I have message for Queen Beryl.

Jadeite: Very well. What do you have to say for her majesty?

Shanan: Tell her this. When the time comes for us to fight, we are coming for her and we will make sure that she pays for everything she has done to the galaxy in its entirety and avenge Queen Serenity and the entire Moon Kingdom that she destroyed 1,000 years ago.

Jadeite: I will tell her this and you will get no more mercy from me when we fight.

Lana: We have that to look forward to.

Sailor Moon: Count on it.

Jadeite vanished.

Shanan: You hear that Beryl? We are coming for you and you will pay for everything you've done.

The scene transits to the Dark Kingdom in all its malevolent glory.

Jadeite: And so your Majesty, Shanan told me to deliver her message to you from her.

Queen Beryl: Her message has been received. I will be ready for her when the time comes and she will die like The Moon Kingdom did. Increase your chances of getting energy for the Negaforce Jadeite. Don't disappoint me.

Jadeite: Yes your Majesty.

He vanishes.

Back in Tokyo in the clubhouse, Shanan sensed something weird.

Shanan: Guys, something is going on. Numerous people have been buying lots of clocks from a clock store at a good price and they have been acting strange.

Sailor Mercury: Yes. Sailor Moon's dad has been getting up and going to work at 2 hours earlier than normal.

Sailor Venus: That is really strange.

Sailor Uranus: Without a doubt it's Beryl's doing.

Lincoln: Well if it's coming from a clock shop then we need someone that can use time powers.

Lincoln used his lightning powers and opened a window.

In Clyde's room at the McBride Residence, he was playing video games when the viewing window appeared.

Lincoln: Clyde are you there?

Clyde: Hey Lincoln. What's up?

Lincoln: We have a situation here in Tokyo and we need your help.

Clyde: Sure thing. I'm on my way.

Clyde jumped through the viewing window and he arrived in the Clubhouse.

Lana: Hey Clyde.

Clyde: Hey Lana. Wow! What a clubhouse.

Laney: It's our base of operations for our battle with the forces of the Negaverse.

Shanan: Good to have you here Clyde. Now we have a situation where your Time Powers are needed.

Lilly: We'll explain it when we get there.

Clyde: Okay. I wanted to test out my time powers anyway and see what I am capable of. I've been training and getting stronger to win Lori's heart.

Shanan: Lets go.

They walked over to the Clock Shop called Clock Look and they saw that it was closed. They explained the situation to Clyde and he was more than willing to help out.

Shanan: All right guys.

Shanan fired an energy blast and blew a hole into the door.

BOOM!

Shanan: Lets go.

They ran in and saw the store owner.

?: So you all came.

Shanan: That's right.

Clyde: You've done enough damage to the people of Tokyo.

Clyde released a time field and the Clocks all exploded. The energy that was stolen from everyone that bought the clocks was returned. The store owner revealed her true form: Ramua.

Shanan: Ramua. A Chrononite was causing all this.

Ramua: That's right Shanan. Your little friend has impressive time powers like I do.

Clyde: That's right. You are abusing the power of time for dark pleasures and I can't allow that to happen.

Lincoln: What's a Chronoite?

Shanan: Chronoites come from the distant planet Kronos II. It's located at the distant edge of the galaxy 125,000 light-years away from Earth. They have a strong power and control over time. Their powers aren't as omnipotent as the power of time in its entirety. They get their power from a powerful pocket dimension of their own creation. Kronos II was destroyed when a comet the size of Jupiter crashed into it and completely obliterated it. I would consider it as an act of karma because Chronoites are an evil race that was doomed to extinction.

Ramua: That's right Shanan. My race was completely destroyed by that comet and I am now the last of my kind.

Lana: That's awful.

Laney: Yeah.

Ramua: To tell you the truth everyone. I never wanted to work for Queen Beryl in the first place. My race was brainwashed into becoming an evil race by Beryl and she poisoned my mind with lies. She destroyed my race.

Lilly: Oh man. That's awful!

Clyde: Why don't we team up? We can help take down Queen Beryl together.

Ramua: I would like that.

Clyde: My name is Clyde McBride.

Ramua became a mark on Clyde's arm.

Lincoln: Great work Clyde.

Clyde: Thanks buddy.

Shanan: Our work is not done yet.

The next day they got a disturbance over at Sendai Hill.

They ran to the sight and saw a bus lifting up and being pulled into a black hole.

They flew after it and went in and saw that the bus was in a pocket dimension created by Kigaan.

Shanan: Kigaan. A Repnomite was behind all this.

Kigaan: That's right Shanan. Their energy is now mine thanks to me.

Lincoln: What's a Repnomite?

Shanan: Repnomites are a race of vicious, ruthless reptilian warriors that rule over everything with pure fear. They come from the destroyed planet of Xexni XII located 28,000 light-years away from Earth. The planet was completely enslaved by the Repnomites centuries ago and they were destroyed when the planet was sucked into a black hole and it exploded.

Lincoln: That serves them right.

Sailor Mars: Yeah. I agree. They deserved to be destroyed for everything they did.

Kigaan: That's right. Now you all are gonna die.

Clyde fired a time ray and it hit her arm and it disintegrated into dust.

Lincoln fired a blast of lightning and electrocuted her.

Sailor Uranus: URANUS GROUND SHAKING!

Sailor Uranus fired a yellow ringed orb and it obliterated Kigaan instantly.

Shanan: Great shots guys.

Lincoln: Thanks Shanan.

Kigaan, the last of the Repnomites was killed and the Repnomites were now extinct.

They returned the stolen buses to the streats and they left.

The next day they were at a fairy tale land and they saw a princess stealing energy through her apple.

Shanan: Not on our watch.

Shanan fired an energy beam and it blew the apple out of her hand and shattered it.

The stolen energy was returned and they saw the girl change. She became a living doll called Murid.

Shanan: Murid. A Dretrovite was behind all this.

Murid: That's right Shanan.

Lincoln: What's a Dretrovite?

Shanan: Dretrovites are a race of Dream Aliens that have total control over dreams. They come from the distant planet of Drevo V. They can assume any form they choose from fantasy and look like a princess or anything from your favorite storybook. But their true form makes them look like a puppet doll. The Drevo System is located 76,000 light-years from Earth and it has a sister system 20 light-years away from it. That is the system of Nightmares and is the Antepode of the Drevo System.

Sailor Neptune: So Murid is from the nightmare system?

Shanan: No. She is from Drevo V but she was poisoned with evil that turned her into a creature from the Nightmare System.

Murid: That's right Shanan and you've ruined everything for her majesty.

Lola: You give princesses everywhere a bad name!

Lola fired a blast of fire at her and incinerated her.

Lincoln: Nice shot Lola.

Lola: Thank you Linky. She was ruining the good nature of princesses everywhere and she had to be destroyed.

Sailor Mars: Yeah. Well done Lola.

Later the next day they were on a cruise ship and they saw a girl with dark teal hair stealing energy through a necklace. Lincoln fired a blast of lightning at her and revealed her true form. It was Thetis.

Shanan: Thetis. An Undinian was behind all of this.

Thetis: That's right Shanan. How did you know my race?

Shanan: I have my sources.

Lincoln: What's an Undinian?

Shanan: Undinians are a race of water elementals from the planet Undine III. The planet is a world completely covered in water and the Undinians live in underwater castles and cities. They are a peaceful race and they only fight when absolutely necessary. The planet is located 13,000 light-years away from Earth. They have tremendous power over water and they are very deadly and formidable warriors in battle. For some reason Undine III was frozen over in ice.

Thetis: Yes Shanan. That's right. My planet was frozen over when our systems star went nova.

Shanan: That's awful. But why are you serving Queen Beryl?

Thetis: I was promised to have my planet restored to what it was before it froze.

A jet of glowing blue water erupted out of the sea and out on top of it arose Lily.

Lincoln: Lily. How did you get here?

Lily: The water tells me all big brother.

Lily landed on the boat.

Thetis: Your water powers are impressive Lily.

Lily: Thank you Thetis. The water told me what was going on and what you're doing is wrong Thetis. Queen Beryl is using you for her own selfish vendetta against the Moon Kingdom.

Thetis: Yes. I've realized that now. I was nothing but a pawn in her schemes. I knew she wasn't gonna help my planet or my people.

Shanan: That's why we're going to kill her when the time comes. She is going to pay for her crimes against the entire galaxy.

Thetis: I will gladly help you Shanan. Lily. Thank you for helping me realize my crimes.

Thetis became her human girl form and she ripped off her necklace and crushed it.

Shanan: I have a good gift for you.

Shanan snapped her fingers and gave Thetis the ability to fly with wings made of pure water and her water powers have been enhanced 1,000-fold.

Thetis: Thank you Shanan.

Shanan: I have another gift too.

She opened a viewing window and in our dimension was the planet Undine III as a 3rd Moon in Earth's Orbit and it came back to life when the Sun gave it new life.

Thetis was overjoyed.

Thetis: My home! It's restored! (Crying in joy)

Shanan: You're welcome Thetis. Now we have to take the fight to Jadeite and make him pay for everything he has done.

Sailor Earth: Yeah.

Shanan: Get ready Jadeite. Your time has come. Lily would you like to help us?

Lily: I would be honored Shanan.

Later at Tokyo airport they were on the runway and they saw Jadeite waiting for them.

Jadeite: Well you've all come.

Shanan: That's right Jadeite. Prepare to die.

Shanan went Super Angel 2 and Laney and Lincoln Went Super Angel 2. Everyone else spread their wings.

Shanan: It's over Jadeite. Your time has come.

Shanan fired an energy blast and Jadeite jumped away as it exploded.

KABOOM!

Jadeite formed a sword and Shanan they clashed and sparks were flying everywhere. Setting the whole airport on fire. Planes exploded into tremendous fireballs and more. The raging inferno from the fight was incredible. Massive fiery explosions destroyed much of the airport. Sailor Earth slashed Jadeite in the back and he was oozing green blood and bleeding profusely. Then Shanan and Sailor Moon stabbed Jadeite right through his black heart and killed him in an instant.

Shanan: Enjoy your time in the darkness of the Netherworld.

Lucy: That's right. People like you deserve to be forever damned for all eternity.

Lincoln: Well said Lucy.

Shanan: Great job all of you. That's one of Queen Beryl's Generals down and three more to go.

Sailor Earth: That's right.

In the Dark Kingdom Queen Beryl got the news of Jadeite's demise and Thetis's betrayal and she was enraged.

Queen Beryl: Blast! Shanan you will pay for this! We'll worry about that later. You Neflite are my new commander in getting energy.

Neflite: Jadeite was a fool.

With Jadeite gone Shanan and team relaxed for a bit.

Continues in part 4

# Planets VS Evil P4

After Jadeite was killed, Neflite was given his position. He had a different plan than Jadeite. His plan for collecting energy for the Negaforce was to gather a powerful amount of energy from one person. The stars will tell him which person is an appropriate target and he plans to exploit that targets traits and build up their energy to the maximum capacity and then steal it. To keep suspicion from coming on to him he is going to pose as famous multi-billionaire entrepreneur Maxfield Stanton.

In Team Sailor Universe's Clubhouse, Shanan was telling everyone about Neflite's plan.

Shanan: So there you have it.

Sailor Saturn: We have to be ready for him and keep our eyes out for him.

Lucy: Who is his first target going to be?

Sailor Earth: From what I remember it is my sister Katie.

Lincoln: I remember her. She and you are very close.

Sailor Earth: That's right Lincoln. Her mom and my mom are like sisters. We are very dear friends.

Laney: I remember that.

A beeping sound was heard and it was from Shanan's bracelet. Her bracelet is a special celestial spirit bracelet that is of the Celestial Zodiac.

Shanan saw the symbol of Sagitarrius the Archer beeping and a projection showed that Katie is the target as they all knew about.

Shanan: Neflite is on the move. He's headed for the school.

Sailor Earth: Katie is a tennis player and he's going to boost her energy for that.

Sailor Neptune: Lets go.

Shanan: Right.

They appear on the roof of the school and they saw Neflite walk up to the girls and he challenged Katie and he won. Katie dropped her racket and Neflite went to pick it up. He put an evil force into it and Team Universe sensed it.

Neflite: (In his head) I endow this racket with the power of the Negaforce. Give Katie the strength of 10.

An evil symbol appeared in the handle of the racket.

He gave her the racket and it controlled her. She hit the tennis ball and she was stronger than ever. It flew so fast that it was destroyed when it hit the ground.

Shanan: Whoa!

Lilly: That was powerful.

Thetis: It sure was.

Clyde: That was amazing.

Shanan: Neflite increased her power to the strength of 10 men and is gonna steal her energy when it reaches its peak.

Laney: That is pure evil power.

Sailor Mars: Yeah.

Lana: When are we gonna stop her?

Shanan: We'll attack when the time comes.

Later that night they were at the rec center and they saw Katie taking on two professional tennis stars.

Shanan: This is our chance.

They jumped into the field and confronted Katie.

Shanan: Stop this right now Katie!

Katie: Get out!

Sailor Earth: No Katie we're not leaving! You have to stop now!

Laney: Katie this is not like you. You have to stop this madness.

But Katie wouldn't listen to reason.

Katie: Get out of here! All of you!

Shanan: Try and make us. Stop playing with that racket now or else.

Katie: Last warning!

The racket glowed and she swung it and released a powerful blast of wind that carried the power of a shockwave from a thermonuclear explosion.

Shanan protected everyone in a powerful force field.

Then a dark figure emerged from the racket and stole her life energy. It took form and it was Tensii.

Tensii: (Evil Laughter) And now your energy is mine!

Shanan: Tensii. A Wimbledonian was giving her that incredible power.

Tensii: That's right Shanan. I'm impressed you know about my kind.

Shanan: It's mutual.

Lincoln: What's a Wimbledonian?

Shanan: They are a race of Tennis Warriors that come from the planet Wimbledonia. It's a Tennis Field Planet located 43,000 light-years away from Earth. It is known as the Tennis Capital of the Galaxy and once every 10 years they hold a competition of the greatest tennis players in the galaxy and the winner gets not only a trophy but the title as the Greatest Tennis Player in the Universe. They have the power to imprison anyone in a giant tennis ball and can fire numerous fireballs from their fire rackets. In the time I came from 200 years from now my big sister Anna won that contest 5 times in a row and no one has ever been able to beat her ever since.

Tensii: That's right and I had no idea that your sister was that impressive.

Shanan: I know. But your time has come.

Sailor Earth: You will pay for hurting my sister Katie! EARTH CYCLONE STRIKER!

Sailor Earth fired a blast of razor wind that carried the destructive power of winds at 20,000 miles per hour and shreded Tensii apart and killed her.

Sailor Moon: Great shot Earth.

Sailor Earth: Thank you.

Katie got up and she was weak. She returned to her old self.

Katie: What happened?

Sailor Earth: Katie? Are you all right?

Katie: Yeah. What happened? What have I been doing?

Sailor Earth: Katie. You were under the influence of an evil force and it made you into an overzealous competitive monster.

Katie: What?

Sailor Earth: Katie it's me. Molly. I am now a Sailor Soldier for the Planet Earth.

Katie recognized her immediately.

Katie: It is you. But how did this happen?

Sailor Earth: It's a long story.

In the clubhouse of Team Universe, Shanan and team explained everything.

Katie: So this Negaforce wants to destroy the Earth and you all have to stop it?

Shanan: Yeah. But you can't tell anyone about all of this. The Negaforce poses a tremendous threat to the entire Universe and we have to stop Queen Beryl at all costs and prevent the Negaforce from being unleashed and avenge everyone. Queen Beryl killed Sailor Moon's mother Queen Serenity and murdered everyone on the Moon Kingdom 1,000 years ago.

Katie: That's a long time ago.

Sailor Moon: Yeah. My real name is Serenity. I am the princess of the Moon Kingdom.

Katie: That is a tremendous title and this is all incredible.

Shanan: I know. But you can't tell anyone about all this or the Dark Kingdom will try to kill us all faster than ever.

Katie: You have my word.

Shanan: All right.

Katie: I will gladly do everything I can to help you out.

Lana: We greatly appreciate it Katie.

Neflite's plan with Katie failed. But there is more to be ready for.

# Planets VS Evil P5

As Team Sailor Universe was walking through the park, Shanan picked up some negative energy spikes.

Shanan: I'm sensing a disturbance here in the park.

Lincoln: Yeah. I feel it.

Sailor Mars: Me too.

Sailor Mercury: What do you think is causing it?

Laney: I don't know but it's not good whatever it is.

Lola: I heard reports going around that the construction crews were attacked by squirrels and butterflies.

Lana: That's unusual. It's not like all the animals to attack people like that.

Shanan: Yeah.

Sailor Saturn: This has the work of The Dark Kingdom on it.

?: What are you doing?

They saw a man that Sailor Mercury knows.

Sailor Mercury: Mr. Baxter.

Shanan: I sense an evil force in him.

Mr. Baxter: No one's allowed in my park! I'm going to punish you for abusing nature! AND I'M AFRAID IT'S NOT GOING TO BE PLEASENT!

Shanan: Come and try it you spineless old codger!

Shanan fired a tornado of leaves at Mr. Baxter and he dodged it and a kaleidoscope of butterflies went after them.

Fu fired a kaleidoscope of fire wing butterflies and they incinerated the butterflies and went at him.

They trapped him in a vortex of fire and he jumped out and called a scurry of squirrels and Lily sent a wave of water and they carried them away.

Mr. Baxter charged at them and Lincoln charged and kicked him in the face.

Lincoln fired a bolt of lightning at him and Mr. Baxter dodged and Lincoln punched him in the stomach and kicked him in the mouth.

Mr. Baxter: You wretched brat!

Lincoln and Mr. Baxter got into a savage fist fight. Mr. Baxter's rage was unbelievable.

Lincoln was overpowering Mr. Baxter at a vicious level as raging storm clouds built overhead and lightning struck everywhere in the park and destroyed everything.

Thunder crashed all over and Mr. Baxter caused a tree to grow and Lincoln fired a bolt of lightning and it exploded.

KABOOM!

The splinters flew everywhere and Mr. Baxter jumped and they both continued to fight. Their fists were emitting lightning and leaves with each powerful punch as the fight was getting far more ferocious. The lightning strikes were getting far more intense and more powerful. When Lincoln and Mr. Baxter stopped a dark figure emerged from his hat and took form. It was Petasos.

Petasos: (Evil Laughter)

Shanan: (Gasp) Petasos! An Edenian was giving Mr. Baxter all those powers and control over all the plants and life in the park.

Petasos: That's right Shanan. I'm impressed you all about my kind and what I can do.

Shanan: You would be amazed at what I am capable of knowing when it comes to the Universe.

Laney: What's an Edenian?

Shanan: Edenian's are Nature Elementals that are from the jungle planet Eden Prime. It lives 36,500 light-years away from Earth. The planets atmosphere is poisonous to human life. Edenian's are completely one with nature and they can control all the plants and the animals around them.

Laney: That's amazing.

Petasos: That's right Shanan. I was controlling this old fool and intensified his anger and rage 100-fold and made him hurt all those people for his energy. Now your energy is all mine!

A bunch of vines appeared out of nowhere and formed into a fist and bashed Petasos with incredible power and sent her flying into a tree and knocked it down.

They saw a huge rose bud appear and it bloomed and out came Riley.

Shanan: Riley?

Laney: How did you get here?

Riley: The plants told me that a nasty fight was causing trouble and I thought you all could use some assistance. Now let me handle this monster.

Riley jumped and landed in front of Petasos. Petasos got up and Riley kicked her in the face and sent her into the air and Riley formed a bramble vine whip and wrapped it around Petasos and slammed her into the ground with devastating force.

KRABLAM!

Sailor Mars: Now to finish her off for good. MARS FIREBIRD

STRIKE!

Sailor Mars fired a phoenix made of pure fire and incinerated Petasos in an instant.

The storm cleared up and Mr. Baxter awoke and he couldn't remember what happened. Team Sailor Universe left to avoid being found out.

Lana: Well another one of Neflite's lackeys has been destroyed.

Thetis: That's right.

Lucy: We still aren't out of the woods yet. We have more to come.

Shanan: Yep. And I have a feeling that Neflite is gonna get serious.

Fu: And we have to be ready for anything guys.

Sailor Moon: Yep. Neflite will pay for this like Jadeite did.

Sailor Earth: He sure will.

# Planets VS Evil P6

At a fashion show Team Sailor Universe was watching all the contestants.

Sailor Moon: Wow. These people are gorgeous.

Shanan: They sure are. But I sense something wrong here.

They saw a woman dressed in a beautiful wedding gown and she had an evil look on her face.

Shanan: That woman has an evil force inside her.

Sailor Earth: Yeah. I feel it too.

Riley: What do you think it is?

Lucy: It's an evil force like the ones we've been facing before.

Shanan: Lets go!

They ran onto the stage and Lucy kicked her in the face.

KROW!

It sent her crashing into the wall of the stage.

She got up and was enraged.

Shanan: Wait a second. Helen Lambert? Is that you?

Helen: Yes. You will pay for that kick and your energy will belong to the Negaforce!

Then a wispy figure came out of the fabric and it was Black Widow.

Shanan: (Gasp) Black Widow! An Arachnomite was behind all this.

Black Widow: That's right Shanan.

Lincoln: If my sister Leni saw you she would freak out. She hates spiders.

Black Widow: That's a shame Lincoln.

Laney: What are Arachnomites?

Shanan: Arachnomites are a race of spider warriors that come from the planet Arachnus IX located 39,000 Light-years away from Earth. It's a city planet completely covered in spiderwebs. They are a very hostile and dangerous race that kill the males of their species and they have the same characteristics as spiders on Earth. They are very formidable warriors and can fight very well.

Black Widow: That's right Shanan. My race is widely feared through my planets system.

Shanan: I remember that.

A loud smash was heard and it was Marie Kanker Loud on Marianas and Leni was with her.

Marie K.L.: Hey guys.

Shanan: Marie. Leni. How did you guys get here?

Marie K.L. We felt a disturbance in Tokyo and decided to help you.

Leni saw Black Widow.

Leni: (Panics) AAAAAHHHH! SPIDER!

Leni jumped off and pounced on Black Widow and blasted her with bug spray.

When the smoke cleared Black Widow was a melted husk.

Shanan: Ew!

Lincoln: Whoa! Nice work Leni.

Leni: Thanks Linky.

Lola: I have to admit that was awesome.

Lana: It sure was.

Lola incinerated Black Widow's corpse with her fire.

Helen returned to normal and she couldn't remember anything.

Later the next day Team Sailor Universe was over at a swimsuit photoshow.

Shanan: I don't like this guys. I sense the Dark Kingdom at work here.

Laney: I feel it too.

They saw a man named Peter about to take a picture.

Peter: Now give me lots of energy!

Peter pressed the shutter and a beam of light shot out of the camera and the girls disappeared.

Sailor Venus: The girls disappeared!

Shanan: How is that possible!?

Sailor Moon: I don't know.

Shanan: Lets go!

Peter: All right! Who's next? (Evil Laughter)

Shanan: How about you for a one-way trip to the Netherworld for all eternity?

Peter: What did you say to me?

Shanan: You heard me. You return all those girls or we'll kill you.

Peter: How about I kill all of you!?

Shanan teleported and kicked him in the face and he went skidding and he dropped his camera.

Lola destroyed the camera and he saw this and was enraged.

Lola: You give photographers everywhere a bad name!

Sailor Saturn: Yeah.

Sailor Uranus: It's time for you to know your place on the pecking order.

Peter charged and suddenly a pride of fire Lions appeared and pounced on him.

They saw Jeri Katou and a lion named Kion, Fuli a Cheetah, Bunga a Honey Badger, Beshte a Hippopotamus and Ono an Egret. They were now the Lion Guard. They had the symbol on their left elbows.

Jeri: Are we too late to join the party?

Shanan: Jeri. You made it just in time.

Lincoln: Who are they with you?

Jeri: Oh I'm sorry. These are my friends from the Pridelands in Tanzania.

Kion: I'm Kion, Son of Simba and the Leader of the Lion Guard. The Fiercest of the team.

Bunga: I'm Bunga. A Honey Badger and the Bravest.

Ono: I'm Ono. An Egret and the Keenest of Sight.

Beshte: I'm Beshte. A Hippopotamus and the Strongest.

Fuli: And I'm Fuli. A Cheetah and the Fastest.

Jeri: I am now the 2nd in command of the Lion Guard. The Lion Guard is a special group that defends the Pridelands and Circle of Life in the world.

Lola: Oh wow!

Lana: That is so cool!

Laney: It sure is.

Lucy: That also sounds like a major league responsibility.

Jeri: It is.

Riley: That is amazing.

Marie K.L.: Yeah.

Peter got up and he was enraged.

Peter: You will all pay for this.

A purple figure came out of the Camera lens and it was Cameran.

Shanan: (Gasp) Cameran! A Filmmonger was causing Peter to make those women disappear.

Cameran: That's right Shanan.

Lincoln: What's a Filmmonger?

Shanan: Filmmongers come from the planet Camera VII located 92,000 Light-years away from Earth at the edge of the Galaxy. It was a city planet that was completely one with nature and they always take photos of the magnificent landscape. But centuries ago under mysterious circumstances an asteroid crashed into the planet and completely destroyed it.

Everyone gasped.

Sailor Jupiter: So Camera VII is gone?

Shanan: Yeah. Cameran is now the last of the planet Camera VII.

Cameran: That's right Shanan. I'm now the last of my kind and I became one of Queen Beryl's soldiers because she promised to bring back my planet if I would serve her.

Sailor Moon: I think it was Queen Beryl that completely destroyed your world and annihilated your kind.

Cameran: I have a feeling you're right Sailor Moon. I realize now that I was a fool to trust her.

Kion: Maybe I can expell all the evil inside you with the Roar.

Jeri: That could work Kion.

Shanan: Go for it.

Clouds came in and Kion and Jeri used the Roar of The Elders.

Kion & Jeri: RRROOOOOOAAAAARRRRRRRRRRRRR!

The clouds turned into roaring lions and a blob of black darkness separated from Cameran and Shanan cupped her hands to the side.

Shanan: KAAA! MEEE! HAAA! MEEE! HAAAAAAAAA!

She fired a Kamehameha Wave and obliterated Cameran's darkness completely.

Shanan: That did it.

Lincoln: That… Was… AWESOME!

Cameron: Thank you. All of you.

Kion: You're welcome Cameran.

Shanan: Maybe you can start calling Earth your new home Cameran.

Cameran: Yeah. Thank you Shanan.

Shanan: You're welcome. [To Jeri] By the Way Jeri. Aren't you all worried that the evil members of the outlands would invade the Pridelands?

Jeri: No. I put a barrier up that blocks all the bad creatures and prevents them from getting in.

Lincoln: That's interesting but who is gonna protect the Pridelands while you're away?

Kion: My sister Kiara is now the Leader of another Lion Guard.

Shanan: That's cool. We're not out of the woods yet. We have more minions of Neflite to take down.

Sailor Mercury: Yes.

Thetis: We have to be ready for anything guys.

Lincoln: Yeah.

Leni, Marie K.L. and Marianas went back home.

# Planets VS Evil P7

One by one Team Sailor Universe destroyed all of Neflite's minions until it was only him and they were facing Neflite himself. Katie joined Team Sailor Universe earlier and she got special training in fire powers that Shanan gave her. She is now on par with Lola.

Shanan: So we finally meet Neflite. You're gonna pay for everything you have done.

Neflite: Shanan and Team Sailor Universe. Now you are all gonna die a horrible and painful death. (Evil Laughter)

Katie: You will pay for controlling me and causing me to hurt my friends.

Shanan: So get ready Neflite cause you are going down.

Shanan fired a ball of energy at Neflite and he jumped away as it exploded and Neflite fired a star blast and Lincoln fired a beam of lightning and it went through it and electrocuted him as Lincoln flew up to him and punched him in the face.

Katie spread her newly acquired wings of fire. She flew up to them and she and Lincoln engaged Neflite in a savage fight. It was an extremely brutal and ferocious fight and it shook the city of Tokyo to its very core. Massive explosions of lightning, fire and star energy were tearing much of the city apart. Lightning raged in the skies above and the whole city was engulfed in a raging inferno.

Fire destroyed the entire city and reduced much of it to rubble. Luckily everyone was evacuated from the city before the fight began. The fight was so savage, ferocious and explosive that it was unbelievable and it was shaking the entire foundation of Japan to its core. Lola joined the fight and the it was getting even more intense and powerful as it raged on. Neflite was putting up an amazing fight. Neflite unsheathed his sword and Lincoln unsheathed his and they engaged in a powerful sword fight. Sparks were flying everywhere and massive fiery explosions rang out. Lola unsheathed her sword and they all engaged Neflite. Sailor Mars spread her wings of fire and got the tail feathers of a phoenix and she flew up to the fight and fired an arrow of fire and it hit Neflite in the back and Lincoln, Katie and Lola stabbed Neflite in the chest right through his evil black heart and killed him instantly.

Lincoln: Enjoy your one way trip to the darkest pits of the Netherworld Neflite!

Lola: Yeah! Say hello to all the people you senselessly slaughtered for us!

Lola incinerated Neflite's dead body and they heard a woman laugh malevolently. It was Zoisite.

Shanan: Zoisite!

Zoisite: So we meet at last Shanan Abigail Knudson.

Shanan flew up to her.

Shanan: We get that all the time Zoisite. So I take you didn't come to congratulate us for killing Neflite.

Zoisite: That was my intention yes. You all sure have caused a huge amount of destruction to the city.

Shanan: Neflite was the one that did it and we were the match that lit the fuse to his own demise. Answer this for me Zoisite. Why do you serve an evil witch like Queen Beryl? Don't you even realise that she is using you as a pawn in her own dark plan to destroy the Universe?

Zoisite: What do you mean Shanan?

Shanan: Think about it. I know there's still good in you Zoisite. I can sense it. Queen Beryl poisoned your mind with lies and she is going to kill you along with the rest of the trash. She's using you as a pawn in her diabolical plans to destroy the universe.

Zoisite was shocked and she began to realize that Shanan was right.

Zoisite: How do you know this Shanan?

Shanan: Because Queen Beryl is the puppet master and you are the puppet that's being controlled by her evil. You have to reach deep into your heart and realize what you have been doing over the course of 1,000 years.

Zoisite looked through all her memories and saw that Shanan was right. Because of Queen Beryl she was forced to do all kinds of evil calamities.

Zoisite: You are right Shanan. What have I done!?

Zoisite broke down crying and Shanan comforted her.

Shanan: It's all right Zoisite. It's not too late for you. You still have a chance to redeem yourself and correct all the wrongs that you have done.

Shanan removed the darkness of Queen Beryl from her and Zoisite was on the path to redemption. Zoisite still has all her powers that she has from Queen Beryl.

Later after all the fire was absorbed and the city was repaired Zoisite explained that her plan was to get the 7 Rainbow Crystals so that Queen Beryl can acquire the Imperium Silver Crystal. The Seven Rainbow Crystals are the fragments of the Crystal. When Queen Beryl attacked the Moon Kingdom she sent her greatest champions the Seven Shadows. Queen Serenity used the Imperium Silver Crystal to defeat the Shadows. But the Crystal shattered into 7 pieces and locked each Shadow into each piece. The pieces went into 7 bearers and Team Sailor Universe has to find them at all costs before Beryl does.

Shanan: So who has the first piece of the Silver Crystal?

Zoisite: That would be this man.

Zoisite's dark crystal created a projection and it revealed a man named Crane Game Joe.

Sailor Jupiter: I know him. That's Crane Game Joe. He is a master of all the arcade games and he is said to have a powerful telepathic ability that enables him to master any game easily.

Shanan: That's incredible. He must be really skilled. My sister Nicole would like him.

Lincoln: I would like him too.

Lily: Same here.

Lola: I had a feeling you two would like him because of video games.

Shanan: His telepathic powers must come from the piece of the crystal inside him.

Zoisite: Yes. Each piece of the Imperium Silver Crystal gives the bearer a special unique power. Joe's is telepathy.

Shanan: That's amazing.

Sailor Venus: It sure is.

Sailor Pluto: So he will no doubt be at the arcade.

Shanan: Yeah. Lets go.

They went to the arcade and found him playing against another kid and he won.

Shanan: Wow! He is good.

Shanan walked up to him.

Shanan: Excuse me Joe. My name is Shanan Abigail Knudson and we would like to talk to you.

Joe: Sure Shanan.

We go into Joe's apartment and have a seat with him.

Joe: So I take it you want to talk to me about this power I have.

Shanan: Yes. That's exactly right.

Joe: I don't know how to explain it. Something is causing my chest to hurt because of it.

Shanan: Let me show you. Now this is gonna hurt.

Shanan fired waves of light at him and he was in pain and they saw the Red Rainbow Crystal.

Shanan: It's the red one.

Sailor Mars: It's beautiful.

Shanan: Okay Joe. Here we go.

Shanan takes it out and the pain went away.

Joe was panting in exhaustion.

Joe: What happened?

Shanan: This is what was in your chest.

Joe saw the Red Crystal.

Joe: A Diamond was inside me?

Shanan: No. This isn't just any old diamond. This is a piece of the most powerful substance in the entire Universe. There's an evil force that is currently after it and 6 others of each color of the rainbow. This was the source of your telepathic powers.

Joe: That's incredible. I had no idea that was inside me all this time.

Sailor Venus: That's right Joe. It's a really long story.

Shanan: It's a long one.

Joe: I have all the time in the world to hear it.

Shanan: Okay.

Shanan revealed the whole story and 20 minutes later Joe was shocked and amazed.

Joe: That's amazing. I had no idea that all of this has happened and all of this is happening now.

Shanan: I know. It's shocking. Also Queen Beryl is after the 7 Rainbow Crystals so she can get the Imperium Silver Crystal and destroy the Universe and we can't let that happen.

Joe: Thank you all for telling me this. I'll do anything I can to help you all out in the future.

Sailor Mercury: We greatly appreciate it Joe.

They later left and went back to Team Sailor Universe Headquarters.

Continues in Part 8

# Planets VS Evil P8

At Team Sailor Universe headquarters Shanan was going over why Queen Beryl wants the Imperium Silver Crystal.

Shanan: So I have a strong feeling that Queen Beryl wants to use the Imperium Silver Crystal to reshape the entire Universe in her own image.

Zoisite: That's probably it.

Cameran: I can't believe that Queen Beryl is that evil and she poisoned my mind with lies.

Thetis: Me too.

Sailor Mercury: We have to stop Queen Beryl at all costs or the entire Universe is history.

Sailor Pluto: But how are we gonna do that?

Lincoln: Yeah. We don't even know where the Dark Kingdom is at.

Shanan: I know where it's at. It's at the North Pole. But we're not ready for her yet.

Sailor Moon's crescent wand was beeping.

Sailor Moon: Another Rainbow Crystal is close by.

Shanan: Zoisite, who is the next bearer?

Zoisite: Let me see here.

Zoisite's crystal revealed the next bearer. It was a local priest.

Shanan: Looks like a local priest is the next bearer.

Sailor Earth: I know him. I consulted him in an alternate time after Neflite was killed.

Katie: So how are we gonna get the crystal out of him?

Joe: My crystal was easy to get out because I believe it.

Shanan: Zoisite, you get the crystal out of him and if the Shadow comes out, we'll handle it.

Zoisite: Okay.

At a graveyard they found the priest.

Zoisite: Excuse me?

Priest: Can I help you miss?

Zoisite: You have something we need.

Shanan: Sir we mean you no harm. We have a very important reason for our need of you and we just need a few moments of your time.

Priest: Yes of course.

Zoisite: Zoi!

Zoisite fired a beam of rainbow energy from her dark crystal at the priest and it hit him and revealed the Orange Rainbow Crystal.

Shanan: It's the Orange one.

Zoisite extracted the crystal and it went into Shanan's hands.

Shanan: Good work Zoisite.

Zoisite: Thank you Shanan.

The Priest then changed into Boxy.

Shanan: Boxy. A Pummelaan was inside the Crystal.

Boxy: That's right. I'm Boxy the Vulture. Champion of the Negaverse. Get ready for my next punch.

Laney: What's a Pummelaan?

Shanan: Pummelaan's are the most dangerous fighters in the galaxy. They come from the planet Pumm V located 23,000 Light-years away from Earth. It's a ruined city planet that serves as their ultimate boxing ground. They have the ability to fire their boxing gloves and their gloves explode on contact with the power of 2 sticks of dynamite.

Sailor Jupiter: That's crazy and intense!

Lana: These guys would beat the snot out of everyone and blow them apart.

Shanan: Yeah. Let me face this guy. I haven't had much fun in a while.

Lincoln: Okay Shanan. Boxy my sister Lynn would like you. She is a fighter and I'm sure she would love to fight you.

Boxy: I'm sure she would Lincoln. She must have quite the fighting spirit.

Shanan: That's what my dad told her. Lets dance.

His bell dinged and he and Shanan charged.

Boxy: Vulture's gonna knock you out!

He fired a glove and she dodged it and it hit a gravestone and exploded.

BOOM!

Shanan punched him in the face and dealt him multiple punches to his stomach and dealt kicks to his chin and to the back of his head. She punched him in the back of the head. Shanan then fired a beam of light and healed him and the Priest was back to normal.

Shanan: That did it.

Thetis: That was amazing Shanan.

Shanan: Thank you Thetis.

Zoisite: We have two Rainbow Crystals out of Seven and we have to be ready for anything.

Shanan: Right. Lets head back to headquarters.

They did so and Zoisite revealed the next crystal bearer.

Sailor Mercury: I know him. That's Greg.

Shanan: Is he a friend of yours?

Sailor Mercury: Yes. He's a friend from school who has a crush on me. He has a strange power in him that enables him to see into the future.

They gasped.

Shanan: He has Clairvoyence.

Lincoln: That's incredible.

Lola: That's amazing.

Lucy: It sure is. I have Clairvoyence as well. My powers of darkness enable me to have clairvoyence.

Zoisite: You all are very gifted.

Lana: We have lots of unique powers Zoisite.

Shanan: Lets find him.

They set out to find Greg and they found him sitting on a park bench.

Shanan: Excuse me are you Greg?

Greg: Yes. It's a pleasure to meet you Shanan. Ami it's great to see you again.

Sailor Mercury: You too Greg.

Greg: I know why you're all here. You want the Yellow Rainbow Crystal that I have inside me.

Shanan: Your Clairvoyence knows no boundaries Greg. That's why we came here. To help you.

Greg: Thank you Shanan. Please help me.

Shanan: Okay. Just so you know, this is gonna hurt real bad.

Greg: I know.

Joe: Trust me Greg. It will hurt.

Shanan fired waves of light and the crystal was revealed. It was the Yellow Rainbow Crystal as Greg predicted.

Shanan: It is the Yellow Crystal.

The crystal came out and landed in Shanan's hand.

Greg still retained his Clairvoyent powers.

Greg: Thank you Shanan.

Shanan: You're welcome Greg.

Joe: We have a lot to explain back at our headquarters.

Team Sailor Universe explained to Greg what the Dark Kingdom is and the kind of evil it imposes on the Universe and he was shocked. They also revealed the events that took place during the Destruction of The Moon Kingdom. He was shocked even more.

Greg was gonna do everything he can to help them.

Continues in part 9

# Planets VS Evil Finale

Team Sailor Universe got all the Rainbow Crystals back one by one.

The Green Rainbow Crystal was in the famous artist Peggy Jones.

The Blue Rainbow Crystal was in Rita Blake.

The Indigo Rainbow Crystal was in Rei's Grandpa.

And the Violet Rainbow Crystal was in a girls cat Hercules.

At their headquarters they were looking at the Rainbow Crystals.

Shanan: Well guys we have all 7 Rainbow Crystals. Now the question is how do we reform them back into the Imperium Silver Crystal?

Sailor Earth: That's a good question.

Jeri: If we do that will we be able to go after Queen Beryl?

Shanan: Not yet Jeri. We still have one more of Queen Beryl's generals to destroy and then we'll go after her.

Lincoln: Who is the general that we're going after?

Zoisite: It's Malachite. He's the most powerful of us and he was my love interest.

Sailor Mars: That's awful.

Zoisite: Yeah. The man I knew died long ago.

Thetis: We have to be ready for anything that Queen Beryl may send our way.

Shanan: Yeah. But I'm afraid that our worst troubles may not end after we kill Malachite.

Sailor Venus: What do you mean?

Shanan: Queen Beryl now has prince Endymion under her control.

Sailor Moon: Prince Endymion? Why him?

Shanan: I'm afraid the story is not good and he is also the main reason why Queen Beryl attacked and destroyed the Moon Kingdom in the first place. 1,000 years ago Queen Beryl was in love with Prince Endymion and when she saw him with you Serenity she became jealous and launched an all out revolt and destroyed the entire Moon Kingdom with the Negaforce.

Sailor Moon: So it was because of him that my kingdom was destroyed?

Shanan: I'm afraid so. If it comes to it we may have no choice but to kill Prince Endymion and make him pay for causing this to happen.

?: I agree.

A spirit appeared and it was Queen Serenity.

They stood up and kneeled before her.

Shanan: Queen Serenity. It's an honor to meet you your majesty.

Queen Serenity: Same here Shanan.

Sailor Moon: Mother. (Crying) Why would Endymion cause all of this?

Queen Serenity: My darling Serenity. Endymion is the cause behind the destruction of the Moon Kingdom and Queen Beryl's betrayal and revolt. His love toward you was the reason behind it.

Shanan: I'm sorry that happened your majesty.

Zoisite: Your majesty. I'm so sorry I betrayed you. Queen Beryl poisoned my mind with lies and evil.

Queen Serenity: I understand Zoisite. But Shanan saved you. You are pardoned for your crimes.

Zoisite: Thank you your majesty.

Shanan: Your majesty we have to stop Queen Beryl at all costs. She poses a terrible danger to the entire universe.

Queen Serenity: I know.

The rainbow crystals floated over to her and they combined. They became the Imperium Silver Crystal. Shanan's sword the Decaforce Sword from Rave Master lifted up and became the Explosion sword and the crystal imbedded in it and enhanced its power 100-million-fold.

Shanan: My sword! It's amazing!

Lincoln: Whoa! Shanan's sword has unreal power now!

Laney: Unbelievable!

Lana: That's amazing.

Queen Serenity: Yes. I chose you Shanan to wield the power of the Imperium Silver Crystal with great care.

Shanan: I'm honored your majesty.

Queen Serenity: Queen Beryl has to be stopped at all costs no matter what.

Greg: And we will make her pay for everything she has done.

Joe: You can count on us your majesty.

Sailor Moon: We will not fail our people mother.

Queen Serenity: I know you won't.

She vanished and Team Sailor Universe was ready.

Shanan: All right guys. We're ready to take the fight to Queen Beryl.

Sailor Venus: Right. Lets make that heartless witch pay for everything she has done!

Shanan: That's right. You hear that Beryl!? We're coming for you and you will pay for everything you've done!

Shanan cut open a portal and it lead to Queen Beryl's dark castle and they all went in.

As Queen Beryl was getting ready for the next plan on how to get energy for the Negaforce an explosion blew apart Malachite and his minions and killed them instantly.

KABOOM!

When the smoke cleared Team Sailor Universe was standing ready to fight her. They met Queen Beryl herself.

Queen Beryl: Shanan Abigail Knudson and Team Sailor Universe. So we finally meet at last.

Shanan: That's right Queen Beryl. You're now gonna pay for everything you've done to the Moon Kingdom and this planet.

Queen Beryl: No one talks to me that way!

Shanan: Come on team. Lets make this heartless witch pay!

Queen Beryl charged and formed a sword of black crystal and they all charged at her. They clashed with a tremendous explosion of fire.

THHHOOOOOOOOOOOOOOOOOOOOOOOOOMMMM!

The Battle that will decide the fate of the Universe had begun. They all fought Queen Beryl in an extremely savage and extremely ferocious fight. Shanan punched Queen Beryl in the face and kicked her in the arm with devastating force. Lincoln fired a blast of lightning at her and kicked her in the stomach and elbowed her in the face. Fu flew fast and fired a kaleidoscope of fire wing butterflies at Queen Beryl and they burned her arm. Lilly kicked Beryl in the mouth and knocked some of her teeth out. Laney entombed Beryl in a tornado of leaves and sliced her apart.

Sailor Mars: Take this! MARS FLAME SHOOTER!

Sailor Mars fired an arrow of fire and it exploded when it hit her back.

BOOM!

Sailor Mercury: No more Beryl! MERCURY AQUA RHAPSODY!

Sailor Mercury fired a blast of water and sent her crashing into the wall.

Sailor Jupiter punched Beryl in the face and kicked her in the stomach and punched her several times in the stomach with a flurry of furious fistocuffs.

Sailor Jupiter: Now take this! JUPITER THUNDER DRAGON!

A dragon made of pure lightning was fired at Queen Beryl and she was electrocuted bad.

Sailor Venus: No more Beryl! VENUS LOVE CHAIN ENCIRCLE!

Sailor Venus wrapped her in a chain of hearts and threw her into another wall.

Sailor Saturn: SATURN SILENCE GLAIVE SURPRISE!

Sailor Uranus: URANUS GROUND SHAKING!

Sailor Neptune: NEPTUNE DEEP SUBMERGE!

Sailor Pluto: PLUTO DEADLY SCREAM!

Their attacks combined and hit her and exploded with incredible power and destroyed the whole Dark Kingdom.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMM!

When the smoke cleared Queen Beryl's kingdom was completely destroyed and Queen Beryl was on the floor weak.

She got up and was on her last legs.

Shanan: It's over Queen Beryl. You're finished!

Shanan went Super Angel 4.

Queen Beryl: How dare you!? Me? Finished? No one says that to me! The Universe will be mine to rule!

Shanan: I don't think so! (Cups hands to the side) KAAA! MEEE! HAAA! MEEE!

Queen Beryl fired a blast of darkness.

Shanan: HAAAAAAA!

Shanan fired a Green Kamehameha Wave and the blasts collided and a powerful struggle began. Their power was so incredibly powerful that it was shaking the entire planet to the core.

Shanan: We've had enough of you Beryl! HAAAAAAAAA!

Shanan's wave intensified and began to overtake Queen Beryl.

Sailor Moon: Come on guys we have to help Shanan!

The Sailors, Lincoln, Lilly, Lucy, Laney, Lana, Lola, Penny, Lily, Fu, Riley, Jeri, Kion, Ono, Fuli, Beshte, Bunga, Thetis, Cameran, Zoisite, Joe, Greg, and Katie joined hands and placed their hands on Shanan's back.

Sailor Jupiter: JUPITER ETERNAL POWER!

Sailor Venus: VENUS ETERNAL POWER!

Sailor Uranus: URANUS ETERNAL POWER!

Sailor Neptune: NEPTUNE ETERNAL POWER!

Sailor Pluto: PLUTO ETERNAL POWER!

Greg: The Future of Light!

Katie: Fear the Fire!

Zoisite: The Flowers Endure!

Thetis: The Water Roars!

Cameran: Photo of Nature!

Shanan: OMEGA COSMOS KAMEHAMEHA!

The Green Kamehameha Wave intensified to an incredible power and went at Queen Beryl.

Queen Beryl: This can't be!

Shanan: This is for all the crimes you've commited against the entire universe Beryl! Now Die!

The blast engulfed Queen Beryl and completely obliterated her in an instant. The blast went all the way up into space where it disappated harmlessly.

When the smoke cleared Queen Beryl was dead and Shanan powered down and collapsed from exhaustion.

Fu: Shanan!

Lincoln: She's okay. She just exhausted herself from using all that energy and she needs to rest for a bit.

Shanan: (Weakly) Is it over?

Lincoln: Yes Shanan. Queen Beryl's energy signal has completely disappeared. We have won.

Shanan: That's good. Great job to you all.

The Simulator turned off and everyone was back home. Shanan was an amazing fighter and a powerful warrior. They all destroyed the Dark Kingdom and erased Queen Beryl from existence forever. Zoisite, Greg, Joe, Cameran and Katie were now permanent residents of the Leaf and Royal Woods. Kion, Fuli, Beshte, Ono and Bunga live in Jeri's African Savanna room. Clyde went back home after the fight with Kigaan. Thetis was overjoyed to have her home planet Undine III back to normal again.

THE END.

Another miniseries complete.

Whoo-wee! This was an action packed series. I wanted to do this for a while. Shanan is an awesome fighter and they all overpowered Queen Beryl. I made up the names of the creatures they fought as well as the planets they come from across the galaxy. But let me know what you all think.

See you all next time.

# Celtic Babysitting

It starts in Lincoln and Linka's room and Me, Varie, Lincoln, Linka, Lilly, Janeen, and Jared were waking up.

Lincoln: [To the viewers] (Yawns) Aah. Sunday mornings. My homeworks done, my chores are complete and today I'm looking foreward to a whole day of freedom!

Me: You said it buddy.

Varie: I can't wait!

We start dancing.

Rita: (Offscreen) Rise and shine kids! We're going to Aunt Ruth's today! YAAAYY!

Me: It's that time again. [To the viewers] After my sister babysat the last time we made some adjustments to the system. We made a special "Daughter Wheel" That will determine who will babysit this time.

The Daughter Wheel had all of my childrens names on it.

Lincoln: This is gonna be cool! I wonder who will babysit us this time.

Me: Lets find out.

I spin the wheel and it landed on Natilee's name.

Me: Natilee is going to babysit today.

Lincoln: Awesome!

Lilly: This is gonna be fun.

As everyone was getting ready Natilee had Lori, Luna, Luan, Shannon, Lincoln, Lilly, Laney, Lana, Penny and Lily.

Me: You know what to do right Natilee?

Natilee: I sure do dad. I've learned alot about your babysitting adventures in the future and they were amazing.

Me: Great. Have fun my Celtic Princess.

Natilee: (Scottish Accent) Aye! I will father.

Everyone left.

Natilee: Okay our first activity is Celtic Music. It's always been my favorite thing ever since I was a little girl. I love Celtic Music and it is amazing.

Luna: Celtic Music is awesome dudette. Mick Swagger loves the music of the Irish.

Natilee: That's what I remember.

There was a knock at the door and Natilee answered it. It was Eddy. As usual.

Eddy: Hey Natilee.

Natilee: Oh hello Eddy.

Luan: Hey my King of Comedy.

Eddy: My Angel of Comedy.

They kiss.

Lana: So what Celtic Music are we gonna play?

Natilee: You'll love it. But first lets dress properly for it.

Natilee snapped her fingers and their clothes changed into Scottish Kilts and clothes that matched their respective colors. Natilee's was Green, Aqua Blue and Aqua Green.

Lincoln: That was awesome Natilee. I love my Kilt. Orange is my favorite color.

Luna: Me too bro. Purple is my favorite color.

Laney: Red is my favorite color. Candy Apple Red actually.

Lana: I love my blue kilt. It's amazing.

Natilee: Actually it's periwinkle blue. But close enough.

Luan: Yellow is my favorite color.

Eddy: You look amazing Luan.

Luan: Thanks Eddy. I know how to Scot up the crowd. [Rimshot and Laughs] Get it?

Natilee, Eddy, Lilly, Penny, Lily and Shannon laughed.

Natilee: (Laughs) That was a good one Luan.

Penny: That was funny.

Lori: I literally look amazing in turquoise, aqua blue and dark purple. Thanks Natilee.

Natilee: You're welcome Lori.

In Luna's Room they had all kinds of musical instruments from Ireland and Scotland.

Natilee: Okay we're gonna play one of my favorites: Scarborough Fair.

Lily: Oh wow. That's one of my favorites too.

Natilee: Cool. Great minds think alike huh Lily? Would you like to sing this one?

Lily: Sure.

Natilee: Ready everyone?

They stood ready.

Natilee: One… two… three…

They began playing Sarah Brightman's Scarborough Fair and the room changed into a fantastic and beautiful illusion. They were over the Dunluce Castle in Northern Ireland. Dunluce Castle was built back in 1513 and is in ruins.

Lily: (Divine Singing)

Are you going to Scarborough Fair?

Parsley, sage, rosemary and thyme

Remember me to one who lives there

He once was a true love of mine

Tell him to make me a cambric shirt

Parsley, sage, rosemary and thyme

Without no seams nor needle work

Then he'll be a true love of mine

Tell him to find me an acre of land

Parsley, sage, rosemary and thyme

Between salt water and the sea strands

Then he'll be a true love of mine

(Bagpipe and Violin Solo)

Tell him to reap it with a sickle of leather

Parsley, sage, rosemary and thyme

And gather it all in a bunch of heather

Then he'll be a true love of mine

Are you going to Scarborough Fair?

Parsley, sage, rosemary and thyme

Remember me to one who lives there

He once was a true love of mine.

The song ended and the illusion vanished and they all cheered.

Lana: That was awesome!

Laney: Yeah! Whoo!

Luna: Lily that was rockin brah!

Lily: Thanks Luna.

Natilee: You have quite the singing voice Lily.

Lily: Thanks Natilee. It's a hidden talent.

Luan: It's amazing Lily.

Eddy: I agree Lily. You have quite the talent.

Lily: Thank you.

Penny: Great job sis.

Lily: Thanks Penns.

Lana: What was that castle we were over?

Natilee: That was the ruins of Dunluce Castle. It's an old castle in Northern Ireland that was built in 1513 and one of its most ancient and most beautiful historical landmarks.

Laney: It was amazing. I love castles because of the architechture and the art.

Penny: Me too. That was a beautiful castle.

Lincoln: That castle was beautiful. Lola probably wouldn't like it because it was so run down.

Natilee: Yeah. Here's another great song: The Voice. It's one of my favorites from Celtic Woman.

Lincoln: Lets get ready then.

They got ready and Natilee was gonna sing this time.

They start playing and the area changed into an illusion of a dense forest. It was Taiga National Park in Russia.

Natilee: (Divine Singing)

I hear your voice on the wind

And I here you call out my name

"Listen my child, " you say to me

"I am the voice of your history

Be not afraid, come follow me

Answer my call and I'll set you free"

I am the voice in the wind and the pouring rain

I am the voice of your hunger and pain

I am the voice that always is calling you

I am the voice, I will remain

I am the voice in the fields when the summer's gone

The dance of the leaves when the autumn winds blow

Ne'er do I sleep throughout all the cold winter long

I am the force that in springtime will grow

I am the voice of the past that will always be

Filled with my sorrow and blood in my fields

I am the voice of the future

Bring me your peace

Bring me your peace and my wounds, they will heal.

I am the voice of the past that will always be

I am the voice of your hunger and pain

I am the voice of the future

I am the voice, I am the voice

I am the voice, I am the voice

Wolves came and were entranced by Natilee's singing and four of them came up to Lana, Lily, Lincoln and Laney and they became their friends. They howled with the tune and it was beautiful.

The song ended and the area reverted back and the wolves were there too.

Natilee: Wow!

Lilly: That was amazing.

Lincoln: It sure was. These wolves were attracted to your singing and they became our friends.

Lana: They are so adorable. I've always wanted to have a wolf friend.

Luna: That's awesome Lans.

Laney: I love wolves. They are one of natures most beautiful and most powerful forces.

Lily: I agree. Natilee you have an amazing voice.

Natilee: Celtic music is what I'm good at and it's a very powerful talent.

Eddy: I believe it Natilee.

Shannon: I love wolves too. They are awesome creatures and very beautiful.

Natilee: We still have time for two more songs.

Shannon: I have a song I would like to sing. It's called Fleurs Du Mal by Sarah Brightman.

Natilee: Ooh. That's a good choice Shannon.

Lincoln: What does Fleurs Du Mal mean?

Natilee: It's French for Flowers Of Evil. It's a dark song created by Sarah Brightman.

Luna: I know that song and it is Rockin!

Laney: That sounds like an interesting song Lucy would like.

Shannon: She would and it is awesome.

Natilee: Lets play it then.

Shannon: I'll sing it this time.

Natilee: Okay.

They got playing and the area became an illusion of a strange and dark church. It looked like a Church from the darkest pits of the Netherworld. Thunder crashed all over the place and spirits and ghosts and wisps were flying around the area.

It was really creepy and scary and it was intense.

The song was in full swing.

Shannon: (Divine Singing)

Is it you I keep thinking of?

Should I feel like I do?

I've come to know that I miss your love

While I'm not missing you

We run

Til it's gone

Et les fleurs du mal

Won't let you be

You hold the key to an open door

Will I ever be free?

*[Chorus:]* Les fleurs du mal unfold

Comme les fleurs du mal

Dark demons of my soul

Un amour fatal

Been tryin' hard to fight

Comme les fleurs du mal

Les fleurs du mal inside

Un amour fatal

All my life I've been waiting for

In this perfume of pain

To forget when I needed more

Of love's endless refrain

We live

And we pray

Pour les fleurs du mal

I've lost my way

What is done will return again

Will I ever be free?

*[Repeat chorus]*

Les fleurs du mal

Comme les fleurs du mal

Un amour fatal

Comme les fleurs du mal

*[Repeat chorus]*

The wolves howled to the dark song and the flames of the Netherworld engulfed much of the church in the fire of hate and Lightning raged in the skies above. The whole place looked like a fiery fortress from the darkness of the Netherworld in it's entirety. When the song ended it everyone cheered.

Lana: That was awesome!

Natilee: That was intense. Shannon I had no idea you sang really great.

Shannon: It's a hidden talent I've had for a while. I forgot what it was like ever since I became a member of the Black Daffodil Gang.

Eddy: That was still awesome though Shannon.

Shannon: Thanks guys.

Natilee: Now we have time for one final song.

Lincoln: I have one. The Mystic's Dream by Loreena McKennitt.

Natilee: Good choice Lincoln.

Lincoln: Can I sing this one?

Natilee: Go for it.

Lincoln stood ready. They started playing and the area turned into a beautiful landscape. It was the island of Bora Bora in French Polynesia.

Lincoln: (Divine Singing)

A clouded dream on an earthly night

Hangs upon the crescent moon

A voiceless song in an ageless light

Sings at the coming dawn

Birds in flight are calling there

Where the heart moves the stones

It's there that my heart is longing for

All for the love of you

A painting hangs on an ivy wall

Nestled in the emerald moss

Eyes declare a truce of trust

And then it draws me far away

Where deep in the desert twilight

Sand melts in pools of the sky

Darkness lays her crimson cloak

Your lamps will call, call me home

And so it's there my homage's due

Clutched by the still of the night

And now I feel, feel you move

And every breath is full

So it's there my homage's due

Clutched by the still of the night

Even the distance feels so near

All for the love of you

A clouded dream on an earthly night

Hangs upon the crescent moon

A voiceless song in an ageless light

Sings at the coming dawn

Birds in flight are calling there

Where the heart moves the stones

It's there that my heart is longing for

All for the love of you

(Chant singing)

The wolves howled with the song. Miles away at Aunt Ruth's house Me, Varie, and the Loud Kids all heard Lincoln singing.

Me: Is that Lincoln?

Varie: It is. And he can sing with such a divine voice.

Leni: (Awestruck) Lincoln.

Lucy: (Driven to tears) That is so beautiful.

Lisa: (Voice Breaking) Usually I don't do this but… (Crying in Tears of Happiness)

Lola: (Teardriven) Linky has a beautiful voice!

Rita: (Crying) Lynn I am so proud of my little boy!

Lynn Sr.: Me too honey.

Carol: Wow! Lincoln is phenomenal singer.

Liam: He sure is Carol. That there voice of his is awesome.

Tabby: It is rockin mate!

Clyde heard it too.

Clyde: Whoa! Is that Lincoln singing?

Harold: It sure is Clyde. I had no idea he was this talented.

Howard: Me neither Hare-bear.

Bobby and Ronnie Anne heard it too.

Bobby: Is that little bro singing?

Ronnie Anne: It is bro. I had no idea he could sing so good.

When the song ended they cheered wildly for Lincoln.

Natilee: Lincoln that was amazing!

Lori: Lincoln that was literally the most outstanding singing I have ever heard!

Laney: That was awesome big bro!

Lincoln: Thanks guys. It's a hidden talent I have.

Natilee: It's an awesome talent buddy. You should share it with everyone.

Lincoln: I guess I should huh.

Lilly: Linky you were amazing!

Lincoln and Lilly kissed.

Everyone: AAAAWWWWWW!

Luan: Linky is one amazing brother.

Eddy: He sure is Luan. He has talent in lots of things.

Luna: That's right dude. Linky you know how to rock bro! (Makes the Rock on Hand Sign)

Lily: That's my big bro. He has alot of talent worth remembering.

Natilee: Yeah. (Watch beeps) Time for our second game: Jungle Rescue.

Lana: My favorite game!

Natilee: I know. Lets go.

---

In Lana's Jungle Greenhouse they got ready.

Natilee: Okay who wants to fly?

Luan, Eddy, Laney, Lori and Lily raised their hands.

Natilee: Okay. Who wants to swing on vines?

Lincoln, Lilly, Shannon, Penny, and Lana.

Natilee: Okay. I'll fly too.

Lincoln: Usually you like to grind on the vines Lana.

Lana: I know. But I want to take a break from that.

Natilee: That's okay. Lets go!

They were off.

Lilly: This is amazing!

Lincoln: This is so much fun!

Natilee: It sure is!

?: Get back here you wretch!

They saw a big man chasing a girl.

Lana: I know that clod! That's Norm from Marsupilami!

Natilee: And he's after that girl.

Lori: Lets get him!

?: I couldn't agree more!

They saw a jungle girl that had a really long yellow tail with black spots.

Natilee: Whoa! Who are you?

Kiki: My name is Kiki. And I'm a Marsupilami girl.

With her was Marsupilami.

Marsupilami: It's a pleasure. I'm Marsupilami and our old nemesis Norman is up to no good again.

Natilee: Sounds like Norm hates you two. Sorry. I'm Natilee Knudson.

Lincoln: I'm Lincoln Loud.

Lori: I'm Lori Loud the eldest of the Loud Sisters.

Luna: I'm Luna Loud.

Luan: I'm Luan Loud.

Shannon: I'm Shannon "Gaz" Loud. I'm adopted.

Laney: I'm Laney Loud.

Lana: I'm Lana Loud.

Penny: I'm Penny Loud. I'm Adopted.

Lily: I'm Lily Loud. The Youngest of the Loud siblings.

Eddy: And I'm Eddy. Luan's boyfriend.

Kiki: It's a pleasure to meet you all.

Marsupilami: Same here.

Natilee: Lets get him!

Natilee swooped in and kicked him into a tree.

Kiki: Hooba! That was awesome Natilee!

Marsupilami: Hooba! Yeah!

Norman: You'll pay for that you wretched brat!

Natilee: I don't think so freak!

Natilee punched him in the face and kicked him in the stomach. She took a bamboo rod and pummeled him in different spots with it.

BAM! BOP! CRACK! POW! WHAM!

Natilee: Take that you fat moron!

Norm got up and he was infuriated.

Kiki wrapped her tail around his legs and held him upside-down.

Lincoln: I got this.

Lincoln was punching him like a punching bag.

The girl was watching the fight and she recognized Lana. It was Vambre.

Vambre: (British Accent) Wait a second. That's Lana.

Prohyas joined her.

Prohyas: Whoa! This is weird seeing her here.

Lana: Here Norm! Have a Spicy defeat!

Lana spun her bracelet and pulled out a Magisword.

Announcer: CAYENNE PEPPER MAGISWORD!

Lana fired a stream of Cayenne Pepper into his mouth and he screamed in pain as fire exploded out of his mouth.

Luan: (Laughs) That was a good one Lana!

Lana: Thanks Luan.

Laney: Let me give you something to snap about.

She spun her bracelet and pulled out a Magisword.

Announcer: MOUSE TRAP MAGISWORD!

She fired a barrage of mouse traps and they snapped all over Norm as he screamed in pain.

---

Norm: OW OWOWOWOWOWOWOW!

Vambre and Prohyas came out.

Vambre: Let us join the fight!

Announcer: BRICK MAGISWORD!

Vambre fired a barrage of bricks and they slammed into Norms face.

---

Norm: (Stupid talk) Mommy can I have some fudge?

Prohyas: Here's some mud in your eyes!

Announcer: DIRT MAGISWORD!

Prohyas fired a blast of mud into Norm's face.

Lana: Prohyas and Vambre!

Vambre: Lana darling. It's great to see you again.

Lana hugged them.

Lana: How did you guys get here in my jungle greenhouse?

Prohyas: We don't really know. We were fighting King Rexxtopher's Dino Patrol in the Dinosaur Kingdom when we suddenly fell through a strange wormhole.

Natilee: A Transdimensional Wormhole took you here.

Vambre: Is that what it was?

Natilee: Yeah. Sorry I'm Natilee Knudson.

Lori: I'm Lori Loud the eldest of the Loud Siblings.

Luna: I'm Luna Loud.

Luan: I'm Luan Loud.

Shannon: I'm Shannon "Gaz" Loud. I'm adopted.

Lincoln: I'm Lincoln Loud.

Laney: I'm Laney Loud.

Penny: I'm Penny Loud. I'm adopted.

Lily: I'm Lily Loud. The Youngest.

Lilly: I'm Lilly. I'm Lincoln's Fiance.

Eddy: And I'm Eddy. Luan's boyfriend.

Kiki: I'm Kiki the Marsupilami Girl.

Marsupilami: And I'm Marsupilami.

Vambre: It's a pleasure to meet you all. I'm Vambre Warrior and this is my baby brother Prohyas.

Natilee: It's a pleasure. Lana has told us so much about you and how you beat all those bad guys in Lyvsheria.

Vambre: Indeed. We all banished them to the outlands for all eternity.

Marsupilami: That's really amazing and adventurous.

Prohyas: It sure was.

Lori: That's what we literally heard.

Laney: Lana got me and some of our friends into Magiswords and they are amazing.

Vambre: Thank you Laney and we are so happy that some of you can use Magiswords.

Lana: It's awesome.

Natilee: Well you guys are all in a whole new world that is different than what you all know. So we would be happy to teach you about everything.

Prohyas: We would like that Natilee.

Vambre: Thank you Darling.

Natilee's watch beeped.

Natilee: Oh. It's time for lunch.

---

At the table Natilee was deciding what to set up for lunch,

Natilee: Okay what do you all want for lunch?

Lily: J.D. made us pizza with the Pizza Magisword, Varie made us spaghetti with the Spaghetti Dinner Magisword, Vince made us burgers and Jayme made us Bouliabaisse.

Lincoln: Way to keep track Lily.

Vambre: Spaghetti Dinner Magisword?

Laney: Yeah.

Laney spun her bracelet and grabbed a Magisword.

Announcer: SPAGHETTI DINNER MAGISWORD!

Prohyas: That's an interesting Magisword.

Vambre: What does it do?

Laney: It's an Italian feast all the time with it. It can make spaghetti pasta dinner and all kinds of Italian pasta entrees.

Vambre: That is so amazing.

Prohyas: I agree. Let me try some of that.

Laney made a bowl of spaghetti for Prohyas. He ate it and it was delicious.

Prohyas: This is delicious!

Vambre: It's a shame that Magisword Food has no nutritional value at all.

Natilee: I know.

Laney: Lets have something different like Steak and Eggs.

Everyone agreed.

Natilee: Good choice Laney. Steak and Eggs it is.

Vambre: And we have just the Magiswords for that.

Announcer: RUMP ROAST MAGISWORD! GIANT EGG MAGISWORD!

Natilee: I'll warm up the grill and the stove.

20 Minutes Later.

Natilee, Prohyas and Vambre came out with plates and bowls full of delicious mouth-watering steaks with trimmed fat and scrambled and sunny side up eggs.

A teapot was whistling and Vambre pulled it off and poured herself a cup of tea.

Vambre: I usually have a cup of tea with my meals.

Natilee: I can see that. Is it Darjeeling?

Vambre: It certainly is Natilee.

Natilee: May I have some?

Vambre: Certainly.

Vambre poured her some.

Natilee: Lets dig in everyone.

1 hour later they ate their plates clean and were belching.

Natilee: Boy that was (Belch) delicious. Excuse me.

Laney: You said it Natilee. (Belch) Excuse me.

Lincoln: I haven't had Steak and Eggs (Belch) that good in a long time.

Lori: (Belch) Excuse me. Me too. It was delicious.

Eddy: It sure was.

Luan: This was a Beefy situation. (Laughs) Get it.

Everyone laughed.

Vambre: That was funny.

Prohyas: (Laughs) Beefy situation. I get it.

Eddy: (Laughs) That was a good one.

Lana: Vambre I've been meaning to ask you something for a while now.

Vambre: What is it Lana dear?

Lana: How come whenever Prohyas tells a pun you jeer and splat him with the Tomato Magisword?

Prohyas: I come up with silly jokes but Vambre doesn't find them funny.

Vambre: Tell that to Flonk.

Natilee: Flonk was a numbskull, a bad comedian, a bully and a thief from what I remember. No offense Luan.

Luan: None taken Natilee.

Vambre: He sure was Natilee.

Prohyas: He was a bad meany-bobeany to us when we were kids. He would always make fun of us and steal our milk and pick on us.

Penny: Some people will never learn.

Lori: That is literally the truth Penny.

Natilee: I also remember that you had a stupid dumb doppelganger Prohyas.

Prohyas: Oh yeah. That was Nohyas and his dumb hand puppet Hambre.

Vambre: He had ruby red hair and had a mustache and a dumb hat.

Lana: He was the first bad guy in Lyvsheria that I caught before we banished all the bad guys to the Outlands.

Vambre: That's right Lana. You have those amazing Ice Powers.

Lana: Yep. Lets make some steak and eggs for everyone when they come back.

Natilee: Okay. Prohyas, Vambre, the rest of the siblings and my mom and dad are at Aunt Ruth until 3:00 and Aunt Ruth is the epitamy of torture. She makes them watch boring slideshows of all her cats, feeds them moldy pudding that's over 60 years old which I'm surprised they all haven't gotten botulism from and whenever Lincoln goes he gets singled out to do special chores like cleaning the litterboxes, and scraping her bunyons and her extra toe. She has a sixth toe on her left foot.

Prohyas and Vambre shuddered.

Vambre: That is not pleasent.

Prohyas: I can believe it.

---

Later at 3:00 they were all watching TV and reading books when Vanzilla 2.0 came up.

Natilee: They're back.

They got to work and when we came in we saw the table chalk full of Steak and Eggs.

Natilee: Welcome home guys.

Me: Whoa! This is awesome. How was everything guys?

Natilee: Everyone was great dad. Lincoln, Shannon, and Lily have amazing talent.

Lincoln: I have a hidden talent and a divine singing voice.

Varie: That's amazing Lincoln.

Lola: I agree Linky.

Leni: Oh Linky I'm so happy for you.

Natilee: How about as you all eat that we have Lincoln sing for you all. It'll be like a karaoke club.

Lynn Sr.: That's a great idea.

A stage was set up and Lincoln was ready.

Lincoln: I'm gonna sing Madonna's Sky Fits Heaven.

Natilee: Ooh. Good choice.

The song played.

Lincoln: (Divine Singing)

Sky fits heaven so fly it

That's what the prophet said to me

Child fits mother so hold your baby tight

That's what my future could see

Fate fits karma so use it

That's what the wise man said to me

Love fits virtue so hold on to the light

That's what our future will be

*[Chorus:]*

Traveling down this road

Watching the signs as I go

I think I'll follow the sun

Isn't everyone just

Traveling down their own road

Watching the signs as they go

I think I'll follow my heart

It's a very good place to start

Traveling down my own road

Watching the signs as I go

Traveling down my own road

And I'm watching the signs as they go

Traveling, traveling

Watching the signs as I go

Hand fits giving so do it

That's what the Gospel said to me

Life fits living so let your judgments go

That's how our future should be

*[chorus]*

Traveling down my own road

Watching the signs as they go

Traveling down my own road

And I'm watching the signs as I go

Traveling, traveling

Watching the signs as I go

When the song ended everyone cheered wildly.

Lola: WHOOO! WAY TO GO LINKY!

Vambre: Jolly Good that was a joy and a magnificent performance.

Prohyas: Lincoln you are awesome!

Lincoln: Thank you all.

Lynn: That was an awesome song bro!

Lucy: If I had a heart it would be bouncing with excitement.

Ember: Lincoln you have an amazing talent.

Me: You have quite the talent buddy.

Vince: I agree partner. You are awesome bud.

Lincoln: Thanks Vince.

Carol: Linky you are amazing.

Sam: Yeah.

Luna: Thanks Luvbird.

Lisa: Affirmative fellow siblings and friends. Lincoln has a magnificently divine and superb singing voice.

Natilee: So does Shannan and Lily.

Luna: That's right.

The songs I put in are my favorite songs that I've know since I was a kid. I love Celtic Music the most. I also love Dark Goth Music. Marsupilami is a funny show and I love his silly shenanigans. Norm is a big dumb bully as well as the main antagonist of the show. I wanted to include Prohyas and Vambre as a permanent addition to the series. Let me know what you think.

See you all next time.

**LUAN:** No one likes a critter. (laughs) Get it?

Me, Varie, the Eds, Matilda, Naruto, Vambre, Aylene and Vince laughed.

Me: That was funny.

Raven: (Laughs) Critter. I just got it.

(The squirrels then attack Luan, who runs away; Luna is playing her acoustic guitar with Lola watching)

**LOLA:** Nice playing, Luna.

**LUNA:** Thanks, little dudette.

Laney: This is so much fun.

Shannon: I love relaxing in the park.

Ember: Me too.

Natilee: It makes me feel one with nature.

Jessie B.: It sure does.

Shanan: I love being one with nature.

(Lynn is tossing a football with Anna and Lisa. Lisa catches it)

**LYNN:** Nice catch, Lisa.

**LISA:** Nice throw, Lynn.

Anna: Hey Lynn catch!

Anna threw a basketball at Lynn and she caught it.

Lynn: Nice throw Anna.

Anna: Thanks Lynn.

Terra: Anna lets play baseball.

Anna: Oh it is on!

Anna, Lynn, Lisa and Terra went to a baseball diamond.

(Lincoln, Linka, Lilly, Janeen, Jared and Carol are sitting on the blanket, eating sandwiches.

**LINCOLN:** (to the viewers) There's nothing like a sibling picnic at the park.

Linka: You said it Lincoln.

Lilly: You know it Linky.

(Lincoln then gets up and decides to go for a walk in the forest, he finds a long patch of vines)

**LINCOLN:** A long patch of vines?

(Lincoln pulls the vines away, revealing a large beautiful meadow, Lincoln gasps in awe)

**LINCOLN:** A meadow?

I appear by him.

Me: What did you fi… (Sees the meadow) Wow! What a beautiful meadow.

Lincoln: It sure is.

(Me and Lincoln then walk around the meadow and gaze at the scenery, they're large, round hills, flowers blooming, a small pond with some frogs, a large lake to swim in, and a sole log to sit on)

**LINCOLN:** This meadow is amazing.

Me: It sure is.

(Birds then flock around Lincoln, we then sit on the log and pull out a comic and we hear birds singing)

**LINCOLN:** (sighs) This is so relaxing, birds are singing, flowers are blooming, and the atmosphere is perfect.

Me: It's so tranquil.

FIVE MINUTES LATER

(Me and Lincoln are reading comics on the log we were sitting on, Lincoln then remembers something)

**LINCOLN:** Oh yeah!

Me: Lets head back.

(Me and Lincoln then grab our comics and walk out of the meadow. Lincoln places the vines back as they were and we then ran back to the others)

**LUNA:** Hey, dudes. Where were you?

**LINCOLN:** We were in the woods for a hike.

**LANA:** I saved you guys an extra soda, Lincoln. (tosses a can to me and Lincoln) Here you go.

(Lincoln catches the soda and opens it)

**LINCOLN:** Thank you.

Me: Thanks Lana.

TWO HOURS LATER

(After a fun time at the park, We all pack our things and head to the van, Lynn is struggling to carry the picnic basket)

**LYNN:** Why is this so heavy?!

(The picnic basket then shakes, startling Lynn. The flaps are open, revealing Lana eating)

**LANA:** Hey, Lynn.

**LYNN:** (facepalms) Are you serious?!

Lily: Lana you are one silly girl.

(Lana got out of the basket as she and Lynn got into the van and head home)

LATER THAT NIGHT

We are all getting ready for bed, Lincoln is brushing his teeth in his room and he spit in his waste bucket.

**LINCOLN:** (to the viewers) Man, that meadow was so amazing.

Me: It sure was buddy.

Lincoln: That's why I'm going back tomorrow. But I can't let elveryone else know about it. They spoiled everything fun for me. (yawns)

Me: I'm sure they wouldn't do that Lincoln. I'll go with you too. Lets go to sleep though.

(Lincoln then fell on his bed and went to sleep)

THE NEXT DAY

(Me and Lincoln then pack everything in our backpacks and Lincoln uses the inflatable slide to slide down the house and I fly out the window)

**LINCOLN:** No sisters, good start.

(Me and Lincoln begin walking on the footpath. Lana sees us and she runs to her room to pack her backpack. She is about to head out, but Lola see's her as she is about to head to the front door)

**LOLA:** Where are you going?!

**LANA:** Um… to school.

(Lola shrugs and she heads up to her room with her sleeping mask on for a nap)

**LANA:** (wipes her forehead) Phew, that was close.

(Lana then walks out of the door and she grabs her pogo-stick and hops after Me and Lincoln)

TWENTY-FIVE MINUTES LATER

(Lana has reached the forest and jumps off of her pogo-stick and finds the path Me and Lincoln had taken yesterday, she reached the vine patch, Lana pull the vines and she sees the meadow and she's in complete joy)

**LANA:** A meadow!

(Lincoln is lying on the log sighing in relaxation, I am laying on the ground watching the clouds and we hear another sigh, but it wasn't us. Lincoln finds Lana lying next to him)

**LINCOLN:** Lana! What are you doing here?!

**LANA:** Well, when I found this peaceful meadow, I've found you two. And I followed you through the woods.

Me: That makes sense.

**LINCOLN:** Hmph, make sense, Lana. So, what are we sitting here for? Let's have fun!

**LANA:** YEAH!

Me: Lets!

(The trio then have fun in the calm and peaceful meadow. We roll down hills, climb trees, Me and Lincoln are swimming in the lake with Lana, and we are now on the grass, starring at the clouds)

**LANA:** That cloud looks like a rabbit eating marshmallows.

**LINCOLN:** That cloud looks like a horse on a bicycle.

Me: That cloud looks like an elephant on the trapese.

(Me, Lincoln and Lana then share a laugh. Then a bunch of bunnies appear around us and we cuddle the bunnies)

Me: You all are so cute.

**LINCOLN:** Man, this was the best fun I've ever had.

Me: You said it buddy.

Lincoln: I'm glad that you followed me here, Lana.

**LANA:** No problem, big brother. This meadow was quiet and peaceful.

---

(Back at the house, Lola is napping on her bed, she wakes up, miffed)

**LOLA:** Wait a minute! It's Saturday, school's not on today! (Yawns) But, I'm too tired to yell about it.

(Lola then went back to sleep; At the meadow, Lana then removes her hat, Lincoln notices Lana's pigtails)

**LINCOLN:** I was wondering, why is your hair in pigtails, Lana?

**LANA:** Well, before I got my hat, I wanted to put my hair in a ponytail like Lynn and Luan's, but I decide that pigtails are better. And do you know who suggested them to me?

**LINCOLN:** Who? - Lincoln ask

**LANA:** You, Lincoln. If you've never suggested that I'd wear pigtails, my hair would never be like this.

**LINCOLN:** No problem. You look cute wearing them.

Me: That is adorable.

(Lincoln then tickles Lana's pigtails, she laughs and falls on Lincoln, she tickles him, he laughs)

**LINCOLN:** Stop, that tickles! (Laughs) I guess we can keep this meadow our little secret.

Me: Yeah.

(We then share a laugh. Lincoln and Lana got on their knees on the log and they cutely rub their noses together)

Me: Aww! That is so cute.

LATER THAT DAY

(We are walking home from a fun time at the meadow. We reach the front yard and we find Luna is playing her violin on the staircase)

**LUNA:** Hey, dudes. Where you two been at?

Me: The Zoo.

**LINCOLN:** The Mall.

**LANA:** The Movies.

(We stare at each other in confusion)

**ME, LANA AND LINCOLN:** The park.

(Me, Lincoln and Lana shut ourselves up, Luna shrugs and went inside. We wiped their foreheads)

**LINCOLN:** That was close.

Me: Yeah.

**LANA:** I hope the siblings don't found out about the meadow.

THE NEXT DAY

(Lana is swimming with the frogs, Lincoln has his feet in the water)

**LINCOLN:** These frogs are hopping everywhere.

Me: They sure are.

(He then finds a familiar face with him)

**LUAN:** Yeah, let's hop to it! (laughs)

(We then find all of the other sisters, Varie, Vince, Aylene, My Children, Naruto and the girls, Yuko, The Loud Rabbits, Matilda, Timmy, Tootie, Chloe, Lilly, The Teen Titans, Janeen, Jessie B. Prohyas and Vambre and Lilly in the meadow with us, Lincoln angrily grabs Lana)

**LINCOLN:** (vexed) Lana, you promised not to tell anyone!

**LANA:** I swear I didn't tell! I may have yelled a bit too much.

FLASHBACKS TO YESTERDAY

(Lana is in the bathtub, taking a bubble bath with Hops)

**LANA:** (yelling) Man. Hops, that meadow was peaceful! It's in the forest, near a patch of vines!

(Unbeknownst to Lana, the others are eavesdropping on her, they then smile at this plan, Lana see's them)

**LANA:** Get out of here! Hops, sic' em!

(Hops then chases the others out of the bathroom)

BACK TO THE PRESENT

**LANA:** Sorry, Linc. I yell when I get happy!

Me: That's all right Lana.

**LINCOLN:** (sighs) It's not your fault, Lana.

(The others gathered around Lincoln and Lana)

**LINCOLN:** You know, it's actually more fun with all of us.

**LUNA:** Thanks, dude. It's pretty peaceful around here.

Varie: It sure is.

(Everyone then agreed with this as we're having fun at the meadow, Lori is checking her phone, she see's Lana chasing Lincoln with a snake, Luna and Leni are watching the clouds with Lily, Lola is picking out flowers, Lisa is with some birds in a tree, Luan is sitting by the pond with her feet in the water, and Lucy and Lynn are rolling down the hills. Everyone is having a fun time)

ONE HOUR LATER

(We are all in a circle, sitting on pillows, Luna is playing her acoustic guitar)

**LINCOLN:** Man, this is fun!

**LORI:** Yep, this is literally the most quiet day I've ever had.

Jessie K.: It sure is.

**LYNN:** (lying on the grass) This is nice, real nice.

(It shows everyone, sans Lana, in the lake water, swimming)

**LORI:** This water is perfect.

Lily: Oh yeah.

Starfire: It sure is glorius.

**LOLA:** Lana, get in here! The water's perfect!

(Lana is floating in the pond, swimming with the frogs)

**LANA:** (relaxed) No way, I got my own swimming hole.

LATER AT DUSK

(The siblings are staring at the clouds)

**LINCOLN:** That cloud looks like a volcano.

Yuko: That cloud looks like a phoenix.

**LUAN:** That cloud looks like a swarm of butterflies.

Aylene: That cloud looks like a Brachiosaurus.

Brittney: That cloud looks like a flower.

**LENI:** Why does that cloud have six colors?

(Lola then see's up in the sky that it's not a cloud, but a large, beautiful rainbow)

**LOLA:** That's not a cloud, that's a rainbow! It's pretty!

Me: It's gorgeous.

**LYNN:** Whoa, that's really cool!

Lilly: I love rainbows.

**LUNA:** I can't believe we found this beautiful meadow.

**LUCY:** And we have to thank three people for this amazing discovery.

(The girls then turn to Me, Lincoln and Lana and embrace us in a group hug)

**LINCOLN:** Thanks, girls.

Me: I'm glad we found this meadow.

Lincoln: It was actually fun with me, J.D. and Lana, but it's more fun with all of us.

Vince: You said it buddy.

**LISA:** Thanks, Lincoln.

Aylene: This is so peaceful.

**LUNA:** Let's come back here tomorrow.

**LANA:** Deal.

Me: That's a great idea.

Eddy: Sure.

Liam: That there's a great idea.

Warren: I agree.

Betty: Me too.

**LORI:** (her watch beeps) It's time to go home.

(We then pack our things and walk out of the meadow, Lincoln then place the vines back in order)

**LINCOLN:** (to the viewers) Our little secret, guys.

Me: All of ours.

# Knudson VS Uchiha (Done Right)

WARNING: This chapter contains alot of gruesome and bloody violence.

I am in the Simulator doing an exercise and Varie, Vince, Aylene, Carol, Lincoln, Lilly, Lucy, Laney, Brittney and Lisa are in the control room.

The exercise began and I found myself in the Leaf and I saw Naruto about to fight Sasuke on the roof of the hospital.

Me: Naruto!

Naruto saw me.

Naruto: Who are you?

Me: My name is J.D. Knudson. Let me face Sasuke. I've been wanting to put this buttface in his place for quite a while now.

Naruto: Go get him.

I hop down and stood ready to face Sasuke in all of his evil and malevolent madness.

Sasuke: Who do you think you are!? This is my fight with Naruto!

Me: Naruto is no longer any concern to you. Your fight is now with me. And I'm going to show you no mercy.

Sasuke: So you are going to challenge an elite?

Me: You are no elite you worthless little freak. And no I don't to fight you. I want to kill you.

Sasuke was enraged when he heard me say that.

Sasuke: (Enraged) What did you just say to me!?

Me: You heard me you dirt clod. I've been waiting for this day for a long time Sasu-gay. I'm going to kill you and send your wretched soul straight to Oblivion.

Naruto: What!? No! You can't kill him J.D.

Me: I know Naruto but this dirtbag is completely evil and filled with rage, hate and madness and he needs to be destroyed.

Naruto: Yeah but still…

Me: Who are you trying to convince Naruto? Open your eyes. This demon that you and Sakura have known as a teammate is not a human being. He is the Devil in human skin. He holds no loyalty to the village and is nothing but a ruthless, pitiless, remorseless, selfish, evil, heartless, hateful and spiteful monster that deserves to go back to the darkest pits of the Netherworld for all eternity. It was because of this monster and his clan minus Mikoto Uchiha that your mother and father were killed when the 9-Tails Attacked.

Naruto was shocked when he heard that.

Sakura: What do you mean by that?

Me: I'll show you both. (Snaps fingers)

Naruto and Sakura suddenly had a vision of the past. They both saw the 4th Hokage Minato Namikaze and Kushina Uzumaki with a baby Naruto and they quickly put the pieces of the puzzle together as the scenario revealed itself down to the last detail about the reason why Naruto was chosen as the Jinchuriki of The 9-Tailed Fox. They saw that Minato and Kushina loved Naruto more than life itself and how a rogue Uchiha was responsible for Naruto being an outcast and a plague upon the village. They saw numerous things. When it was over Naruto had a look of sheer rage on his face and Sakura broke down crying. She now knows that everything about Sasuke was a total lie and that he is an evil and heartless monster and a 20,000% dark creature from the darkest pits of evil in its entirety and that Naruto is a brave and sweet boy that would protect her no matter what and he has done so many great things for her.

Naruto: (To Sasuke, Enraged) You heartless and evil monster! Your clan killed my mom and dad and ruined my life! Because of your clan except for your mother I was made an orphan and a plague in the village! I will now kill you and avenge my family!

Me: No Naruto. Let me do it. You take Sakura and go tell Kakashi.

Naruto: I understand.

Naruto and Sakura left.

Me: Now Sasuke. Your time has come.

I dash and elbow Sasuke in the face with devastating force and send him crashing through the fence and into the Hokage Mountain.

I spread my wings and fly towards him and he was in a cave bleeding profusely.

Me: Just look at you. Knocked down after one punch to your face. You are just as pathetic as the rest of your clan. No wonder Itachi was able to kill them all without so much as breaking a sweat.

Sasuke got up and his Curse Mark was spreading.

Sasuke: I will kill you for saying that!

Me: You are just a worthless and pathetic moron!

I kick him in the stomach and punch him in the face and kick him in the back of the head and he belched up a huge amount a blood.

Me: Your clan got what they deserved because of their arrogance, delusional ambitions, selfishness and evil. Just like you are going to and your precious council can't save you this time. It's too bad. But the comfort you've always felt at being called the strongest clan in the Leaf Village will come to an end today. No more will name Uchiha mean anything but failure.

Sasuke: (ENRAGED SCREAMING) I HATE YOU!

My aura flared up to an extreme intensity.

Me: Thanks for the power boost. But you are no longer worth my time anymore.

I snap my fingers and a huge explosion was heard.

KRABOOOOOOOOOOOOMMMMMMM!

Sasuke: What was that?

Sasuke got up and he saw the entirety of the Uchiha district completely engulfed in a raging inferno.

Sasuke: No! NOOOOOOOOO!

He screamed in a ballistic fury and he knew that I was responsible.

I turn and walk away.

Sasuke was enraged by this humiliation.

Sasuke: You monster! You get back here now! Fight me!

Me: No. You are not worth my time anymore. You are just a worthless little coward who has absolutely no love and no value for teamwork. You make me sick Sasuke Uchiha. Just looking at you makes me want to hurl my guts out. The days of the Uchiha are finished forever Sasuke and your clan deserves to be forever damned.

I fly away and Sasuke was taken to the hospital.

12 hours later Me, Naruto, Sakura, Shikamaru, Kiba, Choji and Neji were on our way to retrieve Sasuke. He left the village of his own free will and is heading to Orochimaru to strengthen his Curse Mark and kill Itachi.

Me: So the Uchiha is now a traitor. We'll make sure that he pays the ultimate price for his crimes.

Naruto: I will make him pay for killing my mom and dad.

Me: We all will.

We then ran into the Sound 4.

Me: Sound 4. We meet at last.

Sakon: Yes. We know you're here to retrieve the Uchiha.

Me: We can do this one of two ways. 1) you hand over the barrel he's in and we'll be on our way or 2) we kill all four of you and take the barrel by force. So what's it gonna be?

Jirobo: We were tasked to deliver Sasuke to Lord Orochimaru so he can be his next vessel.

Kidomaru: We are not giving him back to you.

Me: All right then.

My aura flared up and the ground started shaking violently as powerful storm clouds built overhead and lightning struck everywhere at an extremely powerful rate. Rocks, boulders and pebbles lifted off the ground. I spread my wings and my hair turned golden yellow and lightning arched around my body at an incredibly powerful level. I release the full extent of my power in an incredibly powerful flash of light.

Me: HHHHHHHHAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAH

The light was so bright that it could be seen for miles. When the light faded I had become a Super Angel 4. My wings were glowing in a super bright golden yellow, my hair was now in a cronmage and my muscles and physique were stronger than ever. My tail was out and it was surging with even more lightning than ever.

Me: (Deeper Voice) At long last. I have ascended.

The Sound 4 were shaking in fear and they were horrified at the sheer volume and magnitude of my power.

Jirobo: Wha… !? What is this kid?

Kidomaru: His level of Chakra is unbelievable. He makes Lord

Orochimaru's power look like a civilian compared to him.

Me: You four are history.

I fired an energy blast and vaporized Sakon & Ukon, Kidomaru and Jirobo. Tayuya was shaking in extreme fear when she saw that I was able to kill her teammates with ease in the blink of an eye. I walk up to her and whisper something in her ear.

Me: (Whispering) You are now free.

Tayuya's Curse Mark on the back of her neck turned blue and a blob of pure evil left her. She collapsed in exhaustion.

Me: Shikamaru, pick her up and take her back to the Leaf. I have a feeling that she can sell out Orochimaru and provide us with everything we need about him.

Shikamaru: What a drag.

Naruto and Sakura suddenly felt an enormous power boost from within them.

Naruto: Wha? What's happening? I feel an incredible power increase.

Sakura: Me too.

Suddenly they were enveloped in a blinding flash of Orange and Pink light and a massive vortex of fire appeared around them and exploded high into the sky at an incredible speed. Out in the vast distances of space the vortex of fire took the form of a massive and beautiful phoenix and it had the entire Solar System in its talons. It let out a powerful call and the entire continent of the 5 Great Nations underwent a tremendous change. Forests, jungles, rainforests, dense forests and all kinds of plants and more appeared and grew all over and more. Naruto and Sakura's energy levels were skyrocketing at an astronomical and phenomenally powerful rate. The tremendous energies from the infinitely vast distances of space poured into the phoenix.

Shikamaru: What is happening in there?

Neji: BYAKUGAN!

Neji activated his Byakugan and he saw a phenomenal chakra increase.

Neji: Naruto and Sakura's Chakra levels are rising at an unbelievable rate. But there are lots of other energies of incredible power pouring into them at an incredible level and it's rising fast.

When the phoenix faded 2 hours later, a dome of fire appeared and the knowledge of all the Fire Style Jutsu in the world flowed into the dome. When it faded Naruto and Sakura were forever changed. Naruto had wings made of pure fire, an orange sleevless battle gi, red ANBU pants, yellow shoes and a symbol was on his back. Sakura had the same things and she had the appearence of a goddess.

Naruto: Wha? What happened?

Sakura: I feel stronger than ever before.

Me: My energy must've given you an incredible power increase. Your energy levels are absolutely unbelievable.

Sakura: Incredible.

Naruto: Yeah.

Me: And just in time too. Look.

I point to the barrel and it bursted open and Sasuke arose and laughed maniacally. He then ran for it.

Sakura: He's getting away!

Me: I have a feeling I know where he's heading. Shikamaru, You, Neji, Kiba and Choji head back to the village and take Tayuya with you. Tell Kakashi and let him know what's going on.

Shikamaru: Right.

They left.

Me: Naruto, Sakura, you two are with me.

Naruto: Right. J.D. thank you for telling us about my past and more.

Me: You're welcome bro. Lets go.

We flew and we arrived at the Final Valley.

Me: The Final Valley. I had a feeling he was gonna come here.

Naruto: And it looks like we've beat him here.

Sakura: There he is.

Me: He arrived 20 seconds after we did. Okay lets get him guys.

We flew to him and stood ready.

Me: Going somewhere Sasuke?

Sasuke turned around and the left side of his face had black flame marks and his left eye was yellow and it had a black sclera.

Sasuke: So you all arrived. Why are you all so different?

Naruto: That's none of your business Sasuke.

Me: You are a traitor Sasuke. We're taking you back to the village so you can face the Chopping Block.

Sasuke: We'll see about that. I'm going to Orochimaru so I can fulfill my goal.

Me: I don't think so.

I snap my fingers and Orochimaru appeared by me and I slash his head clean off his shoulders and a fountain of blood exploded from his decapitated body. I fired an energy blast and vaporized him completely.

Me: Have fun in the Netherworld you filthy snake.

Sasuke felt an extreme pain and his Curse Mark disintegrated.

Sasuke felt his neck and noticed that his Curse Mark is gone.

Sasuke: My Curse Mark!

Me: It's gone forever Sasuke.

Sasuke was infuriated.

Sasuke: (Enraged) You wretched fiend! You destroyed my source of power!

Me: And I show no remorse in doing so. Now I'm going to finish what I started back at the Leaf.

Naruto: I'm going to avenge my mom and dad.

Sakura: I don't know what I ever saw in you Sasuke. You are nothing more than a monster and a demon in human skin. You will pay for poisoning my mind with false images!

Me: Get ready Sasuke. There's going to be one less Uchiha in the world.

(End of All Hope by Nightwish plays)

I teleport and punch him in the face and send him flying and he crashed into the cliff wall.

KABOOM!

Rocks piled onto him and he exploded out of the rubble and he charged toward us screaming at the top of his lungs in a ballistic rage. We charged and went at him and we clashed in a tremendous explosion of fire.

TTTTHHHHHHOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

I punch Sasuke in the face and he punched at me and I dodged it and punch him in the stomach and I blow him into the wall with incredible force.

CRASH!

Sasuke exploded out and Sakura punched him in the mouth and kicked him in the chest and threw him into the statue of Madara Uchiha. He rebounded and we attacked him and thunderous shockwaves were made with each punch and kick. The entire planet was shaking to the very core under the sheer ferocity of the fight. The fight was so savage, brutal, insane and ferocious that it was unbelievable. Massive explosions of fire were destroying the landscape and smoke, ash, sparks and embers went high into the sky and rained down on the area. Sasuke was sent flying with a powerful punch and he crashed into another cliff with devastating force.

CRRRAAAAAAAAAAAAAAAASSSSSSSSHHHHHHH!

When he got up his eyes have become the Mangekyo Sharingan and a purple fire erupted out of him. He had his Susanno activated and he had an arrow of pure Chakra and lightning ready.

Me: So you've activated your Susanno.

Sasuke: NOW DIE!

Me: I don't think so. (Cups hands to the side) KAAAAA! MEEEEE! HAAAAA! MEEEEE! HAAAAAAAAAAAAAAAAAAAAAA!

Me and Sasuke fired our techniques at the same time and they hit and they exploded with incredible power.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion was so powerful and so devastating that it completely obliterated the entire Final Valley in an instant. When the smoke cleared the entire Final Valley and landscape around it was completely engulfed in flames, smoke and fire and was now a crater.

Sasuke was panting in exhaustion and his eyes had blood dripping down his face. Me, Naruto and Sakura were still standing and we weren't in the least bit exhausted.

Me: Wow! What power!

Naruto: No kidding. The entire Final Valley has been completely

destroyed.

Sakura: Yeah.

Sasuke: What is wrong with you!? Why do you persist and continue to torment me!? Why won't you all just die already!?

Me: Because we hate your guts and we're going to send you off to the darkest pits of the Netherworld personally.

Naruto: It's over for you Sasuke. The days of the Uchiha are now finished forever.

Sakura: Your clan ruined so many lives over the centuries and they paid for everything they did.

Sasuke suddenly felt a tremendous pain in his eyes and they went completely white and blank.

Sasuke: I can't see anything! I'm blind!

Me: This is the price you have to pay for overusing the Mangekyo Sharingan. When you use it too much it rapidly deteriorates the users vision to the point of permanent blindness. You got ultimate power and it bit you hard in the butt. It's over Sasuke. You're finished.

I flare up my aura.

Sasuke: I will never be finished! You all will die by my hands!

Sasuke charged up a Chidori to maximum power.

Naruto: Sasuke it's over. You lost. You can't see anything so there's no point in continuing to fight.

But Sasuke was not gonna listen to reason.

Sasuke: Shut up and die!

He charged toward us and I charged up a Kamehameha Wave.

Me: Then you will learn the hard way. KAAAA! MEEEE! HAAAA!

MEEEEE! HAAAAAAAAAAAAAA!

I fired a Kamehameha Wave at Sasuke and he hit the energy wave with the Chidori and it exploded in his face with incredible power.

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Kakashi was running to the Final Valley when he saw the explosion and the Shockwave blew him away into a tree.

When the smoke cleared Sasuke was half of what he is. His lower body had been completely blown apart and his intestines and internal organs were hanging out and blood was pouring out of him. His right arm was blown completely off of his shoulder and a chunk of his face and head were blown open and his eyes were blasted out of his eye sockets and on the ground. His brain was exposed to the open and his chest had a huge hole in it that completely exposed his evil black heart to the open. He was screaming in complete excruciating agony and pain. The water was turning red with his blood.

Sakura: Oh man!

Naruto: Whoa! That explosion completely ruined him.

Me: No kidding. That is sick. I'm sure glad I don't have a weak stomach.

Naruto: Me too.

Sasuke's power and energy was draining fast and he only had minutes left to live.

Me: It's over Sasuke. Though you've brought all this on yourself, it's a shame that your life has to end like this in such a miserable way.

Naruto: We tried to be your friend and teammate Sasuke but you wouldn't let us. You've alienated yourself from everyone and only cared about no one but yourself and your dark desire to get revenge and power.

Sakura: And now you will have to share the same fate of the Uchiha

Clan which your brother destroyed.

Sasuke was still enraged.

Sasuke: (ENRAGED SCREAMING) I HATE YOU J.D., NARUTO, SAKURA!

I snap my fingers and take away his Sharingan and jutsu, and chakra and make them my own. We start walking away.

Me: We've had it with you Sasuke and we're tired of fighting you. We're going home.

We left Sasuke there for dead and this was the one last blow to his pride that destroyed him completely.

Me: Good-bye Sasuke Uchiha. I hope you have an unpleasant eternity of pain and suffering in the darkest pits of the Netherworld. May God have mercy on your worthless soul.

In 10 minutes Sasuke died. Our power was too much for him to handle and in the end it destroyed him completely and his fate was sealed in the next life.

Control Room

Lincoln: Oh that is gross!

Laney: They sure did a number on him.

Lisa: Usually I don't do this but… [Ran to a garbage can and threw up]

Vince: Boy this fight really tore him apart.

Laney: As Lori would say, It literally did.

Brittney: The Carnage to him is delicious.

Lucy: It sure is Brittney. This Sasuke will never be going to Heaven any time soon.

Carol: It's hard to imagine that they have that much power. They completely overwhelmed him to the brink.

Simulator

Kakashi arrived and he saw the battle and was horrified by the sheer magnitude of the destruction caused.

Kakashi: Unbelievable.

Pakkun: This is incredible Kakashi. I can't believe that J.D., Naruto, Sakura and Sasuke caused all this destruction.

Kakashi: But where are they?

They saw them and Sasuke's mutilated, burned and destroyed body. He was dead.

Kakashi dashed and landed by them.

Naruto: Hey Kakashi-sensei.

Kakashi: Wow! Naruto? Sakura? Is that really you?

Sakura: It sure is sensei. We had a must needed improvement.

Naruto: Yes. Kakashi-sensei we know everything about my parents and more.

Kakashi was shocked.

Kakashi: What? Who told you?

Me: I did. My name is J.D. Knudson. It's a pleasure to meet you Kakashi Hatake.

Kakashi: Same here J.D. It's a pleasure to meet you.

Pakkun: We saw the explosions all the way from the Leaf and knew that something big was going on.

Me: I had a feeling you would.

Kakashi saw Sasuke's body and he was horrified.

Kakashi: What happened to him?

Me: He somehow activated his Mangekyo Sharingan during our fight and he used the Susanno. As you can see the fight completely destroyed the Final Valley. Or what's left of it anyway. Sasuke overused the Mangekyo Sharingan and went permanently blind. We tried to tell him that he was through and that continuing the fight was pointless.

Sakura: But he wouldn't listen to reason and in a last ditch effort he charged up a Chidori to maximum power and charged at us.

Naruto: J.D. fired a Kamehameha Wave, A blast of Ki at Sasuke and he jabbed the energy blast thinking it was J.D. and it exploded right in his face and as you can see that's all that's left of him.

Me: I'm sorry Kakashi. He was completely consumed with rage, evil, hate and madness and he left the village of his own free will to join Orochimaru to gain the power to destroy us. I killed Orochimaru and obliterated him and destroyed Sasuke's Curse Mark.

Naruto: The fight was intense Kakashi-sensei.

Kakashi was floored, amazed, horrified and shocked all at once.

Lady Tsunade and Shizune and a bunch of the ANBU arrived. They were all horrified to see the incredible amount of destruction done to the Final Valley.

Lady Tsunade: What happened here?

Shizune: This is horrible milady.

Eagle: What caused all this?

Cat: I don't know but this is unbelievable.

Lady Tsunade saw us and they dashed to us.

Lady Tsunade: Kakashi!

Lady Tsunade, Shizune and the ANBU landed by us.

Shizune: What happened here?

I explain everything and they were all horrified.

Lady Tsunade: I see. This is all unbelievable.

Shizune: I can't believe that you all possess such enormous power.

Eagle: Incredible.

Naruto: But the mission is a success. Sasuke has been dealt with.

Shizune saw Sasuke dead and she went to a nearby bush and hurled.

Me: Oops.

Lady Tsunade: (Laughs) That's all right J.D. But good job to all of you.

Me: Thank you Lady Hokage.

After we got back to the Leaf they had Sasuke buried in an unmarked grave and he will never be remembered in history ever. The Civilian Council was executed for corruption and treason. Sakura's evil parents were among them. I merged everyone with their counterparts and the exercise ended. I went back to the control room and everyone cheered wildly for me.

Vince: Way to go partner.

Me: Thanks Vince. I'm sorry you couldn't get in on some of the action too.

Vince: It's okay. But you were awesome in there.

Carol: You were amazing J.D.

Lincoln: You made Lisa throw up.

Me: Oops. Sorry Lisa.

Lisa: No worries 2nd big brother. You were amazing in the fight after

all.

Laney: Yeah. That evil Sasuke got what he deserved.

Lucy: He sure did Laney. He's now in the darkest pits of the Netherworld as we speak and is paying for his crimes.

Brittney: Good riddence.

Lilly: Yeah. He gave everyone everywhere a bad name.

Me: I agree.

Varie: I'm so proud of you honey.

Me and Varie kissed.

Me: Thanks Varie.

We hugged and left the simulator.

THE END

Another Fanfiction complete.

I got this idea for a Revised edition of Knudson VS Uchiha out of the blue. This was to make up for not giving everyone an evil Sasuke destroying chapter. Let me know what you all think.

See you all next time.

# A One-Eyed Sea Menace

It starts in Lily's room and she was having a very strange dream. She saw the city of Bikini Bottom near the Bikini Atoll and it was a city of fish. She saw the citizens all enslaved by Sheldon J. Plankton, owner and found of the Chum Bucket ruling over the city with an iron fist in his quest for total world domination. She also saw that a sea sponge named Spongebob Squarepants and a starfish named Patrick Star are trying to get King Neptune's crown back. Lily saw that Plankton stole King Neptune's crown, sold it to Shell City and framed Mr. Krabs for it. King Neptune froze Mr. Krabs for 6 days while Spongebob and Patrick went to go to Shell City and get the crown back and Plankton was able to steal the Krabby Patty Secret Formula completely uncontested. He then sold Krabby Patties at the Chum Bucket and gave everyone mind-controlling bucket helmets and enslaved all of Bikini Bottom and turned it into Planktopolis. She then saw that if King Neptune doesn't get his crown back he will kill Mr. Krabs.

---

Lily woke up at 8:00 AM and screamed in fright.

Lily: AAAAAHHH! (Panting) Whoa! That was a strange dream.

Natilee came in.

Natilee: Lily are you all right?

Lily: Yeah. I had a strange dream.

Natilee: What was it about?

Lily told Natilee all about it and she was flabbergasted.

Natilee: Lily that was no dream. It was a message.

Lily: What do you think it means?

Natilee: It means that Bikini Bottom and the world are in deep trouble. No pun intended.

Lily: And Plankton is the source of it.

Natilee: Yeah.

Lily: I have to help Spongebob and Patrick.

Natilee: And Lincoln, Lilly and mom are going with you.

Lily: This is gonna be awesome.

Natilee: According to your dream it means that 5 days have passed.

Lily: We'd better hurry then.

Varie, Lincoln, Lilly and Lily got ready. They got their swords ready and Lily activated her portal and set it to Bikini Bottom. It changed and showed the city completely enslaved.

Everyone gasped.

Lincoln: You were right Lily.

Lilly: All those poor fish. We have to do something.

Lily: And we will big bro and sis.

Varie: Lets go!

They dove in and landed on the surface in the middle of the city.

Lincoln: I can't believe that Plankton is the cause of all this oppression. He needs to be stopped now.

Lilly: Yeah.

The fish were all drone chanting "All Hail Plankton" and this was a really bad nightmare unlike any other.

Varie: This is completely inhumane.

Lincoln: It sure is Varie. I'm going to literally turn that little pipsqueak into a pretzel by the time we're through with him!

Lily: Lori sure is rubbing off on you huh big bro?

Lincoln: She sure is Lily.

Lilly: Lori is a good sister Linky.

Lincoln: Oh yeah. She may be bossy but I love her.

Varie: That's good.

Lily: There's Sandy. That tail and suit is unmistakable.

Varie: Don't worry Sandy. I'll free you.

Varie fired a laser at the bucket helmet and destroyed it.

Sandy: (Southern Accent) Yee-Haw! I've been freed! What in tarnation!? What in the Texas Rodeo is going on around here?

Varie: Sandy! Down here!

Sandy came down.

Sandy: Who are all of you?

Varie: I'm Varie Knudson, a Mermaid.

Lincoln: I'm Lincoln Loud and this is my little sister Lily Loud.

Lily: Pleasure to meet you.

Lilly: And I'm Lincoln's fiancé Lilly but with 2 L's.

Sandy: It's a pleasure to meet y'all. What's going on?

Lincoln: I'm afraid the story we have is a bad one.

20 Minutes Later.

Sandy: What!?

Lily: Yeah.

Sandy: That little one-eyed megalomanical sidewinder! He has gone too far this time!

Varie: And we'll make sure that he pays dearly for this!

Lincoln: Lily where is Mr. Krabs at?

Lily: He's over here.

Lily lead them to the Krusty Krab 2, a 2nd Krusty Krab right next door to the original Krusty Krab and the Chum Bucket was right across the street from it.

Lilly: That's unusual. The Chum Bucket is right across the street from the 2 Krusty Krab's

Lincoln: It sure is. I'm gonna destroy the Chum Bucket.

Lincoln fired a blast of Lightning and it hit the Chum Bucket and it exploded into a pile of powdered dust.

KRABBBOOOOOOOOMMMMMM!

A bottle rolled towards them and Varie picked it up.

Varie: This must be the Krabby Patty Secret Formula.

Lincoln: I wonder why Plankton wanted this formula so badly.

Lily: From what I remember he and Mr. Krabs have had an extremely brutal rivalry that went on for 50 years. Plankton's one goal in life is to steal this formula and put the Krusty Krab out of business. Everyone hated the Chum Bucket because all of the food is made with rotten fish guts.

Varie: That is disgusting and wrong on so many levels.

Lincoln: That stuff would really taste like you're eating puke.

Sandy: I can't believe that Plankton's been after this formula for so long.

Varie: Me neither.

Sandy: By the way Lincoln how can you fire lightning like that?

Lincoln: I was given my lightning powers by the Iroquois Spirit of Lightning.

Lily: Most of my family was given powers through many mythological deities.

Sandy: That's unusual.

Varie: We're wasting time here. Lets go.

They went into the Krusty Krab 2 and found Mr. Krabs completely frozen in ice.

Lincoln: Whoa! Mr. Krabs is completely frozen! I'll get him out.

Lincoln karate chopped the ice and freed him.

Mr. Krabs: Whoo! Thank you so much young lad.

Lincoln: No problem Mr. Krabs.

Varie: I believe this is yours.

Varie hands Mr. Krabs his Krabby Patty formula back.

Mr. Krabs: Me formular. How did you get it?

Lincoln: I destroyed the Chum Bucket with my Lightning Powers and reduced it to dust and we brought it back for you.

Varie: But that's beside the point. Look at what Plankton has done to Bikini Bottom.

Mr. Krabs looked out the winder and saw what Plankton has done and he was horrified.

Mr. Krabs: What has Plankton done?

Lily: He enslaved Bikini Bottom after making the Chum Bucket a success by selling Krabby Patties.

Sandy: Yeah. It's true Mr. Krabs.

Varie: Plankton stole King Neptune's Crown and sold it to Shell City and framed you for it. Spongebob and Patrick went to Shell City to retrieve it. It was all part of his most evil plan yet.

Lilly: I searched through the rubble and found the plan here. It's called Plan Z.

Lilly handed him the file and he read it and was absolutely horrified.

Mr. Krabs: (Gasp) This is terrible! (Enraged) PLANKTON! You have gone too far this time!

Sandy: Darn tootin Mr. K.

King Neptune and Princess Mindy came in.

King Neptune: Times up Krabs.

Varie: Not so fast King Neptune! Mr. Krabs was framed by Plankton. Here. (Hands him the Plan Z file) Read this and you shall find all the answers you need.

King Neptune read the file and he was enraged.

King Neptune: (ENRAGED SCREAMING)
PLAAAAAAAAAAAAANNNNNNNNKKKKKKKKKTTOOOOOOOOOOOO

Mindy: How did you get this information?

Lincoln: I destroyed the Chum Bucket and Lilly here retrieved the file.

Mindy: That's incredible.

Varie: Oh I'm sorry. We never introduced ourselves. I'm Varie Knudson.

Lincoln: I'm Lincoln Loud.

Lilly: I'm Lilly, Lincoln's Fiancé.

Lily: And I'm Lincoln's little sister Lily Loud.

Mindy: Oh wow! I've heard so much about all your adventures on the Surface. You stopped the Black Daffodil Gang and did so many big things.

Lincoln: That's right.

Mindy: And Lily you were made a 10-year-old girl by the Glowing Water of Coventina.

Lily: That's right. I am 15 Months old and I look like I'm a 10-year-old girl.

Mindy: That's amazing.

Screaming was heard and something bursted through the roof and it was Spongebob and Patrick and they had King Neptune's crown.

Varie: They have the crown!

King Neptune: My crown! (Picks it up) My beautiful crown!

Lincoln: They did it!

Lilly: Way to go you two!

Spongebob: Thanks everyone.

Clapping was heard and they saw Plankton looking at them as he commended them.

Plankton: (Nonchalantly) Oh yes well done Sponge-boob.

Varie: It's over Plankton. Your days of tyranny are over forever.

Plankton: I'm not done YET!

Plankton pulls a rope and Lily knew what was coming next because of her dream.

Lily: I don't think so!

Lily fired a laser at a Bucket Helmet that was about to land on King Neptune and she destroyed it.

Lily: Not this time Plankton. You've lost.

Lincoln: We destroyed your restaurant and retrieved the Krabby Patty Secret Formula and King Neptune knows the truth.

Lilly: Yeah. You're finished forever Plankton.

Lily: And everyone will be free from your oppression.

Lily suddenly starts glowing in a sky blue aura and her energy levels were rising fast. Lily held her arms in an x shape.

Lily: **HOLY STYLE NINJA ART: SHOCKWAVE OF RIGHTEOUSNESS!**

A blast of blue energy erupted out of the restaurant and spread out all over the ocean floor. It destroyed the Bucket Helmets and freed everyone in Bikini Bottom and also returned Bikini Bottom to normal.

Everyone: YAY!

Varie: Whoa! That was powerful!

Lincoln: Unbelievable!

Lilly: What was that?

Varie: I don't know. I may be a shinobi but I've never seen a Holy Style Technique before.

The citizens came in and they all cheered wildly for Varie, Lincoln, Lilly, Lily, Spongebob, Patrick and Sandy. They ran over to them as they were stepping on Plankton and crushing him.

Plankton: (In Pain) OOOWWW! OOOWWW! OOWWW! OOOWWW! OOOWWW! OOOWWW!

---

When all the commotion was over Plankton was arrested and everyone was glad that he was gonna be gone.

Plankton: Come on I was just kidding.

Lincoln picked him up and tied him in a Pretzel knot and threw Plankton in a tiny padded boat. Lincoln took a photo of this with him smiling and he sent a text to Lori before he threw him into the boat. It was a boat for the Institution for The Criminally Tiny.

Plankton: Come on you guys know I was just kidding right? With the helmets and the big monuments. (Laughs Nervously) Wasn't that hilarious? Ow.

Varie: Tell it to the judge you evil monster!

The van drove off.

Plankton: I WILL DESTROY ALL OF YOOOOOOUUUU!

Lily: Yeah. Never again Plankton.

The Chum Bucket was destroyed, Plan Z was thwarted, Mr. Krabs was saved, Bikini Bottom was freed and returned to normal, The Krusty Krab name was restored to its former glory, and Plankton's name, reputation and everything he is known for has been ruined forever.

Lilly: Good riddance to bad rubbish.

Lincoln: You said it Lilly. Plankton will never terrorize Bikini Bottom again.

Mr. Krabs: You said it Lincoln. I am now officially and forever will be the best.

Squidward: I agree Mr. Krabs.

Mr. Krabs: Also I know who rightfully deserves to have that manager pin.

Squidward: I know. Spongebob you deserve this more than I do.

Spongebob: Thank you Squidward.

Everyone cheered.

Varie: Way to go Spongebob.

Lincoln: Yeah. You earned it.

Spongebob: I proved today that I may be a kid but I have the heart, courage and strength of a man.

Lilly: That's right Spongebob.

Mrs. Puff: If only you can now learn how to get your license but I am very proud of you.

Spongebob: Thanks Mrs. Puff.

Larry: I'm proud of you Spongebob.

Spongebob: Thanks Larry.

Spongebob, Patrick, Sandy, Varie, Lincoln, Lilly, and Lily were named the ultimate heroes of Bikini Bottom. Spongebob hired Lily to be a fry cook and she accepted. She was given the best job ever and she makes Krabby Patties as good as Spongebob's and Vince's. She gets paid a fair amount of money: $10.00 an hour. Plankton was sentenced to eternity in a Triple Supermaximum Security Prison underneath the Ross Ice Shelf in Antarctica. This prison is for the worst known criminals in the history of the worlds oceans and is completely inescapeable. It's called the Alcatraz of The Ocean because if a criminal escapes they will freeze to death in seconds. Plankton was also ordered to pay $112.72 Trillion in restitution to the entire city of Bikini Bottom. Lily placed a terrible curse on Plankton and it was a fate worse than death: Eternal Life as a Brainless Idiot. Plankton is now gonna be like Patrick forever. Some good also came out of this whole thing. Spongebob and Sandy were now officially in love and are engaged. Patrick and Mindy too. Mr. Krabs and Mrs. Puff are now engaged too and are working the Krusty Krab and Boating School together. They merged their businesses.

Varie, Lincoln, Lilly and Lily revealed everything to us and we were amazed.

Me: Wow! Guys that's incredible.

Varie: Yeah and in the end Plankton got what was coming to him.

Lincoln: I turned him into a Pretzel for you Lori.

Lori: I saw that Linky. You sure literally did turn him into a human pretzel. I think some of my ways are rubbing off on you.

Luan: Or in Plankton's case a Plankton Pretzel! (Rimshot and everyone laughs)

Me: (Laughs) That was a good one Luan.

Lincoln: (Laughs) It sure was.

Varie: So Plankton got what he deserved and he's now in a Triple Max Prison under the Ross Ice Shelf for all eternity.

Lily: As a Brainless Idiot.

Varie: An immortal brainless idiot.

Luna: I'm glad dudes.

Leni: Totes.

Lily: Also I have great news. Spongebob gave me a job at the Krusty Krab 2 and I'm gonna be making $10.00 an hour.

Lynn Sr.: That's awesome sweetie!

Rita: Oh I'm so proud of you Lily.

Aylene: Me too.

Me: We'll all have to come over sometime and get some grub.

Vince: Yeah. I want to see how it compares to my job at the Burpin

Burger.

Lily: Can't wait to have you guys there.

Me: But who's gonna take Spongebob's fry cook job at the original Krusty Krab?

Lily: Pearl is gonna take it. She's a great fry cook like he is.

Lana: That's a great way to improvise.

Laney: It sure is. I'm proud of you Lily.

Lily: Thanks big sis.

Lily was gonna be a great fry cook one day. New security measures were installed to make sure that the Krabby Patty Secret Formula never gets stolen again. Spongebob's Pineapple house and Sandy's Treedome have merged.

THE END.

Another Fanfiction Complete.

I wanted to do this one for a while now. I love Spongebob Squarepants and I have been watching it since 1999. Spongebob turns 20 in 2019 and I can't wait to see what they have in store for the 20th Anniversary of the greatest show on Nickelodeon. The Loud House turned 2 this year and it is awesome. I hate Plankton. He's been stealing the Krabby Patty for over 50 years. Which really is incredible. Even though the show has been on for only 19 years and counting. Mr. Krabs may be a cheapskate but he is really funny and he treats Spongebob like his own son. Squidward is so stupid and a completely depressed and lonely, talentless and disgraceful loser. Nobody likes his clarinet playing, art, cooking, anything. I always call him Stupid Squidward because of his hatred towards Spongebob and Patrick. Flip on the Loud House is the Loud House version of Mr. Krabs. But if you all ask me Flip is much worse than Mr. Krabs. There have been alot of guest appearences on the show over the course of 19+ years and I know alot of people. Dennis

Quaid played as Grandpa Redbeard, Bob Barker had a one time appearence as Bob Barnacle, Ernest Borgnine and Tim Conway were Mermaidman and Barnacle Boy (I did this chapter as a tribute to the great Ernest Borgnine too), Adam West played as young Mermaidman, Lots of big stairs appeared. Ernest Borgnine played Mermaidman and he was awesome. He was in this show until the end of his days when he died in 2012. He was 95.

RIP Ernest Borgnine A.K.A. Mermaidman. January 24, 1917 to July 8, 2012.

You will always be forever remembered as a great actor in our hearts, memory and in spirit.

EEVVVVVVVIIIIIIIILLLLLLLLLLLLLL!

Let me know what you all think.

See you all next time.

# Shinobi of Carnage Part 1

Vince, Lincoln, and Laney were in the Simulator doing an exercise. This is gonna be a different exercise unlike any other. It's gonna start during the Academy.

Me: Good luck in there Partner.

Vince: Thanks bud.

Lincoln: I'm so excited to do this.

Laney: Me too.

The simulator activated and they found themselves in the Hidden Leaf Village on the day Naruto failed the test for a 3rd time.

Vince: This is it guys. We're also on the day Naruto steals the Forbidden Scroll of Sealing.

Lincoln: So how are we gonna help Naruto?

Vince: We'll help him when the time comes.

They saw Naruto sitting on the swing and he was being glared at.

Vince, Lincoln and Laney stepped in.

Vince: You look at Naruto like that again and you're all dead.

Lincoln: So back off or else!

Laney: Yeah!

Civilian 1: How dare you all protect that…

Vince fired a laser and it went right through his heart and killed him instantly.

Vince: You are forever damned scum.

Lincoln: Have a nice time in the Netherworld.

Laney: We are not bluffing. You hurt Naruto ever again and it will be your last day alive!

Vince: From now on we are going to be Naruto's bodyguards and protectors as well as his brothers and sister.

Laney: That's right.

Vince: You people are so stupid and don't deserve to be called human.

Lincoln: Yeah!

Laney: Now get out of here and don't let us catch you picking on Naruto ever again.

Vince: Or it will be your last.

The people ran away and Naruto hugged Vince and broke down crying.

In Naruto's apartment Vince, Lincoln and Laney revealed everything about his heritage, his parents, his Jinchuriki status and more. Naruto was shocked and horrified but he accepted it because his parents believed in him and knew that it was for a just cause. They also revealed that Sasuke is evil in its purest form and wants nothing more than to see the entire planet burn. He doesn't care about anyone other than himself and doesn't care about his fangirls or any girl for that matter. His love for Sakura is true but her love for Sasuke is a total lie.

Naruto: I'm glad I know everything about the truth. But how am I gonna help Sakura?

Lincoln: I sense an energy imbalance on her Naruto.

Laney: My guess is that she's being controlled somehow.

Naruto: How is that possible?

Vince: A number of ways bro. But the strongest guess I can come up with is a powerful Mind Control Seal.

Laney: That could be.

Vince: Also I sense that someone put a bunch of Hinderence and Supression Seals on you Naruto.

Naruto: What!?

Vince: Yeah. I'll bet it's those buttfaces on the Civilian Council that did it. We have our work cut out for us.

Lincoln: We sure do Vince.

Vince: First lets remove those seals.

Vince placed his hand on Naruto's head and channeled his energy into him and a bunch of seals on Naruto shattered and released his full potential.

Naruto: Whoa! My power is incredible. And my Chakra Control is perfect. I feel smarter and stronger too.

Lincoln: Try forming a Rasengan.

Naruto: Okay.

Naruto held out his hand and formed a ball of Chakra perfectly and he channeled Fire Style Chakra into it and it became a miniature Sun.

Naruto: Whoa!

Laney: That is awesome!

Naruto: Yeah.

The technique faded and Naruto was now more powerful than ever before.

Suddenly a bunch of Chunin, Jonin and ANBU were out searching for someone.

Vince: That's our cue. Lets go!

Naruto: You bet.

They were off and they went into the forest and found Mizuki with the Forbidden Scroll of Sealing.

Mizuki: (In his head) Once I get this scroll to Lord Orochimaru I will be completely unstoppable!

Vince: (Offscreen) I don't think so you freak!

Vince kicked Mizuki in the face and sent him crashing into a tree and knocking him out.

Naruto picked up the Forbidden Scroll and it unrolled and a red and black blob came out and wrapped around Naruto.

In his subconcious Naruto met the 9-Tailed Fox.

Naruto: So you are the 9-Tailed Fox.

9-Tails: **That's right Kit. Just for the record I did not mean to cause you to become an orphan.**

Naruto: What do you mean?

The 9-Tailed Fox changed and became a beautiful woman with long red hair that went down to her back and she had red fox ears, 9 long red tails, red slit eyes, red and black clothes and the body of a goddess.

Naruto: Wow! Beautiful.

Natsumi: (Giggles) Thank you Naruto. My name is Natsumi and my story is a tragic one.

Natsumi revealed her story and Naruto was horrified. A rogue Uchiha posing as Madara Uchiha killed his parents and made him an orphan and outcast.

Naruto: I will find that Rogue Uchiha and make him pay for ruining my life and taking my family away from me.

?: **And I will help you both.**

The red blob appeared and stood before them. It was the Carnage Symbiote.

Carnage: **I apologize for coming in here Naruto. My name is Carnage.**

Naruto: What are you?

Carnage: I am what's called a Symbiote. A living costume. I have seen your memories Naruto and I am very sorry about the painful life that you've had to endure because of that Rogue Uchiha. I too had a terrible life like you.

Naruto: How so Carnage?

Carnage: **I was bonded to a homicidal maniac named Cletus Kasady. He was a homicidal maniac to the 100th power and he got a really sick thrill out of causing pain, suffering, chaos, death and destruction. He hated everything and wanted nothing more than to see the entire planet burn. His hatred towards the world destroyed him completely and made him a worthless man.**

Natsumi: That's horrible Carnage. I'm so sorry.

Carnage: I **t's not your fault Natsumi. It was Cletus's fault to begin with. After I separated from him I vowed to help people from now on and make it my mission to destroy all evil.**

Naruto: That's a powerful cause. Lets bond and help everyone. We'll be one and work together.

Carnage: **I would like that Naruto.**

Naruto and Carnage bonded.

Out in the real world Naruto became Carnage.

Vince, Lincoln and Laney were shocked.

Vince: Naruto? Is that you?

Naruto: **Yes Vince. We are also Carnage.**

Naruto revealed his face.

Naruto: Me and the Carnage Symbiote are now one and we are gonna help people.

Lincoln: The Symbiotes are real? This is amazing!

Naruto: It sure is Lincoln. I have quite a story to tell you after we bring the scroll back to Grandpa.

Vince: Lets do that then.

They tied up Mizuki and brought the Scroll back to the Hokage.

Lord Third: I thank you all for bringing the scroll back and bringing Mizuki to justice.

Vince: You're welcome Lord Hokage.

Lord Third: Now who are the three of you?

Vince: I apologize Lord Hokage. I'm Vince Pusateri.

Lincoln: I'm Lincoln Loud and this is my little sister Laney Loud.

Laney: Pleasure to meet you sir.

Lord Third: Pleasure is all mine.

Naruto: Grandpa I have quite a story to tell all of you.

Naruto revealed everything and they were all shocked.

Vince: So Cletus Kassidy was the Carnage Symbiote's previous host?

Lincoln: I've read alot about Cletus Kasady. He was a Homicidal

Madman to the core and he was an extremely ruthless monster.

Naruto: Yeah. That's putting it mildly brother Lincoln.

Vince: I agree Naruto.

Lord Third: I'm sorry I kept all this a secret from you Naruto.

Naruto: I know Grandpa. My mom and dad made a huge number of enemies and you were doing all of this for my protection.

Lord Third: Yes. Now I am officially making you a genin Naruto. But Naruto just a forewarning your sensei is Kakashi Hatake and he's one of the people that hates you because of Natsumi.

Naruto: I appreciate it Grandpa.

Vince: If he tries anything he will regret it.

The next day at the Academy Vince, Lincoln, Laney and Naruto were in the classroom.

Sasuke: What are you doing here loser?

Vince: That's none of your business murderer.

Lincoln: So butt out you monkey head.

Naruto has a red sleaveless battle gi and black pants. These were the Carnage Symbiote in the form of clothes.

Carnage's eyes appeared as a lump on Naruto's shoulder.

Carnage: (To Naruto telepathically) **So that's Sasuke?**

Naruto: (Telepathically) That's him. Mr. dark and evil himself.

Carnage: **He doesn't look evil to me. And his hair looks like the rear end of a duck.**

Naruto: (Snickering) That's funny Carnage. But appearences aren't always everything and he and his whole clan minus his mother Mikoto have killed my family.

Carnage: **Oh. He'll get it big time.**

Naruto: Yep.

Rumbling was felt and they saw Sakura and Ino racing to see who gets to sit with Sasuke.

Carnage: **So that's Sakura. She's beautiful.**

Naruto: She sure is Carnage.

Carnage: **Are you gonna help her Naruto?**

Naruto: I'll help her when it's the right time. The least I can do is be nice to her. (Out loud) Sakura. Here. you can sit next to Sasuke.

Naruto got up and Sakura took the seat.

Sakura was shocked that he would do a kind thing for her.

Sakura: Thank you Naruto.

Naruto: You're welcome Sakura.

Ino: That outfit looks amazing on you Naruto. Who would've thought that Red and Black would be great on you.

Naruto: Thanks Ino. I've never been one to worry about my looks but I figured red and black is much better than orange.

Ino: That's true.

Vince: I wonder who's gonna be on our Genin Team.

Naruto: We're about to find out now.

Iruka came in.

Iruka: All right. It's now time for announcing your team placements.

Teams 1 through 6 are not important.

Team 7 under Kakashi Hatake will be Vince Pusateri, Lincoln &

Laney Loud, Naruto Uzumaki, Sasuke Uchiha and Sakura Haruno.

Sakura: YES! Take that Ino-Pig! True Love conquers all!

Naruto: (In his head) Sakura's on my team. Awesome.

Carnage: **If only she knew the truth about Sasuke.**

Naruto: I know Carnage.

Iruka: Team 8 under Kurenai Yuhi will be Hinata Hyuga, Kiba Inuzuka and Shino Aburame. Team 9 is still in service. Team 10 under Asuma Sarutobi will be Ino Yamanaka, Shikamaru Nara and Choji Akimichi.

Ino: What!? Why am I stuck with the Lazy bum and Fatty!?

Naruto: Ino please don't call Choji that. F-A-T is taboo to him.

Choji: Thanks for defending me Naruto.

Naruto: No problem buddy.

Ino: Thank you for warning me Naruto.

Naruto: No problem.

Iruka: Boy Naruto you sure have changed alot.

Naruto: Thanks brother. I figured if I'm gonna be a shinobi I have to start acting like one. (to himself) We'll work together.

Carnage: We will Naruto.

After everyone but Team 7 left Vince, Lincoln, Laney, Naruto & Carnage, Sasuke and Sakura were waiting for Kakashi to arrive. 1 hour passed. Then 2 and Sakura was getting impatient.

Sakura: When is sensei gonna get here!?

Naruto: He probably had to have a talk with the Hokage so he'll be here when he gets here.

Vince: Kakashi-sensei has an extremely annoying habit of showing up late to everything by 2 to 3 hours and it gets really frustrating.

Lincoln: It's really annoying.

Laney: Yeah.

Sasuke: He's gonna be a waste of my time in my quest for power.

Vince: (In his head) What a heartless beast.

Lincoln: (In his head) I can't believe that Itachi let this dirtbag live.

Laney: (Telepathically) Vince I don't know what those freaks on the council were thinking letting an extremely mentally unstable monster like Sasuke become a shinobi. He should've been barred from being a shinobi completely and sent to an insane asylum.

Vince: (Telepathically) I agree Laney. Those people are the true demons. No offense Naruto.

Naruto: (Telepathically) None taken bro.

Kakashi Hatake came in. He saw the team he has and he looked at Naruto with extreme hate.

Kakashi: (In his head) So the demon brat is on my team. Perfect. Soon I'm going to kill him and avenge Minato-sensei.

Vince: (In his head) We'll see about that Baka-shi. You murderous maniac.

Kakashi: (Out loud) Are you all team 7?

Lincoln: Yes we are.

Kakashi: My first impression is you're slow and I hate you.

Vince, Lincoln and Laney's auras flared up.

Vince: (Imitating Cell) I'm sorry to hear that sensei. I was hoping you would find us all amusing.

Kakashi: Meet me on the roof in 5 minutes.

Naruto: Sakura I'll take you up to the roof faster.

Sakura: Okay.

Vince's suspicions were confirmed when he saw a Seal on the back of Sakura's neck and he fired an energy beam at the seal.

Vince: (Telepathically) I found a Seal on the back of Sakura's neck and fired a Delayed Sealing Jutsu Destroying Laser at it Naruto. It's going to destroy the seal when she goes to bed tonight.

Naruto: (Telepathically) Okay. Thank you Vince.

Carnage: (Telepathically) **Whoever put that there wants to use Sakura for their own selfish purposes. Either for money or power.**

Naruto: I have a feeling you're right Carnage and I'm willing to bet that it's her parents.

On the roof Kakashi was reading his book when Vince, Lincoln, Laney, Naruto and Sakura appeared in different Body Flickers. Vince appeared in a ball of Fire, Lincoln appeared in a ball of Lightning, Laney appeared in a tornado of Leaves and Naruto appeared in a bunch of red and black tentacles made of blood and Sakura was with him.

Kakashi: That was impressive.

Lincoln: Thanks sensei.

Naruto and Kakashi were looking at eachother with hate.

Carnage: **I can't believe that this guy was one of your father's students.**

Naruto: Yeah. He was poisoned by the evil of the Civilian Council and the man that my father knew is dead and gone.

Sasuke arrived 2 minutes later.

Kakashi: Nice of you to join us Sasuke.

Sasuke: Whatever.

They did introductions and Kakashi told them to meet him at Training Ground 7 at 8:00 AM the next day.

---

Sakura's House

When Sakura was getting ready for bed she felt a tremendous pain in her head and suddenly remembered that it was Naruto that saved her from Bullies, Naruto thats always been there for her in the past and in the future and she realized that she was doing all kinds of terrible things to him as a result of her parents evil and selfish ambitions. She broke down crying.

Sakura: (Crying) Naruto! I'm so sorry! I hope you'll forgive me!

Sakura right then and there decided to change. She took all the fashion magazines she has and all her make up and threw them all away. She destroyed her shrine of Sasuke. She cut her hair to a short length and removed the Haruno Clan Crest from her clothes and changed it to the Uzumaki Clan crest.

Sakura: From now on my name is Sakura Uzumaki, wife of Naruto Uzumaki. Sakura Haruno is dead and gone forever. I will never forgive the Haruno's for trying to make me the wife of that evil monster Uchiha.

The next morning Sakura got ready and ate a hearty breakfast and left for Training Ground 7.

Vince: Well here we are.

Naruto: Yep. If Kakashi tries anything this will be his last day alive.

Carnage: **You said it Naruto. We'll show him what Carnage is really like.**

Lincoln: We all will.

Laney: Yeah.

Sakura: Naruto!

Sakura came and she was crying hard.

Naruto: Sakura what's wrong?

Sakura hugged him and cried.

Sakura: (Crying hard) Naruto! I'm so sorry for all the terrible things I've done to you! Mebuki and Kizashi made me do all those things to you and poisoned my mind with lies about how great Sasuke was to make me his wife! It was all for power, money and selfishness! I was a pawn in all their evil! I'm so sorry Naruto! I'm sorry! I'm sorry!

Naruto's heart ached seeing her cry.

Naruto: It's all right Sakura. You weren't yourself and that is understandable. I would never do anything to hurt you. You are the most beautiful, the smartest and the most amazing kunoichi I've ever known. I love you more than life itself and I promised myself that I would always be there to protect you no matter what. I love you Sakura and nothing is ever gonna change that.

Sakura was shocked and loaded with so much joy.

Sakura: Oh Naruto!

They both kissed and Vince, Lincoln and Laney cheered for them.

Vince: Way to go bro.

Lincoln: That was beautiful.

Laney: It sure was big brother.

Sakura: By the way Naruto I am now your wife Sakura Uzumaki from now on. I severed my ties to the Haruno Clan last night.

Naruto: I'm proud of you Sakura. Also I have a story to show you.

Naruto showed Sakura everything thats happened and more and she was horrified and amazed at the same time.

Sakura: So you are the son of Minato Namikaze the 4th Hokage and Kushina Uzumaki the Red Death?

Naruto: Yep. My father and mother were amazing shinobi. But my heritage was hidden from me for my protection because they both made a huge number of enemies during the 3rd Great War.

Sakura: I get it. They would try to kill you if they ever found out you were their son.

Vince: That's right Sakura.

Lincoln: Yeah.

Sakura: And you have a Living Costume that's bonded with you?

Naruto: Yes. He is what's called a Symbiote or a Living Costume. You'll see us in action soon enough.

Sakura: I can't wait. Also Kakashi wants to kill you because he thinks you killed your father who was his teacher?

Naruto: Yep. He's that stupid and he let his hatred towards Natsumi completely blind him to the truth and make him unable to listen to reason.

Lincoln: We won't let him kill Naruto.

Sasuke: It's all a bunch of lies! Naruto is not the son of the 4th Hokage!

Vince: Sasuke shut up! You don't know anything about him.

Kakashi then appeared 20 minutes later.

Kakashi: Yo.

Kakashi went over the test and it began and Vince decided to face him.

Kakashi: You know the object is to hide right?

Vince: I know. But I have news for you. I'm not letting you kill Naruto. I know what you're gonna do. You're gonna kill Naruto and avenge Minato because of your hate towards Natsumi the 9-Tails.

Kakashi: That demon is the 9-Tails and I will see to it that he's dead.

Vince: You'll have to get by me first and that won't be easy.

The ground started shaking violently as Vince's aura flared up and his wings were spread. Lightning started arching around him and rocks, pebbles and dirt lifted off the ground.

Vince: HAAAAAAAAAAAAAAAAAAAAAAAAAAHHHHHHHHHH!

Vince went Super Angel 4 and the level of power he had was incredible. The entirety of the Leaf felt the enormous extent of Vince's power and they were on edge. Kakashi was shaking in absolute fear and he was scared out of his mind.

Vince: Get ready Kakashi. It's time to bring out the heavy artilery and I am your angel of death.

Kakashi: You're a monster! You will join that little demon back in the Netherworld!

Without warning, Vince punched Kakashi in the face and sent him skidding. Kakashi got up and he was enraged.

Kakashi: You will pay for that you Demon Loving Monster!

Vince: Sticks and stones traitor.

Naruto ran out and became Carnage.

Carnage: **It's over Kakashi! You're finished.**

Sakura: Whoa! So that is Carnage. Incredible.

Lincoln: Yes. Naruto's power is enhanced 100-fold when he becomes Carnage.

Laney: Lets attack Kakashi together guys.

Lincoln: Right.

Lincoln, Laney and Sakura charged and Lincoln fired a blast of lightning and electrocuted Kakashi.

Laney kicked him in the face and Naruto formed a sword from his arm and slashed Kakashi in the back. Naruto wrapped Kakashi in tentacles and slammed him into the ground with incredible force numerous times and slashed him in the back again and headbutt him.

Sakura punched Kakashi in the face with incredible force and sent him crashing into a tree. Laney caught him in a tornado of leaves that cut him a bunch of times.

Lincoln used his Firebending and fired a blast of fire at Kakashi and burned his arm off.

Kakashi screamed in excrutiating pain and he landed on the ground. Vince appeared by him.

Vince: Kakashi Hatake you are full of hatred and resentment towards Naruto and you were gonna kill him. That makes you a traitor and not worthy to be a shinobi of the Leaf and the student of Minato Namikaze. You tried to kill his son and you will now pay dearly for that.

Carnage appeared and went back to Naruto he grabbed Kakashi's head and stripped him of his Sharingan, his chakra and all the Jutsu he copied over the years and made them his own.

Kakashi: That creature was you Naruto?

Naruto: Yes. And as a reminder Kakashi, me and Natsumi are two separate beings. That creature is called Carnage and he is my friend and partner. My father would be absolutely ashamed of you Kakashi. You have disgraced him and tried to kill me. My real name is Naruto Uzumaki Namikaze and I am the son of Minato Namikaze the 4th Hokage and Kushina Uzumaki the Red Death.

Kakashi was horrified when he heard that.

Kakashi: You are senseis… Oh dear heaven. (Crying) What have I done!?

Naruto: I've forgiven you Kakashi. You were poisoned by the evil of the Civilian Council. It's not your fault.

Vince: Let me give you your arm back.

Vince snapped his fingers and regrew Kakashi's arm and even gave Kakashi his real eye back.

Vince: Kakashi you still have a chance to redeem yourself. It's never too late to change.

Kakashi: (Crying) I'm so sorry Naruto. I was a monster to you.

Naruto: I know.

Lord Hokage and the ANBU appeared.

Lord Third: I heard what had happened Kakashi. I am disappointed that you would try to kill Naruto. Everything he said is all true. He is Minato's son and his heritage was hidden because of his fathers enemies.

Kakashi: So it's true. I can't believe that I was used like that.

Lord Third: It's not your fault Kakashi. It's the Civilian Council's fault. But we don't have any evidence to act at this time.

Sakura: Actually I have evidence Lord Hokage.

Team 7 went to Lord Third's office and Sakura revealed everything about her evil former parents treachery and how they were using her as a pawn in an evil plot all for money and power and how they caused the entire village to turn against Naruto and make him an outcast and more. Lord Third was horrified.

Lord Third: I can't believe that Mebuki and Kizashi are that evil and selfish. You did the right thing to sever your ties to them Sakura. Your engagement and moving into the Uzumaki and Namikaze clans is now official and you are now Sakura Uzumaki Namikaze.

Sakura: Thank you Lord Hokage.

Lord Third: You're welcome. ANBU!

The ANBU appeared.

Cat: Yes Lord Hokage?

Lord Third: Arrest Mebuki and Kizashi Haruno for Corruption, Attempted Murder, Attempted Genocide, and Assault & Battery. I don't care if they're making dinner or sleeping or taking a bath, use force if you have to.

Cat: Right away sir.

2 Hours later everyone was gathered at the Chunin Exam stadium for an execution and wearing red.

Lord Third: Mebuki and Kizashi Haruno you have both been found guilty of Corruption, Attempted Murder, Attempted Genocide and Assault & Battery. For these crimes you have both been sentenced to death. Do you have any last words?

Mebuki: Yes. Tell our "Daughter" that she has been banished from the Haruno Clan. She is no longer my daughter and that she is a Demon Lover.

Everyone gasped at this.

Sakura: I would rather be a Demon Lover than a monster to parents that have no love in their hearts for anyone but themselves. You two deserve to be forever damned.

Vince: I agree.

Kizashi: Also what do you mean by Attempted Genocide? We haven't killed any clans.

Naruto: True. But you tried to kill me several times. My real name is Naruto Uzumaki Namikaze and I am the son of Minato Namikaze the 4th Hokage and Kushina Uzumaki the Leafs Red Hot Habanero and Red Death.

Everyone gasped at this revelation.

Lord Third: Yes. Everything Naruto said is correct. Minato and Kushina had a son and it's our own Naruto here. He is their son and his heritage was kept hidden because of Minato's enemies. They would try to kill Naruto if they found out about it.

Sasuke: There's no way that the Dead Last Loser is the son of the 4th Hokage! It can't!

Kakashi: Sasuke shut up! Naruto is indeed the son of my sensei and I was too blind to see the truth in front of my face. I let my hate towards Natsumi cloud my judgement.

Sasuke: It's not fair! I should've been made the 9-Tails Jinchuriki! I want that power and the creature Naruto also has!

Everyone gasped at how evil and selfish Sasuke has become.

Vince: Sasuke you have gone completely insane!

Naruto: Yeah Sasuke you do not want this. Being a Jinchuriki is the worst thing that could ever happen to anyone. When you're a Jinchuriki you are not looked at as a normal person but the very beast you carry. It's a life from the darkest pits of The Netherworld.

Sasuke: I don't care! I want your power and I will kill you in order to get it!

Lincoln punched Sasuke in the face and knocked him out.

Lincoln: Shut up Sasuke.

Laney: He was really giving me a nasty headache.

Lord Third: I agree. Sasuke is obviously not fit to be a shinobi and should not have been entered into the program because of his unstable mentality. He is also a guaranteed flight risk and his loyalty to the Leaf is now in question. Now Naruto since Kizashi and Mebuki affected you the most you may execute them.

Naruto: With pleasure Grandpa.

Naruto formed a red and black sword from his hand and slashed both of their heads off and killed them instantly.

Naruto: Give my regards to the Netherworld.

Vince: People like you two deserve to be forever damned.

Lord Third: Yes I agree. Bury them in unmarked graves. Sasuke Uchiha is hereby removed from the Shinobi Program. Team 7 is now official and made Elite Genin.

Vince decided to be Team Sensei until Kakashi gets back on his feet.

Continues in Part 2.

# Shinobi of Carnage Part 2

Team 7 was now called Team Carnage and their symbol is Carnage and his name.

Vince had been training Lincoln, Laney, Naruto and Sakura in all fields over the course of 4 months. He taught them everything and more. Natsumi was released from the Seal and given some freedom and placed on Team Carnage. Naruto now can access numerous abilities from Carnage. Team Carnage now had power and energy levels far more powerful and stronger than all the most powerful Shinobi and Kunoichi in the world combined together 750 million times over. Sakura now has an extremely rare Kekkei Genkai called Flower Style and she has the ability to sprout glowing pink Butterfly Wings and has plant powers and has fairy friends that can control fire, lightning, water and wind.

Later Team Carnage was called in to the Hokage's office and he had a mission for them. They were given an escort mission.

Vince: So who is it that we are escorting?

?: That would be me.

They saw Shibuki, the Leader of The Hidden Waterfall Village.

Shibuki: My name is Shibuki and I am the Feudal Lord of The Hidden Waterfall Village.

Vince: Pleasure to meet you Shibuki. We are Team Carnage. I'm Vince Pusateri.

Lincoln: I'm Lincoln Loud.

Laney: I'm his little sister Laney Loud.

Naruto: I'm Naruto Uzumaki Namikaze.

Natsumi: I'm Natsumi the 9-Tailed Kitsune.

Sakura: And I'm Sakura Uzumaki Namikaze.

Shibuki: It's a pleasure to meet you all. Your mission is to escort me back to the Hidden Waterfall. You all can come in to the village and see it if you'd like.

Vince: Thank you Shibuki.

Lord Third: Shibuki was here in the village to discuss alliance treaties and mission funneling.

Lincoln: That's interesting.

Vince: All right lets go. Just so you know Shibuki I have been made leader of the team until our sensei Kakashi Hatake is back in the corps.

Shibuki: That's understandable.

They went to the gate and were off. They arrived at the Hidden Waterfall entrance in 2 hours and went behind the waterfall. They dove into the pools and emerged in the village. It was a true secluded village completely covered by a giant tree in the middle of a lake.

Sakura: Wow! So this is the Hidden Waterfall.

Naruto: It's a true secluded village.

Lincoln: It's amazing. From what I remember there are 9 True Secluded Villages in the 5 Great Nations.

Natsumi: That's right Lincoln.

They got to shore and decided walked around the village. Naruto's stomach growled.

Carnage: (Chuckles) **We're hungry.**

Naruto: Yeah.

Vince: Lets go find a ramen stand.

They found one and ordered some ramen.

Vince: (Slurp) (Gulp) Ah. That's good ramen.

Ramen Stand owner: Thanks kid. Most people write us off because we're a minor village and all.

Vince: I can believe it.

But the Hidden Waterfall was a village full of bias-motivated morons.

Crashing was heard.

Manager: GET OUT AND STAY OUT!

They saw a girl with mint green hair and white clothes run out of a shop.

Lincoln: What was that about?

They saw the ramen stand owner look at the girl with hate in his eyes. This was a look they know all too well.

Vince: (Whispering) That girl is a Jinchuriki, Naruto.

Naruto: (Whispering) Yeah bro. I know.

Natsumi: (Whispering) That girl has my sister Chomei inside her. I can feel it.

Sakura: (Whispering) We have to help her and see if we can get her out of here.

Lincoln: (Whispering) Yeah.

Ramen Stand Owner: Oh nothing that girl is a genin and she's been trouble.

They could tell that he's lying. After paying for their lunch they searched for the girl.

Carnage: **That girl went into the big tree. I sense her.**

Vince: I feel it too. Lets go.

They ran to the tree and looked around for her in the base. They saw her crying.

Naruto: Hey are you all right?

?: What do you want?

Vince: We saw your treatment and no one should ever be treated like that and from the looks of things you've had it bad as all Jinchuriki had.

The girl was shocked.

?: How did you know I was a Jinchuriki?

Naruto: I too am a Jinchuriki like you.

?: What number are you?

Naruto held up 9 fingers.

Naruto: Number 9 plus a bonus.

Fu: It's a pleasure to meet another Jinchuriki. I'm Fu the 7-Tails Jinchuriki.

Vince: Pleasure to meet you Fu. We're Team Carnage. I'm Vince Pusateri.

Lincoln: I'm Lincoln Loud.

Laney: I'm Laney Loud his little sister.

Naruto: I'm Naruto Uzumaki Namikaze.

Natsumi: I'm Natsumi the 9-Tailed Kitsune.

Sakura: And I'm Sakura Uzumaki Namikaze. We're from the Leaf.

Fu: Oh wow. That village huh?

Vince: Yep. I take it that you've had a bad life here in the Hidden Waterfall.

Fu revealed her background and it was horrifying.

Sakura: Fu that is awful.

Lincoln: I can't believe that people are just that consumed by their own hate, fear, ignorance and stupidity.

Laney: And people like that deserve to be destroyed.

Vince: Yeah. We have to get you out of here. It's not safe for you to be here anymore.

Fu: But where will I go?

Naruto: The Leaf Village. Everyone now respects me after my heritage was revealed.

Lincoln: We won't let anything happen to you Fu.

Laney: Yeah.

Fu: Thank you all. But how am I gonna get out? They'll try to take me back the minute I walk out.

Vince: First we'll tell Shibuki and then formulate a plan.

In Shibuki's office Team Carnage told him everything. He accepted and Naruto made a Shadow Clone that looks like Fu and it ran to the Northeast and the Waterfall ANBU chased after it.

Team Carnage and Fu ran towards the Leaf and they got there in 20 minutes.

Vince: We made it.

Lincoln: We sure did.

Carnage: **I'm glad that Fu is out of that dump.**

Naruto: You said it Carnage.

Fu: Naruto who said that?

Naruto: Oh that's Carnage.

Carnage revealed himself as a blob coming from Naruto's shoulder.

Carnage: **Pleasure to meet you Fu. I am Carnage and I am what's called a Symbiote. A living costume if you will.**

Fu: That is so cool.

Vince: Yeah. Lets go to the Hokage and file our report.

They did so and Fu was made a member of Team Carnage. She severed her ties to the Waterfall by slashing through the Waterfall Symbol on her headband.

Fu was never gonna be a Waterfall Ninja again.

After some more training was done 2 weeks later they were called in to the Hokage's office for another mission.

Naruto: So Team 8 has called in for back up?

Lord Third: Yes. Kurenai, Kiba, Hinata and Shino were given an escort mission to look after a bridge builder named Tazuna in the Land of Waves. Unfortunately he lied about the mission perameters because the Land of Waves is now poverty-stricken because of the ruthless mob boss Gato. He hired rogue ninjas to kill Tazuna too as it was reported by Kurenai. They had a run in with the Demon Brothers, Gozu & Meizu from the Mist and we suspect that there are more Rogue Ninjas under Gato's employ.

Vince: And Team Carnage will answer. Lets go guys.

10 minutes later they were off. Team Carnage spread their wings and they were off. They arrived in the Land of Waves 20 minutes later and found Kurenai fighting Zabuza in a thick fog.

Vince: Zabuza Momochi the Demon of The Mist.

Sakura: I had a feeling that he would follow after the Demon

Brothers.

Lincoln: Me too.

Fu: And he trapped Kurenai in the Water Prison Jutsu.

Lincoln: Not for long.

Lincoln fired a blast of lightning and it hit Zabuza head on and he screamed in excruciating pain as he was electrocuted.

Zabuza disintegrated into a pile of ashes in 2 seconds and his jutsu vanished.

Carnage: **Whoa! That was amazing.**

Naruto: It sure was Carnage.

Vince: Nice shot Lincoln.

Lincoln: Thanks Vince. Zabuza is dead.

Laney: I can feel it. His energy signal is gone. But I sense another Chakra signal over in those bushes over there.

Vince: I got this.

Vince fired a ball of crystal and it went into the bushes and out of them came Haku Yuki encased in a ball of blue crystal.

Vince: Haku Yuki. Lets land.

They did so and landed by Kiba, Hinata and Shino.

Naruto: Are you all okay?

Kiba: Yeah. We are thanks to all of you.

Hinata: Naruto!

Naruto: Hey Hinata. I'm glad you're all okay.

Shino: Thanks Naruto.

Kiba: Man Lincoln that was amazing. You killed Zabuza like he was nothing.

Lincoln: Aw it was nothing.

Kiba: Hey where's Sasuke?

Shino: Sasuke was removed from the Shinobi program because of his mental instability.

Kiba: Whoa! I had no idea he was that damaged.

Laney: He's worse than ever Kiba. He thinks he's so entitled to everything that he deserves everything handed to him on a silver platter. He even demanded that Naruto hand over Natsumi so he can have the power of the Jinchuriki.

Kiba: What!?

Naruto: I was made the 9-Tails Jinchuriki.

Kiba and Hinata gasped while Shino was still.

Kiba: I knew there was a reason behind your bad treatment at the hands of the villagers Naruto.

Hinata: I've actually known about you being the 9-Tails Jinchuriki Naruto. My Byakugan saw a red-orange chakra inside you and I knew that it was the 9-Tails.

Natsumi: Actually Hinata. My name is really Natsumi. 9-Tails is a title.

They saw Natsumi and were floored.

Kiba: The 9-Tails is a beautiful girl!?

Natsumi: Yes. It's shocking to everyone.

Kurenai: I remember that Kushina-sensei told me that you and her were very close. Like sisters.

Natsumi: That's right Kurenai. Kushina was like a sister to me until that rogue Uchiha took her away from me.

Kurenai: I'm so sorry Natsumi.

Shino: The Uchiha have caused nothing but pure trouble and chaos over the centuries and they are a clan that needs to be forever eliminated.

Vince: I can't argue with that Shino.

Tazuna: I agree with you too Vince. I've heard alot about the Uchiha and the kind of trouble that they have caused.

Naruto: Yes. The only exception in the Uchiha is Mikoto Uchiha, my mom's best friend and sister. She hated the Uchiha for their evil ways and never wanted to be an Uchiha in the first place.

Kurenai: I know. Mikoto was a great kunoichi and I agree with her.

Naruto: I know. But Mikoto is still alive. I can sense her.

Sakura: I sense her too. I've known her since I was 4 and she is a much better mother than my former parents ever were.

Kurenai: That's for sure. Sakura I'm so sorry about your former parents. I'm glad they got what they deserved.

Sakura: It's all right Kurenai-sensei. But thank you.

Kiba: That must've been awful for you.

Sakura: It was at first but I got my justice when they were executed.

Vince: That's true. The Haruno's are now extinct and they were the primary cause of all of Naruto's pain and suffering.

Naruto: That's right.

Shino: I've always knew that Mebuki and Kizashi were harboring some really dark tendencies and agendas and they poisoned most of the Leaf Village with lies and deception.

Kiba: Those monsters!

Tazuna: I can't believe that they would cause all that corruption.

Vince: Yeah. Lets head to your house and rest for a bit Tazuna. We'll go after Gato when we're ready.

Kurenai: Okay.

Later at Tazuna's house Team Carnage and Team 8 were resting and eating Tsunami's awesome food and Inari was with them after Naruto talked to him. Vince, Naruto and Laney went to the Mist and they rescued Pakura and stopped the Bloodline Holocaust. Yagura was with them and so was a kunoichi named Suiren who was presumably killed during an event called the Tragedy of Yosuga Pass 6 years ago.

Sakura nursed her back to health and Suiren decided to become a Leaf Shinobi. At Gato's mansion they all destroyed the place and killed all of Gato's men and even Gato himself. They all found lots of scrolls on jutsu and lots of weapons and more. They also found numerous Summoning Scrolls and scrolls on Kekkei Genkai Jutsu and all the money that Gato stole. They even freed all his prisoners. After the bridge was completed Team Carnage, Team 8, Pakura, Yagura, and Suiren were hailed as heroes for saving them. In the Leaf they all filed their report and Pakura, Yagura and Suiren were made official shinobi of the Leaf. Tsunami and Inari now live in the Leaf too.

After 2 months it was time for the Chunin Exams.

# Shinobi of Carnage Part 3

It was time for the Chunin Exams and Team Carnage was in the Forest of Death after passing the first test. They found out that the corruption of the Civilian Council resulted in Sasuke being put back into the Shinobi Corps. However Sasuke will soon be getting what was coming to him.

Vince, Lincoln, Laney, Naruto, Sakura and Fu were dashing through the Forest having already acquiring both Scrolls. They then heard Malevolent Laughter and out of the trees came a Grass Genin and Vince punched him in the face and sent him crashing into the ground with devastating force. When he got up Vince and Team Carnage stood ready.

Vince: Nice of you all to join us Orochimaru of the Sannin.

Orochimaru revealed himself.

Orochimaru: I'm impressed that you figured it out Vince Pusateri.

Vince: It will be the last. So pack your bags because I'm sending you to the darkest pits of the Netherworld.

Orochimaru: We shall see.

Vince then went Super Angel 4 and dashed towards him with incredible speed and punched Orochimaru in the stomach with devastating power.

Sasuke arrived on the sight and he saw the fight and just as Vince had predicted a snake attacked from behind Sasuke and bit him on the neck and he was given the Curse Mark.

Orochimaru: Soon Sasuke will come to me in search of more power and he will destroy you all.

Vince: I don't think so.

Vince then snapped his fingers and he teleported Orochimaru to a distant planet at the very distant edge of the Universe and exiled him forever.

Naruto: Enjoy your trip Orochimaru.

Laney: You need a permanent vacation.

Lincoln: An eternal permanent vacation.

Sakura: Yes.

Team Carnage took Sasuke with them and went to the tower. They rescued Karin Uzumaki and Kin Tsuchi. Orochimaru was now no longer considered a major threat.

The Preliminaries arrived and the matches yielded varying results but Team Carnage won. Later the Finals came and Team Carnage was all made Elite Chunin. Sasuke was enraged that he didn't get promoted to Chunin and to make it worse for him he was then stripped of his Shinobi rank yet again. Team Carnage went to get Lady Tsunade later on and they had a run in with Itachi Uchiha and Kisame Hoshigaki and Vince and Naruto revealed everything about Sasuke. Sasuke was defeated by Itachi with ease and it infuriated him that he was completely weak. Itachi was reinstated as a Leaf Shinobi and pardoned for his crimes. Lady Tsunade was made the 5th Hokage after some tough convincing. Mikoto returned to the village later on. Sasuke then decided right then and there that the Leaf must pay for making him weak and ruining his quest for vengeance. Kabuto sent the Sound 4 to get Sasuke and he went with them of his own free will. Team Carnage was sent to get him. After Tayuya was captured and Sakon & Ukon, Jirobo, Kidomaru and Kimimaro were killed. Vince was facing Sasuke at the Final Valley.

Vince: I've waited a long time for this Sasuke. Now I'm going to destroy you.

Sasuke: What did you just say to me!?

Vince: You heard me. I'm going to finish you off once and for all.

You are nothing but a coward and people like you deserve to be forever damned.

Without warning Vince slashed Sasuke into a thousand pieces with his sword and blasted him into ashes. Obliterating all trace of his existence from the face of the planet forever.

Vince: Have fun in the darkness of the Netherworld forever Sasuke. Rogues like you deserve to be forever damned.

Vince killed Sasuke and made sure that he paid for his crimes. Now he is in the Netherworld for all eternity.

# Shinobi of Carnage Finale

As Team Carnage celebrated the death of Sasuke and the exile of Orochimaru, Vince sensed a strange disturbance coming. Tayuya was now on Team Carnage.

Vince: Something is coming.

A strange portal suddenly opened up and it lead into New York City. But it was not our dimension. It was a different dimension.

Vince: We have to go into that portal. Lets go.

Vince merged the Leaf with the Leaf in our dimension and they went in and they were in the metropolis of New York City and they saw a girl about to fight a man with red hair and he was laughing like an insane madman.

Carnage instantly recognized him.

Carnage: **That man is Cletus Kasady!**

Naruto: (Gasp) Your former host?

Carnage: **Yes. He's the one I told you all about.**

Sakura: So that's Cletus Kasady. I can't believe that he is capable of causing all sorts of chaos, death and destruction.

Fu: Hardcore.

Tayuya: Wicked A.

Vince: I've read alot about Cletus Kasady.

Cletus then became Carnage.

Naruto: Whoa! I never knew that I was that terrifying when we become Carnage.

Carnage: **It is interesting. I agree with you. I've forgetten what I was like on the outside.**

Lincoln: We have to stop him.

Laney: Yeah.

Vince: Lets get him!

They went at him and Naruto spread his wings and became Carnage as well. He fired a blast of fire and burned Cletus Carnage in the Arm.

Lincoln fired a blast of lightning and it hit him in the face and Lincoln kicked him in the face and Laney kicked him in the back and Tayuya kicked him in the stomach and he went up into the air and Sakura dealt him an axe kick and sent him crashing into the ground.

Cletus got up and he was mad.

Naruto: You are a true monster Kasady. People like you deserve to be forever damned.

Cletus Carnage: **Who are you? I don't know how you have a Carnage Symbiote.**

Naruto revealed his face.

Naruto: My name is Naruto Uzumaki Namikaze and the Carnage Symbiote is my friend.

Carnage's face showed itself.

Carnage: **I am from another dimension where you died Cletus. Me and Naruto are brothers and best friends as well as battle partners.**

Vince: Your spree of death and destruction ends now Kasady.

Lincoln: Yeah. We won't let you terrorize New York City any longer!

?: And I agree with them!

On a web swing came Spider Man.

Vince: Spider Man! Awesome.

Spider Man: Glad I have some friends helping me.

Naruto: It's a great honor to meet the legendary Spider Man.

Spider Man: Thank you.

Vince: We are from another dimension and it's a long story.

Spider Man: I would love to hear it. But lets cream this freak.

Lincoln: Lets get him!

Laney wrapped Cletus Carnage in vines and Vince punched him in the face and kicked him in the back of the head.

Gunshots were fired at Cletus Carnage and a woman swooped in and kicked Cletus Carnage in the face and sent him crashing into a car. It was Mary Jane Watson.

Vince: Mary Jane Watson!

Spider Man: MJ! Great timing.

MJ: Thought you could use some help.

?: Same here.

The car he crashed into lifted up and it was Black Cat that lifted it.

Lincoln: Black Cat! Awesome!

Black Cat: Pleasure to meet all of you.

Black Cat threw the car and it crashed into a building and exploded.

KABOOM!

Vince: That takes care of him.

?: And it sure did.

They then saw director Nick Fury of S.H.I.E.L.D.

Laney: Director Nick Fury of S.H.I.E.L.D.

Vince: It's an honor sir.

Nick Fury: Pleasure to meet you all. We would like to have you all come down to S.H.I.E.L.D. HQ so we can ask you all a couple of questions.

Vince: Certainly.

In a helicarrier they were in a meeting room.

Nick Fury: So you're all from a different dimension where only Ninja live?

Vince: Yes sir. However it possesses a different fighting style compared to what the ninjas of Feudal Japan used in the 17th century.

Naruto: We use a very powerful energy called Chakra. It gives us incredible power and we can use powerful techniques.

Nick Fury: I believe it. But answer me this. How does Naruto have the Carnage Symbiote?

Spider Man: That's what surprises me too.

Naruto: It was during an incident in my village that happened 6 months ago.

Naruto revealed the Mizuki Incident and they were all amazed.

Nick Fury: That's incredible. I had no idea that Cletus died in your dimension years before you were born and now you have the Carnage Symbiote.

Naruto: Yes. Carnage and I are best friends, battle partners and brothers.

Vince: Naruto is also my little brother in everything but blood.

Lincoln: He's very close to me, Laney and Vince.

MJ: That is a very powerful bond you all have.

Nick Fury: I agree. You all are gonna be a great force for good.

Vince: Also we know that there are different villains running around and one in particular that we are really concerned about is an organization called The Life Foundation. I heard that it's an organization that wants to harness the power of Symbiotes to use in the next step of human evolution and to use as weapons to control the world.

Carnage: **Yes. The Life Foundation poses a huge threat to the world and they want to bond everyone with Symbiotes so they can rule the world.**

MJ: That's horrible.

Black Cat: These people have no idea the kind of destructive power Symbiotes possess.

Nick Fury: Yes. We have one person under surveilance at this time and we believe she is the leader of the organization.

Nick pulled up a holographic picture of a woman named Donna Diego.

Vince: Donna Diego. I've read about her.

Carnage: **Yes. She is bonded with the Scream Symbiote. She is incredibly dangerous and the Scream Symbiote made her completely evil and mentally unstable.**

Sakura: So she's like a female Sasuke.

Naruto: It would appear so.

Fu: Just what the world needs. Another mad powerhungry monster running amok.

Nick Fury: That's right. We don't know where the Life Foundation is located but we have someone in our captivity that may hold the answer.

Spider Man: It's Eddie Brock who is also Venom.

Lincoln: Oh man. I know Eddie Brock. He's the progenitor of the Symbiotes and he gave you a run for your money Spider Man.

Spider Man: Yeah.

Vince: May we speak to him?

Nick Fury: Right this way.

They were lead to the cells and they saw through a clear window Eddie Brock sitting on his bed.

Vince: Are you Eddie Brock?

Eddie: Yes I am.

Vince: It's a pleasure to meet you. I'm Vince Pusateri.

Lincoln: I'm Lincoln Loud.

Laney: I'm Laney Loud, Lincoln's little sister.

Naruto: I'm Naruto Uzumaki Namikaze.

Sakura: I'm Sakura Uzumaki Namikaze.

Fu: I'm Fu. I don't have a last name.

Tayuya: And I'm Tayuya Uzumaki.

Vince: We are Team Carnage.

Eddie: It's a pleasure to meet you all. I heard you all destroyed that wretch Cletus Kasady.

Vince: You heard right.

Carnage: Eddie Brock. It's good to see you again.

Eddie: Carnage? But how?

Naruto: He's my best friend, brother and partner Eddie. We all heard how you and Carnage hate eachother.

Lincoln: We also know that you and Venom despise Spider Man.

Eddie: Yes. We hate Spider Man with a terrible vengeance and we will destroy him! He will pay for ruining my life. He cost me my job, my health, my apartment, and now Venom. We will make him pay for it.

Naruto: Boy Eddie you have to be the most unluckiest guy in the world.

Lincoln: Yeah. You've been through some dark times.

Vince: We're sorry that all happened to you Eddie but Spider Man is not to blame for your pain. It's J. Jonah Jameson that's responsible for your suffering.

Eddie: Mr. Jameson? Why him?

Vince: He gets a sick thrill out of demoralizing all Super Heroes. He claims that they are the real supervillains and that the Villains like Rhino, Scorpion, and other villains should be praised for eliminating all heroes.

Spider Man: That's right Eddie.

Spider Man revealed himself and it was Peter Parker.

Eddie: Peter Parker. We were right about you being Spider Man.

Peter: That's right Eddie. I did not ruin your life. You are a great friend and you have gotten so many good stories for Jameson. I wasn't trying to steal your thunder. I wanted to be your friend and partner.

Lincoln: That's right Eddie. Peter is more than willing to help you.

You and Venom also have the power to do good things for the city of New York.

Naruto: That's right Eddie. We all believe in you. All you have to do is believe in yourself and prove that you both can do good for the city and the world.

Eddie now realized that he was fighting for the wrong cause and now he wants to fight injustice and evil.

Eddie: Thank you guys. I want to redeem myself.

Nick Fury brought the Venom Symbiote to Eddie in a tank.

Eddie: Venom. We have to fight for good now. What you believe in is a cause that is evil and we have to work together to help people. Please my friend.

Venom: **Of course Eddie. I've been such a fool. I had no idea that we were fighting for the wrong purpose. Lets team up and work together.**

Eddie tipped the tank and rebonded with Venom.

Venom: **Together again! Vince. We will gladly help you take down the Life Foundation.**

Vince: Thank you both. Lets take them all down together. TEAM CARNAGE…

All: EVISCERATE!

They then went out to a building that was abandoned.

Naruto: They are in an abandoned warehouse.

Venom: **Yes. We saw them here before going into a lab.**

Vince: Lead the way.

Venom: **Okay.**

Venom led them into the warehouse and on a big crate he pressed a secret button and an elevator was revealed.

Vince: A secret elevator.

They all went down and went into a hall that lead into a laboratory.

Vince: Whoa! This lab is full of awesome equipment.

Tayuya: This place is sick.

Sakura: I know. These people are playing with fire and it can lead to horrible consequences.

Venom: **Yes. We remember a bunch of patients here. Let us show you.**

They arrived at a cell and saw a woman.

Venom: **This is Leslie Gesneria. She is also Agony.**

Naruto: She looks so frail.

Vince: I can tell. Leslie? We are Team Carnage and we've come to destroy the Life Foundation.

Leslie: You have to stop them. They are a danger to us.

Naruto: We're going to do that. But let us help you.

Leslie: Okay.

Vince opened the door and she came out.

Naruto: It's all right Leslie. We're gonna help you. You were given a great power and with great power comes great responsibility.

Leslie: Yes. Thank you.

?: How dare you free her?

They saw Donna Diego.

Vince: Donna Diego I presume?

Donna: That's right. We have been expecting you Team Carnage.

Vince: We won't let you destroy the Human Race Scream.

Donna Diego became Scream.

Scream: **So you figured it out Vince. We're impressed.**

Naruto: And you know about us.

Naruto became Carnage.

Carnage: **You're a monster Diego and you need to be destroyed.**

He fired a blast of fire at Scream and destroyed her instantly.

Vince: Good work bro.

Naruto: Thanks bro.

They planted bombs and explosives all over the lab and it was all triggered by a remote detonater.

Leslie: The bombs are all armed.

Venom: **Great. Lets get out of here.**

They all got out of the warehouse and Vince held the remote.

Vince: Make my day.

Vince pressed the button and the warehouse exploded.

KRABBOOOOOOOOOOOMMMMM!

The entire warehouse was completely destroyed and reduced to fiery rubble.

Vince: That takes care of that. Now we have to expose J. Jonah Jameson and I know how to do it.

At S.H.I.E.L.D. headquarters they all dug up alot of dirt on Jameson and discovered that he is a master of corruption. He lied about

Spider Man being a criminal and he made numerous lies and more to the people saying that all the heroes are monsters that need to be destroyed.

Nick Fury: I can't believe that Jameson is that evil and he wants to wipe out all the heroes.

Vince: Well his pride and reputation are about to come crashing down.

Team Carnage went to a TV station and broadcasted a report.

Vince: Attention all citizens of New York City. You have all been cheated and lied to. J. Jonah Jameson is the true enemy. He has been poisoning all of your minds with lies about all superheroes everywhere. He is the true supervillain and is brainwashing you with all this rubbish and nonsense. He is fabricating all sorts of nonsense and he made you all believe that Spider Man is a villain when he is clearly a hero. J. Jonah Jameson is the true villain. He has been causing you all to despise all heroes and making you all worship the villains. Don't listen to him anymore. You have to stop him and make him shut up.

The citizens of New York were outraged and they launched an all out assault on the studio. Jameson's name was now mud and he was thrown in jail for corruption, obstruction of justice, fraud, and making false statements. He was now declared the most hated man in the history of the world. Never again will he flood all of New York with his lies and prejudice. He was later sentenced to 40 Life Sentences without the Possibility of Parole and was ordered to pay the city of New York in its entirety $500 Trillion in restitution. Team Carnage had triumphed.

Vince merged the city of New York with Royal Woods and the city was now called Royal York, Michigan. It was now the most populated city in the country with over 35 Million people. The exercise ended and Vince merged Team Carnage with their counterparts.

He rested on the couch and Carol was with him.

Vince: Whoo! What an adventure.

Carol: But I'm glad you had fun Vincey.

Vince: Thanks Carol. But it was an awesome adventure.

Vince was ready for a break.

Naruto: I am not just Naruto Uzumaki Namikaze now. Turns out I am now something more. Not only am I a Shinobi, the Future Hokage, The 9-Tails Jinchuriki and the brother of the greatest friends in the world. But I also have the greatest friend and brother ever. A symbiote. Who am I? (Becomes Carnage) **We are Carnage** .

THE END.

---

Another Miniseries complete.

Whoo-wee! What an adventure for Vince. I wanted to add a Marvel Flare to this whole series and I figured that Naruto getting the Carnage Symbiote would be an awesome feature. Carnage is my favorite Supervillain in the Marvel Comics and he is awesome. I like all sorts of heroes and supervillains. I'm sorry I had to cut this whole thing short but I want to make a series of adventures that center around Lily and Spongebob. But this is a series for Vinjedi1995. Let me know what you all think.

See you all next time.

# Lily Loud - Sponge-Cano!

Lily was at her job in the Krusty Krab 2 and she was having a great day.

Lily: Karen, 4 Krabby Patties with extra onions coming your way.

Lily put the order on the window and Karen took them and handed them to the customers.

Lily: Really hungry today aren't you sir?

Fred: (Laughs) You know it Lily.

Fred took his order.

Nat was up next.

Nat: 3 Krabby Double Deluxes with extra cheese please.

Lily: Coming right up.

Lily made the order and completed it in 4 minutes.

Lily: Ready.

Nat: Thanks Lily.

Karen: You sure know alot about Fry Cooking Lily.

Spongebob: (Laughs) She is learning fast from me.

Lily: Thank you boss.

Mr. Krabs called on the intercom.

Mr. Krabs: Attention Krusty Crew. Report to me office immediately.

Spongebob, Karen and Lily reported to Mr. Krabs office.

Lily: You wanted to see us Mr. Krabs sir?

Mr. Krabs: Yes come on in me Krusty Family.

They all sat down.

Squidward: I've never been part of your family.

Mr. Krabs: I'm afraid I have bad news about Mr. Squidward.

Lily: What's wrong sir?

Mr. Krabs: I'm afraid that Squidward's being his gloomy and miserable self as usual.

Spongebob: Why Squidward?

Squidward: (Sigh) Spongebob I hate you, I hate my job, I hate Bikini Bottom and I live in a dead end town with lots of people I can't stand! I'm the most miserable person in the world!

Lily: Squidward! I'm surprised at you! Why would you say such horrible things about Bikini Bottom, the Krusty Krab's and Spongebob & Patrick?

Squidward: (Points to Spongebob in hatred) He has been the bane of my existence ever since he moved in next door to me!

Spongebob was about ready to cry.

Lily: Because you have no love for anyone in your heart for anyone but yourself. Your own pride and vanity will lead to your downfall.

Suddenly an Earthquake rattled the ocean.

Nat: Mount Bikini Bottom's erupting!

A volcano right across the street from the Krusty Krab's erupted.

Everyone saw it.

Lily: Whoa!

Lloyd: Cool.

Back at the Loud House, Nicole and Lisa detected it with our seismometers and geological equipment.

Nicole: Uh-oh! We have an underwater volcanic eruption in the Bikini Atoll.

Lisa: That's where Lily is.

Nicole: Lets go!

Nicole and Lisa went through Lily's portal and into Bikini Bottom and they saw the volcano erupting.

The Volcano spewed lava everywhere and the whole city was on fire and Lily was protecting the Krusty Krab's in a force field of water.

Mr. Krabs: Good job lass!

Nicole and Lisa arrived after rounding up the citizens of Bikini Bottom.

Nicole: Is everyone all right?

Lily: Yes Nicole. Thank you and Lisa for rounding up the citizens and getting them to safety.

Lisa: You're welcome Lily.

Suddenly a dolphin warrior appeared.

Dolphin Warrior: (Laughs) You fools!

Nicole: Who are you?

The warrior lept in front of Lily.

Dolphin Warrior: I am an ancient warrior from long ago. The last of my kind who ruled over the ocean from before the dawn of time. But alas. My people were destroyed by the very same volcano that plagues you now.

Lily: Oh man. I'm so sorry to hear that.

Dolphin Warrior: Thank you for your kindness Lily.

Harold: But how did you survive?

Dolphin Warrior: (Laughs) I survived because I was the only one who knew how to stop it.

Lily: How did you stop it?

Dolphin Warrior: You must make… A Sacrifice!

Harold: What kind of Sacrifice?

Nicole: I'm not gonna like this one.

Dolphin Warrior: A sacrifice must be made of the most miserable person…

Harold: I knew it! We have to sacrifice the most Miserable Person.

Lisa: I will not like this one.

Nicole: Me neither.

Spongebob: Hey Squidward who do you think is the most Miserable Person?

Squidward: Don't know don't care.

Squidward was getting going to leave.

Spongebob: But Squidward it is imparative that…

Squidward: (Mocking Spongebob) But Squidward it is imparative that we… (Normal Voice) Nothing! I think I'd rather take my chances with the volcano than be stuck in this wretched cess-pool barnacle hole with all of you and the citizens of stupid poopy doodyhead dum-dum-town!

Everyone heard Squidward talking and they came up to him and they were infuriated.

Squidward: What?

---

Later everyone had squidward tied up and were armed with pitchforks and torches and were carrying him to the volcano to be sacrificed.

Squidward: You idiots! You got the wrong guy!

Male fish 1: We heard you complaining about the fingerprints.

Male Fish 2: And the Foot Tapping.

Sandals: And my loose change.

Mabel: And my teeth! (Points to another fish) And his hat!

Dale: And my trash on the Table!

Male Fish 3: And how I take too long in the restroom!

Harold: And Spongebobs Singing!

Scooter: And you called your pipe stupid.

Lloyd: And the fact that you said that you were the most miserable person in the world.

Lloyd played what Squidward said earlier on a tape recorder.

Nicole: Squidward you are really pathetic.

Lily was noticing that Squidward was not the intended sacrifice.

Lily: Wait everyone! I know what the Dolphin Warrior was trying to tell us.

Lily used her powers and lifted Squidward's house off of its foundation and it went towards the volcano and went into the top and plugged it like a giant cork.

Dolphin Warrior: (Laughs) The volcano is appeased!

Lily: The sacrifice was to be of the most miserable persons house.

Am I right?

Dolphin Warrior: You sure are Lily.

Harold: But we thought you said that a sacrifice must be made of the most miserable person.

Lily: Actually it is a sacrifice of the most Miserable Persons house. You interrupted him.

Dolphin Warrior: (Laughs) That's right Lily. Thank you.

Lily: You're welcome.

The Dolphin Warrior left.

Everyone was infuriated at Squidward and a police fish came and slapped the cuffs on him.

Squidward: What do you think you're doing you idiot!

Police Fish: Squidward Q. Tentacles you are under arrest for being a completely miserable idiot and worthless loser.

Lily: You brought all this on yourself Stupid Squidward.

Everyone laughed at Lily's name for Squidward.

Mr. Krabs: And for all that you've done today You're fired Squidward.

Mr. Krabs tore up his resume and paychecks to pieces.

Squidward was found guilty on all charges and sentenced to life without possibility of parole for 60 years in a maximum security mental institution: The Institute for the Screwball Squids.

Lily: I'm glad Squidward is gone. He made all neighbors everywhere look bad.

Spongebob: You said it Lily. Great job today with the volcano.

Lily: Thanks Mr. Squarepants.

Karen: I'm proud of you Lily. You are gonna go really far in the Krusty Krab and at home.

Lily: Thanks Karen. Are you glad that Plankton is gone?

Karen: I am glad. That little one-eyed menace was a monster that needed to be removed from everyones lives forever.

Lily: I can't argue with that.

Spongebob: I agree with the both of you.

---

8:00 PM

Lily was getting ready to go home.

Lily: Okay Mr. Squarepants. See you tomorrow.

Spongebob: Good night Lily.

Lily left the Krusty Krab 2 and opened the portal back home.

She went through it and was in the living room.

Lily: I'm home.

Lori: Hey Lily. How was work?

Lily: It was great Lori. My first day on the job and it was awesome.

Lynn: That's awesome Lily.

Luna: We heard from Nicole and Lisa that a volcano blew and Squidward was arrested.

Lily: You heard right. He got Life without parole for 60 years in the Institute for Screwball Squids.

Lincoln: That sounds like a strange name for an Insane Asylum.

Laney: I agree. I can't believe that Squidward is that miserable and he hates everything.

Lily: Yeah.

Lori: He is literally a pathetic loser.

Leni: Totes. He's a complete and total pathetic loser.

Everyone gasped at what Leni said.

Leni: What? There's more in my head than just air you know.

Lily: I agree with you Leni. Squidward needed to be put in his place and he was also declared a high risk patient because of his miserable attitude and he's now on suicide watch.

Luan: I can't believe he is that down all the time. He loved giving everyone the Ink-eye. (Rimshot and Laughs) Get it?

We all laugh.

Me: (Laughs) Ink-eye. That was a good one.

Eddy: (Eddy) That was funny.

Varie: That was a good one.

Natilee: That was funny.

Lily: That was funny. But people like Squidward don't deserve to be in society because of their negative attitude.

Linka: You said it.

THE END.

Another Fanfiction Complete.

I got the idea for this one from the Spongebob Squarepants Episode Sponge-Cano! That was a funny episode. I'm gonna do a bunch of episodes of Lily Loud's adevntures in her job at the Krusty Krab 2.

I'm also going to be doing a new superhero series coming up. Let me know what you all think.

See you all next time.

# Lakebottom Trouble

It starts in Lucy's room and Lucy was having a strange dream. She saw herself at a strange camp in Minnesota. It was called Camp Lakebottom and its staff was a German woman named Rosebud, a Sasquatch named Armond and a zombie named Sawyer and the campers there were a boy named McGee, a goth tomboy named Gretchen and a chubby boy named Squirt. They also had a squid tentacle friend named Slimey. Across the lake was Camp LakeBottom's rival camp - Camp Sunny Smiles. That camp made Lucy gag. It was owned by spoiled brat rich kid Jordan Buttsquat who is Camp LakeBottom's archnemesis. The campers in the camp weren't having any fun at all and they were bored out of their skulls. McGee's big sister Suzi is in Camp Sunny Smiles. Jordan thinks he can get away with anything. Camp LakeBottom put him in his place several times and he vowed to get revenge everytime.

---

7:45 AM

Lucy suddenly woke up and screamed.

Lucy: AAAAAHHHHH!

Natilee came in.

Natilee: Lucy are you all right?

Lucy: I'm fine Natilee. Those dream powers of yours are amazing.

Natilee: Lets go have some breakfast and you can tell me all about it.

Lucy: Okay.

At the kitchen table Lucy told Natilee her dream.

Natilee: That is a message Lucy. It's telling you that Camp Sunny

Smiles is a torture camp and needs to be put out of business. But I also sense that something big is gonna go down at the camp later on.

Lucy: I feel it too. The Spirits have just told me that McGee is about to awaken an evil force and we have to stop it.

Natilee: I can feel it too.

Natilee then called in Lana, Lola, Laney and Linka and They were off to Camp Lakebottom. They arrived and saw that it was a strange and gloomy camp.

Natilee: So this is Camp Lakebottom.

Lola: Eww! It sure is a disgusting camp.

Lana: I think it looks really cool.

Laney: Why would a camp like this be considered a gloomy place?

Natilee: From what I've heard it's loaded with Supernatural and Paranormal forces and it is considered to be a camp that is full of danger.

Linka: That is really unusual.

Natilee concentrated and sensed an evil force heading to the water.

Linka: Look!

They saw McGee and Gretchen carrying a mermaid to the lake and Lucy gasped when she saw her.

Lana: What is it Lucy?

Lucy: That mermaid they're carrying. That's Esmeralda and she is a mermaid that is pure evil.

Natilee: I can sense it Lucy. She is possessed by an evil force.

Lola: What can you tell us about her?

Lucy: Esmeralda tried to take over the world by flooding the planet and she wants to rule the world with an iron fist. She was defeated by Rosebud years ago and her powers over water are omnipotent.

Linka: She looks incredibly dangerous.

Lana: If she is possessed by an evil force then we have to help her.

Natilee: I agree Lana.

McGee and Gretchen dropped her into the lake and laughed malevolently.

Natilee: Lets go!

They flew down and Natilee punched Esmeralda in the face.

POW!

It sent her crashing into the mess hall.

Rosebud: (Offscreen) (German Accent) What is going on here? (Sees Esmeralda) Esmeralda. I thought you were gone for good.

Esmeralda: **You won't defeat me this time Rosebud. I will win and this time I will rule the world.**

Lana: Not for long you won't!

Lola: You really need a new hobby.

Lola threw Esmeralda into the air and Linka dealt her an axe kick and sent her splashing into the lake.

KERSPLASH!

Esmeralda surfaced and Natilee was standing on top of the water.

Natilee: You give mermaids everywhere a bad name. My mom is a mermaid.

Esmeralda: **Natilee Knudson. So you are half mermaid.**

Natilee: In a way yes.

Esmeralda: **You will not stand in the way of my path to rule the world!**

Natilee: We shall see.

Natilee fired a blast of water at Esmeralda and sent her skidding on the surface and a tidal wave flooded Camp Sunny Smiles. Esmeralda was enraged and she swam fast towards Natilee. As she swam she fired a huge blast of water at Natilee. Natilee fired a huge blast of water too and their blasts collided and exploded all over with a huge explosion of water.

KERSPLASH!

The water completely drenched Camp Sunny Smiles and Jordan was getting enraged.

Jordan: What is happening over at the loser camp?

He pulled out a pair of binoculars and he saw the fight.

Jordan: Whoa! What a fight!

Suzi: Let me see.

Suzi saw the fight and she gasped.

Suzi: That's Natilee Knudson and she's fighting a mermaid with incredible power over water!

Jordan: Natilee is here?

Suzi: It's not just her. Linka Loud and her little sisters Lucy, Laney, Lana and Lola are with her.

Lana fired a blast of ice lightning and froze Esmeralda. But she broke out of it.

Lucy fired black lightning at Esmeralda but the demonic force made her immune to it.

Suzi: This is getting intense.

Suddenly a fiery feather appeared out of nowhere and it touched Suzi's back and she was in a tornado of pure fire.

Jordan: Suzi what's happening to you?

Laney sensed it and she saw the fire tornado.

Laney: We have another elemental choosing in progress.

Lana: I wonder who it is.

Lola: I'm going over to look.

Natilee: Okay Lola.

Lola flew over and she landed when the tornado died down.

Suzi: What? What happened? I feel really strange.

Lola: Suzi. Are you okay?

Suzi: Yeah. But I feel really hot.

Lola: You now have powers like me.

Suzi: Lola Loud. It's a great honor to meet you.

Lola: Pleasure is mine Suzi.

Suzi: But what do you mean I have powers?

Lola: You were in a tornado of pure fire and that is how I got my powers of fire. Watch.

Lola fired a fireball at an umbrella and burned it completely.

Suzi: Whoa! That is so cool! I wonder what I have.

Suzi held out her hand and a Phoenix call was heard and a phoenix flew out of her hand and towards the lake. It set some of the lake on fire.

Suzi: (Shocked) Wha? How did I do that!?

Lola: Like I said Suzi you now have fire powers like me. I was given my fire powers because of the Flame of Gabija the spirit of fire in Lithuanian Myth.

Suzi: That's incredible!

Lola: It sure is. My best friend and 2nd brother J.D. has a big book of legends from around the world and he may be able to tell you how you got your powers and from who.

Suzi: That's interesting. I have so much to learn. But.

Lola: What's wrong?

Suzi: I've been a monster to my little brother and I've been a selfish whiney brat to everyone. (Looks to Jordan in rage) Because of you Buttsquat!

An aura of fire flared up around her.

Jordan: Me!? What did I do?

Lola: You are a selfish spoiled brat that doesn't care about anyone other than himself and people like you make me completely sick!

Suzi: That's right.

Lola: You make beauty pageant girls look like freaks compared to you! Sorry Suzi.

Suzi: It's all right Lola. You've won more beauty pageants than I have and you are one of my idols.

Lola: I'm glad I have some fans outside of Michigan.

Suzi: You're welcome Lola. Now I'm gonna do something I should've done a long time ago: Destroy Camp Sunny Smiles. This place is not fun at all and you Jordan don't know what the meaning of fun is! Fellow campers lets trash this dump!

Campers: Yeah!

They were armed with all kinds of makeshift weapons and they blasted and destroyed everything in the camp and completely reduced it to burning rubble.

Jordan: My Camp! (Crying) My beautiful camp!

Suzi: Serves you right Buttflake! Now here is a special going away gift.

Suzi punched him in the face with devastating force and sent him flying.

Jordan: I WILL HAVE REVENGE!

He went flying over the mountains.

Suzi: Wow! I didn't know I was that strong!

Lola: You must've gotten super strength when you got your powers Suzi.

Suzi: I must have. Now we have to help my little brother.

Suzi felt a huge pain in her back.

Suzi: Ouch!

Suzi then saw that she had angel wings made entirely out of pure fire.

Suzi: I have wings! And they are awesome!

Lola: You sure do Suzi. Lets go.

They flew back to Camp Lakebottom and Suzi punched Esmeralda in the face.

POW!

Lola kicked her in the back.

WHAM!

McGee: Wha? Suzi? How'd you get those awesome Fire Wings?

Suzi: I don't know McGee. But I feel incredible.

Gretchen: What happened to Camp Sunny Smiles? We saw a huge war over there and we saw Buttface flying over the mountains.

Lola: We destroyed it and Suzi sent him flying.

Squirt: Camp Sunny Smiles is gone?

Armond: (British Accent) Oh I am so glad that that monstrosity of a camp is gone.

Sawyer: You said it. That camp was making our camp break out in hives.

Laney: I believe it.

Laney entangled Esmeralda in vines.

Laney: Natilee now!

Natilee: Right.

Natilee chanted an exorcism incantation and a blob of darkness exited from Esmeralda and became a blue ball of energy and exploded as it went back to the darkest pits of the Netherworld. This time forever.

Esmeralda: What happened?

Natilee: You were possessed by an demonic force and it made you want to take over the world.

Esmeralda was shocked.

Esmeralda: What!?

Rosebud: It's true Esmeralda. You were a ruthless monster that wanted to rule the world with an iron fist.

Natilee: I performed an Exorcism and sent the evil force back to the Netherworld.

Esmeralda: I'm glad it's gone. I don't remember what happened.

Lola: We'll help you remember what happened Esmeralda.

Lucy: It's not your fault this happened to you. Like you I too was possessed by a demon and it was a horrifying experience. It's how I got my Dark Powers.

Laney: It's true.

Lana: We were shocked ourselves.

Lucy: Exactly.

Esmeralda: I can't thank you all enough for helping me. I'm sorry I was doing all that to you.

Rosebud: It's all right Esmeralda.

Armond: It wasn't your fault. You were suffering a case a demonic possession.

Sawyer: Yeah. It's no fun but Zombies are immune to Demonic Possession because we're already dead.

Lucy: That's interesting Sawyer.

Natilee: Oh I'm sorry guys. We never introduced ourselves. I'm Natilee Knudson the Celtic Princess of Wind.

Linka: I'm Linka Loud.

Lucy: I'm Lucy Loud.

Laney: I'm Laney Loud.

Lana: I'm Lana Loud.

Lola: And I'm her twin sister Lola Loud.

Rosebud: It's a pleasure to meet you all. I'm Rosebud.

Armond: It's a pleasure to make your acquaintance. I'm Armond.

Sawyer: I'm Sawyer.

McGee: I'm Mcgee. It's a pleasure.

Gretchen: I'm Gretchen.

Squirt: I'm Squirt.

Suzi: Lola knows me. I'm Suzi. McGee's big sister.

Natilee: It's a pleasure to meet you all.

Rosebud: How did you guys know that Esmeralda was attacking?

Lucy: I had a dream that was a message and it told us what's happening.

Natilee: I am also essentially one with the realm of dreams. They can tell me what's going on.

Armond: That is interesting.

Esmeralda: One thing still puzzles me. How did you all get those amazing powers over the elements?

Linka: We were given our powers because of mythological deities from all over the world. Me and my twin brother Lincoln were given Lightning Powers by the Lightning of Hinon, the Spirit of Lightning in Iroquois Myth.

Lana: I was given Ice Powers because of the Snowflake of Khione, the Goddess of Snow in Greek Myth.

Lola: I was given Fire Powers because of the Flame of Gabija, the Spirit of Fire in Lithuanian Myth.

Laney: I was given Super Strength and Flight because of chemical accident from my little sister and I was given plant powers because of the Diamond of Gaia.

Lucy: I got my Dark Powers because of the Black Lightning of Nótt, the Goddess of the Night in Norse Myth.

Suzi: That's amazing. I got fire powers.

Natilee: I saw a phoenix fly across the water and set the lake on fire. That was amazing.

Lola: I saw that and it was amazing.

Suzi: Yeah.

Jordan Buttsquat came back and he was enraged.

Jordan: You wretched losers! You all ruined everything!

Lola: And we show no remorse in doing so. Also you may want to see this.

Lola showed him a stock report and he saw a line dive down below the null line. Buttsquat saw that he was now completely broke and out of money.

Jordan: I lost all my money!? NNNOOOOOOOOOOOOOO!

Suzi: What happened?

Lola: I called in some favors and his company declared Chapter 7 Bankruptcy and he lost everything.

Suzi: That's awesome.

Lana: I would say that he deserves to be a homeless bum.

Suzi: I agree Lana.

Natilee: Me too. Rosebud how would you like to have Camp Lakebottom moved to Michigan?

Rosebud: That's a great idea.

The Police arrived and arrested Jordan.

And so after everyone went back to Michigan I looked up how Suzi got her powers.

Me: Here it is. You were given fire powers by the Phoenix Feather of Brigit the Celtic Goddess of Fire, Poetry, Arts and Crafts. Once every 275 years, she grants her powers of fire and the phoenix to anyone that is witnessing a powerful fight with an evil force. They have fire angel wings, cosmic fire powers, immortality, invincibility, and the power to resurrect the dead.

Suzi: Wow! That's incredible!

McGee: Sis this is incredible!

Gretchen: It sure is Suzi. This must be a really big change for you.

Suzi: It sure is Gretchen. I have a lot to learn now that I have fire powers like you guys.

Volcana: I will be happy to teach you Suzi.

Lola: Me too.

Aylene: Same here.

Suzi: Thanks guys. I owe you all one.

Jordan Buttsquat was sentenced to Life in Prison plus 82,323 hours of community service and chain gang labor (8 Hours a Day equals 28 years). He was also ordered to pay Suzi and McGee and all of Camp Lakebottom $200 Billion in damage restitutions. His father was made a worthless homeless bum. Camp Lakebottom now lives on the beach of Lake Huron and McGee, Suzi, Gretchen and Squirt surprisingly are from Michigan and they go to the same School as Lynn does.

THE END

Another Fanfiction Complete.

Camp Lakebottom is a really funny show made in Canada. It is really funny and the monsters they all encounter are really scary and funny. My favorite episode is where McGee, Gretchen and Squirt fight Esmeralda and I also like the Chili Cooking episode. Most of those episodes were funny and scary at the same time. Let me know what you all think.

See you all next time.

# Kids & Fire VS Adults P1

Yuko, Lincoln, Lilly and Lola were in the Simulator doing a long exercise. They were gonna journey through the entire KND Universe and help the Kids Next Door fight all the adult villains one by one and destroy them.

Operation: I.-S.C.R.E.A.M.

---

The exercise began and they found themselves in Sector V in Virginia.

Yuko: So this is Sector V of the Kids Next Door.

Lola: This is it.

Lincoln: You know more about this better than we all do Lola.

Lilly: So you're gonna have to help us.

Lola: Okay.

They saw an ice cream truck drive by them and they saw the Kids Next Door jump into it.

Yuko: That must be them! Lets go!

They spread their wings and flew onto the truck and Yuko grabbed the Ice Cream Man and held him at gunpoint.

Numbuh 1: All right Mr. Ice Cream Man. We know you're holding all of the Soft Serve Ice Cream in your ice cream factory! What's the password?

Yuko: Numbuh 1 don't let him give it to you. That's what the Delightful Children want.

Lola: That's right Nigel.

Lincoln: We know what the password is already so let them go.

Numbuh 1: If you know it then lets go.

They all got into the Kids Next Door M.O.S.Q.U.I.T.T.O.H.

Numbuh 1: Thank you for helping us. We had no idea that this was all a trap set up by those Delightful Dorks.

Yuko: No problem Nigel. We should introduce ourselves. I'm Yuko Tani.

Lincoln: My name is Lincoln Loud.

Lola: I'm his little sister Lola.

Lilly: And I'm Lilly. I'm also Lincoln's fiance.

Numbuh 1: Pleasure to meet you all. I'm Nigel Uno but call me Numbuh 1. I'm the Leader of Sector V.

Numbuh 2: I'm Hoagie P. Gilligan or Numbuh 2. 2X4 Technology Officer.

Numbuh 3: I'm Kuki Sanban or Numbuh 3. Divisionary Tactics expert, medic and Hamster Caretaker.

Numbuh 4: The name's Wallabee Beatles or Numbuh 4. Hand to Hand Combat master.

Numbuh 5: And I'm Abigail Lincoln or Numbuh 5. Second in Command and Spy.

Lincoln: Pleasure to meet you all.

Numbuh 1: So you know what the password is?

Yuko: Yes. It's Frosty. And I'm afraid that there's more to the Delightful Children From Down The Lane than you already know.

Numbuh 2: Why? What's up?

Lola: The Delightful Children From Down The Lane are really the lost Sector Z.

They all gasped.

Numbuh 5: Sector Z!?

Numbuh 2: I've heard about Sector Z. They were the most elite sector in the Kids Next Door.

Numbuh 1: Yes. They are incredibly powerful and this news is a devastating blow to the Kids Next Door.

Lola: They were made the Delightful Children against their will Numbuh 1.

Lincoln: Father captured them and used the Delightfulization Chamber on them. But the effects were increased.. How did they say it Lola?

Lola: Eleventy Billion Fold even though there is no such number.

Yuko: They became the Delightful Children that you all know because of it.

Lilly: That's horrible.

Numbuh 1: So that's how they know all about how we work and operate. They are Kids Next Door Operatives forcibly turned against us.

Lincoln: That's right.

Numbuh 2: Whoa! So how are we gonna help break their Delightfulization?

Lola: I know how to do it. My fire powers broke it and changed them back.

Yuko: We have special powers that are unlike anything you all have ever seen before.

Numbuh 4: We can't wait to see what you all can do.

Yuko: Yeah. Also guys I'm afraid the situation with the Adults is much worse than what you all know. The Adults plan on wiping out all the kids in the entire world.

Lincoln: That's right guys. They plan on causing Mankind's Destruction. By wiping out all the kids they will cause the Extinction of The Human Race.

Lola: Without kids humanity will have no future.

They gasp again.

Numbuh 5: Man I can't believe that they would want to cause that!

Numbuh 1: If they succeed then we all have no future.

Numbuh 2: We're approaching the ice cream factory.

Numbuh 1: Right.

Yuko: We would like to help you all destroy the adult villains and make sure their plans never succeed.

Numbuh 1: We graciously accept Yuko.

Numbuh 1 typed in the password and the defense systems deactivated.

Numbuh 1: Okay you all come with me. Numbuh 2 you get as much Soft Serve Ice Cream as you can.

Yuko: Right.

Lincoln: Lets go!

They went into the factory and it was cold.

Yuko: It's cold in here.

Numbuh 1: Keep your eyes and ears out.

Lincoln: I sense the Delightful Children here.

Lincoln concentrated and he sensed them behind a curtain.

Lincoln: There!

Lincoln fired a blast of lightning and it pierced the curtain and the Delightful Children were electrocuted and they tumbled down to the floor a charred mess.

Lincoln: You can't sneak up on us that easily Delightful Pukes.

Lola: Also you've stayed Delightfulized for far too long!

Lola fired a blast of fire and it removed the entirety of the Delightfulization from them and they reverted back to Sector Z.

Ashley: The members of Sector Z thank you.

Lola: You're welcome Ashley.

Numbuh 1 and the others were shocked.

Numbuh 1: You guys were right! The Delightful Children were really Sector Z!

Lola: Yep.

Numbuh 4: Whoa! This is unbelievable!

Numbuh 5: It's Sector Z!

Numbuh 3: Would someone please tell me what is going on here!?

A bunch of ice cream men came out.

Ice Cream Man 1: Hey! The Delightful Children's Delightfulization has been destroyed!

Yuko: And you all are next!

Yuko fired a blast of fire and incinerated him in an instant.

Lincoln fired a blast of lightning and electrocuted another and reduced him to ashes.

Lola: You ice cream people make me want to throw up!

Lola fired a blast of fire and incinerated another one.

Ice Cream Man 2: You wretched brats! Destroy them!

They unsheathed a bunch of Ice Cream Scoop Swords and they all charged and Lincoln fired a blast of fire with his Firebending and incinerated all of them in an instant. Until only one of them was left.

Lilly: Let me take care of this one.

Lincoln: Go get him.

Lilly walked up to him and punched him in the face and knocked out all of his teeth and also knocked him out.

Numbuh 1: Good work guys.

Yuko: Thanks Numbuh 1. We figured he would be more than just a prisoner for you guys.

Numbuh 4: I agree with you Yuko.

Numbuh 1: Lets hope he loves a dark cold prison cell.

Lincoln: Yep.

Bruce: These guys need to be wiped out completely.

Lincoln: I'm afraid the situation is much worse than what you all surmised.

At Sector V Treehouse Yuko, Lincoln, Lilly and Lola explained the situation to Sector Z and they were shocked.

Ashley: So the Adults want to destroy the entire Human Race?

Yuko: Yeah. They want to kill all the kids. But in doing so Mankind will have no future.

Lincoln: It will result in the Extinction of the Human Race.

Lola: We have to stop them at all costs.

Numbuh 1: I'll send all this info you gave us to Global Command.

Yuko: No. We can't risk that. There could be moles inside the organization and we can't take that chance.

Numbuh 1: That's a good assumption. I'll call down the Supreme Leader and Numbuh 86 immediately.

Yuko: Okay.

20 Minutes Later Rachel MacKenzie A.K.A. Numbuh 362 and Fanny Fulbright A.K.A. Numbuh 86 were in Sector V.

Numbuh 362: It's a pleasure to meet you Yuko, Lincoln, Lilly and Lola. We got your message.

Yuko: Same here. I'm afraid the situation is grim. We brought you down here from the Moonbase because we couldn't risk having this info we're about to tell you be sent to the Adults because of moles on the inside.

Numbuh 86: (Scottish Accent) What is it?

Yuko and Lola revealed everything and they all were shocked.

Numbuh 362: So the Adults want to wipe out all kids which will ultimately destroy the entire Human Race!?

Lincoln: I'm afraid so. Without kids Humanity will have no future and it will lead to the extinction of the Human Race.

Lola: And we have to stop them at all costs.

Numbuh 362: We aren't strong enough to destroy the adults yet. But that time will come.

Yuko: Our best chance is to eliminate all the Adult Villains one at a time.

Numbuh 362: That's a good strategy.

Lola: The Leader of the Adults is Father. He is evil in its purest form and he's also the monster responsible for turning Sector Z into the Delightful Children.

Ashley: That's right Supreme Leader mam. He made us into monsters.

Numbuh 362: I understand Ashley. You were made that way against your will and you're pardoned for it.

Yuko: We have to be ready for any Adult Villain that comes our way. From This day forth we're gonna be known as Team Adult Genocide and our mission is to destroy all Adult Villains and make Father pay for everything he has done!

All: YEAH!

Their adventure to save the Human Race was about to begin.

# Kids & Fire VS Adults P2

Operation N.O.-P.O.W.U.H.

---

Sector V's Treehouse was under attack by the P.T.O.O.E.Y. Squad.

Principal: Parent Teacher Organization Of Eradicating Youngsters, attack!

The Principal flew over the Treehouse and Yuko flew to him.

Yuko: You give all Principals everywhere a bad name.

She fired a blast of fire and incinerated him in an instant.

Numbuh 1: We're under attack! Team Adult Genocide, battlestations!

Lola: Right.

Numbuh 4: We're on it Numbuh 1!

Mad Dad came in. He is the archetype of the abusive father.

Mad Dad: Mad Dad MAD! YOU GET BAD REPORT CARD AGAIN!

Lola: That is not his report card you BUTTSMOOCHER!

Niumbuh 4 smacked him with the S.P.L.A.N.K.E.R. and Lola fired a blast of fire and incinerated Mad Dad.

Numbuh 4: Nice shot Lola.

Lola: Thank you.

The Terrible Tutor was heading for Lincoln.

Terrible Tutor: You cannot defeat the Terrible Tutor!

Lincoln fired a blast of lightning and electrocuted him into ashes.

Lincoln: I get more tutoring than ever with my sister Lisa.

The Heliteacher came in and suddenly a ball of stars came in. It exploded and out came Star Girl.

Star Girl: How about you all stop this madness?

She fired a blast of energy at the Heliteacher from her staff and Lola fired a blast of fire and they destroyed her instantly.

Lincoln: Star Girl!? Awesome!

Numbuh 4: Whoa!

Star Girl: It's a pleasure to meet you all.

Ashley: Same here.

Midwestern Mom then jumped in.

Midwestern Mom: NAUGHTY CHILDREN MAKE MIDWESTERN MOM ANGRY!

Star Girl batted her with her staff and Yuko fired a blast of fire and incinerated her.

Star Girl: Those people give all people everywhere a bad name.

Yuko: You said it.

Numbuh 1: Star Girl thank you for helping us.

Star Girl: No problem Numbuh 1.

Yuko: It's a pleasure to meet you.

They introduced themselves.

Star Girl: It's a pleasure and I'm glad I could help you all.

Yuko: You arrived just in time too. The situation here is much more grim than you could know.

They all explained the situation and she was shocked.

Star Girl: The adult villains are going to destroy all kids and wipe out all of humanity?

Numbuh 2: That's right.

Numbuh 3: They have to be stopped or we will not survive.

Bruce: We formed a team whose mission is to wipe out all the adults.

Yuko: We're called Team Adult Genocide and our mission is to wipe out the Adults and save the world from extinction.

Star Girl: I believe it. My real name is Courtney Whitmore and I will gladly help you all.

Yuko: We greatly appreciate it. We need all the help we can get to stop the Adults once and for all.

Star Girl: Thanks Yuko.

Suddenly a swarm of hundreds of Hamsters appeared and rushed down the halls.

They all ran to the power room and saw that Numbuh 3 released all the hamsters and the treehouse powered down.

Numbuh 1: What happened?

Numbuh 3: The hamsters were tired so I let them out to give them a vacation.

Numbuh 1: That's crazy! Without power we have no defenses.

Lincoln: No worries Numbuh 1. I can improvise for the hamsters.

Lincoln created a huge ball of lightning that grants infinite power to a building forever and threw it into the power room and the systems came back on.

Numbuh 2: That was awesome!

Numbuh 1: It sure was. That's brilliant thinking Lincoln.

Star Girl: You have awesome Lightning Powers Lincoln.

Lincoln: I was given them by the Lightning of Hinon, the Spirit of Lightning in Iroquois Myth.

Lola: Most of my family was given powers from many myths from around the world.

Yuko: It happened to me too.

Star Girl: That's amazing. I saw Lola and you Yuko shoot fire when I got here.

Yuko: Yes.

Numbuh 5: Won't the Adults know that our power is down?

Numbuh 1: I'm sure they will.

Lenny: We won't let them come.

Suddenly a big old woman busted in. It was Gramma Stuffem.

Lola: Gramma Stuffem!

Gramma Stuffem: (German Accent) Ah! Look at all ze Skinny Childrens. You need to eat.

Lincoln: What is she known for?

Lola: She force feeds kids her disgusting but delicious food and fattens them up so that they can't move and they can't get into trouble.

Lilly: I could use a little snack.

Yuko: Lets get some grub.

Gramma Stuffem sent her army of food monsters and they chomped, eaten and blasted them.

Lola: Your Curried Rat is yummy.

Gramma Stuffem: Why thank you deary.

Stomach: You have a good taste in food.

Lola: I know my food.

Gramma Stuffem: Try my Jellied Squid!

She threw Jellied Squid at them and Lola and Yuko ate them and they were tasty.

Yuko: Delicious.

Numbuh 2: I'll say.

Gramma Stuffem: Try my Toasted Bat.

Lola: Lucy would hate me for eating bats and she's a vampire.

Lucy suddenly appeared.

Lucy: Hey guys.

They screamed and a pipe organ played.

Gramma Stuffem: (Screams) Where did she come from!?

Lincoln: Lucy, how did you get here?

Lucy: You guys talked about me so I might as well lend you a hand. And you're right Lola I would hate you for eating bats. Gag.

Lola: Thanks for telling me Lucy. Thank goodness I didn't.

Lucy: No problem Lola. Let me work my magic.

Lucy fired a stream of black lightning at Gramma Stuffem.

Lucy: Let fear consume you completely.

Gramma Stuffem's eyes went completely blank and she was completely blind and saw nothing but total darkness.

Gramma Stuffem: Where are you skinny childrens? I can't see you.

Star Girl: Dark Powers? That is awesome.

Lucy: Thanks Star Girl. I was blessed by the Black Lightning of Nótt, the Norse Goddess of the Night.

Star Girl: That's really cool.

Lincoln: Lucy has alot of powers that are around darkness. She even has the power to kill spirits.

Lucy: That's right. But only if they deserve it.

Lola: I'll finish this.

Lola fired a blast of fire and incinerated Gramma Stuffem.

Yuko: That takes care of her.

Bruce: Yeah. She gives cafeteria cooks everywhere a bad name.

Numbuh 1: Agreed Bruce.

Numbuh 2: We've had enough of her food forever.

Lincoln: That's right. But I am stuffed.

Lilly: Me too.

Lucy: Her food was completely disgusting and she would even put dads cooking to shame.

Lola: I agree Lucy.

Yuko: Would you like to help us Lucy?

Lucy: Sure. I've got nothing better to do besides bear the weight of the world on my shoulders.

Lincoln: Welcome to Team Adult Genocide Lucy.

Lucy: Thanks Lincoln.

Yuko: Another Adult Villain destroyed and we have a long way to go.

Numbuh 2: Yep.

Gramma Stuffem and the P.T.O.O.E.Y Squad have been destroyed and there are more adventures to come.

Continues in part 3.

# Kids & Fire VS Adults P3

Operation T.E.E.T.H.

---

Team Adult Genocide was fighting Big Brother.

He was the Archetype of the abusive older brother.

Big Brother: Give me back my stuff you punks!

Lincoln punched him in the face and kicked him in the stomach.

Lincoln: You give big brothers everywhere a bad name!

Lola: Yeah! What Linky said!

Big Brother: I will destroy you filthy punks!

Suddenly the ground shook and a whip of thorns grew and slashed him in the back and drew blood. A giant Red Rose came out and it bloomed and out came Laney.

Laney: Hey guys.

Yuko: Laney! You arrived just in time.

Big Brother: That hurt you little brat!

Laney: Then this will hurt even worse!

Laney formed a vine fist of thorns and punched him in the face with a powerful spiked punch. He was holding his face in pain.

Yuko fired a blast of fire and incinerated him.

Yuko: Another Adult Villain destroyed.

Star Girl: Yep.

Lincoln: He gave all big brothers everywhere a bad name.

Lucy: You said that already Lincoln.

Lincoln: I know.

Numbuh 1: Lets head back to headquarters.

Yuko: Okay.

---

Back at Sector V that night everyone was relaxing having fun when Numbuh 3 came in.

Numbuh 1: Where were you Numbuh 3?

Numbuh 3: Um… Look.

She showed her teeth and they were so shiny that they were projecting a beam of light like a super bright spotlight.

Laney: Wow! Those teeth are shiny!

Yuko: Whoa!

Lincoln: Wow! Those teeth are bright!

Lucy: They're as bright as the sun.

Numbuh 1: Numbuh 3! What happened!? Your teeth should look like this!

They showed their gross teeth from eating all the candy.

Numbuh 2: Or this!

Numbuh 5: Or this!

Lola: I know this work. This is the work of the dentist vigilante, Knightbrace!

Numbuh 1: Who is Knightbrace?

Lola: He's an oral-health themed villain that attacks children in the dead of night and he forcibly performs unnecessary dental and orthodontic procedures on them.

Lincoln: Wow! [To the Viewers] You got to admit for a 6-year-old that is a detailed description of the villain.

Yuko: It sure is.

Numbuh 1: Now we know who we're up against. Question is how are we gonna destroy him?

Yuko: I have an idea.

Yuko revealed her plan and they set up a trap.

---

In the dead of night they put a stuffed toy in the shape of Numbuh 1 on the ground in an alley and just as they planned, Knightbrace arrived and he brushed the toys teeth.

Numbuh 1: Now!

Numbuh 3: Okay!

Numbuh 3 popped out of a pipe and shined her light from her teeth on him and Yuko punched him in the face and Star Girl fired a star blast from her staff and sent him flying and he crashing into the wall.

Lincoln: Try this shocking cleaning!

Lincoln fired a stream of lightning and electrocuted Knightbrace and Lola and Lucy fired a combined blast of Fire and Black Lightning and obliterated him.

Laney: He'll never terrorize the world of oral hygiene again.

Lucy: Yes. What a monster.

Numbuh 4: He'll never destroy our teeth again.

Numbuh 5: Numbuh 5 agrees.

Yuko: That's two villains gone.

Lola: We still have more to go.

There were still more villains out there and they were gonna pay.

Operation: P.I.R.A.T.E.

---

It was a quiet day in Sector V and Numbuh 5 was getting her special chest of candy for them to enjoy. When suddenly a gumball pierced through the wall and stuck to Numbuh 4.

Numbuh 1: It's a gumwad.

Lola: Stickybeard is behind this.

Candy pirates bursted in and Team Adult Genocide was killing them all by blasting them with fire, black lightning, poison barbs and lightning.

Then the Chief Pirate came in. It was STICKYBEARD!

Stickybeard: You lads and lassies destroyed all of me crew I see. But ye be no match for Stickybeard!

Lola: I knew you were coming Stickybeard. You have a tremendously bad disrespect for all candy you diabetic poophead!

Yuko: Yeah!

Laney: I love candy as much as anybody else but you give all candy lovers everywhere a bad name.

Star Girl: I agree with her.

Lucy: I'm gonna drink your blood and leave you for the buzzards.

Stickybeard: I'd be seeing yer try lassies.

Yuko: Don't mind if I do.

Yuko formed a sword of fire and she and Stickybeard clashed with a sword of fire and a sword of peppermint candy. The peppermint sword melted and Yuko kicked him in the stomach and sent him crashing into his ship.

Numbuh 1: Lets board his ship!

They all did so and they were fighting all of the crew and destroying them.

Laney went up to the sails and cut the sails down the middle.

Lola: Laney is doing an Errol Flynn stunt!

Lincoln: That… was… AWESOME!

Lilly: It sure was Linky.

Star Girl: That was amazing.

Lucy: It sure was.

?: HULK SMASH!

The Incredible Hulk appeared out of nowhere and smashed the ship in half right down the middle with devastating force and reduced it to toothpicks.

KRASMASH!

Laney: WHOA!

Yuko: The Incredible Hulk!

Lincoln: Awesome!

Star Girl: The Marvel Comic heroes are real?

Lola: They sure are Courtney. They are just as awesome as the DC heroes.

Lucy: Yes.

Hulk: Hulk happy to help you all.

Yuko: We need all the help we can get Hulk.

Stickybeard emerged from the big pile of candy he took and he was shocked that his ship was completely destroyed.

Stickybeard: Me ship! What have ye all done!?

Yuko: We beat you that's what.

Hulk: Hulk smash it good. Puny pirate.

Lola: You can have all the candy you want in the Netherworld.

Lola fired a blast of fire at him and incinerated him.

Numbuh 4: So much for Stickybutt.

Numbuh 5: Numbuh 5 agrees.

The Hulk was now part of their adventures.

Operation C.O.W.G.I.R.L.

---

Numbuhs 1 through 5 had stolen a strange glowing dome from their enemies Mr. Fibb and Mr. Wink and were running away from them.

Yuko flew in and clotheslined them off of their chairs.

Hulk: HULK SMASH!

Hulk smashed their chairs into matchsticks.

KRASMASH!

Mr. Fibb: Our precious chairs have been destroyed by that big behemoth Mr. Wink.

Mr. Wink: Indeed Mr. Fibb. They will pay dearly for this.

Mr. Fibb: Agreed Mr. Wink.

Lola: The only ones that will pay are you two.

Laney: How would you like that Walrus Butt!?

Lucy: That would be a good death for you too Yak Face.

Lincoln: Lets see what shocks you the most.

Lincoln fired a blast of lightning and electrocuted them.

ZAP!

Mr. Fibb: Ouch. That hurt Mr. Wink.

Mr. Wink: It did Mr. Fibb.

?: YEE-HAW!

They saw a lasso tie up Mr. Fibb and Mr. Wink.

Yuko: Who are you?

A woman came down and she was dressed in Cowgirl attire. It was Lasso Lass.

Lasso Lass: (Southern Accent) I'm Lasso Lass. Pleasure to meet ya'll. I'm the leader of the Cowboy Kids Club.

Yuko: Pleasure to meet you too.

Lincoln: Would you like to help us wipe these two buttmouths out?

Lasso Lass: I would be darn tootin.

Numbuh 1: Lets get these two freaks!

They then charged and pulverized Mr. Fibb and Mr. Wink together and they also blasted and smashed them into pulp.

When they stopped 10 minutes later Yuko fired a blast of fire and incinerated them.

Yuko: That takes care of Mr. Fibb and Mr. Wink.

Star Girl: It sure does.

Lucy: They can enjoy their time in the Netherworld.

Laney: It will be an eternity.

Lola: That's right.

Back at Sector V headquarters Yuko stamped a Skull and Crossbones on Mr. Fibb and Mr. Wink.

Yuko: Another Adult Villain destroyed.

Numbuh 2: That's right.

Numbuh 4: Another victory for Team Adult Genocide.

Numbuh 5: Time for Numbuh 5 to relax.

Yuko: You said it.

Hulk: Hulk could use a little break.

Star Girl: Lets hope the peace will last.

Yuko: Well we have to be ready for anything.

Lincoln: That's right guys. Adult Villains are persistent.

Lilly: Yeah.

They were taking a quick break before the next mission.

"Eradicating The Rhinovirus"

In a local park Team Adult Genocide was fighting the Common Cold.

Common Cold: Surrender Kids Next Door! There is no cure for the Common C.. Gyah… (Gears up to sneeze) I'm the Common Cold. (Sneezes)

Yuko: Try this on you mucus buttface!

Yuko fired a blast of fire at him and it burned his jet pack and he crashed to the ground.

Lincoln fired a stream of lightning and electrocuted him.

Lincoln: That oughta shock you.

Lucy fired a blast of black lightning.

Lucy: Let fear consume you completely.

The Common Cold saw everything covered in decongestant, chicken soup, cough drops and orange juice and he screamed like a little girl as well as cough, gag and sneeze.

Star Girl fired a blast of star energy from her staff and Hulk punched him in the face and sent him crashing into a streetlight.

Hulk: Puny Germ!

Lola: Common Cold we are the cure for the Common Cold and you have been eradicated.

Lola fired a blast of fire and incinerated him in an instant.

Numbuh 2: That was a good joke Lola.

Lola: Thanks Numbuh 2.

Numbuh 1: Good job guys.

Yuko: Thanks Numbuh 1.

Hulk: Hulk glad Common Cold is gone for goid.

Star Girl: Me too.

Lucy: Same here. Gag.

Ashley: I hate getting sick.

Yuko: Nobody likes it Ashley.

Lilly: Yeah.

Numbuh 4: That snotball got what was coming to him and he deserved it.

Numbuh 5: Numbuh 5 agrees with you.

Vampire VS Spank-Happy Vampire

---

It was a dark and stormy night and Team Adult Genocide was watching TV and playing video games. They were watching Vampires of Melancholia

Lucy: This is my favorite show guys.

Laney: I love Vampires of Melancholia.

Lincoln: Me and my sisters usually watch The Dream Boat and I like watching Rip Hardcore.

Numbuh 4: Those sound like interesting shows Lincoln.

Lincoln: They are.

Hulk: Hulk like good shows like that.

Star Girl: Me too.

Suddenly there was a power outage and everything went dark. The back-up power turned on but the TV didn't turn on.

Yuko: Sounds like a power outage.

Suddenly a swirl of darkness came in and it was COUNT SPANKULOT!

Count Spankulot: (Transylvanian Accent) Those who kill other adults are bad and must be punished! Prepare to feel the stingy wrath of Count Spankulot!

Lucy: I think not Spank-Happy Vampire.

Count Spankulot Screams as Lucy appears and a pipe organ plays.

Count Spankulot: So you will be first? (Evil Laughter)

Lucy then became a vampire as she had fangs and she revealed her demon eyes and spread her black angel wings.

Yuko: Wow! Lucy looks like a true Angel of Darkness.

Numbuh 1: She sure does. This must be because she was blessed by the Black Lightning of Nott.

Laney: Not just that Numbuh 1. During an incident a while ago Lucy got bitten by my sister Lana's Vampire Bat and it turned her into a Vampire.

Lola: That's what really surprised me.

Numbuh 5: That is amazing.

Numbuh 4: Whoa!

Hulk: Hulk is amazed by this.

Numbuh 1: This is going to be a battle between Vampire and Spank Happy Vampire.

Numbuh 4: I hope Lucy can destroy that monster. Otherwise we'll all need Double Cheek Transplants.

Lola: Double Cheek Transplants?

Yuko: That's a whole butt transplant.

Laney: Ew!

Lola: Took the words right out of my mouth Laney.

Lincoln: This is not gonna by pretty.

Lilly: Yeah.

Count Spankulot: So you are a vampire like myself.

Lucy: I'm actually a regular vampire with the thirst for blood and I'm also immune to Sunlight, silver, garlic and holy water. But you are no vampire.

Lucy fired a blast of black lightning at him and it burned his fangs off.

Count Spankulot fired a dark hand blast at Lucy and she deflected it back at him and it hit him in the face with a huge slap.

WHAP!

Lucy: Lola!

Lola: I know what you're about to do.

Lola and Lucy fired a combined blast of fire and darkness and incinerated him and reduced him to ashes and they disintegrated in an instant.

Lucy: He sure gave vampires everywhere a bad name.

Lola: I may not like vampires, no offense Lucy, but that guy was a total freak.

Lucy: None taken Lola.

Laney: You were amazing Lucy.

Numbuh 4: In the end Vampires won against Spank Happy Vampires.

Count Spankulot's death was felt all over like wildfire and the Spank Happy Vampires under his influence were turned back to normal.

Bad Plumbing

---

It was a quiet day at Sector V treehouse until…

Toiletnator: Kids Next Door! Prepare to be flushed by the mighty TOILETNATOR!

Lola: Oh brother! Not this worthless bum again.

Numbuh 2: Unfortunately yes.

Laney: Who is the Toiletnator?

Lola: He's the stupidest, most pathetic and lamest villain the Kids Next Door knows. He's a toilet master and he wants to punish kids for writing on the bathroom walls, misusing toilet paper and not flushing the toilet.

Numbuh 4: That freak is the dumbest villain ever known.

Ashley: He sure sounds like it.

Lenny: Either the adults are getting weaker or some guys are just that stupid.

Lincoln: What a freak.

Lilly: You said it Linky.

Hulk: Hulk will take care of him.

Star Girl: Me and Lola will face him since she knows more about this guy than we do.

Yuko: We know you can do it.

Numbuh 1: Go get him.

Star Girl and Lola flew out and they faced him.

Toiletnator: I don't believe I've ever seen you two in the Kids Next Door before.

Star Girl: I'm Star Girl.

Lola: And I'm Lola Loud.

Toiletnator: Well prepare to be flushed!

Toiletnator fired his toilet paper at them and Lola fired a blast of fire and incinerated it and Star Girl fired a Star Blast from her staff and it blew him into a nearby porta-potty and Lola welded it shut and chained it up.

Toiletnator: Hey! Let me out of here!

Lola: I think you need a permanent vacation with no toilets.

Lola flew out and took the porta-potty and she dropped it on the island of Tristan da Cunha in the south Atlantic near South Africa.

Lola flew back to home and the Toiletnator was stranded on the island with no toilet.

Toiletnator: JUST YOU WAIT KIDS NEXT DOOR! I WILL HAVE MY REVENGE! NO ISLAND CAN HOLD THE MIGHTY TOILETNATOR!

But what he doesn't know is that he is all alone and there are no toilets for miles. The island is 1,750 miles from South Africa and it would take a miracle for him to get off the island.

Back in Sector V Treehouse, Lola returned.

Lola: I banished him to an island south of South Africa.

Numbuh 1: Good. He wasn't that much of a threat.

Numbuh 2: The Toiletnator is a dumb idiot.

Then a hole blasted in through the roof. It was the Proper Patrol.

Numbuh 2: The Proper Patrol!

Star Girl bashed them with her staff and Lola and Yuko fired a blast of fire and incinerated them.

Yuko: 2 more Adult Villains taken care of.

Numbuh 4: Yep.

Numbuh 3: Good riddence.

Numbuh 5: Numbuh 5 agrees.

Hulk: Hulk agrees too.

---

Team Adult Genocide was having lunch at Gallagher Elementary School.

Numbuh 362 and Numbuh 86 were with them.

Suddenly there was a charge horn that sounded and a bunch of men busted in through the windows and began swiping lunches.

Lola: Oh no you don't!

Team Adult Genocide blasted all the men to dust and destroyed them.

?: YO-HO!

They turned and saw ROBIN FOOD!

Lola: Robin Food!

Robin Food: That's right my dear. It is I, Robin Food.

Yuko: You bear a striking resemblence to the legendary hero outlaw Robin Hood. Are you here to steal food from the adults and give it to the kids?

Robin Food: Ah thank you my dear princess but alas it's actually the opposite. Me and my Hungry Men are stealing food from the children and giving it to the elderly at Sure Would Forest Retirement Home.

Numbuh 2: My grandma goes there and she hates this guy from what I remember.

Hulk: Hulk not like this guy already.

Star Girl: Me neither. Let me face him.

Yuko: Go for it.

Star Girl readied her staff and more Hungry Men came and she was bashing them all really good.

POW! BLAM! KROW! THWACK! SMACK! SMASH! KATOW! ZONK!

Robin Food charged and he had a bo-staff.

Robin Food: YO-HO!

They both clashed and they were showing incredible power in their skills with a staff.

Robin Food: Todays special is ungrateful brat with side orders of pain and suffering!

Star Girl: I don't think so.

Star Girl kicked him in the face and blasted him with her staff and incinerated him in an instant.

Lola: Way to go Star Girl!

Numbuh 362: That was really well done!

Numbuh 86: We have a chance to destroy Father and the Adult Villains once and for all.

Numbuh 1: We sure do.

Lola: We still have a couple more adults to take out before we do that though.

Yuko: Yes.

Teenage Years are Murder.

---

In the Briefing Room at Sector V Team Adult Genocide was having a meeting.

Numbuh 1: Good morning Team Adult Genocide. We just received word from Global Command that the Teens at McClintock High School are readying a dangerous weapon that will destroy all the children in Sector V and we have to stop them at all cost.

Numbuh 5: Cree what are you all planning?

Yuko: Who is Cree?

Numbuh 5: She's my big sister and she wants to destroy us.

Lola: She's a rogue Kids Next Door Operative and she is working with Father to kill all the kids.

Yuko: We have to destroy all the Teens and make sure that they can't hurt anyone. We also have to help save Cree.

Numbuh 1: Exactly. I'm gonna give this to you Yuko.

Numbuh 1 gave Yuko a special watch.

Yuko: What's this?

Numbuh 1: It's a special portable decomissioning watch. It was given to me to give to a member of the Kids Next Door by Global Command and I figured you can use it to help stop Cree.

Lola: I've seen the Decommissioning in action. It destroys all the memories of the KND Organization in your mind and makes you a normal kid.

Yuko: That's potent. I will use this wisely.

Numbuh 1: Good. I have faith in you Yuko.

Yuko put the watch on.

Yuko: Thank you Numbuh 1.

Numbuh 1: You're welcome. Now. The Teens are gathering in the gym in 20 minutes. We'll attack them ambush style.

Numbuh 2: Okay.

Yuko: This time we put an end to the Teen Terror for good.

* * *

At McClintock High School Cree was making a speech.

Cree: Thank you my friends and fellow Teens. Our plan to destroy those bratty children and those stupid Kids Next Door is nearing completion.

KRABOOM!

Team Adult Genocide blasted in through the roof in a fiery explosion and Yuko and Lola fired a combined blast of fire and incinerated most of the teens.

Lincoln fired a stream of lightning and electrocuted most of them.

Lucy fired black lightning.

Lucy: Let fear consume you all completely.

Some of the Teens were scared of what they feared and they ran around like frightened chickens and screamed like little girls.

Hulk: HULK SMASH!

Hulk slammed the floor and a bunch of teens went into the air and Star Girl hit them with her staff and blasted some of them.

Laney used her plant powers and tied some of them up.

Yuko: Lets see if this thing works.

Yuko pressed a button on the portable Decommission watch and a bunch of plungers came out and sucked the teens faces and removed all their memories. The data on the memories sucked out on her watch was amazing.

Yuko: Boy these Teens are worse than what we first thought.

When it was done Laney untied them and they couldn't remember anything about being in the Kids Next Door or even becoming evil.

Yuko: Wow! This watch is amazing.

Numbuh 1: I'm glad you like it Yuko.

Cree was fighting Numbuh 5.

Cree: You all ruined everything Crabigail!

Numbuh 5: Cree we're trying to save you.

Cree: From what?

Numbuh 5: From this monster that you have become.

Lincoln fired a blast of lightning and electrocuted her and she was numb.

Yuko: It's time for you to realize what you have been doing Cree.

A plunger came out of the watch and erased Cree's memories of her being an evil teen and working for Father as well as all the evil she has done.

When it was done she broke down crying and steams of tears flowed from her face.

Numbuh 5: Cree?

They hugged.

Cree: (Crying hard) Abigail! I'm so sorry I tried to destroy you and your friends!

Numbuh 5: It's all right Cree.

Yuko: Glad you're back to your old self Cree.

Cree: (Sniffles) Thank you Yuko.

Yuko then saw something sizzling and smoking on the floor.

Yuko: What's this?

Yuko picked it up and she saw that it was a small robotic bug with an antenna on it.

Yuko: Numbuh 1?

Numbuh 1: What is it Yuko?

Yuko: Take a look at this.

Yuko handed him the bug and Numbuh 1 was stunned.

Numbuh 1: So that's how Father made Cree so evil. This is a mind-control transmitter.

Yuko: A mind-control transmitter?

Cree: OW!

Numbuh 5 saw a burn mark on the back of Cree's neck.

Numbuh 5: This must be where he stuck that transmitter.

Maurice then came.

Maurice: I knew something was seriously wrong here.

Numbuh 1: Maurice?

Maurice: Yes Numbuh 1. Just for the record I was not decommissioned. I am actually a member of a branch of the Kids

Next Door called the Teens Next Door. We are a super secret covert group that monitors all the Teens activities.

Lola: That's a big branch of the organization.

Numbuh 5: Wow.

Ashley: I've heard about all of this. It was an organization in the development stages before we became the Delightful Children.

Bruce: I remember that.

Lenny: Me too.

David: That's really interesting.

Constance: How come some of us don't know about it?

Maurice: It's very top secret.

Laney: That's amazing. But you have our word that we won't tell a soul.

Maurice: Thank you Laney. Father must've stuck that transmitter on the back of her neck while she was asleep and it would activate when she turned 13.

Numbuh 1: That could be the case.

A voice tried to contact Cree on the transmitter.

?: Cree!? Come in. Are you there?

Yuko: It's Father. (Speaks into the Transmitter) Father. We saved your little puppet from your control and I have a message for you.

Father: Who is this?

Yuko: My name is Yuko Tani and Team Adult Genocide is coming for you and you are gonna pay for trying to destroy the Human Race. Your days of living are now numbered.

Yuko dropped the transmitter on the floor and crushed it with her foot.

Cree: Thank you for freeing me Yuko. I want to help you by getting revenge on Father for controlling me.

Numbuh 1: Welcome back Numbuh 11.

Cree: Thank you Numbuh 1.

Lola: We now have to get ready for the final showdown with Father.

Lincoln: He won't get away with all the pain and suffering that he caused to this planet.

Lilly: We're ready for him.

The Ultimate Battle is on the horizon and War is coming.

VENGEANCE IN FLAMES

---

The day of reckoning has finally come. It was time to take the fight to Father and rid the world of his evil once and for all.

Yuko: Get ready Father. We're coming for you and you will pay for everything you've done.

Team Adult Genocide was on their way to Father's house, the Delightful Mansion.

Father was having a nice nap in front of a cozy fire.

Father: (Snoring)

Suddenly an explosion blasted through the door into his living room and Father was awokened by it.

KRABOOM!

When the smoke cleared Team Adult Genocide and some members of the Kids Next Door and the Teens Next Door were standing ready. They saw Father!

Yuko: So we meet at last Father.

Father: So you are the pathetic Team Adult Genocide that's been ruining everything for me!

Lola: And we show no remorse in doing so you hot-headed freak!

Father's aura of fire exploded to an extreme intensity!

FATHER: (ENRAGED SCREAMING) WHAT DID YOU JUST CALL ME!?

Lincoln: How about you shut your ugly mouth and go get in a field of garbage?

Numbuh 2: Whoa! That was nice Lincoln.

Father: YOU AWFUL LITTLE BRAT! I WILL DESTROY YOU FOR THAT!

Yuko: You're gonna pay for everything you've done Father.

Yuko then snapped her fingers and the area changed into the distant planet Mordre.

Planet Mordre is a Volcano Planet located in the galaxy NGC 149 in the constellation of Andromeda approximately 216 Million Light-years away from Earth. It is a volcanic planet and is an incredibly hostile and inhospitable world where volcanoes erupt all the time and the weather is extremely ferocious. Lightning illuminates the dangerous Sulfuric Clouds and it rains fiery embers, fire and sulfuric acid and fire tornadoes ravage the mountainous volcanic landscape. The surface temperature of the planet is 829 degrees fahrenheit and the atmosphere is completely poisonous to human life.

Yuko had everyone protected in a powerful force field that protected them from the planets searing heat and inhospitable environment.

Numbuh 4: Whoa! What is this place?

Yuko: This is the Volcano planet Mordre. It's a volcano planet.

Numbuh 3: This place is scary.

Cree: How do you know about this planet?

Yuko: I don't know. I just know about it. Now Father you will pay.

Yuko dashed and punched him in the stomach and kicked him in the face with devastating force and he crashed into a big rock. Then he got out and flew towards her and fired a huge blast of fire in a ballistic rage and Yuko fired a huge blast of fire and the blasts collided and they exploded.

KRABBBOOOOOOOOOMMMM!

Lincoln fired a blast of lightning and electrocuted him and Yuko elbowed him in the stomach and kneed him in the face and kicked him in the back of the head with devastating force.

Yuko backed off and Father was getting madder and madder by the second. His fire aura exploded out with such an explosively powerful intensity and the lightning in the clouds of the planet had gotten stronger.

Father: (ENRAGED SCREAMING) HOW DARE YOU ALL ASSAULT ME!? I HATE YOU ALL!

Yuko's aura flared up and it was red.

Yuko: Whoa! That was intense. I get stronger from hatred too.

Yuko punched Father in the face, kicked him in the back and punched him in the stomach and fired a huge blast of fire at him and it exploded when it hit him in the chest.

KRABOOOOMMMM!

When the smoke cleared Father got up and he had a huge hole in his chest and his black heart was completely exposed to the open.

Father: (ENRAGED SCREAMING) I'VE HAD IT WITH YOU YOU WRETCHED STUPID BRATS! NOW YOU ALL WILL DIE!

Yuko: You first monster!

Father Screamed ferociously and he charged towards them in a ballistic rage of unimaginable fury.

Team Adult Genocide charged and they clashed with Father in a massive and fiery explosion of unimaginable power!

TTHHHHHHHHHHOOOOOOOOOOOOOOOOOOOOOOOOOMMMMM

(Zero Two Battle Super Smash Brothers Brawl plays)

The Battle that will decide the fate of the Human Race had begun and the fight was so extremely ferocious that it was unbelievable. Massive Fiery Explosions and thunderous shockwaves from their punches destroyed much of the landscape and engulfed it in a massive raging inferno. Lightning intensified in the skies above to an extremely ferocious level and the fires of the Netherworld raged on the planet at an extremely vicious level to an amazing degree. The fight was so vicious, ferocious, brutal and savage that it was shaking the entire Universe to an incredible level at an intense level. They were gonna make sure that Father suffers for a billion lifetimes for his crimes. Fiery embers and lava bombs rained down onto the battle and exploded with incredible power. Yuko then punched Father in the face and sent him crashing into the ground and he got up and then they charged toward eachother and Yuko punched him in the stomach and they clasped hands. Their fire auras flared up to such an extreme intensity and their power was so strong and powerful that it was making the entire planet shake extremely violently. Pebbles, rocks and boulders lifted off the ground and the lightning and fire tornadoes intensified even more. Yuko punched Father in the face again and fired a blast of fire and burned a chunk of his face off.

Father screamed in excruciating pain and he then gathered up all of his power and Yuko did as well and they both fired enormous blasts of intense fire simultaneously. The blasts collided and a powerful struggle began. Suddenly the blast exploded with incredible power and the entirety of the planet shook to the very core with devastating power.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion was so powerful and so devastating that it broke through the force field and the planets atmosphere with incredible power.

When the smoke cleared Lincoln had everyone protected in a powerful force field.

Lincoln: Is everyone okay?

Numbuh 1: We're all okay Lincoln. Thanks to you.

Lola: What a fight!

There was a massive crater in the planet and violent earthquakes rattled the planet and powerful torrents of lava shot high up into the sky.

Lincoln's device he had on his arm was beeping.

Lincoln: Oh no. This entire planet is going to explode!

Numbuh 2: What!? How can that be?

Numbuh 1: Yuko's and Father's power must've been so strong that it made this planet completely unstable. We have to get out of here!

Lincoln: Right! Yuko!

Yuko: I know!

They all teleported out of there. Father got up and he saw the planet destroying itself around him.

Father: What's happening?

He saw that Yuko and everyone was gone. He then realized that the planet was gonna explode. The planet exploded as he screamed and knew that his death is now.

Father:
AAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAHHHHHH

KRAAAABOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

On a nearby moon Team Adult Genocide and everyone were protected in a force field and they saw the whole planet explode.

When the smoke cleared the Entirety of the planet Mordre was completely gone. It was completely obliterated in the blink of a cosmic eye.

Lola: Whoa!

Lincoln: That was unbelievable!

Numbuh 1: Is it over?

Laney: Yes.

Lincoln: Father's energy signal has completely disappeared. He's gone.

Yuko: It's over guys. We won!

They all cheered wildly. Team Adult Genocide and the Kids Next Door had won.

Cree: Have a nice time in the Netherworld Father.

Numbuh 362: It's finally over. We won and saved the entire Human Race.

Numbuh 86: We sure did.

Yuko: Lets go home.

They all beamed back to Earth

Father's death had an extremely powerful impact on the Adult Villains everywhere. Their powers were gone and they were reduced to normal worthless adults.

At the Kids Next Door Moon Base a huge award ceremony was held. Yuko, Lincoln, Lilly, Lucy, Laney, Lola, Star Girl, Hulk and Sector V were all given the Kids Next Door's highest honor: The Kids Next Door Gold Medal of Supreme Valor. Yuko merged everyone with their counterparts from the Kids Next Door Universe and the exercise ended. The world was now safe for all kids everywhere. Yuko, Lincoln, Lilly, Lucy, Laney, Lola, Star Girl and Hulk rested on the sofa and they were exhausted.

Yuko: Whoo! What a trip.

Star Girl: That was intense.

Hulk: Hulk is exhausted. No fighting for a while.

Lincoln: You guys were all amazing today.

Lilly: Thanks Linky.

Lucy: You've gotten stronger since your training with Nicole, Lincoln.

Lola: You were amazing Linky.

Lincoln: Thanks guys. But you guys deserve the credit.

Yuko: Thank you Lincoln. I'm proud of all of you.

Laney: Thanks Yuko.

They rested for a while and it was gonna be dinner time in a while.

THE END.

Another Miniseries Complete.

Whoo-wee! This one was amazing. This series came to me out of the blue and the KND weren't getting any attention in my chapters. So I'm sorry I neglected them. But I think this explosive and action packed series was perfect to make up for it. Let me know what you all think.

See you all next time.

# The Lone Hunter

It starts out with me, Varie, Vince, Carol, Lincoln, Lilly and Ronnie Anne relaxing in the meadow in the park.

Ronnie Anne: This meadow is beautiful and really relaxing.

Vince: I told you Ronnie Anne.

Me: Lincoln found this meadow a while back and it is so tranquil.

Varie: Yeah.

We were watching the clouds and the Eds, Naruto and the girls, The Loud Siblings, Kate, Aylene, Sector V, Jeri and The Lion Guard, The Sailor Soldiers, The Teen Titans, Star Girl, Yuko, Maleficent, Star, Marco, Riley, Hulk and my Children were with us.

Jared: This is relaxing dad.

Shanan then heard some rustling in a huge tree from 200 yards away. She saw a treehouse in the tree.

We all said yes.

We went into the treehouse and it was loaded with all kinds of stuff including some taxidermy trophies of different predatory animals.

Everyone agreed with me.

Cody: That's right. Watch.

Cody held out his hand and black blue fire came out and formed a window into the afterlife and it showed his parents Kelly and Miguel.

(Note: I don't know who Cody's parents are in real life.)

Miguel: Cody we're very proud of you son. You take care now.

Cody: Okay dad.

The window vanished.

Me: That was really cool Cody.

Cody: Thank you J.D.

Luan: That was a Window of Opportunity! (Laughs to Rimshot) Get it?

Me, Varie, Vince, Carol, Cody, Aylene, Naruto and the Girls, Sector V, Ronnie Anne, Lincoln, Lilly, the Eds, Marie my children and Carrie laughed while the others groaned.

Me: (laughs) That was a good one Luan.

Eddy: (Laughs) That was funny.

Cody: Luan you tell really good jokes.

Luan: Thank you Cody.

Me: Luan is hilarious. She can make anyone laugh.

Cody: That's what I heard. I don't know any jokes myself. But I love a good laugh.

Eddy: That's all right.

I notice something strange on the table and it was a strange spear tip.

I pick it up.

Me: What's this?

Cody: I found that in a building in Los Angeles, California.

Shanan: (Gasps in Shock) I know what that is!

Me: What is it Shanan?

Shanan: That's a Yautja Speartip.

Me: From the movie Predator!?

Varie: I've seen those movies and they were dangerous.

Me: The Yautja's are the galaxies most lethal hunters. They come from the planet Yautja Prime and the technology they have is amazing.

Brittney: I remember that planet and it was amazing. Here's what it looks like.

Brittney used her magic and showed us the planet Yautja Prime.

Lynn: I saw those movies and Arnold Schwarzeneggar did a great job in the first movie.

Me: He sure did. So did Danny Glover in the 2nd movie. And if you have a Speartip from the Yautja's, Cody then this means that they are real.

Cody: That's right. Let me show this to you.

Cody lead us to a room and it had lots of Yautja Technology unlike anything we had ever seen before.

Lola: Whoa! Look at all this stuff.

Me: Wow. Cody you have a huge arsenal of Yautja equipment and technology.

Cody: That's right. Believe it or not I've been to the planet Yautja Prime.

Naruto: Whoa! That's incredible!

Sakura: We've been to several planets in our adventures and it was amazing.

Cody: That's incredible. Yes. The Yautja's are indeed the Galaxy's most lethal hunters. Turns out they wanted to test me after I got my powers. They are a race totally devoted to honor. They kill for honor and the thrill of the hunt.

Me: That's what I've read about.

Shanan: That's right.

Me: Also from what I remember they have a powerful Self-Destruct device that has enough explosive power to completely destroy 300 City Blocks.

Cody: That's right.

I pick up the wrist blades and touch them.

Me: Ouch! Wow! Those blades are sharp.

I had a nasty cut on my finger and I bled.

Me: Whoa! They are really sharp.

Cody: Yeah. They are deadly enough to bisect a human with ease.

Vince: Or rip out a human skull with ease too.

Luna: That is powerful dudes.

Sam: Did you pass their test Cody?

Cody: I sure did and they gave this stuff to me.

Lincoln: That's incredible. I love this mask.

Cody: That's what they use to breathe with when on different planets. And it enables them to see in different visions. Let me show you. Put it on.

Lincoln did and Cody turned the mask on and Lincoln saw everything in Infrared or Heat.

Lincoln: WHOA! This is so cool! I can see everything in a different light.

Ronnie Anne: What do you see?

Lincoln: Everything is all blue and you're all orange, red and yellow.

Me: You're seeing everything in Infrared or Heat.

Cody: That's what they see. The Yautja's only see everything in Heat and they hunt for their prey by seeing their heat.

Lincoln: That's amazing. It sure is cool seeing your heat patterns. What are these lines I'm seeing on the left side? They're reacting to my voice.

Cody: That's their vocal analysis system. It's really handy for mimicry and espionage.

Lincoln: That's cool.

Vince: I have infrared vision and it has that cool triangular targeting system in it and that is cool.

Lana: That is cool.

Lisa: Affirmative. All this high tech technology is really interesting.

Laney: It sure is.

Lucy: This is all too complex for me.

Lilly: Me too.

Cody: They can also see in different visions other than Heat. They can see in all the forms of light on the spectrum.

Me: I saw that and that was interesting.

Naruto: That's cool.

Fu: It sure is.

Cody: I'm glad you like all this.

Lincoln took off the helmet and he was hot.

Lincoln: Whew! It's hot in there.

Me: This was all really cool. Cody you have quite the talent when it comes to hunting.

Cody: Thank you. Ronnie Anne would you like me to take you to dinner?

Ronnie Anne: I would like that. 6:00 tonight?

Cody: That's perfect.

Lori: I'll let Bobby know.

Lori then texted him.

Me: Bobby is Lori's boyfriend and they have been close for a long time. They are also getting married later in the future.

Cody: Oh wow. Congratulations Lori.

Lori: Thank you Cody.

Later at 6:00 Cody appeared came to the Santiago door and Bobby answered it.

Bobby: Oh hello. You must be Cody.

Cody: I am. It's a pleasure to meet you Bobby,

Bobby: Same here. Nie, Nie?

Ronnie Anne: Coming.

Ronnie Anne came down and she had a beautiful purple dress and jewelry on and nice purple shoes.

Cody: You look beautiful Ronnie Anne.

Ronnie Anne: (Blushes) Thank you Cody.

Bobby: Be home by 9:00 okay?

Ronnie Anne: Will do.

They went to where Lynn Loud Sr. works and that's the Aloha Comrade Hawaiian Russian Fusion Restaurant and it was a great date for them. Cody makes all his money by giving it to the stores and it's very profitable. They got back at 8:55 PM and they were now officially boyfriend and girlfriend. Cody's big tree now is now in Lana's Jungle Greenhouse and Cody loves it.

Cody is now an official member of our great adventures to come.

THE END.

Another Fanfiction Completed.

Blackace27 called me to roleplay and I gave him the idea to add him to my chapters. He told me that he has powers from Anubis the Egyptian god of the Dead. I wanted to make him a hunter and that he has the respect of the Predators or Yautja's. He didn't give me much about his info so I decided to make it up as we go along. Welcome aboard Blackace27. Arnold Schwarzeneggar, Jesse Ventura and crew, Danny Glover and crew did a great job in the first Predator movies. Let me know what you all think.

See you all next time.

Predator series is owned by 20th Century Fox and Jim and John Thomas.

Isabelle: And I'm Isabelle Knudson.

Nathaniel & Isabelle: We're twins.

Hercules: It's a pleasure to meet you all.

Carol: I'm Carol Pingrey Loud. I was adopted into the Loud Family.

Atlas: It's a pleasure. I heard you had a split personality that made you do terrible things.

Carol: Yeah. I don't like to talk about it. But I forgave my biological parents.

Zoe: That's good.

Vince: Carol is my girlfriend. She and I fell in love at first sight.

Hercules: That's great Vince.

Vince: Thank you Hercules.

Hercules: You're welcome. (To the Eds) And you three are?

Ed: I'm Ed.

Edd: I'm Edd but with 2 D's.

Eddy: And I'm Eddy.

Luan: Eddy is the best and most awesome boyfriend in the world. He loves my jokes.

Me: Luan's jokes are really funny. They always make most of us laugh. Luan, What do you call a Cheese that isn't yours?

Luan: I don't know J.D. What do you call a cheese that isn't yours?

Me: Nacho Cheese. (Rimshot)

Everyone laughs.

Varie: (Laughs) That was a good one.

Eddy: (Laughs) That was funny J.D.

Zoe: That was funny!

Hercules: That was a good one.

Vince: (Laughs) Good one.

Lynn Sr.: (Laughs) Good one.

Cody: That was funny.

Luan: (Laughs) That was a good one. It sure gave a Cheesy development! (Laughs to Rimshot) Get it?

We laugh.

Me: (Laughs) That was a good one.

Varie: (Laughs) That was funny.

Cody: (Laughs) That's a good one.

Vince: (Laughs) Luan always makes us laugh.

Zoe: (Laughs) That was funny. They do say that laughter is the best medicine.

Jeri: That's right. Sorry I'm Jeri Katou and I'm 2nd in Command of the Lion Guard.

Kion: We are a special protection group that defends the Circle of Life. Our job is to make sure that everything is safe and that the Circle of Life is in balance.

Hercules: That's a huge responsibility.

Laney: It sure is.

Kion: Yeah. We are from the Pridelands in Tanzania and my sister Kiara is the leader of the Lion Guard while we're away. It's a temporary Lion Guard though.

Zoe: Oh I understand.

Hercules: That's a big responsibility and an awesome task.

Jeri: Yes.

Sailor Moon: We are the Sailor Soldiers.

Sailor Saturn: It's a pleasure to meet you all.

Zoe: Oh wow! You guys are awesome!

Hercules: We heard how you all destroyed Queen Beryl and silenced her reign of terror for good.

Sailor Neptune: That's right.

Sailor Mars: We've had a huge amount of help.

Shanan: I helped them and so did Lincoln, Laney, Lucy and Lily. We saved the entire Universe from total destruction and ended Queen Beryl's reign of terror forever.

Zoe: I'm glad she got what was coming to her.

Riley: Me too. My name is Riley Anderson.

Laney: Me and Riley are known as the Sisters of Nature.

Zoe: That is so cute. Laney I heard you killed a terroristic kid named Chandler Henderson.

Laney: That's right.

Lincoln: He was a bully that picked on Laney and she beat him and got him sent to a maximum security mental hospital. Sometime later he escaped and went after Laney to get revenge. Chandler made a deal with the devil and got plant powers too. Laney killed Chandler and sent him to the Netherworld forever.

Zoe: Oh man. Laney that must've been awful to have to make your first kill.

Laney: I know. But I had to do what was needed to be done because he was a criminal that can never change.

Lola: Yeah. In my opinion these kinds of guys will never change and they need to be destroyed because they keep ruining peoples lives and the world is much better off without them!

Hercules: You'll get no argument from me Lola.

Atlas: I agree.

Nicole W.: Me too.

Zoe: Same here.

Kate: That's what I was told. My name is Kate Lloyd.

Zoe: I saw you on the movie "The Thing".

Kate: I know. I went through a major league nightmare down in Antarctica.

Me: It was horrifying. Kate has been severely traumatized by that event and it scarred her for life.

Kate: Yeah. But I'm slowly healing from it thanks to my friends here.

Nicole W.: That's good. I'm glad you're okay Kate.

Kate: Thanks Nicole.

Hercules: We saw both movies from 1982 and 2011 and they aren't that scary to us anymore.

Me: I believe it. Both the movies scared me bad. I was paralyzed with total fear when I saw them back when I was 12.

Hercules: I'll bet. (To Robin) Whoa! The Teen Titans!? No way!

Robin: We are real and in the flesh. I'm Robin.

Starfire: Pleasure. I'm Starfire, the Princess of Tamaran.

Cyborg: I'm Cyborg. It's pleasure.

Robin: Thank you Zoe. I'm glad we have some fans.

Zoe: You're welcome Robin.

Ronnie Anne: I'm Ronnie Anne Santiago. It's a pleasure to meet you all.

Hercules: Pleasure to meet you too Ronnie Anne.

Cody: Ronnie Anne is my girlfriend. We've been dating for a while.

Ronnie Anne: Yep.

Zoe: Congrats you two.

Cody: Thank you Zoe.

Bobby: I'm Ronnie Anne's big brother Roberto Santiago. But everyone calls me Bobby.

Lori: Bobby is my fiance. He and I have known eachother since kindergarten and we're getting married in a couple of years.

Atlas: Congratulations you two.

Lori: Thanks Atlas.

Atlas: You're welcome.

Star: I'm Star Butterfly, the Princess of Mewni.

Zoe: Oh wow. I thought you looked familiar. We know your mother

Moon the Undaunted.

Nicole W.: Your mother is one of my best friends Star and she is a wise and benevolent ruler of Mewni.

Me: I didn't know you all have been to Mewni.

Hercules: It's an awesome dimension and the corn there is amazing.

Varie: That's what we've heard.

Vince: I love corn.

Jared: Me too. I love all vegetables and fruit.

Marco: That's awesome. I'm Marco Diaz. It's a pleasure to meet you.

Zoe: Same here Marco. I heard that Princess Star lives with you so she can start her training as future Queen of Mewni.

Marco: That's right.

Star: I'm learning so much about Earth and it's so much fun.

Me: It's cool.

Vambre: (British Accent) It's a pleasure to meet you. I'm Vambre Warrior and this is my baby brother Prohyas.

Prohyas: We are the Warriors For Hire and we use Magiswords in all our adventures.

Zoe: What's a Magisword?

Lana: It's this.

Lana spun her bracelet and pulled out a Magisword.

Announcer: BOULDER MAGISWORD!

Lana: Magiswords are much different than regular swords. They each come in many unique shapes and have many amazing powers.

Zoe: That is so cool!

Hercules: It sure is. What does this one do?

Vambre: The Boulder Magisword can create boulders and fire them at a target.

Hercules: Let me see if I can punch one.

Lana: Okay. Here it comes.

Lana fired a boulder at Hercules and he punched it and shattered it into a million pieces.

WHAAAAAAAM!

Me: Whoa! Hercules you are really strong.

Hercules: I have super strength and I work out alot.

Lynn: That was awesome!

Vambre: Indeed.

Prohyas: That was amazing!

Laney: Lana got myself and some of us into Magiswords.

Me: We have special bracelets that enable us to choose a Magisword with ease and without the need for a Magisword bag.

Vambre: That's a genius method J.D.

Me: Thanks Vambre.

Lynn Sr.: Well we would love to have you all join us for dinner as a way to welcome you all to the neighborhood.

Atlas: We would like that Lynn. We already moved in so we'll be honored to show up.

After everyone was set up for dinner we were having a good dinner.

Me: So Hercules if I may ask how do you all know so much about the spirits and all that?

Hercules: We are well known in the worlds of the Paranormal, mythological, supernatural and the interdimensional. We have alot of good friends that know about us and we have alot of rules and laws that we have to obey and follow.

Me: That's amazing and also coincidental. We have done all sorts of things on numerous planets, and more in the worlds of the Supernatural and Paranormal. So we are no strangers to all the worlds.

Zoe: That's amazing J.D. We've been following all of your achievements and how you saved all those people in Dallas when that asteroid destroyed it.

Varie: That was horrible. 25,000 people lost their lives and $582 Trillion+ damages reported.

Atlas: That's what we saw. It was awful.

Nicole W.: We responded to that day and helped many people out there.

Me: Looks like we have some help from the shadows.

Atlas: That's a good way to put it. Yes.

Zoe: So how did some of you get your powers J.D.?

Me: That's one of our most popular questions. Me, Vince and Carol got our powers from Cosmic Radiation.

Hercules: Radiation from Outer Space. That's amazing.

Me: Yeah. It's effects are completely unpredictable and it gave us omnipotent power as a result.

Lincoln: Me and my friends and sisters and brothers got our powers from the blessings of Gods & Goddesses from all over the world.

Linka: That's right.

Zoe: I've heard about this. It's called the Divine Choosing. Numerous reports have been flying around that you all were given powers from different deities.

Cody: It's strange isn't it? I got my powers from Anubis the Egyptian God of The Dead.

Zoe: Oh wow! That's amazing.

Lola: J.D. told us how we got our powers because of a big book of legends that he has.

Me: It's right here.

I pull out my Legends Book and Hercules looked at it.

Hercules: I remember this book. I had a book like this once but I lost it.

Me: I think I might have found it 5 years ago. It's all really fascinating and it gave us the info on how we got our powers.

Laney: I was the first in my family that got my powers. I was exposed to Lisa's Chemicals and it gave me superpowers like super strength and flight. I got my plant powers from the Diamond of Gaia in Grand Venture State Park.

Zoe: That's amazing.

Hercules: You all were given great gifts and with…

Lincoln: Great power comes a great responsibility. Yes.

Me: They know that saying all too well.

Hercules: I can believe it.

Lincoln: I know. We have so much to learn now that we have powers and more.

Ronnie Anne: It's really cool though.

Zoe: It is.

---

Later the next day we read todays paper and saw an article from the town of Acme Acres, home of Acme Looniversity and the legendary Looney Tunes.

Me: Look at this. "Montana Max, spoiled rich kid has been expelled from Acme Looniversity for framing Buster Bunny and wrongfully expelling him and botching an election for Class President through buying his friends to vote".

Lincoln: That kid sounds like a jerk.

Hercules: I've heard all about him. He is the most spoiled rotten, most obnoxious and most despicable rich kid brat in the world. He's worth $200 billion and he makes all rich kids look bad.

Zoe: There's also a girl there named (Dramatic Voice) Elmyra Duff!

Thunder and Lightning crashes, scary pipe organ music plays, a cat screeches, a dog shakes in fear, fish swim around in a fish tank in fright, hamsters shake in fear and Houdini - Zoe's Chamaeleon friend goes invisible.

Laney: I've heard about Elmyra. She is the worst animal lover in the history of the world and is considered a major nightmare and a major league menace to all animals everywhere.

Crysta: She can't be that bad.

Laney: Actually Crysta it's worse than you think. She may love all animals but she crushes them to death. That's why she's so widely feared in the animal kingdom. Not even bans on all the pet shops and more can stop her.

Lana: I love all animals myself but she gives all animal lovers everywhere a really bad name.

El Diablo, Hopps, Bitey, Walt and Cliff agreed with her.

Me: Well also Montana Max is a disgrace to all rich boys everywhere and we have to take him down. Lola, you've been known to gather dirt on lots of people right?

Lola: You know it J.D. I think I know what you're about to do.

I hand Lola my laptop.

Me: Do your stuff Lola.

Lola types on my laptop and she reports some incriminating info on Montana Max to the police.

Lola: Okay. The police are investigating now. They'll send me a text to let me know if they've found anything.

Me: Good work Lola. Now we have to head over to Acme Acres. Hercules, Zoe would you like to come with?

Hercules: It would be an honor.

Zoe: Count us in.

Vince: Welcome aboard guys.

Aylene: Lets get them.

Me, Varie, Vince, Aylene, Cody, Hercules, Zoe, Lincoln, Lilly, Laney, Lola, Lana, Lisa and Lily flew over to Acme Acres. We arrived and it was in Missouri.

Vince: It's in Missouri. My old home.

Me: Well, What do you know.

Lola got a text back.

Lola: The police have enough evidence to arrest Montana Max and they're gonna seize all his assets.

Me: Good. Lets get him.

They went to Max's house and it was a big multi-million dollar home.

Me: (Whistles) What a pad.

Lincoln: Not as nice as our mansions though.

Hercules: His mansion would be perfect for me and my family.

Zoe: I heard he arrested his parents for making him eat brussel sprouts.

Lola: That is wrong on so many levels.

Me: I agree with him though. I don't like Brussel Sprouts.

Lana: I always eat my veggies.

Lisa: Affirmative.

Lily: Same here.

Lincoln: Me too.

Me: Lets go.

We ring the doorbell and the police were hiding in the bushes next to the door.

Doorbell: Money!

Me: Nice doorbell.

Montana Max: I'm coming. I'm coming.

The door opened and the police ambushed him and slapped the handcuffs on him. He was arrested for assault and battery, ecoterrorism, fraud, corruption, wire fraud, money laundering, racketeering and more.

I beamed the house and everything he once had to Royal Woods and Hercules & Zoe now live in it.

Hercules: Thanks for giving us Montana Max's house J.D.

Me: No problem Hercules.

Lola got another text saying that they arrested Elmyra for numerous counts of animal cruelty and abuse.

Lola: Elmyra was arrested guys.

Later we got the Weatherby's settled into their new home and it had lots of practically everything.

---

Montana Max was found guilty on all of his charges and was sentenced to 200 Life Sentences plus 70 consecutive terms of 5,234 years for a total of 366,380 years in prison making it one of the longest known prison sentences in the world and he's one of the youngest criminals to serve it and he will have no possibility of parole. He also has a curse on him that was a fate worse than death: Eternal Life without Eternal Youth and being a worthless homeless bum. He was also ordered to pay $750 Billion in restitution to the Weather's and other people around the world. Montana Max also had all of his assets seized and everything he owned minus his house was donated to Acme Acres.

Elmyra Duff was found guilty on 752,983 counts of Animal Cruelty, Animal Abuse and Assault & Battery. 702,983 counts of Animal Abuse and 50,000 counts of Assault & Battery.

She was sentenced to 3,651,050 years in prison and was ordered to pay $750 Billion in fines and restitution to all the families of the abused animals and more. Her sentence is the longest non-life sentence ever known. She also had a terrible curse on her as well: Eternal life without eternal youth. She now looks like she's 110 years old and she and Montana Max are both serving their sentence in a special isolated prison at the bottom of the Mariana Trench in the Pacific Ocean at 36,000 feet down. With pitch black darkness, no light from the Sun, the extremely brutal cold and the bone-crushing pressure of 16,000 pounds of pressure per square inch around them, they will be forever alone all the time and in total darkness and escape is impossible.

---

Me: Well guys Elmyra Duff & Montana Max are right where they belong: In prison forever as old people until the day after doomsday.

Hercules: You said it J.D.

Zoe: What a couple of monsters.

Laney: I think all the animals can agree with us and they are all finally free of Elmyra Duff.

Cody: That's right Laney.

Me: I agree.

THE END.

Another Fanfiction Complete.

I would like to thank PerkyGoth14 for letting me use Hercules & Zoe and credit goes to you for them. Also Vince gave me the idea for the Tiny Toons theme chapter. Thanks for that man. Montana Max & Elmyra Duff are menaces to not only Acme Acres and the Animals there but the entire animal kingdom and the whole planet. I watched Tiny Toons and Animaniacs all the time when I was a kid and they were the first cartoons I've watched. They were funny and I didn't know they were that funny until later on. Let me know what you all think.

See you all next time.

Tiny Toons Adventures belongs to Warner Bros. and Steven Spielberg.

# Danger of Gotham

It starts with Leni coming in to the mansion.

Leni: (Screams in Excitement) O.M. Gosh you guys! Look at all these beautiful dresses I bought at the mall!

Leni showed us all some beautiful dresses of every color.

Me: Ooh! Those are beautiful Leni.

Varie: They sure are.

Eddy: The Yellow one would be perfect for Luan.

Luan: Aww. Thank you Eddy-bear.

Laney: I would look good in the red one.

Leni: Well these are all for us to share.

Lori: Thanks Leni. I literally would look good in the blue ones.

Zoe: Black is a good color for me.

Suddenly without warning something smashed through the ceiling and stuck into the floor.

Me: Whoa!

Aylene: What was that!?

Vince: I don't know.

When the dust cleared we saw that the object was a sword.

Me: That is a nice sword.

I pick it up and it was heavy.

Me: Wow! Nice craftsmanship. It looks familiar to me too. There's some kind of writing on the blade.

Hercules: What does it say?

Me: It's in Ancient Greek. We stopped using this language back in 146 B.C. "Life is killing life all the time and so the Goddess kills herself in the sacrifice of her own animal."

Zoe: That's very cryptic.

Lincoln: Wait a minute! I've seen that sword before! Wait here.

Lincoln ran to his room and came back with the DVD case for 2017's Wonder Woman and he handed it to me. I immediately recognized it.

Me: I thought this sword was familiar! This is the Sword of Athena.

Lincoln: It's the sword of Wonder Woman. I wonder how it landed here.

Me: That's a really good question Lincoln.

Lola: Wonder Woman is awesome.

Lana: Yeah. She is the strongest woman ever.

Star Girl: Diana is a great warrior and she is powerful.

Volcana: She is very tough too.

Starfire: That's right.

Raven: She's a very powerful member of the Justice League.

Leni: May I see that sword?

Me: Sure.

I handed the sword to Leni and it glowed in a blinding flash of light and Leni was transforming. Her power levels were skyrocketing at an astronomical level. When it was done Leni was forever changed. She had a red, blue and gold suit with a gold skirt, silver arm bands, a gold lasso, an awesome crown, and awesome shoes. She also had a stronger physique.

Leni: What happened?

Me: Leni you look incredible. Look.

I form a mirror of water and Leni gasped and screamed in excitement.

Leni: O.M. Gosh you guys! I look amazing!

Me: Wow! That sword made you into another Wonder Woman.

Vince: Her power is incredible.

Zoe: I've read alot about the Amazons of Themyscira. They are the most powerful warrior women in the world and they are lead by Queen Hippolyta.

Hercules: They are very strict when it comes to contact with people from outside their island.

Zoe: Yeah. I've been to Themyscira and I also trained there.

Me: That's amazing Zoe. We have to go there and figure this out.

Luna: Yeah. We have to figure this out dudes.

Lynn: And maybe we can help Leni out and make her stronger.

Me: Good idea Lynn.

* * *

20 minutes later we arrived on the island of Themyscira.

Me: Wow! So this is Themyscira.

Lori: It's literally beautiful.

Lucy: The darkness is more beautiful than this.

Laney: It's magnificent. But I wonder why the Amazons of Themyscira live in total isolation?

Zoe: It's been that way for eons Laney.

Cody: This is a magnificent island though.

A spear sudden landed in the sand by us.

Me: Whoa!

A group of Amazons came out to attack us.

Zoe: Wait!

Amazon 1: Zoe? What are you doing back here?

Zoe: We came here because one of your islands weapons wound up in our possession and we would like to speak with Queen Hippolyta. These are my friends.

Me: Pleasure to meet you all.

Amazon 2: Same here. We had no idea Zoe was coming with all of you.

Varie: We apologize for coming on such short notice.

Me: One of your swords is in our possession.

Leni showed them the sword.

Amazon 2: (Gasp) The Sword of Athena! Right this way.

We all were lead to the Throne Room and sitting on the throne was Queen Hippolyta herself.

Queen Hippolyta: Zoe. It's good to see you again.

Zoe: You too your majesty. We apologize for coming here on such short notice but less than an hour ago one of your weapons wound up in our possession.

Me: We should introduce ourselves first.

We did so.

Queen Hippolyta: It's a pleasure to meet all of you. News about all of your achievements has spread all across the world. Including here on Themyscira.

Me: That's amazing your Majesty.

Queen Hippolyta: It is. Now how did you get Diana's sword?

Lincoln: It smashed through the roof of our house in Michigan and we don't know how it got there.

Wonder Woman arrived.

Wonder Woman: Mother?

We saw her.

Me: Diana. It's a pleasure to meet the legendary Wonder Woman.

Wonder Woman: It's a pleasure to meet you too J.D. The Justice League has heard all about your achievements all over the world.

Me: So we have heard. We found your sword and we don't know how it got into our possession.

Wonder Woman saw Leni with her sword.

Leni: I don't know how I got it myself.

Wonder Woman: I do. I was helping Batman fight a team of supervillains in Gotham and one of them kicked the sword out of my hand.

Vince: What was the name of this group?

Wonder Woman: It was the Suicide Squad.

Lincoln: Oh man. I've heard about the Suicide Squad. They are a group of the most dangerous criminals in all of Gotham and they have one purpose in mind: To Destroy the Justice League.

Wonder Woman: That's right Lincoln.

Starfire: Who is the Suicide Squad?

Lincoln: Like I said Starfire. They are a group of the most dangerous criminals in all of Gotham City. They are Deadshot, The Joker, Harley Quinn, Captain Boomerang, Slipknot, Killer Croc and El Diablo.

Me: I know those creeps all too well.

Hercules: Same here.

Cody: They are worthy prey of the hunt.

Queen Hippolyta: They sound like they're very dangerous.

Me: They are your majesty. Now we know how Diana's sword wound up in Leni's hands. And now we know what we can do to help out. Wonder Woman we would like to help out the Justice League take down the Suicide Squad.

Wonder Woman: We would like that.

Me: All right.

Zoe: Again your majesty we're sorry to arrive here on such short notice.

Queen Hippolyta: It's all right Zoe.

Me: Lets get them!

We beam all the way over to Gotham City.

Me: Gotham City, New Jersey. One of America's most Populated Cities and it has the highest crime rate in the history of the world. It's easily one of the most lawless cities in the world.

Star Girl: Yes. I know this city all too well. It's not a pleasent place to live.

Luan: I agree. I would not like this city if we moved here.

Eddy: Me neither.

Lana: This place does give me the creeps. No offence Lucy.

Lucy: None taken Lana.

Janeen: So how are we gonna find the Suicide Squad?

Wonder Woman: They're this way.

We flew over to where they were and we saw Batman, Superman, Supergirl, Hawkgirl, Green Lantern John Stewart, Martian Manhunter, Flash, Fire, Aquagirl, Green Arrow and Crimson Fox fighting the Suicide Squad.

Naruto: Whoa!

Sakura: What a fight.

Me: Lets go!

They all rush down and I unsheath my sword and I fire an energy beam and blew Killer Croc to dust. Killing him instantly. Deadshot fired bullets at me and I block them all with my sword and Lori fired a blast of wind and blew him away and Lola fired a blast of fire and incinerated him. Lana fired a blast of ice lightning and froze El Diablo. Lucy fired a blast of black lightning at the Joker.

Lucy: Let fear consume you completely.

The Joker then saw everyone with glowing red eyes and a vicious hateful nature and laughing at him.

Joker: STOP LAUGHING AT ME!

Laney kicked him in the face and Riley punched him in the stomach and kicked him in the back of the head.

Luan was facing Harley Quinn.

She fired a blast of light at her.

Luan: Let the light cleanse the evil from your black heart!

A blob of pitch black darkness separated from Harley Quinn. It became another Harley Quinn and this was the living embodiment of the evil that was inside her.

Harley Quinn: What happened?

Luan: You were made into this monster because of the Joker. Look!

Luan pointed to the Evil Harley Quinn and she gasped in shock.

Harley Quinn: This is what I have become?

Luan: Sadly yes.

Luan fired a blast of light and obliterated the evil Harley Quinn in an instant.

Luna & Sam were fighting Captain Boomerang and they kicked him in the face and stomach and the back of the head and punched him in the stomach and kicked him in the face and sent him crashing into a building.

BOOM!

Keito went Jorogumo and fired a shot of web at Slipknot and tied him up and Leni slashed him in the back.

Leni: Great job Keito.

Keito: Thanks Leni. You're starting to get the hang of your powers.

Leni: Totes! Thank you.

Superman: Wow! These guys are good.

Wonder Woman: They are everything we read about in the archives Kal.

Flash: They arrived just in time.

Hawkgirl: They sure did.

Flash: J.D. is facing the Joker next.

I punch the Joker in the face and kick him in the crotch.

Flash: (Winces) Oooh! That's gonna leave a mark.

I kick him in the mouth and knock out some of his teeth, punch him in the nose, kick him in the back of the head and throw him over me and onto the ground and I take his arm and bend it and broke it and the bone was sticking out of it and I elbow him in the face.

I back away and the Joker and he got up.

Three targeting lasers appeared on his back and I saw Cody on a nearby building.

I smiling knowing what's about to happen next.

Joker: So you are smiling in the face of being laughed to death? (Laughs Maniacally)

Me: Oh I'm not smiling at my demise. It's yours actually.

Cody fired a plasma blast and it hit the Joker in the back and blew a bloody hole through him and killed him instantly.

Cody flew down with dark blue wings and landed by the Joker's dead body and took off his helmet.

Me: Nice shot Cody.

Cody: Thank you J.D.

Me: Being trained by the Yautja's has taught you alot and more.

Cody: They sure have. The Joker is a worthy prey and he has been on my hit list for a while.

Me: I can believe it.

Ronnie Anne: That was amazing Cody!

Cody: Thank you R.A.

Luan: One thing was for sure though. The Joker sure gave all comedians everywhere a really bad name. He was just as bad as me when Dark Luan took over on April Fools.

Me: Don't remind me. But he got what was coming to him in the end.

Flash came over.

Flash: You guys were awesome.

Me: Thanks Flash. It's an honor to meet the Fastest Man Alive.

Flash: Same here J.D. You guys sure showed them.

Superman: I agree. J.D. it's an honor to meet you all.

Me: Same here Kal. It's an honor to meet the Leader and founder of the Justice League.

Superman: Same here J.D. You are very well known to the Justice League.

Me: So we have heard.

We all took down the Suicide Squad and Harley Quinn was on the path to redemption. Leni was now another Wonder Woman. I was given a special watch that would call the Justice League when needed. We now not only have the city of Royal York, Michigan to defend but also the city of Gotham in New Jersey. This was the beginning of our ultimate adventures.

# Night of The Weresharks

It starts in the Living Room as we all were watching TV, Reading Books and playing card games and board games.

I was on my computer and a strange article caught my eye from Florida.

Me: This is really unusual guys. "Mysterious Gruesome Attacks kill 25 men in 3 months. Police are baffled as 15 men were savagely attacked on Full Moon nights and ripped apart into pieces. Hundreds of eyewitnesses say that mysterious human shark-like creatures mutilated and killed these men."

Lincoln: Human-sharks? That's weird.

Lisa: Ach! Poppycock. There is absolutely no way that Sharks can walk on land and do all that.

Hercules suddenly gasped as he knew what was happening.

Hercules: Oh no. The curse has resurfaced.

Varie: Curse? What curse Hercules?

Hercules: It's called The Curse of the Were-Sharks. It was a terrible curse that is said to be from the darkest pits of the Netherworld itself.

Zoe: Legend says that on the night of a full moon if a shark washes ashore on a beach and bites an unsuspecting victim, they are afflicted with a form of Lycanthropy called Were-sharkism. They become half human half shark creatures under the light of the full moon and they have a relentless hunger for blood, death and destruction and there's no telling what they will do.

Me: Whoa!

Luna: That is awful dudes.

Naruto: No kidding.

Sakura: We have to find out who these were-sharks are and stop them.

Then the alarm went off.

Computer: Alert! Code Dimension Jump in Progress.

A computer popped up and the position of the wormhole was coincidentally in Miami, Florida.

Me: Okay I need Varie, Ben, Gwen, Zoe, Vince, Cody, Lincoln, Naruto, Terra and Numbuh 4 to come with me.

Cody: Right.

Numbuh 4: You got it J.D.

Lilly: Be careful Linky.

Lincoln: I will Lilly.

Lola: Let me come too.

Me: Okay. Lets fly.

We flew out to Miami, Florida and saw the wormhole over the beach.

Out of it came Ash, Pikachu, Misty, Brock, May, Glaceon, Max, Serena, Manaphee and Articuno.

Me: It's our friends from the Pokemon world!

We flew up and caught them.

Vince: May, Misty, Brock. It's good to see you guys again.

Brock: You too Vince.

May: Same here.

Misty: You too.

We landed and we introduced ourselves.

Me: It's a pleasure to meet you guys. I'm J.D. Knudson.

Varie: I'm Varie, J.D.'s Fiance.

Zoe: I'm Zoe Weather. It's a pleasure to meet you.

Lincoln: I'm Lincoln Loud. It's a pleasure.

Lola: I'm Lola Loud.

Ben: I'm Ben Tennyson.

Gwen: I'm his cousin Gwen Tennyson.

Cody: I'm Cody. A drifter.

Terra: I'm Tara Markov. But everyone calls me Terra.

Numbuh 4: And I'm Wallabee Beatles. But call me Numbuh 4.

Ash: It's a pleasure to meet you. We know Vince and Naruto. I'm Ash Ketchem and this is my partner Pikachu.

Pikachu: Pikachu.

Misty: I'm Misty.

Brock: I'm Brock. It's a pleasure.

May: I'm May.

Max: I'm May's little brother, Max.

Serena: I'm Serena. (Blushes) Ash is my boyfriend.

Manaphee: I'm Manaphee. It's a pleasure to meet you all friends of May.

Articuno: Pleasure to meet you all too. I'm Articuno.

Ash: So what happened? Where are we?

Me: You've been taken to our dimension through a Transdimensional Wormhole. It's a vortex that bridges one dimension to ours.

Vince: We've had several encounters with them and we have lots of friends from all sorts of dimensions.

Misty: I believe it.

Me: It's been a strange event for us. Dawn is doing okay. She is getting more skilled in using her powers.

Ash: That's great. I'm glad.

Pikachu: Pika.

Max: But how are we all gonna get back home?

Me: I'm afraid that's gonna be a big problem. There's an infinite number of dimensions and universes across the fabric of the Space-Time Continuum and it could be any one of them. It's like trying to find a needle in a haystack as big as the infinitely vast reaches of the cosmos.

Brock: That's a big problem and I guess we're stuck here.

Varie: I'm afraid so.

Lincoln: Yeah.

Ash: Oh man.

Me: But Dawn is here in our dimension and she would be thrilled to see all of you here.

Misty: I'm sure she would.

Me: We're also here on a mission. Lets go to a table and sit so we can tell you.

We did so and explained the mission and we saw 4 girls the same age with Red, Blue, Yellow and Green hair and they had beautiful dresses that were of their hair color.

They came up to us.

?: Well hello there. Are you the famous J.D. Knudson?

Me: Yes I am and you are?

Nancy (Yellow): I'm Nancy Same and these are my sisters Stephanie, Mariah and Ruby.

Ruby (Red): Hello.

Stephanie (Green): Pleasure.

Mariah (Blue): Howdy.

Me: Pleasure to meet all of you.

We introduce ourselves.

Nancy: It's a pleasure to meet you all.

Lola: I love your matching dresses.

Stephanie: Thank you Lola.

Mariah: You have quite the talent in beauty pageants from what we heard.

Lola: That's right.

I notice a strange mark on their legs. It was a shark-shape tattoo.

Me: That's a strange mark on your legs.

Nancy: Oh yeah. We have a terrible problem.

Numbuh 4: What is it?

Mariah: Three months ago we were bitten by a were-shark.

We gasp.

Ash: What's a were-shark?

Me: It's a strange creature that's half man half shark. They come out when the Moon is full and that is tonight. Like werewolves they are savage, bloodthirsty monsters and they kill anyone in their path. Even those that are closest to them.

Stephanie: That's right.

Nancy: This curse has been our pain ever since that night.

Me: We're gonna help you all.

Zoe: Usually in order to break the curse we have to kill the shark that bit you.

Me: Well we're gonna find out what's coming. The Full Moon is rising now.

We saw the Moon rise out in the east.

Me: Here it comes guys. Be ready.

The Moon's light touched the girls and they were in alot of pain.

A man appeared.

?: That's right my pretty slaves. Kill them when transformed.

Their clothes ripped apart and they all transformed into WERESHARKS! Stephanie was a Goblin Shark, Nancy was a Great White, Ruby was a Hammerhead and Mariah was a Tiger Shark and the man became a BLACK GREAT WHITE SHARK!

Me: Whoa! So these are Weresharks.

Lola: And that man must be the one that gave them the curse!

Ben: Let me face the man that cursed them.

Me: Go get him Ben!

Ben activated the Omnitrix and became Ultimate Ben.

Ben: AMPHIBION!

Ben fired a blast of lightning at the Black Wereshark and sent him out onto the ocean. Ben flew out and saw that he can stand on the water.

Lola formed a ring of fire and trapped the girls.

Ash kicked Nancy in the snout and Pikachu fired a blast of lightning and electrocuted Nancy.

Stephanie went for Pikachu and just as she was about to attack Pikachu Ash kicked her away and Serena punched her in the snout.

Ash: You okay Pikachu?

Pikachu: Pika.

Numbuh 4 and Terra fought Mariah.

Terra threw some rocks at her and Numbuh 4 kicked her in the stomach and punched her in the snout and knocked her out.

Gwen trapped the four sharks in a glowing purple bubble.

Me: Good work guys.

Gwen: Thanks.

Naruto: Now we have to take care of Fishface cursemaster there.

Ben used Ripjaws power and dove underwater and swam at a fast speed and punched him in the face.

Black Wereshark: **You'll pay for that!**

Ben: Not as much as you will! NRG!

Ben fired a blast of energy and it hit him and blew him into the fence on the beach.

Ben: JETRAY!

Ben flew over and fired a laser at him and it burned his tail.

Ben: ULTIMATE BIG CHILL!

Ben flew over and fired a blast of fire at him and it froze him.

Me: Ice Fire!? Awesome!

Lola: That was amazing!

The black wereshark broke out.

Ben: XLR8!

Ben ran at 500 Miles Per Hour and he buried him in the sand.

Ben: DIAMONDHEAD!

Ben fired shards of diamonds at him and injured him bad.

The Black Wereshark was enraged and getting madder and madder by the second.

Ben: FRANKENSTRIKE!

Ben fired purple lightning at him and electrocuted him.

Ben: ECHO ECHO!

Ben screamed a super loud sonic scream and hurt the Black Weresharks senses.

We were covering our ears.

Me: Whoa! That is loud!

Lincoln: Literally!

Zoe: No kidding!

Ben: Now for the grand finale. CLOCKWORK!

Ben fired a time ray and it hit the black wereshark and he disintegrated into dust. Killing him instantly.

Ben reverted back to normal.

Gwen: Something's happening.

Gwen let the girls out and they were changing back and when they reverted back they didn't have clothes on.

Naruto: I got this.

Naruto unsealed 4 blankets and wrapped the girls around them.

They woke up and saw that they were human again under the full moon.

Me: Are you all right?

Nancy: I think so.

Ruby: What happened?

Ben: The man that cursed you is dead. He can never terrorize you ever again.

Naruto: And Ben here saved you.

Mariah: He's right. We're cured! We're free!

Lola: Lets get you some clothes though.

Lola took the girls to a clothing store.

Me: Ben that was awesome! You were incredible.

Ben: Thank you J.D. I saw the Ultimate Ben form from my future self Ben 10,000. It was my true future.

Me: I believe it. That was incredible. You all did a great job.

Gwen: Thanks J.D.

Nancy, Stephanie, Mariah and Ruby came with us to Michigan to put the past behind them. They live with Hercules and Zoe. This was a strange adventure but it was an awesome one as we got to see Ben 10 in action. He has 20,000 Aliens in his Omnitrix. Ben is gonna be awesome on our adventures. Dawn was reunited with Ash and Brock and all her friends from her Universe.

THE END.

# Viciousness Thy Name is The Sinister 6

It starts in the living room. We were reading books, playing video games, card games and board games.

Me: Boy it sure is quiet huh?

Varie: Yeah. So far.

Vince: Lets hope it stays that way.

Eddy: One can hope.

Suddenly the alarm went off.

Computer: ALERT! CODE DIMENSION JUMP IN PROGRESS!

Me: Where at this time?

The computer popped up and revealed that the vortex was over Downtown Royal York.

Naruto: It's right over downtown.

Me: It sure is. Computer, can you scan who is coming out of the vortex?

Computer: Scanning.

The computer scanned and we saw that it was an enemy from Ash's journey: Paul.

Ash: Paul!? What is he doing here?

Sasuke: You know him Ash?

Ash: Yeah Sasuke and lets just say that he and I aren't exactly good friends. We are considered mortal enemies.

Dawn: He is an arrogant, evil and heartless monster that treats all

Pokemon like slaves and he only wants them as weapons. He is a selfish monster that will stop at nothing to get what he wants.

Me: So he's an evil Sasuke in your Universe.

Sasuke: He is exactly like I was.

Ash: Actually Sasuke he is worse.

Me: He's like the evil Sasuke's we all killed. But why of all people is he here?

Ash: Probably to get revenge on me for ruining his life.

Sakura: Probably.

Varie: I can't believe he is that evil. He gives all Pokemon trainers everywhere a really bad name.

Vince: I agree.

Cody: Me too.

Manaphy: Me too.

Fu: One thing is for sure. We have to stop him and whatever he has planned it's not good.

Me: I agree. Ash, Serena, Lincoln & Linka, Lori, Leni, Luna, Luan, Lynn, Lucy, Laney, Lana & Lola, Lisa and Lily you all come with me.

Lori: Right.

Me: Lets go!

We all flew to the city while Lori and Leni carried Ash and Serena. We arrived and saw Spider Man, Venom, Black Cat, and MJ fighting Paul and the Sinister Six - Vulture, Electro, Hydro Man, Mysterio, Kraven the Hunter and Sandman.

We landed and Paul saw us.

Paul: Ash Ketchum. Just the man I wanted to find.

Ash: I thought we were rid of you for good Paul.

Serena: People like you give Pokemon Trainers everywhere a bad name.

Paul: You all are not worthy to be Pokemon trainers. Especially after everything you did to me Ash.

Me: You have no right to decide that Paul. And your crimes against the world of Pokemon are completely unforgiveable. You see Pokemon as slaves and weapons for your own selfishness and evil. We see Pokemon as friends and partners who help people. Your heart is as black as the Darkness in it's entirety.

Lucy: I think some of my love for the Darkness is rubbing off on you J.D.

Me: I guess so Lucy. Also Paul of all people why would you team up with the most dangeous enemies of Spiderman?

Paul: To destroy all of you.

Me: We know these guys all too well. Adrian Toomes A.K.A. Vulture, Maxwell Dillon A.K.A. Electro, Morris Bench A.K.A. Hydro Man, Quentin Beck A.K.A. Mysterio, Sergei Kravenov A.K.A. Kraven the Hunter and Flint Marko A.K.A. Sandman.

Vulture: I'm impressed you know us.

Hydro Man: Me too.

Kraven: (Russian Accent) It's an honor that you know us J.D.

Me: We get that all the time when we are fighting bad guys.

Paul: Enough talk! Kill them all but leave Ash and his girl for me!

Me: Split em up and destroy them all!

We charged and it erupted into a savage and brutal fight.

Battle 1: Lori & Leni VS Vulture.

Lori fired a blast of wind and blew Vulture into a building and he exploded out and he tried to punch at Lori but she dodged and kicked him in the back. Leni slashed him in the back and he was bleeding bad.

Lori: I'm going to literally turn you into a Human Pretzel Vulture!

Vulture: We'll see about that!

Vulture flew fast and punched Lori in the face and she rebounded and punched him in the mouth and it exploded into a brutal fight in the air as they exchanged blow after blow after blow. It was an extremely violent brawl in the air and it was brutal and ferocious.

Then Leni slashed his arm off and Lori blew him into a fuel truck and he crashed into it and it exploded into a fireball. Killing him instantly.

KABOOM!

Lori: That did it.

Leni: Totes.

---

Battle 2: Lincoln & Linka VS Electro.

Lincoln fired a blast of lightning at Electro and it hit his arm and Linka kicked him in the back of the head and Lincoln punched him in the stomach. Linka kicked him in the face and knocked him down.

Linka: You're gonna pay for your crimes Electro.

Electro: I don't think so.

Lincoln & Linka fired a blast of lightning and Electro did the same and they collided and the power from their lightning was so strong that it was unbelievable. Lightning was spreading out from the blast and causing all the buildings to be set on fire in tremendous explosions.

KABOOM! BOOM! BOOM! KABOOM!

Spiderman suddenly wrapped Electro in webbing and Lincoln & Linka's lightning was far too powerful for Electro to handle and he overloaded and exploded into a huge fireball. Killing him instantly.

KRABBOOOOOOOOOOOOOOMMMMMM!

Lincoln: Wow!

Linka: That was intense!

Lincoln: But we destroyed him.

They high fived and lightning came out of their hands.

---

Battle 3: J.D., Lucy and Lynn VS Sandman.

Lynn fired a wave of lava at Sandman and his sand blocked it.

Lucy fired a blast of black lightning and turned his sand into a Fulgerite.

I fired a blast of fire and turned his arm into glass.

But he regenerated it and went at me and turned his arm into a spike mace and punched me in the face and I crashed into a building. I exploded out and had blood dripping from my mouth. I kick him in the face and fired an energy blast and blew his leg off. He regenerated it.

Me: Sandman I have a question to ask.

Sandman: What is it?

Me: Why did you kill Spiderman's uncle Ben Parker?

Sandman: My daughter is dying. I needed money. I was scared and desperate.

Lynn: Oh man. I'm so sorry about your daughter.

Sandman: It's all right Lynn. But thanks for your sympathy.

Me: What was wrong with your daughter?

Sandman: She needs a heart transplant and we couldn't find a match.

Me: Maybe we can help her.

Sandman: I would like that.

Flint took the three of us to the hospital and into his daughter Penny's room. She was very ill.

Me: Hang on Penny. You're gonna be all right.

I place myself on the table next to her.

Me: Don't worry guys. I'm not gonna die. I discovered that my powers enable me to regenerate my limbs and my organs.

I plunge my hand into my chest and rip out my beating heart.

Me: (Gasping) Don't worry! Watch.

Everyone saw my heart grow back and the wound in my chest healed instantly.

Lynn: That was cool!

Lucy: Gag. But really cool.

Flint: You are really gifted J.D.

Me: I'm sorry you all had to see that.

Flint: That's all right J.D.

The doctor came in.

Doctor: Good news J.D. Your DNA profile matches that of Penny.

Me: That's great news.

I hand the doctor my heart and we wait while Penny is rushed into surgery for the transplant. I give some of my blood to help her.

6 hours later Penny is in the Recovery Room.

Doctor: The surgery was a success and her body has accepted the new heart.

Me: Oh thank goodness.

Lynn: I'm glad she's gonna be okay.

Lucy: Same here.

Penny was gonna take time to recover.

---

Battle 4: Laney, Lana & Lola VS Hydro Man.

Laney wrapped Hydro Man in vines but he turned into water and broke out and he sent a blast of water at her and Lana fired a blast of ice lightning and froze him solid.

Lola: Time to evaporate this monster!

Lola fired a blast of fire and Hydro Man broke out and he was hit by the super hot flames and was vaporized in an instant. Killing him.

Lana: That takes care of that freak!

Laney: Yeah.

Lola: You said it.

---

Battle 5: Luna and Luan VS Mysterio.

Luna fired a blast of water at Mysterio and entombed him in a ball of water that entranced him.

Luan: Allow me to shed some light on things! (Giggles) Get it? But seriously it's time you went away.

Luan formed a dragon made entirely out of pure light and it went at Mysterio and completely obliterated him in an instant.

Luan: So much for him.

---

Battle 6: Lisa & Lily VS Kraven the Hunter.

Lisa: Lets see how you fair against this technological marvel.

Lisa used her tech powers and gathered a bunch of parts and she formed a robo-falcon and it went at Kraven and picked him up and dropped him and Lily fired a blast of glowing blue water and blew him into the prison far away.

Lily: That takes care of Kraven the Hunter.

---

Battle 7: Ash & Serena VS Paul

Ash: You're gonna pay for hurting lots of Pokemon, Paul.

Paul: You're the one that's going to pay you worthless loser.

Serena: You're the worthless loser Paul. People like you make me sick!

Paul got enraged and he charged at them and Ash kicked him in the face and Serena punched him in the back and kicked him in the stomach. Ash punched him in the face and knocked out some of his teeth and kicked him in the chest. Serena punched him in the nose and broke it and dealt him a powerful headbutt.

Ash: It's over Paul. You're a disgrace to all Pokemon Trainers everywhere.

Serena: You have no love for anyone except yourself.

We all regrouped and stood ready to face him and Sandman was with us.

Me: You 2 did a number on him.

Ash: Thanks J.D.

Me: I think I have the perfect place for him.

I fly and grab him by the back of his shirt and take him to an isolated island in the middle of the Antarctic Ocean: Bouhet island. I take his Pokeballs and strip him of his rights to be a Pokemon Trainer.

Me: You don't deserve to be a Pokemon Trainer. You are banished to Bouhet Island and this will be your new home forever.

Paul: You will pay dearly for this J.D. I will return one day and get my revenge on you all.

Me: Good luck with that.

I drop him on the island and fly back.

---

Later the next day in the hospital I was in the recovery room with Flint and Penny and I had a bouquet of rainbow flowers in my hands.

Me: How are you feeling Penny?

Penny: (Groggy) Getting better J.D. The new heart you gave me is better than my old one.

Me: I'm glad Penny. I heard what happened and I wanted to help you.

Sandman: J.D. I can't thank you enough for saving my daughter.

Me: It was my pleasure Flint.

Penny: You are like an angel J.D.

Me: I get that all the time.

Sandman: I'm sorry I did all those crimes J.D.

Me: I know Flint. You were trying to save Penny and you were scared of losing her. Like a caring father should be. I talked it over with the police and they let you off the hook.

Sandman: Thank you J.D.

Me: You're welcome.

I place the flowers by Penny on her table.

Me: Get some rest Penny.

Penny: I will J.D.

Penny is going to start going to school at Royal Woods Elementary with Lola & Lana in 1st Grade soon. Paul was exiled for all time, the Sinister Six had been defeated, Sandman is on the path to redemption.

THE END.

NicoChan11 gave me the idea for this one. Thanks again for this. I hope it turns out as good as the idea your gave me. I saw Flint's Daughter's trouble on Spiderman 3 and that was a heartwrencher. So let me know what you all think.

# No More Stupid Shows

It starts with Me, Lincoln, Laney, Lola and the Teen Titans watching TV.

Lincoln: What good shows are on TV?

Me: We're about to find out.

Hercules and Zoe walk in.

Zoe: Hey guys.

Me: Hey Hercules, Zoe.

Laney: We were just about to start watching TV.

Lola: Wanna watch?

Zoe: Sure.

Lincoln: I'm gonna go exercise with Hercules. I promised to join him for a daily exercise regimen.

Me: Okay Lincoln.

Lincoln and Hercules left.

Me: Lets watch some fun.

I turn the TV on and we were watching cartoons and we same a show called Teen Titans Go. It was a silly and stupid spin-off of the original Teen Titans from 2003 to 2006. Robin was seeing that this version of himself was a total control freak that didn't let the titans do anything fun and gave boring lectures and Starfire, Raven, Cyborg and Beast Boy's versions were even more ridiculous. Robin called Starfire his Love, Raven was a sarcastic older siser and Cyborg & Beast Boy were slackers. Terra saw herself as a villain bent on killing the Titans and destroying the world.

Robin: What is this junky show?

Raven: That is not us.

Starfire: I agree.

Beast Boy: This show may look like us and is based on us but that is NOT us!

Cyborg: Yeah! I don't say booyah all the time!

Starfire: And those lines I don't say. I may be curious about Earth but that version of me is dumb.

Robin: Yes. I am not a control freak and all that.

Terra: This show turned me into a monster.

Laney: These versions of you are not funny and fun at all.

Lola: Yeah!

Me: I agree. We got to do something about this and I have an idea.

We go into the training simulator and I set the controls and the simulator activated.

We found ourselves in the world of Teen Titans Go.

Me: We're going to teach those foolish selves of yours a lesson they will never forget.

Laney: This is gonna be good.

Lola: Lets get them!

Robin: Yeah.

We flew to the city and found the Titans fighting Cinderblock.

They destroyed Cinderblock and a beam of energy obliterates Cyborg in the blink of an eye.

They saw us and we weren't too happy.

Me: That was a start. You guys are a disgrace to superheroes everywhere.

Terra: I agree. You make all superheroes everywhere look bad and more.

Raven: That's right.

Laney ties up Raven and Starfires goofy versions and the originals blasted them into ashes.

Beast Boy became a Spinosaurus and overpowered his goofy self.

TTG Robin: You destroyed my team!?

Robin's goof self became enraged and he screamed in a super loud scream that could be heard all across the galaxy.

TTG Robin: (ENRAGED SCREAMING) I! WILL! DESTROY ALL OF YOU!

TTG Robin got his staff out and charged toward us like a rampaging bull and the level of rage he had was unimaginable. I fired an energy wave and vaporized him in an instant.

Me: (Sigh) This was a complete waste of our time.

Starfire: They didn't even put up that much of a fight.

Raven: Yeah.

Cyborg: Once a disgrace always a disgrace as I always say.

Beast Boy: Yep.

The simulator deactivated and we went back to watching TV.

THE END.

Another Fanfiction Complete.

I don't know what the deal is with everyone bashing the show Teen Titans Go on Cartoon Network. I think it's a really funny show. But lots of people don't. I guess the original show is always gonna be the best no matter what and nothing will surpass it. My favorite episodes of TTG are Vegetables, Burger VS Burrito, Uncle Jokes, Legendary Sandwich, Sandwich Thief, Meatball Party, Jinxed, Fish Water, The Art of Ninjitsu, Boys VS. Girls, Mouth Hole, Colors of Raven, 40%, 40%, 20% and Spice Game. These are the only episodes that are awesome. But anyway let me know what you all think.

See you all next time.

# Spice of Life

It starts in the kitchen. Laney goes in and she sees Lynn putting peppers on her meatball sub sandwich.

Laney: Uh, Lynn? Why are you putting that many peppers in your sandwich?

Lynn: You know how I like my sammies, Laney. Hot 'n' spicy! [Pours hot sauce on her sandwich]

Laney: Yeah, I know that. But aren't you worried that it might be too spicy? You might burn your tongue off with that much hot sauce.

Lynn: If I get lucky! Me? I'm a maniac for spicy! I crave the hotness! [Lynn takes a bite out of her sandwich and her face starts to turn red] AAAAAAHHHH! [She was so hot that she breathed out fire from her mouth. Laney puts out a small flame in her hair]

Laney: Okay, that can't be good for your intestines.

Lynn: (Taunting) What's the matter Laney? You afraid of a little spice?

Laney: What? No! I'm not scared! In fact, I welcome a bit of spice in my life.

Lynn: Then I guess you won't mind taking a bite out of my sub then. [Lynn gives her sandwich to Laney. Feeling nervous, Laney struggles to take one bite. A meatball from the sub falls into Laney's mouth and then her face turned burning red and a burst of fire came out of her mouth]

Laney: AAAAAAHHH! [She frantically ran to the sink and drank some water out of the faucet; pants]

Lynn: HA! I knew you couldn't handle it! You should've seen your face! [laughs, Laney growls at her]

Laney: Oh yeah!? Well if you think you can handle spice better then prove it!

Lynn: [smirks] Do I smell a challenge?

Laney: Oh yeah! I challenge you to a SPICE-OFF!

Lynn: Oh it is on!

---

In the backyard me, Varie, Vince, Aylene, Cody, Hercules, Zoe, The Eds, Naruto and the girls, Jeri & the Lion Guard, the rest of the Loud Kids, the Teen Titans, My Children, Sasuke, Kakashi, Lady Tsunade, Minato, Kushina, Lynn Sr., Rita, Riley, Sector V, Ronnie Anne, Lilly, Clyde, Star Girl, Hulk, and Sandman & Penny were sitting in rows. Laney and Lynn were on opposite sides of a table with plates by them. Lincoln was a referee for this.

(Satanic Cultist Choir sings)

Lincoln: All right, lets go over the rules. Both of you will taste food that has been slathered in hot sauce. Each one hotter than the last. Last one standing wins.

Me: This is gonna be intense guys. I love blazing nuclear hot spicy food, but I've never seen Laney take on Lynn like this.

Varie: Me neither.

Aylene: This is gonna get rough.

Lynn: You won't last a minute Lanes.

Laney: Oh I'll last way longer than you!

Lynn: Not if I last first!

Laney: Oh you'll be last all right. Last place! [Laney and Lynn growled at eachother. Lincoln blows a whistle]

Lincoln: Enough! Lets get this competition started. [Lisa walks up]

Lisa: Indeed big brother. I have done some research on some of the hottest peppers in the known world and I've taken the liberty to concoct some of my own brands of fermented spicy condiments; street name: Hot Sauce for your competition today. First challenge… [Holds out a bottle of hot sauce] Peruvian Party Jalapeño Sauce on Jambalaya. [Pours the sauce on two bowls of Jambalaya] You may begin.

Laney and Lynn each hold a spoon and throw them away and they started drinking the Jambalaya from the bowl.

Lynn & Laney: Ahh.

Lincoln: Looks like we got a tie.

Naruto: Boy that was good.

Sasuke: It sure was.

Lynn: Come on Lis. You call that spicy? That barely made me sweat!

Lisa: That's because that sauce was at the blandest on the list.

Vince: We have just begun to scratch the surface of the world of spice.

Carol: We sure have.

Lisa: Moving on. Challenge #2: [Holds out another bottle with a picture of a skeleton in a hard hat working in a steel mill] Industrial Spanish Serrano Sauce on Meatloaf. [Pours the sauce on the meatloaf and Lincoln cuts two slices for Lynn and Laney] You may begin.

Serrano peppers are at 25,000 Scoville Units and are one of the most commonly used peppers in the world.

Laney uses a knife and fork to cut a piece of the meatloaf and eats it while Lynn uses a fork to eat her whole slice. The two then begin to sweat.

Lynn: What's the matter Laney? Too much for ya? [Laney glares at her and then eats the whole slice of meatloaf. We all gasped and then tears started to flow from Laney's eyes.]

Lincoln: Another tie!

Lori: Wow. I've literally never seen Laney like this before.

Lola: Yeah. I always thought that she was a complete scaredy who's too afraid to take risks. [We glare at her] I said thought! That doesn't mean it's true.

Ino: I don't like spicy food that much but I can't believe that Laney is eating such deadly food.

Tenten: The only one in the Leaf that loves spicy food is Lee.

Nicole: I remember. He knows a curry shop that saved his life.

Naruto: Don't remind me of that sis.

Sasuke: My tongue still burns from that.

Sakura: Mine too.

Fu: Same here.

Kakashi: This is turning out to be an interesting challenge for her.

Lady Tsunade: I agree Kakashi.

Laney: Come on Lisa! Gimmie something spicier! Bring it!

Lisa: Very well. Challenge #3: [Brings out another bottle with a picture of a belly dancer in the middle of a desert with fire in the background] Sahara Sriracha Spice on Shrimp Cocktail. [Pours the sauce in two cocktail glasses and gives them to Lynn and Laney]

Lynn starts eating one shrimp covered in sauce and starts to turn red while Laney eats the shrimp cocktail one by one and drinks the entire hot sauce on the glass. We all cheered as Laney's face turned even redder. Lynn glared at her.

Lynn: I know I said this before but. Oh it is on!

A montage played of Lynn and Laney eating hot sauce covered foods, each one hotter than the last. They ate hot dogs, chips & salsa, sandwiches covered in jalapeños and more. Soon enough they were both completely red from head to toe with yellow bloodshot eyes.

Me: Sweet Fireballs! These two are really tough!

Jared: They sure are dad.

Laney: Just give up Lynn. I'm clearly the sauce master!

Lynn: Nu-uh! No way I'm gonna let you take my crown sis- [Burps out fire and then covers her mouth] Lisa! Bring on the next sauce!

Lincoln: (Worried) I don't know about this guys. You have eaten alot of spicy foods. Anymore and I think you're gonna explode!

Laney: (Aggressive) YOU CALLIN' ME A WIMP FRECKLES!

Me: Whoa!

Cody: That is cruel.

Linka: Yeah.

Lincoln: Whoa! Laney! Calm down! You're not acting like yourself!

Luna: That's just the spice talkin' bro. I've seen this case before. She's gone into Full Heat Nirvana. Her mind is only focused on one thing now: Spicyness.

Hercules: I know this all too well. It's what happens when you eat a lot of spicy food.

Lincoln: You've seen this before?

Luna: Yeah. One time Chunk and his friend were having a hot sauce drinking contest and Chunk had gone hog wild on everyone! [Holds out her phone] I still have a video of the whole thing. You should've seen Chunk dudes. It was crazy.

Lincoln gulps.

I look at the video and it was nuts. Chunk went absolutely ballistic and pulverized a rival into pulp.

Me: Whoa! He sure did a number on him Luna.

Luna: Yeah.

Sam: He sure did.

Lisa: Pfft. Illogical. People can't have psychological breakdowns from drinking too much hot sauce. Chunk and his friend were probably acting like complete buffoons.

Lori: Like those two? [Points to Lynn and Laney who were fighting eachother on the table]

Lincoln: [gasps then blows the whistle] All right! Break it up you two! [Lynn and Laney growled at eachother and went back to their seats] Okay, lets get this over with.

Lisa: Indeed. I've saved the hottest one for last… [Lisa ran to her room and comes back pushing a black safe. She dials in the combination and opens it revealing a glowing neon red bottle of hot sauce with a picture of a Nuclear Explosion with a pepper shaped cloud and a devilish skull right behind it] Behold! (Thunder & Lightning crashes) Netherworld Tonsil Torture Death Sauce! (A huge wall of Fire erupts behind them in the background and Demonic Laughter and Satanic Cultist Music is heard) Made from concentrated extract of the Carolina Reaper and Dragon's Breath Peppers! The hottest peppers known to man!

We all gasp in sheer horror. But Lynn and Laney were ready for anything.

Me: This is not gonna be pretty!

Varie: Oh man!

Aylene: I can't believe that they are gonna eat a sauce that blazing!

Vince: Me neither!

Lana: No one can survive that much spice!

Lori: This will literally kill them!

Lucy: I'll be sure to say something nice at your funerals.

Naruto: That sauce will destroy them!

Fu: No kidding.

Hinata: That sauce is gonna rip their stomachs open!

Tayuya: Like I said before. I don't like peppers but this is awesome!

Me: That hot sauce is so powerful and radioactive that it's making my geiger counter go haywire!

Brittney: That's like eating a sauce made from the Earth's Core!

Natilee: That's like handling a nuclear fuel rod.

Edd: I can't believe that they are gonna eat that much painful spice.

Ed: It's not gonna be pleasent Double D.

Luan: This will definitely SPICE up the competition. (Laughs to rimshot) Get it?

Most of us laugh while Luan's siblings groan.

Me: (Laughs) That was a good one Luan.

Eddy: (Laughs) That was funny.

Lilly: It was funny.

Lynn Sr.: (Laughs) Good one.

Ronnie Anne: (Laughs) That was funny.

Lisa poured two drops on each cracker and places them to both Lynn and Laney.

Lynn: I have one question Laney. When you scream uncle after you eat this, will you be referring to our uncle or just uncles in general?

Laney: It won't really matter anyway Lynn. 'Cause you won't be able to hear me over the sound of a steam whistle coming out of your ears! [Laney and Lynn glare at each other]

Lisa: Ready? Commence consuming.

Lynn and Laney ate their hot sauce covered crackers and they started to glow red with hottness and began to shake. Their color changed from red to neon blue. We all backed away and braced ourselves for what's about to happen. Lynn and Laney continued to shake violently until they stopped. And we all look on with confusion.

Lincoln: Well… Looks like this whole thing is a ti-

KRABOOOOOOMMMM!

Suddenly a huge explosion went off and Lynn was seen flying high into the sky and then fireworks exploded in the sky.

Everyone: Ooooh.

Lynn then fell right back to Earth in a smoldering mess.

Lynn: Ughhh…

We all cheer wildly for Laney.

Lori: And the new reigning champion of spice is Laney Loud!

We continue to cheer until Laney burps out a huge burst of fire.

Me: Look out!

We were running away and screaming for our lives and then Laney fell to the ground.

Laney: Uhh… (Coughs)

Me: Laney that was awesome!

Lynn: Yeah. Well Laney… Looks like you've beaten me. I never actually thought any of you guys other than Lincoln could beat me at anything. Nor do I like the idea of losing. But you! You've got fire in your belly Lanes!

Laney: (Raspy) Yeah. I guess I got a little carried away… (Coughs)

Volcana: But you have got to be the toughest girl of fire ever Laney.

Lola: Yeah. You have a strong flame.

Lana: That was awesome!

Lily: It sure was.

Lily put her hand on Laney's shoulder and it burned.

Lily: (In Pain) YEOWCH! That is hot!

Lily splashed her hand with her water.

Lynn: Yeah. But don't feel too bad for that Laney! That was awesome! I guess you can handle a little spice in your life after all.

Laney: Thanks Lynn. But I think it's best if I stay away from spice for a while… [Her stomach gurgles loudly and Laney groans in pain] AAAUGH! [Holds her stomach in pain] WHAT IS THAT!?

Lynn: That would be the sound of your bowels screaming. That's the price you have to pay for living the spicy life.

Laney: OH SWEET CORN IT HURTS! [Runs off to the bathroom] OUTTA MY WAY!

Varie: I better help her.

Varie follows Laney.

Lynn: Heh. That's my sister. [Lynn's stomach growls loudly] ACK! WAIT FOR ME! [Runs after Laney.

---

2 hours later, Laney was in her bed with a cold rag on her head and she had a glass water and antacid pills on her nightstand.

Varie: You have a bad stomachache because you ate too much spicy food.

Laney: I know Varie. But I beat Lynn and proved that I can be spicy.

Varie: You sure did. And you and Lynn destroyed the toilet after throwing up like that. It was all like acid.

Laney: That was an extreme challenge. But I sure showed Lynn and now I'm paying for it.

Varie: Yeah but you'll be better by tomorrow. Get some rest okay?

Laney: Okay.

Varie left and Laney got some sleep.

THE END.

Another Fanfiction complete.

I gave Kinghammer the idea for the Spice of Life chapter and he did a fantastic job with it. I wanted to make this a sequel to my chapter Hot Sauce Louds. Laney sure showed Lynn that she is a spice demon like Lincoln. She proved that Lynn isn't the only spice demon in the Loud House. Let me know what you all think.

See you all next time.

# Angel VS Devil

I am in the Training Simulator doing an exercise and Varie, Vince, Aylene, Cody, Hercules, Zoe, Lincoln, Lilly, Laney Lola, Lana, Lisa and Lily were in the control room.

The exercise began and I found myself in the world of Trinity Blood.

Me: Oh wow. I'm on Earth in the anime Trinity Blood. This was an awesome anime. It's a shame it stopped.

I walk around and I found myself in Rome and found the coffin of Lilith Sahl.

Me: Lilith Sahl. I can't believe that Cain killed you. I sense trouble on Mars.

I place my hand on the coffin and a blinding white light came out of the coffin and Lilith came out fully resurrected.

Lilith: What? I've been resurrected. [To me] Who are you?

Me: My name is J.D. Knudson. I'm from the year 2017.

Lilith: What happened? I thought I was dead.

Me: You were. You were killed by Cain and he became 100% Crusnik. He's now trying to destroy all humanity and we can't let him get away with that.

Lilith: He got me while I wasn't looking. He will pay for this. What is the year now?

Me: 3120 AD. Cain is on Mars and he's the leader of the Rosencreutz Orden or the Order of The Rosy Cross. It's a terrorist organization that has one goal: destroy all of humanity.

Lilith: We have to stop them. Where's Abel?

Me: I'm afraid he's dead. Cain killed him. Now it's personal.

I use Instant Transmission and beam us to Mars and we saw that it's a populated city and we saw Cain heading toward the church in his Crusnik form.

Me: That's Cain all right and his power is incredible.

Lilith went into her Crusnik Form.

Me: Lets make that stupid clod pay.

I go Super Angel 4 and we both flew over to Cain.

Me: So we meet at last Cain Knightlord.

Cain gasped when he saw Lilith fully resurrected.

Cain: It's not possible! I killed you!

Lilith: You did.

Me: And I brought her back to life. Get ready Cain. You're now gonna pay for your crimes.

I unsheathe my sword and Cain formed a lance made of blood. Lilith formed a sword made of blood.

The battle to save humanity has begun. We clashed and our weapons were sending lightning and sparks flying everywhere and setting most of the city on fire. Blasts of lightning and energy were being fired between us. Cain fired blasts of red lightning, I fired energy waves and lightning and Lilith fired pink lightning at Cain. Massive explosions of pure fire blew apart the city and much of the landscape. The entire city was now completely engulfed in a massive raging inferno on an epic scale. It was like we were fighting in the Fire of The Netherworld in it's entirety. Vampire's were dying everywhere and more. It was an explosive and powerful fight of epic proportions.

I punch Cain in the face and send him crashing into a building. He flew up to me.

Me: I've had enough of you Cain. Now die!

I fire an energy blast at him and blew a hole in his chest.

Me: That was for starters. (Cups hands to the side) KAAAA! MEEEE! HAAAA! MEEEEE! HAAAAAAAAAAAAAAAAAAAAAA!

I fired a Black Kamehameha Wave at Cain and he fired a blast of red lightning. My attack was too much and it engulfed him and completely obliterated him in an instant. All traces of Cain Knightlord were completely erased from existence forever. Not even an atom remained. The blast went out into space where it disippated harmlessly. I powered down.

Me: It's over. Cain's energy signal has completely disappeared.

Lilith: Yes. Cain is dead. He will face the consequences of his crimes in the next life.

Me: That's right. People like him deserve to be forever damned and they will never be welcome in Heaven.

Cain's reign of terror had been silenced forever. Never again will he terrorize the future.

Lilith decided to go with me to 2017 after we found Seth Nightlord. She and Seth were right at home on Earth in my dimension. I introduced them to everyone.

Varie: It's pleasure to meet you Seth, Lilith.

Lincoln: Same here.

Lilly: You two are beautiful.

Lilith: Thank you Lilly.

Seth: You're pretty yourself.

Me: We have quite a story to tell all of you.

Turns out I was in the year 3120 - 1,103 years into the future and it was amazing. Their story was amazing and horrifying at the same time.

Nonetheless an Angel has won over a Fallen Angel. Lilith and Seth live in Carrie's room.

THE END.

# Phone Trouble

It starts in the Royal York park. Me, Varie, Vince, Carol, Cody, Hercules, Zoe, The Eds, Luan, Lincoln, Lilly, Laney, Sailor Mercury and Sailor Mars are relaxing and having fun playing.

Me: What a great day.

Varie: You said it.

Lincoln: Nothing to do but sit back and read comic books and enjoy the beautiful summer air.

Laney: You said it Lincoln.

Lilly: I agree Linky.

Luan: It sure is a SUMMER-al fun time! (Laughs to Rimshot) Get it?

We all laugh.

Me: (Laughs) That was a good one.

Cody: (Laughs) That was funny.

Eddy: (Laughs) Good one Luan.

Sailor Mercury: That was a good joke.

I then see someone putting dirt on a hole in the park 200 yards away.

Me: Looks like someone is burying something.

Hercules: I wonder what it is.

Zoe: Maybe we can find out what it is when he goes away.

Laney: That's a good idea.

He left 20 minutes later and we went to the hole and unearthed what he buried. It was a Swedish Telephone.

Me: He tried to bury a Swedish Telephone?

Eddy recognized it.

Eddy: (Fearful) Oh man! I know that phone all too well! That's Rolf's Cursed Telephone of Doom!

Varie: Cursed Telephone of Doom?

Laney: Why would you call a phone cursed?

Edd: Oh I remember this phone.

Ed: Me too.

Sailor Mars: How can a phone be cursed?

Me: That's what I would like to know too. This looks like an ordinary telephone to me. It's an 1896 Rikstelefon Phone. We haven't used these phones in over 100 years.

Vince: It's still in very good shape.

Aylene: It sure is.

Laney: It's a lovely telephone. I think it looks really cute.

Eddy: That phone brings whoever answers it bad luck. I had numerous incidents happen to me because of it.

Edd: I still think they were all coincidences.

Me: So this phone is a relic from Peach Creek?

Ed: Yep. I remember that phone. Eddy got hit with a lot of bad stuff because of it.

The phone rang.

Me: Lets test this baby out. Sailor Mars?

Sailor Mars: Okay. [Picks up the phone] Hello?

A bear trap snapped on Sailor Mars ankle and she screamed in pain.

Me: Oh man!

I get the trap off her and she was bleeding bad.

Eddy: That's a bad wound. See? That phone is cursed.

Me: I believe it. We'd better take it to Lucy. She might know what's going on.

---

In Lucy's room I knock on Lucy's coffin.

Lucy: Yes?

Me: Lucy. Sorry to bother you but we have an old telephone from The Eds time in Peach Creek and it's a Harbinger of Bad Luck.

Lucy opened her coffin and arose from it like Count Dracula.

Lucy: Let me see this phone.

I hand Lucy the phone.

Me: It's an old antique telephone from Sweden and it's also a relic from Peach Creek that brought bad luck to Eddy.

Lincoln: Yeah. Look what happened to Sailor Mars.

Lilly: A bear trap snapped on her leg because of it.

Lucy saw Sailor Mars' wound.

Lucy: Gasp! And you're right. This phone is cursed. It's the Cursed Phone of Hamingja.

Me: Let me see here.

I pull out my legends book and it had the cursed phone in it.

Me: Here it is. The Cursed Phone of Hamingja. This phone is said to have been cursed by the Norse Goddess of Luck - Hamingja. She cursed this phone to give one person bad luck. When they pick up the receiver and answer it that person will be struck by a painful bout of bad luck and the incidents will get worse with each time they answer it.

Eddy: That's exactly what happened to me.

Luan: That's awful Eddy.

Eddy: Yeah.

Zoe: Eddy what incidents came because of this phone?

Eddy: Let see.

Eddy went over the incidents and they are as follows:

1): A Record hit him in the head

2): A bedspring popped out and entangled him in it.

3): An Ice Cream cart hit him into the floor.

4): A Skunk Sprayed him.

5): A lamp post hit him.

6): A Concrete drain pipe rolled over him.

7): A Semi-truck ran over him.

8): A tree fell on him.

9): A Sandbox crashed onto him.

10): Trampled by a stampede of Hippos.

11): Struck by lightning.

12): His house collapsed onto him.

13): A Land Mine exploded on him.

14): A pack of wolves mauled him.

These crazy incidents were like Dark Luan's April Fools Rampages x10.

Me: That is awful Eddy.

Luan: That's worse than my April Fools Rampages that I've done. (Hugs Eddy) My poor Eddy Bear.

Edd: I thought these were all coincidences but now I see that they are all done by this accursed phone. Oh Eddy I'm so sorry I didn't believe you.

Eddy: I forgive you Double D.

The Phone rang again.

Sailor Mercury: I still think it's all coincidence.

Me: Lets see if you're right Ami. (Picks up receiver) Hello?

Suddenly a stampede of Zebras appeared out of nowhere and trampled Sailor Mars.

They left 5 seconds later and Sailor Mars was a mess.

Ed: That phone is cursed!

Lucy: That's right.

Sailor Mercury: I still don't believe it.

Me: There's only one person that knows more about this cursed phone better than anyone else: Rolf. We have to go to Peach Creek, Georgia.

---

We went to Peach Creek and we arrived in 3 hours.

Me: Here we are.

Lincoln: So this is Peach Creek.

Lilly: It's a nice neighborhood.

Luan: Yeah. Until those stupid Kanker Sisters ruined it.

Eddy: That's right.

Lucy: This is a nice neighborhood though.

Varie: Which one is Rolf's house?

Eddy: [Points to a blue house] It's that one over there.

Vince: Nice house.

Aylene: It sure is.

We walk up and I knock on the door.

Rolf answered it.

Rolf: Can the son of a shepherd assist you?

Eddy: Rolf!

Rolf: Jawbreaker Ed-boy!

Eddy: How's it going stretch?

Rolf: I've been doing good Ed boy.

Edd: Greetings Rolf.

Ed: Hiya Rolf.

Rolf: Double D Ed Boy and Bundt-Cake-For-Brain Ed Boy? It's good to see you guys again.

Edd: You too Rolf.

Luan: Hey Rolf.

Rolf: Hello Luan Jokegirl.

Eddy: We came to you because a problem from your past has resurfaced in Royal York.

Me: Recognize this?

I hold up the Cursed Phone and Rolf gasped in shock!

Rolf: The Dispatcher of Despair! How did you get it!?

Me: We found it in Royal York park. Some man was burying it in the park and now Sailor Mars here is the target of the Cursed Phone's deadly power.

Eddy: How did you get this phone Rolf?

Rolf: (Sigh) Come on in.

We went in and sat down on Rolf's floor and sofa. The sofa was covered in plastic wrap.

Rolf: My great grandfather got that phone in Sweden many years ago and ever since then it's been a curse on my family for years.

Aylene: So it stems from family ties.

Cody: That's awful.

Hercules: Yeah.

Zoe: And every time this phone is answered Sailor Mars will be thrashed by a deadly incident of Bad Luck.

Sailor Mercury: I still say that Bad Luck is not real.

Me: That may be Ami but this phone must be destroyed.

Carol: We can't bury it again so we have to burn it.

Sailor Mars: I agree. That phone almost destroyed me.

Ed: Yeah.

Lilly: That's awful.

Me: I know one place where we can be rid of this phone forever. I'm going to throw it into the Sun.

Edd: The Sun will vaporize it instantly.

Me: It will.

I take the phone and head out into space and when I was about 35 million miles away from the Sun I threw it towards it and saw the phone get obliterated in an instant.

Me: (Echoing) That's that.

I fly back to Earth and landed by them.

Eddy: Is it done?

Me: Yes. The phone has been completely destroyed.

They all cheered.

An evil ghostly smoke appeared by us.

Spirit: You're monkey people ALL OF YOU!

It disintegrated and was gone for good.

Lucy: That was the evil spirit of the phone.

Edd: Good riddence.

Eddy: You said it.

Luan: I'm glad that phone is gone forever.

Sailor Mars: Me too.

Varie: We've now seen the last of the Cursed Phone of Hamingja.

Cody: That's right.

Zoe: This time for good.

Hercules: That's a fact.

Me: Thanks for your help Rolf.

Rolf: My pleasure J.D.

Edd: It was good to see you again Rolf.

Rolf: You too Double D Ed Boy and you as well Bundt-Cake-For-Brain Ed Boy.

Ed: Thanks Rolf.

Me: Lets go home guys.

Lincoln: Yeah.

We all went back home and at Dinner we told everyone everything that went down.

Lori: So Sailor Mars was experiencing a case of bad luck because of a telephone?

Me: Yeah. Believe it or not guys, the phone was an antique Swedish Telephone that was cursed by Hamingja - the Goddess of Luck in Norse Myth.

Eddy: It was a relic from our time in Peach Creek and it gave me really bad luck.

Varie: Yeah.

Lucy: The incidents Eddy said were terrible. They make the April Fools Rampages Luan did look like childs play compared to it.

Luna: That is crazy dudes!

Sam: It sure is.

Lisa: Ach Poppycock. There is absolutely no way a Telecommunications Device; Street name: Telephone can be a cursed object of bad luck and superstition.

Lynn: That is very strange. I may be superstitious when it comes to sports but a phone like that is way too much.

Laney: No kidding. But Eddy that must've been horrible what you went through.

Eddy: It was Laney.

Natilee: I've always been a very strong believer in the Luck of The Irish but that is a cursed phone from the darkest pits of the Netherworld itself.

Brittney: Yeah. But we're glad it's gone forever.

Jared: Me too.

Leni: Like, This phone is Totes out of style. It doesn't match the latest fashion trends.

Lily: I agree with Natilee. A phone like that should've been destroyed the minute it was found.

Edd: I agree with you Lily.

Ed: Same here.

Me: But you guys have to admit. That was a really crazy Ed-Venture. (Rimshot and Everyone laughs)

Luan: (Laughs) Good one J.D.

Me: Thank you Luan.

Varie: That was funny.

We had a really good dinner and got ready to hit the hay.

THE END.

NicoChan11 gave me the idea for this one. Thanks for the idea and the great story. Sorry, Wrong Ed is one of my favorite episodes from Ed Edd N Eddy. That one was really funny and it was a crazy episode. I call that episode the No Such Luck of Ed Edd N Eddy but on a crazy and strange level. It was really funny and not as bad as the infamous episode. I didn't know how to set this one up because I was given so many ideas for it. But I put it all together.

Let me know what you all think.

See you all next time.

# Bully Dinosaurs VS WereDogs

It starts in the Living Room. Me, Varie, Vince, Zoe, Cody, Ronnie Anne, Laney, Lola, Cree and Sector V were watching TV and reading books.

Numbuh 1: So J.D. any new developments happen recently with anything in particular?

Me: Not that I know of Numbuh 1.

Then Kids Next Door Global Command called.

Numbuh 362: Sector V we have just received word that Bully island is under attack by weredogs.

Numbuh 4: Bully Island? That dump!? What has Jerry done now?

Numbuh 362: We don't know Numbuh 4 but the weredogs are trying to enslave Bully Island.

Numbuh 1: We're on our way!

Lola: I hate bullies. They all need to be destroyed!

Cree: I agree Lola. They are the scum of the Earth and they need to be wiped out.

Me: Where is Bully Island?

Numbuh 2: It's a Nature Preserve for big bullies that look like dinosaurs. Wedgiesaurus Rex, Wet Willie Mammoth, Spitball-asaurus, and more. It's located in the Solomon Islands.

Me: In the Bougainville area.

Varie: That's a long way from here.

Numbuh 4: I'm gonna give that freak Jerry an even worse permanent wedgie than ever!

Lola: Save seconds for me!

Laney: Lets get them.

---

We flew out and we arrived at Bully Island.

Me: So this is Bully Island. It looks like Isla Nublar in Jurassic Park.

Numbuh 3: Look over there!

We saw a bunch of weredogs fighting the Bullies.

Me: As much as I don't like bullies we have to destroy the weredogs.

Numbuh 1: Right. Kids Next Door, Battlestations!

We went at the weredogs and pulverized all of them into dust. Numbuh 5 was facing her old school enemie Valerie.

Numbuh 5: I thought you were in Permanent Detention for your crimes Valerie.

Valerie: I was released early thanks to a friend. I am now gonna get my revenge on you Abigail Lincoln!

Numbuh 5: We'll see.

Numbuh 5 punched her in the face and sent her hanging on the edge of a pitfall which had spikes on the bottom.

Valerie: Well I guess this is it for me. But do me a favor Abigail. Make my death hurt. You know I would've done the same thing to you.

Numbuh 5 pulled her up.

Numbuh 5: Don't be ridiculous Valerie. I'm nothing like you!

She punched her in the head and knocked her out.

Lola burned lots of weredogs to dust and she used her fire powers to strip them of the Curse of The Weredog.

Lola: That takes care of these clods.

Wedgiesaurus Rex: Thank you friends.

Me: No problem mate.

Varie: But the real question is who brought the weredogs here to try and enslave them?

Laney: That's what I was wondering too.

?: That would be me.

We turned and saw a familiar person that we thought we would never see again: CHANDLER HENDERSON!

Me: It can't be!

Varie: Chandler!?

Zoe: But how?

Chandler: That's right. I have come back and thank you all for arriving. All that matters to me now is that I finally get to destroy you all.

Laney: I thought we were done with you for good Chandler! Last I remember you were reduced to ashes. How did you come back to life?

Jerry came out.

Jerry: I brought him back as part of my plan to get revenge on you Wallabee Beetles! Ow!

Zoe: You don't have any idea what you have just done!

Me: This kid is a terrorist Jerry. You made a really foolish mistake. He's evil in its purest form.

Chandler: I was humiliated because of you wretches! You can never understand the depths of my suffering in the Netherworld. I was strum up like a worthless Pupating Moth hanging over a field of delicate little flowers where hordes of fairies, angels and enchanted stuffed animals lived! They played acidine songs about smiling and warm fuzzy hugs! Instead of wanting to fulfill my plans I was serenaded by Teddy Bears!

Me: Well don't try to pin that on me Chandler. You're the one that did all that and you're the one that came to us looking for a fight. That's why Laney took your life. It was your choice and it was all because of you!

Chandler: We shall see. Your deaths are my remedy and I will never be able to sleep in this cosmos knowing that I share it with you.

Me: We killed you before and we can kill you again.

Laney: You take on Jerry. This is my fight.

Laney walked up to Chandler.

Chandler: Scarfy. You look just as you were when I fought you the last time.

Laney: I'm not the same as I was before Chandler. I've changed alot since then and now I'm sending you back to the Netherworld forever. And don't dream of resurrecting again!

Laney flared up her green aura and became a Super Angel 3 and dashed to him and fired an energy blast right at him and he was engulfed by it.

Chandler: CURSE YOU LANEY!

Laney: Go back to the Netherworld and STAY THERE!

The energy wave hit Jerry's headquarters and a massive explosion blew the whole place apart. There was nothing left of the whole building.

Chandler was killed again and there was nothing left of him.

Laney: Good riddence. I hope he stays in The Netherworld for good this time.

Me: Great job Laney.

Laney: Thanks J.D.

Zoe: Good riddence to bad filth.

Lola: I'm glad that parasite is gone for good this time.

Cody: So that was Chandler. I've heard about what he was known for and I'm glad he got what he deserved.

Varie: Same here.

Jerry was trying to sneak away until I grab him by the shirt.

Me: Where do you think you're going small fry?

Jerry: I will have my revenge against Numbuh 4 for that permanent wedgie!

Me: Oh I think not. Numbuh 4, rip this little cretin apart.

Numbuh 4: (Cracks Knuckles) With pleasure.

I throw him to him and Numbuh 4 pulverized Jerry into oblivion. Jerry was beaten to within an inch of his life and was placed in Permanent Detention. Valerie was placed back in Permanent Detention too.

* * *

Me: Great job guys.

Laney: Thanks J.D.

Numbuh 1: Great job to all of you.

Numbuh 3: Thanks Numbuh 1.

Me: I never thought that Jerry would bring Chandler back of all people to get revenge on Laney.

Varie: Yeah. He picked an extremely rotten apple.

Ronnie Anne: He sure did.

Lola: This time that little parasite got what he deserved and he will stay in the Netherworld. This time for good.

Laney: Yep.

Me: One thing's for sure, we've officially seen the last of Chandler Henderson the Ruthless.

Numbuh 4: You said it J.D.

Rita: (Offscreen) Kids, Lunchtime!

Me: Time for some grub.

We go to the dinner table.

THE END.

# A She-Hulk Teacher

It starts at the Royal York Elementary School. The bell rang and it was time for Gym Class.

Me, Lincoln, Ronnie Anne, Laney, Linka, Liam, Zach, Rusty, Clyde and all of Lincoln's class were in our gym clothes and in the gym. We saw a beautiful woman with black hair and purple sports clothes come out.

?: Hello class I'm your new coach Jennifer Walters. But you can call me Jen.

Girl Jordan: Where's Coach Pacowsky?

Jennifer: He retired to pursue his dream of becoming an Irish Riverdancer.

Lincoln: Oh wow.

Clyde: I love Irish music.

Me: Me too Clyde. But Jen you look familiar to me. Like I've seen you from somewhere.

Jen: I get that all the time. Now lets get to our activity for gym.

Rusty: We're not doing dodgeball are we?

Jen: No.

Jen pressed a button on a remote and a fighting training arena came out.

Jen: I am going to be training you in fighting. Because…

Jen's eyes glowed green and her skin turned green and she grew taller and stronger and her clothes ripped and she became SHE-HULK!

She-Hulk: You need to be strong like me.

Me: (Gasp) Now I remember where I've seen you before! You're the She-Hulk!

She-Hulk: That's right J.D.

Clyde: WHOA! Are you related to…?

She-Hulk: Yeah. Hulk's my cousin.

Laney: Oh wow! This is amazing!

Ronnie Anne: You said it Lanes. This is Awesome!

Liam: (Southern Accent) This is gonna be something!

Me: This is gonna be awesome!

Lincoln: I can't wait to see how my power measures up to you Jen.

She-Hulk: All right maggots give me 20 minutes of punching and kicking on those punching bags! Lets go!

We all punched the bags rigorously and worked up a tremendous sweat and we were dripping sweat like no tomorrow.

She-Hulk: All right guys. Now I want you all to take down those dummies over there.

Jen pointed to some football dummies.

She-Hulk: Lets go everyone!

We take down the dummies and some people are gonna need a lot of work.

She-Hulk: Nice work guys. Some of you did great.

Me: Thanks Jen.

Lincoln: This is awesome!

Laney: At least I'm not getting hit by dodgeballs.

She-Hulk: Oh the fun is just starting. It's now time for the main event: Fighting Dodgeball! I invited the Middle School Kids to participate against you.

The Middle School Kids were with us in the gym.

Lynn: Hey bros and sisters.

Me: Oh this is gonna be sweet.

Laney: Oh no.

Lincoln: This is gonna be awesome.

Me: I know how to make this even more exciting.

I pull out a boom box and plug it in.

She-Hulk: Adding some music for more excitment. I like it.

Me: Thanks Jen.

I turn it on and it plays the theme song for Mortal Kombat.

Me: Lets get it on.

The game began and dodgeballs were being thrown everywhere and we were demonstrating fighting moves and all sorts of styles in martial arts. We were dodging and evading and kicking and punching the balls and throwing them. It was an excruciating and painful game until the bell rang 1 hour later for lunch.

She-Hulk: Great job guys. (Reverts back to normal) We'll be doing this with some new exercises and more tomorrow.

Me: (Panting and dripping sweat) Thanks Jen. What a workout.

Lincoln: Yeah. (Panting) I'm exhausted.

Ronnie Anne: We all are. (Panting) But great job today Lame-o.

Lynn: I agree. You guys did great.

Me: Thanks Lynn.

Laney: (Panting) Thanks Lynn.

---

At home we were talking about gym class.

Me: So our new teacher at Royal York Elementary is Jennifer Walters and she is also the She-Hulk.

Lincoln: Yeah. She is awesome.

Hulk: That cool Lincoln. She-Hulk Hulk's cousin.

Laney: That's what she told us. She is powerful and she is strong and tough.

Liam: That's right.

Cody: That's amazing that you all have a superhero for a teacher.

Zoe: It sure is.

Ronnie Anne: It was awesome.

Clyde: Yeah. I don't think Couch Pacowsky was ever that tough on us though.

Zach: Me neither.

Lynn: It was cool meeting She-Hulk. She is now gonna whip us into shape.

Me: Yeah. Nonetheless we got a really good workout because of it.

Lori: That is literally so cool.

Leni: Totes. Our gym teacher is never that cray cray.

Luan: Yeah. We never could Shape up that quickly. (Laughs to

Rimshot) Get it?

Me, Varie, Aylene, Vince, Eddy, My Children, Cody, Ronnie Anne, Leni and Lilly laughed.

Me: (Laughs) That's funny Luan.

Varie: It sure was.

Vince: That is so cool that you have the famous She-Hulk as a teacher. She is gonna be awesome for you all.

Lincoln: Thanks Vince. I feel stronger than ever before now.

Me: Lets not get ahead of ourselves Lincoln.

Linka: We may feel stronger now but these things take time, work, blood, sweat and tears.

Laney: That's right.

After dinner we hit the hay.

# A Sports Nightmare

It starts in the early morning hours. Lynn was asleep and she was having a horrific nightmare. She saw that she took Lincoln to her baseball game coming up and after her team lost she claimed that Lincoln was bad luck and Lincoln took advantage of this to get some time to himself. But this was quickly taken too far and the family kicked him out of the house like an animal and in order for Lincoln to prove that he wasn't bad luck he put on the Royal Woods Squirrels mascot costume and showed up and he was treated as a good luck charm. This worked well for everyone but Lincoln was not liking it not one bit. He was being treated like an outcast and not part of the family and that's when he had enough. He confronted Lynn and they got into a brutal fight and Lincoln bit Lynn on the leg to where he drew blood and Lynn was badly hurt. He then said to his family minus Laney and Lily the 5 most terrifying words to any family: I HATE ALL OF YOU! But he spared Lily and Laney because he could never hate them. He ran away and everyone was filled with guilt and they glared at Lynn with extreme hate. News about this spread all over Royal York like wildfire and their lives spiraled downhill fast. Lynn Sr. & Rita were arrested, all their friends abandoned them, Lynn was kicked off of her sports teams, Luan's business was gone, Luna lost her friends and rights to perform, their lives were completely ruined.

---

6:00 AM.

Natilee was watching TV downstairs when she sensed that Lori, Leni, Luna, Luan, Lynn, Lucy, Laney, Lana & Lola, Lisa and Lily were having a terrible nightmare.

Natilee: Uh oh!

Natilee formed some Shadow Clones and they went into the siblings rooms and woke them up and they screamed in a bloodcurdling scream.

LOUD GIRLS: (BLOODCURDLING SCREAM) LINCOLN! WE LOVE YOU!

Natilee: Lynn it's all right. It was only a nightmare.

Lynn: Natilee it was horrible!

Natilee: From the way you screamed it sure sounded like it.

In the living room 20 minutes later Lincoln was with us when Lynn and the girls told us the dream. We were horrified and the girls minus Laney and Lily were crying.

Me: That's an awful dream.

Lynn Sr.: I can't believe that we would do something like that in a dream.

Rita: Thank goodness we didn't do it.

Natilee: It was not just a bad dream guys. It was a vision into the future. Dreams have been known as gateways to another realm. Sometimes dreams can show you the events of the future either good or bad. And your nightmare was a horrific vision into the future and it showed you the horrible fate that was gonna come.

Me: That's awful.

Lincoln: It was gonna happen?

Natilee: Yeah. Luckily we have a chance to change it.

Lincoln: Yeah. I'll go to all of your events coming up.

Lana: Thanks Lincoln.

Over the course of the month we went to all of the girls events and Lincoln had some events planned and he won some trophies in certain events. Lynn realized that her superstitious habits were a complete and total nuisence and a meaningless trait. She gave up the luck thing and relied on her own belief in herself.

THE END.

Another Fanfiction Completed.

This one was out of the blue. This is set before the events of the infamous episode No Such Luck BUT this is not the episode in its entirety. Like I said before I would never do that episode even if you paid me to do it. That episode received so many awful reviews that it was unbelievable. I agree with all of them too. Everything Natilee said is true. Dreams are gateways into another realm but they can also tell you events of the future that can happen; Whether Good or Bad.

Let me know what you all think.

See you all next time.

# Volcanic Trip Part 1

Part 1: ICELAND.

---

At the Knudson-Loud-Anderson-Weather Estate we were all packing for a very awesome trip.

In his room Lincoln was packing his suitcase.

Lincoln: (To the Viewers) It's a big and awesome day for all of us. Nicole is taking us all on a huge vacation. We're going on a global adventure to see all of the worlds volcanoes and if we're lucky we're gonna see a couple of them erupt. A vacation like this would cost a tremendous amount of money. But Nicole is a famous Volcanologist and she is awesome! She financed this whole trip and we're gonna go all over the world and see all of Earth's Volcanoes. We're gonna be gone for 1 year. Here is a map of all of the worlds volcanoes.

Lincoln showed everyone a map of Earth and the Volcanoes that are on it.

Lincoln: We're gonna spend 3 days on each country that has a volcano. The closest one that we're going to is Iceland. This is gonna be AWESOME! We're gonna learn so much about rocks, minerals and all of Earth's Volcanoes and how they affected the world.

Lincoln finished packing.

Nicole finished packing her clothes and her equipment. She was looking at a picture she has hanging up on the wall. It was a photo of World Famous Volcanologists Maurice & Katia Krafft.

Nicole: You guys are my heroes and we're going to all the worlds Volcanoes to study and learn all about them.

Nicole finished packing and after everyone was all packed we got into Vanzilla and it turned into Jet Mode and we were all off to Iceland.

We all arrived at Iceland in 3 hours and it was cold. We were in the Capital City of Reykjavik.

Lori: It is literally cold here.

Nicole: It's Iceland, Lori. The temperature here is always in the mid forties. Lets go get some sweaters.

Nicole bought everyone some awesome Icelandic Sweaters and fur boots.

Lincoln: These sweaters are awesome Nicole.

Nicole: They are a tradition in Iceland.

Leni: These are totes adorbs.

Luna: I love these sweaters dudes. These are rockin.

Sam: They sure are luvbird.

Janeen: I like mine and it's beautiful.

Naruto: It's awesome.

Sakura: It sure is.

Lynn Sr.: These sweaters are amazing and toasty.

Rita: They sure are honey.

Me: So our first volcano in Iceland is located at Heimaey, Iceland's most important fishing port.

Nicole: That's right dad.

We all went to Heimaey and it was an amazing town.

Lana: This is an amazing town.

Lola: It's pretty.

Lucy: Why is the ground all black?

Me: This is volcanic ash. [Picks up some and it turned my hands black] Volcanic ash is rocks and dust and it rains down on everything when a volcano erupts.

Nicole: That's right dad. See that volcano over there?

Nicole pointed to a nearby volcano. It was Eldfell Volcano.

Nicole: That's Eldfell Volcano. It erupted in 1973 after being dormant for almost 6,000 years and it was an awful spectacle for the people of Iceland and Heimaey.

We all climb up Eldfell and it was a sight to behold.

Linka: This volcano is really small.

Lilly: I was expecting it to be taller.

Nicole: Eldfell is one of the smallest volcanoes on the planet. At 656 feet high it's one of the smallest volcanoes in the world. On January 21st, 1973 when Eldfell erupted everyone thought that they would be all right. But after lava flows came down there was trouble and they all had to be evacuated. 150 houses were lost in a few days due to lava and fire. The houses that didn't burn were buried under tons of volcanic ash and debris. But the harbor was being closed off because of the eruption. So to save their houses the people of Iceland did an extremely crazy and lucretive idea. Using 19 miles of piping they pumped millions of gallons of water from the ocean to cool the lava flows and it worked. It lasted for 7 months and it was widely known around to world.

Luan: That's amazing! That's one way to Cool Down! (Laughs to Rimshot) Get it?

We all laughed.

Me: (Laughs) That was a good one.

Eddy: (Laughs) That was funny.

Cody: That was a good one. But that was all amazing what they did back then.

Lisa: Affirmative. It was a very daring achievement for the people of Iceland and it was a huge success back 44 years ago.

Lily: It sure was.

Jared: That's amazing.

Jessie K.: I've seen this in the history books and it was an awesome feat for Iceland.

---

Later we all took Vanzilla in Helicopter mode to a famous volcano called Grímsvötn.

Lincoln: What volcano is this one?

Nicole: This is Grímsvötn. It's a volcano under ice.

Fu: It's beautiful.

Rin: It looks like there's nothing here.

Nicole: It does doesn't it. But that's the beauty of it. In 2011 Grímsvötn Erupted and put on one of the most spectacular displays in the world. It was a dirty thunderstorm and the column of ash had a huge display of lightning in it that was amazing.

Lucy: That's amazing. I had no idea that volcanoes can create their own weather.

Laney: It's really amazing. We've seen it when Dante's Peak was wiped out.

Vince: That was really cool.

Cody: I've seen that in the news and it was awful that that happened.

Varie: Volcanoes are one of the most powerful forces of nature on our planet and it is amazing at how much destructive power they have.

Lincoln: It was awful.

Fu: Yeah.

Lola: It's amazing that Volcanoes can pack that much power.

Lana: No kidding.

Lisa: It is a scientific wonder in the world of Volcanoes.

Naruto: Yeah.

---

Later we were walking up the slopes of "The Volcano That Stopped The World" - Eyjafjallajökull.

Lincoln: What's this volcano?

Nicole: This is Eyjafjallajökull. It's widely known throughout the world as "The Volcano That Stopped The World". In 2010 it erupted and it affected all Air Travel across the Northern Atlantic Ocean. 94,000 Flights had to be cancelled because of the ash clouds and it affected 20 countries in Europe and Eastern North America. From March 20th to June 23rd, 2010 the Volcano had that effect.

Lincoln: That's amazing and awful.

Sam: It sure is.

Luna: Dude. That was awful.

Shannon: It sure was.

Cody: I saw that in a newpaper and it was terrible.

Ronnie Anne: I saw that too and it was terrible.

Nicole: We still have alot of volcanoes in Iceland to see and lots of stuff to do.

We went to all kinds of shops in Iceland and had some unique food and got some great stuff.

Continues in part 2.

# Volcanic Trip Part 2

Part 2: ITALY

---

Vanzilla 2.0 is in Jet Mode flying to our next destination.

Lincoln: (To the Viewers) Our next destination is Italy and I heard that the pasta and pizza are awesome.

Lori: I've always wanted to go to Italy, Lincoln. The food is literally awesome and the city of Venice is supposed to be awesome.

Me: That's right. It's the Romance Capital of Italy.

Nicole: You guys are gonna love Italy. Not only is the food awesome but it has some of the most awesome and most famous volcanoes in the world.

Jessie K.: It also has history that dates back to 3700 B.C. and it is awesome.

Lola: I heard that the Roman Colosseum is one of Italy's most famous landmarks and also the oldest.

Jessie K.: It is Lola. It was built back in 70-80 A.D. and it was used in alot of Gladiator Fights until the fall of the Roman Empire.

Me and Lynn Sr. are putting together a puzzle.

Me: I've always wanted to see Florence because it was once home to Dante Alighieri almost 900 years ago.

Lynn Sr.: You guys are gonna love Italy. Me and Rita went there on our honeymoon.

Rita: It was back when I was pregnant with Lori.

Varie: Wow. That's amazing Ms. Rita.

Rita: It sure is.

Lily: I love pizza and dad's Lynn-sagna and it is delicious. I heard that Italy has some of the best pasta and pizza in the world.

Laney: It does Lily. Italy is where they all came from.

Lana: I love spaghetti and pizza.

Aylene: Hey Lily how are you gonna keep your job at the Krusty Krab 2 while we're away?

Lily: I already thought of that. I have a Blood Clone working there in my place until we get back. It's gonna take care of everything around the house too.

Naruto: Very clever Lily.

Sakura: Great job though.

Lily: Thanks.

Lincoln: I have a Blood Clone going to school in my place while we're gone.

Me: Good work buddy.

Lana: Also Prohyas & Vambre will be helping Lincoln and Lily watch the house while we're gone.

---

2 hours later we arrived in Venice, Italy.

Me: Venice, Italy. Home of the Gondala rides, great Italian Food and also some of the most beautiful scenery in the Mediterranean Sea.

Lisa: Yes Indeed 2nd Big Brother.

Nicole: We have three volcanoes in Italy to see. Our first stop is Mount Vesuvius.

Laney: That's one of my favorite volcanoes. It's loaded with history.

Nicole: Oh yeah.

We later arrived at Mount Vesuvius.

Nicole: Here we are. Mount Vesuvius.

Lincoln: It sure is beautiful.

Brittney: It is but this Volcano is loaded with history.

Jessie K.: That's right. In 79 A.D. it erupted and destroyed the ancient towns of Pompeii and Herculaneum.

Nicole: That's right.

Linka: Wow. That's awful.

Lucy: The people of Pompeii and Herculaneum had no idea what the power of a volcano could do so they embraced death with great love.

Luna: That is awful dudes.

Leni: Totes. But why would this happen to them?

Nicole: Volcanic Ash Clouds ran down the volcano and destroyed much of the town with pyroclastic flows and superheated ash.

Lisa: Correct.

On the slopes of Mount Vesuvius at a farm and vineyard we saw lots of good grapes. A man was guiding us on a tour of his vineyard.

Penny: These grapes look good.

Shanan: They are Penny. Many people build farms near volcanoes because the soil is perfect for farming.

Nicole: That's right. The Volcanic Ash is a great fertilizer for the land and it provides key nutrients that are perfect.

Jared: Also guys, Italy is known for having some of the best wine in the world.

Jessie K.: That's right. We've been making wine for more than 9,000 years. It was China that helped us start getting into it.

Laney: That's right.

Laney picked a grape and ate it.

Laney: Mmm. Sweeter than normal grapes and tougher too.

Me: That's because unlike table grapes, the grapes we use for wine are tougher and sweeter and have seeds in them.

Varie: That's right.

Laney: I taste them. (Spits the seed out)

Lana: I heard that long ago we used to take tubs full of grapes and squish them with our feet.

Jessie K.: That's right Lana. It's called Grape Stomping. It's a traditional method used in making wine. It was created in 3rd Century A.D.

Lola: That's an interesting way to make wine but Ew!

Linka: That's cool though.

Vince: We still do that method to this day though.

Carol: That's right. How long does it take for the grapes to become wine?

Shanan: It can take up to 4 days to 12 months. They have to wait for the sugar in the juice to become alcohol and they have to age it.

Lori: That's right. I've read about this and it's very interesting.

Shanan: Yeah. Wine is very expensive too. It can range from $10.00 a glass to $200,000.00 a bottle.

Everyone: WOW!

Me: That's right. It's expensive stuff.

Cody: That's amazing.

Vince: It sure is.

Hercules: It's also good for cooking too.

Zoe: It sure is.

Nicole: Lets continue on.

We were in the town of Pompeii.

Lisa: Pompeii, Italy. One of the most ancient cities in Italy.

Nicole: That's right Lisa. This town was completely destroyed by Mount Vesuvius. It's right over there.

Nicole pointed to Mount Vesuvius and it was not far away from it.

Me: I'll never forget seeing that when I was here. That was both amazing and awful at the same time.

Lana: That's very close to here.

Hercules: That's really close.

Zoe: It sure is.

Nicole: Here's another thing Pompeii is known for.

Nicole showed us a disturbing spectacle: Pompeii Bodies.

Lucy: Gasp!

Lisa: These are the famous Pompeii bodies.

Nicole: That's right Lisa. Mount Vesuvius buried the people in ash and volcanic debris and killed them. Their bodies were perfectly preserved and here they are 1,938 years later.

Laney: It's amazing. I can't believe that Mount Vesuvius did this to them.

Luan: This is Ash-ful! (Laughs to Rimshot) Get it?

Most of us laugh while everyone else groans.

Me: (Laughs) That was a good one Luan.

Eddy: (Laughs) Good one Luan.

Varie: (Laughs) Good one Luan.

Lily: Very funny.

---

Later we set out for Stromboli, one of Italy's most active volcanoes.

Nicole: Stromboli Volcano. This volcano is one of my favorites.

Fu: It's beautiful.

Lincoln: It sure is.

Janeen: This volcano looks both amazing and dangerous.

Ember: It does doesn't it?

Nicole: Yes. Stromboli is one of Italy's most active volcanoes.

We climbed up to the top of the volcano and we had Volcano suits on.

Lincoln: These suits are really cool.

Nicole: It's what volcanologists wear to protect themselves when they get close to volcanoes and they block out the poisonous gases that come from them and insulate their bodies from the intense heat.

Linka: What gases come out of Volcanoes?

Lisa: Sulfur Dioxide and Hydrogen Sulfide.

Nicole: That's right.

Gabrielle: (British Accent) This is gonna be interesting.

We saw Stromboli erupting and it was intense. Globs of red hot lava, ash, pumice and tephra exploded out and rained down.

Laney: Wow that is loud!

Lily: No kidding!

Lilly: This is unbelievable!

Janeen: This is incredible!

A glob of lava landed by us and Nicole and Lisa cooled it down and put it in a container for study.

Jared: Wow! This is intense!

---

Next we went to Mount Etna in Sicily.

Nicole: This is Mount Etna. The tallest volcano in the Mediterranean Sea and also the most active.

Jessie K.: Mount Etna is Italy's Kilauea.

Anna: That's what I've heard.

Lynn: This is so cool.

Ash: It sure is.

Serena: Lets hope it doesn't erupt.

Me: It's Italy's most active volcano. But it's not one of the most violent volcanoes.

Varie: That's a relief.

Laney: Yeah.

Yuko: How tall is Mount Etna?

Nicole: 10,922 feet.

Yuko: That's tall.

Sailor Mars: It sure is.

Nicole: It is. Like Hawaii on the Pacific Ocean Plate, Italy is on a hot spot in the Eurasian Plate. This is because of something called Plate Tectonics. The Earth's crust is broken up into huge plates and they move really slowly. These plates are also what shaped our planet into what it is today. More than 90% of the Earth's Volcanoes can be found on the edges of these plates. The most active plate of them all is the Pacific Ocean plate. Most of the planets volcanoes are along this plate. There is an area of volcanoes along it. It's called the Ring of Fire. It's the most Volcanically and Seismically active area on our planet. From New Zealand to Southern Chile this has been one of the most geologically active regions on our planet.

Lincoln: That's amazing!

Lynn: It sure is.

Terra: The Earth is an amazing planet and it is also very active.

Gabrielle: It sure is.

Cody: Our planet is an amazing marvel.

Nicole: Lets head back to Venice.

---

Lori and Bobby went on a moonlit Gondola ride and the Gondolier was singing the Italian Ballad Santa Lucia.

Gondolier: (Singing Basstone)

Sul mare luccica l'astro d'argento.

Placida è l'onda, prospero è il vento.

Sul mare luccica l'astro d'argento.

Placida è l'onda, prospero è il vento.
Venite all'agile barchetta mia,
Santa Lucia! Santa Lucia!
Venite all'agile barchetta mia,
Santa Lucia! Santa Lucia!
Con questo zeffiro, così soave,
Oh, com'è bello star sulla nave!
Con questo zeffiro, così soave,
Oh, com'è bello star sulla nave!
Su passeggeri, venite via!
Santa Lucia! Santa Lucia!
Su passeggeri, venite via!
Santa Lucia! Santa Lucia!
In fra le tende, bandir la cena
In una sera così serena,
In fra le tende, bandir la cena
In una sera così serena,
Chi non dimanda, chi non desia.
Santa Lucia! Santa Lucia!
Chi non dimanda, chi non desia.
Santa Lucia! Santa Lucia!
Mare sì placida, vento sì caro,

Scordar fa i triboli al marinaro,

Mare sì placido, vento sì caro,

Scordar fa i triboli al marinaro,

E va gridando con allegria,

Santa Lucia! Santa Lucia!

E va gridando con allegria,

Santa Lucia! Santa Lucia!

We were watching from the window.

Laney: Isn't it romantic Lincoln?

Lincoln: It sure is Laney.

Lynn: That is so romantic.

Fu: Italy is an awesome country.

Naruto: It sure is Fu. Loaded with all kinds of history and more.

We took pictures of the breathtaking history and landmarks and more and it was awesome.

Continues in Part 3.

# Volcanic Trip Part 3

Part 3: TANZANIA

---

Vanzilla 2.0 was flying over Africa.

Lynn Sr.: This is gonna be so cool! I've never been to Africa.

Rita: Me neither dear.

Me: Africa is an amazing place. It's also where mankind started.

Lisa: Correct 2nd big brother. South Africa in the Cradle of Good Hope is where Humanity originated.

Nicole: That's right Lisa. We're going to Tanzania. There are some of the most famous volcanoes in the world.

Jessie K.: That's right sis.

We arrived in Tanzania.

Me: Here we are.

We were on a road by Mount Kilimanjaro - one of the 7 highest mountains in the world and the tallest mountain in Africa.

Nicole: That's Mount Kilimanjaro - the tallest mountain in Africa at 19,130 feet and it's also one of the worlds most ancient volcanoes.

Lincoln: It's so beautiful.

Linka: It sure is. Mount Kilimanjaro is a beautiful volcano. Has it ever erupted?

Nicole: No it has not. It's never had a recorded eruption in mans history.

Lisa: Correct.

Me: It's amazing.

Varie: It sure is.

Sakura: I didn't know it was so tall and beautiful.

Me: It's one of my favorite volcanoes in the world. Mount Kilimanjaro is a beautiful mountain and one of the most amazing volcanoes in the world.

---

Later we arrived at a volcano called Ol' Doinyo Lengai.

Lincoln: What volcano is this one?

Nicole: This is Ol Doinyo Lengai. It's one of the most unusual volcanoes on the planet.

Lola: Why is it so unusual?

Nicole: You'll find out when we get onto the top.

We all climbed to the top and it was a steep climb. We saw into the crater at the top and it was like a volcano from another world.

Lana: This volcano is really unusual.

Nicole: It's known that way all over the world of Volcanology. Scientists call it a volcano from another planet. It's like a volcano from the Moon or the planet Mars.

Me: I've seen that. It's one of the most strangest things on our planet.

Jared: That's what I've read about too dad.

Allenby: It's really strange.

Heidi: That is cool.

We trekked down into the crater and found something much stranger. The lava in the volcano is black.

We saw a pool of lava and it was the strangest thing we had ever encountered.

Nicole: This is one of the strangest things about Lengai. The lava here is black because of its richness in carbonate minerals. It's called Carbonatite Lava.

Lana: This is cool!

Lola: This stuff is lava? But isn't it usually glowing red hot?

Nicole: Yes that's normally the case. But this lava is much cooler than regular lava in other volcanoes. It's at 950 degrees fahrenheit.

Nicole took out a temperature device and dipped the probe into the lava and it showed the temperature at 950 degrees.

Nicole: See?

Lola: You're right Nicole.

Nicole: Normally lava burns at 2,200 degrees fahrenheit but this lava is cooler because of its richness in carbonate minerals. It's also the most viscous of any other lava in the world and it's more viscous than water. It's much more runny and fluid than the lava in Etna or Kilauea.

Luna: That is some crazy stuff dudes.

Lori: It literally is. It looks like mud when you look at it in the sunlight.

Lana: It kind of does look like mud. But this is lava.

We followed a river of the lava.

Nicole: This is the coolest part for a volcanologist here at this volcano. We can take samples of this lava with a spoon.

Nicole took out a spoon and scooped up some of the lava and put it in a jar.

We saw the strangest part about the lava.

Me: This is unusual. The lava is turning white here.

Nicole: That's right dad. Carbonatite lava is unstable here and it rapidly weathers when it's on the surface. It turns from black to grayish white in 24 hours. Another strange part is that when the night comes the black lava here glows incandescent red like all common lava.

Brittney: I know a spell that can view the world at night with a viewing window.

Nicole: Good thinking sis. Go for it.

Brittney: (Chants an Incantation) **Onomiyanta Ecniteka Desmina!**

A viewing window of blue fire appeared and it filtered out all the sunlight and changed the world view to night even though it's still daylight.

Lana: Look at that guys!

Lola: The lava is glowing red!

Laney: That is really amazing. I had no idea that this volcano could be that amazing.

Nicole: It is. Lengai is an enigmatic volcano in the world of volcanology.

Lily: It's an amazing volcano.

---

Later we arrived at the famous Ngorongoro Caldera.

Lori: This place is literally beautiful.

Nicole: This is the Ngorongoro Caldera. It's the worlds most ancient caldera. It was once the tallest volcano in the world. It collapsed in on itself and became this beautiful crater. This crater is 3 million years old and it's one of the most ancient caldera's in the world.

Shanan: It's also one of the most beautiful nature preserves in the world. It's home to elephants, lions, zebras, wildebeast, and many other animals.

Kion: I remember this crater. It's also next to the edge of the Pridelands.

Beshte: It's a beautiful crater and some of our friends live here.

Fuli: That's right.

Jeri: It's a magnificent wonder in the world.

Bonga: It's BONGA-TASTIC!

Ono: This crater looks like it spans on forever.

Me: It sure does.

Leni: Totes. But what's a caldera?

We facepalm.

Luan: This sure is crater-tastic. (Laughs to rimshot) Get it?

We laugh.

Me: (Laughs) That was funny.

Eddy: (Laughs) Funny.

Vince: (Laughs) Good one Luan.

Later we went to our next destination. Our trip is not just gonna center around the world's volcanoes.

# Volcanic Trip Part 4

Part 4: KENYA.

Vanzilla 2.0 was driving through Nairobi, Kenya.

Nicole: Here we are guys. Nairobi, Kenya. The capital city of Kenya.

Lori: It's literally so big.

Leni: Totes! I can't wait to check out the malls here.

Lincoln: Nairobi is a beautiful city.

Lisa: It's approximately the same size in population as the city of Detroit in Michigan.

Naruto: It's an amazing city.

Sakura: It sure is.

Luna: So what volcano are we gonna go see this time?

Nicole: Well the funny thing is that Out of all the countries in Africa that have volcanoes, Kenya only has one volcano. It's called Mount Kenya and it's the 2nd tallest Mountain in Africa.

Luan: Why does Kenya only have one volcano?

Nicole: It's a strange thing Luan. Out of all the volcanoes along the Great Rift Valley which goes all the way across eastern southern and central Kenya, Mount Kenya lies to the east of an ancient shield volcano called Menengai.

Linka: That's interesting.

Nicole: Yep.

After getting out of the city Nicole changed Vanzilla 2.0 into helicopter mode and we set out to Mount Kenya. We arrived in 2 hours and it was a magnificent sight.

Nicole: Here we are guys.

Me: Whoa!

Shanan: So that's Mount Kenya.

Laney: It's so beautiful.

Crysta: It sure is.

Naruto: How tall is Mount Kenya?

Nicole: It's the 2nd Tallest Mountain in Africa at 17,057 feet high and it's a magnificent sight.

Sakura: It sure is.

Lisa: Yes indeed.

Lana: When was the last eruption of Mount Kenya?

Nicole: We don't really know Lana. But some people that it erupted back in 6100 B.C.

Lola: It's a beautiful mountain though.

Nicole: You all can take some pictures if you like.

We all did so.

---

Later we went out to a place called the Maasai Mara near the border between Kenya and Tanzania. We landed.

?: Aah! J.D. my old friend.

Me: It's good to see you again Kwame.

We hugged.

Kwame: How have you been J.D.?

Me: I've been doing great. Guys I'd like you all to meet Kwame Mizonoka. He's the Chief of the Maasai in Kenya.

Kwame: Ahh the famous Loud Siblings. It's such an honor.

Lori: It's literally an honor to meet you.

They introduced themselves.

We sat on a log drinking blood which Lucy loved.

Varie: So how did you two meet?

Me: It was back 4 years ago. Me and my family were here on a safari here in Kenya when we saw Kwame and his tribe fighting poachers that were after elephant tusks.

Shanan: I remember you told me that dad.

Natilee: That's awful. Those people are monsters that don't deserve to call themselves human.

Fu: I agree.

Kwame: Yes. J.D. and his family did a very brave thing for us in our time of need and we made them honorary members of our tribe.

Me: That's right.

Luna: That is rockin dude.

Varie: It sure is.

Lynn: What happened to the Poachers?

Me: They were arrested and deported back to Italy. They got 30 years for their crimes.

Shannon: That's good.

Ember: It sure is.

Gabrielle: (British Accent) That's good. I'm glad they got what's coming to them.

Aylene: That's right.

Lucy: This is really good blood though.

Me: It's cows blood. The Maasai have a tradition of drinking cow blood.

Lola: That's interesting. It might be gross but it's really interesting.

Lana: That is cool though.

Me: It is. Kwame we came because I wanted to show everyone a certain place that is known to all of you here. A certain forest.

Kwame: I know what forest you all mean.

Kwame and his best warriors lead us to a dense forest.

Lori: What is this forest?

Me: This is the forest that is greatly feared in the Maasai - The Loita Forest; Naimina Enkiyio.

Lucy: Gasp! I know this forest in myths. It's called the Forest of The Lost Child. Many years ago a young Maasai girl went into this forest to get some lost sheep. The sheep came out of the forest. But she didn't. They went in to find her but there was no sign of her. She disappeared without a trace.

Kwame: That's right Lucy. This forest is greatly feared among our people. We don't ever dare to go in.

Me: If that girl is still alive she would be a long way from home and somewhere in the Great Rift Valley and in the Virunga Mountains of Uganda, Rwanda and Zaire.

Lola: Ooh. That is creepy.

Luna: Dude.

Leni: That is totes scary.

Lily: It sure is.

Vince: That is wicked scary though.

Carol: Yeah.

Cody: That's strange though. I've never heard of something like this.

Kwame: Yes. It's been a very scary time for us and the Maasai. We have prayed every day for her safe return but it has not been answered.

Me: That's awful.

Lucy: Maybe I can find her.

Lucy concentrated and she gasped.

Jeri: What is it Lucy?

Lucy: She's still alive. She's in northeastern Zaire across Lake Victoria.

We gasp.

Aylene: How in the world did she get over there?

Kwame: Thank goodness she's all right.

Jeri: When exactly did she go into the forest?

Kwame: It was 30 years ago.

Jeri: We'll bring her back.

Kion: Lets do it. To the Pridelands end…

Jeri, Kion, Ono, Fuli, Beshte and Bunga: Lion Guard Defend!

Me: We're about to see the Lion Guard in action guys. Be careful Jeri.

Jeri: We will.

Jeri and the Lion Guard flew over the forest to Northeastern Zaire 45 minutes later.

Jeri: Ono can you see anything?

Ono's eyes flashed yellow and they found her.

Ono: I can see her by a tree and there's a treehouse in it over there. In an isolated grove.

Kion: All right.

They flew to the tree and Jeri saw the girl lost in thought. She had long black hair, shreded Maasai clothes and she was crying.

Jeri: Are you all right?

The girl gasped when she saw them.

Jeri: It's all right. We mean you no harm.

?: Who are you all?

Jeri: I'm Jeri Katou, 2nd In Command of The Lion Guard.

Kion: I'm Kion, son of Simba and the leader of the Lion Guard. The fiercest of the team.

Ono: I'm Ono, an egret and the keenest of sight of the team.

Fuli: I'm Fuli, a cheetah and the fastest.

Beshte: I'm Beshte, a Hippopotamus and the strongest.

Bunga: And I'm Bunga, a honey badger and the bravest.

?: I've heard legends of the Lion Guard. I'm Naserian. I'm lost.

Jeri: It's a pleasure to meet you. We were told that. You disappeared from your tribe in Kenya by going into the forest and everyone thinks you're dead.

Naserian: I know. I miss them every day. How long have I been gone?

Jeri: Chief Kwame said you disappeared 30 years ago.

Naserian: Wow! Time sure went by.

Kion: It sure has. But now we can bring you back and be reunited with your family.

Naserian: Thank you all Lion Guard.

Jeri: Hold on tight now.

Jeri took her hand and they all flew back and Naserian was laughing and giggling as they all flew towards Kenya. They arrived in Kenya 45 minutes later and we saw them.

Me: There they are!

They landed and Naserian was reunited with her people.

Kwame: Naserian!

Naserian: Oh father!

They hugged for the first time in 30 years.

We cheered wildly knowing that she was safe.

Me: Way to go Jeri!

Luna: That was rockin dudette!

Naruto: Great job Jeri and Lion Guard.

Kion: Thanks guys. Thanks Lucy for helping us know where Naserian was.

Lucy: You're welcome Kion.

A celebratory feast was held for our courageous deed in the retrieval of Naserian and it was awesome. We were so glad that she was all right.

The next day we set out for our next destination.

Continues in part 5.

# Volcanic Trip Part 5

Part 5: ZAIRE

---

Vanzilla 2.0 is in Helicopter Mode and we are flying over the jungles of the Democratic Republic of the Congo, formerly Zaire.

Nicole: We're now over the jungles of Zaire and we're heading to a famous volcano widely known here.

Me: This is gonna be interesting.

Varie: It sure is.

We landed by a volcano known around all of Zaire: Nyiragongo.

Nicole: Here we are guys. Mount Nyiragongo, one of Zaire's most active and most dangerous volcanoes.

Lincoln: It's so tall and beautiful.

Linka: It sure is.

Nicole: You haven't seen anything yet.

After we land we donned our volcano suits and went to the top of the volcano and we saw into the crater. In the crater was a lava lake.

Nicole: This is the most amazing part about Mount Nyiragongo. It has a lava lake that is extremely active.

Lola: This is amazing.

Lana: It's incredible.

Naruto: It's an amazing sight and it's really hot.

Sakura: It sure is.

Nicole: It's not just the heat that worries everyone in the world of volcanology. The steam and smoke is loaded with toxic gases.

Lisa: Affirmative. The gaseous vapors coming from a volcano consist of Sulfur Dioxide, Hydrogen Sulfide and Carbon Dioxide. Very toxic for human life.

Jared: That's right.

Lucy: This is very interesting.

Varie: How can anyone survive going down into a crater like this.

Me: You have to have the right gear and more.

Nicole: That's right. This volcano had some very bad eruptions back in 1977 and 2002 and they were really bad. The 2002 eruption killed 147 people and left 120,000 people homeless and resulted in 15% of the nearby city of Goma being destroyed.

Laney: Where's Goma?

Nicole pointed over to Goma, Zaire.

Nicole: That's Goma right over there.

Fu: That's not that far away.

Luna: Dudes. No kidding. That's just a couple of miles away.

Lori: It literally is.

Leni: Totes.

Luan: This is a Hot predicament for them. (Laughs to Rimshot) Get it?

We laugh.

Me: (Laughs) Good one Luan.

Eddy: (Laughs) That's a good one.

Later we were at Nyiragongo's sister volcano: Nyamuragira.

Nicole: This volcano is Nyamuragira. Both this and Nyiragongo are Zaire's most active volcanoes.

Lynn: This is really interesting.

Jeri: It sure is.

Kion: These volcanoes are in the middle of the Outlands and they are dangerous.

Yuko: That's unusual.

Nicole: Yeah. These are the two most active volcanoes in the Virunga Mountains of Africa.

Sakura: That's amazing.

Fu: It sure is.

Hinata: It's all really amazing.

Lincoln: Lets hope they don't erupt anytime soon.

Nicole: They're not going to now.

Later we packed up and headed to our next destination.

# Volcanic Trip Part 6

Part 6: ETHIOPIA

---

Vanzilla 2.0 is in jet mode flying over the wastelands of Africa on the northeastern side.

Nicole: You guys, this next stop we're going to is known as the most dangerous place in the world.

Lincoln: Why is it so dangerous Nicole?

Nicole: It's because of the searing heat and also because of its treacherous landscape. We're going to Ethiopia.

Linka: Interesting.

Lori: Is there a reason why we're going to Ethiopia at 6:00 in the evening?

Nicole: Trust me guys. Night is the best time to see it.

We arrived in Ethiopia.

Nicole: Here we are guys.

Vanzilla 2.0 turned into Helicopter mode and we landed by a volcano in the Danakil Depression that had a really strange feature. The lava was glowing neon blue. We donned our gas masks.

Nicole: This is the Danakil Depression and this is the Dallal Volcano and it is a volcano that is unlike any other. The reason the lava is glowing neon blue is because it is rich in sulfur.

Lisa: Correct. Sulfur has a boiling point of 832.3 degrees fahrenheit and when it's exposed to tremendous geothermal heat it glows a neon blue color.

Lana: This is really cool!

Lucy: The color is really scary. Under the darkness of night it makes it look like a volcano from another planet.

Laney: It does feel that way doesn't it?

Nicole: It sure does.

Lily: The glow is really pretty but I'll bet the gas is loaded with poison.

Me: It is Lily.

Luan: This volcano is a Gas! (Laughs to Rimshot)

We all laugh.

Me: (Laughs) Good one Luan.

Varie: That was funny.

Vince: (Laughs) That's a good one Luan.

Eddy: (Laughs) That was a good one.

Luna: But this volcano sure is scary under the cover of night.

Lori: It literally does. It makes it look like a volcano flooded with ghosts. No offense Lucy.

Lucy: None taken Lori. But it does make it look like that.

Leni: Totes. This volcano scares me.

Lynn: This volcano is awesome though.

---

Later we went to the next volcano in Ethiopia: Erta Ale.

Naruto: What volcano is this one?

Nicole: This is Erta Ale. It's Ethiopia's most active volcano.

Me: I've seen this volcano in a documentary at one time. It's said to be one of the Gateways into The Netherworld.

Lucy: Brittney showed me a book about that and Erta Ale is said to be the gateway to fire itself.

Aylene: That is creepy.

Me: This is also said to be where the Lake of Fire in the Book of Revelations is said to be.

Cody: That's amazing. I didn't know about that.

Aylene: Me neither.

Leni: This is really scary.

Lori: Literally.

Gabrielle: (British Accent) What really fascinates me about this volcano is that the lava lake is this close to us.

Me: It sure is close huh?

Natilee: Yeah.

Zoe: This is amazing though.

Jared: This is so awesome though dad.

Me: It sure is.

We explored some of the Ethiopian culture and saw the shops and more and kicked the butts of some pirates from Somalia. Later we set out for our next destination.

# Volcanic Trip Part 7

Part 7: CAMEROON.

---

Vanzilla 2.0 was in jet mode and flying over the jungles.

Lincoln: So what volcano are we gonna go see now?

Nicole: You guys are gonna find it interesting.

We were over the jungles of Chad and the Central African Republic and we later arrived in Cameroon.

Nicole: Here we are guys. Welcome to Cameroon.

Cameroon was loaded with dense jungles and lots of animals.

Me: It's beautiful.

Varie: It sure is.

We later arrived at Mount Cameroon.

Nicole: Here we are guys. Mount Cameroon. The 4th highest mountain in Africa and Cameroon's most active volcano.

We all saw it and it was amazing.

Naruto: That's a cool volcano.

Sakura: It sure is.

Nicole: This volcano is widely known around Cameroon and is the starting volcano of the African Hot Spot. This is called the Cameroon Line.

This line of volcanoes stretches from Mount Cameroon where we are now to the island of Annobón in the Gulf of Guinea. This is part of the hot spot on the African Plate.

Lincoln: This is really cool!

Lucy: It sure is.

We land in the jungle and we saw all kinds of plants and animals.

Laney: Cameroon is a beautiful place. The animals are so unique.

Riley: They sure are.

Lana: The animals are amazing. This is cool. A pangolin.

Lola: Ew! He looks like a pine cone.

Shanan: That's what they look like Lola. They are often called animated Pine Cones. Those scales on him are actually matted hair fused together and it's as strong as rhino horn.

Lana: That's cool. He rolled up into a ball and he is really tough.

Shanan: When he gets threatened he rolls up into a tight ball and they become impregnable.

Leni: They can't have babies because of it?

Lisa: No Leni. That means that they have a strong armor and they are tough creatures.

Vince: That's cool.

Aylene: That is neat.

Carol: I've read about this and seen this at the zoo. It's so cool.

Lincoln: It sure is Carol.

Lola: That is neat and cool. But what do Pangolins eat?

Me: They eat ants. Like these.

We walk over to an anthill and we saw the pangolin eating the ants.

Lana: That is cool!

Edd: What a beautiful pair of fine specimens.

Edd pulls out his magnifying glass and he and Linka observe both creatures in action.

Edd: This is so amazing.

Linka: It sure is Double D.

Lisa: Indeed. These are all fine specimens.

Lola: It is cool seeing these animals.

Shanan: It sure is Lola.

Later we went to Douala and learned all about the cultures of Cameroon and more. We then set out for our next destination.

# Volcanic Trip Part 8

Part 8: CZECH REPUBLIC

---

Vanzilla 2.0 was in Jet Mode and we were flying over central Europe.

Nicole: Well guys we're back in Europe.

Lori: So why are we going back to Europe?

Nicole: This time we're not going to see any volcanoes. We're going to learn all about the history of some of Europe's countries and more. Our first stop is the Czech Republic.

Lucy: I've always wanted to go to the Czech Republic.

Haiku: Me too. I heard that it's home to some of the most haunted castles in all of Europe.

Lori and Leni were hugging eachother in fear.

Leni: (Fearful) H..H..Haunted!?

Lori: This is literally gonna be scary!

Brittney: The Czech Republic is home to lots of history and more.

Jessie K: That's right. It has lots of history that dates back to 870 A.D. and it is an amazing country because of its architecture and castles.

Lola: I can't wait to see the castles.

Lana: I wonder what animals are there.

Shanan: There's lots of animals in the forests. But I doubt there are any in the castles.

Nicole: We're here guys. Welcome to Prague, the capital city of the Czech Republic.

Naruto: It's an amazing city.

Sakura: It's beautiful.

Fu: It sure is.

Jessie K: This city has lots of history and it's one of the oldest cities in Europe.

Brittney: Yeah.

Me: It's as beautiful as I remember it 6 years ago.

Varie: What beautiful art in the buildings.

Lapis: I've been here myself and it was amazing.

Hinata: What do you think we'll see here?

Nicole: Lots of great stuff here.

Me: I know. The President of the Czech Republic is a friend of mine. 6 years ago I saved her country from the terroristic plots of Vostok, a rogue Soviet Union KGB General that was wanted by the Russian Federation for Terrorism.

Lincoln: J.D. that's amazing!

Allie: I remember that dad. Vostok was a very dangerous man and he was trying to reinstate Communism.

Fu: What does KGB stand for?

Me: It's a Russian Organization. It stands for Комите́т госуда́рственной безопа́сности. That's Russian for Commitee for State Security. It was Russia's version of the C.I.A. and the United States Department of Homeland Security. But when the Soviet Union fell from power in 1992 at the end of the Cold War it split into two divisions: The Federal Security Service and the Foreign

Intelligence Service of the Russian Federation.

Jessie K: That's right dad.

Anastasia: That's interesting.

Linka: That's amazing. I'm glad that Vostok is gone for good.

Me: He's not dead. He has been locked away in the Black Dolphin Prison in Russia. The Black Dolphin Prison is Russia's toughest maximum security prison for men and is one of the most dangerous prisons in the world. It's reserved for Europe's most dangerous criminals.

Lori: That is literally scary.

Leni: Totes.

Lana: How did you stop this Vostok jerk J.D.?

Me: That is the interesting part. The assistant of the President showed me and my family an ancient legend of the Czech Republic: the Golem.

Sakura: What is the Golem?

Brittney: It's a creature made of solid rock. Centuries ago, a rabbi created the Golem to defend his people from Religious Persecution. Unfortunately it worked all too well. After it completed its terrible task it kept on killing. Endangering the people it was charged with protecting. So to make sure that the Golem could be controlled the Golem Scriv was created.

Linka: The Golem Scriv?

Brittney: It's an ancient artifact. It's a special wand that is said to contain the power to write on any surface. Whoever has the Scriv controls the Golem. The Golem obeys only the commands of the one who has the Scriv.

Varie: That's amazing.

Allie: It sure is.

Laney: How do you know so much about this Brittney?

Brittney: Being a goth girl has its perks. We not only know magic and darkness but we know all about the worlds of myth from all over.

Lucy & Haiku: Goth perks.

Raven: I know alot about the Golem too.

Me: That's awesome.

Luan: That's what I call a Rock of Horrors! (Laughs to Rimshot) Get it?

We all laugh.

Me: (Laughs) That's a good one Luan.

Eddy: (Laughs) Rock of horrors! (Laughs) That's a good one.

Cody: (Laughs) That's funny.

Raven: (Laughs) Rock of horrors. I just got it.

Naruto: Can a creature like the Golem be destroyed?

Brittney: From what I remember the Golem is indestructible. Missiles, Tanks, Bullets or Flamethrowers can't destroy it.

Me: The only thing that can destroy it would be if we destroy the entire planet but that would be insane.

Jessie B: Yeah that would be crazy.

Mary: Yeah it would.

Nicole: We're about to land guys.

We landed and got out and saw the president of the Czech Republic, Alena Stasny waiting for us.

Alena: J.D.

Me: Alena. It's great to see you again after 8 years.

Alena: Ah it's been so long. You are growing up very fast.

Me: I get that all the time. [to everyone] These are my friends and my children.

We introduced ourselves.

Alena: Ah it's an honor to meet all of you. We in the Czech Republic have heard that you saved all of Denmark from a prehistoric monster that was destroying it.

Me: That's right.

Lilly: Word about that sure traveled fast around all of Europe.

Carol: It sure did.

We later went to the Prague Museum and saw the Golem.

Lola: Whoa! So that is the Golem.

Lily: Incredible.

Lynn: This is amazing.

Alena: Yes. Thanks to J.D. and his family Vostok was captured and the Golem is now a popular attraction in the museum and Prague.

Me: That's right. May I give a demonstration of the Golem?

Alena: Certainly.

I pull out the Scriv and it glowed purple.

Me: Golem, awake!

The Golem's eyes glowed red and it was amazing.

Terra: That is so awesome!

We went to a training yard.

Lori: So you want us to fire bullets at the Golem?

Me: Yes Lori. It's to show that the legend is true. I'm sorry that this is too much for all of you but seeing is believing.

Luna: Oh I get it dude.

Luan: This is gonna be cool. A bullet of wonder! (Laughs to Rimshot) Get it?

Most of us laugh while everyone else groaned.

Me: (Laughs) That's a good one Luan.

Alena: Luan is a good comedian.

Me: Her jokes can make anyone laugh. Ready everyone?

Leni: Totes!

Lisa: Affirmative!

Me: Golem, attack!

The Golem went to the Loud Siblings and they fired their guns and fire powers at him and the bullets weren't having any effect on him. They were bouncing off it.

Varie: Whoa!

Aylene: Unbelievable!

Vince: This is incredible!

Cody: It is indestructible!

Zoe: The legend is true!

Me: Golem, stop! So what do you all think?

Lynn: The legend is true.

Leni: Totes! That was cray cray!

Jessie B: That was amazing. Seeing is believing.

Alena: That was a great demonstration.

Me: Thank you Alena.

Later we learned about all of the Czech Republic's history and more and Alena showed us some catacombs from under the President's Manor ballroom. We went in them and saw some ancient rooms.

Me: These rooms are ancient.

Jessie K: Yes. The manor has been remodeled and rebuilt alot over the centuries. These catacombs are hundreds of years old.

Varie: I believe it.

Anna: I believe it too mom.

Suddenly a ghostly figure appeared out of nowhere and grabbed Jessie.

Jessie B: Hey! Help me!

We followed the ghost and it dropped Jessie off at a wall.

Me: Are you okay Jessie?

Jessie B: Yes. But what was that?

Lucy: That was a ghost. It brought you here for some reason.

I smell something really foul coming from behind the wall.

Me: Ugh! I know that smell.

I take a pick axe and chip open the wall and we found the skeletal remains of a woman.

Haiku: Gasp!

Anna: Whoa!

Mary: Looks like she was buried alive.

Allie: I wonder what happened to her?

Lucy: Gasp! That's Anna Kafka!

Brittney: I've read about her. She disappeared almost 300 years ago.

Lola & Lana were shaking in fear.

Lisa: Hmm. (Looks at the body) Looks like the vertabrae at the neck area has been twisted. This indicates that her neck broke either from a homicidal nature or an accident.

Me: How did you know this is Anna Kafka, Lucy?

Lucy: I've read alot about her story.

Lucy revealed Anna Kafka's history and it was shocking. Almost 300 years ago in the 1700's she was giving her music to a man named Franz Dunček. Franz Dunček's life was considered a sham because of his bad music life and more. Anna gave her music to him and played for everyone. He gave her money and Anna's music made Franz was made rich and famous because of it. They wanted to keep all the fame and glory for themselves and give the Kafka family nothing. But when Anna confronted him in order to get her rightful recognition Franz murdered her in cold blood and buried her in the catacombs where we found her almost 300 years later.

We were horrified.

Me: So the Dunček name was smearing the Kafka name through the mud because of greed, fraud and murder.

Varie: That's horrible and Anna Kafka's spirit won't be at rest until the Kafka family gets their rightful recognition.

Me: That's evil and this is a cold case almost 300 years in the making.

Jessie B: I know this case all too well. I attended a ball with Jonny and the Dunček Scholarship winner is actually Anna Kafka's descendent Irena Kafka.

Lucy: I remember her.

Laney: Me too. The music of the Kafka family is a great work of art and is a magnificent wonder.

Lola: I agree Laney.

Lisa: Indeed. It's all a work of art.

Lily: Yeah. But how are we gonna expose the Dunček family for their crimes?

Lucy: Let me work my magic.

Lucy contacted Anna's spirit and she appeared.

Me: Anna Kafka. It's a pleasure to meet you here in the 21st Century.

Anna: Yes J.D. I've heard so much about your achievements despite me being dead.

Lucy: I'm sorry that Franz killed you. But I promise that the Dunček family will pay for their crimes in full.

Anna: Thank you so much to all of you.

Me: Jessie who is the descendent of Franz Dunček?

Jessie B: That would be Miloš. He is the descendent of Franz.

Me: Okay. We have a lot of work to do.

We immediately notified Alena and she was shocked. Irena was told everything and a huge scandel broke out amongst the people of the Czech Republic. Miloš denied everything but Anna's spirit and her tale of everything that happened to her and telling everyone from beyond the grave was more than enough proof for everyone to hear.

The Dunček name was now mud and the Kafka family honor had been restored. Anna's spirit went up to the Great Beyond.

Alena: I'm glad Anna Kafka's spirit is now at rest.

Me: Me too Alena.

Jessie B: I've said it before. And the Kafka family will finally get the wealth and acknowledgement that they were denied all these centuries.

Brittney: After almost 300 years.

Naruto: Yeah. I'm glad she is at peace now.

Sakura: Me too.

Irena: Thank you all for helping me and my family.

Me: You're welcome Irena.

Varie: The Dunček name will never be popular in the world of music again.

Jared: No it won't mom.

Later we packed up and headed to our next destination.

Part 9: HUNGARY

---

Vanzilla 2.0 was flying over Eastern Europe.

Nicole: We're now flying over eastern Europe guys.

Me: This is gonna be cool guys.

Nicole: We're headed to Hungary and it's loaded with all kinds of history.

Brittney: It's all really interesting.

Nicole: We're here guys.

We landed in Budapest, Hungary.

Naruto: So this is Hungary.

Sakura: It's amazing.

Fu: The buildings are beautiful.

Nicole: This is the capital city of Hungary: Budapest.

Jared: Budapest is a beautiful city. [Points to a particular building] That's my favorite building right there.

Jared was pointing at the Hungarian Parliament Building.

Me: The Hungarian Parliament Building. That's one of my favorites too son.

Jared: We sure have a lot in common dad.

Jessie K: It was built back in 1904 and it's also home to the famous

Crown of Saint Stephen. Like the Crown Jewels of the British Monarchy, the Crown of Saint Stephen is an important part of Hungary's history.

Varie: That's amazing.

Lola: It sure is.

Nicole: That's right.

We went into the building and it was an amazing sight.

Me: This building is amazing. It has some of the most beautiful architecture in all of eastern Europe.

Lori: This is literally amazing.

Leni: Totes! This is so cool!

Luna: This is rockin dudes!

Lynn: This place is beautiful.

Lana: It sure is and it's got amazing architecture.

Lincoln: What do they do in this building?

Me: They hold meetings with the President and the Prime Minister of Hungary to discuss everything that's going on with the country and the city.

Aylene: That's a big job in here.

Hercules: It sure is.

Cody: This is a beautiful building though.

Allie: It sure is.

We went into a room called the assembly hall of the House of Magnates.

Vince: What's this room?

Me: This is the Assembly Hall of the House of Magnates. It's Hungary's version of the House of Representatives in the United States. This is where they have their meetings and all that.

Lisa: Correct.

Lucy: This is very interesting.

Laney: This is amazing though. I never know that the people of Hungary gather all in one place.

Brittney: Yeah. It's an amazing place though.

---

Later we went to the ruins of an ancient castle. We were at Čachtice Castle.

Nicole: This is the sight I wanted to show you all. Čachtice Castle, one of Hungary's most ancient castles.

Lola: Sure looks run down and old.

Jessie K: It was built back in the 13th Century. It was demolished by the rebels of King Ferenc II Rákoci AKA Francis II Rákóczi in 1708. It's been in decay ever since then.

Lola: Boy that's awful.

Lucy: Gasp! I know this castle all too well. This castle was once the prison for the infamous Countess Elizabeth Bathory.

Shannon: Oh man. I know Countess Elizabeth Bathory. She was considered the most ruthless woman serial killer of all time. She was responsible for the deaths of 650+ people from 1590 to 1609 and she is considered the most prolific female serial killer in the history of the world.

Brittney: That's right. She got the nickname Blood Countess and her body was never found.

Haiku: That's right.

Jeri: That's awful.

Kion: It sure is. I wouldn't want someone like that alive today.

Fuli: Me neither.

Naruto: None of us would.

Jessie K: Yeah. She was confined here in this castle in solitary confinement where she died on August 21st, 1614 - 403 years ago.

Nicole: That's right.

We go into the main castle tower and saw prison cells. Jared lit a torch and we went down into the prison of the castle. We came across the solitary confinement cells and we opened one and there was a skeleton on the floor.

Lori & Leni screamed.

Ronnie Anne: It's all right girls. It's a skeleton. It's not alive.

Lori: Oh.

Me: Lucy can you identify who that skeleton belongs to?

Lucy: Yes.

Lucy walked up to the skeleton and she used her spirit powers. She gasped.

Linka: What is it Lucy?

Lucy: This is the skeletal remains of Elizabeth Bathory herself.

We all gasp in horror.

Zoe: Her skeleton was completely forgotten and left here for 403 years?

Hercules: That's crazy.

Laney: Why would they leave her skeleton here?

Me: They probably wanted her to be completely forgotten and make sure that she was forever wiped out due to the dust of time.

Fu: That is awful and if you ask me she deserved it because of her crimes.

Me: That's true. She was pure evil and she makes even the Devil himself look like a saint compared to her.

Varie: Yeah.

Lola: She was one bad woman.

Lana: No kidding.

Laney: If she were alive today she would no doubt be sentenced to death.

Me: I agree. Elizabeth Bathory was a monster. A truely evil person with no conscience and people like her deserve to be forever damned.

Lincoln: And we saw her burning in the Netherworld.

Me: We sure did Lincoln.

Linka: Good riddence to bad rubbish.

We left the castle and explored much of Hungary and did all kinds of learning about its history and culture and food. Then we set out for our next destination.

# Volcanic Trip Part 10

Part 10: VATICAN CITY

---

Vanzilla 2.0 was in Vatican City.

Nicole: We're here guys. Vatican City.

Linka: This is amazing!

Lola: The buildings here are amazing.

Lincoln: They sure are.

Jessie K: This place is loaded with history. It has history that dates back to the times of the New Testament in the Bible. Over 2,000 years worth of history.

Nicole: That's right.

Lori: This is literally amazing.

Leni: Totes.

Nicole: You guys will love my favorite building here.

We go into the Sistine Chapel.

Nicole: This is my favorite building in all of the Vatican City: The Sistine Chapel.

Jessie K: It's one of my favorites too. These paintings on the ceiling were made by the famous Renaissance Era artist Michelangelo. He built this whole ceiling here in the Sistine Chapel back in 1508 to 1512 and it's considered his most famous and most well known work throughout the history of the world. The paintings on the ceiling are all the events in the Bible. From the Creation of Adam and Eve in the Book of Genesis of the Old Testament to The Last Judgment in the Book of Revelations.

Naruto: Wow! That is amazing.

Hinata: It sure is.

Lynn Sr.: Wow! I didn't know that these were even here.

Rita: Me neither honey and this is all an amazing experience for us.

Luna: This is sure something dudes.

Luan: This is a Painting of Wonder. (Laughs to Rimshot) Get it?

Most of us laugh while everyone else groans.

Me: (Laughs) That's a good one Luan.

Varie: (Laughs) Good one.

Eddy: (Laughs) That was a good one Luan.

---

We were in the Roman Catholic Church.

Nicole: This is the Roman Catholic Church. The capital building of the Vatican City in a way. This where the Pope lives.

Jessie K: This building is well known throughout the course of 2,000 years.

Laney: This is amazing. I've done alot of reading on the Pope's of all of history and it's all amazing.

Jessie K: It sure is.

We stop in front of the picture of St. Peter.

Naruto: Who is this?

Jessie K: This is Saint Peter. He was the first Pope and he was the founder of the Popehood over 2,000 years ago. After the Death of our lord and savior, Jesus Christ, Peter founded this very church. He then became the first ever Pope. In 64 A.D. he was crucified upside-down. A cross of Jesus is the symbol of our lord and savior. When it is held upside-down it's usually a symbol of the Devil. They crucified him upside-down because he didn't want to be treated like a holy man.

Vince: That's interesting.

Naruto: Yeah.

Cody: That is amazing.

Lana: How do they choose a new Pope?

Me: That's an interesting process. When the Pope dies the Cardinals have to elect a new Pope. The Cardinals are the senior officials of the Pope. They are summoned here from 63 countries. There are 203 members of the Cardinals and the voting is held in the Sistine Chapel.

Lynn: Where we were before?

Me: Exactly. When they failed to elect a new Pope they use a smoke signal. Black Smoke means they failed to get a new Pope. White Smoke means they have one.

Jessie K: Yes. Also over the course of the Popehoods history only 2 known Popes have resigned over the course of 2,000 years.

We were at the picture of Pope Gregory XII.

Me: This is Pope Gregory XII. He was Pope back in the Late 14th to Early 15th Centuries.

Jessie K: Yes dad. He was the first ever Pope to resign from his Popehood over the course of 2,000 years. He resigned on July 4th, 1415. 602 years ago.

Lincoln: That's a long time ago.

Linka: It sure is.

Penny: Why would he resign?

Me: The stress of ending the Schism in 1408. He was the first Pope over the course of 2,000 years to resign.

Jessie K: That's right. But we recently had another Pope that resigned.

We then saw a picture of Pope Benedict XVI.

Me: Pope Benedict XVI. He resigned from the Popehood on February 28th, 2013.

Jessie K: That's right dad. He is the 2nd in history to resign from the Popehood since Pope Gregory XII in 1415.

Jessie B: That's right.

Lori: That's 598 years apart from eachother.

Lisa: Correct elder sister.

Jeri: That's amazing.

Kion: It sure is.

Lily: This is all very interesting.

Naruto: Who is the current Pope now?

Me: That would be Pope Francis I. He is very special.

Lola: How is he so special?

Me: Pope Francis I is the first ever South American Pope in history. Never before in the 2,000 year history of the Popehood has a man from South or Central America became the Pope.

Aylene: That's very interesting.

Vince: It sure is.

Carol: That is an amazing feat for South America.

Lana: How come there are no Pope's from North America?

Me: Well compared to the rest of the world the United States, Canada or Mexico doesn't have that many Catholic People. There has never been a Pope from those countries over the course of it's 2,000 year history or in the history of mankind.

Nicole: That is crazy huh?

Me: It sure is.

Natilee: But it is interesting.

Varie: Yeah.

Later we set out for our next destination.

Continues in part 11.

# Volcanic Trip Part 11

Part 11: SWITZERLAND

---

Vanzilla 2.0 was flying over the European Alps in Jet Mode.

Naruto: Whoa! What mountains are those?

Me: Those are the Alps. One of the most beautiful mountain ranges on the planet. That mountain over there that we're flying by is Mont-Blanc, the highest mountain in Europe and one of the 7 highest mountains in the world.

We were flying by Mont-Blanc located on the border between Italy and France.

Sakura: It's beautiful. How tall is it?

Me: It's 15,777 feet.

Varie: It's beautiful.

Nicole: You'll love our next destination.

We later arrived in Switzerland.

Nicole: Welcome to Zermatt, Switzerland everyone.

Laney: Wow! It's so beautiful. I know that mountain there. That's the Matterhorn. One of the most beautiful mountains in the world.

Luna: Dudes. That is amazing.

Luan: It sure is a Mountain of Wonder. (Laughs to Rimshot) Get it?

We laugh.

Me: (Laughs) That was a good one Luan.

Lynn Sr.: (Laughs) Good one.

Varie: (Laughs) That was funny.

Raven: (Laughs) I just got it.

We land and go to a great dessert restaurant.

Mary: I love Switzerland guys. It's one of the great Chocolate exporters in the world.

Nicole: That's right sis.

Mary: Switzerland and Belgium are the 2 greatest chocolate exporters in the world.

Lola: We love chocolate.

Lori: We literally do but we didn't know that Switzerland and Belgium are the great chocolate producers.

Mary: Oh yeah.

Jessie K: That's right. Cocoa and Chocolate are made from the seeds of a tropical tree called the Cacao Tree.

Lisa: Correct. Theobroma Cacao is the scientific name for the tree.

Shanan: That's right. We've been making Chocolate from the Cacao tree ever since 1900 B.C.

Jessie K: We started making chocolate in the Olmec civilization in Mexico. Most of the worlds chocolate comes from South and Central America. Switzerland, Belgium and Ghirardelli Square in San Francisco, California are the great chocolate producers and sellers of the world.

Mary: That's right sis.

Shanan: But in order for Cacao pods to form certain conditions have to happen. Cacao trees have pods that have the seeds inside them. They start out as little white flowers.

Naruto: It's part of a special cycle I'll bet.

Shanan: That's right bro. These flowers have to be pollinated by a very specific type of insect.

Lana: Is it a bumblebee?

Shanan: No. It's not a bumblebee. It's a tiny little fly that's no bigger than the size of your pinky fingernail. It's called a Midge Fly.

Lisa: The correct type of fly would be Forcipomiya Squamipennis. The scientific name for the Chocolate Midge Fly.

Shanan: That's right Lisa. The Chocolate Midge is the pollinator of the Cacao Tree. But in order for these Midge Flies to come to Cacao Trees they have to come from Mud Wallows that Peccary Pigs make. Midge Flies come from Peccary mud wallows.

Me: Those are serious conditions.

Shanan: Yeah.

Cody: Lots of things in nature really come with a strange set of conditions.

Vince: They sure do.

Fu: Chocolate is great stuff.

Hinata: It sure is.

Leni: Totes. We go absolutely crazy for chocolate.

Lana: We all do.

Eddy: I love Chocolate as much as Jawbreakers.

Luan: We all do Eddy. It's a sweet endeavor! (Laughs to Rimshot)

We all laugh and everyone in the restaurant was laughing too.

Later we had a good lunch and learned alot about the history of Switzerland and the Alps.

We then went to our next destination.

# Volcanic Trip Part 12

Part 12: GERMANY.

---

Vanzilla 2.0 was flying over Northern Central Europe. I was on my computer doing a video call with Mom and Dad.

Me: So we're on our way to North Central Europe and we're learning so much about all of the world. We've been to Africa and we're not done with Europe yet.

Patti: It sounds like you're having a lot of fun.

Me: We are mom. It's all an amazing adventure so far.

Sumner: We're proud of you son. You stay safe with everyone.

Me: I will dad. I love you guys.

Patti: We love you too.

Me: Thanks. Bye.

The call clicked off.

Nicole: We're here guys. Welcome to Germany.

We landed in Berlin, Germany.

Me: Germany is an awesome place guys. It's home to some of the most delicious sausage in the world. And it's also home to the annual Oktoberfest. Lots of people in Germany drink lots of beer and get drunk like crazy and there's lots of great dancing and fun stuff and great food.

Lincoln: The sausage I could go for but not the beer.

Lori: Me too.

Luna: Same here dudes.

Rita: We've had lots of sausage here in Germany on our honeymoon J.D.

Me: I've been here before Ms. Rita. The sausage here is amazing.

Lynn Sr.: That's awesome J.D.

Jessie K: Germany has lots of history guys.

Natilee: It sure does.

Nicole: You'll love our first stop guys.

We arrived in Bavaria and we were at Neuschwanstein Castle.

Nicole: This is Neuschwanstein Castle. One of Germany's most famous castles.

Lincoln: Whoa! So this is Neuschwanstein Castle.

Linka: It's breathtaking.

Jessie K: Neuschwanstein Castle was built back in 1886 and is one of the most beautiful castles in the world. It was commissioned by Ludwig II of Bavaria as a retreat and in honor of Richard Wagner.

Natilee: It's amazing. This castle is 131 years old and it's in amazing shape.

Luan: It sure is. It's a Castle of a good time. (Laughs to Rimshot) Get it?

Most of us laugh while everyone else groaned.

Me: (Laughs) That was a good one Luan.

Raven: (Laughs) Castle of a good time. I just got it.

Lynn Sr.: (Laughs) Good one.

We went inside the castle and it was an amazing sight to behold.

Lola: This castle is amazing!

Laney: It sure is. The architecture and the paintings are magnificent.

Lisa: Indeed.

Lucy: It's not a castle for vampires but it's a beautiful castle.

Me: This castle is one of Germany's treasures guys. It's part of its history too.

Lori: It literally is a work of art.

We took lots of photos and pictures.

Next we were at the sight of the old Brandenburg Gate.

Luna: Whoa. That's the Brandenburg Gate!

Me: That's right Luna. This is one of Germany's historical sights.

Jessie K: That's right dad. It has lots of history behind it. It was built as a barrier that divided Germany into Eastern and Western sides. In 1989 the Brandenburg Gate was demolished and it made Germany into one country.

Naruto: That's amazing.

Sakura: It sure is.

Fu: What's that statue on the top of the gate?

Me: That's the Quadriga. It's a four horse chariot and it's a very prominent symbol here.

Laney: It's amazing.

We were at a restaurant eating all kinds of sausages and it was good stuff.

Lori: These sausages are literally delicious.

Me: Germany is widely known for its delicious bratwurst. They make all kinds of different sausages from all over the country.

Lana: My favorite sausage is the Nürnberger. The pork and the sweetness are delicious.

Lola: Polish Sausages for me. I love the spiciness.

Laney: I like the Knackwurst. It's so good.

Lisa: My favorite is the Grobe sausage. It's so tender and delicious.

Lily: I like the Weisswurst. It's tasty.

Naruto: It's all really good.

Lucy: My favorite sausage is Blood Sausage.

Lynn: These sausages are delicious. I could eat them all.

Varie: Me too.

Aylene: These sausages are delicious and Germany has great food.

Me: They have more than just sausage and beer here. They have awesome Jägerschnitzel, potato croquets, and more.

Leni: Their food is totes delicious.

Lynn Sr.: Germany is a great choice to come for food.

Cody: It sure is.

Zoe: I could eat everything here.

Hercules: Me too.

Later we went to our next destination.

Part 13: FINLAND

---

Vanzilla was in Yacht Mode heading to our next destination over the Baltic Sea.

Me: I hope that none of you get sea sick.

Laney: Not me.

Luna: Nope. I'm good dudes.

Nicole: You'll love our next stop.

We later arrived.

Nicole: We're here guys. Welcome to Finland.

Me: Finland is a beautiful country guys. In my ancestral heritage I am actually part Scandinavian.

Lincoln: That's amazing J.D.

Lori: What countries are you descended from J.D.?

Me: I am from Iceland, Norway, Sweden, Finland, Greece, Czech Republic, Macedonia, and Denmark in ancestral origin.

Lola: That is so neat.

Laney: That's interesting.

Lana: And we've been to Iceland, Czech Republic and now we're in Finland.

Lisa: We were also in Denmark some time ago.

Me: That's right.

Lilly: This is gonna be interesting Linky.

Lincoln: It sure is Lilly.

Jessie K: Finland has lots of history that dates back to the 3000 B.C.

Nicole: That's right. And we're heading to Kemijärvi in Northern Finland. It's a town located inside the Arctic Circle. So when we get out be sure to bundle up. The temperature can drop to 30 below and it's cold now. Also this town is known for having another magnificent sight. The Aurora Borealis. Look.

We looked out the windows and it was night and the Aurora Borealis was out. The magnificent green, blue and turquoise curtains of light were incredible.

Lori: This is literally an amazing sight.

Bobby: It sure is babe.

Ronnie Anne: This is so cool!

Luna: I've never seen the Aurora Borealis before.

Kate: I've seen the Southern Lights down in Antarctica.

Naruto: This is amazing.

Sakura: It sure is.

We arrived in Kemijärvi and it was an amazing town.

We were staying in a lodge and we saw some of Finlands most iconic sights and tried all sorts of food. Lucy's favorite food was the Blood Pudding. In Finland it's a custom that they have. For snack time instead of chocolate brownies they have Blood Pudding. It's all made from Cow Blood and there's a factory that makes lots of it. It is now considered a powerful health food for everyone in Northern Finland. It was like something out of a slasher horror movie. 500 pounds of Blood Pudding are made a week. Lucy loved the Blood

Sausages and we did too.

We later were in northeastern Finland near the town of Kuusamo. We could see right across the border into Northern Russia in Siberia. It was cold and beautiful. We were given an offer for lunch by the Pallisari family. They are local Bear Hunters. Eurasian Bears are hunted for their fur and meat. Bears are all muscle and one of natures most powerful creatures.

Their dogs were so cute. They had Finnish Lapphunds and they were cute. We were at their table and they served us bear and it was good. It was tough but tasty.

One hour south, Lana was in Heaven when we went into the famous Kuusamon Suurpetkeskus Oy Large Carnivore Center. They had all kinds of animals there. They had Wolverines, Lynx and all kinds of animals. They had Eurasian Brown Bears and they were huge. They were amazing and Laney and Lana made lots of friends in the preserve. Shanan explained to us about all the animals and their natures.

Later we left to our next destination.

Part 14: RUSSIA

---

Vanzilla 2.0 was over in Moscow, Russia.

Nicole: Here we are guys. Welcome to Moscow, the Capital City of Russia.

Lori: It's so big.

Naruto: I had no idea that Moscow was this huge.

Lola: But doesn't Russia hate us now?

Me: They do but alot of people from around the world travel here on business and more.

Natilee: Actually they don't hate us they just don't like us.

Varie: There's so much to do here in Russia. It's one of the most beautiful countries in the world.

Sakura: And it's the largest country in area.

Lincoln: That's right Sakura. It's the largest country in area but not population.

Fu: So what are we gonna do here first?

Nicole: We're going to Saint Basil's Cathedral.

We stopped at Saint Basil's Cathedral and it was a beautiful church and one of Russia's most beautiful landmarks.

Lola: This church is amazing.

Laney: It's one of my favorite buildings in the world and it's very

beautiful.

Linka: It's my favorite too.

We went inside it and it was so breath taking. It was home to some of the most beautiful pictures we had ever seen and is considered one of the most beautiful and most artistic churches in the world.

Lori: This is literally beautiful.

Leni: Totes. These paintings are amazing!

Luna: They are amazing. What is the history behind them?

Jessie K: Saint Basil's Cathedral was built back in 1561 and these paintings were all made back in the late 17th century.

Lana: It's all amazing. The architecture on this place is incredible.

Anastasia: It's just like I remember it. We were here when we were hiding right Lori?

Lori: We sure were Anastasia.

Hinata: This is all magnificent.

Nicole: We've only begun to scratch the surface of Russia.

* * *

Later we were over in the Catherine Palace.

Me: The Catherine Palace. One of the most beautiful places in all of Russia.

Jessie K.: Wow! It was the house of Catherine II of Russia A.K.A. Catherine the Great, Russia's longest ruling female leader. She ruled from July 1762 to November 1796. She came into power when a powerful revolt overthrew her husband Peter III of Russia. She made Russia grow and get stronger and Catherine the Great was recognised as one of the great powers of Europe.

Lola: That's amazing.

Lucy: It is.

Lisa: That's a powerful achievement for her.

We go into the Catherine Palace and we saw an amazing sight. The statues on the walls were made of solid gold and the beauty of the decor in the palace was incredible. The dining room and the ballroom and more all had solid gold on the walls and the chandeliers were made of waterford crystal.

There was room made of solid amber and there was a room where the pillars are made of solid malachite. There was a statue of Catherine the Great and it was amazing.

Me: This is all so beautiful.

Naruto: It sure is big brother.

Luan: These statues are all solid gold. This is sure Golden! (Laughs to Rimshot) Get it?

We all laugh.

Me: (Laughs) That was a good one Luan.

Varie: (Laughs) That was funny.

Raven: (Laughs) Golden. I just got it.

Eddy: (Laughs) That was funny Luan.

We went into the Amber Room and it was amazing.

Nicole: Wow. This room is all made with Solid Amber.

Leni: Is my friend Amber here in this room?

Lisa: No Leni. Amber is actually tree sap that's been fossilized.

Nicole: That's right Leni. This is Amber.

Nicole holds up a piece of Amber with a spider preserved in it.

Leni: Is that a spider in it?

Nicole: That's right Leni. Amber can have insects and stuff trapped inside it. Tree sap can trap insects in it and after millions of years it can become fossilized. That's what amber is. It's fossilized tree sap.

Leni: That is totes strange.

Laney: Like that mosquito that was preserved in Amber in the movie "Jurassic Park."

Nicole: Exactly.

Lisa: Even if it was possible we don't have the genetic technology to bring the dinosaurs back to life.

Me: That would be something though. But if we did bring the dinosaurs back to life we would be in really big trouble.

Lana: How J.D.?

Me: The dinosaurs would replace us as the dominent species of our planet.

Lucy: That would be terrible.

Luna: Dude. That would be scary.

Lynn: It would.

We went into the room of Malachite and it was a beautiful sight.

Lana: This room is amazing.

Me: The pillars in this room are made of Malachite.

Naruto: They are beautiful.

Lola: Malachite is a beautiful mineral.

Lisa: That's right. Copper Carbonate Hydroxide; Street name: Malachite is one of the most popular minerals in the world. It's much cheaper in class and color compared to Berylium Aluminum Silicate;

Street name: Colombian Emerald.

Nicole: That's right Lisa. Emeralds can be priced at $1,000.00 to $5,500,000.00

Everyone: WOW!

Me: That's a lot of money.

Lola: That is a lot of money.

Fu: It has to be one of the most expensive minerals in the world.

Nicole: It is. But Tanzanite is the most expensive and the most rarest.

---

Later we were at a crater.

Lincoln: What's this spot Nicole?

Nicole: This is the sight of the Chelyabinsk Meteor Airburst.

Lori: I saw that on the news and that was literally intense.

Nicole: Yeah.

Jessie K: I'll never forget that. On February 13th, 2013 a meteor 20 meters in diameter and weighing in at 14,000 tons came into the atmosphere at 43,000 miles per hour as a bright fireball that's brighter than the Sun and it exploded 97,000 feet over this very spot in Chelyabinsk, Russia. It exploded with the power of 56 Hiroshima Atomic Bombs and the shockwave from the explosion was so powerful that it blew out all the windows in the buildings and injured hundreds of people. Some of the injuries were bad enough for them to seek medical attention.

Sakura: That's awful.

Fu: Unbelievable.

Naruto: The one in Dallas hit with the power of 200 Atomic bombs.

Cody: I saw that on a newspaper and that was horrifying.

Kate: Were you here in Chelyabinsk when the meteor came in 4 years ago J.D.?

Me: Yes Kate. I was here back then.

I roll up my sleeve and show my right arm.

Me: Look.

I had cut wound scars and what looked like stab wound scars all over my right elbow.

Everyone gasped.

Linka: Geez. How did you get those?

Me: A window exploded out from the shockwave of the meteor explosion and shards of glass flew into my right eldow. Luckily they missed my face. They had to surgically remove all the shards of glass from my arm and I had to have a lot of stitches.

Lynn Sr.: Ouch.

Rita: Ooh. That must've hurt.

Luna: Have they ever recovered the main meteor from this sight?

Me: They did. I saw it on the internet. Let me show you.

We went to Chelyabinsk museum and we saw a huge fragment of the meteor.

Me: This is a fragment of the meteor.

Lynn: Boy that thing is huge.

Lily: How heavy is that?

Me: It weighs 1,000 pounds. The whole meteor weighed 28 Million Pounds.

Lola: And how big was the size of the meteor that crashed into Dallas?

Me: That one was the size of a 5 story Apartment Complex and it weighed 240 million pounds.

Nicole: And it slammed into Dallas with the force of 200 Atomic Bombs.

Luan: That was awful. But this meteor would be just a small pebble compared to Dallas.

Lisa: That's a good comparison Luan.

Zoe: That is unbelievable.

Hercules: Yeah.

Cody: This is all so incredible.

Our stomachs growled.

Me: Lets go get some grub.

---

We went to a local restaurant in Moscow and had a feast of all the good foods of Russia.

Me: Mmm. The Borscht is as good as I remember it.

I was having a bowl of borscht - Russian Cold Beet Soup, and a Pirozhki.

Lori: The Borscht is really good.

Leni: Totes.

Lucy: The кровянка or Russian Blood Sausage is really good.

Lola: I like the Pirozhkis and they are delicious.

Lana: They are tasty.

Laney: It's really good food.

---

Later we went to another sight in Russia in the middle of the forest. It was the sight of Tunguska.

Lincoln: What's this sight?

Me: This is the sight of the famous Tunguska Explosion.

Jessie K: Oh I remember this. On June 30th, 1908 an asteroid exploded over this spot with the power of 15 Megatons of TNT and it flattened all the plants and trees here.

Nicole: That's right.

Lori: Russia has literally had alot of incidents involving asteroids and meteors over the years hasn't it?

Nicole: That it has Lori. But North America has had more asteroid and meteor impacts than any other continent on the planet over the course of lifes 600 million year history.

Terra: That is so strange.

Starfire: It sure is.

Me: That's incredible. It's hard to imagine that Earth has been through so much over the course of it's 4.6 Billion Year history.

Vince: Yeah no kidding.

Aylene: It's amazing.

We saw all sorts of interesting things and more and went to our next destination.

Part 15: UKRAINE

---

Vanzilla 2.0 was in jet mode and we were flying over far eastern Europe.

Me: So what did you think of Russia, Mr. Lynn?

We were putting together another puzzle.

Lynn Sr.: It was amazing J.D.

Rita: I had no idea that Russia was home to so many beautiful buildings and famous events in history.

Varie: You learn lots of things when you travel all over the world and read about them in books and on the computer.

Lincoln: That's right.

Laney: Russia was very beautiful.

Lana: It sure was.

Lola: Yeah.

Lucy: The food was good.

Lori: It literally was.

Leni: Totes. I loved the Borscht.

Lisa: Affirmative. The Cold Beet Soup was delicious and nutritious.

Nicole: You are gonna be interested in our next destination.

1 hour and 30 minutes later we arrived in Ukraine.

Nicole: We're here guys. Welcome to Ukraine.

Naruto: Wow. So this is Ukraine.

Anastasia: This is where Ivan is from. I wonder if we'll see him again.

Lincoln: We just might Anastasia. He's from a town called Mykolayiv.

Nicole: That's neat Lincoln. We'll be going there later. The first stop is an interesting part of world history here in Ukraine.

We later arrived in the ghost town of Chernobyl.

We start walking around the city and it looked like something out of a Post-Apocalyptic Movie.

Naruto: What is this place?

Nicole: This is Chernobyl, Ukraine.

Me: Oh man. I've seen this town and it is not pretty.

Lola: Where is everyone?

Jessie K: They all had to leave because of the famous Chernobyl Nuclear Power Plant Accident.

Luna: What happened back then?

Jessie K: On April 25-26th, 1986 the Chernobyl Nuclear Power Plant exploded during an emergency shutdown of the reactor core while undergoing a power failure test. The explosion sent huge amounts of nuclear radiation all over northern Ukraine, southeastern Belarus and southwestern Russia. Everyone in this town and the areas affected were ordered to leave. The towns of Prypiat, Chernobyl and Chemihiv, Ukraine and Homyel, Belarus were greatly affected and they were closed off to everyone. The Gamma Radiation made this place completely unlivable for a long time. Creating what is now called the Chernobyl Exclusion Zone. Because of that event, this whole place is now a ghost town.

Linka: Whoa! That's awful.

Luan: It sure is. This whole town is Irradiated! (Laughs to Rimshot) Get it?

We all laugh.

Me: (Laughs) Good one Luan.

Aylene: How did the reactor at Chernobyl explode?

Me: It was probably because of poor safety protocals.

Lisa: That's correct 2nd big brother. The protocals of a Nuclear Power Plant back in the 1980's were poorly inefficient.

Starfire: That's very awful. Radiation can't harm me for some reason.

Me: Me neither Starfire. Our powers are all protecting us from the Gamma Radiation that has contaminated the area. I saw that when I was in Canada. Radiation didn't affect me when I ate a radioactive marshmallow.

Vince: Our powers and gifts have made us impervious to Gamma Radiation.

Aylene: They sure have.

My Geiger Counter was clicking fast.

Me: My Geiger Counter is showing huge amounts of Gamma Radiation all over this place. It's gonna be like this here for the next 10,000 to 1 million years.

Naruto: That is awful.

Cody: That's really awful.

Zoe: We're immune to Gamma Radiation too.

Hercules: That's right sis.

Luna: You guys are tough dudes.

Lucy: How do you even feel Gamma Radiation?

Me: That's the bad part. You don't even know it's there until it starts burning you from the inside out. It's like fire that burns you from the inside.

Natilee: In otherwords you don't even know it's there until it's too late.

Riley: That's awful.

Lynn Sr. and Rita were wearing radiation suits.

Lynn Sr.: Thank you for putting us in these suits J.D.

Rita: If this place is irradiated then we have to be careful.

Me: You're welcome Mr. Lynn and yes we have to stay safe.

Leni: But what about me? I don't have powers.

Me: I found out Leni that your sword protects you from all hazardous levels of Gamma Radiation. You'll be safe as long as you have your sword.

Leni: Oh.

Eddy: But what about me? I only have bat wings and I don't have powers like all you guys.

Me: I discovered that Magisword powers protect you from Gamma Radiation.

Eddy: Oh. That's a relief.

Laney: That's amazing.

Later we walked around Chernobyl and it was a scary place and more to see it completely deserted.

Lola: Boy it's so scary seeing a town like this totally deserted.

Lana: It sure is.

Me: Believe it or not guys, this whole town is a very prominent example on what would happen if Humans weren't around.

Lisa: Correct. It was the basis for the famous documentary "The World Without Us".

Lana: I saw that documentary and that was scary but cool.

Me: It was scary but that's all hypothetical. We won't be leaving the Earth for a long time.

Lilly: It's really scary here.

Lincoln: Don't worry Lilly. I'm here for you.

Lori: This is literally creepy. I hope this town isn't haunted.

Varie: No Lori. It's not haunted.

Me: But I've seen a movie about this. It's called "Chernobyl Dairies". It's about these kids that are on vacation here in Eastern Europe and they accidentally wandered into the Chernobyl Exclusion Zone and they are attacked by Nuclear Mutants.

Lori: I saw that movie and it was freaky.

Lucy: I saw it too and it was strange.

Lisa: Radiation does cause horrible mutations to both humans and animals but a movie like that is a fabrication of a fictitious tale.

Me: That's true Lisa.

Laney: That's awful. I've heard of that movie "The Hills Have Eyes" and that was too scary.

Lynn Sr.: (Screams and jumps into Rita's arms) Mutants! Don't eat me!

Me: Mr. Lynn calm down. If there are any nuclear mutants we'll blast them.

Lynn Sr.: (Relieved) Thank you guys.

Varie: What's wrong with Mr. Lynn?

Rita: He saw the movie The Hills Have Eyes from 1977 and it scared him really bad when he was a kid and it scarred him for life.

Aylene: That's awful. A movie like that would traumatize someone for life.

Kate: Yeah. It would.

Kate had a radiation suit on.

Lynn: The Earth is telling me that there are no mutants in the area.

Terra: That's a relief.

We later were back in the car and did a big decontamination regimen. We left in helicopter mode and arrived in Mykolayiv.

Me: So this is Mykolayiv, Ukraine. It's beautiful.

Riley: It sure is.

Anastasia: I hope we run into Ivan. I've learned so much about the Ukraine. It's amazing.

We admired all the sights and sounds and saw lots of amazing buildings.

?: (Ukrainian Accent) Anastasia?

We turned and saw Ivan Hordiyenko.

Anastasia: Ivan!

They hugged.

Ivan: This is such a surprise.

Me: It's good to see you again Ivan.

Ivan: It sure is J.D. What are you all doing in the Ukraine?

Nicole: We're all on a big vacation financed by me.

Ivan: That's amazing. These are my parents Alina and Artem Hordiyenko.

Me: Приємно зустрітися з вами. Я Дж. Д. Кнудсон. (Translation: Pleasure to meet you. I'm J.D. Knudson.)

Anton: Задоволення познайомитись і з тобою. Ми так багато чули про вас усіх від Івана. (Translation: Pleasure to meet you too. We've heard so much about you from Ivan.)

Alina: (Ukrainian accent) You speak good Ukrainian J.D.

Me: I'm very multi-lingual. I've been all over the planet and learned so many languages.

We introduced ourselves. Anton and Alina invited us for dinner and it was a great time. We found out that Ivan and his family are moving to Royal York later on. It's gonna be awesome having Ivan in America permanently. We later went to our next destination.

Part 16: AUSTRIA

---

Vanzilla 2.0 is in Jet mode flying over central Europe.

Rita: I wonder where we're going to this time.

Nicole: You guys are gonna love it. In fact we're already here. Welcome to Vienna, Austria.

Lisa: Austria!? (Excited Squeal) I love Austria! It's home to some of the worlds greatest musical composers.

Jessie K: Oh yeah Lisa. Austria is home to some of the worlds greatest musical composers from the 18th and 19th centuries. Ludwig Van Beethoven, Joseph Haydn, Wolfgang Amadeus Mozart, Johann Sebastian Bach and many others.

Luna: They were rockin dudes.

Lincoln: I love their music. It's so amazing.

Me: They were famous musical artists Lincoln. I have some songs I would like to play.

I start playing a Harpsichord and I play Beethoven's Ode To Joy beautifully.

Luna: That was rockin J.D.! Beethoven's Ode To Joy is one of my favorites dude.

Lincoln: It's one of my favorites too.

The Harpsichord became a pipe organ.

Me: Another one of my favorites is this one.

I play the Toccota and Fugue in D Minor by Johann Sebastian Bach. The haunting music of the beginning of the song was Lucy's favorite.

Lucy: That's my favorite because of its Vampiric theme.

Lynn Sr.: Boy J.D. you are good with playing the Harpsichord and the Organ.

Me: Thanks Mr. Lynn. I've had lots of piano lessons and it was awesome. Here's another one of my favorites.

The organ turned into a regular piano and I play Beethoven's Moonlight Sonata.

Naruto: That's beautiful.

Sakura: It sure is.

Fu: I love this music.

Nicole: You're quite the player dad.

Me: Thanks Nicole.

We land in Vienna and we went to the famous St. Stephen's Cathedral.

Jessie K: The St. Stephen's Cathedral. It was built back in the 1160 and it's home to the tomb of Emperor Frederick III who died in 1493.

Me: It's beautiful.

Lucy: It's also a Gothic Church. It's a true church where darkness lives.

Luan: It's beautiful and scary. But it's a church of Dark wonders. (Laughs to Rimshot) Get it?

Most of us laugh while everyone else sighed.

Me: (Laughs) That was a good one Luan.

Varie: (Laughs) That was funny.

Eddy: (Laughs) That's a good one.

We went into the church and it was a beautiful sight.

Lori: This is literally one of the most beautiful churches anywhere.

Leni: Totes.

Laney: The art and architecture is breathtaking.

Lisa: It's a beautiful piece of art.

We saw the tomb where Emperor Frederick III was buried and it was a strange sight.

Raven: The tomb of Emperor Frederick III

Starfire: This is really creepy. No offense Lucy.

Lucy: None taken Starfire.

Jessie K: This is the Tomb of Emperor Frederick III.

Hinata: It's amazing.

Sakura: It sure is.

* * *

Later we were over at Chateau Konopiště back in the Czech Republic.

Laney: This is a beautiful castle.

Jessie K: This is the summer home of Archduke Franz Ferdinand of Austria. He was a very important power in Austria until 1914.

Terra: Wasn't he assassinated a long time ago?

Jessie K: He was Terra. Yes.

We went back to Austria and we were in the town of Sarajevo.

Jessie K: Welcome to Sarajevo. This town has lots of history. But the most prominent event that happened here was the Assassination of Archduke Franz Ferdinand of Austria on June 28, 1914. This is the man that did it.

Jessie showed us a picture of the man that did it: Gavrilo Princip.

Linka: Who is that?

Jessie K: His name was Gavrilo Princip. He hated Archduke Ferdinand for humiliating him and he got revenge by assassinating him and his wife Sophia. But this ultimately sparked World War I.

Lori: That's awful.

Shannon: That's high treason.

Jessie K: That's right Shannon. But he couldn't face the death penalty because he was 19 at the time. And Austrian law back then said that you have to be 20 years old to face it. So he was sent to prison for the rest for his life. He died of Skeletal Tuberculous and malnutrition and he was buried in an unmarked grave.

Naruto: Well good riddence to bad rubbish. Nothing good ever comes from an act of vengeance.

Me: That's right bro. When he was assassinated the whole world went into war 103 years ago.

Sakura: How awful.

Fu: Yeah.

Lincoln: That was terrible.

Jeri: It sure was.

Later we went all over Austria and learned alot of stuff about the music, culture, food and more. We went to our next destination.

# Volcanic Trip Part 17

Part 17: FRANCE

---

Vanzilla 2.0 is flying to our next destination.

Me and Lynn Sr. are putting together another puzzle when a bright light flashed in the living room. We saw Thoth, the God of the Moon and Messenger of the Egyptian Gods.

Me: Thoth, the God of the Moon and the Messenger of the Gods of Egypt.

Thoth: It's a pleasure to meet you J.D. I have a message for one Sam Sharp Loud from Lord Anubis.

Sam: I'm Sam Sharp Loud.

Thoth: Ah Sam. Lord Anubis has called for you to come down to the Underworld to deliver punishment to your former parents.

Sam: This is a big surprise. But I will answer Anubis' message. We'll go to Egypt after our stop at our next destination.

Thoth: Here is the message from Lord Anubis, Sam.

He hands a scroll to Sam.

Sam: Thank you Lord Thoth.

Thoth: You're welcome Sam.

He vanishes and Sam reads the scroll. Her former parents have been turned to stone and are waiting for her to punish them.

Sam: This is a huge honor and I've never punished anyone in the afterlife before.

Me: That's a major honor Sam.

Luna: Dude that is amazing.

Fu: This is gonna be so cool.

Nicole: It sure is. Egypt was next after our next destination anyway.

We later arrived in Paris, France.

Nicole: Here we are guys. Welcome to Paris, France.

Laney: (Squeels in Excitement) I've always wanted to go to Paris! It's my all time favorite city in the world.

Lincoln: I remember that Laney.

Naruto: So this is the famous City of Lights.

Natsumi: It's an amazing city from what I've heard. I heard that at night it becomes as beautiful as a diamond when all the lights come on.

Sakura: That's amazing.

Me: Paris is considered one of the big Romance Capitals of the World and it's how alot of people fall in love here.

Varie: That's right.

Nicole: For this destination we'll be having a girls night out.

The girls all agreed and they were excited.

We landed and saw many attractions in all of Paris. We saw the Eiffel Tower, The Notre Dame Cathedral, The Arc De Triomphe, The Louvre Museum and more.

At a restaurant the girls were having a night on the town.

The Girls: (Clink their glasses of water) CHEERS!

Nicole: This is great girls.

Lori: You said it Nicole. This is literally the best destination choice ever.

Laney: It sure is Lori. I've always wanted to go to Paris. It's my favorite city in the world.

May: It's so beautiful.

Dawn: It sure is May.

Nicole: So May what was it like before you met Ash?

May: Well when I was younger I did not like Pokemon. I was to follow in my fathers footsteps. But after seeing a Pokemon contest it changed my mind and I wanted to become a Pokemon Coordinator. Ash became my mentor and I became a huge success.

Allie: That's awesome May.

Anna: How did you and Manaphy meet?

May: That is an adventure I will never forget. I saw alot of sea pokemon and Manaphy was swimming with me. She was just an egg when I found her and she hatched and we became really close. I found out that Manaphy was being sought out by a terrible pirate that wanted to gain the ultimate power of the ocean. He was looking for the Temple of The Sea.

Manaphy: That's right. I was being hunted for my powers. But May and her friends saved me and brought me home. I decided to go with her after my adventure.

Natilee: That must've been an amazing adventure.

May: It sure was.

Terra: I have a life story for you. Before I became Terra I was really the Princess of a country called Markovia.

Lori: Terra I didn't know you were a princess of your own country.

Terra: That's right. My country was a peaceful country and everyone was really friendly. But my father was a powerhungry tyrant that wanted to conquer the world. But my mother did not agree with this. She was against all of his ideals. But then that horrible day happened that changed my life forever. I was only 5 years old when it happened. The United States got word of my fathers plans to take over the world and to make sure that didn't happen they decided to blow up all of Markovia. Mother knew this was gonna happen and so as her last farewell she got me out of the country. At a certain distance away I saw a stealth bomber drop a bomb and it released this huge bright flash as bright as 1,000 Suns and a huge Mushroom Cloud towered over the kingdom and completely obliterated it. Killing everyone. But then I felt something happen to me as I was running. I felt really hot like I was dipped into a volcano and the shockwave from the explosion sent me crashing into a mountain and I was buried under a huge pile of rocks. I woke up 3 days later and I was forever changed. I had these awesome powers over the Earth and it was amazing. But I couldn't control them well. 10 years later I met the Teen Titans and it was an amazing honor. I ran away later after thinking that Beast Boy told them that I couldn't control my powers well.

Starfire: Terra that's awful.

Raven: I had no idea you went through all that.

Laney: You were exposed to nuclear radiation and it gave you your powers?

Lisa: That is interesting.

Nicole: Nuclear radiation is a prominent way of getting super powers in the comic book world.

Terra: It is. I remember that. I can never forgive my father for the monster that he was. My mother was protecting me and now here I am.

Argent: Well we're glad you're all right Terra.

Terra: Thanks Argent.

Bumblebee: My story is not a good one. It goes back to when I was a baby. I was the proud daughter of two great scientists. They were well known scientists in the fields genetic science. My parents were not well liked among the scientific community. They made lots of enemies and were incredibly despised for their scientific achievements. So in an act of jealousy a rival scientist hired a hit man to try and kill me and my family. My parents saw a rival scientist hire a man from the shadows going over what to do to kill us. So in a last ditch effort to save my life they decided to give me my powers by Splicing my DNA with Bumblebee DNA. As a result I got these wings, these awesome blasters and the ability to shrink and grow my body at will. I have amazing speed in flight as well. A friend of my parents took me in and told him to take care of me knowing that my parents are gonna die. When he left with me BOOM! The lab exploded and my parents were killed in the explosion.

Raven: Bumblebee that's horrible.

Mary: I'm so sorry Bumblebee. That must've been awful for you.

Bumblebee: It was. As I grew older I learned alot about my powers. It was a great gift for me. My adopted father grew to believe in me. When I got word of a special organization that can help me I decided to join it.

Linka: What was the organization?

Bumblebee: It was called H.I.V.E.

Raven: The H.I.V.E. was one of our most dangerous enemies in our dimension. They are an organization that trains gifted people with superpowers for the purpose of world domination.

Lynn: That is terrible.

Fu: These guys all sounded like they were nothing but trouble.

Sakura: What does H.I.V.E. stand for?

Brittney: It stands for the Hierarchy of International Vengeance and Extermination. It's a supervillain terrorist organization.

Bumblebee: That's right Brittney. Their leader is Blood. Brother Blood.

Natsumi: I don't like the sound of his name.

Starfire: Yes. Brother Blood is one of our most dangerous enemies.

Raven: His mind control powers are really dangerous.

Laney: That's awful. I'm glad you saw the error of your ways Bumblebee.

Bumblebee: Thanks Lanes. My real name is Karen Beecher.

Natsumi: That's cool.

Raven: My story is not a pleasent one. I was born in the magical dimension of Azarath. But my story has been dark from day 1. I was born half demon.

Natsumi: Half demon? That's interesting.

Raven: It is. My father was a very terrible being that everyone in the universe gravely fears. His name was Trigon.

Allie: Trigon the Terrible was your father!?

Starfire: He was. Yes. His cruelty and ruthlessness are legendary. Even on Tamaran.

Nicole: I remember Trigon. He's one of the most dangerous and most powerful evil forces in the Universe. He wants to rule over the entire universe with an iron fist.

Shanan: I also heard that Trigon is the most powerful and most dangerous enemy of the Teen Titans.

Raven: That's right Shanan.

Starfire: We faced Trigon and he was the most powerful and most dangerous enemy we destroyed.

Raven: That's right. There was an ancient prophecy in Azarath.

Lola: A prophecy?

Lana: What's a prophecy?

Mary: A prophecy is a forecast of the future. It's series of events leading up to a cataclysmic event that's gonna happen later.

Raven: That's right. When Terra killed Slade he was brought back to life as Trigon's emissary. Slade became Trigon's servant so that he can get his life back.

Hinata: That's like something with Orochimaru.

Brittney: It sure sounds like it and that's like making a deal with the Devil himself.

Raven: That's right. Slade had this red mark on his forehead and it was called the Mark of Skath.

Brittney drew a picture of the Mark.

Brittney: Is this what it looked like?

Raven: That's the very one Brittney.

Laney: That symbol looks evil.

Linka: It sure does.

Raven: It is evil. Trigon gave Slade these dangerous fire powers and more. He was invincible and immortal. He was to give me a message on my birthday. I was to fulfill this prophecy.

Raven wrote the prophecy on a piece of paper and showed it to them.

Allie: "The Gem was Born of Evils Fire; The Gem Shall Be its Portal. He comes to claim, he comes to sire, the end of all things mortal." This sounds like a devastating prophecy.

Raven: Yes. I am more than just a person. I'm a portal that would bring Trigon to Earth. The monks of Azarath sealed Trigon into me and I was chosen to be not only his prison but also a portal that would bring him to Earth.

Natsumi: That's horrible.

Fu: That's awful.

Raven: Yes. I went with Slade of my own free will to fulfill the prophecy. Slade was stripped of his powers because of it. After Trigon was released I was reverted back to a kid and Robin journeyed with Slade to find me. He did and he helped me remember everything.

Nicole: And then the battle that would decide the fate of the Universe began.

Raven: That's right. I got my powers back and I managed to defeat Trigon with ease. He was obliterated in an instant and we saved the entire Universe from total destruction. Let me show you.

Raven used a spell that created a viewing globe and it showed us the full fight with Robin, Starfire, Cyborg, Beast Boy and herself facing Trigon. It was epic and explosive. In the end Raven casted a powerful spell and she became a white Raven and Trigon was engulfed in it and completely destroyed him and the world reverted back.

Allie: That was epic!

Terra: That was unbelievable.

Linka: It sure was.

Brittney: But Trigon's reign of terror had been silenced forever and the entire universe was saved.

Raven: That's right. Robin saved me that horrible day.

Terra: I'm happy for you Raven.

Raven: Thanks Terra.

Starfire: That was amazing. My story is not that pleasent.

Mary: What happened Starfire?

Starfire: I come from the Planet Tamaran as you all know. But my life has not always been easy. I was kidnapped by the Gordanians.

Shanan: I know that race. They are a reptilian race that is one of the most dangerous cartels in the galaxy. They get their hands on anything they can find to sell either to their leader Trogar or on the galactic black market.

Starfire: That's right Shanan. I was to be delivered to Trogar as his prize. I busted out of the Gordanian Ship and made it to Earth. I met my friends here and after we defeated the Gordanians we became the Teen Titans.

Natsumi: I'm glad you made it out safe Starfire.

Starfire: Thanks Natsumi. My sister Blackfire though is another story.

Shanan: I remember her. Komand'r A.K.A. Blackfire is considered one of the most dangerous criminals in the galaxy.

On a hologram Shanan revealed all of Blackfire's criminal history.

Shanan: Blackfire has done all sorts of terrible atrocities and crimes all over the galaxy and she is really dangerous.

Starfire: That's right. Blackfire hates me and she is a bad sister. She took the throne of Tamaran and I was made to be a bride in a false marriage so she can take over the planet Tamaran. I beat her and assumed the throne. I exiled her from Tamaran forever. But I decided to live on Earth from now on. I passed the throne over to Galfore, my K'norfka.

Shanan: That means her father or caretaker.

Terra: I get it.

Shanan: Yeah. But Blackfire got what was coming to her.

Argent: One can only hope.

Sailor Mars: That's right. My story is unlike any other. I am the granddaughter of Hino at a temple in Tokyo. Before I became Sailor Mars my life was pretty much a normal life.

Sailor Moon: You and I had a fierce rivalry from what I remember Rei.

Sailor Mars: That's right Serena.

They had a magnificent time in the girls night out.

Later we set out for Egypt.

Continues in Part 18.

I would like to thank NicoChan11 for the idea for the Girls night out.

# Volcanic Trip Part 18

Part 18: EGYPT

---

Vanzilla 2.0 was flying over Northern Africa.

Me: You guys are gonna love Egypt. It's the oldest known country in the world and has 9,000 years worth of history.

Jessie K: That's right dad. It's most prominent view was back in the Biblical Times.

Varie: That's what I remember.

Sam: I wonder what will happen when we get there?

Luna: We got that letter from Anubis dude.

Sam: Yeah.

Nicole: We're here guys. Welcome to Cairo, Egypt.

Luan: This is an amazing city.

Eddy: It sure is Luan.

Edd: I've always wanted to go to Egypt. The pyramids and mummies are magnificent items of history.

Linka: I'll go with you Double D.

Edd: Thanks Linka.

We landed by the famous Great Pyramids of Giza.

Jessie K: The Great Pyramids of Giza. Egypts most famous pyramids. They were built in 2580 B.C. and were finished in 2560 B.C. One of the Seven Wonders of The Ancient World. It's also the tomb of Pharaoh Khufu of Egypt's 4th Dynasty.

Lola: It's really magnificent.

Laney: It's one of Egypt's great wonders.

Luna: How are we gonna contact Anubis dudes?

Me: We have to pray to him.

We kneel and pray to Anubis.

Me: Lord Anubis we pray to you. We all have arrived in Egypt as promised and we got your message.

A portal appeared and out came Anubis.

Me: Lord Anubis welcome.

Anubis: Thank you for that kind welcome J.D. and it's a pleasure to meet you all. Cody how have you been doing today?

Cody: I've been doing good Lord Anubis.

Anubis: That's good.

Anubis walked up to Sam.

Anubis: Are you Sam Sharp Loud?

Sam: I am. It's an honor to meet you Lord Anubis.

Anubis: The pleasure is all mine. Please. Come.

We go into the portal and we are in the Egypt Netherworld.

Me: So this is the Netherworld of Egypt.

Lincoln: It's really scary.

Vince: It's much different than the Netherworld we know.

Anubis: Yes. We have a much different version of the Underworld than the Netherworld you all know. The reason we brought you all here is because the deeds Sam's parents have done were so vile and evil that not even the Netherworld you know could not accept them. So God gave them to us to deal with.

Vince: That's quite a transfer.

Aylene: I can't believe that Sam's former parents are that evil and they wanted to cause that much death and destruction.

Cody: Yeah. They were true monsters.

Varie: They make even the demons of the Netherworld we know look like kittens compared to them.

Anubis: That's a good way to put it Varie. We put their punishment on hold so we can have Sam choose their punishment.

Sam: I'll do it.

Anubis: Good.

Lana: This is gonna be awesome.

We saw Sam's evil parents as stone statues.

Me: They were turned to stone so Sam can pick the punishment.

Anubis: That's right.

Sam: I want me, Lana & Lola to fight my parents with me and in the end I want them to suffer in the worst punishment you got Lord Anubis.

Anubis: I understand. That punishment is only reserved for the most evil of souls. It shall be done.

In a colloseum we were seeing Sam, Lola & Lana facing Sam's evil parents.

Michael: You monster! You will pay for everything you've done to us.

Michelle: We gave you a loving home and everything and this is how you repay us!?

Sam: Shut up! You stopped being my parents when you abused me 5 years ago.

Lola: You both give loving parents everywhere a bad name and people like you need to be forever erased from existence in life and the afterlife.

Lana: Yeah what she said!

Sam had her sword ready and she had her wings spread and Lana & Lola had swords of fire and ice ready and their wings were spread.

We were in the seats watching the fight and the gods and goddesses of Egypt were with us.

Nephthys: This is gonna be awesome. They all look amazing with wings.

Me: They sure do Lady Nephthys. Lola got her powers from the…

Isis: Yes we know. The worlds of the gods and the afterlife are connected and we know all.

Ra: This is gonna be interesting.

Varie: It will be Lord Ra.

WARNING: THIS PART IS GONNA BE GRUESOME.

Sam: It's payback time. Lets dance.

Sam, Lola & Lana charged and they punched them in the face and kicked them in the back. Michelle went flying and she rebounded and tried to kick Sam but she dodged and Sam kicked Michelle and slashed her stomach and out came her intestines and stomach. Sam kicked her in the chest and punched her in the head and fired a blast of fire at Michelle and burned her arm off.

Michelle screamed in agony.

Sam: That was for hating my relationship with Luna!

Sam kicked Michelle in the back and leg sweeped her and kicked her in the stomach and dealt her a spinning axe kick in the air.

Maat: They're good fighters. You all trained really well.

Cody: Thanks Lady Maat.

Michelle crashed into the ground and got back up. She put herself back together and Sam punched her in the back of the head and kicked her in the face. Sam punched her in the mouth and kicked her in the neck and Michelle was in alot of pain.

Sam: That was for raping me!

Sam fired a fireball and it hit Michelle with explosive power and blew her apart.

Michelle's legs were blown apart and her intestines and internal organs were hanging out, a chunk of her side was blown open, her chest had a hole that exposed her black evil heart.

Zoe: Whoa! Michelle's heart is evil in it's purest form!

Hercules: That is one evil heart. People like her deserve to be forever damned.

Lincoln: That's right Hercules.

Sam walked up to her evil former mother and grabed her heart and ripped it out.

Sam: That's for me! Just for ruining my life!

Sam slashed Michelle's head off and fired a blast of fire and incinerated her completely.

She then went to help Lola & Lana and they killed Michael and both he and Michelle went down into the Lake of Fire from the Book of Revelations.

We all cheered wildly for them and Sam broke down crying and Lola & Lana comforted her. Luna came and comforted her too.

Sam was now finally free of her evil parents forever. They were erased from existence in the Afterlife forever.

Me: Thank you for letting us come to the Egyptian Underworld Lord Anubis.

Anubis: You're welcome J.D. Sam I'm so sorry about what your monster parents did to you. Even as gods and goddesses we have emotions and love for eachother.

Sam: Thank you Lord Anubis.

Me: One thing is for sure, Michael and Michelle Malloy are now the most evil family in the world. After they were executed their house was torn down.

Luna: Good riddence.

Sam: Yeah.

Later we left the underworld and went to enjoy all of Egypt and learn all about its 9,000+ year history.

I would like to thank BlackAce27 for the idea for the fate of Sam's evil parents. Thanks man.

# Volcanic Trip Part 19

Part 19: ENGLAND

---

Vanzilla 2.0 was in Jet mode and we were flying over northwestern France.

Lola: I wonder what our next destination is?

Nicole: You're gonna love it Lola. It's a place that Luna knows more about than any other country. In fact we're already here.

We have arrived in London, England.

Nicole: Welcome to London, England.

Luna: Dudes, I've always wanted to go to England! Mick Swagger is from England.

Sam: This is gonna be awesome Luvbird.

Me: England has lots of history that dates back to 7,000 years ago.

Jessie K: That's right dad. England has lots of famous historical sights and lots of things to learn about.

We landed by the famous clock tower Big Ben.

Lori: This clock tower is literally amazing.

Luna: That's Big Ben dudette.

Jessie K: Big Ben is the most famous clock tower in the world and it's also home to the biggest and loudest bell in the world.

The clock tower rang when it hit 3:00 PM.

BONG! BONG! BONG!

Me: Wow! I'll never forget that bell toll.

Lincoln: Man that is really loud!

Linka: It sure is.

Jessie K: Big Ben was built back in 1859 and its been one of England's most famous landmarks since then.

Luna: That's right Dude.

We go inside Westminster Abbey and it was a beautiful building.

The architecture was phenomenal.

Later as we were walking I saw a newspaper with a strange story on it.

Me: What's this? "Dognapping; 15 Dalmation Puppies stolen from home of local music makers." Why would someone steal 15 adorable puppies?

Lana: What!? Let me see that.

I hand the newspaper to Lana and she was angry.

Lana: When I find those crooks I'm going to pulverize their faces in!

Lola saw the paper with her.

Lola: Save seconds for me sis!

Lily: I've seen a movie about this. It was "101 Dalmations."

Lana: I remember that movie. So it's all real.

Lisa: It appears so.

Laney: Cruella De Vil is behind this. We have to stop her.

Lola: But how?

Lana thought of something.

Later that night Laney, Lana, Lola and Lily were thinking about what to do when they heard a Great Dane barking.

Lana: I remember this. Lets go.

They went out and met Pongo and Perdita and they went to Suffolk.

Lola: Suffolk, England. Figures they would be here.

Laney: From what I remember they are at Hell Hall or the De Vil Estate.

Lily: That's it right over there.

Lola: It sure looks like a terrible place.

Lana: But that's where they are. Lets go.

They went into the mansion courtyard and through a window they saw Horace and Jasper cornering the puppies. But there were 99 of them.

Lana: Oh no you don't!

They backed up and ran toward the window.

SMASH!

They smashed through the window and stood ready to fight.

Jasper: Hey what do we have here?

Lana: People ready to kill you!

Lola punched Horace in the face and Lana kicked him in the stomach.

Laney kicked Jasper in the face and Lily punched him in the back of the head.

Pongo and Perdita bit Horace and Jasper in the crotch and Laney sent out a signal to Interpol through a special beacon she was given in Denmark.

Laney punched Jasper in the face and Lily kicked Horace in the mouth. Jasper tried to hit Laney with a fireplace poker. But Lola grabbed it and her fire powers melted it.

Horace tried to hit Lana with a chair leg but she grabbed it and her ice powers shattered it into a thousand pieces.

Jasper: What in bleeding puke are you brats!?

Lana: People you don't want to mess with!

Lily: Yeah!

Lola fired a fireball at Horace and it exploded when it hit him in the butt and set him on fire.

Horace: YEOWCH! JASPER!

Lily punched him in the face and sent him flying and he crashed into the fireplace and a bunch of bricks fell on him.

Laney formed a fist of bramble vines and punched Jasper in the crotch and kicked him in the head and knocked him out.

Interpol Sirens were heard and a bunch of police cars came and they busted in.

Lana: Arrest these thieves officers. These poopheads stole the 15 puppies and were gonna make dog skin coats out of all 99 of these puppies.

Officer 1: (British Accent) Is that so?

Laney: It is. Cruella De Vil ordered them to steal them.

Lily: She's the mastermind behind this whole thing.

Officer 1: Well Cruella and these two are in for some hard time.

Laney: They sure are.

Later the puppies were returned to Roger and Anita and they were overjoyed to have them back. The 84 additional puppies were in their care and they bought a bigger home in the countryside. They were forever indebted to Lana, Lola, Laney and Lily's heroic deeds.

We were proud of them too.

Vince: You guys were awesome.

Lana & Lola: Thanks Vince.

Aylene: I'm proud of you.

Cody: We all are.

Lori: When it comes to animals they will literally do anything to protect them.

Leni: Totes.

Cruella: You can't arrest me! I'll sue you for this!

Lucy: Oh shut up you monster.

Lucy fired a bolt of black lightning at Cruella.

Lucy: Let fear consume you completely.

Cruella saw all her favorite fur coats being completely destroyed and everything was covering in spots of different colors and her sanity was completely destroyed.

Lynn: What did you do to her Luce?

Lucy: I destroyed her sanity and made her see everything covered in spots of my least favorite colors.

Luan: That's really Spot on! (Laughs to Rimshot) Get it?

We all laugh.

Me: (Laughs) I get it. Good one Luan.

Raven: (Laughs) Spot on. I just got it.

Eddy: (Laughs) Good one Luan.

Lapis: I hope Cruella never sees the light of day again.

Hercules: Me too.

Zoe: Lets hope so.

Later we went all over Great Britain and learned about all sorts of history and culture and tried all kinds of food and did all kinds of stuff. We completed our tour of Europe.

Cruella was commited to a mental institution for life. Horace and Jasper were found guilty of animal abuse and animal kidnapping. They were sentenced to 3 years in prison and ordered to pay £1,500,000 in restitution to Roger & Anita.

# Volcanic Trip Part 20

Part 20: THE PRIDELANDS.

---

Vanzilla was flying over southern Africa.

Lynn Sr: I wonder what our next destination is?

Me: Jeri said that she is taking us to a special place in Tanzania that she knows all too well.

Varie: This is gonna be so cool.

Aylene: It sure is.

Nicole: I think I know what it is and we're here. Welcome to the Pridelands.

Jeri: My 2nd home away from home.

Kion: It's good to be home.

Beshte: It sure is.

Fuli: I wonder what's been happening while we were away.

Bunga: We'll find out later. I can't wait to see my uncles Timon & Pumbaa again.

Ono: I've missed everyone and everything.

Kion: It'll be good to see mom and dad again along with my sister Kiara.

Me: Lets hope the hyenas haven't caused any trouble while you were away.

Kion: I have a feeling they haven't.

We landed by Pride Rock and it was a magnificent sight.

Kion: I'm home.

Simba and Nala came out and so did Kiara.

Simba: Kion!

Kion: Hey dad, mom, Kiara. We're home.

Nala: Kion. Welcome home.

Kion: Thanks mom.

Kiara: You've been doing well Kion.

Beshte: Hello your majesty. It's been a while.

Simba: That it has Beshte.

Timon & Pumbaa came out.

Timon: Bunga!

Pumbaa: Bunga!

Bunga: Uncles Timon & Pumbaa!

Fuli: Queen Nala it's been a while.

Nala: That it has Fuli.

Ono: It's good to be home.

Me: King Simba and Queen Nala. It's an honor to meet you.

We introduced ourselves.

Simba: It's a pleasure to meet all of you too J.D.

Nala: We've heard so many big things about you from Jeri.

Me: We get that all the time.

Kion: How have the Pridelands been since we were gone Kiara?

Kiara: Busy. But it was worth it. The hyenas have not been causing any problems.

Rafiki the Mandrill Monkey shaman came out.

Rafiki: Ah. Kion and the Lion Guard. Welcome back.

Kion: Thanks Rafiki.

Fuli: It's good to be home.

Later we saw the history of the Pridelands in Rafiki's tree and it had the history of the Lion Guard. When Mufasa was about Kion's age, his younger brother Scar was the leader of the Lion Guard before Kion and his team. Scar was gifted with the power of The Roar of The Elders as we had seen earlier. But the power of the Roar went to his head and Scar believed that he should be king of the Pridelands. So he ordered the Lion Guard to help take down Mufasa. When the Lion Guard refused Scar was furious and he used the Roar to destroy the Lion Guard. But after doing so he lost the power of the Roar forever. By using the Roar of the Elders for Evil he paid the price for it.

Bunga: My uncles told me all about Scar. He was the worst lion ever.

Jeri: He sure was. He was a monster.

Kion: Lets hope we've officially seen the last of him.

Rafiki: We have. After the defeat of the Hyenas we sealed up the volcano and made sure that Scar stayed gone for good.

Lori: Who are these paintings for?

Lori pointed to a bunch of paintings of other lions and a peculiar Lioness.

Rafiki: Ah. That is the story of Zira and her family.

Fuli: I saw that story. Those lions were called the Outsiders.

Rafiki: That's right Cheetah. They are a group of lions lead by a lioness named Zira. King Simba banished them from the Pridelands before Kion and the current Lion Guard were born.

Jeri: I heard about them. They are loyal only to Scar.

Rafiki: Correct. They held loyalty only to Scar. After Scar was defeated, Simba became king. But Zira told Simba that he could not rule the Pridelands because Scar had chosen her son Kovu to be king.

Lynn: But Scar was never the real king.

Rafiki: Correct Lynn. And that is what Simba told Zira. But Zira would not listen to reason. Instead she attacked Simba. Of course Simba won quickly but after that he had no choice. He had to banish Zira and her family from the Pridelands forever.

Sakura: That's crazy. So Zira is a Lioness version of an Evil Sasuke.

Naruto: That's a good way to put it Sakura.

Fu: I would say that Zira got what was coming to her.

Lola: In the future Kiara and Kovu love eachother.

Simba: I know Kiara has strong feelings for Kovu but I didn't know that they would love eachother.

Me: From what I remember your majesty, Zira is the one that's poisoning Kovu with lies and she's trying to lead him in Scar's footsteps. Er… Pawprints rather.

Simba: Yes J.D. I know what you mean. And I have a feeling that you are right.

Lana: Not only that your majesty, but Zira is a Lioness that's completely bent on getting revenge. She hates you with a terrible vengeance and she will stop at nothing to return to the Pridelands and rule over it in the name of Scar.

Lisa: Affirmative. I've seen how bad Zira is and she's a monster like Scar.

Kiara: I can't believe that Zira is that bad.

Kion: Yeah. She's pure evil like Scar.

Lola: She also killed her own son Nuka in cold blood.

Lily: She is completely obsessed with Vengeance and she will stop at nothing to get it.

Simba: I had no idea that Zira is that bad. She's Scar's reincarnation.

Lucy: More like the Devil Incarnate.

Rafiki: You are all correct. Zira is a monster. But I know that you are all right about Kovu. He is being poisoned with hate and Zira is the instigator of that hatred.

Jeri: We have to help Kovu.

Kion: And I know how to do it. Kiara you'd better come with me.

Kiara: I have a feeling I know what you're about to do.

Kion: Right. To the Pridelands end…

Jeri, Ono, Beshte, Fuli, Bunga and Kiara: Lion Guard Defend!

They went out to the Outlands.

They arrived and in a canyon they saw Kovu looking for something.

Kiara: Kovu!

Kovu: Kiara, Lion Guard.

Kion: It's good to see you again Kovu. But the reason we came is to tell you that you're being lead down a path to your own destruction.

Jeri: Your mother Zira is poisoning your mind with lies and hatred.

She's turning you into another Scar.

Kion: Scar was a monster that cared about no one other than himself and he killed my Grandfather Mufasa and nearly destroyed the entirety of the Pridelands.

Kovu was shocked. Everything his mother told him was all a lie.

Kovu: I am such a fool. How could I follow such lies so easily?

Ono: Uh guys we have problems coming.

Ono's eyes flashed yellow.

Ono: Zira and her family are coming and they are looking for Kovu.

Jeri: Don't worry I got this.

Jeri used the Roar of the Elders and huge mountains formed and blocked off all the paths leading into the Pridelands.

Kion: That did it. Good job Jeri.

Jeri: Thanks Kion.

They got back to the Pridelands and Kovu was welcomed with open arms. Later Kovu became the leader of the 2nd Lion Guard with Kiara as his 2nd In Command. Not only is Kiara destined to become Queen but she is also now the 2nd in command of the 2nd Lion Guard.

Later we left for our next destination. This time we are heading to southern Asia.

# Volcanic Trip Part 21

Part 21: INDIA

---

Vanzilla 2.0 was in Jet Mode and we were flying over the Indian Ocean.

Me and Lynn Sr. were putting together another puzzle.

Rita: So what will be our next destination?

Me: Nicole said it's a surprise. But we're gonna love it anyway.

Lola: I wonder why we can't go to the countries in the Middle East?

Aylene: It's because there's a huge war going on over there. We are at war with Terrorists and we'll be caught in the crossfire if we go.

Lana: Oh that's bad.

Lily: Yeah.

Lori farted and we all heard it.

Everyone: EW!

Laney: That was uncalled for.

Lori: (In denial) It was the seat! [Tries to squeak the seat] See?

I shook my head at her.

Me: Not buying it Lori.

Luan: You are a Gas. (Laughs to Rimshot) Get it? But seriously Lori. It was you that farted.

We laugh at Luan's joke.

Me: (Laughs) Good one Luan.

Lori: It's the seat!

Me: (disbelieving) Right.

Nicole: We're here guys. Welcome to Calcutta, India.

Kate: So this is India.

Naruto: Look at how many people there are here.

Me: India's the 2nd most populated country in the world. With 1.354 billion people according to the 2016 world census it is the 2nd most populated country.

Jessie K: That's right dad. China is the most populated Country in the world now but India is growing fast and is gonna surpass China in the next few years.

Jared: Not only that but India is also one of the biggest spice exporters in the world. They have really good Curry and lots of good spices. But some of the spices are so potent that they can burn your stomach from the inside.

Laney: That is deadly.

Lori: This is literally gonna be fun.

We landed and we were in front of the Taj Mahal in Agra, Uttar Pradesh, India.

Lynn: The Taj Mahal. One of the most beautiful buildings in India.

Me: That's right and it's one of the 7 Wonders of the New Ancient World.

Jessie K: It was built as a Mausoleum in 1653 to the Mughal Emperor Shah Jahan.

Lucy: If it's a Mausoleum I'm in.

Luan: This is a grave sight! (Laughs to Rimshot) Get it?

We laugh.

Me: (Laughs) Good One Luan.

Heidi: That was funny.

We went inside it and it was a creepy place.

Lincoln: It sure is creepy in here.

Laney: It sure is. But the art of the architecture of the building is amazing.

Lisa: Indeed. It's all a marvelous work of art.

Fu: It's really beautiful.

Sakura: It sure is.

Linka: It's very beautiful.

---

Later we were in New Delhi, India visiting the Lotus Temple.

Lori: This is literally the most beautiful temple I've ever seen.

Shanan: It's one of my favorite Temples in the world Lori. It's the Lotus Temple. It's called that because it's in the shape of a Lotus Flower.

Jessie K: It was built in 1986 and is one of India's most popular tourist attractions.

We went inside the Lotus Temple and it was beautiful.

Laney: Wow!

Rita: This is a beautiful temple.

Lola: This looks more like a church.

Lana: It's like being inside a flower.

Naruto: It does feel that way.

Sakura: Ino would love this temple.

Fu: I'm sure she would.

In the Leaf Village Ino sneezed.

Inoichi: Bless you princess. Someone must be talking about you.

Ino: I think I know who it is.

We walked around the temple grounds and saw a beautiful lake and lots of nice features.

* * *

Later we were over in Bhopal, India.

Me: Bhopal, India.

Varie: This is an interesting city.

Jessie K: I know this city in History. It was home to the 1984 Bhopal Gas Tragedy.

Luna: What happened then Dude?

Jessie K: On December 3rd-4th, 1984 the Union Carbide India Limited chemical plant experienced the worst ever chemical disaster in history. Over 500,000 people were exposed to a toxic chemical called Methyl Isocyanate, a poisonous substance used in the production of rubber and adhesives. Over 16,000 people dead. 558,125 non-fatal injuries.

Naruto: That is horrible.

Sakura: How did this happen?

Jessie K: It was a gas leak. The valves in the tank were not functioning right and they leaked all the poisonous chemical out.

Lisa: That's right Jessie. Methyl Isocyanate can cause all kinds of irreversable damages to the human body. It can permanently damage the eyes, the Brain, the respiratory tract and even the nervous system.

Fu: That is awful.

Jessie K: Yeah. But a huge settlement was made by the chemical company and they agreed to pay $470 Million in India Money for the damages caused in this tragedy.

Shannon: That's bad.

Ember: It sure is.

---

At a restaurant we were eating different kinds of really good curry.

Laney: The curry is really good and the spice is delicious.

Lynn: You said it Lanes. I like mine really spicy.

Fire was coming out of Lynn's ears.

Lori: The curry is literally delicious. I like the Tikka Masala.

Mary: It's one of the most popular flavors in Indian Curry.

Jared: It's really good for you too. The FDA discovered that Turmeric, one of the ingredients used in Curry is good for your heart and is also good for helping to prevent Alzheimer's Disease.

Lisa: That's correct Jared.

Me: It's really good stuff. I'm having the hottest curry in the world: Phaal.

Leni: Is the curry gonna fall on you?

Me: No Leni. It's spelled differently. It's spelled P-H-A-A-L. This is the hottest curry in the world. It was made over in England originally as a dare on who can handle the spice. It's made with Scotch Bonnet Habanero Peppers, Thai Chilis, and even some other ingredients that other chefs would consider as Plutonium. It's a very popular eating challenge and it's widely known over in New York City.

Lola: That must be some deadly stuff.

Lana: I'll say. I love the spice.

Me: When they make it they have to wear gas masks because the fumes from the spice will choke you. It's like you drank Sarin in liquid form.

Lily: That is potent stuff.

Lincoln: It sure is. And I like it.

Lilly: Me too.

Cody: I could eat everything here in India. It's all really good food.

Zoe: I could eat it all too.

Hercules: Same here.

Vince: The curry is the best part.

Aylene: It sure is. I wonder where we're going to next.

Nicole: We'll get to that bridge when we come to it. But lets have our lunch and see some more.

We walked around all of India and it was a breathtaking sight.

Vanzilla 2.0 was in Helicopter Mode flying over Northern India.

Me: Nicole said you'll love our next destination.

Luna: I wonder what it will be dude?

Nicole: You'll love it guys.

Lincoln: (Offscreen) Hi-Yah!

Lincoln was practicing Karate.

Lynn was holding a wooden plank and he kicked it and reduced it to splinters.

Lincoln: HI-YAH!

CRASH!

Lynn: Way to go bro!

Lincoln: Thanks Lynn.

Nicole: Good job buddy.

Lincoln: Thanks Nicole.

Fu: You sure learned alot from Nicole didn't you Lincoln?

Lincoln: It's not just Nicole, Fu. I learned alot under J.D. and Kakashi-sensei.

Nicole: We're here guys. Welcome to Nepal.

Lori: Nepal is beautiful. It's literally home to some of the most beautiful scenery in the world.

Nicole: Not just that Lori. It's also home to the tallest mountain range in the world: The Himalayan Mountains.

Me: Oh yeah. I love these mountains. They are so beautiful but it can get extremely cold here.

We arrived in the Kathmandu Region.

Naruto: So what is it you want to show us Nicole?

Nicole pointed to a certain mountain.

(2001: A Space Odyssey Theme plays as the camera slowly rose to show the tallest mountain in the world)

Nicole: There it is guys. Mount Everest. The tallest mountain on Earth and the 4th Highest Mountain in the Solar System.

Mount Everest is 29,029 feet high and it's one of the most beautiful mountains and also the highest mountain in the world. Many people have climbed it and many people died on it.

Lynn Sr.: Oh wow!

Rita: Is that Mount Everest?

Nicole: It sure is Ms. Rita.

Me: It's just as beautiful as I remember it. Me and my family climbed to the top of Mount Everest when I was 6 and it was a breathtaking sight. We were on top of the world. But the trouble with a mountain like this or with any mountain here in the Himalayan Mountains is that the air is really thin. This is because they are touching the lower Stratosphere.

Nicole: That's right dad. These mountains formed when the India sub-continent pushed up against Southern Asia and it took millions of years to form these mountains.

Lori: It's all literally beautiful.

Ronnie Anne: It sure is.

Bobby: It's amazing.

Lisa: A mountain like this is a very beautiful and magnificent geological piece of art.

Hinata: It sure is Lisa.

Kate: It's beautiful.

Luna: We're not gonna climb Mount Everest are we dudes?

Nicole: No. It's too dangerous. We're gonna look at all the mountains along the Himalayan Mountain Range.

Luan: That's all right. This is gonna be a Mountainous sight. (Laughs to Rimshot) Get it?

Most of us laugh while everyone else sighed.

Me: (Laughs) I get it. Good one Luan.

Eddy: (Laughs) Good one.

Lynn Sr.: (Laughs) Good one.

Naruto: That was funny.

Raven: (Laughs) Mountainous. I just got it.

---

We went all over the Himalayan Mountains and we saw all of the mountains. We went in order of the mountains from the tallest to the smallest.

1): K2 - 28,251 Feet. Pakistan, 2nd Tallest Mountain in the world and the most dangerous.

2): Kangchenjunga - 28,169 feet. Nepal & India. 3rd Tallest Mountain in the world.

3): Lhotse - 27,940 Feet. Nepal & China. 4th Tallest Mountain in the world.

4): Makalu - 27,838 Feet. Nepal, Tibet & China. 5th Tallest Mountain in the world.

5): Cho Oyu - 26,864 Feet. Nepal & China. 6th Tallest Mountain in the world.

6): Dhaulagiri - 26,795 Feet. Nepal. 7th Tallest Mountain in the world.

7): Manaslu - 26,781 Feet. Nepal. 8th Tallest Mountain in the world.

8): Nanga Parbat - 26,660 Feet. Pakistan. 9th Tallest Mountain in the world.

9): Annapurna - 26,545 Feet. Nepal. 10th Tallest Mountain in the world.

And many others.

Naruto: These mountains are all beautiful.

Sakura: They sure are Naruto.

Lucy: They would be perfect for a tomb of despair.

Laney: These mountains are amazing. I can't believe that the Earth formed them.

Nicole: The Earth is an amazing power.

Terra: It sure is. The Earth's plates are moving all the time.

Starfire: That's right.

Kate: It's all a beautiful example of what the power of the Earth can do to the landscape.

Nicole: That's right Kate.

Later we went to a restaurant and had a good meal. We set out for our next destination later on.

# Volcanic Trip Part 23

Part 23: BANGLADESH.

---

Vanzilla was in jet mode flying over Eastern Southern Asia.

Cody: So what's our next destination?

Nicole: You'll love it Cody.

We were flying over jungles.

Nicole: Here we are guys. Welcome to Bangladesh.

Lincoln: So this is Bangladesh. It looks like dense jungles.

Sakura: It does.

Shanan: Bangladesh is also one of the poorest countries in the world.

Jared: That's right Shanan. There's hardly any money here in Bangladesh for the people to live here.

Nicole: That's right guys. Bangladesh here in Asia and Haiti in the Caribbean Sea are both the two poorest countries in the world.

Lori: That is literally so sad.

Leni: Totes. These people must be starving.

We landed in a village and it was of very few people.

Jessie K: I know this village. This is the sight of the 1970 Bhola Cyclone.

Linka: What happened then Jessie?

Jessie K: It was a terrible event. On November 3rd-13th, 1970 a Category 4 Cyclone in the Indian Ocean slammed into Bangladesh head on and killed over 300,000 people making it the deadliest tropical cyclone in lives.

Luna: That's horrible.

Sam: No kidding. How strong was it?

Jessie K: Category 4 with winds at 150 Miles Per Hour. That storm was the deadliest hurricane on record and it was not pretty.

Luan: That's awful.

Eddy: It sure is.

Jessie K: Yeah. Another event later happened. It was the 1971 Bangladesh Genocide. It took place during the Bangladesh War for Independence. Pakistan and India wouldn't let Bangladesh be free. This all lasted from March 21st to December 16th, 1971 and in a massive flurry of deportation, ethnic cleansing, genocidal rape and mass murder, close to 3 Million people were killed.

Everyone gasped in sheer horror.

Naruto: That is absolutely awful.

Sakura: That is terrible. How could they be wiped out like that?

Me: Racial discrimination and bias-motivated evil. The people of India hated Bangladesh and wanted to keep them all for themselves.

Varie: That's terrible.

Cody: It sure was. I can't believe that some people are that consumed by their own hatred, ignorance and fear.

Lola: Those people were monsters.

Lana: That's right. People like them are monsters to the core and are absolute demons. No offense Naruto, Fu, Lucy.

Naruto: None taken Lana.

Fu: We know what you mean.

Lucy: None taken.

Rita: What those people did was absolutely horrible.

Lynn Sr.: I agree. They were motivated by hate.

Zoe: That's right. It was not pretty.

Hercules: It sure wasn't.

Aylene: Yeah.

We later walked around all of Bangladesh and it was all mostly dense jungle and it was beautiful.

Vanzilla 2.0 was in Jet Mode and we were flying over Australia.

I saw Lily reading a cool book.

Me: What's that book you're reading Lily?

Lily: I found it in Iceland a while back. It's all very interesting.

I look at the book and it was a familiar book.

Me: (Gasp) I know that book. That's the legendary Shepherd's Journal.

Lily: What's this book for J.D.?

Me: It's said to be the key to finding the lost continent of Atlantis.

Lincoln: Lily that is so cool. I've seen that book in the movie Atlantis: The Lost Empire from 2001. It was so awesome.

Me: That's one of my favorite movies.

Brittney: I know Atlantis dad. 10,000 years ago Atlantis sunk into the Atlantic Ocean because of a sudden cataclysmic event.

Me: It was either a meteor impact, a huge megatsunami or a volcanic eruption that did it.

Brittney: That's right dad. Atlantis was said to be home to an advanced civilization that possessed technology that was far beyond our own today.

Lily: That's right Brittney. It says here that it had a powerful source of power that is so powerful that it makes all of our current power sources looks like wind up toys in comparison.

Natilee: That's what I've heard.

Lily: Here it is.

Lily turned a page and it showed the power source. It was a powerful crystal that is the life force of Atlantis. It can cause the people of Atlantis to live for thousands of years.

Me: The Crystal of Atlantis. It's incredible.

Natilee: How is it that you can understand the Atlantean Language, Lily? It's been lost to us for almost 10,000 years.

Lily: I don't know Natilee. I just know it somehow.

Varie: It must be a hidden talent.

Lily: It must be.

Nicole: We're here guys. Welcome to New Zealand.

Argent: New Zealand. My old home.

Lana: I didn't know you were from New Zealand, Argent.

Argent: Yes. New Zealand was my home for a while before I came to America.

Starfire: That's amazing.

We landed in Northern New Zealand and we arrived at the sight of Ngauruhoe Volcano.

Linka: What Volcano is this one?

Nicole: This is Mount Ngauruhoe. It's New Zealand's most famous volcano and it was used as the sight for Mount Doom in the Lord of The Rings Movie Trilogy from 2001 to 2003.

Lola: I saw those movies and that volcano was scary.

Lisa: Affirmative. That volcano in those films was a scary sight to behold.

Me: That's right. I call that volcano the Mountain of The Devil. It's not only where the Dark Lord Sauron created the One Ring but it's also where the power of the Netherworld comes from.

Lori: I saw all three of those movies and that volcano was literally scary.

Leni: Totes and they were amazing.

Luna: They sure were dudes.

Luan: They sure had an amazing Ring. (Laughs to Rimshot) Get it?

We all laugh.

Me: (Laughs) Good one Luan.

Eddy: (Laughs) That was funny.

Naruto: Argent if I may ask how did you get your powers?

Argent: I am actually a hybrid. I'm half Human half H'San Natall.

Shanan: I know of the H'San Natall. They were the most the dangerous warrior race in the universe. They were totally bent on conquering the Universe wherever they can. They were destroyed by the Teen Titans.

Robin: That's right Shanan. The H'San Natall were our most dangerous enemies.

Argent: Yes. But I am nothing like my alien people. I wanted to help the people of Earth instead of destroying it.

Me: That's good Argent. I'm glad.

Varie: What's that "A" shape mark on your chest? Is it a scar or a tattoo?

Argent: Oh. It's a tattoo. It's my name initial.

Varie: Oh I understand.

---

Later we went to Fiordland National Park in South New Zealand and it was beautiful.

Argent: Fiordland National Park. It's everything I've read about.

Zoe: It's beautiful.

Hercules: It sure is.

Cody: It's like Glacier National Park in Montana.

Me: That's almost what it is Cody. This is Milford Sound. One of the most beautiful places in the world.

Naruto: It's beautiful.

Sakura: It sure is.

We walked all over New Zealand and saw lots of attractions, landscapes, and more.

We went to our next destination.

# Volcanic Trip Part 25

Part 25: AUSTRALIA

---

Vanzilla 2.0 was in Jet Mode flying over to Australia.

Nicole: Here we are guys. Welcome to Australia.

Lori: Australia. I've literally always wanted to go here.

Me: There's so much to do here Lori.

Jessie K: This is weird guys. But over the centuries Australia served as England's banishment point for some of the countries most dangerous criminals.

Shannon: That's right. It's been used for that purpose for a long time.

Laney: I also heard that Australia is home to some of the most unusual and most amazing animals in the world.

Lana: I hope we get to see them. That would be cool.

Lynn: And Australia is home to Rugby. I hope I get to play some.

Anna: Me too Lynn.

We later landed in Sydney, Australia - the Capital City of Australia.

Nicole: Welcome to Sydney, Australia.

Lisa: I've always wanted to see the Sydney Opera House.

Laney: Me too.

We land in Sydney and we were at the Sydney Opera House.

Nicole: Here we are guys. The Sydney Opera House.

Jessie K: It was built in 1973 and it's been the sight of some of the most amazing operas in the world.

Lisa: Affirmative Jessie. It's a beautiful building in terms of architecture.

Luna: It sure is Lis. It's rockin' dudes.

Sam: It sure is.

We went inside and it was beautiful.

Lincoln: This place is beautiful.

Lilly: It sure is Linky.

Carol: It's hard to imagine that it's this pretty. The pipe organ up there is amazing.

Me: It sure is.

Lynn Sr.: Go play a song up there J.D.

Me: Okay.

I sit down at the organ and play a dark song called Malveillance.

Lucy: This is more my type of music.

Brittney: It's amazing.

Raven: It sure is. J.D. is very talented.

Shannon: He sure is.

The song stopped 8 minutes later and everyone cheered for me.

Luna: That was rockin' dude!

Luan: It was a Musical Organ of Fun. (Laughs to Rimshot) Get it?

Most of us laugh while the rest groans.

Me: (Laughs) That's a good one Luan.

Varie: (Laughs) That was funny.

Cody: That was a good one.

Eddy: (Laughs) Good one Luan.

Lynn Sr.: I didn't know you could play the Pipe Organ so good J.D.

Me: I've had lots of piano lessons.

Rita: We know.

Me: Oh. Sorry.

Lori: It's all right. But you were literally amazing.

Leni: Totes.

---

Later we went diving in the famous Great Barrier Reef.

Linka: Wow! So this is the Great Barrier Reef.

Naruto: It's beautiful.

Sakura: I can't believe that this is here.

Jessie K: It's one of the 7 Natural Wonders of the World. It's 1,400 miles long. It's the largest Coral Reef in the world and it took 500,000 years to form this magnificent coral reef and it's home to lots of beautiful fish and coral.

Lana: I'll say.

Lisa: The specimens of coral and fish are magnificent.

Edd: They sure are Lisa.

Eddy: This is all amazing.

Ed: Cool.

Kate: It's all an amazing work of art for animals everywhere.

Fu: Are corals plants?

Me: No Fu. Coral is all made of little animals called polyps.

Lily: That's right.

Isabelle: It's all amazing.

We saw lots of different species of coral. My favorite was the brain coral.

Me: This is my favorite coral.

Lola: Ew! It looks like a human brain!

Laney: It's supposed to Lola. It's called a Brain Coral.

Lisa: Correct but this particular specimen is a Diploria Labyrinthiformis.

Varie: The Grooved Brain Coral.

Lola: I didn't know some corals could look like that.

Lincoln: It's really cool.

We saw lots of different kinds of colorful fish. Lots of pretty species of butterflyfish, sea anemones, sea urchins, coral, and much more.

Varie: It's all beautiful.

Lilly: It sure is.

Later we went over to Melbourne and we were at the famous Ayers Rock.

Me: Ayers Rock. The most famous rock formation in the Australian

Outback.

Nicole: It's one of my favorite rock formations dad.

Jessie K: It's amazing. This rock is also home to alot of Australia's Aboriginal Indians.

Ben: It's a breathtaking Marvel.

?: Ben Tennyson. Long time no see.

We turn and we saw a different version of Ben but with white hair, red eyes, red clothes and a red Omnitrix.

Ben: Albedo.

Me: You know this guy Ben?

Ben: Yes. He's Albedo of the Galvin.

Shanan: This guy is a Galvin? But he looks human.

Ben: He's been turned into another me because of his link to my Omnitrix.

Varie: So he is your evil twin.

Me: No kidding. He could be your twin brother Ben.

Ben: Yeah but he's my evil twin brother in a way.

Albedo: That's a good way to put it.

Me: Albedo, what do you want with Ben?

Albedo: I want his Omnitrix so I can return to my original self.

Gwen: He claimed that he was the one who created the Omnitrix but in truth it was Azmuth of the Galvin that made it. Albedo was once Azmuth's apprentice.

Ben: That's right.

Me: So he's a Galvin gone rogue in a way.

Gwen: That's right J.D.

Vince: This guy must be bad news.

Aylene: He sure is.

Albedo: I want the Omnitrix and I will fight you to get it.

Me: You picked the wrong people to fight!

I go Super Angel 2, Vince went Super Angel 4, Laney, Lincoln and Varie went Super Angel 2.

Ben: Wow! I can't believe you guys are that cool when transformed.

Me: We get that all the time Ben.

Albedo: Your power is all amazing. But I can fight dirty too.

Albedo became a Vaxasaurian from planet Terradino.

Shanan: A Vaxasaurian from Planet Terradino.

Ben: That's what Humongosaur's species is.

Ben became Ultimate Ben.

Ben: HEATBLAST!

Ben fired a blast of fire at Albedo from his hand and it burned him and I punched Albedo in the face and sent him crashing into a rock.

Lincoln fired a blast of lightning and it hit Albedo. Albedo became Jetray.

Shanan: He became an Aerophibian.

Ben: That's Jetray's species. JETRAY!

Ben flew up to him and fired a laser and it hit Albedo in the face.

Ben: ULTIMATE BIG CHILL!

Ben fired a blast of ice fire and froze Albedo in a block of ice.

Lana: That is really cool!

Laney: Ice Fire? That is awesome!

Lisa: That fire must be endothermic. Instead of extreme heat it removes the heat and uses extreme cold. Freezing anything on contact.

Lucy: That's really interesting.

But Albedo broke out and suddenly without warning a ghostly figure appeared and it froze Albedo in ice. It was a Necrofriggian. But it was actually a Human with Necrofriggian Wings.

Lily: Whoa. She has butterfly wings.

Shanan: Those are actually Necrofriggian Wings. She's Half Human, Half Necrofriggian.

The girl fired a blast of ice fire from her hand and it froze Albedo solid. He fell to the ground and I punched the ice and shatter it and freed him and he reverted back.

Me: Now lets see how you like it when you are cursed with a fate worse than death. But first.

I take his Omnitrix off and put it on my left arm and it was engulfed in a light yellow light. When it faded it became like the original Omnitrix only it was yellow and Sky Blue.

Me: Spiffy.

Albedo got up.

Albedo: You're all gonna pay for that.

He went for his Omnitrix but felt that it was gone.

Me: Looking for this?

I smiled maliciously as I reveal that I have his Omnitrix recalibrated on my arm.

Me: You are also now Cursed forever with a fate worse than death.

I snap my fingers and Albedo was turned into a kid and he was gonna stay that way forever but he will have a zero IQ. His curse was eternal life as a brainless, idiot kid.

I beam him to the Moon Prison where he will stay forever.

Ben reverted back.

Ben: That was amazing.

Me: It sure was.

The girl walked up to us.

Chione: You all were awesome. Sorry I'm Chione. I'm from Antarctica and as you all saw I'm half Human, Half Necrofriggian.

Me: It's a pleasure to meet you Chione.

We introduced ourselves.

Chione: It's a pleasure to meet all of you.

Ben: You were amazing Chione.

Chione: Thanks Ben. I've heard so much about how you destroyed Vilgax and that was amazing.

Ben: Thanks. It was my biggest achievement.

Me: How are you Half Human and Half Necrofriggian?

Chione: I was a normal baby but I was kidnapped by some scientists down in Antarctica. They spliced by DNA with that of Necrofriggian DNA and my body accepted it. I grew these wings and have these awesome powers.

Me: Boy those scientists were playing with fire and in the end it made you into an awesome force.

Chione: Thanks J.D.

Riley: That is really cool.

Luan: It sure is. You can give your enemies the Cold Shoulder. (Laughs to Rimshot) Get it?

We all laugh.

Me: (Laughs) Cold Shoulder. (Laughs) That was a good one.

Eddy: (Laughs) Good one Luan.

Chione: (Laughs) That was funny.

Cody: Luan is really funny.

Vince: She always cracks us up.

Raven: (Laughs) Cold Shoulder. I just got it.

Starfire: That was funny.

Me: Ben you know more about using the Omnitrix better than I do. I don't know how to use this.

Ben: I would be more than happy to teach you and show you how to unlock your Ultimate self too.

Me: Thanks Ben.

We explored all of Australia and it was all beautiful. We saw lots of amazing animals like Lyrebirds, Emus, Kiwi birds, kangaroos, koalas and more. Lynn won a trophy for winning a rugby match and also for helping Australia win the championship. We also found some opal rocks in the abandoned opal mines and they were in blue and black and red and more.

We later went to our next destination. Chione was now an official member of our families.

NicoChan11 gave me the idea for us facing Albedo. Thank you.

# Volcanic Trip Part 26

Part 26: INDONESIA.

Maluku Islands

---

Vanzilla was in Yacht Mode and we were in the islands of Indonesia.

I was looking at my Omnitrix.

Me: I wonder what aliens are in my Omnitrix.

Ben: Lets find out.

Ben pushed a button and it showed that I had 20,000 Aliens in my arsenal. Most of them were from the Milky Way Galaxy. Some were from the Pinwheel Galaxy, Andromeda Galaxy and Triangulum Galaxy. And some of the aliens were from other dimensions which were really cool.

Ben: You have lots of neat aliens J.D.

Me: I sure do. Some of which you, Gwen and I have never seen before.

Gwen: That's true J.D.

I turn the dial to a particular silhouette and it showed an Ectonurite.

Me: An Ectonurite.

Ben: A Ghostfreak? Oh man. Don't turn into that one.

Me: I heard that the Ghostfreak you knew turned evil and planned to take over the world using your Omnitrix.

Gwen: That's right J.D. Ghostfreak was a ruthless alien.

Me: I'll bet he was. But I sense nothing evil in this one.

Ben: Your Jedi powers know no boundaries.

Me: I get that alot.

Chione and Starfire were playing card games.

Chione: So Starfire. What was it like on the planet Tamaran?

Starfire: Tamaran is a beautiful planet that was my home. It is a beautiful world and my people are very strong and powerful.

Chione: I believe it. The Necrofriggians are from a planet called Kylmyys. It's an ice planet that is extremely cold. The Necrofriggians are friendly to all creatures and ready to protect anything.

Starfire: Kylmyys and Tamaran are friends to eachother. We have a special planetary alliance with them.

Chione: That's cool.

Varie: I wonder where we're going to next.

Nicole: We're in Indonesia and we're heading to the Maluku Islands.

Naruto: What's here Nicole?

Sakura: These islands are magnificent.

Nicole: We're heading to an island volcano called Makian.

Vince: What was that Volcano known for?

Nicole: Well in the world of Volcanology the funny thing about Indonesia compared to South America back in the 1980's is that South America didn't listen to Volcanologists when a volcano was going to erupt. South American people that live near volcanoes don't worry when a volcano is going to erupt. But we'll explain when we get to South America later on. But here in Indonesia, the people listen to and trust Volcanologists when they say that a volcano is going to erupt with incredible power and they listen when we say it's time to leave the island.

We arrived at Makian Volcano.

Nicole: There it is guys. Makian Volcano.

Lincoln: It's beautiful.

Lilly: It sure is.

Nicole: Yeah and this volcano has a lot of history behind it here in Indonesia. In 1988, volcanologists came here and warned the people of the neighboring islands next to the volcano that it was going to erupt. So the people of the islands were going to be evacuated and over 18,000 people had to leave the islands. 5 days before that the volcano was not erupting violently. It was only producing some fumaroles or some white vapor. But then the biggest eruption started 5 days later and it sent an enormous ash column 15,000 feet high into the air. All the villages around the volcano on the islands were completely destroyed. Luckily there was not a single human victim. Only animals that were gone.

Lola: That was lucky for everyone that they all got out safely.

Lisa: Affirmative. They got the warnings from volcanologists just in time.

Me: Yeah.

Aylene: I'm glad they are all okay.

Lori: Me too Aylene. This would've literally been a tragedy had they not left the islands.

Leni: Totes.

Luna: It's good they left when they did dudes.

Sam: I heard you all evacuated and saved the whole town of Dante's Peak over in Washington State.

Me: We sure did Sam. Unfortunately the warnings and evacuation notices came too late and we got everyone out of there but like Makian the whole town was completely wiped off the map.

Luan: That was awful.

Lynn: I saw your press conference and read about it in the paper and that was awful.

Sakura: We know Lynn.

Fu: We were there.

Naruto: It was terrible.

Vince: But we're glad that everyone is okay.

Me: Me too partner. You all did a great job in helping with the evacuations that day and we got to experience what the savage power of the Earth is capable of.

Lincoln: Yeah. Volcanoes possess so much destructive power and they can destroy everything around them.

Cody: They sure can Lincoln. In fact before I met you guys I was in Dante's Peak when it erupted. It was awful. But I got to help out some people with the evacuations too.

Naruto: So we had some help from the shadows that day.

Sakura: Thank you for helping us Cody.

Cody: You're welcome Sakura.

Ronnie Anne: You are awesome Cody.

They both kissed.

Everyone: AAAAWWW!

Eddy: How many islands are there in Indonesia?

Nicole: There's over 17,000 islands all over Indonesia. It's the largest group of islands in the world.

Everyone: WOW!

Me: I had no idea there were that many islands in Indonesia. I always thought that the Philippines had more islands.

Varie: Me too.

Nicole: The Philippines have 7,000 islands and they are the second largest group of islands in the world. Indonesia is the largest group of islands in the world.

Vince: That's amazing.

Me: So we have only begun to scratch the surface of the volcanoes in Indonesia.

Nicole: That's right dad. We've only just begun.

We set out for our next destination in Indonesia.

Continues in Part 27.

# Volcanic Trip Part 27

Part 27: INDONESIA

Java

---

We were sailing over to the island of Java.

Me: The Island of Java has had more history with volcanic eruptions than any other volcano in Indonesia.

Jessie K: That's right dad.

We arrived at the Sunda Strait between Sumatra and Java.

Naruto: There's lots of islands here.

Me: This is the Sunda Strait between Sumatra and Java and [Points to a volcano] that is the volcano we're here for.

We look at the volcano.

Nicole: That's right dad. That's Krakatoa. One of the most famous volcanoes in the world.

Jessie K: Oh man. I know that volcano too. On August 26-27, 1883 Krakatoa erupted and 70% of the island and the surrounding archipelago was completely destroyed. Killing 36,417 people and flooding much of the area with Tsunamis.

Nicole: That's right Jessie. The eruption of Krakatoa was also the loudest eruption ever recorded. It could be heard from over 3,000 miles away. If Krakatoa erupted in present day California it would be heard all the way from New York City.

Lincoln: That's incredible.

Lilly: It sure is.

Luna: How did Krakatoa erupt with such power?

Nicole: Pressure. The volcanic pressure was incredibly powerful back then. The 1883 eruption of Krakatoa pumped 20 million tons of sulfur into the atmosphere and created a volcanic winter that reduced the temperatures of the world by 2.2 degrees fahrenheit for 5 years. The eruption ranked level 6 on the Volcanic Explosivity Index.

Sam: That is powerful.

Luan: It sure was. I can't believe that Krakatoa possessed that much explosive power.

Eddy: Me neither.

Nicole: But Krakatoa is nothing compared to another volcano.

We went to the island of Sumbawa and there we all saw the volcano Tambora.

Lori: Wow! What is this volcano?

Nicole: This is a caldera called Mount Tambora.

Me: Oh wow. This volcano had one of the most powerful eruptions in recorded history.

Nicole: That's right dad. In 1815 Mount Tambora erupted with so much explosive power that it was more powerful than any nuclear bomb in the worlds nuclear arsenal. It ranked level 7 on the Volcanic Explosivity Index and it killed 96,000 people all over Indonesia. It also reduced temperatures around the world, resulting in one of the biggest agricultural disasters in the world. We call that event "The Year Without a Summer." 1816 was called that.

Everyone: Wow!

Ben: That's awful.

Gwen: It sure was.

Lori: And this volcano literally collapsed in on itself and became this caldera.

Nicole: That's right Lori.

We suddenly felt a small earthquake and it shook the area and some of us wobbled and fell to the ground on our butts.

Me: Whoa!

Varie: That was an earthquake.

Aylene: A small one but it was enough to make us fall.

Cody: It felt like I drank alot of beer.

Vince: Same here.

Zoe: How strong was that one?

Me: It measured 3.8 on the richter scale.

Naruto: That was a strong one.

Sakura: That was weird.

Fu: It sure was.

Chione: So that was an earthquake. I had no idea that they were that strong.

Aylene: Some are even stronger than that. The Earthquake we felt when we were in the prehistoric times was at 10.8 on the richter scale.

Me: I'll never forget that. That was the strongest earthquake we've ever felt.

Fu: That was awful.

Lincoln: It sure was. I can't believe that earthquakes can get that strong.

Laney: Me neither.

Nicole: Yeah. Funny thing is there has never been a magnitude 10.0 Earthquake or greater in recorded history. They are extremely rare.

Lynn: The Earthquake I got my powers from was at 9.5.

Ember: Does Michigan have any fault lines?

Me: I don't think so. And even if it did have any fault lines they aren't as active as the faults around the Pacific Ocean Plate.

Nicole: Yeah.

We later resumed our journey around Java and we had arrived at a peculiar sight. We had gas masks on.

Me: I know this place. This is Kawah Ijen volcano.

Lana: Why are we wearing our gas masks?

Me: This volcano is very different from other volcanoes. Not only that, it's one of the most prominent sulfur mines in the world.

I pick up some sulfur.

Nicole: This is sulfur guys. Smell it.

Everyone did so and they were disgusted by its horrible stench.

Everyone: EEEEWWWWW!

Lola: That is gross!

Lynn: It smells like rotten eggs!

Naruto: That's disgusting!

Nicole: That's what sulfur smells like in its natural form. It smells like rotten eggs.

Lana: That's weird but cool.

Me: You can't inhale the fumes from the gases here guys. It will mix with the water in your lungs and become sulfuric acid and burn you from the inside.

Lisa: Correct 2nd big brother.

Lily: That is potent stuff.

We go to the lake and it was weird.

Lana: This lake looks perfect to swim in.

Me: It does but this water is not safe at all.

I pick up a rock.

Me: Watch.

I dip the rock into the lake and the water fizzed when the rock touched it.

Lucy: Gasp! Look at the rock. It's fizzing.

Laney: This water is acid.

Me: That's right Laney. This water has been turned into sulfuric acid. Gases and chemical vapors from deep beneath the volcano turned this water into acid.

Lincoln: Just like in Dante's Peak.

Naruto: Yeah.

Carol: This lake is really dangerous.

Nicole: It is Carol. One time some volcanologists took a rubber boat and took some samples of the lake and they had trouble getting back to shore because wind came.

Mary: That's awful.

Me: It was. But no one died back then.

Nicole: Another cool part about this area is that the geothermal heat from deep beneath the lake melts the sulfur and it causes it to glow neon blue at night.

Brittney: Let me see here.

Brittney used her magic and we saw that the sulfur was glowing neon blue and it created Neon Blue Lava and fire.

Me: That's so weird. That's like what we all saw in Ethiopia.

Penny: No kidding.

Luan: That is so cool!

Lynn: It sure is.

Shannon: That is one of the strangest things I've ever seen.

Carol: It sure is.

Later we saw lots of volcanoes on the island of Java and it was one of the most amazing places in Indonesia. We went to the next island in Indonesia.

Continues in part 28

# Volcanic Trip Part 28

Part 28: INDONESIA

Sumatra

---

We were still in Indonesia and we were at the island of Sumatra.

Me: We're on the Island of Sumatra guys.

Naruto: It's all covered in forest and jungles.

Varie: It sure is.

Chione: It's amazing.

Zoe: It sure is.

Me: Sumatra also is known for having some of the best coffee in the world.

Lori: That's literally amazing.

Leni: Totes. I can't wait to get some.

Luna: That is rockin dudes.

We head over to a strange lake called Lake Toba.

Me: Lake Toba, Sumatra. One of the most beautiful lakes in the world and also one of the most widely known Supervolcanoes on the planet.

Lynn: This whole place is a Supervolcano?

Nicole: Yes. It erupted back 74,000 years ago. A Supervolcano is a volcano that packs far more explosive power than any other volcano in the world.

Lucy: Isn't Yellowstone a Supervolcano?

Me: Yes Lucy. Yellowstone National Park in Wyoming is a Supervolcano.

Nicole: Supervolcano Toba here in Sumatra erupted 74,000 years ago and it also plunged the world into the next ice age. It pumped so much ash, sulfur and lava into the atmosphere that it dropped the temperatures big time. The Polar Ice Caps were much bigger than before and the world took a long time to recover.

Jessie K: It's magnificent.

Me: It sure is.

I suddenly hear a plasma blast and hear it coming at me and I unsheathe my sword and deflect it back to the source and it hit it in the arm and revealed a Yautja.

Me: (Gasp) A Yautja!

Cody: What is one doing here?

Me: I don't know.

It extended his wrist blades and we got into a sword fight. Sparks were flying with each clash of our blades.

Luan: So that creature is a Yautja?

Cody: That's right Luan. They are the most lethal hunters in the galaxy.

Vince: Oh wow.

Shanan: They fight for honor and the thrill of the hunt. My guess is they heard about dads power and wanted to get him as a trophy.

Brittney: That could be the reason. They also probably wanted to see if everything about dad is true.

Ronnie Anne: This is gonna get rough.

The Yautja and me were fairing well. He threw a Smart disk and I ducked and it came back to him. He threw it again and I caught it.

Me: This might be useful.

He fired his plasma caster and I deflected a shot at him and it hit him in the leg.

Me: Got him.

I saw his blood and it was glowing green.

Me: His blood is glowing and it's green.

Lisa: So all Yautja's have phosphorescent green blood.

Cody: That's right Lisa.

The Yautja saw that I was a worthy prey and he took off his plasma caster and his mask and revealed his true face.

Me: Like in the movie "Predator", you are one UGLY M%$# $ F$%# #.

The Yautja roared and was ready to fight.

Me: Bring it on.

We both were punching and kicking at a vicious and ferocious level. The Yautja had the strength of 10 men and he was proving to be a powerful opponent even though my physical stature was that of 5 men. We were pretty much equally matched.

Hercules: Whoa! This is getting really brutal.

Aylene: They're both very strong and almost even.

Nicole: That's right. Dad is very powerful already without his powers and very strong too.

Allie: That's right.

Lola: I remember how strong he is too.

Lana: Come on J.D. you can do it!

Chione: Yeah! Get him!

I punched the Yautja in the face and he slashed my face and left 3 claw cut marks on my right cheek and I kick him in the face and punch him in the stomach and kick him in the chest.

Me: This is getting rough.

I fired a force blast and sent him crashing through 3 trees.

We saw that the Yautja was down and he was bleeding profusely.

I had won.

Me: Wow. That was a fierce fight. Even without my powers. You my friend have fought with honor and your testing of Cody was without a doubt the most amazing thing ever.

Yautja: **That's right.**

The Yautja activated his self-destruct device. We had 40 seconds till detonation.

Me: Uh oh!

I ran back over to my friends.

Me: Guys we have to get out of here now!

We all flew away and we saw the Yautja explode from 20 miles away.

KRAAAABOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMM

We saw the huge mushroom cloud and it was incredible.

Lori: That was literally a close one.

Me: Unbelievable! That explosion possessed the power of a 5 Megaton nuclear bomb.

Luan: That was incredible!

Naruto: It sure was.

Me: Cody you were right. The Yautja's possessed incredible power and their technology can destroy everything within a 15 mile radius.

Cody: That's right J.D. Never underestimate the destructive capabilities of the Yautja's.

Lynn: We all believe it now.

Lucy: It's hard to imagine that they have so much destructive power like we do.

Laney: That was incredible guys. I can't believe that they have all that advanced technology which would all be beneficial for humanity and they wield so much destructive power.

Varie: They sure do.

Leni: Totes. It's all amazing.

Carol: But J.D. put up an amazing fight.

Cody: He sure did Carol.

Ronnie Anne: Way to go Lame-o.

Me: Thanks guys.

As we were on our way to the next island I had a bandage on my face and Lisa was dressing my wounds.

Me: Boy he sure did a number on me. But I won and prevailed.

Lisa: Affirmative 2nd Big brother. That Yautja almost eviscerated you.

Me: He sure did. But it was an awesome fight.

I had earned the respect of the galaxies most lethal hunters.

Borneo.

---

We all had arrived in the jungles of Borneo.

Me: Welcome to the Island of Borneo everyone.

Lana: Whoa! It's like my jungle room back home.

Laney: Borneo's rainforests are amazing. They're really beautiful.

Shanan: They sure are. Borneo is known for having some of the most beautiful rainforests in the world. And it also has some of the most amazing plants and animals.

We walked around the jungles and they were really dense and breathtaking.

We then smelled a really foul odor.

Me: Ugh! What is that smell!?

Lori: Lana! Did you literally fart?

Lana: No it's not me this time.

Me: Wait a second. I know that smell.

I show them where it's coming from and it was coming from a huge red flower.

Me: The Rafflesia Flower. I thought so.

Laney: That flower is huge!

Me: It's the largest flower in the world. It's bud is as big as a basketball and the open flower is as big as a car tire.

Lana: That's a huge flower. I can't believe it's that big.

Me: Yeah. It's also the stinkiest flower in the world. It looks and gives off the smell of rotten meat. Which is why it also has the name Corpse Flower.

Everyone: EEEEEWWWWWWW!

Lori: That is literally disgusting.

Leni: Totes. It smells horrible!

Me: It's supposed to smell that way. See all these flies?

We saw all kinds of flies inside the flower.

Lisa: Fascinating. There's lots of Diptera specimens in here.

Me: That's how the flower pollinates. It attracts flies into it in which the flower gets its pollen all over and they pollinate it.

Lola: That's amazing. I had no idea flowers can smell like that and lots of flies can go in. Excuse me.

Lola ran to a nearby bush and hurled her guts out.

Lucy: How long does it take for a flower like this to grow?

Me: Around two years from what I remember.

Lincoln: That's a long time for a flower like this.

We continued on and saw all kinds of animals too. We saw orangutans, snakes, frogs, and more.

Lana: There are so many plants and animals here. I can't believe that Borneo has so much to show us.

Laney: It sure does.

Cody: It's all amazing.

A roar was heard and out came a Sumatran Tiger.

Me: A Sumatran Tiger. One of the Rarest and biggest cats in the world.

Laney: She's amazing.

Lana: She sure is. Also they're critically endangered and hunted for their fur and more.

Lisa: What a beautiful creature. Panthera Tigris Sondaica is one of the most powerful cats in the world.

Tiger: You all are gonna make a fine meal for me. I love a good batch of humans for my lunch.

Me: I'm afraid we are not that appetizing to tell you the truth. We would give you a nasty case of indigestion.

Laney pulled out a huge steak.

Laney: Here. Eat this.

Laney threw the steak and we ran as the tiger ate it.

Tiger: Eh. Steak is much more delicious than humans.

Me: That was a close one. Good thinking Laney.

Laney: Thanks. Always be prepared for anything. I learned all that from the Dark Luan Nightmares.

Luan: You sure have come prepared Laney.

Eddy: You sure have.

We came across the entrance into Borneo Cave.

Me: It's Borneo Cave. The largest known cave in the world.

Nicole: This is gonna be cool for us guys. It took thousands of years to form a cave like this because of erosion.

Me: I believe it.

Lucy: If it's dark. I'm in.

Zoe: Me too.

We go in and we saw the largest cave chamber in the world: Sarawak Chamber.

Me: Whoa!

Lola: This cave is amazing!

Laney: It sure is. (Echoing) HELLO!

Varie: Wow!

Nicole: This is Sarawak Chamber. The Largest Cave Chamber in the world. It's big enough to hold 16 football fields.

Lori: That is literally the biggest cave ever.

Leni: Totes.

Luna: This is amazing dudes.

Sam: It sure is.

Chione: I've never seen a cave room this big. It's unbelievable.

Ben: It sure is.

We put on miners helmets with lights on them and head deeper into the cave.

Lynn: This is all amazing.

Terra: It sure is. Before I knew the comforts of a house and all that I was living in a cave.

Robin: I remember that.

Cyborg: Me too.

Starfire: Which I found completely unacceptable.

Beast Boy: That's how we met Terra.

Me: That's cool guys.

Nicole picked up a rock and it was a limestone rock.

Nicole: This is the coolest part about Limestone. I have a bottle of vinegar with a dropper. Watch.

Nicole dropped some vinegar on the limestone and it fizzed when it came into contact with it.

Sakura: Look at that. It's fizzing.

Lisa: Correct Sakura. When Vinegar comes into contact with the Calcium Carbonate in Limestone it fizzes and releases Carbon Dioxide gas.

Me: I saw that and it was amazing.

Vince: I had no idea that Limestone fizzes when vinegar is on it.

Luan: It sure is a fizzy development. (Laughs to Rimshot) Get it?

We all laugh.

Me: (Laughs) Fizzy Development. That was funny.

Varie: (Laughs) That's funny.

Lynn Sr.: That was a good one.

Rita: It sure was.

Cody: That was funny.

We later exited the cave and we saw a grove with red orchid flowers.

Me: These orchids are beautiful.

Lisa: (Gasp) Sweet mother of all science! That's the legendary Perrinnia Immortalis!

Me: The Blood Orchid!? Like from the movie "Anacondas: The Hunt for the Blood Orchid"?

Vince: I saw that movie and those flowers were beautiful. But those snakes were monsters. No offense Lana.

Lana: None taken Vince but yeah I saw that movie too and those snakes were monsters. Even El Diablo agreed with me.

Me: But I thought that these flowers were fictitious.

Varie: Me too.

Aylene: Same here.

Zoe: But apparently they are real.

Hercules: I remember in that movie that the Blood Orchid is said to have a special chemical in it that scientists want to get in order to extend human life.

Me: That's amazing.

Shanan: It sure is dad. I had no idea such flowers even existed. It's like we're looking at a flower from another world.

Lola: Those flowers are beautiful.

Lucy: They sure are. The color of blood is perfect for them.

Shannon: These flowers are incredible.

We beamed the whole grove to Lana's greenhouse back in Royal York and it was right at home there and we continued to explore the jungles. We saw lots of amazing stuff as well and we later went to our next destination.

# Volcanic Trip Part 30

Part 30: PHILIPPINES

---

Vanzilla 2.0 was in Jet Mode flying to our next destination.

I was in the bathroom and Lisa was changing my bandages on my face.

Lisa: It's getting better J.D.

Me: It looks cool. I have a cool scar on my face.

Lisa: It may look cool for some people but others will not find it cool to them.

Me: That's true.

Lisa: The fight with the Yautja was a tough one 2nd Big Brother. He did a huge number on you.

Me: He sure did. But in the end I triumphed. And he blew himself up in the process. Also when he slashed at me and I blocked his strike I somehow acquired its DNA with my Omnitrix. Ben told me that the Omnitrix acquires the DNA of Aliens when they touch it.

Lisa: Fascinating. I wonder what you can do with the Yautja DNA as Ultimate J.D.?

Me: Lets find out.

I become Ultimate J.D. and activate the Yautja DNA and I had enhanced lightning powers, infrared vision and super strength.

Me: I have Infrared Vision, Super Strength and enhanced Lightning Powers.

Lisa: Interesting.

I reverted back.

In the living room Me and Varie were playing board games with Laney and Ronnie Anne.

Me: Laney you can't hide your secret forever. One of these days your parents are gonna find out.

Lynn Sr.: Find out what?

Laney: (Sighs) Dad I have something to tell you and mom. You remember how you grounded Lola for breaking your special China? Lola didn't break them. I did it by accident. I was doing a dish drill trick in the kitchen when I tripped and the plates broke and one of the shards went through my neck and cut through it.

Laney took off her scarf and revealed her scar. Rita and Lynn Sr. gasped.

Laney: That's why I was wearing this scarf ever since. I was so afraid to show it.

Lynn Sr.: So we grounded Lola for nothing. She took the fall for you.

Rita: Oh sweetie we had no idea. Thank you for telling us.

More of Laney's siblings came forward.

Lori: Mom I accidentally scratched the car a while back with my Rhinestone purse.

Lincoln: Dad I accidentally smashed your disco ball trophy with my remote control plane.

Lucy: Mom I painted your wedding dress black for my dark wedding to Edwin.

Luna: I caused a blackout.

Lana: Dad I chewed up those boots and Charles got blamed for it.

Me: We were having a Secret Club and Lola put a bugged tiara in

Lori and Leni's room and eavesdropped on our meeting and she threatened to tell everyone if we didn't comply to her deeds. She blackmailed everyone and threatened to get everyone in trouble.

Varie: Me and J.D. went into Lori and Leni's room while everyone was with Lola and we found the bugged Tiara and J.D. hatched a plan to get some dirt on Lola to turn the tables on her.

---

Me: (Narrating) I went to Miss Liza's Pageant Training Center and asked the girls there. But all the girls were too afraid of Lola to even spill the beans. I found someone hiding in the closet and it was Lindsey Sweetwater that provided the secret on Lola.

Flashback ends

Lola: (ENRAGED) LINDSEY! I SHOULD'VE KNOWN!

Me: Calm down Lola. I'm not finished yet. You see Mr. Lynn and Ms. Rita, Lola was upset that she wasn't allowed to participate in our secret club because she is a tattle-tale and nobody likes a tattle-tale. When she found out we had some dirt on her, she took the fall for everything her siblings did except for Laney's scar.

Rita: Oh guys. We had no idea.

Lynn Sr.: Oh kids. It's okay. We all have secrets that we want to keep hidden.

Rita: That's right. We're all not angels and we want to have stuff kept hidden. But Lola we're very proud of you for taking the fall for your siblings. We're sorry we grounded you for nothing.

Lola: It's all right Mom.

Lynn Sr.: We don't care about all that anymore. But Laney we're sorry you got that scar.

Me: I showed Laney my scar on my right index finger. I got this from slashing my finger with a broken umbrella spike when I was 11. (I show them my finger) See?

Lynn Sr.: That must've hurt.

Me: It sure did. I had to wear a bandage for a month. My parents know so it's no secret.

Lori: We're sorry we did all that mom and dad.

Lynn Sr.: Oh it's all right kids. We don't care about that anymore.

Rita: But Laney you're lucky that didn't sever an artery.

Me: That's exactly what I said to her.

Laney: Now I'm not afraid to show my scar anymore.

Laney tied her scarf around her waist.

Me: It was gonna come out eventually. Why should you never tell a secret to a clock?

Luan: I don't know J.D. Why should you never tell a secret to a clock?

Me: Because Time will Tell! (Rimshot)

Everyone laughed.

Luan: (Laughs) Good one J.D.

Eddy: (Laughs) That was a good one!

Lynn Sr.: (Laughs) Good one.

Nicole: We're here guys. Welcome to the Philippines.

Me: The Philippines Islands. The 2nd Largest group of islands in the world.

Varie: With over 7,000 islands, it's also home to some of the most beautiful scenery in the world.

Nicole: And some of the most famous volcanoes.

Jessie K: And lots of history.

Luna: This is gonna be rockin dudes!

Sam: It sure is Luvbird.

We landed in Manila, the capital city of the Philippines on the island of Luzon. We drove to Mount Pinatubo.

Me: Mount Pinatubo. This caldera is a volcano.

Jessie K: I know this volcano. On June 15th, 1991 Mount Pinatubo erupted and it produced a very powerful eruption of Krakatoa strength and pumped massive amounts of Zinc, Copper, Chromium, and Nickel and huge amounts of poisonous metals like lead, arsenic, cadmium and mercury to the surface. 800 people were dead, 20,000 people were evacuated and 10,000 people were left homeless. The erupting ash plume mixed with a Typhoon and inundated the area with mud and ash.

Nicole: That's right Jessie. This is what the volcano looked like before it erupted.

Nicole showed us a picture of the volcano about 2 months before it erupted.

Me: It looked like a normal cone volcano.

Nicole: It sure did. But the 1991 eruption reduced it to this caldera here.

We go down into the crater and take some magnificent photos and surprisingly the water in the lake is not as acidic as Kawah Ijen in Java. But we weren't taking any chances.

Later we were at Mount Mayon.

Me: Mount Mayon.

Nicole: That's right dad. This volcano has a violent volcanic history. Its most famous eruptions were back in 1984 and 1993. 75 people were killed because of them.

Lori: That is literally awful.

Leni: Totes. How can volcanoes kill so many?

Lisa: It's primarily because of the chemical composition of the ash clouds and the superheated temperatures of the pyroclastic clouds.

Nicole: That's right Lisa.

Chione: That's awful. I can't believe that volcanoes pack so much destructive power.

Aylene: They sure do. They're a powerful force of nature and one of the most destructive forces on our planet.

Zoe: That's right Aylene.

Cody: It's all amazing.

We saw lots of beautiful scenic points in the Philippines and it was all beautiful.

Later we went to our next destination.

---

Vanzilla 2.0 was in Jet Mode and we were flying west of the Philippines. We were flying to our next destination.

Me: This is gonna be interesting.

Naruto: I wonder what our next destination is?

Lily: We'll find out later Naruto.

Nicole: We're here guys. Welcome to China.

Me: China. It's loaded with all kinds of history and great culture.

Nicole: It sure is dad.

Varie: China is the most populated country in the world with 1.4 billion people in the country alone.

Sakura: That's amazing.

Lincoln: It sure is. China is also home to Kung Fu, Martial Arts and more.

Lilly: That's right Linky.

We arrived in the city of Shanghai.

We learned so much about all of China and all the cities, buildings and history. The buildings were an amazing marvel and the food was awesome. We saw lots of unique stuff and learned alot across all of China.

Me: China is just as amazing as I remember it.

Vince: It sure is amazing.

Chione: It's all amazing. I love the food and learning about the buildings.

Ben: It's all fun.

Zoe: Beijing and Shanghai are my two favorite cities.

Hercules: Mine too.

We later learned alot of Martial Arts moves in Tibet in the Xiaolin Arts and the arts of Tae Kwon Do and many more. We set out for our next destination later.

There's so much in China that it's unbelievable.

# Volcanic Trip Part 32

Part 32: JAPAN

Vanzilla 2.0 is in Jet Mode and we're flying to our next destination.

We are watching a movie. It was "The Lion King" from 1994 and we were watching the most epic scene in all of Animation.

Mufasa's Ghost: Simba you have forgotten me.

Simba: No. How could I?

Mufasa's Ghost: You have forgotten who you are and so forgotten me. Look inside yourself Simba. You are more than what you have become. You must take your place in the Circle of Life.

Simba: How can I go back? I'm not who I used to be.

Mufasa's Ghost: Remember who you are. You are my son and the one true king.

Simba was shocked at what he was hearing. He was destined to become the king of the Pridelands and that Scar was never to be the King.

Mufasa's Ghost: (Fading) Remember who you are.

Simba: No! Please! (Runs after him) Don't leave me!

Mufasa's Ghost: Remember.

Simba: Father!

Mufasa's Ghost: Remember.

We all were stunned.

Me: I'll never forget that scene. That was really epic.

Lincoln: It sure was.

Jeri: Scar, you're a monster.

Kion: I just can't believe that Scar would kill Grandfather Mufasa like that.

Bunga: Yeah. My uncles told me that Scar was the worst lion ever.

Beshte: That's what I remember too.

Ono: It's hard to imagine that Scar was that evil. He got what was coming to him.

Fuli: He sure did.

Janeen: Now from what we learned in the Pridelands we have Zira and the Outsiders to worry about.

Kion: That's right. But that's not for a while.

Lola: Scar and Zira are both monsters that belong in the Netherworld.

Lana: That's right Lola.

Nicole: We're here guys.

I turn off the TV and we had arrived at our next destination: Japan.

Nicole: Welcome to Tokyo, Japan.

We had landed in the capital city of Japan and it was one of the most amazing and most crowded cities in the world.

Lori: So this is Tokyo. It's literally so busy and so crowded.

Me: I remember Lori. Tokyo is home to more than 13 million people and that's just in Tokyo. Japan in its entirety has over 127 million

people.

Lisa: Correct 2nd Big Brother. Japan has an area of 145,936 square miles and it's on the brink of being overcrowded.

Naruto: It's a small place but it's totally crowded.

Sakura: It sure is.

Fu: It's amazing.

Me: It is. Also Japan is one of the United States biggest trade and export partners. We get most of our cars and technological items from here.

Lynn: I heard that Judo and Kendo are the most popular sports here.

Lincoln: They are Lynn. I don't know Judo or Kendo.

Lynn: No sweat bro. I'll help you.

Linka: I would like to join too.

Lynn: Okay.

Naruto: There's also so much to do here. So I'm gonna make some Shadow Clones and have them go with everyone so we can learn.

Sakura: Same here.

Fu: Me too.

Nicole: All right then. We have so much to do here in Tokyo. It's full of attractions and the food is good too.

Me: That's right.

---

Our first stop is a temple. We arrived at a really awesome temple.

Laney: Whoa. What a cool Japanese temple.

Me: It sure is Laney.

Naruto saw a familiar symbol on it too.

Naruto: I know that symbol on the side.

Me: We all do. That's the crest of Samurai Jack.

?: That's right.

We turn and saw Ashi and her sisters.

Me: Ashi?

Ashi: Actually J.D. we are the descendents of Ashi and Jack and Ashi's sisters. I am Ashi Hoki XIX.

Me: Wow. You all look so much like your ancestors when we worked alongside them as the Brave 12.

Avi: We get that alot. I'm Avi Hoki XII.

Ami: I'm Ami Hoki X.

Ana: I'm Ana Hoki XVII.

Asia: I'm Asia Hoki XIV.

Ara: I'm Ara Hoki XIII.

Aki: And I'm Aki Hoki XV.

Me: It's a pleasure to meet you all.

We introduced ourselves.

Ashi XIX: It's an honor to meet you all.

Me: It's like a reunion of the Brave 12 set 992 years into the future.

Ashi XIX: (Laughs) It does feel that way.

Lori: J.D. read us your family's book and it was literally amazing.

Leni: Totes.

Luna: It was an adventure worth remembering dudes.

Avi XII: Lets show you inside.

We went into the temple after taking off our shoes as part of the Japanese custom. We saw the family sword and it was still the traditional weapon for the Hoki family. We saw an amazing tapestry on the wall that was Me, Varie, Vince, Naruto, Sakura, Fu, Jessie B, Lincoln, Laney, Lisa, Lily and Jack with Ashi and her Sisters fighting against Aku and in separate squares all over the tapestry were everything we had done, all the people we helped in regaining their hope and courage and freedom and all of our achievements that we did on Earth and planets across the galaxy before the fight to take back our planet.

Me: Wow. It's a tapestry of our adventures as the Brave 12.

Lori: This is literally amazing.

Cody: You guys did all this as the Brave 12? That's amazing.

Zoe: We read Jack's book and it was amazing.

Hercules: It sure was.

Ami X: Yes. This tapestry has been in our family for centuries. Our ancestors fought valiently with you against Aku.

Ana XVII: It was all an amazing fight our family will never forget.

Me: None of us will. It was one of the most amazing adventures that we'll never forget. And it all took place 9,000 years into the future.

Avi XII: It was all an amazing adventure for all of us and it was unforgetable.

Varie: It sure was.

Jessie B: I'll never forget that adventure. It was the most amazing adventure we had ever had.

Me: Yeah. But something has been puzzling me for a long time after all that. Who was the cult leader of the Women of Aku?

Ashi XIX: That was our biological ancestral mother. She was the High Priestess and leader of the cult.

We later saw a picture of a woman with long black hair and a mask of the Women of Aku in her hand and she was dressed in all black.

Ashi XIX: Her name was Amiko Akuma. She was an insane woman and she was the leader of the Women of Aku.

Naruto: So she was the leader of one of our most dangerous enemies when we were the Brave 12?

Ana XVII: Yes.

Carrie: She is like my mother.

Ashi XIX: She was actually worse than your mother Carrie and you have our sympathies for what happened during your ordeal in Maine.

Avi XII: Yeah. That was awful. We're sorry that happened to you Carrie.

Carrie: Thanks Avi.

Ami X: But we've forgiven our ancestral mother and it all wasn't her fault. Aku is the one that did all those acts of evil that poisoned her mind with all that evil.

Lucy: It's hard to imagine that Aku is pure evil beyond its purest form. I may have been born from the Darkness but Aku gives everything that the Darkness represents a really bad name.

Haiku: I agree Lucy.

Linka: It's all absolutely terrible that Aku could do all those horrible atrocities and do them all without so much as a single shred of remorse, guilt, mercy, decency, empathy or any of that.

Laney: Yeah. He was absolutely ruthless and he delighted in causing all kinds of chaos, pain, suffering, terror and destruction.

Nicole: That's right. It's hard to imagine that he is that evil and how he puts even the Devil himself to shame.

Lori: No kidding. It's hard to imagine that he would literally cause so much pain and suffering.

Naruto: I know. We saw it in a dream that was a vision into the past. It showed us that Aku killed all the dinosaurs here and he spread over much of the area like some kind of cancer.

Carnage: That was horrible. I saw that in your memories Naruto. That was awful how he can be that evil.

Naruto: That's right Carnage. He puts even Cletus Kasady to shame.

Carnage: (Laughs) That's true.

Ashi XIX: Nonetheless Aku got what was coming to him.

Me: He sure did. And the Legacy and Deeds of the Brave 12 will forever echo throughout all of history in the world and in planets across the endless reaches of the galaxy.

Varie: It was amazing.

Avi XII: It sure was.

Ashi XIX: We're also planning on moving from Japan to Royal York, Michigan after you leave Japan.

Me: Oh wow. It'll be awesome having you all in America.

Ashi XIX: It sure will.

---

Later we arrived at one of Japan's most famous volcanoes: Mount Fuji.

Nicole: Here we are guys. Mount Fuji.

Me: I love this volcano. It's one of the most beautiful volcanoes in the world and it's a perfect cone shape volcano.

Lola: It sure is pretty.

Lana: It's amazing.

Laney: When was the last time it erupted?

Jessie K: It last erupted back in 1707. Mount Fuji has been laying dorment for 300 years.

Laney: Oh wow.

Lisa: Correct Jessie.

Nicole: Also Mount Fuji is gonna erupt sometime in the future. The 2011 Tōhoku earthquake caused speculation that the volcano is getting ready to erupt. We have strong suspicions that Mount Fuji is going to erupt at any time after 300+ years of dormancy.

Luna: Dude that's not good.

Luan: No it's not.

Lynn: It could destroy all of Japan.

Me: No it doesn't have that kind of power. But everyone has to be prepared should a volcano erupt.

Nicole: That's right dad. They have to practice Volcano Evacuation Drills and know what to do and be ready should a volcano be ready to erupt. When you live on the Pacific Ocean Plate you're sitting on a ticking time bomb. Loaded with earthquakes and volcanic eruptions.

Me: That's right.

Riley: I had no idea it was that dangerous to live here or on any part of the Pacific Ocean.

Laney: It's very unusual Riley. But it's very dangerous here.

Lucy: This volcano is really cool though.

Lincoln: It sure is.

Mary: It's also on the back of the ¥500 Bill. [Holds up a bill] See?

Luan: It sure is. It's one thing to Cash in. (Laughs to Rimshot) Get it?

We all laugh.

Me: (Laughs) That was a good one Luan.

Eddy: (Laughs) Good one.

Raven: (Laughs) Cash in. (Laughs) I just got it.

Cody: (Laughs) That was funny.

* * *

Later we were in the small city of Hiroshima.

Me: Hiroshima, Japan.

Varie: This place has alot of history that dates back to World War II.

Jessie K: That's right mom. It's most famous event was the dropping and detonation of the first ever Atomic Bomb created and detonated by the United States. On August 6, 1945 the United States Air Force dropped the first ever atomic bomb codenamed Little Boy onto Hiroshima and it exploded with 15 kilotons of TNT. Killing 146,000 people. Most of them were Japanese Civilians.

Everyone: Wow!

Laney: That's awful.

Me: It was. That was 72 years ago and it brought us into the age of Weapons of Mass Destruction.

Lori: That was literally awful.

Leni: Totes.

Luna: Dude. I've read about that and it was horrible.

Lincoln: But wouldn't this place be rendered completely uninhabitable because of Gamma Radiation?

Me: That would be the case but no. The cities of Hiroshima and Nagasaki are now safe to live in.

Jessie K: I know a strange place here in Hiroshima. Let me show you.

We walk to a place in Hiroshima called the Atomic Dome.

Jessie K: This is the Genbaku Dome. It's also called the Atomic Dome. It's one of the surviving ruins of the Detonation of the Atomic Bomb in Hiroshima.

Me: I remember this. It's amazing that this building survived the explosion.

Varie: The shockwave from the blast destroyed everything here didn't it?

Jessie K: Yes mom it did. But surprisingly this building is still standing after 72 years. We're gonna go in.

Me: Just to be on the safe side, some of us should put on our radiation suits.

We did so and went in. My geiger counter was clicking fast.

Me: There's still Gamma Radiation here.

Naruto: It's still here even after 72 years?

Me: Radiation can last from 10,000 to 1 Million Years bro.

Naruto: That's bad.

Lola: This building is like Chernobyl.

Lana: It sure is. I can't believe that it survived the explosion and is completely irradiated.

Me: Yeah. It's amazing though.

---

Later we were at the volcano Mount Unzen.

Lily: What volcano is this one?

Nicole: This is Mount Unzen. This volcano is known widely throughout all of Japan and the world.

Nicole took us to a grave sight and on the cross was the name Maurice & Katia Krafft.

Nicole: On this volcano in 1991 during its eruption, a pyroclastic flow killed my heroes in the world of Volcanology: Maurice & Katia Krafft. They were the greatest volcanologists in the world and they will always be my inspiration even (Sniffles) in death. (Voice Breaking) They were the greatest in the world. (Crying) They were my heroes!

Nicole broke down crying and I comforted her.

Me: It's all right. Just let it all out.

Lola: Oh Nicole.

Laney: Nicole I'm so sorry. I know you weren't born back then. But I can tell that they are very important to you.

Lana: I'm so sorry Nicole.

Lisa: Me too Nicole.

Varie: Oh sweetheart I'm sorry they died but it was way before your time.

Nicole: (Crying) I know mom! They are more than just my heroes! They were the reason why I became a volcanologist!

Naruto: I know they were that important to you sis. But their legacy will forever live on in the world of volcanology. They are your heroes and they will always be remembered.

Me: That's right bro. Nicole they were the match that lit the candle that made you into a great volcanologist that you are now. Sure the match is out but the candle will always burn.

Luna: That's right brah. You know so much about the worlds volcanoes that no one else hardly ever knows.

Rita: You are a great volcanologist Nicole and nothing will ever change that.

Nicole starts feeling better.

Nicole: (Sniffles) Thanks guys. I feel better now. You're all right. Maurice and Katia Krafft made me into a great volcanologist and it's part of who I am no matter what. I'm also a Shinobi, an astronomer and a great hero and source of inspiration to many.

Me: That's the spirit Nicole.

We paid our respects to Maurice and Katia Krafft.

---

Later we were in Ōkuma, Japan.

Me: This is Ōkuma, Japan.

Laney: Where is everybody?

Me: It's been turned into a ghost town because of the 2011 Earthquake.

Jessie K: That's right dad. The Daiichi Nuclear Power Plant exploded after a 9.1 Magnitude Earthquake rattled the area and a tsunami swept the area. The epicenter of the earthquake was off the coast of Sendai. The Tsunami disabled the power plants emergency generators and the cooling pumps were off. This resulted in an explosion that caused a meltdown and lots of radiation was released into the area. It made the city of Ōkuma uninhabitable like

Chernobyl.

Lori: That's awful. I literally saw that on the news and that was horrible.

Carol: How much damage was dealt to this area?

Me: $360 Billion in damages.

Haiku: That's awful.

Raven: How many people died?

Me: 1,600.

Lincoln: That's awful.

Lilly: It sure was.

Leni: Totes.

Jessie K: But the people are slowly returning to the city. The Radiation is not as bad as it was 6 years ago. But the area around the Daiichi Nuclear Power plant has been blocked off. The Plant takes up 3% of the area and they excluded the area.

Sakura: That's good.

Fu: Lets hope this town can get back on their feet after such a horrible tragedy.

Hinata: Yeah.

* * *

Later back in Tokyo we were seeing that Tokyo is really crowded. I explained that Tokyo is gonna build some future skyscrapers to reduce the Tokyo Land Crunch.

Me: Tokyo's urban problems are huge guys. So they have decided to come up with ways to reduce it significantly.

Lori: How are they gonna do that?

Me: I saw these buildings on some documentaries. One building is called Sky City 1000.

Luna: Sky City 1000?

Me: Yes. This is what it will look like.

I use my magic to show what it would look like.

Me: It's a superhighrise skyscraper that's over 3,200 feet high and it's a multi-purpose building that will house over 100,000 people and it will have lots of jobs, schools and more inside it.

Varie: It's really cool.

Leni: That is totes amazing!

Laney: When will it be built?

Me: It said the year 2160. 143 years into the future. It's gonna take an armada of cranes and lots of building materials to build it.

Lola: That's amazing.

Later we went to Tokyo Bay.

Me: This is Tokyo Bay and it's the future sight for the Shimizu Mega-City Pyramid. This is what it will look like.

I use my magic to reveal what it will look like.

Luna: Dudes! That is amazing!

Lynn: It sure is.

Laney: When is that gonna be built?

Me: It said the year 2110. It's actually a 3,000 foot high structure that will house buildings suspended inside it and it will have a population of 750,000 people.

Lucy: What will it be made of?

Me: It was supposed to be made of glass, steel and concrete. But it would weigh tens of trillions of pounds and it would collapse on its own.

Lisa: Correct 2nd big brother. (Does an equation) Given the sheer amount of weight of all the construction materials and amount of weight of 750,000 human individuals inside the buildings it would all collapse into the ocean after 1 week of being complete.

Me: That's right Lisa. So in order to get around that problem we have to use a lighter material and it's carbon. Carbon is 1,000 times stronger than steel and much lighter. But another problem surfaced. The mega tresses would weigh millions of pounds and no crane would ever be able to lift them. So they turned to world famous architect Dante Bini. He created a lucrative idea to solve a complex problem in architecture: How to build a dome. This was done in the 1970's and his idea was to build a dome using air. This method works well today. His idea for lifting tresses that weigh millions of pounds was to use a huge balloon that would lift them into place.

Lana: That's an amazing feat of engineering.

Lily: It sure is.

Rita: That is ingenius.

Lynn Sr.: It sure is honey. It's gonna be really hard to do all that though.

Me: It is. But in order to make the tresses for the whole thing they're gonna use Robot Factories. They will be spider-like and they will make the tresses with ease. I'm sorry if I scared you Leni.

Leni: No it's all right J.D.

Lincoln: You got to admit though that is so cool.

Linka: It sure is.

Janeen: I have a feeling we're gonna see it in the future.

Lori: But why can't they build it on land?

Me: Because that would cost way too much money. It would cost more than $10,000,000,000 a year. So they decided to build it on the water because it's much cheaper. Plus they are gonna power it with Hydrogen from Algae, Solar Energy from the Sun and wave power from Ocean Waves.

Lori: So it's literally going to be environmentally friendly?

Me: That's right Lori. It's gonna be a huge feat in architectural engineering that's both green and energy efficient.

Laney: It sure is.

Later we left for our next destination after enjoying some of the sights and sounds and the food.

Continues in Part 33.

# Volcanic Trip Part 33

Part 33: ALASKA

---

Vanzilla 2.0 was flying over the Bering Sea in Jet Mode. We were dressed in our winter clothes.

Me: So our next destination is in North America.

Nicole: Yep. You guys are gonna love it.

Lily: I think I know where we're going. We're going to Alaska.

Nicole: You hit the nail right on the head Lily.

Me: I love Alaska. But it gets really cold there during the winter.

Varie: That's right.

Aylene: It's gonna be cold there now.

Naruto: Yeah.

Nicole: We're here guys. Welcome to Anchorage, Alaska.

We arrived in the city of Anchorage, Alaska. It was amazing.

Me: Anchorage, Alaska. One of my favorite cities in the state.

Varie: It's beautiful and the view of the Rocky Mountains is amazing.

Cody: Out of all the places I've been to in the United States, Alaska is the one place I haven't been too.

Lily: I've been here before. It was really cold. I was in Nome, Alaska during the 1925 Diphtheria Serum Run.

Me: I remember that.

Zoe: That was amazing Lily.

Nicole: It sure was. The food here in Alaska is awesome.

Lori: I'm sure it is Nicole.

---

We arrived at our first stop in Alaska: Mount Katmai.

Me: I know this volcano. I did a project for it at school years ago. It's Mount Katmai.

Jessie K: That's right dad. In 1912 the volcano Katmai erupted and it and its sister volcano Novarupta erupted with a more powerful eruption that was 30 times more powerful than the 1980 eruption of Mount St. Helens. This sent Pyroclastic Flows all over the area resulting in the creation of The Valley of Ten Thousand Smokes.

Lori: That is literally incredible.

Leni: Totes.

Luna: Dude. That was incredible.

Sam: No kidding.

We walked around the area and it was all a cold and desolate wasteland. It was scary.

Janeen: This place is really creepy.

Naruto: It sure is.

Sakura: It's scary too. It's like were on an alien planet.

Fu: It does feel that way.

Rin: Yeah.

---

Later we were in the famous town of Nome, Alaska. The

Temperature was -10 degrees with -40 degree wind chill.

Me: Nome, Alaska.

Lily: Yep. This is the town I know all too well. That was considered my most treacherous adventure ever. I was helping Balto find the lost sled dog team and help them deliver the Diphtheria Antitoxin to the people here. The town was dying and I was risking my life to save them.

Me: I remember that. The temperature here can drop to -50 degrees with -80 to -90 degree windchill. Whiteout conditions, zero visibility, 40 to 50 Mile Per Hour winds, it's all brutal and treacherous.

Jessie K: Nome is widely known for the 1925 Diphtheria Serum Run. Kids all over Nome were struck with Diphtheria. A bacterial infection that causes you to stop breathing. It can kill you. Nome ran out of its supply for Diphtheria antitoxin and immediately requested more from Juneau. If they didn't get it the whole town would die. They tried delivering it by sea. But the pack ice from the Bering Sea moved in too quickly and it would sink the ships had they continued. They tried doing it by plane. But whiteout conditions and zero visibility made that impossible. It grounded all planes until further notice. So they took the medicine by train from Anchorage to Nenana. 550 miles north of Anchorage and 550 miles east of Nome. They had to pick the fastest sled dogs for the job and they were gonna go from Nome to Nenana and back.

Lily: That's right. I arrived in Nome in the winter of 1925 and saw all the children in critical condition and from there I went with Balto the wolf dog and we found the lost sled dog team 125 miles east of Nome. The original sled dog Steele deserted them and Balto assumed his position as lead dog and I was the musher.

Naruto: What happened to the musher?

Lily: He was knocked unconcious and I became musher in his place. I told Balto that being part wolf is not a curse but a great gift. And thanks to me and Balto we made it back to Nome. A signal beacon was made from an artificially created aurora borealis.

Me: I saw that. That was incredible.

Lynn Sr.: We're very proud of you Lily.

Rita: You were a powerful force that day.

Lori: Hey guys look at this.

We saw a statue of Lily in the middle of the town square and she was holding a heart in one hand and she was holding the flag of Alaska in the other and Balto was beside her.

Me: It's a statue of you and Balto, Lily.

Lori: This is literally amazing.

Me: There's a plaque on it. [Reading it] "Dedicated to the heroic, selfless and courageous deeds of Lily Marie Loud and Balto who saved all of Nome, Alaska from a terrible event and risked their lives to save all the children and people of Nome in the winter of 1925 in the Diphtheria Serum Run. True Heroes of Nome and the Alaskan Wilderness." Wow! Lily this is a huge achievement!

Lily: I never knew I had a statue made for me and Balto.

Varie: There's also one in New York City's Central Park I'll bet.

Me: I'm sure there is too.

Laney: Lily I'm so proud of you.

Lily and Laney hugged.

Lily: Thanks big sis.

Lori: That was literally the biggest adventure for you Lily.

Leni: Totes. You saved lots of people that day.

Luna: Yeah dude that was rockin'!

Luan: You sure had a Frozen Adventure! (Laughs to Rimshot) Get it?

We all laugh.

Me: (Laughs) That was a good one Luan.

Eddy: (Laughs) Good one.

Me: Lets take a picture.

I make a Shadow Clone and gave him a camera and we all stand in front of the statue and Lily was standing in front of us.

My clone: Say "Alaskan Fun"!

Everyone: Alaskan Fun!

We had our picture taken and it was a great panoramic picture.

---

Later we were back in Anchorage and we were at a delicious restaurant eating different kinds of food. I was having a plate with King Crab, Caribou, Reindeer Sausage, Alaskan Salmon and dessert.

Me: Mmm. I love Alaska's food. It's so delicious.

Lori: It's literally delicious. I love the King Crab Legs.

Leni: Totes. I love the sausage and the salmon. It's so good.

Luna: My favorite is the Salmon and the Mashed Potatoes.

Luan: I like the Snow Crab. It's sweet and delicious and it sure is Crabby! (Laughs to Rimshot) Get it?

We all laugh.

Me: (Laughs) That's a good one Luan.

Eddy: (Laughs) That was funny.

Lisa: Affirmative elder sister. The Chionoecetes Opilio; Street name: Opilio Crab is succulent and delicious.

Naruto: It sure is.

Me: Alaska gets its Opilio Crab from the Bering Sea. Have you guys ever watched that show "Deadliest Catch"?

Lynn: I've seen that show. It was intense.

Lincoln: It sure was. Being in the Bering Sea is really dangerous.

Lucy: I like the sausage and caribou. It's delicious.

Zoe: It's all delicious. I could eat it all.

Hercules: Me too.

Rin: It's all delicious.

Penny: It sure is.

Lynn: So where are we going next?

Nicole: You'll love it guys.

Linka: I can't wait to see it.

Janeen: This has all been fun so far.

Later we walked around all of Alaska and saw lots of great places and awesome features in the state and in the Rocky Mountains. We then went to our next destination.

Continues in Part 34.

---

What I said about Katmai is true. I did a project for school for it.

# Volcanic Trip Part 34

Part 34: HAWAII

---

Vanzilla 2.0 was in Jet mode and we were flying to our next destination.

We were very excited for it.

Nicole: We're here guys. Welcome to the Hawaiian Islands.

Me: Hawaii.

Lincoln: This is where we were reunited after 221 years Lilly.

Lilly: It sure was.

Lori: That was literally the sweetest thing I've ever seen.

Leni: Totes. It sure was Linky.

Me: I love Hawaii. My mom and dad used to live here years ago. They lived on the island of Maui in Kapalua.

Varie: Oh wow. That's cool.

Lynn: I heard that Maui is home to some of the biggest waves that are perfect for surfing.

Lincoln: Surfing has always been something I've wanted to try.

Me: That's what Hawaii is known for. Not only is it home to some of the most amazing conditions for surfing but it has some of the most famous volcanoes and the best food.

Nicole: Yep. We're going to look at all the Islands of Hawaii. Our first stop is the Big Island: Hawaii.

Hawaii.

We were walking on the Big Island of Hawaii and we were wearing tropical Hawaiian shirts.

Me: The Big Island of Hawaii. It's just as beautiful as I remember it.

Varie: It sure is.

Luna: This is amazing dudes.

Sam: It sure is.

Janeen: It sure is. I've always wanted to come here to Hawaii.

Yuko: Me too.

Eddy: It's magnificent. Last time we were here was when we went to the beach.

Luan: That's right Eddy.

Nicole: You guys will love our first stop here on the big island.

We went to the most famous volcano on the Big Island of Hawaii: Kīlauea.

Nicole: Here we are guys. This is Kīlauea. Hawaii's most active volcano.

Lola: So this is Kīlauea. It's beautiful but it looks scary.

Me: That's what volcanoes sometimes look like Lola.

Nicole: You haven't seen anything yet here.

We then saw Kīlauea Lava Lake and it was an amazing sight.

Me: Kīlauea lava lake. This is unbelievable.

Naruto: It sure is.

Lola: This is what lava really should look like. Lengai's lava was unusual compared to this.

Me: It was but that's part of it.

Lana: It sure looks hot.

Nicole: The temperature here is 2,200 degrees fahrenheit. Let me show you something awesome.

On an area of Kīlauea we saw lava flows on the surface and it was bubbling and on fire. The lava was extremely hot and it was making some of us sweat like pigs.

Me: Whoo! That is hot!

Varie: It sure is.

Lola: So this is how hot Lava is on Kīlauea. That is really hot stuff.

Me: You don't want to touch it either. It's hot enough to burn a limb off in seconds.

Lily: Ouch.

Lucy: That is really hot.

Laney: It sure is.

Linka held her hand over it and instantly pulled it away when she felt the big heat.

Linka: YIKES! Wow! That is hot!

Me: It's 2,200 degrees Linka. It can deliver burns from 4 to 5 feet away.

Nicole pulled out a metal rod that had a metal spoon on it.

Nicole: This is the most dangerous part about being a volcanologist. When they get samples of molten hot lava with a long rod and spoon. Once it's taken you really feel the heat.

Nicole cut the lava and pulled out some lava and it was really hot. We were really sweating now.

Laney: Man! That is really hot!

Shannon: No kidding! Whew! I'm sweating like a pig here.

Me: Whew! Boy you can get a wicked heat rash from that!

Lisa: Affirmative 2nd big brother.

Varie: That is hot stuff. It must be 3,000 degrees fahrenheit.

Nicole: That's right mom.

Nicole scooped up the lava.

Lily: Let me cool it down Nicole.

Nicole: Okay,

Nicole held the lava over the rocks and Lily splashed it with water and the steam coming off it was amazing.

Lori: That is literally amazing.

Edd: The steam coming off of it is amazing.

Ed: It sure is Double D.

Linka: Yeah.

Naruto: That is potent. I can't believe that Lava is that hot.

Rin: Me neither. It's amazing though.

Natsumi: It sure is. But look at that. The Lava in some spots has blue fire.

Me: That's methane. Methane gas burns blue when it's on fire.

Laney: That is weird.

Lisa: It's a very fascinating chemical reaction.

Sam: I didn't know about this.

Luna: Me neither dude.

Nicole took the lava sample and it was Pumice Rock and it was amazing.

Nicole: Pumice rock.

Lynn: Cool. I heard that Pumice floats on water.

Nicole: That's right Lynn. Pumice has lots of air pockets in it that make it float in water.

Later we saw another awesome spectacle near the ocean. Streams of lava were flowing into the ocean and creating a huge wall of steam.

Shannon: That is so cool!

Nicole: It sure is Shannon. This is the most famous part about Kīlauea volcano. Streams of lava pour into the ocean and create these huge curtains of steam. The Best way to see them from another angle is by helicopter. The lava from Kīlauea makes the island grow.

Lincoln: That's right. Because it's on a hot spot here in the middle of the Pacific Plate.

Terra: It's all amazing.

Raven: It sure is.

Sam: Wait. I remember that I got my powers because of the Phoenix of Pele, the Hawaiian Goddess of Fire. I would like to see if I can try to speak to her.

Me: All right Sam.

We went to the Lava lake in Kīlauea and Sam kneeled and prayed to Pele.

Sam: Lady Pele my name is Sam Sharp Loud and I was chosen by you when I got my powers of fire. I need some help in learning more about my abilities. I need to know. What else can I do with my powers?

Suddenly the ground rumbled and then a massive fountain of lava and fire exploded out of the lava lake. A big glob of lava landed by Sam and exploded and began to take form. It became a beautiful woman with black hair and Hawaiian clothes and she had fire in her hands and wings made of pure fire.

Sam: Lady Pele. It's an honor to meet you.

Pele: Yes Sam. It's a pleasure to meet you too. I gave you my powers for a reason. I chose you to help the people you most care about and to help bring justice to those that have threatened the balance of the world and the universe.

Sam: I am honored Lady Pele. I had no idea that we all were chosen for that purpose.

Pele: Yes. I will grant you the knowledge needed to learn more about what powers you have.

Pele threw a ball of fire and it hit Sam on the forehead and a flame appeared on her forehead. It took Sam 20 minutes to digest the info Pele gave her.

Sam: Thank you Lady Pele. I now know everything about what I can do.

Pele: If you ever need any advice just ask and I will speak to you through that flame on your forehead.

Sam: Thank you.

Pele left and Sam felt like a whole new person.

We went to the next volcano on the big Island: Mauna Kea.

Me: Mauna Kea Volcano.

Nicole: That's right dad. This volcano is the tallest volcano in Hawaii.

Jessie K: Yeah. Here's a strange fact. If all the oceans on Earth dried up, this volcano would be the tallest mountain in the world at 33,500 feet high.

Everyone: Wow!

Me: I remember reading about that. That is a strange fact but it's really cool.

Lori: It literally is.

Leni: Totes.

Sam: That's amazing. I had no idea that Mauna Kea would be taller than Mount Everest.

Nicole: Yeah but the fish wouldn't like it. Without water there's no life or anything.

Me: That's right.

Vince: It's hard for anything to survive without water or oxygen.

Me: That's right partner.

Cody: Yeah.

Lisa: That's correct. Life can't flourish on any planet if there's no h2o.

Aylene: Yeah.

---

Later we were at a famous restaurant widely known throughout all of Hawaii: Bubba Gumps Shrimp Company.

Lori: The shrimp here is literally delicious.

Me: It sure is Lori. Bubba Gump came from the movie Forrest Gump in 1994. It's very popular in various spots all over the Pacific Ocean and parts of England and Spain.

Naruto: It's delicious.

Sakura: It sure is.

Fu: Mm. It's really good.

Hinata: It sure is.

Jessie K: I could eat everything here. It's really good stuff.

Mary: It sure is.

Anna: I love the shrimp.

Leni: Totes. It's really good.

Later we went on a Catamaran and went whale watching. We saw lots of humpback whales and dolphins.

---

MAUI

We later went to the next island: Maui.

Me: The island of Maui. My mom and dad used to live here for a while. They lived on the Kapalua golf course.

Lincoln: J.D. that's really cool.

Lilly: It sure is.

Me: I'll show you.

We went to Kapalua Golf Course and it had a tremendously beautiful view of the ocean.

Me: Here we are guys. Kapalua Plantation Course.

Lori: It's literally perfect and it would make a great spot for the High School Varsity Golf Team to play.

Me: It sure would Lori. This course is also home to where the PGA Hawaiian Open plays.

Linka: That's so cool.

Me: Yeah. My dad golfs alot and he is a great golfer.

Lynn Sr.: That's amazing J.D. I play golf alot and it's a great sport.

Me: That's cool Mr. Lynn.

Lynn: That's awesome dad. I started getting into golf and I'm getting good at it.

Me: That's great Lynn. I'm glad those golf lessons me and Lori gave you are paying off.

Lynn: Thanks J.D.

Later at a beach we were there to witness the start of the famous Big Kahuna of Hawaii Surfing Contest.

Lincoln: Whoa! Everyone has surfboards ready.

Me: This spot on Maui is home to the legendary Big Kahuna of Hawaii Surfing Contest.

Lynn: Cool!

Jessie K: The first one to ever win it was the founder of Hawaii: King Kamehameha I.

Naruto: That's amazing Jessie.

Rin: How do you win it?

Me: It's not easy. You have to really impress the judges by performing the best surfing moves on waves as big as houses.

Varie: Yeah. If you get a great score you win a trophy and a lei on the statue of King Kamehameha.

Lincoln: That is so cool!

Lynn Sr.: I can teach you how to surf son. After all I was the Big Kahuna Surfer 20 years ago.

Me: I didn't know that Mr. Lynn.

Luna: That is rocking pop star!

Rita: Oh honey that's amazing.

We walked up to a registration booth and signed Lincoln and Lynn up. The contest was not for 3 more hours so Lynn Sr. taught Lincoln how to surf and Lincoln absorbed everything he learned from Lynn Sr. like a sponge. Later it was time for the contest.

Announcer: And welcome to the annual Big Kahuna Surfing Contest and we have an awesome treat for you all today.

After the rules were explained it began and they got on their surfboards and saw a huge wave coming. It was 50 feet high and Lincoln and Lynn were demonstrating some awesome surfing moves. Lincoln and Lynn pulled off a successful pipe wave surf. All the other surfers wiped out until it was only Lynn and Lincoln.

I was looking through binoculars and watching the whole thing.

Me: Wow! Lincoln and Lynn are evenly matched.

Varie: They sure are.

Lincoln: We're too matched. But there is one move that can make sure that I win.

Flashback.

Lynn Sr.: Now Lincoln there's one move that no surfer has ever dared to attempt: The Reverse 720 degree Topside surf. It's so dangerous that no one has ever even dared to attempt it. They wipe out with ease because of it. So don't do it.

Lincoln: I won't dad.

Flashback Ends.

Lincoln: I have no other choice.

Lincoln surfed along the walls of the wave and went into the air as the wave crested and spun counter-clockwise twice.

Me: Oh no! He didn't!

Lynn Sr.: Not the forbidden move!

But Lincoln managed to defy the absolute impossible and he successfully did the move without any problems as he landed on the top of the wave. We were all shocked and ecstatic as we cheered wildly.

Me: He did it!

Lynn Sr.: (Shocked Beyond all Words) I can't believe it! (Faints)

Announcer: WHAT A GREAT SURF! LINCOLN LOUD DEFIED THE IMPOSSIBLE AND COMPLETED THE IMPOSSIBLE MOVE IN SURFING!

Lynn: So that's how you want to play it.

Lynn attempted to do the same thing but she wiped out and Lincoln had won.

Announcer: LINCOLN LOUD WINS!

We all cheered wildly for him as he came on shore and Lynn was on the shore.

Me: Lincoln you were awesome buddy!

Lilly: Oh Linky!

Lincoln and Lilly kissed.

Lynn: Lincoln you were awesome!

Lincoln: Thanks Lynn. But thank you dad for teaching me.

Lynn Sr.: You're welcome son. (Crying with joy) I'm so proud of you!

Announcer: Lets see the scores.

The judges gave Lincoln a perfect score. All 10's down the line.

We cheered wildly for him and Lincoln was awarded a gold trophy that had a surfboard on it and he was given a Lei to put on the statue and it was awesome. Lincoln also became the first ever surfer to pull off one of the most dangerous moves in all of surfing.

Later we were on our way to the next island.

---

## OAHU

We went to the next island: Oahu.

Me: The island of Oahu. One of my favorite islands and it has lots of history behind it.

Varie: It sure does.

Me: There's also a famous event here that is widely known throughout all of the USA. Let me show you all.

We went to the coast line and we were at the famous Pearl Harbor.

Nicole: Oh man. Pearl Harbor.

Jessie K: I know this sight all too well. On December 7th, 1941 Japanese Bomber Planes flew over this place and ambushed the harbor. They dropped powerful bombs and destroyed most of our battleships here. Resulting in the deaths of 2,403 people. Most of them were United States Soldiers. It was one of the worst tragedies to ever befall us in the middle of the 20th century and because of that The United States went into World War II.

Lincoln: That's horrible.

Lana: It sure was. The Japanese planes are amazing and so are the ships of the Navy.

Me: They sure are.

Rita: That's my favorite plane right there. [Points to a plane] The Mitsubishi A6M Zero.

Me: That's a Japanese Plane.

Rita: I used to fly planes a long time ago.

Lincoln: Mom that is still so cool!

Me: I remember that Ms. Rita. You showed us during the Weeping Willow Travesty.

Rita: Yep. Pop-pop taught me. He flew planes in the military.

Me: I remember that.

Lana: Me too.

Rita and Lynn Sr. got into the plane.

Me: Still in good shape even after 76 years had passed.

Lori: It sure is.

Leni: Totes.

Rita fired up the plane and it took off.

We spread our wings and flew beside the plane.

Me: This is awesome!

Lincoln: It sure is! I didn't know mom could fly a plane!

Varie: It's like we're all one with the sky!

Janeen: It sure is.

We landed 2 hours later and it was awesome.

Me: Ms. Rita you were awesome!

Vince: You sure were.

Rita: Thanks boys. But this is nothing. You should see how I do wheelies in a tank baby.

Laney: We believe it.

Naruto: But that was amazing.

Later we went to the rest of the Hawaiian Islands and we set out for our next destination.

Continues in Part 35.

# Volcanic Trip Part 35

Part 35: CHILE

---

Vanzilla 2.0 is flying over the southern Pacific Ocean towards our next destination.

Jared was doing a favor for Laney.

Laney: Thanks for helping me learn how to use a polygraph machine Jared.

Jared: No problem Laney. I've never had a polygraph before myself but I read that they are not as good evidence in Forensic Science in the world of law enforcement.

Laney: That's true. Lisa has been giving me lessons on how to use one.

Jared: That's cool.

Jared was hooked up to the probes of the machine and Laney asked a few questions.

Laney: Question 1: What is your name?

Jared: Jared Alejandro Knudson.

Laney: Nice name. Question 2: Have you ever killed a bad guy before?

Jared: Yes. But only if they deserve it.

Laney: Good call. Question 3: What is your favorite color?

Jared: Red, Orange and Yellow.

Laney: Fire Colors. Question 4: What is your favorite flower?

Jared: Roses, Tiger Lillies and Daffodils.

Laney: Love those flowers. Question 5: What was the hottest hot sauce you've ever had?

Jared: A sauce called Satan's Death Brigade. It's made with Dragon's Breath Peppers and Capsaicin Extract from said pepper.

Laney: That's deadly.

Laney paused the test.

Laney: Do you still have the bottle?

Jared: I sure do.

Jared pulled out a case that had the radioactive sign on it and put on a welding mask and welding gloves and opened it. In it was a glowing neon red bottle with a picture of a nuclear explosion with the Star of Satan in the cloud and the 4 Horsemen of The Apocalypse were riding out of the cloud as red evil eyes watched them ride on the bottle.

Laney: Whoo! So that's the stuff.

Jared: It sure is. I make really good hot sauces like you, dad and Lisa.

Laney: That sure looks good Jared.

Jared: It's my hottest hot sauce ever made.

Laney: I can see that.

Nicole: We're here guys.

Laney: We'll have to finish our Polygraph testing later Jared.

Jared: Yeah.

We arrived in southern South America.

Nicole: Welcome to Chile.

Jared: I love Chile guys. Not only is it loaded with History but it also has some of the best fruit in the world.

Jessie K: You said it bro.

Nicole: It also is known for having some of the most amazing volcanic eruptions.

Jared: That's right.

Chione: I can't wait to see some of the pictures behind them.

Nicole: You're going to when we land.

---

We landed in Patagonia, Chile by the famous Torres Del Paine.

Lisa: Torres Del Paine! What a sight!

Laney: It's beautiful.

Lori: It literally is. These mountains are breath-taking.

Chione: It's beautiful. I can't believe that Chile has this.

Me: I drew Laney's picture for this.

Laney: I remember. That was the most beautiful landscape ever.

Kate: It took millions of years to form all this. It's so beautiful.

Naruto: It sure is Kate.

Nicole: You haven't seen anything yet.

---

We are now at another great sight in Chile: Easter Island.

Nicole: This is my favorite island here in Chile. Easter Island.

Leni: Oh! Is it time for Easter already?

We facepalm.

Lincoln: No Leni that's the name of the island.

Linka: That's right.

Jessie K: I love Easter Island. It has history that dates back to 1250 AD.

Lola: What are these amazing statues?

Jessie K: These statues are called the Moai. They were crafted by Polynesian Colonizers to represent their deceased ancestors.

Lola: That's cool. I didn't even know these were here.

Lana: They are amazing.

Lynn: They sure are.

Jessie K: It's cool huh? For centuries most people believed that the Moai came from another planet.

Jessie B: That's right. I remember the Moai. They were amazing.

Nicole: They sure are.

Lily: The Moai are an amazing work of art.

Laney: They sure are.

Lynn: But how could they lift these statues up? They must weigh hundreds of tons.

Lisa: Actually Lynn these statues weighed 20 tons and they had to transport them very slowly across the rough terrain of the island.

Jessie K: That's right Lisa.

Lynn: Oh. That's not an easy lift back then.

Me: No it wasn't.

Varie: But this is all amazing.

Aylene: It sure is.

Vince: It's unbelievable.

---

In the Chile mainland we were at a volcano called Calbuco.

Nicole: This volcano is Calbuco Volcano.

Me: I remember seeing this volcano erupt. It was back in 2015.

Lori: I remember seeing that on the news. It was a scary sight and was literally one of the most amazing shows.

Nicole: That's right Lori. On April 22nd, 2015 Calbuco Volcano here in Chile erupted after 43 years of dormancy and put on one of the most spectacular shows in all of the world. It's ash plume created a dazzling display of lightning and lava.

Me: I remember seeing that. It was amazing.

Lisa: Affirmative. It was a spectacular display in the world of volcanology.

Nicole: That's right.

Me: The strangest part was when the volcano erupted no evacuation orders were prompted.

Nicole: That's right dad. Even though it ranked level 4 on the Volcanic Explosivity Index it was an eruption that prompted no evacuation orders.

---

Later we were at another volcano. It was Puyehue Volcano.

Nicole: That's Puyehue Volcano.

Me: I've seen this volcano in pictures on the internet. It put on one of the most spectacular displays of volcanic lightning back on June 5th, 2011.

Nicole: That's right dad.

Jessie K: This spot is also where the epicenter of the 1960 Valdivia Earthquake happened.

Me: I remember reading about that. That was horrible.

Jessie K: It sure was. On May 22nd, 1960 a magnitude 9.6 Earthquake rattled this area and destroyed much of Santiago, Chile. At 3:11 Chile Time the earthquake destroyed much of the city and it lasted for 10 whole minutes. 7,000 people killed, $6.62 billion in damages and the tsunami from the epicenter was felt all the way from Hawaii and Japan.

Everyone: Wow!

Lincoln: That was awful.

Linka: It sure was.

Nicole: Yeah. But also it triggered this volcano to erupt on that day 57 years ago.

Lilly: I didn't know that.

Chione: Me neither.

Ben: Same here.

---

Later we were at one of the most beautiful volcanoes in all of Chile: Mount Villarrica.

Lola: This volcano is beautiful.

Nicole: It sure is Lola. This is Mount Villarrica, one of Chile's most active and most beautiful volcanoes.

Me: It sure is beautiful. It looks just like Mount Fuji over in Japan.

Lola: I like this volcano the best.

Lana: Me too. It's beautiful.

Naruto: It sure is.

Sakura: It does look like Mount Fuji. It's a perfect cone shape volcano.

Fu: It sure is.

Rin: It's a true sight to behold.

Me: It sure is.

---

Later in Santiago we were having a great lunch and the fruit was really good.

Me: Mm. I love the fruit. It's just as good as I remember it.

Lori: You were right Jared. The fruit here is really good.

Jared: The Chilean fruit is the best kind. The reason is because the volcanic soil is loaded with nutrients that make the fruit juicy and delicious.

Laney: It sure is. I love the berries and apples.

Lola: (Takes a bite out of a pear) I like the pears and cantaloupe.

Lana: I like the Cherries. (Eats a cherry and spits the pit in a bowl) They're so juicy.

Chione: The Grapes and Honeydew melon are good too.

Jared: Yep. Chile is a fruit lovers paradise because of their fruit.

Lincoln: I believe it. It's great fruit.

Lisa: The Oranges are delicious.

Leni: Totes. I love the long ones.

Leni was eating a banana.

Me: That's a banana Leni.

Luna: Dudes it's all good fruit and grub.

Luna was having a watermelon and spitting out the seeds and she and Sam were having a fruit smoothie in a coconut.

Lynn was struggling to get a coconut open.

Lynn: I can't get my coconut open.

Me: Oh here.

I take the coconut.

Me: Let me show you a neat trick. (To the viewers) Don't try this at home kids.

I headbutt the coconut and it cracked open the top and it fell off and it was open.

Lynn: Whoa! Where'd you learn how to do that J.D.?

Me: It's something I learned off of T.V. (In pain) Ow.

Lincoln: That must've hurt. But that was genius.

Lynn It sure was.

Lynn put a straw in the coconut and drank the milk.

Lynn: That was cool. Thanks J.D.

Me: You're welcome.

Varie: That is a nasty bruise on your head.

I had a spot on my head that was purple and swollen.

Me: I feel it. Ouch.

But my accelerated healing factor made it go away in 2 minutes.

---

Later after Lunch we were over in a famous part of northern Chile: The Atacama Desert.

Me: This is the Atacama Desert.

Lori: It's literally so cold here.

Lucy: And there's no water here.

Luan: What a Dry place to go and have desert! (Laughs to Rimshot) Get it?

Most of us laugh while everyone else sighs.

Me: (Laughs) That was funny.

Eddy: (Laughs) Good one.

Varie: That was funny.

Cody: That was a good one Luan.

Zoe: Why is it so dry here?

Me: The Atacama Desert has had no rainfall hardly at all. It only rains only 3 millimeters a year making it one of the dryest deserts in the world.

Lisa: Correct.

Me: Not only that but everyone calls the Atacama Desert "Earth's Martian Landscape" because it has a very strong similarity to the Martian Landscape on Mars.

Luna: You know it does look similar to Mars.

Sam: That is wicked.

Ember: It sure is.

Me: That's right. It's so Arid here that no plants can thrive here.

Lincoln: That's strange but cool.

Later we set out for our next destination.

Me: It's just as beautiful as I remember it.

Varie: I love Buenos Aires.

Aylene: It's beautiful.

Vince: It sure is.

Carol: I've always wanted to go to Buenos Aires. It's loaded with history and I love the opera.

Lisa: Me too Carol.

We landed and we were at a special memorial. It was the Eva Peron Memorial.

Carol: The Eva Peron Memorial. Eva Peron is one of my favorite historical figures here in Argentina.

Lisa: I love the song sung for her: Don't Cry for Me Argentina. Normally I don't do emotions like this but… (Crying hard)

Laney comforted Lisa.

Laney: Just let it out Lisa.

Jessie K: Eva Peron was the 1st Lady of Argentina. She was a very charitable woman. She died of Cervical Cancer in 1952.

Me: That's a horrible death.

Varie: Yeah.

Lynn Sr.: That is a horrible way to die.

Rita: It sure is.

Lori: I've done alot of reading on Argentina and it's literally the most amazing country anyone knows.

Luna: Dude. It's an amazing place.

Sam: It sure is.

---

Later we were in the Andes mountains and we were on the highest mountain in the Andes Mountains: Mount Aconcagua.

Me: Mount Aconcagua. The tallest mountain in the Andes Mountains and one of the 7 highest mountains in the world.

Lori: It's literally beautiful.

Leni: Totes.

Chione: How tall is this mountain?

Me: Mount Aconcagua is 22,837 feet. It's also featured in a really old cartoon from 1942 called Pedro. It's about a plane that does an air mail route and Mount Aconcagua is the only thing standing in his way.

Lana: I remember that cartoon. That was cool.

Lola: It sure was.

Laney: That's a strange cartoon even though I don't watch TV.

Me: It was one of my favorites cartoons from younger days.

Naruto: That's cool.

Sakura: It sure is.

We heard a bird call and we saw a huge bird flying over us.

Lisa: (Gasp) That's a Vultur Gryphus!

Me: The Andean Condor! The Largest bird in the world.

Varie: That's one of my favorite birds.

# Volcanic Trip Part 38

Part 38: PERU

---

Vanzilla 2.0 is flying over Eastern South America.

Mary and Luan are making pies in the kitchen.

Mary: Thanks for helping me make pies for everyone Luan.

Luan: No problem Mary. Banana cream pies are the only kinds of pie I know how to make and they have alot of Ap-Peal! (Laughs to Rimshot) Get it?

Mary laughs.

Mary: (Laughs) I get it. You're not gonna throw these pies in everyones faces are you?

Luan: No way. I'm done with that. Ever since Dark Luan separated from me and is now in prison forever I only use whipped cream pies for my comedy acts.

Mary: Well that's a relief.

Luan: I also learned how to make different kinds of pies from your pie books.

Mary: That's good. Variety is the spice of life.

Luan: That's true.

Mary and Luan bring the cart of pies out.

Mary: Who wants some delicious pies?

Everyone said "I Do" and we grabbed some pies and ate them.

Me: Mmm. Cherry my favorite.

Varie: Mmm. Pistachio Pudding. Delicious.

Laney: (Eating) Marionberry. (In Euphoria) Yummy.

Lynn Sr.: Mmm. Chocolate Vanilla. Delicious.

Jared: Delicious. I like the apple pie.

Luan: Banana Cream Pie for me. (Eats the pie) Mmm. Delicious. Now I know what I've been shoving into everyones faces.

Mary and Luan's pies were delicious.

Nicole: We've arrived at our next destination. Welcome to Peru.

Me: My moms bucket list dream is to go to Machu Picchu.

Varie: That's amazing.

Jessie K: I love Machu Picchu. It's one of the most ancient cities in all of South America.

Rita: I've always wanted to go to Machu Picchu too. It's been one of my dreams on my bucket list.

Ben: That's amazing Ms. Rita.

Chione: It sure is.

Vince: This is gonna be so cool.

We landed in Cuzco and it was a beautiful city. We walked a path across the Andes mountains. Some of us took Llamas and Alpacas and it was an amazing and breathtaking trail.

Lori: This trail is literally amazing.

Laney: It sure is Lori. I've always wanted to go to Machu Picchu.

Lucy: I've read alot about Machu Picchu. It was home to some of the Mayan Civilization long ago.

Jessie K: That's right Lucy. Machu Picchu was built in 1450 and they abandoned it during the Spanish Conquest in 1572.

Brittney: That's what I remember. The Spanish Conquest resulted in the genocide of the Mayans, Incans and Aztecs.

Yuko: That's horrible.

Me: Yeah. Do any of you know the movie "Apocalypto"?

Lynn Sr.: Is that the one with the Mayans created by Mel Gibson?

Me: That's the one.

Rita: I saw that movie and that was a terrible movie. It's a historical movie yes but it was a strange one.

Lori: What year does that movie take place?

Me: It takes place in 1511. It was a wicked movie. It's about the dying Mayan Civilization. A group of men are captured by warriors from the ancient Mayan city of Tikal in the Yukatan Peninsula in Mexico. As they were being taken to Tikal to be sacrificed to their gods to try and save their civilization a young girl infected with a deadly disease warned them of a terrible prophecy that will destroy the Mayan Civilization.

Nicole: I saw that. That was weird and strange dad.

Me: It sure was. The prophecy was "Beware the Blackness of Day, Beware the man who brings the Jaguar, Behold him reborn from mud and earth, for the world he takes you to will cancel the sky and scratch out the Earth and end your world."

Linka: What does that mean?

Me: It's the coming of the Genocide of the Mayans, Incans and Aztecs. The Blackness of Day means a Solar Eclipse. The man who brings the Jaguar is a man being chased by a Black Panther. The Jaguar is a powerful symbol in the Mayan Gods and Goddesses. The God of War in Mayan Mythology - Ekchuah has a Jaguar. A man reborn from mud and earth is a man that fell into mud and came out and he will destroy his captors. And the world he takes you to means the Spanish Conquest.

Laney: So the end of the Mayan Civilization was foretold by a dying girl.

Me: Yeah.

Lori: That is literally a terrible experience.

Jessie K: It sure was Lori. The Mayans, Incans and Aztecs are all extinct and there hasn't been a single one recorded for centuries.

Lisa: The liklihood of there being any descendents of the Mayan, Incan and Aztec civilizations now would be an abyssmal 523,374,364,343,433 to 1.

Me: Those are very high odds. And you're right Lisa. But the coolest part is that we have all kinds of artifacts from those civilizations on display in museums all over the world.

Jessie K: We sure do dad.

Nicole: Yeah. We're here guys.

We had arrived at Machu Picchu.

Me: Machu Picchu. It's beautiful.

Naruto: It sure is.

Sakura: I didn't even know an ancient city like this existed here.

Rin: Me neither.

Jessie K: Yeah. It's magnificent. Machu Picchu is one of Peru's most famous historical treasures. It's one of the most popular tourist attractions in the country.

Gwen: It's beautiful.

Lola: Why is it all ruined?

Jessie K: It's been abandoned back in 1572 because of the Spanish Conquest and was left here to disintegrate like a rotting wound.

Lana: It's an amazing set of ruins.

We went into the ruins and it was an amazing sight. The ruins were a chronological history of the ancient Incan Civilization. It was an amazing and magnificent sight.

---

Later we went to southwestern Peru and we were at one of the most unusual sights in the world: The Nazca Lines in the Nazca Desert. We were hovering over the desert in Vanzilla in Helicopter mode.

Lana: What are these weird lines?

Me: These are the legendary Nazca Lines.

Lola: Nazca Lines? What are they known for?

Jessie K: They're one of the biggest mysteries in all of South America.

Lincoln: How did these lines get here?

Jessie K: We don't know Lincoln. They were discovered by a Peruvian Archaeologist in 1927 and they were made one of the greatest mysteries in all of the world. Like how King Tut died.

Lana: I can see so many designs. There's a Condor, a monkey, a lizard, a whale, a tree and is that a spider?

Leni: (Panics) Where!?

Leni saw the spider line and she freaked out.

Leni: (SCREAMS IN FEAR) SPIDER!

Ed restrained Leni.

Ed: Leni calm down. It's not a real spider. It's not even alive.

Carol: It's all right Leni. It's not even alive. It was drawn there somehow.

Leni (Panting in relief) Thanks guys.

Lana: Sorry Leni.

Leni: It's all right Lana.

Lori was looking at all the Nazca Lines through a pair of Binoculars and she was amazed.

Lori: These lines are literally a work of art.

Laney: They sure are Lori. I think I read about these from somewhere. These are amazing.

Lynn: They are amazing huh Lanes?

Luan: They sure put a line in ya. (Laughs to rimshot) Get it?

Most of us laugh while everyone else sighs.

Me: (Laughs) That was a good one Luan.

Eddy: (Laughs) That was funny.

Raven: (Laughs) Line in ya. I just got it.

---

Later we were in Cuzco at a restaurant having a good lunch. We were having Ceviche.

Me: Mmm. This is really good Ceviche.

Lola: It's delicious and I love the spiciness.

Lana: I'll say.

Laney: The fish is delicious. I love the octopus and the spice is awesome.

Me: It's usually made with the Rocoto Pepper. One of the intermediate hottest peppers in the world.

Laney: It's delicious.

Lynn: It sure is.

Luna: Dude this is good. I've never had Ceviche before.

Sam: Me neither. What is it usually made with?

Mary: It's made with different types of raw fish and it has lemon, lime, onions and chili peppers in it.

Lori: It's delicious.

Ronnie Anne: It sure is Lori. I think I had this one time when I was over in Venezuela at one time.

Bobby: You did Nie Nie. It was 5 years ago.

Lincoln: It feels like forever huh Bobby?

Bobby: It sure does bro.

Lucy: This is really good seafood.

Starfire: It's delicious. It's almost as good as eating Tamaranean Mealworms.

Me: You'll have to show us Tamaran some time Starfire.

Robin: It's an awesome planet J.D. The culture is different from Earth. But you'll adapt to it in time.

Me: I'm sure.

Beast Boy: It was an interesting world.

Cyborg: It sure was.

Me: Now my curiosity is peaked.

Varie: Mine too.

Terra: It's all interesting down here in South America.

Ash: It sure is.

Serena: Yeah.

Me: But the food is delicious.

Lincoln: You said it.

Nicole: So how do you guys like our Global Vacation?

Everyone cheered in excitement.

Lincoln: This is the best vacation ever Nicole!

Nicole: I'm glad you all like it. We still have two more stops in South America and then we're going to Central America and then we're going to check out the Pacfic Coastline of the USA and then head home.

Lucy: How many miles have we traveled around the world?

Lisa: Based on the number of places we went to we traveled 35,232.3 miles in 114 days.

Linka: Wow! That's a long ways around the world.

Lilly: This is all amazing. We're learning so much about the world and more.

Lincoln: We sure are Lilly.

Lily: This is all so much fun.

Nicole: You guys will love our next destination.

Lynn Sr.: I'm sure we will.

Later we walked around all of Peru and saw some amazing sights and more and we left for our next destination.

# Volcanic Trip Part 39

Part 39: ECUADOR

---

Vanzilla 2.0 was in jet mode flying to our next destination.

Nicole: We're here guys. Welcome to Quito, Ecuador.

Me: Ecuador. One of the most amazing places in the world. And the city of Quito is right on top of the Equator.

Lisa: Correct 2nd big brother. Quito, Ecuador is on top of the Equatorial line.

Varie: That's right. We're right on top of the border between the Northern and Southern Hemispheres of Earth.

Aylene: It feels weird being on both sides of Earth all at once.

Cody: It does doesn't it?

Vince: It sure does.

We later landed and we were at our first sight in Ecuador: The Equatorial Line Monument.

Jessie K: Oh this is a cool place. This is the Equatorial Line Monument.

Lincoln: This is so cool. I had no idea we were right on top of the Equator.

Naruto: This is really cool.

Jessie K: It sure is. There are 2 cities that are right on top of the Equatorial Line: One is Quito, Ecuador in South America where we are now and the second is Singapore in South Asia.

Lori: This is literally so cool. I can't believe we're right on top of the Equator.

Bobby: It sure is cool Babe.

* * *

Later we were at the small town of Baños.

Leni: What town is this?

Me: This is Baños, Ecuador. Look what we're by. [I point to a certain volcano] That's my favorite volcano: Tungurahua. One of South America's most active volcanoes.

Nicole: Oh yeah. It's a breathtaking marvel in Ecuador.

Lori: It's literally beautiful.

Leni: Totes.

Luna: It sure is beautiful dudes.

Me: It is Luna. It's name means Throat of Fire in the Quichua Language.

Leni: It's throat is on fire? Maybe it needs antacid.

We all facepalm.

Lisa: No Leni. It's a volcano and it's going to erupt lava and ash.

Rita: But it sure is a beautiful sight.

Lynn Sr.: It sure is.

* * *

Next we were at another volcano in Ecuador: Sangay.

Nicole: Sangay. Another one of Ecuador's most active volcanoes.

Me: Yep. It's name means The Frightener in the Quencha language.

Lola: It's another perfect cone shape volcano.

Sakura: It sure is Lola.

Laney: It's amazing.

Lana: It sure is.

Chione: I had no idea it was this amazing.

Nicole: It sure is. It's a beautiful volcano here in Ecuador.

---

Next we were at the tallest volcano in Ecuador and near the Equator: Chimborazo.

Nicole: This is the tallest volcano in Ecuador: Chimborazo.

Lucy: Wicked. How tall is it Nicole?

Nicole: 20,548 feet. Cotopaxi here in Ecuador is the tallest mountain in South America.

Laney: It's breathtaking. I saw a painting in a museum earlier on Cotopaxi Volcano.

Jessie K: Yes Laney. That painting is Cotopaxi. It was created in 1862 by Frederic Edwin Church.

Lily: That was a beautiful painting.

Shannon: It sure was.

Sam: This volcano is amazing. When did it last erupt?

Nicole: It said back in 550 AD. Its been lying dormant for 1,500 years.

Naruto: That's a long time.

Fu: Do you think it will erupt again?

Me: We don't know Fu. It's a strong possibility but only time will tell.

Luan: That's right. Even Time doesn't know! (Laughs to Rimshot) Get it?

Most of us laugh while everyone sighed.

Me: (Laughs) That was a good one Luan.

Eddy: (Laughs) That was funny.

Lynn Sr.: (Laughs) Good one.

Me: Here's a good one. When do women drink alcohol?

Luan: I don't know. When do women drink alcohol?

Me: Wine o-clock! (Rimshot)

We all laugh.

Eddy: (laughs hysterically) That was a good one J.D.! (Laughs)

Me: (Laughs) That was a funny one. I'm sorry to offend you all.

Lori: It's all right J.D. It was a good joke though.

Ember: It sure was.

Lincoln: That was a funny joke.

Me: Listen to this one. What did the German clock maker say to the clock that only went "Tick Tick Tick"?

Luan: I don't know J.D.

Me: He said (German Accent) "Vee haf vays to make you Tock." (Rimshot)

We all laugh hysterically.

Linka: (Laughs Hysterically) That was a good one! You're killing us J.D.!

Me: I learned most of my jokes off the internet. That's where I get most of my comedy material.

Luan: So that's where you got the jokes for my joke book you gave me.

Me: That's right Luan. It's all stuff for a good read. (Rimshot)

Luan: (Laughs) Good one J.D.

Lynn Sr.: Your jokes are just as good as Luan's J.D.

Me: Thanks Mr. Lynn.

Nicole: That was funny.

---

Next we were at a volcano called Reventador.

Nicole: This is Reventador volcano.

Me: I know this volcano. It's one of Ecuador's most active volcanoes. Its name means The Burster in Spanish.

Lincoln: That's so cool J.D.

Me: It sure is. And look where it leads to out to the east.

I point out to the east and we saw the Amazon Jungle.

Varie: The Amazon Rainforest is just a short ways away from here.

Lynn: It sure is.

Hinata: This volcano is amazing.

Sakura: And it's still erupting now.

Naruto: It sure is.

Lori farted and we all heard it.

Me: Lori!

Lori: It was the volcano!

Me: No it was you.

Lana: J.D.'s right Lori. I know a fart when I hear one and smell one and that was you.

Me: You got to lay off those bean chips for a while.

Luan: That's right Lori. You're really a gas! (Laughs to rimshot)

Everyone but Lori laughs.

Lori: I told you it was the volcano!

We all roll our eyes not buying it.

---

Next we were at a famous and beautiful caldera. It was Quilotoa.

Nicole: This is Quilotoa Caldera.

Lori: It's literally beautiful.

Leni: Totes.

I dip my hand in the lake water and it was not acidic.

Me: This water isn't that acidic like it is in Kawah Ijen.

Nicole: That's because it's safe to swim in and it's a fun place.

Luna: It looks like fun dudes.

Lana was in her swim clothes and she ran and dove into it.

Lana: Cannonball!

Lana dove in with a big splash.

SPLASH!

Lana surfaced and spit the water out.

Lana: The water is perfect. It's like the ocean water in Hawaii.

We then went swimming and it was great. We had lots of fun.

?: Well, Well, well. Who do we have here?

We turned and saw a boy with golden hair and he had a malevolent arrogant smirk on his face.

Ben: Michael Morningstar? What are you doing here?

(It was Ben 10 2016's Michael Morningstar to be precise)

Me: You know him Ben?

Ben: Yes. His name is Michael Morningstar. He's a former movie actor that's been washed up after I stopped him and exposed him as a fraud that only gets stronger by feeding on the admiration of his fans. He's an energy vampire. He drains energy from people and it makes him stronger.

Me: That's evil. But I remember you Michael. You were in some of my favorite movies long ago. You were awesome.

Michael: A thank you.

Me: How did you get your powers if I may ask?

Michael: I don't really know myself. I was born with them somehow.

Shanan: Are you by any chance a hybrid of an alien from another world?

Michael: The thought never really came to me.

Me: Your last name Morningstar is also the same as Lucifer. In that famous poem Paradise Lost, Lucifer was one of God's most Loyal Archangels and he was called the Morning Star. But when God created us in his own image Lucifer became jealous and launched an all out war against God. God defeated the revolt and Lucifer was casted out of Heaven and he took a third of God's angels with him. But Lucifer vowed to get revenge and reclaim his rightful place in Heaven. Lucifer had been corrupting all of us for eons.

Michael: That's interesting. I had no idea my last name had some symbolic meaning.

Me: Yeah it's true. It's a shame that you can't use your powers for good. Because you're an energy vampire you could drain the energy of villains and use it all against them.

Michael: I could but that's not why I came here.

Ben: What did you come her for?

Michael: Revenge! I'm here to get revenge on you for ruining my career and my rise to fame Ben Tennyson!

Me: Boy scum like you will never learn after being put in your place. Well then…

I go Super Angel 3.

Me: I will be happy to put you back again.

I activate my Omnitrix and go Ultimate J.D.

Me: HEATBLAST!

My aura became a fire aura.

Me: Hmm. My aura changes every time I activate an alien. Nice.

I fire a ball of fire and it burned Michael in the arm.

Michael: (Screams in pain) Why you!?

Michael fired a yellow energy blast and I blocked it and sent it back at him.

Me: ULTIMATE BIG CHILL!

My aura became ice fire and I fired a blast of ice fire and Michael Morningstar was entombed in a block of pure ice.

I revert back to J.D. and beam him to the prison on the Moon. Where he will stay forever. He will have no more fans and he now has been stripped of his powers and they were made Chione's.

Chione: That was cool J.D. I feel different.

Me: I gave you Michael's powers without the energy absorption abilities and made Michael a normal human but with a terrible curse.

Gwen: What kind of Curse?

Me: A death curse. In 3 years on his 13th birthday when the Sun sets here at 7:00 PM he will die.

Ben: Whoa! That is a horrible curse!

Gwen: One thing is for sure. We will never see Michael Morningstar again.

Me: No we won't. So enjoy these last 3 years of your life Morningstar. Death awaits you.

Lana: That's for sure.

Lola: Yeah. He gave movie stars everywhere a really bad name.

Laney: You said it Lola.

Lucy: Is there a way for him to break the curse?

Me: Yes there is. He has to find love, kindness and purity in his heart.

Lily: How will that happen?

Me: That's something he has to find on his own and he has to do it with absolute truth and sincerity.

Luna: Lets hope he does dude.

Leni: Totes.

[Scene shifts to Michael Morningstar's cell in the Moon Prison. He was crying in his cell as a timer was counting down how much time he had until he died.]

Michael: (Crying) I was beaten again! Why can't I win!? Why!? It's not fair!

Michael had 3 years to think about it.

---

Later we were at another famous sight of Ecuador: The Galapagos Islands.

Nicole: Here we are guys. Welcome to the Galapagos Islands.

Lisa: (Squeals in excitement) I've always wanted to come here to the Galapagos Islands!

Jessie K: These islands are amazing. Famous explorer Charles Darwin came here and he discovered his famous theory of evolution.

Lincoln: This is so cool. I heard it has all kinds of amazing animals here.

Lana: I love the iguanas and the Galapagos Tortoises.

Me: I know. Galapagos Tortoises can live to be 120 years old.

Lori: That is literally amazing.

Lynn Sr.: Is that a Galapagos Tortoise?

We saw a Galapagos Tortoise.

Me: That's a Galapagos Tortoise. They are the largest living turtles in the world and they can weigh up to 919 pounds.

Shanan: I remember that dad.

Laney: That's a big turtle. My favorite animals here are the Darwin's Finches. Those are some of my favorite birds in the world.

Naruto: Those birds are beautiful.

Sakura: They sure are.

We walked around the Galapagos Islands and we saw a huge number of Active Volcanoes, Iguanas, Seals, Birds, Penguins and more.

Laney and Lana were taking pictures of the island when Lana fell through a hole and slide down a tube into a pool.

Laney followed and she met up with her.

Laney: Are you all right Lana?

Lana: I'm all right Laney. What… Whoa! Look at this!

They saw an old shipwreck.

Laney: It's an old shipwreck. Looks like it's been here for years.

Lana: Lets go check it out.

They went inside it and found some ancient stuff.

Lana: This is so cool.

Laney: It sure is.

Lana found a box and in it was a spyglass.

Laney: A Spyglass. It's amazing.

Lana: It sure is. (Sees a piece of paper) What's this?

Lana picked up the paper and turned it over. It was a treasure map.

Lana: Laney look! It's a treasure map.

Laney: It sure is. We got to show this to everyone.

They left the ship.

Lana: Hey J.D. check this out!

Laney: We found this cool spyglass and we found this Treasure Map.

Me: Let me see.

I look at the map and it was authentic.

Nicole: Ooh! I love treasure hunts.

Me: I know. Lets go find this treasure.

Nicole: Okay.

We set out to find the treasure and we followed the map to a volcanic cave. We went in and found the X that marked the spot.

Me: This must be the X.

Lana: Stand back. I got this.

Lana dug and she hit something that made a hollow wooden thunk.

Lana: I think I hit it.

Me and Nicole lifted the chest out of the ground and set it down.

Me: Now for the moment of truth.

I open the chest and we gasp.

Lana: It's empty.

Nicole: Hmm. No it's not. This is a cover to make it look like it's empty.

Me: Oh.

I lift off the cover and we saw the chest completely filled with gold coins.

Laney: Wow!

Me: Whoa! That's alot of Gold.

Lana: This all belongs in a museum!

Me: It sure does. Lets carry it all back to everyone and show them what we found.

Nicole: Okay.

We carry the chest back to everyone.

We landed and everyone came over.

Jessie K: What is all this?

Jessie looked at the chest and coins and gasped in sheer amazement.

Jessie K: You guys found the lost treasure Tcarius!

Lana: Who is Tcarius?

Jessie K: He was the forgotten son of Julius Caesar. Sort of the Black Sheep of the family. He was the last emperor of Greece before the fall of the Roman Empire. He was called the Black Sheep of the Family because of his insatiable greed and he had a vast fortune in gold coins worth a priceless amount of money. This treasure was lost to us for centuries. It was stolen by pirates centuries ago.

Everyone: WOW!

Me: That's amazing.

Lincoln: This is incredible! I can't believe you guys found a huge treasure.

Lilly: Me neither.

Zoe: This is a find worth remembering for years to come.

Hercules: It sure is.

Vince: What are we gonna do with a treasure like this?

Nicole: We'll worry about that later. We're gonna store it until we get back home and then I'll take it to a museum where we can put it on display.

Lola: That's a great idea.

Luan: This is a Golden find. (Laughs to Rimshot) Get it?

We all laugh.

Me: (Laughs) That was a good one Luan.

Eddy: (Laughs) Good one.

Cody: (Laughs) That was a good one.

Serena: This is amazing though.

Lisa: I agree Serena. This is a most remarkable and astounding find.

Later we loaded the treasure into Vanzilla 2.0 and set out for our next destination.

Continues in Part 40.

# Volcanic Trip Part 40

Part 40: COLOMBIA

---

Vanzilla 2.0 is flying in Jet mode to our next destination.

Luan, Jessie K., and Lincoln are having fun doing stuff with Bun Bun and ventriloquist dummies.

Luan: (As Mr. Coconuts) Geez Colonal Crackers you are doing really well these days.

Jessie K: (As Colonal Crackers) Thanks Mr. Coconuts. You're doing well now these days too.

Luan: That's really good Jessie. I didn't know you were talented in this.

Jessie K: Thanks Luan. It's a hobby I have. I'm not only an adventuror and a historian but I'm also a ventriloquist. I can also throw my voice. Watch.

Jessie K. threw her voice to Lori.

Jessie K: (Through Lori) I farted and I don't deny it.

Everyone laughed at her.

Jessie K: (Laughs) Sorry Lori. I'm a ventriloquist and I can throw my voice.

Lori: That is literally cool. But don't do that again or I will literally turn you into a human pretzel!

Jessie K: Sorry Lori. It's a hidden talent.

Lincoln: It's really good though.

Eddy: It sure is. Hey guys what's a ghosts favorite lunchmeat?

Luan: I don't know. What is a ghosts favorite lunchmeat?

Eddy: (As Eddo) BOO-LOGNA!

We all laugh and even Lucy thought it was funny.

Lucy: Ha ha ha. That was a good one Eddy.

Raven: (Laughs) Boo-logna. That was funny.

Lori: That was a good one.

Nicole: We're here guys. Welcome to Bogota, Colombia.

Me: Oh man. Bogota, Colombia is considered one of the most lawless cities in the world.

Jessie K: I know. Living here is considered a death sentence because it is notoriously known as one of the Drug Cartel Capitals of the world.

Jared: From what I remember sis there are cities that are worse than that.

Jessie K: That's right bro.

Lucy: If we get to stop bad guys we're in.

Leni: Totes.

Varie: We're ready for anything guys.

Aylene: That's right.

---

Later we arrived at a sight widely known in the world of volcanology: Nevado del Ruiz. A volcano that is known all over Colombia.

Nicole: That volcano is Nevado del Ruiz. This volcano is widely known around the world and all over Colombia.

Jessie K: I remember this. That was a horrible event. On November 13th, 1985 Nevado del Ruiz erupted and sent volcanic mud slides here into the town of Armero. As a result 23,000 people died in mud.

Lola: That is awful.

Lana: That's horrible. I may like mud but this is too horrible an event for me.

Natilee: I remember that. Here's a picture of the event.

Luna: That was awful dudes.

Sam: It sure was.

Me: Because of that tragedy the town of Armero was made into a ghost town.

Vince: That's awful.

Cody: It sure was.

Nicole: Yeah. It was 32 years ago. It was because of their ignorance that lead to this fate. There's a major difference here in South America than Indonesia. In South America the people here at the time didn't trust Volcanologists knowing that a volcano is going to erupt and cause all this damage. Indonesia however listens to volcanologists when a volcano is gonna erupt and cause alot of damage and death.

Lynn: Whoa. So South America is considered the Antipode of Indonesia.

Me: That's a good way to put it Lynn.

Lisa: That's correct Lynn. South American people back in the 1980's were very ignorant when it came to the words of volcanologists.

Laney: How can people like that be so ignorant?

Nicole: The town of Armero was not that far away from the volcano. They thought that the volcano was going to erupt on the opposite side of the area. This whole tragedy could've been prevented had they all listened.

Me: Yeah.

---

Later we were at some ruins in the jungle.

Jessie B: I know these ruins. These are the ruins of the Malenque tribe.

Jessie K: I know the Malenque tribe. They were a barbarian tribe of the Incas that developed a powerful plague used to wipe out their enemies. But it backfired and destroyed all of them. That medallion you have Jessie has the antidote for the plague.

Jessie B: That's what's in this medallion?

Jessie K: Yes. And it's the only thing that can cure the plague.

Me: Hey look.

We then saw another Jessie Bannon being chased after 2 men for the medallion.

Varie: It can't be.

We followed them and we saw the 2nd Jessie Bannon go through a tree ring and suddenly vanish into thin air.

We gasp in sheer astonishment.

We land and Lori blew the 2 men away with a powerful wind blast.

Me: That takes care of them.

We look at the tree ring and we saw an unbelievable sight. We saw past versions of Myself, Varie, Lincoln, Laney, Lily and Clyde rescuing Jessie from quicksand.

Me: So that's how Jessie got to our world. (To Jessie) You're not from another dimension. You came to our time from the future.

Jessie B: So that's it. And now here I am almost a year later with amazing powers.

?: Jessie!

Jessie B: Jonny!

Jessie hugged her friend Jonny Quest for the first time in a while.

Me: Jonny Quest. It's an honor and a pleasure to meet you.

Jonny: Same here J.D. We've all heard so many big things about all of you.

Varie: It's mutual.

Me: We have quite a story to tell you and the Quest Team.

On the Quest jet the Dragonfly we were telling them everything about what happened when we met Jessie and all the adventures we were on and more.

Race: That's all amazing.

Estella: It sure is. Jessie I'm so proud of you and thank you all for looking after our girl for all this time.

Me: You're so welcome Estella. Jessie became like another sister to us.

Jessie B: I sure did dad. I also have another gift to show you.

Jessie spread her wings of fire and phoenix tail feathers and she had fire in her hands.

Jonny: Whoa!

Hadji: (Indian Accent) That is absolutely incredible!

Jessie B: I now have all kinds of fire powers and I can fly and more.

Dr. Quest: You all have done so many amazing adventures and you've all had a dramatic impact on the world in its entirety.

Me: We get that all the time Dr. Quest.

Jessie K: I sense some trouble about to go down.

Me: I feel it too.

Jessie K: We got to go see. Lincoln, Laney, Jessie, Jonny and Hadji would you like to check it out?

Jonny: Count us in.

Hadji: Lets go.

Race: Be careful guys.

Jessie B: We will dad.

---

They went into the jungle and found a secret tunnel in a rock.

Jessie K: This is strange.

Jonny: It sure is.

Later they found a cave containing mummies.

All: Mummies.

Jessie B: The Mummies of Malenque.

Jessie K: For centuries it was completely undisturbed and now we found it.

Jonny: This is amazing.

Later they followed a group of men to a hidden lab and found a hidden lab.

Jessie K: (Whispering) I know that man. That's Dr. Rabel Salazar. He's a biochemist and is one of the last descendents of the Malenque Tribe.

Jonny: (Whispering) What is he gonna do?

Jessie K: Lets listen.

Dr. Salazar: Isn't it ironic? Centuries ago my ancestors developed a plague to wipe out their enemies. But instead were wiped out themselves. The antidote came too late. But now, I, one of the last descendents of the Malenque will finally fulfill their destiny to rule the world.

Man 1: Rule the world? With this?

Dr. Salazar: This is fate my friend. The fate which lead me to become a biochemist. The same fate that lead my brother to find the mummies so I could use their preserved infected tissue to resurrect the plague.

Jessie K: (Whispering) So that's it. He's going to destroy the world by using the Malenque Plague.

Dr. Salazar sprayed a man with the plague and he was being mummified from the inside alive.

Dr. Salazar: But in one hour he will be dead. Just a small sacrifice for the good of my people. Now the rest of the world will not only learn that the Malenque live, but live to conquer!

Laney: (Whispering) That man is insane.

Lincoln: (Whispering) We have to stop him.

Jessie K: I know just how to do it.

Jessie snapped her fingers and beamed the plague orbs over to them.

Dr. Salazar: What!?

Jessie K: Lets go!

They got in a mine cart and fled.

Dr. Salazar threw a plague bomb and it exploded by them. But their auras were protecting them.

Jessie K: I guess not even ancient plagues can destroy us.

They got out of the mine and went to the tent for the Quest Team.

Dr. Quest: You're back already?

Jessie K: Yeah. But the world is in terrible danger. A mad scientist named Dr. Rabel Salazar has recreated the Malenque Plague and is now going to destroy the world.

Lincoln: That's right Dr. Quest. He's going to destroy the world so he can resurrect the Malenque.

Laney: It's all right here. These orbs contain the plague.

Dr. Quest: This all will result in Total Biological Devastation.

Naruto: Just what the world needs. Another Orochimaru.

Jessie K: Yeah. We have to stop him.

Me: I agree.

Jonny saw a bunch of Jeeps coming.

Jonny: Here they come!

Me: We got a fight on our hands guys. Lets get them!

We pull out our guns and swords and weapons and flew out to face them. Bullets, kunai and shuriken flew everywhere as we killed all of Dr. Salazar's men.

Jessie K: Let me face Dr. Salazar.

Jessie flew at Dr. Salazar and kicked him out of the Jeep and Dr. Salazar charged at her and Jessie punched him in the face and Dr. Salazar kicked her in the face and punched her in the stomach and Jessie punched him in the stomach and kicked him in the head.

Dr. Salazar: Why haven't you been infected?

Jessie K: Because I'm immune to all disease!

Jessie punched him in the face and kicked him in the stomach.

Dr. Salazar: Nothing will stop me! Do you hear!? Nothing!

Jessie K: Except me!

She kicked him in the mouth and knocked out a tooth.

Dr. Salazar: (Spits out blood) Do you think you can stop me? The Malenque will rise again!

Jessie K: Like heck they will!

Jessie punched him in the chest and kneed him in the chin and punched him in the head.

Dr. Salazar was down but not out and Jessie had her sword blade at his neck.

Jessie K: Move and my sword will kill you. It's over Salazar. Your reign of terror has been stopped.

Interpol police cars arrived and arrested Dr. Salazar for attempted domestic terrorism, Bioterrorism and possession of weapons of mass destruction. He was also in violation of the Geneva Convention's Protocal for banning methods of Biological Warfare. He was found guilty on all charges and sentenced to eternity in the Moon's Cryoprison. Forever frozen in ice.

We searched the mine and found the stuff he had and seized it.

Me: Boy this part of our vacation turned into a mission to stop Global Biological Annihilation.

Nicole: It sure did dad.

Zoe: This was awesome.

Hercules: It sure was.

Jessie Bannon was gonna stay with us and the Quest Team would drop by and visit from time to time.

Later we went to our next destination.

Continues in Part 41

# Volcanic Trip Part 41

Part 41: COSTA RICA

---

Vanzilla 2.0 is in Jet Mode flying over eastern Central America.

Nicole: We're here guys. Welcome to Costa Rica.

Shanan: I've always wanted to go to Costa Rica. It's home to some of the most amazing rainforests in the world.

Laney: It sure is.

Lana: And also some of the best animals and plants.

Me: I love this rainforest. There's so much to see and observe and admire.

Lisa: Yes indeed.

Lincoln: This is gonna be so cool.

We land inside the Costa Rican Rainforest.

Lori: This is literally the most amazing rainforest I've ever seen.

Leni: Totes. It's got so many plants, it's amazing.

Luna: It sure is dudes.

Me: Hey look at this tree here.

We go over and we saw a Cacao Tree.

Me: This is a Cacao Tree.

Jessie K: It's amazing.

Lisa: This is a Theobroma Cacao and it's the tree that makes

(Slurping and drooling) Chocolate.

Lori: How long does it take for a tree like this to grow?

Shanan: It takes 25 years Lori.

Luan: That's a long time.

Lynn: It sure is.

Eddy: How long does it take for pods containing the seeds for chocolate to grow?

Shanan: 4-5 months for the pods to grow. But like I said before, certain conditions have to be met for the pods to grow.

We saw Peccary pigs wallowing in mud and there were Midge Flies in them.

Lucy: So these are Peccaries.

Laney: These are them Lucy. And these little flies are called Chocolate Midge Flies.

We then hear a cool bird call and we saw that it was from a Montezuma Oropendola.

Me: That's one of my favorite birds. It's a Montezuma Oropendola.

Lisa: What a magnificent specimen.

Lily: It sure is.

Zoe: It sure is a pretty bird.

Lucy: It sure is.

Laney: Hey look at this.

Over in a grove we saw a bunch of dead trees wrapped around long vines.

Me: Oh man. I know these plants all too well. These are Strangler

Figs.

Shanan: These plants are called the Murderers of the Plant World. They wrap their vines around other trees and kill them.

Lori: How do they do that?

Shanan: They suck all the water and nutrients out of the tree and kill it. Watch.

Shanan went to a dead tree wrapped in Strangler Fig vines and she touched it and it disintegrated.

Shanan: See?

Naruto: Whoa! That tree is gone but you can see inside the vines.

Shanan: That's right bro. The tree it wrapped around died and is gone. But the coolest part about the strangler fig is you can climb inside the hollow structure. The vines are strong enough to support your weight.

Lincoln: That is so cool! Laney lets climb them.

Laney: Sure.

They climbed the strangler fig structure from the inside and it was a beautiful sight seeing the canopy of the rainforest.

Laney: Wow! What a sight.

Lincoln: It sure is.

Lana flew up to them.

Lana: That's a cool thing the Strangler Figs do.

Laney: It sure is.

We saw lots of plants, animals and more and beamed a Cacao tree and a few flowers and birds and monkeys to Lana's greenhouse and they were right at home.

Later we went to one of Costa Rica's most active volcano: Mount Arenal.

Nicole: Mount Arenal, one of Costa Rica's most active volcanoes.

Lori: It sure is beautiful.

Sam: It sure is.

Chione: It's a magnificent sight.

Lucy: Those clouds are glowing incandescent red on the volcano.

Nicole: That's one of the most mysterious events of geology. They are called Nuée Ardente or Incandescent Clouds. They are magnificent at night.

Brittney: Lets see.

Brittney used her magic and we saw the ash clouds turn invisible and the rocks were glowing orange and red hot.

Lola: That is awesome!

Me: It sure is.

Varie: That is amazing. But I'll bet it's really dangerous.

Nicole: It is.

Aylene: It's really cool seeing it like this.

Cody: It sure is.

Later we went to our next destination after learning alot about Costa Rica's history and buying some food and good stuff.

Continues in Part 42

# Volcanic Trip Part 42

Part 42: NICARAGUA

---

Vanzilla 2.0 was flying northwest towards our next destination.

Brittney, Lucy, Haiku, Shannon, Raven, Gwen, Chione and Lincoln were reading books on Dark, Fire, Lightning and Ice Magic.

Lucy: I wonder what our next destination will be.

Brittney: We'll know when we get there.

Lincoln: Our trip is almost over and I have a feeling that it's gonna be so cool.

Chione: I know it will be. We've been really busy these last 123 days. I just joined you all recently.
